Follow up from last year's grants

Still need reporting from Red Hawk Robotics and the Y.

Discussed Sculpture Seekers' estimated numbers. Consider 1,000 unique views. 800 adults and 200 children.

Summer Stroll numbers feel over estimated. Melrose Messenger reported hundreds, not thousands.

On par with last year's numbers, but twice as many projects.

November Meeting minutes were approved.

FY26 Grant Applications Review/ Vote continuation

Continued working from bottom to top.

Community Magic Show. Funding magic show. Such a small amount.

Dog - requested more than budget. What is the engagement with Melrose? Consider a smaller amount.
