OFFICE OF THE MAYOR

City Hall, 562 Main Street

May 8, 2023

Dear Honorable City Council and Melrose Community members,

Pursuant to M.G.L. c. 44 § 32 and § 6-3 of the Melrose City Charter, I respectfully submit for your consideration the City of Melrose's proposed operating budget for Fiscal Year 2024.

With this letter, I want to assure our community and the City Council that we have successfully managed, and will continue to manage, any downturn in the economy. The number one priority of my administration is to assure the residents of this City that we will be able to safeguard the assets of the community and always provide for a balanced budget annually and maintain a stable level of service. The FY24 Operating Budget accomplishes these objectives for both the City and the Melrose Public Schools.

With that said, I am pleased to share the details of this year's proposed balanced budget with total estimated operating expenses of \$101,173,341, representing a 6.2% increase over Fiscal Year 2023.

This budget delivers on a commitment to our residents to:

- Continue to invest in our schools, as shown in our proposed increase for the School Department, which represents an increase of \$3 million for FY24;
- enhance the quality of life by supporting seniors, continuing sustainability efforts, advancing diversity, equity, and inclusion in our community, and increasing support for community members experiencing a mental health crisis;
- use data to drive decision-making by investing in critical infrastructure such as IT; and
- use what we learned through the pandemic to drive us forward.

We are proposing an 8.45% budget increase for the School Department which represents an increase of \$3 million over the approved Fiscal Year 2023 budget, and we will meet the state-mandated Net School Spending requirement. We propose balanced budgets for the Water, Sewer, Mt. Hood, and Ambulance Enterprise Funds.

In developing the Fiscal Year 2024 Operating Budget, the City formulated the budget utilizing the following:

- new tax revenue resulting from the 2½ Tax Levy;
- an estimated \$500,000 of New Growth;
- an increase in Net State Aid of \$2,390,249 (principally driven by revenues received through the New Student Opportunity Act in Chapter 70 Educational Aid);
- an increase in the amount of Local Receipts and percentage revenue budgeted over FY2023;
- and \$250,000 from the Education, Public Safety Substance Abuse Fund (annual recurring revenue) directed to the FY2024 School Department Operating Budget.

In developing the strategic plan, we are also requesting additional deposits, including \$242,000 into the Special Education Stabilization Fund and \$500,000 from this year's Free Cash to Supplement School-related expenditures. We are requesting that \$615,000, or 8.59 percent of the total Certified Free Cash, be deposited into these funds before July 1, 2023. This is a significant deposit into the City's Stabilization Funds and continues the administration's effort to ensure solid fiscal health. If approved, in conjunction with our FY2024 requested budgetary funding for the Stabilization and OPEB funds, over \$8.3 million dollars will reside in our Stabilization Funds come July 1, 2023.

I am equally committed to increasing transparency in our City's finances. As Mayor, I also aim to inspire and increase civic engagement within our community. To achieve these goals, my office has once again collaborated with the Auditor's Office to deliver an interactive FY24 budget tool. This interactive budget presentation makes the numbers clear, accessible, and digestible. Transparency is nothing without accessibility, and the budget tool allows for both.

Finally, I also offer the following pages as a supplement to the clear and accessible numbers you will find on our budget presentation's dashboard. These subsequent pages add context and texture to the services City departments provide.

Respectfully submitted,

Paul Brodeur
Mayor of Melrose

Executive Office of the Mayor

- € Communications & Community Outreach Coordinator
- € Director of Economic Recovery and Business Development (grant funded)

Changes from FY23 to FY24

Staffing Changes:

There have been no staffing changes this Fiscal Year. Our part-time Administrative Assistant has begun to provide administrative support to other departments as well as staffing the Mayor's Office front desk, as was anticipated when the position was added last fiscal year.

What is the percentage increase in your budget over FY23?

The Mayor's Office budget increase for FY24 is 3.97%.

What are the major changes to the Mayor's budget?

- € Salary and Wage adjustments
- € Education and Seminar increase
- € Dues and Membership increase

What are the reasons for these changes (major cost drivers)?

- € Salary and Wage line item has been adjusted to reflect the actual wages calculated using the City's new salary plan.
- € The increase to the Education and Seminar line item will cover the one-time cost of a professional development opportunity for staff that is available during the upcoming fiscal year.
- € In the case of dues/memberships, in FY23 we increased this line item significantly to reflect the actual cost of the Massachusetts Municipal Association (MMA) and the Metropolitan Area Planning Council (MAPC) dues. These costs had not been captured in our budget over several fiscal years and so last year was a relatively large adjustment (23.4%). However, the typical year-over-year increase in these dues has averaged approximately 2%, which is the increase reflected in our proposed budget for FY24.

City Clerk & Elections

Mission & Overview

The office of the City Clerk is often the first stop as people navigate through City Hall. To quote a 1900s job description, "Traditionally, and to a large degree presently, the office can be compared to a hub around which the wheel of local government revolves. The spokes of the wheel represent the various boards, departments, and committees within the government to which the Clerk relates in a direct way. The rim of the wheel represents the many segments of State and Federal Government from which many of the Clerk's official duties and responsibilities stem. As political scientist William Bennett Munro, who wrote one of the first textbooks on municipal administration said, "No other office in municipal service has so many contracts. It serves the mayor, the city council, and all administrative departments without exception. All of them call upon it, almost daily, for some service or information. Its work is not spectacular, but it demands versatility, alertness, accuracy, and no end of patience. The public does not realize how many loose ends of city administration this office pulls together."

As the official record keeper and clerk for the municipal organization, the City of Melrose, the department's mission is to maintain and preserve records in the best possible manner. The office handles the license processes required by the administrative code of the municipal organization in an efficient and timely manner.

The City Clerk supports the City Council with meeting agenda preparation, producing minutes, and clerking the meetings as well as posting meetings for all appointive bodies in the City. The Clerk ensures the City charter and administrative codes are kept current with new ordinances and zoning regulations. The City Clerk serves as a member of the Board of Registrars of Voters and supervises the Election Administrator. The City Clerk is also responsible for all election-related functions. As one of the five City Records Access Officers (RAO), responsible for public records requests of a general nature, the Clerk's office serves as custodian of all vital records (Birth, Death, & Marriage) dating back to the 1800s – we preserve the history of Melrose. The City Clerk is also a justice of the peace and many weddings in city hall.

- € FY23 was spent primarily in our interim space at the Beebe School. It has once again been a year of transition, change, and adjustment. We are thrilled to have a space that allows us to provide access to all our materials during construction.
- € Major construction has begun on the library. The 1963 addition has been removed, all asbestos and hazardous materials have been carefully separated and removed from both the addition and the historic building and disposed of appropriately. Selective demolition in areas of the historic building has been performed in preparation for the restoration and renovation of the original section of the building. Percentage Increase Budget over FY23?

The library budget has a 1.5% increase in the total budget, pending the resolution of a new contract with the collective bargaining unit.

Major changes to the Library Budget FY23 to FY24

The telephone line (522000) has been eliminated. The postage line (521500) has a 28.6% decrease; however, this represents only a \$400.00 change. These decreases have been used to help offset increases in Supplies and Materials. Electronic Formats (534210) has decreased due to a canceled subscription.

Reasons for these changes

The decrease in the telephone line is due to telephone services being merged with the City's system through the IT department at the time of the move to our interim space. We do not need as much postage at this time as we used to, with more and more patrons receiving their communications via text or email.

- Legal Department works closely with the Melrose Board of Health on Code enforcement matters within the City of Melrose

Budget Changes from FY23 to FY24

- Overall Budget Increase of 12.3%
- The salary and wage line item has increased by 8.7%. This is a result of the implementation of the non-Union Compensation and Classification Study by the City, as well as the estimated cost of interim coverage this fiscal year while the City Solicitor is out on anticipated maternity leave.
- Decrease in Legal Subscription Services under the line item entitled “Electronic Mass General Laws” of 27.6%. After a three-year contract with the previous vendor, the City solicited written quotes and contracted with a comparable vendor for the next three years at a significantly reduced rate
- Dues and Memberships have increased slightly by \$20 – 0.7%- to account for an estimated slight increase in subscription/membership fees
- Increase in the expense for contractual Property/Liability Insurance coverage for the City of 15%. This contractual rate increase reflects a deterioration of the property re-insurance market, and the resulting higher insurance premiums across the board for policyholders. The amount in this line item is reflective of the cost of the new insurance contract, with no reduction in coverage from previous years, and an added \$5K to hopefully address additional costs to the premium for new vehicles that may be added

Goals for FY24

What are the major changes to your budget?

The HR department doesn't have major changes to the budget in FY24 outside of the 7% Employee Benefits increase, which is a result of changes in the Group Health (7.8% increase), Medicare Part B (16.6% increase), and Opt-Out (11.8 % decrease) budgets.

What are the reasons for these changes (major cost drivers)?

The Health Insurance budget, which has the largest financial impact on our budget is a contractual obligation for the City of Melrose and is primarily driven by the economy and healthcare, which are constantly evolving, and over which we don't have control. The City of Melrose provides insurance through the Group Insurance Commission (GIC), which is required to procure new contracts, including health and pharmacy benefits, every 5 years and FY23 was year 5 of the existing contracts. The new contracts resulted in FY24 changes in the plans' names, design, and copays, and some plans were no longer offered, all of which impacted most of our benefit-eligible employees. We saw a significant number of changes during a very active April- May 2023 Open Enrollment compared to other years. This translated into a 7.8 % increase in the Group Health budget.

Medicare Part B cost is another element that impacts the Employee benefits budget. The City of Melrose reimburses our retirees and their spouses 70% of the standard Medicare Part B premium. Since not every retiree pays the same premium, HR does its best to project the most reasonable estimated cost with the information we have available at the time. In FY23 that line was funded lower than the actual cost, which resulted in a 16.6% increase over the FY23 budget, or a 3.8% increase over the *actual* FY23 cost.

Our Opt-Out program has been a successful health cost avoidance measure that employees take

advantage of. HR implemented the following cost-saving measures for FY24 related to the Opt-Out program: reduced the eligibility requirement from 12 to 6 months to allow for more employees to benefit from this program; broadened qualifying events for enrollment and reduced benefit amounts. This resulted in an 11.8% decrease in the Opt-Out budget.

Public Safety and Infrastructure

Local government operations are like a clock: many pieces move independently of one another but rely on one another's success to function. While no one department can truly optimally perform without another, what the following departments do is truly bedrock to the City of Melrose.

Municipal government operates best in the background of our lives. We typically only notice it when something goes wrong: when a sidewalk is cracked, the WiFi at school goes out, a traffic light breaks. What we don't see are the fires prevented because of strong building codes and talented inspectors; the lives saved this year because of a dedicated health department's commitment to ensuring public safety as the COVID-19 pandemic continued to have a major impact in 2021 and early 2022; the hours spent collaborating on logistics to bring cultural events to our public spaces while ensuring all attendees are safe and the crowds manageable; the family dinners missed to respond to winter storms, so our children can get to school safely.

It is my hope that the following pages will demonstrate that capital investments are nothing without the talented and dedicated public employees who implement them.

Department of Public Works

Mission & Overview

The Department of Public Works is one of the most diverse branches of city government, working to ensure the safety and well-being of all residents of Melrose by providing essential services with the responsibility of maintaining critical infrastructure for the City such as streets, sidewalks, water, sewer, catch basins, rubbish and recyclable collection, and vehicle and equipment maintenance.

The Department is also responsible for responding to snow, ice, and other emergency services; responsible for the care of all City trees, for the maintenance of all parks and fields, for the maintenance and general operations of the cemetery, for enforcing of water, sewer and street ordinances; and engineering design and construction management for capital improvement and maintenance projects. To accomplish these functions, the Department is organized into eleven divisions: Administration, Engineering, Facilities, Fleet, Highway, Parks, Sanitation, Sewer, Trees, Water, and Wyoming Cemetery

Department Organization

Why Do People Contact Us?

- Potholes and other road/pavement maintenance issues
- Trash pickup questions
- Snow removal
- Water and sewer service requests

DPW by the Numbers:

- Since the beginning of Fiscal Year 2023, these are some of the items DPW has addressed:
- potholes filled: 712 locations
- storms responded to: 20.9 inches of snow
- vehicles in fleet maintained: 140 pc. of equipment
- tonnage of trash/recycling:
 - 5,377 tons of trash
 - 2,336 tons of recycling
- parks/fields/open spaces maintained: 81 locations
- total work orders: 2,558 resolved
- invoices processed: 1,254 purchase orders
- recycled 510 mattresses as part of the new mattress recycling program

The Department of Public Works also played a critical role in several large projects/events:

- Capital projects including paving, water main replacement, sewer main improvements, and drainage improvements
- Support of City events including school sports, elections, memorials, Earth Week, Victorian Fair, Healthy Melrose, road races, and private facility rental events
- Installed and maintained four parklets and several Shared Streets, completed Central Terrace public seating area, and implemented many other traffic safety and pedestrian and bicycle-friendly measures
- Applied for and received multiple grants for infrastructure and environmental initiatives

Little Known Facts/Common Misconceptions

- DPW functions mostly in the background of the lives of people in Melrose yet we are foundational to all City operations.
- We play a key role in putting on community and cultural events like Home for the Holidays, Earth Week, Victorian Fair, Summer Stroll, etc.

Changes from FY23 to FY24

- Contractual increases in salaries (step and cost-of-living increases for both union and non-

union staff). Successfully negotiated laborer and clerical union contracts for FY23 through FY25, which will be in effect throughout FY24.

- Annual changes in Massachusetts Water Resource Authority assessments in water and sewer funds.
- The DPW faces the biggest challenges dealing with rising costs and increased demand to maintain our Schools and Municipal Buildings. The ages of critical building components have either neared or have exceeded the end of useful life. We have advocated for additional staff and continue to work with the CFO on the proper strategy to add to the existing levels. Secondly, our contractual costs and scope of work associated with service agreements continue to grow. We have conservatively projected an increase of approximately \$25,000 to be included in the FY24 Budget.
- For Snow and Ice Operations, it should be noted that our 5-year average annual spending is \$953,230. Although the budget has been adjusted each year, the average budgeted amount in the same period has been \$626,942.
- FY24 will be the final year of the current Solid Waste and Recycling Contract with JRM/Republic. Recycling processing fees are the only increase in the Sanitation Division budget. As shown in the Recycling line item, these fees are based on our recycling tonnage and a negotiated per-ton cost. The City has begun to entertain vendors that are interested in providing this service when the contract expires on June 30, 2024. Preliminary indications are that significant changes and cost increases are on the horizon.

Goals for FY24

- Meeting the obligations of all regulatory programs, such as lead water service removals, NPDES MS4 drainage requirements, and hazardous materials reduction/removal
- Finalizing new contracts for trash and recycling hauling and disposal, which will take effect in FY25, and minimizing the impending impacts of these new contracts
- Implementing facilities and fleet improvements to address our aging infrastructure, while also moving toward our Net Zero goals, as feasible within our budget capacity
- Fostering a positive work environment through enhanced professional development and attention to personnel initiatives

Emergency Management

Mission & Overview

Melrose Emergency Management, using the guidelines of the Federal Emergency Management Agency (FEMA), facilitates planning, secures, and provides resources to assist and help protect the residents, business community, and city government from hazards that threaten Melrose. This is done through the four phases of Emergency Management: Preparedness (Planning, Training, Exercising), Response, Mitigation, and Recovery.

Working in close partnership with City Departments and our Regional/State Partners, EM plans and prepares for emergencies, educates the public about emergency preparedness, conducts training exercises, and performs other services to support the City's overall preparedness. EM follows an all-hazards approach, preparing for various types of emergencies – natural or man-made.

Department Organization

1. Emergency Management Director

Why Do People Contact Us?

The Emergency Management Director rarely interfaces with the public and generally acts as a liaison between the State and the City, as well as the Chiefs of Police and Fire.

Little Known Facts/Common Misconceptions

- Every municipality is required by state law to have an Emergency Management Director
- The EMD spearheads the coordination of City Departments for planned and demand response events using the Federal Incident Management System (NIMS) and the Federal Incident Command System (ICS)
- In the event of a disaster, fire, or flood, the EMD would coordinate emergency relief for residents, (food, temporary sheltering, etc.)
- Melrose Emergency Management is the third-tier layer of the emergency management system, our partners are the Massachusetts Emergency Management Agency (MEMA) and the Federal Emergency Management Agency (FEMA)
- Melrose Emergency Management makes applications to MEMA and FEMA for grants and all reimbursement from Declarations of Emergencies

Changes from FY23 to FY24

With the effects of COVID-19 becoming less life-threatening, the ordering of PPE supplies has stopped as we maintain a sufficient supply.

Goals for FY24

- Continue to phase back to normal operations
- For all event planning, foster the use of NIMS and ICS
- Complete the EOC/Training Center upgrade

- Conduct Tabletop Exercises with city departments, State and Federal Agencies and local constituents to plan and train for events that could have a negative or disastrous impact on the City
- Establish written evacuation plans for City Hall

Conservation Commission

Mission & Overview

The Melrose Conservation Commission is a 7-member volunteer board created under the authority of Massachusetts General Law Chapter 40 Section 8c “for the promotion and development of the natural resources and for the protection of watershed resources.” We administer the MA Wetlands Protection Act, the Rivers Protection Act, and the Melrose Wetland Ordinance. Under these laws, no one may “remove, fill, dredge, or alter” any wetland, floodplain, bank, land under a water body, or land within 100 feet of a protected resource (the “Buffer Zone”) without obtaining a permit from the Conservation Commission.

These laws are critical for maintaining the health and vitality of wetlands and wildlife while minimizing potential flooding during larger storm events. During our monthly meetings, we coordinate with project applicants to understand the potential impact on wetland resources and floodplains with the goal of avoiding and minimizing these impacts. These projects range from new home developments, residential and commercial property improvements, and utility and city maintenance projects.

The Conservation Commission also has responsibility for the care and control over the City’s conservation lands, which are open space parcels available for passive recreational use. These include the conservation areas surrounding Towners and Swains Ponds (also known as Flagg Acres, Seaview Trails, and the Rocky View Trail/Knox Memorial Trail), the Ferdinand Woods and West Hill Terrace conservation areas in the northwest corner of the City, and various isolated parcels of land throughout the city. A major portion of the Commission’s conservation maintenance budget is spent on managing nuisance vegetation and algae treatments for Towners Pond (which is under the control of the Conservation Commission) and for Ell Pond and Swains Pond, which are Parks Department properties. The Commission frequently has cleanup days where volunteers and members maintain the hiking trails within the conservation areas. The Commission also continues to support the Outdoor Classroom at the Hoover School. One commission member is part of the group assessing the redesigned sports fields by Ell Pond.

There is one part-time staff person. At least one resident either calls, emails or stops by the office in person per week with a concern to be addressed.

Why Do People Contact Us?

- Wetland permitting
- Open space concerns/information
- Tree issues
- Flooding issues
- Wildlife information

FY23 Accomplishments/Changes

- 3 New Commission members and 1 new Associate member.
- Began Year 1 of the Multi-year Ell Pond Water Chestnut treatment program - mechanical harvester and hydro rake treatment from (2022-2024) that started July 2022. On-shore component of material removal provided by DPW with conservation staff coordination. A small harvester was deployed the first year because of its 12" to 16" draft. The machine provided 13 harvester service days with approximately 3.38 acres of the pond surface area of seed-bearing water chestnut removed according to an august aerial photo.

What is the percentage increase in your budget over FY23?

- The overall Conservation Commission budget is 18.7815% higher than FY23.

What are the major changes to the Conservation Commission budget?

- Education/Seminar- 169% increase for education budget.
- Conservation – 41.1% increase for full treatment of Ell, Towners and Swains ponds.

What are the reasons for these changes (major cost drivers)?

- Education/Seminar – 169% increase for education budget. This line item has not been adjusted in nearly a decade and is severely underbudgeted. Victorian Fair table space, new member training workshops and education handbook access draw from this line item. Several longtime members left the Commission in FY22 & FY23, and we will need to invest in training and education for new members.
- Conservation – 41.1% increase for full treatment of Ell, Towners and Swains ponds. This consists of chemical treatments at Towners, Ell and Swains ponds. (Excludes Ell Pond water chestnut removal that is covered under a separate 3-year contract with separate partial funding from state earmark and free cash for first two years).

We still need to identify funding for the third year of this water chestnut removal contract for FY25. Towners pond has had an ongoing waterlily and pondweed growth problem that needs to be addressed.

Goals for FY24

- Complete Second year of Ell Pond Water Chestnut treatment program.
- Encourage new Commission members to attend training workshops.
- Develop a comprehensive aquatic vegetation management plan with the Parks department for Mt. Hood ponds, Towners Pond and Swains Pond to look at all ponds together.

MEMORANDUM

To: Melrose City Council
From: Margot Fleischman, Director of Strategic Initiatives and Communications
Re: FY24 Mayor's Office Budgets (121 and 692)
Date: May 15, 2023

In preparation for the review of Fiscal Year 2024 budgets, I am pleased to provide the Honorable City Council with a summary of the proposed changes to the Mayor's Office budgets.

The Mayor's Office FY24 operating budget (121) reflects a 3.97% increase over FY23. The main cost drivers for this increase are Salary & Wages and Education & Seminars. The Salary & Wage line item has been adjusted to reflect the actual wages calculated using the City's new salary plan. The increase to the Education & Seminar line item is to cover the one-time cost of a professional development opportunity that is available during FY24.

In addition to the Mayor, the Mayor's Office is currently staffed by four employees:

- Director of Strategic Initiatives & Communication Margot Fleischman, who also serves as the Mayor's Chief of Staff
- Communications & Outreach Coordinator Lily Martin
- Director of Economic Recovery and Business Development Lauren Grymek (grant funded position)
- Part-Time Administrative Assistant Lisandra Santana

The part-time administrative position which was added in FY23 has provided a consistent level of staffing for the office Monday-Thursday mornings. Our Administrative Assistant receives general calls on the City Hall main phone number, greets visitors, answers inquiries, and provides billing and payroll administrative support for the Mayor's Office. She has also begun to provide administrative support to other departments as was anticipated when the position was added last fiscal year. We continue to utilize volunteers and PTWP participants to cover the front desk for the remaining 17 hours per week.

The Community Events FY24 operating budget (692) which is overseen by the Mayor's Office will remain unchanged from FY23. This budget is utilized to fund Memorial Day activities.

Re: FY2024 Operating Budget- Office of the City Solicitor (151)

Date: May 9, 2023

Prior to my office's budget presentation scheduled to take place on May 15, 2023, this memorandum is being submitted in the hopes of providing additional insight into significant changes to our FY24 budget compared to last year, and events or changes anticipated in our department for this coming fiscal year.

1) Significant changes to this Office's FY24 budget compared to last year:

- *Increase in the Salary & Wages Line Item of 8.7%:*

The increase in this line item of the budget is the result of the implementation of the non-Union Compensation and Classification Study by the City, as well as the estimated cost of interim coverage this fiscal year while the City Solicitor is out on an anticipated maternity leave.

- *Decrease in Legal Subscription Services under line item entitled "Electronic Mass General Laws" of 27.6%*

After a three-year contract with the previous vendor, the City solicited written quotes, and contracted with a comparable vendor for the next three years at a significantly reduced rate through April 30, 2026.

- *Increase in Property/Liability Insurance coverage for the City of 15%*

A major driver in this higher insurance premium this fiscal year is an increase from \$260,191 in Fiscal Year 2023 to \$321,316 in Fiscal Year 2024 for Property Insurance coverage alone. This increase reflects a deterioration of the property re-

insurance market, and the resulting higher insurance premiums across the board for policyholders.

In the beginning of this calendar year, my office solicited competitive quotes from three different companies for the City's property and liability insurance coverage. The City received only one quote back (from our incumbent insurer) in response to this request. Property re-insurance and the unpredictability of the market was expressed as the reason for at least one of the companies deciding not to provide a quote at all.

This budget line amount reflects the total cost of the new premium, with no reduction in coverage from previous years, and an added \$5K to hopefully address additional costs to the premium that may come up this fiscal year if new vehicles or equipment are added to the policy.

2) Difference between Budgeted FY23 Property & Liability Insurance Coverage and Actual FY23 Property & Liability Insurance

There is a difference of \$31,700 between what was budgeted in the line item titled "Property & Casualty Insurance" for FY2023 and the actual FY2023 "year to date spent" for this fiscal year.

At the time the FY23 budget was approved by the City Council last year, my office was only able to supply an estimate for this line item reflective of a 5% assumed increase over all existing policies. Unfortunately, our insurance provider did not end up providing an actual premium amount for our new policy until the end of June 2023 and this number was higher than anticipated. The premium amount provided at that time increased the City's insurance premium for FY23 to \$739,700.20. My department will be submitting a request for free cash to cover this difference, as well as any year end auto endorsements (additional vehicles/equipment added to the policy and therefore the premium) for FY23.

While the total cost exceeds what was originally budgeted for FY23, absent a cancellation in the City's insurance policies this was unavoidable as a contracted amount the City was obligated to pay in order to continue coverage and avoid policy cancellation.

3) Major events/ Changes in the Office of Solicitor this Fiscal Year

The City Solicitor is expected to be out on a maternity leave beginning in August of 2023. The City anticipates having a retired City Solicitor from a neighboring community provide in-office coverage in a part-time non-benefits eligible capacity, working three days a week, 6 hours a day during this leave. Any off-hours work questions / emergencies, will be directed to the Assistant City Solicitor. Labor matters will be handled by the Assistant City Solicitor and/or outside counsel as/when necessary.

Human Resources FY 24 Budget Memo

May 8, 2023

1. Have there been any noteworthy changes or events that took place during FY23 in your department (staffing changes, technology upgrades, new regulations or procedures, etc.)?

The City Council has funded the implementation of the Comp and Class study for FY23 which will change the compensation and classification structure of non-Union employees in the City of Melrose. The HR department and Auditor's office will be working closely to effectively implement this plan and transition employees to this new compensation and classification structure.

Over the past year, in an effort to get ahead of the challenging employment landscape of recent years, the HR Department has focused our efforts on developing a Recognition and Retention Strategy for employees. This has included the following:

- Placing an emphasis on employees feeling welcome, supported and engaged in the workplace through regular check-ins within the first three months of hire with the employee and department heads.
- Providing opportunities for informal engagements and collaboration amongst departments;
- Offering and facilitating multiple trainings in areas such as customer service, communication skills, recruitment, workers' compensation process, safety, ADA, conflict management, anti-harassment and anti-discrimination, internal investigations, time management, and others. Through the *new* HR Portal, employees can now request specific trainings and access other relevant information.
- Creating an Employee Spotlight initiative, where employees are nominated by fellow employees for acts of kindness, accomplishments, and going above and beyond in providing service in their job, and then chosen to be publicly recognized as such. The initiative launched at the beginning of this calendar year and to date we have had 17 employees who have been spotlighted for their work.

Our goal is to contribute to employees feeling valued, supported, having a sense of belonging and being a part of larger employment culture, where they are able to produce their best work and provide high-quality service to our residents.

As part of our continuous DEI efforts, and in follow up to Visions Inc. recommendations, HR put out an RFP and with the input of the Mayor's Chief of Staff and DEI Taskforce, we hired a consultant, Racial Equity Group, to conduct Organizational Equity Assessment and DEI Training Series. Their work is starting this month.

The HR Department provided support to the School during an employee medical leave. We created HR systems and tools to facilitate processes at the school, trained and supported them with benefits

administration, Open Enrollment, onboarding, employment matters and leaves during this challenging time.

Lastly, our HR Coordinator, Diane Barrett is retiring at the end of the month and we are in the process of training and onboarding her replacement.

2. Do all of your department's salaries come from the same budget, if not, please identify the split among multiple budgets?

	HR S&W	Health S&W
HR Director	75%	25%
HR Coordinator	50%	50%
HR Assistant	50%	50%

3. Are there any significant changes to your FY24 budget compared to last year? Please explain.

Outside of the salary adjustment as a result of the non-union Compensation and Classification study implementation the significant changes to the budget for FY24 were in our Employee Benefits Budget.

The Employee Benefits budget is dynamic and constantly shifting. At any point in time we are presented with a snapshot of membership enrollment, which is driven by employees' life events and socioeconomic factors. In addition to the economy, the Employee Benefits budget can be impacted by Open Enrollment changes, Opt Out enrollments, Medicare premium cost. All these factors provide for fluid, constantly changing data and over the years the HR and Auditor's office have worked creatively to adjust our approach to provide reasonable and sound estimate for next year's budget. All of these elements were carefully considered when creating FY24 Employee Benefits budget and resulted in overall 7% increase:

- The Health contractual budget is a contractual obligation for the City of Melrose and is primarily driven by the economy and healthcare, which are constantly evolving. The City of Melrose provides insurance through the Group Insurance Commission (GIC). As a result of new contracts entered into by the GIC for FY24, there were a number of changes in the offered plans' names, design, copays, and some plans were no longer offered, all of which impacted most of our benefit eligible employees. We saw a significant number of changes made to benefits during a very active April- May 2023 Open Enrollment period compared to other years.

There has been a 5% average increase in the cost of health insurance premium over the last few years. The FY24 plans' rate changes range from -5.8% to 11.9%, which averaged 5.2% increase for non-Medicare plans and 2.0% increase for Medicare plans. When determining the Health contractual budget for FY24 the City used a balanced approach based on average plan cost, April 1 enrollment numbers and projected for anticipated default plan changes, retirements,

Human Resources FY 24 Budget Memo

May 8, 2023

vacancies, employees turning 26, etc. This translated to a 7.8 % increase in the Group Health budget.

- Medicare Part B cost is another element that impacts the Health contractual budget. The City of Melrose reimburses our retirees and their spouses 70% of the standard Medicare Part B premium. Since not every retiree pays the same premium, HR does its best to project the most reasonable estimated cost with the information we have available at the time. In FY23 that line was funded lower than the actual cost, which resulted in a 16.6% increase over FY23 budget, or a 3.8% increase over the *actual* FY23 cost.
- HR implemented the following cost saving measures for FY24 related to the Opt Out program: reduced the eligibility requirement from 12 to 6 months to allow for more employees to benefit from this program; broadened qualifying events for enrollment, and reduced benefit amounts. This resulted in 11.8% decrease in the Opt Out budget.

4. Any events or changes you anticipate in your department for FY24?

HR will have a leading role in working with the Racial Equity Group on the Organizational Equity Assessment and designing and implementing the DEI Training Series. As part of this work, the consultant will evaluate employment policies, recruiting and hiring practices, performance management, benefits and programs the City offers to our employees that may have differential impact on certain group and address existing gaps in inequities. The HR Director will work on following through with any updates that are required related to policies, benefits or programs. The Consultant will also review department specific policies and programs and communication and outreach methods to determine if they are effective and if they reach out to diverse audience and will recommend improvements. The HR Director will act as a liaison with the departments for data gathering and future implementation of any recommendations. Additionally, the Consultant will use the information collected through the equity assessment and design interactive training series for all employees with the goal of developing a common language, understanding and appreciation of the principals of DEI and how it impacts organizations and train employees on practical steps to promote awareness and foster environment of growth, inclusivity and belonging. The HR department will coordinate these trainings for all employees of the City.

MEMORANDUM

TO: Melrose Honorable City Council
FROM: Andrew Ghobrial, Clerk of Committees
DATE: May 10, 2022
RE: FY2024 Budget

1. Have there been any noteworthy changes or events that took place during FY23 in your department (staffing changes, technology upgrades, new regulations or procedures, etc.)?

The most noteworthy change includes an addition to the City's contract with Granicus. Granicus currently provides access to our meeting agendas, packets associated with those meetings, and it also serves a repository for all meeting minutes including those of Boards and Commissions. Since budget approval, we have launched the Granicus Boards and Commissions software as an addition to this contract. This public facing portal lists all boards and commissions and their respective term dates. This automated system also provides automatic updates concerning upcoming member term expirations. Further, it allows citizens to apply directly online for a position with a board/commission. As of today, 73 applications have been received via this portal.

2. Do all of your department's salaries come from the same budget, if not, please identify the split among multiple budgets?

The salaries of the City Council and the Clerk of Committees are funded through the same budget in the City Council Salary and Wages line item.

3. Are there any significant changes to your FY24 budget compared to previous years? Please explain.

The City Council budget will see a 7.9% increase to cover the cost of our contract with Civic Plus. Originally these funds were under the Clerk's Office but will now be reallocated to the City Council budget so that the webmaster may pay these quarterly bills to cover the city website and the Melrose Public Schools website contract. Additionally, at the effect of the Compensation and Classification Study, the salary line item will increase by 3.2%. A decrease of 8.5% will be realized this year as the Board and Commission software

implementation fee will not be assessed. This one time fee carried a price tag of \$2,200 paid in FY23. Largely, aside from the salary increase, the overall budget remains level funded for FY24.

4. Any events or changes you anticipate in your department for FY24?

We expect the workload to continue to be heavy as we review Granicus/IQM2 and other Agenda and meeting software. A lot of work will go into this endeavor once we determine the needs of the city, City Council and School Committee.

Since the new boards and commissions software has been launched, minimal occasional maintenance has been needed to ensure this it is up to date. Work also continues between the Mayor's Office and the Clerk of Committees to ensure all re-appointments and new appointments are oathed and complete the onboarding process before they begin to serve as voting members. The Clerk of Committees will continue to office technical support and will work alongside the Mayor's office to continue to revamp and update the city's website as needed.

Clerk's Office FY 24 Budget Memo

May 11, 2023

1. Have there been any noteworthy changes or events that took place during FY23 in your department (staffing changes, technology upgrades, new regulations or procedures, etc.)?

Staffing Changes: In April, the Elections Administrator position was filled to bring the department to full complement (2 union positions/ 2 nonunion). She is receiving extensive training in preparation for the 2023 Election season.

Upgrades: The City Council graciously funded key equipment purchases such as:

- A much-needed high speed tabulator that will alleviate the burden of poll workers having to manually handle the mountainous volume of vote-by-mail ballots
- Replacement telescoping tables and chairs to accommodate staff and assist them with juggling the many required early voting tasks secure storage bins; and
- A secure mobile poll pad charging cart for easy transport to the polls

Regulation | Procedures: Much time, care and attention has been provided to the elections department this year. When former Governor Baker signed the VOTES Act into law in June of 2022, several key changes to ballot processing to allow registered voters every opportunity to securely cast their vote either early in-person, by-mail, or on election day in-person, were made permanent.

Additional changes included the expansion of early in-person voting times and dates, allowing 10 additional days prior to an election to register to vote, and increased access to voting by mail with the addition of an online state portal for applying to vote by mail and no excuse vote-by-mail (VBM). VBM has been well received and is an increasingly popular method selected by Melrose voters as their comfort level grows. A byproduct of this wider expanse of accessibility is unfunded processing mandates. The former 3-step process may now include up to 13 steps for a vote-by-mail ballot. Ballots are provided in a kitted envelope packet comprised of two envelopes, a ballot, and instructions. For state and federal elections, the Secretary of the Commonwealth provides postage paid kits. For all local elections the municipality bears the entire cost. In 2024 it is anticipated there will be two fall local elections and the spring federal presidential primary. Additional elections are not known currently.

Election Noteworthy:

- Staff attended ongoing virtual classes held by the state's Election Division personnel to ensure regulations were reviewed and discussed.
- After establishing and trialing our own dual control chain of custody procedure for drop box ballot retrieval, this was formalized and is now a mandatory security protocol for all elections.
- Secure tracking was established for election day where officers transport uncast ballots and a chain of custody form directly to election officials for signature and then distribution to precinct wardens. Officers repeat the process at the end of the night returning cast ballots in secured containers back to city hall for safe retention.
- Additional safety measures were instituted where officers, accompanied by an election official, securely transport thousands of VBM cast ballots to precinct wardens throughout the day for voter roll reconciliation and processing.

Clerk's Office FY 24 Budget Memo

May 11, 2023

- Uptick in voter registration information system (VRIS) research and certification entries due to legislated removal of the Registry of Motor Vehicles opt-out provision. Transactions completed at the RMV automatically trigger an entry in VRIS as do transactions at certain health agencies.

A highlight for both departments was a complete revamp of the in-office fire and waterproof vault. These floor to ceiling vaults house thousands of records, some over a century old. The space has never been utilized to its fullest potential and was identified by the clerk in 2023 to pose a safety risk. Working in concert with public safety officials and public works, the clerk space was reconfigured, and additional shelving was added. As a result, the space now has increased lighting, access to a large floor footprint—all of which has increased production time and employee safety. The election vault was emptied, reconfigured to safely and securely house all materials required by law leading up to an election. The shelving was shored up and secure storage was purchased and labeled.

City Clerk Noteworthy:

- Partnered with the HHS Director to educate and notify dog owners no longer living in Melrose or owners with multiple erroneous accounts to clean the database and provide an accurate picture of dogs. Licensed over 2,000 dogs to date.
- Continued collaboration with the Treasurer/Collectors office to capture outstanding debt and reduce the City's overall collection debt prior to issuing licenses and business certificates. A recent \$100,000 payment significantly contributed to this reduction.
- Recent state changes to the hackney(taxi) license for new applicants were received and integrated. Staff are keeping abreast of the Registry of Vital Records complete software upgrade anticipated in June.

Our overarching goal is to continue providing superior service to internal and external customers, state agencies, elected and appointed officials; and to streamline online processes and contribute to positive interactions with our customers and residents.

2. Do all of your department's salaries come from the same budget, if not, please identify the split among multiple budgets?

City Clerk and Election staff salary and wages all come from the same budget.

3. Are there any significant changes to your FY24 budget compared to last year? Please explain.

The election department budget has been substantially increased for FY24. The salary and wages line was increased to provide for part-time temporary staff to supplement this single person office. The elections administrator position is eligible for overtime however election processing cannot be handled by a single individual. The most impactful budget factor in recent years has been anticipating and forecasting the volume and cost of regulated processes and procedures. As forecasting is not exact, historical information – salary, overtime, expenses – of previous elections was relied upon to build out this budget. We used election expenses incurred in FY21 (7/1/20-6/30/21) as a foundational building block for this knowing that was the most recent presidential election with VBM. There are local elections to factor in as well (municipality bears all costs) to factor in. Check out inspectors will return at each precinct for the primary to ensure accurate party selection.

Clerk's Office FY 24 Budget Memo

May 11, 2023

4. Any events or changes you anticipate in your department for FY24?

We learned processes for incarcerated individuals are impacted by the Votes Act and changes will funnel through the Secretary of the Commonwealth's Elections Division to municipalities. Additionally, the much-anticipated redesign/upgrade of the state voter registration information system (VRIS) and requisite training is scheduled to roll out in FY24. Public records requests will likely double during election 'season' and we will continue our timely responsiveness. Participation in webinar trainings offered by our federal partner, Cybersecurity, and Infrastructure Security Agency (CISA) will continue and trainings for internal staff on de-escalation techniques, security best practices and wellness of the poll worker will be scheduled. We anticipate our Board of Registrars' participation in registration drives at the Victorian Fair and Melrose High School as part of our citizen engagement efforts – "to a lifetime of voting."

Similarly, on the clerk side, we are scheduled to hear from officials at the State Registry of Vital Records on the statewide system upgrade and mandatory training. We will continue our records management and preservation efforts reviewing the state municipal records retention schedule to purge duplicates and information beyond retention periods to preserve historical archives as purely as possible. Our ongoing efforts to manually digitize records will also continue.

MEMORANDUM

To: Melrose City Council
 From: Kevin M. Faller, Chief of Police
 RE: FY24 Police Budget Proposal

In preparation for review of FY24 budgets, I am pleased to provide the Honorable City Council with a summary of the highlights of FY23 along with the proposed changes to the Police Department's budget in FY24. Table summaries and justifications are contained within for your review.

In FY23 the department had 4 sworn members and one civilian (admin assistant) retire or separate from service, including Chief Michael Lyle after serving the city for 36 years. Current Chief Kevin M. Faller was sworn in on December 01, 2022. The 3 open Patrol Officer positions are in the process of being filled and the civilian part time administrative assistant position was filled in FY23.

In FY23 a new supervisory position, "*Professional Standards*" was created to oversee policies, POST compliance, grant funding, and citizen complaint investigations.

In FY23 A new "*Mental Health/Substance Abuse*" detective position was created to focus on outreach and follow up on mental health and substance abuse calls within the city, as well as work in conjunction with a mental health clinician funded through a grant shared with the Stoneham Police Department.

In FY23 a new "*Community Engagement/Social Media Admin Team*" was created to increase visibility and engagement with the community

In FY23 a new "Digital Headquarters" (DHQ) software program was purchased to streamline personnel management and hiring/invoicing for police details as well as policy dissemination and digitizing roll call and flow of intelligence and information.

In FY23 several supervisors were sent to FBI LEEDA (Law Enforcement Executive Development Association) trainings with the goal to have all supervisors trained in FY24

All of the police department's salaries and wages come from the same budget. The increase of 5.5% in "salaries" is due to both Police unions (Patrol Officer and Superior Officer) settling contracts in FY23.

Attachment: Police Budget Memo FY24 (APPRO-2023-28 : Fiscal 2024 Operating Budget in the amount of \$101,173,341.00)

Quality Policing Through Teamwork

www.melrosepolice.com

The overall Police Department's operating budget reflects a 5.5% increase from FY23. The main cost drivers for this increase are the contractual raises previously mentioned due to both police unions settling contracts that will expire on June 30, 2024.

A new "community engagement" line item of 10K is requested for FY24 to fund events hosted by the police department to increase positive interactions and visibility within the community. Currently there is no funding available for merchandise, equipment, and personnel to put on these proactive events.

A new "OT Training" line item within "Salary and Wages" was created to account for overtime spending specifically caused by training. The "Training" line item (other charges – 54) in FY24 will now be used specifically for training class fees and materials. Consequently, this increased the overall Salary and Wages but reduced the 54 - Training line.

The police department has a revolving account, Police False Alarm Fund (2665). As of 5/12/2023 it has a balance of \$4,311.50. It is an unpredictable balance as it is based solely on the payments from perpetual false alarms. The funds are used primarily for unforeseen purchases needed in the Police Fleet, Police Station needs, or for unplanned operational budget deficits in Police Supplies and Materials or Other Charges.

TO: Honorable City Council
FROM: Director Alpert
SUBJECT: FY Budget 2024

Below are the answers to your questionnaire.

1. Have there been any noteworthy changes or events that took place during FY23 in your department (staffing changes, technology upgrades, new regulations, or procedures, etc.) The department has taken on a more active role in event planning. Event planning includes "planned events," such as Victorian Fair, Mayor's Summer Block Party, City/Chamber Home for the Holidays, movie and commercial filming. "Demand response and emergency event planning," the department is to create a strategic plan for responding to a major incident at the Melrose-Wakefield Hospital, (similar to the 10 Alarm Fire at the Brockton Hospital on February 7th). This response plan can be scaled down based on the incident(s). Regional responding agencies include but certainly not limited to, fire, police, health, emergency management and DPW. Our state partners, Mass. State Police, Mass. Department of Environmental Protection (DEP), Mass. Department Public Health (DPH). Public Safety Agencies include Metro Fire, Northeastern Massachusetts Law Enforcement Council (NEMLEC), Mass. Water Resource Authority (MWRA) and Massachusetts Emergency Management Agency (MEMA). Once the plans have been written, exercises will be conducted to evaluate and update the plans.

3. Are there any significant changes to your FY24 budget compared to last year? **No**
4. MEMORANDUM

To: Melrose City Council
From: Melrose Fire Chief Edward Collina
Re: FY24 Fire Department Budget
Date: May 15, 2023

Please identify any noteworthy changes or events that took place during FY23 in your department (staffing changes, technology upgrades, new regulations or procedures, etc.):

On September 27, 2022, the Fire Department's new TDA ladder truck was officially placed in service. At 5:05p.m., five minutes after the truck was placed in service, the members of the ladder truck took the truck on its first official run which was for a medical aid call to 743 Main Street.

In May of 2023, the Fire Department received brand new Self-Contained Breathing Apparatus (SCBA) equipment. This equipment was purchased through the FY23 Firefighter Safety Equipment Grant, FY23 State Earmark Grant, and a purchase order through free cash by the City. This equipment includes SCBA Air Packs, SCBA Face Pieces, and SCBA Cylinder Bottles, which will all replace aged-out SCBA equipment that our Department currently has.

The Fire Department is also anticipating a delivery of a new Ambulance. Due to supply chain problems in the vehicle industry, the estimated delivery is unknown at this time.

In FY23, the Fire Department had a major staffing change. The Department is currently down 7 firefighters. We hope to fill these positions as soon as possible.

Do all of your department's salaries come from the same budget, if not, please identify the split among multiple budgets?

Of all 52 Fire Department employees, 44 are paid from a "fire" budget, and the other 8 of the employees are paid from an "ambulance" budget.

Are there any significant changes to your FY24 budget compared to previous years? Please explain.

One significant change to the Fire Department's FY24 budget is that a new budgeted line has been created under salaries and wages. This line is "OT Training". These funds will be used to cover

overtime to send members for outside training/professional development, at the discretion of the Chief. Some examples of these trainings are as follows; Mass Fire Academy, National Fire Academy, Infectious Control Training, “Train the Trainer” Programs, etc..

Any events or changes you anticipate in your department for FY24?

Increase our training to stay in line with national standards as well as documenting said training by implementing Lexipol/Fire Rescue Academy. Lexipol/Fire Rescue Academy is an online training module that sends out and tracks the training performed by the Fire Department members. The Lexipol side of the module holds policies and procedures, most mandated by the State. The Fire Rescue Academy side of the module contains training videos and allows our department to upload our own videos for training purposes.

We look forward to filling the 7 open firefighter positions.

Re: FY24 Northeast Metropolitan Regional Vocational School Assessment

At the public hearing on April 13, 2023, the Northeast Metropolitan Regional Vocational School Committee voted unanimously for a FY24 budget increase of 1.22% over last year's operating budget. Member community assessments are based on the minimum contribution, transportation, and additional vocational supplies and equipment needed to operate quality vocational educational programs. This year's operational budget request also includes an additional 2.5 FTEs funded by the additional Chapter 70 funds attributed to the Student Opportunity Act.

Regional assessments are based on approval of the State Budget submitted by Governor Healey, but the final budget may be amended by the House or Senate before final passage. Member communities are assessed on the Northeast October 1 enrollment numbers from sending districts. In addition to fluctuating enrollments, district assessments are based on property wealth and by the income level of residents. Consequently, some communities may see an increase in assessments based on enrollment numbers and demographic changes, while other communities may see a decrease in assessments using the same data. By using a combination of the increased Chapter 70 funding, transportation reimbursement and application of E&D funding, we were able to significantly offset the increases in the operating budget, therefore reducing the required assessment. The total assessment increase for FY24 for our member communities equates to 2.78%

Below is the information needed by Melrose for inclusion in the FY 24 City Budget:

District:	Melrose
FY24 Operating Assessment:	\$1,182,113
FY24 Debt Assessment:	\$88,626
FY24 Total Assessment:	\$1,270,738
FY24 Enrollment:	66
