NAYS:	Garipay, MacMaster, Obremski, Stewart, Williams

X. EXPIRIES

XI. RULE 53 REPORTS

Councilor Williams, the Water/Sewer committee representative updated the council regarding recent meetings. Explains the committee is setting the FY23 rate and recommendations are forthcoming. The next meeting of the committee is April 14th at 3 pm and is fully remote. It is anticipated that water/sewer rates will be going up to balance the needs of the enterprise fund with the shifts in water patterns due to the pandemic and remote work. The increases discussed include up to 5% which would be an average quarterly bill increase of $20.

Councilor Garipay provides information regarding the conclusion of the CIP committee meetings. Over 96 projects were screened and ranked. It was eye opening to see the varied projects. A report is being prepared for the administration and he anticipates requests to fund high ranking projects will be forthcoming.

IX. UNFINISHED BUSINESS

Suspend the Rules

President Cinella moves to suspend Rule 37 by unanimous consent. No objection

1. **INFO-2022-2:** Order for an Update on the Status of Covid-19 in Melrose (ID # 9548)

Sponsored by: At-Large Leila Migliorelli, At-Large Maya Jamaleddine, Ward 6 Jen Grigoraitis

From: City Council HOLD

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Health Director Chui provides up-to-date CDC statistical information and reviews community vax rates. Councilor Jamaleddine is concerned with mixed messaging between staff and members of the public. Councilor Migliorelli asks how the booster information is being communicated and if vax clinics have been proven effective.

9. **ORDER-2022-80 :** Request to Approve the Melrose Housing Production Plan

Offered by: Mayor Paul Brodeur

From: Appropriations & Oversight Committee OUGHT TO PASS

Councilor Grigoraitis requests a roll call vote as this was not a unanimous decision in committee.

Councilor Stewart offers a clarification to the last discussion. Says the funding source for this order is two-fold: it is a a certain percent of the taxable revenue levied on your property and as part of a state treasury account funded by fees paid when filing documents at the Registry of Deeds. That money is disbursed to the Community Preservation Act (CPA) and additionally at the state's discretion every year additional monies can be appropriated to the CPA. He feels there is a disparity in equity within the system because there are towns paying into the fund that may not be as affluent as others that receive no benefit. Discusses allowed accelerators within the CPA. Not a easy decision - sounds great on a local level but from a moral/equitable stand point not so clear because more affluent towns (177 municipalities take advantage of this in the state) use this. Councilor Williams provides feedback mentions the CPA has been around for over 20 years and has exemptions for lower income households and senior residents. Average Melrose surcharge, arguably semantic on whether it's a tax, will be approximately $56. The City cannot

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

increase the amount. Basically the surchange is paid with property taxes paid to state, state returns that amount adding 26-30% on top. would be about $1M dollars for affordable housing in Melrose. Councilor Eccles is looking forward to moving to the implementation phase of the process - we have an obligation to shape the future of housing in Melrose.

RESULT:	**PASSED [7 TO 4]**
MOVER:	Jen Grigoraitis, Ward 6
SECONDER:	Jack Eccles, At-Large
AYES:	Eccles, Grigoraitis, Jamaleddine, Karamcheti, MacMaster, Migliorelli, Williams

5. **ORDER-2022-69 :** Permanent consolidation of polling locations to the Melrose Veterans Memorial Middle School Gymnasium Complex for all City of Melrose elections. (Item # 9605)

Offered by: Council President Christopher Cinella

From: Appropriations & Oversight Committee OUGHT NOT TO PASS

Councilor Grigoraitis advises the order comes from Appropriations & Oversight with a recommendation of Ought Not to Pass and so moves.

On discussion there is a procedural comment regarding attachments to the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

record. Councilor Karamcheti remarks that she obtained background information on elementary school accessibility issues and has heard from historically marginalized Melrosians. Seeking additional time to revisit some complexities of this issue.

Councilor Migliorelli also prefers additional time before taking a vote and mentions that once voted the Council is unable to revisit the issue for six months. She indicates the two options before them: maintain a single location or revert to previous locations. Reverting is not sustainable as two locations are not handicapped accessible. Says with the state primary and election coming (in September and November) there is not enough time to pull together a new proposal.

Councilor Williams notes he was not present for the original consolidation discussion. He has analyzed coverage of the polls and shares walk shed information. Hopeful the vote-by-mail process state elected officials discussed with him is put in place.

Councilor Obremski provides a school employee perspective stating this is the greatest civics lesson for children - see voting in the school. Opines on security concern previously mentioned and says schools are probably the safest place on election day with a police presence. Describes the CORI process. Sees pulling polling out of the schools as a mistake.

Councilor Eccles notes six months feels like a long time but cautions that the Council doesn't have forever to make a decision.

Councilor Grigoraitis says the Ward 6:2 & 4:2 location Winthrop School was deemed inaccessible for polling by the Secretary of State. There have been discussions on possible fixes but nothing definitive. If polling reverts it is unclear how this will be a legally accessible location. Agrees with the importance of civics in school as it applies to all of K-12 but mentions not everyone votes in a school - some vote in City Hall and some in the Steele House which also has unresolved issues raised by the Secretary. The Council has a legal, ethical and moral obligation to address concerns. Underscores that the primary in September will occur when school is in session. Many factors to consider when making a timely decision so the city clerk, DPW and police personnel can plan election day. In favor of having more time to understand options as relates to schools. Procedural note: withdraws motion from committee.

Councilor MacMaster says if the motion was withdrawn the order could be sent back to committee. Offers note of caution saying six months will be here before you know it. Thinks the Council should recommend that the Board of Registrars and the City Clerk come up with recommendations to consider. Not sure if this should be a formal request or filing of an order. Not against

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

consolidation just wants to know steps were taken to mitigate the chances of leaving people behind.

Councilor Garipay doesn't disagree consolidation is more efficient but has concerns with the size of the middle school and the size of the parking lot and accessibility with the hill incline. Looking for a couple of different voting locations as a plan.

RESULT:	**HELD IN COMMITTEE**	**Next: 3/14/2022 7:00 PM**
TO:	Appropriations & Oversight Committee	

Motion: Hold in Committee

RESULT:	**PASSED [UNANIMOUS]**

3. **INFO-2022-2:** Order for an Update on the Status of Covid-19 in Melrose (ID # 9548)

Sponsored by: At-Large Leila Migliorelli, At-Large Maya Jamaleddine, Ward 6 Jen Grigoraitis

Health Director Anthony Chui appears to discuss the ongoing efforts to address the pandemic; there has been a surge with between 59-70% of active cases attributed to the Omicron variant.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Delta is prevalent as well. Still seeing hospitalizations and folks struggling with the virus; this is still serious. We are in good shape in vaccinations with 80% vaccinated in Melrose. Room for improvement in administering boosters. Going to be promoting need to get vaccine and booster as well as provide additional clinics with the state. The indoor mask mandate was recently reinstalled to prevent spread. Messaging mask quality - cloth masks alone are not as useful in preventing transmission as 3 ply or N95's or KN95's. Positive rate is currently 13%, a number we haven't seen since beginning of Covid however hospitalizations have not increased. It is believed these numbers are undercounted as there is no state reporting mechanism for home positive test results.

Councilor Migliorelli ("LM") asks about the statewide procurement program for antigen test kits. Director Chui ("AC") is looking at different vendors as well as the state program so there will be procurement through a combination of both. LM -How many kits are anticipated and has there been a bulk purchase for staff? AC - minimum order number will be forthcoming; as well as a distribution plan. Some of the mask supply was distributed first to businesses. Employees may also get masks. LM - Do all departments have access to masks? AC - either from us or they may place an order. LM - any other city-wide restrictions anticipated? AC - not at this time. LM - asks about booster rate. AC - to align with CDC and DPH guidelines we have to allow time for people to obtain the vaccine/booster. Reviews the guidelines.

Councilor Jamaleddine ("MJ") asks if the vaccination rate for employees is known. AC - not at this time but we're looking at data collection. MJ - Is a vaccination mandate on the table? AC- not at this moment. MJ - There is no certainty that the city employee I am dealing with is vaccinated like an responding officer. AC - Hypothetically if there were an emergency we could not guarantee the person was vaccinated. We mandate masks for all employee interactions. MJ - Is there consideration for supporting our elderly population in test education? AC - a plan is being developed for equitable distribution for those who do not have ready access, for example the senior population. Working with Mystic Valley Health, our social worker and the Council on Aging to be sure seniors have access and that they are using them correctly. MJ - Is our nurse assisting our older adults? AC - the public health nurse is doing lot of city wide education and she will be working with the new public health specialist. They should be able to help reach this group and help with education. MJ - is testing offered to city employees? AC - we don't have any community PCR sites but are ordering at-home tests. MJ - is Melrose/Wakefield hospital an option? AC - we are in discussion on collaborating.

Councilor Grigoraitis ("JG") asks about the City's three prong approach of masking, testing, vaccines -currently adults entering Melrose public schools (teachers, custodians, health staff, school resource officers) have to either show proof of vaccination or submit to weekly testing. Seeks to understand why this is in place at school but not for all municipal buildings like the library, senior center. From a public health perspective how are these different situations? AC - We were separating schools from the community and are discussing whether this is sustainable. Looking at different employee mandate options. JG - Is there a timeline? We're at 13% positive rate and it is probably too late for Omicron. As you hire the new public health nurse are asking vaccination status? AC - clarifies that the COVID nurse position is a school floater position. We are looking at vaccination status of new as well as current employees. We aren't looking to drag this out. JG - asks about mitigating community efforts are capacity limits on the table. AC - not

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

at this time. JG- we ask students testing positive on an antigen test to self report. Are we also asking residents to do the same? AC - The school environment is much more controlled. For the general community it is a struggle to operationally collect the positive data via MAVEN. Cannot link close contact within this system and track positive at-home antigen tests. JG - Are negative antigen test results are being discussed for municipal staff similar to students? Right now city hall staff are able to return to work on day 6 following a positive test without a negative test? AC - symptoms are the indicator; if someone has symptoms they are asked to stay home

Councilor Stewart offers feedback regarding Health Department communication. Exercise caution and be crystal clear, particularly that directed to parents regarding change in school policy. When an email is unclear it can create more noise than necessary. Offers assistance.

Councilor Eccles ("JE") clarifies vaccination status of job applicants - is status required now? AC - no. JE - concerned with Melrose becoming a place where unvaccinated people apply to work. Wants all employees to feel safe.

Councilor Garipay ("MG") asks for details on how the vaccine clinics work, what is the process with the state? AC - trying to find balance with state. The vax bus can be brought to the community and has now come to Melrose congregant housing. We were able to provide 2, 000 boosters and are determining what group has the most need at this time. Looking at regional events with surrounding communities to share resources like staff.

Councilor Karamcheti ("MK") asks if deeper analytics are available regarding the positive cases to determine needed support? AC - some of the state data is detailed and they are examining it to see where the need is?

Councilor Williams ("RW") asks if a public testing program is being considered? AC - working with the state to provide a resource that will be Melrose region specific. Currently testing is being done by private companies - CVS, Walgreens, Square One.

VIII. REPORTS - RULE 53

Councilor MacMaster informs the Council of the Veterans Day activities planned for Thursday, November 11, 2021 beginning at 11 a.m. The ceremonies will in part include the dedication of

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

56 new bricks in the Vietnam reflection area and will move over to the Vietnam memorial on Main Street and then cross the street where Mayor Brodeur will unveil the restored honor roll. Looks forward to a strong showing from the Council.

IX. CALENDAR

1. **ORDER-2022-39 :** Approval by the Melrose City Council of the City's ward and precinct boundaries and map as enumerated herein in accordance with Massachusetts General Laws, Chapter 54, sections 1 and 2 and the 2020 U. S. Census population data.

From: City Council PASSED

Councilor Tramontozzi states that at the time of the October 18th meeting a presentation was made by a state representative and the Council was led to believe there was essentially one map the City working group was using and this was approved as voted upon by the Council. After further review he determined there was another map used by the working group and this was not presented. He felt a motion to reconsider was in order however further examination determined that the map was an unofficial version with inaccurate census data so he is satisfied that the earlier working map would not have an any effect on the vote and moves to withdraw his motion for reconsideration. Both motions are attached to the order.

RESULT: NO ACTION TAKEN

X. ADJOURNMENT

Prior to adjourning, Councilor MacMaster asks if the contracts order recommended for passage earlier in the Appropriations meeting would be pulled for a vote this evening. President Cinella believes because this is a monetary order it should wait until the next meeting. Councilor MacMaster states the Council has procedurally pulled items up previously and notes there is an interest from the firefighters and the union to receive the retroactive pay. Says they have been monitoring the proceedings and expected this to be pulled out of committee and if there is something to point to say the Council can't then so be it but he wanted inquire publicly.

President Cinella asks that senior Councilor Tramontozzi weigh in procedurally on this monetary order being pulled out of committee the night of. Councilor Tramontozzi defers to the Appropriations committee chair and although he understands this request to get the funding as soon as possible, an opportunity to be heard by the public is still warranted so putting it on for the full board would be appropriate.

Motion: Adjourn

Motion: Adjourn
By: Councilor McNaught, Second: Councilor Jamaleddine - motion carried.

III. PUBLIC COMMENT

Public Comment

Without objection, President Cinella moves to open Public Comment by unanimous consent

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Bob Driscoll, Melrose Firefighter and Secretary/Treasurer of Local 1617 speaks to order 2022-42; notes the long contract process and items bargained for over the past 18 months. The pandemic battle was challenging to members who provide initial care to residents. The $8.2M ARPA allowance of premium pay for first responders was not adopted; the decrepit and dilapidated facilities have not been addressed - nothing has been done to the firehouses lived in 24/hrs a day;365 days a year.

F. McSweeney speaks to order 2022-41; thanks Councilor MacMaster for his advocacy in facilitating the grant and surveying Lincoln parents to solicit ideas. Great to participate in this state program. Ped/Bike supports the order.

Without objection, President Cinella moves to close Public Comment by unanimous consent

SECONDER:	Jen Grigoraitis, Ward 6
AYES:	Cinella, Eccles, Jamaleddine, Migliorelli, Tramontozzi, McNaught, Stewart, Garipay, MacMaster, Grigoraitis, Thomas

1. **ORDER-2022-39 :** Approval by the Melrose City Council of the City's ward and precinct boundaries and map as enumerated herein in accordance with Massachusetts General Laws, Chapter 54, sections 1 and 2 and the 2020 U. S. Census population data.

Sponsored by: Mayor Paul Brodeur

From: City Council PASSED

Councilor Migliorelli notes this comes from Finance without recommendation. Briefly reviews the discussion for those not in attendance Thursday night: the Community Engagement Director of the state election committee discussed the process. The SEC has urged the council to turn in the map as soon as possible so they may return the shape files to the legislature who will attempt to conform the districts appropriately. He also stated the provided map was not a suggestion. On discussion Councilor MacMaster rests on his comments made in committee; notes that he is committed to working with Councilor Stewart and the upcoming Councilor for Ward 7 to help with the transition and any ongoing issues for Ward 5 residents. Councilor Grigoraitis adds as

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

noted all 7 Wards will see boundary shifts with the most significant in Ward 5 due to the bulk of the City's population growth. Is sure this body - those who continue to serve, those stepping down and those joining the council in January - are committed to making sure all residents know who their representative is and how to access them.

2. **ORDER-2022-29 :** Authorization of a Bond in the amount of $21,010,000, for the purpose of paying costs of the Melrose Public Library Renovation Project

Offered by: Mayor Paul Brodeur

From: Appropriations Committee RECOMMEND PASSAGE

Prior to the vote Councilor Grigoraitis notes the significance of the matter before the Council and thanks the Administration for educating members and the community. She also thanks President Cinella and Chair McNaught for the thoughtful timing and discussion. She is appreciative of the expended efforts of all involved stakeholders.

There is procedural discussion after Councilor Stewart queries whether the order should be held until the next full council meeting to let residents respond to and understand the earlier discussion in committee; is this something members should consider? Councilor McNaught is happy to withdraw his motion for passage. President Cinella says the council has heard from the public and there have been no negative comments to date. Councilor McNaught agrees, says the council has done its' due diligence and has not received negative feedback to the proposal. Previous budget orders have been disposed of similarly. Councilor Garipay, while in support of the Order, does understand the request to hold over as well.

RESULT:	**PASSED [UNANIMOUS]**
MOVER:	Jeff McNaught, Ward 2
SECONDER:	Leila Migliorelli, At-Large

III. PUBLIC COMMENT

Public Comment

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Without objection, President Cinellas moves by immediate consideration to open public comment.

Mr. Stead asks that the Board of Health go out and inspect the dumpsters in the downtown area, specifically those servicing food establishments. Ms. Berardi asks about the trashcans in City parks and on Main St. that do not have covers and thanks Council for efforts.

Without objection, President Cinellas moves by immediate consideration to close public comment.

Statement of Recess

Without objection President Cinella recesses the meeting at 8:20 pm to return to committee.

Suspend the Rules

Upon resumption of the meeting President Cinella suspends the rules of order of the City Council without objection.

IV. RESOLUTIONS

Immediate Consideration / No Objection

Motion: Immediate Consideration
By: Councilor Jamaleddine - No Objection

RES-2021-5: A Resolution Honoring the Accomplishments of Benjamin D. Parker and Shane Buckley-Fennell as Eagle Scouts.

Sponsored by: At-Large Maya Jamaleddine, Ward 5 Shawn M. MacMaster

Co-Sponsors Jamaleddine and MacMaster offer the resolution. Councilor MacMaster notes the Eagle Court ceremony recently attended and advises Ben is the council liaison to the veterans advisory committee and Shane, a Ward 5 resident. Councilors were unable to speak at their outdoor ceremony due to torrential rains.

No one comes forward.

Without objection, President Cinella moves to close public comment.

IV. COMMUNICATIONS AND REQUESTS FROM HIS HONOR, THE MAYOR AND OTHER CITY OFFICIALS

1. **ORDER-2022-12 :** Appointment of Chris Redfern. 2 Spear St., to the Conservation Commission; said term to expire on the last day of February 2024.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Offered by: Mayor Paul Brodeur

RESULT:	ASSIGNED TO COMMITTEE

2. **ORDER-2022-13 :** Appointment of Sarah MacLellan to serve as Chief Assessor for the City of Melrose

Offered by: Mayor Paul Brodeur

RESULT:	ASSIGNED TO COMMITTEE

3. **ORDER-2022-14 :** Appointment of James Oosterman, 54 Ellis Farm Lane, to the Affordable Housing Trust, for a two-year term, said term to expire the last day of January 2023.

Offered by: Mayor Paul Brodeur

RESULT:	ASSIGNED TO COMMITTEE

4. **ORDER-2022-15 :** Reappointment of Douglas MacDonald, 47 Botolph St., to the Cemetery Commission for a three-year term; said term to expire on the last day of February 2024

Offered by: Mayor Paul Brodeur

RESULT:	ASSIGNED TO COMMITTEE

5. **ORDER-2022-16 :** Amending Chapter 198 of the Revised Ordinances of the City of Melrose Solid Waste and Recycling Ordinance Update and Schedule of Fees

Offered by: Mayor Paul Brodeur

RESULT:	ASSIGNED TO COMMITTEE

Motion: Immediate Consideration / No Objection 2022-17

Motion: Immediate Consideration
By: Councilor Eccles - No Objection

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

RESULT:	**PASSED [UNANIMOUS]**
MOVER:	Jack Eccles, At-Large
AYES:	Cinella, Eccles, Jamaleddine, Migliorelli, Tramontozzi, McNaught, Stewart, Garipay, MacMaster, Grigoraitis, Thomas

6. **ORDER-2022-17 :** Acceptance of Municipal Vulnerability Preparedness (MVP) Grant from the Massachusetts Executive Office of Energy and Environmental Affairs (EOEEA) in the amount of $108,655

Offered by: Mayor Paul Brodeur

Director Elena Proakis-Ellis and Engineer Jay Coy provide an update regarding this two year Mystic River Watershed stormwater study for the reduction and prevention of water body/tributary flooding focusing primarily on the Northwestern section of the City. Sixteen member communities are participating and there is no cash match required.

Questions include:
Where specifically is the study focused (R. Stewart). We know where flooding occurs but what can be done to address it? Ward 3 is largely impacted by Fellsway and West Wyoming flooding. It would be helpful to know what can be done with the money (R. Stewart). Jay Coy advises the phased study will address where/why in year one and create tools/policy changes in year two. Director Ellis notes a good reference point for data is the hazardous mitigation plan produced by DPW several years ago.

What residents will be impacted; will they be notified and are there results of previous studies. Will flood zones change? (M. Jamaleddine). Director Ellis indicates the Ell Pond area was analyzed not long ago so she does not believe zoning will change and Coy notes flood zones are FEMA driven. The study surveyors may impact areas. The Watershed spear-heads the program that began by addressing lower Mystic water bodies. There are no results yet.

Given the last mitigation study what has been done to address areas and how often does the FEMA flood map have to be updated. When were Melrose flood maps last updated. (J. McNaught). Director Ellis said mostly this is grant chasing and she is not sure there is a flood map update schedule. The Lebanon/Sylvan street area qualifies for FEMA funding and that is still pending. Planning Director Gaffey adds that the maps have been updated within the past 5 years.

Is the grant money already earmarked for Melrose or part of a package (J. Tramontozzi) The total is part of a package according to Coy.

Any idea when the Lebanon/Sylvan St. FEMA grant money will be forthcoming (C. Thomas)? Director Ellis says we've answered email after email but still haven't been given a date.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

RESULT:	**PASSED [UNANIMOUS]**
MOVER:	Jack Eccles, At-Large
SECONDER:	Jeff McNaught, Ward 2
AYES:	Cinella, Eccles, Jamaleddine, Migliorelli, Tramontozzi, McNaught, Stewart, Garipay, MacMaster, Grigoraitis, Thomas

7. **ORDER-2022-18 :** Acceptance of the American Rescue Plan Act (ARPA) grant in the amount of $8,374,174.

Offered by: Mayor Paul Brodeur

RESULT:	**ASSIGNED TO COMMITTEE**

Motion: Immediate Consideration / No Objection 2022-19

Motion: Immediate Consideration
By: Councilor Eccles - No Objection

Councilor MacMaster requests proffer as to why immediate consideration sought.

RESULT:	**PASSED [UNANIMOUS]**
MOVER:	Jack Eccles, At-Large
AYES:	Cinella, Eccles, Jamaleddine, Migliorelli, Tramontozzi, McNaught, Stewart, Garipay, MacMaster, Grigoraitis, Thomas

8. **ORDER-2022-19 :** Authorization to Accept a Grant in the amount of $101,108 from the Massachusetts Executive Office of Energy and Environmental Affairs (EEA) Municipal Vulnerability Preparedness (MVP) Program; and Authorize the Mayor to Execute a Contract with EEA

Sponsored by: Mayor Paul Brodeur

Planning Director Gaffey notes this joint application (with Malden/Medford) is for technical assistance in developing building guidelines and does not require a cash match.

RESULT:	**PASSED [UNANIMOUS]**
MOVER:	Jen Grigoraitis, Ward 6
SECONDER:	Mark Garipay, Ward 4
AYES:	Cinella, Eccles, Jamaleddine, Migliorelli, Tramontozzi, McNaught, Stewart, Garipay, MacMaster, Grigoraitis, Thomas

Motion: Immediate Consideration / No Objection 2022-20

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Motion: Immediate Consideration
By: Councilor Eccles - No Objection

Councilor MacMaster requests proffer for why immediate consideration sought.

RESULT:	**PASSED [UNANIMOUS]**
MOVER:	Jack Eccles, At-Large
AYES:	Cinella, Eccles, Jamaleddine, Migliorelli, Tramontozzi, McNaught, Stewart, Garipay, MacMaster, Grigoraitis, Thomas

9. **ORDER-2022-20 :** Authorization to accept two grants in the amounts of $6,500 and $10,068 from the Massachusetts Emergency Management Agency (MEMA)

Offered by: Mayor Paul Brodeur

Strategic Initiatives Director Margot Fleishman advises there was no opportunity to bring this item forward until now and the funds will be spent by 30 September 2021. The $6,500 will be used for emergency preparedness and the $10,068 is a haz-mat training grant for all departments and for upgrading the training facility area.

RESULT:	**PASSED [UNANIMOUS]**
MOVER:	John N. Tramontozzi, Ward 1
SECONDER:	Jack Eccles, At-Large
AYES:	Cinella, Eccles, Jamaleddine, Migliorelli, Tramontozzi, McNaught, Stewart, Garipay, MacMaster, Grigoraitis, Thomas

10. **ORDER-2022-21 :** Amending Chapter 228 of the Revised Ordinances of the City of Melrose Water, Sewers, and Drains

Offered by: Mayor Paul Brodeur

RESULT:	**ASSIGNED TO COMMITTEE**

Motion: Immediate Consideration / No Objection 2022-22

Motion: Immediate Consideration
By: Councilor Thomas - No Objection

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

RESULT:	**PASSED [UNANIMOUS]**
MOVER:	Cory Thomas, Ward 7
AYES:	Cinella, Eccles, Jamaleddine, Migliorelli, Tramontozzi, McNaught, Stewart, Garipay, MacMaster, Grigoraitis, Thomas

11. **ORDER-2022-22 :** Informational Update - Sewer Asset Management Grant Progress

Offered by: Mayor Paul Brodeur

Director Ellis provides a progress report on the project with a visual presentation including an interactive map of underground infrastructure. Councilor Tramontozzi asks if this could be used to track rats. Councilor MacMaster asks how much of the mapping data is historical versus contemporary. Director Ellis advises the map is present day (2020) and will move forward in time. It is not publicly available due to safety as the information relates to city-wide infrastructure.

RESULT:	**PLACED ON FILE [UNANIMOUS]**
MOVER:	Cory Thomas, Ward 7
SECONDER:	Jack Eccles, At-Large
AYES:	Cinella, Eccles, Jamaleddine, Migliorelli, Tramontozzi, McNaught, Stewart, Garipay, MacMaster, Grigoraitis, Thomas

12. **ORDER-2022-23 :** Acceptance of Fifty Thousand Dollars ($50,000) from a FY2022 State Budget earmark providing grants to Councils on Aging

Offered by: Mayor Paul Brodeur

RESULT:	**ASSIGNED TO COMMITTEE**

13. **ORDER-2022-24 :** Request for the authorization to issue $1.5 million bond to fund for the roadway component of the City's Multi-year Utility and Roadway Improvement Program

Offered by: Mayor Paul Brodeur

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

RESULT:	**ASSIGNED TO COMMITTEE**

V. NEW BUSINESS

1. **ORDER-2022-25 :** Amending Chapter 198, Article II , Section 198-2 of the Revised Ordinances of the City of Melrose Collection and Disposal

Sponsored by: Ward 5 Shawn M. MacMaster, Ward 6 Jen Grigoraitis

RESULT:	**ASSIGNED TO COMMITTEE**

3. **ORDER-2022-3 :** Authorization of Accept Two renewable AFDA grants in the amount of $2,500.00 each for the Health Department

Sponsored by: Interim Health Director Elaine Silva

RESULT:	**ASSIGNED TO COMMITTEE**
TO:	Appropriations Committee

4. **ORDER-2022-4 :** Authorization to Accept a Grant in the amount of $28,822.75 from the MassDOT Shared Streets and Spaces Program; and Authorize the Mayor to Execute a Contract with MassDOT; funds to be deposited into Fund #4043

Sponsored by: City Planner Denise Gaffey

Office of Planning and Development Director Gaffey explains this is an award from the DOT. Collaborative initiative between DPW and OPD; funding for improvements to Central Terrace Alleyway and a mural also partly funded through the wayfinding initiative. No match required. Immediate sought as muralist is ready to go and paving can be done as well. Councilor Thomas asks for details on the mural. Gaffey explains it will extend on the side of the YMCA building and on the pavement. OPD will inform impacted residents and businesses. Councilor Grigoraitis thrilled with the project; also happy from a safety perspective for a permanent solution that also provides for outdoor seating. Councilor Eccles notes this was a suggestion from the Traffic Commission.

Sponsored by: City Planner Denise Gaffey

Sustainability Manager Martha Grover speaks to the grant; 6th green community grant. After consulting with DPW the plan is to convert the original 1000 gallon hot water tanks at MHS; downsizing the capacity for the electric heat pump hot water heaters. Also planned is converting the Lincoln school lighting to LED (in the &%)K club) Asking for immediate to allow for the hot water project to be completed before school opens.

Councilor MacMaster inquires about a match and learns there is none.

From: City Council ASSIGNED TO COMMITTEE

President Cinella provides clarity noting the order returns merely for purposes of sponsorship and the matter is then returned to the Legal and Legislative committee.

RESULT:	**ASSIGNED TO COMMITTEE**
TO:	Legal & Legislative Committee

Point of Inquiry

Motion: Point of Inquiry
By: Councilor MacMaster

Councilor MacMaster seeks confirmation surrounding Order 2022-1 stating the matter as noticed on the agenda is for a Board Appointment however the presentation of the information seemed to revolve around the position of Chief Assessor for the City. Seeks clarification from the Administration as to intent as the vote by the Council was for a board appointment versus filling a department head which would not typically happen at a first reading anyway. The materials included seemed to point toward a department head.

Mayor Brodeur says it is his understanding that the Board of Assessors hires the Chief Assessor and concurrently that person serves on the Board of Assessors.

VI. NEW BUSINESS

1. **ORDER-2022-11 :** An Order on the Status of Various Park Commission Projects

3. **ORDER-2021-133 :** An Appropriation from Free Cash, account 01-324001, in the amount of $502,500 to various Park Capital Project Accounts as set forth herein.

From: Appropriations Committee RECOMMEND PASSAGE

Councilor Garipay references a memo from Parks Commission Chair Bill Gardiner that sought to amend the order and give the commission the authority over the scheduling and management of the project. He notes the charter speaks to the charge of the Parks Commission. His bigger concern is that the body felt the need to present the amendment in the first place to achieve this project in a timely manner.

Councilor MacMaster finds it disconcerting to receive a memo from the Parks Commission asking to be empowered over something they are already empowered with - oversight of our park lands. He interpreted the memo as a fight by the Commission to be relevant and notes that the Administrative Code, the expertise and experience of the Commission members and their track record of success over the years proves their relevance. However, it is clear that the Mayor is the ultimate decision maker and drives the direction of the project while the Parks Commission executes. He his hopeful that after this meeting the Mayor and the Parks Commission will meet and review the project. It is important to state publicly that under local law this is not project management to be assigned to DPW or Planning as it is clear the Parks Commission has jurisdiction. Notes that the request of the memo goes beyond what is codified in City law and would be a breach of authority. Need to monitor the situation to be certain the Parks Commission is doing what it is fundamentally charged with.

Councilor Grigoraitis also surprised to see the offer of the amendment. Typically, only Council members offer amendments. Agrees this seems to be a question of lack of clarity in the charter and the way to address that is for a charter review not an amendment. As we move forward offers a reminder that we all must do the work mindful of the open meeting law which requires no deliberation outside a meeting. Acknowledges the burden of taking on a complex project in a way that engages the public while also being in compliance with law.

PROPERTY ASSESSMENT PROFESSIONAL

A results-oriented, proven professional with in-depth knowledge of modern property appraisal principles and practices. A team player and high-energy achiever, who thrives in challenging situations and brings a thoughtful, detail-oriented approach to fair and equitable property valuation. Skilled in performing property inspections and preparing records and reports according to accepted standards. With extensive background in customer service; very effective in oral and written communication, exercising discretion in contentious situations. Demonstrated ability to establish effective working relationships and interact tactfully with City employees, officials, and the general public.

CORE COMPETENCIES

- Data Management
- Project Management
- Goal Setting
- Collaboration
- Organization
- Scheduling
- Strategic Planning
- Process Improvements
- Best Practices
- Multi-Tasking
- Reporting
- Troubleshooting
- Customer Service
- Problem-Solving
- Operational Efficiencies
- Peer Training
- Communication
- Attention to Detail

PROFESSIONAL EXPERIENCE

City of Melrose, Assessors' Office, Melrose, MA

2017 – Present

Assistant Assessor

Perform technical work involved in the appraisal and examining of real property for assessment purposes to Mass Appraisal Standards according to state and local laws. Provide internal and external customer service and assistance to the Chief Assessor as needed.

- Perform physical inspections of residential and commercial properties; develop building sketches and take exterior measurements.
- Inspect and monitor land use and zoning changes, deed transfers and subdivision changes.
- Update and maintain CAMA database to ensure retention of accurate assessment records.
- Explain mass appraisal method and techniques to the general public and respond to questions and concerns relating to appraisal methods.
- Assist with preparation for defense of values in cases before the Appellate Tax Board.
- Gather property data from building plans, building permits, City officials, contractors, lawyers and real estate agents.
- Respond to inquiries from taxpayers, brokers and appraisers in person, via e-mail and by telephone.
- Review, analyze and process exemption and abatement applications for final review by the Board of Assessors.
- Prepare and distribute abutters' lists.
- Attend professional development conferences and training in order to stay informed of Massachusetts Laws and Regulations concerning taxation and to stay up to date on changes and trends in the Assessing field.

City of Melrose, Auditors' Office, Melrose, MA 2016 - 2017

Accounting Clerk

- Led the Accounts Payable process for the City and School Departments, ensuring that finances were accurate and up-to-date and that vendors were paid within established time limits.
- Streamlined the Accounts Payable Process - consolidated A/P warrants from 360 to 280 year over year.
- Audited invoices submitted by all Departments, confirming that proper documentation was submitted in compliance with policy.
- Processed the weekly warrant and check run, coordinated with the Treasurer's office to ensure funds were transferred accordingly.
- Researched payment inquiries for internal and external customers.
- Maintained vendor records in MUNIS system, ensuring that W-9s were received in accordance with the Department of Revenue.
- Conducted training for other departments relating to guidelines for encumbrances and invoice paying in accordance with M.G.L.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Calypso Cards, Newport, RI 2011 – 2015

Accounting Specialist

- Responsible for all facets of receivables management including managing the general ledger, preparing weekly A/R reports, cash application duties, and providing performance data to Managing Director.
- Utilized exceptional client management skills to collect outstanding accounts and resolve delinquencies.
- Reduced average weekly outstanding delinquent accounts by 80%.
- Established new accounts, evaluated credit risk, and determined credit limits and payment terms utilizing trade and bank references as required.
- Prepared annual tax forms for distribution.
- Worked closely with Finance Director to ensure all invoices and credits were current.
- Calculated and processed monthly commission payments for sales representatives.
- Established new procedures to streamline A/R processes within the company.

Viabella (formerly Marian Heath Greeting Cards), Wareham, MA 2009 – 2011

Field Sales Representative, Boston territory

- Maintained and increased greeting card sales in retail stores in the greater Boston area.
- Established and maintained relationships with store managers.
- Shared brand and product knowledge with store managers and their customers.
- Met with buyers to determine upcoming needs and recommend possible changes in stores.

CIGNA Group Insurance, Newton, MA 2008 – 2009

Sales Administration Senior Associate

- Responsible for all internal sales administration functions and support for National Account Sales Manager.
- Created sales presentation proposal materials for clients and brokers.
- Updated sales reporting system with sold case information on a weekly basis.
- Prepared finalist meeting sales presentations.

Viabella (formerly Marian Heath Greeting Cards), Wareham, MA 2005 – 2008

Key Account Manager

- Created successful Key Account Department within the company. Developed end-to-end workflow processes to track projects from initial product recommendations through program deployment in multi-rooftop chains, such as Books-A-Million, Albertson's, Garden Ridge, and Dicksons.
- Conducted sales analysis, recommended new products and strategies to support seasonal sales cycles and goals.
- Independently managed and maintained custom printing account that generated over $600,000 wholesale per year.
- Increased wholesale sales for company's largest key account by 17% year-over-year.
- Developed comprehensive service operations manuals to be used by field merchandisers in retail stores.
- Managed systems transition during acquisition of subsidiary company, Renaissance Greeting Cards.
- Initiated and implemented use of EDI (Electronic Data Interchange) Order Process.

Graphique de France, Woburn, MA 2004 - 2005

Key Account Assistant

- Supported Vice President of Sales and Key Account Managers in sales efforts to major accounts such as TJMaxx, Staples and Barnes & Noble.
- Evaluated and analyzed retail sales and product line data, conducted sell-through and historical sales reporting for presentation to sales managers and customers.
- Communicated with buyers on all aspects of sales programs including program proposals, image recommendations, product availability, terms negotiation and progress updates.
- Represented the company at major sales presentations and national industry trade shows.
- Developed internal sales reporting process resulting in more efficient analysis and presentation of sales data.
- Enhanced customer presentations focusing on year -over-year accomplishments of sales goals.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Graphique de France, Woburn, MA 2001 - 2004

Sales Account Coordinator

- Worked with CEO to maintain and increase sales in major accounts including Tuesday Morning, HomeGoods, Century 21 Department Stores and Ross Stores.
- Independently generated over $150,000 in sales.
- At request of company President, independently managed several major accounts: Papyrus, Museum of Fine Arts Boston and Mattel. Supported Sales Account Director to manage and maintain key accounts such as Borders, Target and Cost Plus.
- Created and distributed monthly national sales reporting to twelve sales representative groups throughout the US.
- Communicated with field sales reps and distributed new product release information.

Graphique de France, Woburn, MA 2000 – 2001

Publishing Assistant

Responsible for all correspondence with designers, photographers and artists who supplied art work for calendars and stationery. Trafficked artwork, photographs, printer's proofs between design, pre-press, and printing departments.

EDUCATION

Bachelor of Science, Business Administration,
University of Mary Washington (formerly Mary Washington College), Fredericksburg, VA

CERTIFICATIONS & AFFILIATIONS

SARAH A. MACLELLAN

66 Wheeler Avenue | Melrose, MA 02176
(978) 502-3837 | sarahmaclellan1@gmail.com

May 27, 2021

Dear Hiring Managers,

I would like to formally apply for the Chief Assessor position at the City of Melrose. When reviewing the position requirements, I find that my qualifications and strengths align with the current needs and focus of the Melrose Assessor's Department.

For the past five years I have worked for the City of Melrose, first in the Auditor's Office as an Accounting Clerk, and since 2017, as the Assistant Assessor. During this time, I have obtained my designation as a Massachusetts Accredited Assessor and have acquired a comprehensive set of technical skills that would assist me in doing the work of the Chief Assessor.

I have also demonstrated my ability to work with leaders across City departments, consistently earning praise for my work ethic, attention to detail, strong adherence to policies and guidelines, and using sound discretion in handling sensitive information.

Throughout my work in previous roles and in my current position, I have developed strong interpersonal skills and the ability to communicate in a tactful and effective manner, always responding to customers' inquiries and requests with a friendly and positive attitude.

I hope you will find that this brief summary, in combination with the attached resume, describes a dedicated employee with the skills and enthusiasm to meet the requirements of the position of Chief Assessor in Melrose.

I appreciate your consideration and look forward to discussing this opportunity with you in the near future. Please let me know if there is any other information I can provide that will support my candidacy for this position.

Best Regards,

Sarah MacLellan

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The Melrose Honor Roll was dedicated on October 7, 1945, to commemorate the service of Melrose residents that were killed in action during World War II. At a later time, the names of Melrose residents killed in action during the Korean and Vietnam wars were added. The Director of Veterans Services for the Melrose-Wakefield-Saugus (MWS) Veterans Services District is requesting bids to preserve this monument during the forthcoming 'Melrose Honor Roll Preservation Project.' Bidders are required to demonstrate experience performing this type of work. The work described herein will be conforming with the Secretary of the Interior's Standards for the Rehabilitation of Historic Buildings. This monument is a contributing structure in the Downtown Melrose local historic district (LHD). Prior to any work being performed that is visible from the public way, a certificate of appropriateness must be secured from the Historic District Commission. Either the Building Commissioner or the Director of the Office of Planning and Community Development may deem this requirement as non-applicable at their sole discretion. The scope of work aligns with a preservation approach in which the retention of historic building fabric will be retained whenever possible.

The condition of the architectural woodwork of the monument ranges from fair to very poor. Where large sections are missing and/or rotted, wholesale replacement in kind is required. Replacement materials shall match existing in size, shape and dimension and be composed of a sustainable wood such as sapele, Spanish cedar or African mahogany. New wood materials shall be primed with an oil-based primer on all surfaces, including miters and scarf joints. New wood materials shall be painted twice on all surfaces, including miters and scarf joints, with a Benjamin Moore or Sherwin Williams high grade, exterior acrylic paint with a flat sheen. New wood materials shall be installed with stainless steel trim screws.

At some locations, such as that illustrated above, only a portion of the historic fabric is rotted and failing. Contractor shall cut out only that section to allow for a "dutchman" repair. The new repair piece shall fit snugly in the space created when the rot is removed. The new repair piece shall be composed of a sustainable wood such as sapele, Spanish cedar or African mahogany. New wood repair materials shall be primed with an oil-based primer on all surfaces, including cut sides. New wood materials shall be painted twice on all surfaces, including cut sides, with a Benjamin Moore or Sherwin Williams high grade, exterior acrylic paint with a flat sheen. New wood repair materials shall be installed with stainless steel trim screws.

At the perimeter of the panels, a wooden stop bead molding keeps the glass in place. Where rotted/missing they shall be replaced in kind. At several locations, such as the bottom of the wooden mullion dividing the panels, above, deterioration does not warrant replacement. At these locations, the contractor shall preserve the architectural woodwork through the use of epoxy consolidants such as Arbatron and the West System. Once these materials have cured they will be sanded flat before painting.

Another view of the conditions found at the front of the monument. Note the paint

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

on the brick masonry. When the woodwork is painted, special care must be taken to ensure that this does not occur. Further, note the rust from previously used, ferrous steel fasteners bleeding through the paint. All fasteners used to preserve the monument shall be stainless steel. All mastic sealant used to fill fastener holes and seams shall be a high grade, white acrylic appropriate for exterior painting applications.

The paint coatings on the base, below the eagle, are peeling in a manner consistent with latex paint failures on sheet metal surfaces. The contractor shall remove failing paint coatings and repaint with an appropriate, direct-to-metal (DTM) paint material. The DTM paint used shall be sourced from Sherwin Williams or Benjamin Moore and be white in color. A minimum of two coats will be required.

The signage across the top of the honor roll, on both sides, is a later addition and in remarkably good condition. These sections should be left alone and not painted under the scope of the current project. The panels of the honor roll are accessed from the rear, as illustrated by the next slide. The white portions of these panels must be gently scraped and touched up with the flat, white paint specified elsewhere in this document. The black panels with gold lettering must not be touched and carefully protected through all phases of the project.

The panels of the honor roll are accessed from the rear. All wooden surfaces on the back (as well as the front) are to be scraped gently to remove loose and failing paint coatings. All surfaces will then be painted with a high grade, Benjamin Moore or Sherwin Williams, exterior acrylic, flat sheen paint. Care must be taken to protect the brick masonry and other surfaces during the course of the work.

The above image illustrates where dutchman repairs would be appropriate at the right of the center column. On the left side, where coatings have failed, striated wood rot may warrant the use of epoxy consolidants.

At a few very limited locations, mortar joint failures warrant minor repointing. Deteriorated joints should be raked to a depth of ¾” with hand tools, NOT with grinders. The repair mortar shall be an ASTM type N mortar with a medium compressive strength. The formula shall be: one part type N Portland cement to one part 3.5 NHL (lime) to six parts aggregate (mason’s “damp” sand). Prior to installation, the voids shall be sufficiently dampened. The mortar shall then be pointed into the joints in ¾” lifts. The final tool struck finish shall match existing mortar joints. Repointing shall not take place in direct sunlight.

A stool cap molding profile frames the individual back sides of the panels. Where failures have occurred, as illustrated above, pieces should be replaced in kind. This moulding profile is commercially available at Anderson McQuaid in Cambridge.

The outer wythe of the brick cheek wall on the north side of the monument has failed. The likely cause is a failure in the footing, or brick shelf, below grade. Contractor shall excavate only as deeply as needed, with hand tools, to the base footing. The section of brick masonry that have rolled off the brick shelf shall be removed, mortar cleaned off, and set aside for reinstallation. The repair to the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

base will require repair tie-ins and the pouring of a new, 4000 PSI concrete section. The brick shall then be reset in an ASTM type N mortar matching that described for the minor repointing repairs. If necessary, the precast concrete caps shall be reset. Any repointing of the joints between the caps shall be consistent with that proscribed for the brick masonry repointing.

The eagle will also be painted during the project. The exact paint will be specified after determining whether the material is wood or sheet metal. One will necessitate the use of DTM paint while the other will allow for use of a high gloss, acrylic paint. Contractor shall anticipate either contingency in his lump sum bid.

Project coordinator:

Karen Burke, Director of Veterans Services
Melrose-Wakefield-Saugus (MWS) Veterans Services District
Melrose City Hall, 562 Main Street, Melrose, MA 02176
T: 781.979.4186
F: 781.979.4509
E: KBurke@cityofmelrose.org

Bid submittal:

All bids must be delivered by mail or courier to the above address, or electronically via email, to Karen Burke, Director of Veterans Services, NLT 12 o'clock noon on Friday, June 11th, 2021. Firms that elect to submit a hard copy bid will return the enclosed bid form in a sealed envelope labeled MELROSE HONOR ROLL PRESERVATION PROJECT BID. Late bids will not be accepted. Incomplete bid forms will be rejected.

Lump sum bid:

Bidding firms pledge to deliver the complete scope of services required for the project for a lump sum, "not to exceed" fixed amount. Bidders are encouraged to examine existing conditions closely before submitting a proposal. No extra work is anticipated. Any work performed beyond the base bid scope shall be performed only after a change order has been issued and authorized by the project coordinator. Contractor will not be reimbursed for any extra work performed without a change order issued by the project coordinator.

Qualifications:

All bidders will be required to demonstrate experience preserving architectural woodwork by providing complete contact information for three (3) references. Bid forms that fail to provide all requested reference contact information will be deemed incomplete and rejected. References will be contacted and asked questions

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

specific to bidders' competence relative to the preservation of architectural woodwork. References that are unwilling or incapable of providing such information will not be counted as one of the three required references.

The repair mortar shall be an ASTM type N mortar with a medium compressive strength. The formula shall be: one part type N Portland cement to one part 3.5 NHL (lime) to six parts aggregate (mason's "damp" sand). Prior to installation, the voids shall be sufficiently dampened. The mortar shall then be pointed into the joints in ¼" lifts. The final tool struck finish shall match existing mortar joints. Repointing shall not take place in direct sunlight.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

A stool cap molding profile frames the individual back sides of the panels. Where failures have occurred, as illustrated above, pieces should be replaced in kind. This moulding profile is commercially available at Anderson McQuaid in Cambridge.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Melrose Honor Roll Preservation Project

The outer wythe of the brick cheek wall on the north side of the monument has failed. The likely cause is a failure in the footing, or brick shelf, below grade. Contractor shall excavate only as deeply as needed, with hand tools, to the base footing. The section of brick masonry that have rolled off the brick shelf shall be removed, mortar cleaned off, and set aside for reinstallation. The repair to the base will require repair tie-ins and the pouring of a new, 4000 PSI concrete section. The brick shall then be reset in an ASTM type N mortar matching that described for the minor repointing repairs. If necessary, the precast concrete caps shall be reset. Any repointing of the joints between the caps shall be consistent with that proscribed for the brick masonry repointing.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Melrose Honor Roll Preservation Project

The eagle will also be painted during the project. The exact paint will be specified after determining whether the material is wood or sheet metal. One will necessitate the use of DTM paint while the other will allow for use of a high gloss, acrylic paint. Contractor shall anticipate either contingency in his lump sum bid.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Melrose Honor Roll Preservation Project

Project coordinator:

Karen Burke, Director of Veterans Services
Melrose-Wakefield-Saugus (MWS) Veterans Services District
Melrose City Hall, 562 Main Street, Melrose, MA 02176
T: 781.979.4186
F: 781.979.4509
E: KBurke@cityofmelrose.org

Bid submittal:

All bids must be delivered by mail or courier to the above address, or electronically via email, to Karen Burke, Director of Veterans Services, NLT 12 o'clock noon on Friday, June 11th, 2021. Firms that elect to submit a hard copy bid will return the enclosed bid form in a sealed envelope labeled MELROSE HONOR ROLL PRESERVATION PROJECT BID. Late bids will not be accepted. Incomplete bid forms will be rejected.

Lump sum bid:

Bidding firms pledge to deliver the complete scope of services required for the project for a lump sum, "not to exceed" fixed amount. Bidders are encouraged to examine existing conditions closely before submitting a proposal. No extra work is anticipated. Any work performed beyond the base bid scope shall be performed only after a change order has been issued and authorized by the project coordinator. Contractor will not be reimbursed for any extra work performed without a change order issued by the project coordinator.

Qualifications:

All bidders will be required to demonstrate experience preserving architectural woodwork by providing complete contact information for three (3) references. Bid forms that fail to provide all requested reference contact information will be deemed incomplete and rejected. References will be contacted and asked questions specific to bidders' competence relative to the preservation of architectural woodwork. References that are unwilling or incapable of providing such information will not be counted as one of the three required references.

To: The Honorable City Council

CC: Mayor Brodeur, Patrick Dello Russo

From: Karen Burke, Director of Veterans' Services

Subject: Honor Roll Memorial – Capital Stabilization Fund request in the amount of $20,000

I am writing to respectfully request an additional $20,000 in funding for the Melrose Honor Roll Preservation Project. Previously the Council granted a request for funding from Free Cash in the amount $30,000.

As the Council is aware, Melrose Veterans Honor Roll is one of the oldest (1945) veteran memorials in the City. The memorial honors City veterans of World War II, the Korean War and Vietnam. Given its prominent location on Main Street, the very poor condition of the memorial is causing concern for veterans and other residents of the City. The condition of the memorial needs to be addressed urgently before further deterioration occurs.

The request we made of the Council in May was based on a preliminary estimate received from a local tradesman. My office subsequently issued a RFP for the reconstruction work on May 25, and solicited seven bids. We received only one bid in the amount of $45,800 from a reputable and highly recommended firm that specializes in this sort of work.

This request includes an additional $4,200 over the bid price to cover any potential expenses due to the increased deterioration of the Honor Roll since the time of the initial bid, as well as to ensure that the work can be completed should unanticipated issues not in the original scope of work be discovered once work begins.

Below are the initial photos of damage to the memorial, as well as photos as of 7/7/2021 showing the increased damage. The rot on the front of the memorial has increased and there is additional rot on the back of the memorial, as well.

I feel confident that with this increased funding the project will be able to get underway in August, preventing further damage and retuning this important memorial to a condition that befits our commitment to honoring the service of Melrose's veterans.

Thank you for your consideration of this request.

ASSOCIATION OF FOOD & DRUG OFFICIALS
SINCE 1896

July 2, 2021

Grant Number: G-T-2106-09460
Project Title: Food Protection Program Training
Award Value: $2,775.00
Project Period: August 1, 2021 to December 31, 2021

Coral Hope
Melrose Health Department
562 Main St
Melrose, Massachusetts 02176

Dear Coral Hope:

We have approved your application for Food Protection Program Training as part of the Retail Standards Grant Program, funded by the United States Food and Drug Administration (FDA). Approval is based on review of the application submitted by you on behalf of Melrose Health Department to the Association of Food and Drug Officials (AFDO).

As part of your application your agency has made an assurance that it will comply with all applicable Federal statutes and regulations in effect during the grant period, including applicable parts of 45 CFR Parts 74 and 92. Acceptance of this award and/or any funds provided by the Retail Standards Grant Program acknowledges agreement with all of the terms and conditions in this award letter.

#	Report Dates	Report Type
1	February 14, 2022	Cat 3 Training Final Report

Your award is based on the above-title project application, submitted to and approved by AFDO, and is subject to the following terms and conditions:

- The grantee must complete the full scope of work and all tasks outlined in the approved grant application by December 31, 2021 unless a written exception is granted by the AFDO Programmatic Point of Contact for this grant award.
- Any changes to the scope, tasks, deliverables, or expenses of this project must be approved in advance and in writing by the AFDO Programmatic Point of Contact prior to work being

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

completed.

- The grantee must abide by the grant guidance for the program, available as a PDF file on the Retail Standards Grant Program portal at http://afdo.org/retailstandards. This portal is also the site where you can find additional information/updates regarding this grant program, and where you can log in for project status and submission of required reports.
- Per United States Department of Health and Human Services Grants Policy, expenses for food or beverage are generally not allowed unless it is part of a per diem allowance provided in conjunction with allowable travel.
- A Final Project Report must be submitted through the online grants portal no more than 45 days after December 31, 2021. As part of the final report, the grantee must provide a full accounting of all expenditures made with funds from this grant award, accompanied by the documentation specified in the reporting section of the grant guidance.
- As a reminder, recipients of funding through this program are required to assure that project activities achieve greater conformance with the FDA Voluntary National Retail Food Retail Program Standards, available at: http://afdo.org/fda_vnrfrps.

The amount of $2,775.00 represents the full amount of funds to which you are entitled.

This is the final year of a multi-year cooperative agreement, therefore, no extensions to the project period can be allowed. Grants will be canceled if not completed by the project end date.
Grant awards are made with the understanding that Retail Standards Grant Program staff may require clarification of information within your application, as necessary, during the application, project, or reporting periods. These inquiries may be necessary to allow us to appropriately carry out our administrative responsibilities.

This project is supported by the Food and Drug Administration (FDA) of the U.S. Department of Health and Human Services (HHS) as part of a financial assistance award U18FD005850 totaling $2,400,000 with 100 percent funded by FDA/HHS. The contents are those of the author and do not necessarily represent the official views of, nor an endorsement, by FDA/HHS, or the U.S. Government.

The Catalog of Federal Domestic Assistance (CFDA) number for this United States Food and Drug Administration grant, awarded to the Association of Food and Drug Officials (AFDO) on 8/11/2016, is 93.103. Your grant is considered a sub award under this AFDO grant.

If you have questions about this award, please contact your AFDO Programmatic Point of Contact. Additionally, the Retail Food Safety Specialist from your FDA Region is an integral part of your jurisdiction's successful completion of Retail Standards activities, and is available to assist with your funded project. Contact information for both individuals is listed below.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

We appreciate your ongoing commitment to achieving greater conformance with the Voluntary National Retail Food Regulatory Program Standards.

Sincerely,

Steven Mandernach

Elena Proakis Ellis
Melrose City Hall
562 Main Street
Melrose, MA 02176

Dear Elena Proakis Ellis:

Thank you for submitting a project application to the MassDOT Shared Streets and Spaces Program. Your project application has been reviewed, and we are pleased to notify you that your Hybrid: Main Streets and Safe Streets and Paths project has been approved for funding. We received many applications and had a competitive applicant pool from which to select, and your application stood out. Melrose's Hybrid: Main Streets and Safe Streets and Paths project will be funded at $28,822.75 under Chapter 90 Contract Number/ MMARS #50881. Ongoing maintenance, operational, and enforcement costs associated with a project are not eligible uses of this funding.

The Shared Streets and Spaces Program is intended to support projects that promote public health, safe mobility, and renewed commerce by providing new or repurposed space for socially-distanced walking, bicycling, dining, retail, civic activities, and bus travel. Because of the urgency of this effort, the Melrose project will need to be fully implemented by December 31, 2021. Please note that any pavement markings or signage included in your project that are not compliant with the Manual on Uniform Traffic Control Devices should be used with caution, and only on a temporary basis. Please feel free to contact the Shared Streets Team to discuss this issue in more detail, if needed.

Upon project completion, award recipients are required to submit a post-construction report, which will be provided to the municipality by MassDOT. We also ask that you document the project's progress by taking before, during and after photos of your Shared Streets and Spaces installation.

We are excited to work with you and the full Melrose team as this project advances.

Sincerely,

Jamey Tesler

RE: MassDOT Shared Streets and Spaces Program Grant Award

DATE: July 15, 2021

We are pleased to announce that the City of Melrose has been approved for a competitive grant through the Shared Streets and Spaces Program from the Massachusetts Department of Transportation (MassDOT). The award of $28,822.75 will provide funding for a project designed to activate outdoor space in the downtown business district in conjunction with the mural planned for Central Terrace, which will be painted on both the pavement and a portion of the YMCA building's façade. Activating the alleyways in downtown Melrose was a recommendation of the City's 2017 Master Plan and the need to create more spaces for outdoor socialization and activity has only increased as a result of the COVID-19 pandemic.

This grant will fund infrastructure upgrades along Central Terrace so it can serve as an effective canvas for the mural and a space for residents and visitors to walk, rest, and gather outside. The most substantial component of this work will involve repaving the alleyway and closing the curb cut at Main Street in order to reclaim this former vehicular driveway into a safe pedestrian pathway. The space will be enhanced with tables and chairs, lighting, wayfinding signage, and bicycle parking to create a comfortable and fun destination for community members of all ages. This will be an area where people can dine outdoors, admire the mural, and it can also potentially serve as a space for retail pop-ups and community programming.

We are asking for immediate consideration and approval of this award by the City Council so that the project can be completed this summer in line with the schedule for the mural installation and to maximize the public's ability to enjoy the space. There are no additional city funds required for completion of this initiative.

Thank you for your consideration. We look forward to reviewintg this with you at the July 19, 2021 City Council meeting. Feel free to contact either of us in advance of the meeting if you would like to discuss this further.

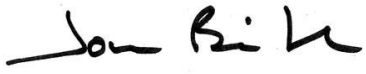
City of Melrose
562 Main Street
Melrose, MA 02176

Dear Mayor Brodeur:

I am pleased to inform you that the Department of Energy Resources (DOER) Green Communities Division has approved an award of $104663 for the following projects proposed in the town of Melrose's Green Communities Competitive Grant application:



- $34,101, High School— Domestic Hot Water (DHW) replacement
- $70,562, Lincoln Elementary School — LED lighting

The Division reviewed Melrose's grant application and has determined these are viable projects that meet the eligibility requirements of our Competitive Grant program. **Please note that, due to the competitive nature of this grant program, the use of these funds is restricted to the specifically- approved projects listed above. Please do not commence work until you are given a Notice to Proceed.**

Jane Pfister, Green Communities Grant Coordinator, will follow up with the contact listed in your competitive grant application to discuss next steps, including coordination of the grant contract process. The Green Communities Division looks forward to working with the City of Melrose on your grant projects. We congratulate you on your grant award and applaud your efforts to create a cleaner energy future for your community and the Commonwealth as a whole.

Please do not hesitate to contact Neal Duffy, your Regional Coordinator, or me at 617-823-4029 or by email at Joanne.Bissetta@mass.gov with any questions you may have regarding your grant award.

Sincerely,

Joanne Bissetta, Acting Director
Green Communities Division

MEMORANDUM

TO: Melrose City Council

FROM: Martha Grover, Sustainability Manager

RE: 2021 Green Community Grant Award

DATE: July 13, 2021

Last week Mayor Brodeur received notification of our sixth Green Community Competitive Grant award from the Massachusetts Department of Energy Resources (DOER). The award of $104,663 includes $34,101 for replacement of the domestic hot water (DHW) system at Melrose High School and $70,562 for LED lighting upgrades at Lincoln Elementary School. We are asking for immediate consideration and approval of this award by the City Council so that the projects can be completed in August before school starts.

This grant award of $104,663 plus $32,679 in approved National Grid utility incentives will fully fund the two projects and no additional matching or other funding is required. Immediate consideration is requested due to the tight timeline. Approval for the Mayor to sign the DOER contract as soon as possible allows us to initiate an Agreement to Proceed with the installers to get the equipment orders processed and underway as they expect supply shipment delays. The MHS DHW replacement project will require shutting off water at the school which has to happen before students return in September.

For this round, Melrose was eligible to apply for only $100,000 because we're in what DOER refers to as the "750K Club" or among the 42 municipalities that have already been awarded over $750,000 in grants over the years. To date, Melrose has received $1,069,620 in Green Community grant awards and over $1 million in utility incentives for a range of energy efficiency projects including an insulated white roof at Melrose High School, the LED streetlight conversion, a comprehensive HVAC upgrade at MHS, and a number of smaller energy projects at MVMMS, the Roosevelt, Lincoln, and Beebe Elementary Schools, City Hall, and the Milano Center.

Facility Manager Jay McNeil, Building Systems Supervisor Mark Thompson, and I are thrilled with this award and excited to complete these projects which will reduce energy use and also

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

fossil fuel emissions. We are replacing two massive gas-fired hot water heaters which are original to the building with four very efficient hybrid electric heat pump water heaters. The Lincoln LED upgrade follows a similar successful upgrade for the Roosevelt in 2020 with Green Community funding and will be one of six LED upgrades at schools this year which are partially funded with utility incentives expiring by 2022.

Finally, contractor procurement for Green Community projects is expedited under Section 44 of the Green Communities Act of 2008 (G.L. c.25A section 14) and as such, the contractors have already been identified and secured.

Thank you for your consideration. I will be available for questions at the July 19, 2021 City Council meeting but please don't hesitate to contact me in advance of the meeting if you need more information.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

This letter is in refence to my application to join the Council on Aging Board.

A resident of Melrose for 12 years, I recently retired from teaching in Political Science and the Honors Program at UMass Lowell after 25 years there, and in all a total of 40 years teaching in higher education.

My PhD is in Chinese Politics, however, over the years I've turned to other fields—first, worker health and safety (I've published a book on the topic), then on to race and identity. A couple of relevant experiences: I was a project manager for a joint Dana-Farber Cancer Center/UMass Lowell project on smoking cessation among union members. I have launched several programs at UMass Lowell promoting diversity, including a requirement in one class that the students prepare a 'Celebration of Diversity' gathering in which the students were responsible for, among other things, recruiting performers of any type from among the many racial and ethnic groups on campus.

I am also a veteran, as are many of the persons you serve.

My interest in joining the Board stems from wishing to give back to the community, and offering whatever skills I have to serve that community. The Council on Aging, seems a good fit for my skills, and I also am an older person myself. The aging community is large (18%) and this community has a poverty rate of 8%. This is thus a community with many needs, that the Council on Aging serves quite well. I have much to learn, but also could bring some ideas and outlooks that might prove useful.

My particular concerns are with increasing diversity among members and also, very broadly, global warming. In periods of extreme heat or cold or other extreme climate events, how well are of the needs of the aging community being served. Finally, as this is very much on the agenda in general in Melrose, I am interested in affordable housing for the aging community. However, of course, whatever needs doing I am willing to do if I am able.

Thank you,

Greg DeLaurier, PhD

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Mr. David Kourtz is a retired Melrose resident who has over fifty years of business management experience. He most recently was a consultant for Empower Success Corps for twelve years which is an agency that assists non-profits with capacity building, strategic planning, and growth strategies. Mr. Kourtz would like to assist the Council on Aging by actively being the voice of the community and helping the senior center become more progressive.

- Drafted the policy based on research and conversations with the municipal department heads
- The Buy-Recycled Policy passed the Westford Board of Selectmen on November 28th, 2017 as submitted

Green Office Program | Fellow | Amherst, MA — Jan. 2016 – May 2016

- Collaborated with the UMass Amherst Sustainability Office to complete a fellowship
- Consulted with twenty campus offices
- Increased environmental awareness through education opportunities with office workers
- Lowered the carbon footprint of UMass Amherst with energy, water, and waste reduction practices within each office

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The Mary's Community Thrift Store | Volunteer | Westford, MA June 2016 – Aug. 2016

- Formulated the most sustainable and cost-effective solutions for waste and packaging options at new facility

SKILLS

- Familiar and comfortable with correspondence via phone, email, Zoom, Google Hangouts, Microsoft Teams
- Proficient with Slate CRM software
- Proficient with Microsoft Office
- Customer service
- Qualitative and quantitative research

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

THAIS DE MARCO

Engagement and Membership Director
Massachusetts LGBT Chamber of Commerce — January 2020 – Present

- Create and revise, as needed, membership growth plans, under the direction of the Executive Director;
- Manage and oversee membership recruitment through a variety of engagement strategies;
- Set and meet bold membership growth goals;
- Create connections and partnerships with organizations that can further our engagement strategies and membership growth goals;
- Create venues for engagement and mutual assistance between/among members;
- Provide business technical assistance, in the form of 1:1 coaching and the identification of appropriate consulting services, to ensure member businesses' sustainability and growth;
- Ensure that members' needs are being met through programming, in collaboration with the Ideation and Program Director;
- Seek and secure funding opportunities for service provision.

Owner, TDM Photography
Sole Proprietor — September 2014 - present

- Maternity, newborn, family, event, product, and corporate photography.

Director of Economic Opportunity
Somerville Community Corporation, Somerville, MA — February 2016 – May 2017

- Managed and oversaw all Economic Opportunity programming at SCC: First Source Jobs Program, FTHB Counseling Program, Financial Literacy Program, Individual Development Account Program, and Foreclosure Prevention Partnership;
- Represented SCC at Massachusetts Community and Banking Council's Mortgage Committee meetings (alternate) and held a seat on CHAPA's Selection Committee as a Counseling Agency representative.
- Managed a staff of 4.5 FTE to ensure effective service delivery;
- Created effective curricula for all of SCC's educational programs and trained Economic Opportunity staff on curriculum delivery in group or individual sessions;
- Consistently sought opportunities to expand Economic Opportunity programmatic offerings through partnerships and additional funding;
- Fostered positive relationships and partnerships with Somerville organizations that served our target constituency for delivery of services and outreach;
- Translated organizational materials into Portuguese as needed for all departments within SCC.

Program Manager – Homeownership Department
Massachusetts Housing Partnership — August 2014 – December 2015

- Expanded the reach and impact of ONE Mortgage through positive relationships with program partners, CBOs, and participating and prospective lenders;
- Recruited new lenders through training and education;
- Created and implemented effective marketing strategies to promote the program to its target constituencies;
- Managed all loan origination activities to ensure quality and compliance with program guidelines;

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Oversaw pre- and post-purchase program elements to ensure MHP requirements were met;
- Represented MHP at Massachusetts Community and Banking Council's Mortgage Committee meetings and held MHP's seat on CHAPA's Selection Committee;
- Managed a staff of four, ensuring business practices were efficient and ONE Mortgage goals were either met or exceeded;
- Provided ongoing ONE Mortgage training to partner lenders and CBOs delivering FTHB education;
- Communicated with SoftSecond/ONE Mortgage borrowers in Portuguese and Spanish when necessary;
- Translated ONE Program brochure and other materials into Portuguese.

Director of Asset Building
Program Coordinator – Community Asset Building
Somerville Community Corporation, Somerville, MA November 2006 – July 2014

- Created and implemented all Asset Building programming at SCC (FTHB Counseling Program, Financial Literacy Program, Individual Development Account Program, and Foreclosure Prevention Partnership);
- Led expansion of Asset Building Department from one to 3.5 FTE;
- Oversaw operations of all programs and consistently sought opportunities to expand Asset Building programming through partnerships and additional funding;
- Secured sustainable funding for FTHB Counseling Program and dramatically expanded the number of individuals served from 22 in 2010 to 258 in 2013;
- Created successful partnerships with Somerville organizations that serve our target constituency for delivery of services and outreach;
- Taught financial education seminars in English and Portuguese;
- Provided financial literacy counseling, first-time homebuyer counseling, and foreclosure prevention counseling in English, Portuguese, and Spanish;
- Represented SCC at Massachusetts Community and Banking Council's Mortgage Committee meetings (alternate) and held a seat on CHAPA's Selection Committee as a Counseling Agency representative.

Tutor – ESL, English, History, and Literature
Bunker Hill Community College, Charlestown, MA September 2005 – November 2006

- Tutored academically at-risk Bunker Hill Community College students in ESL, Developmental English, and College Writing;
- Proposed the creation of History and Literature tutoring and subsequently implemented and offered these services to students;
- Mentored at-risk students on academic probation;
- Filled in for TASC Coordinator and Evening Supervisor when necessary.

ESSA General Manager
U.S. Embassy Brasilia, Brazil June 2003 – July 2005

- Managed staff and services at the Commissary, ESSA Bar, and Tucano Restaurant at the U.S. Embassy in Brasilia, Brazil;
- Led the organization out of debt and into a surplus within nine months;
- Implemented creative systems for management of inventory, including opening up sales to diplomats from other embassies to move inventory more quickly;
- Instituted weekly Happy Hours at the ESSA Bar and weekly Vendor Fairs at the Tucano Restaurant, driving up revenues for the Association;
- Led successful procurement process for a contractor to run the Embassy restaurant.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Teacher – English as a Foreign Language
Various schools, Brasilia, Brazil April 1992 – May 2003

- Developed EFL curricula for different age groups and levels of proficiency;
- Taught traditional syllabus and post-advanced courses such as TOEFL prep;
- Presented several workshops on TEFL and English grammar at conferences in Brasilia and Goiânia.

Translator/Interpreter
Various organizations/government agencies 1998 - Present

I have worked as a translator for several Brazilian and North American government agencies, non-governmental organizations, and publishers. My work includes the following publications:

Youth Development Report 2003

Early Childhood Services in Brazil

Bolsa-Escola – *Education to Confront Poverty*

The University at a Crossroads (Minister Cristovam Buarque's speech for the World Conference on Higher Education)

POMMAR 10 Years

Early Childhood Education in Brazil – A Policy Review

Paths to Social Inclusion – The Popular Participation Network in Porto Alegre

Education for Human Development

São Paulo Human Security Project

Education through Sport

While working at the U.S. Embassy in Brasilia, I provided translation services to the Department of Homeland Security and to the United States Secret Service. I accompanied a team of DHS and DOJ representatives on a trip to seven Brazilian cities in December 2004 as the group's official interpreter at meetings during which the Global Trafficking in Persons initiative was discussed with Brazilian government officials, judges, NGOs, and Federal Police agents. I also accompanied teams involved in the Megaports Initiative (U.S. Department of Energy) on trips to São Paulo and Santos, Brazil.

LANGUAGES:
Fluent in English, Portuguese, and Spanish.

AWARDS AND CERTIFICATIONS:
MACDC Rising Star Award (2011)
NCHEC Housing Counselor

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Dear members of the City Council,

I would be honored to serve as a Trustee of the Melrose Affordable Housing Trust Fund. Since shortly after my arrival in this country, I have been active in the affordable housing field in a variety of ways. When I joined SCC's staff in 2006, my first charge was to work with individuals and families at risk of homelessness to stabilize their housing situation through a variety of resources and strategies. Having seen firsthand the destructive effects of housing instability in a community with high levels of rent and housing payment burden, I became deeply interested in and committed to affordable housing in its broadest sense; for twelve years, I developed successful programming in the areas of homelessness prevention, foreclosure prevention, and homeownership for first-time homebuyers. Over the course of my decade-long tenure at the Somerville Community Corporation, an affordable housing development corporation in Somerville, my programming served thousands of Commonwealth residents through First-Time Homebuyer Education and Counseling and hundreds of residents in housing stabilization (foreclosure prevention for homeowners and homelessness prevention for at-risk renters).

I went on to serve as program manager for MHP's One Mortgage Program (formerly SoftSecond), and I was active in the Massachusetts Community and Banking Council as a community organization representative with a seat on the Mortgage Committee. I also served on CHAPA's Seal of Approval Selection Committee representing both SCC and MHP during my time with each of those organizations. Currently, I'm serving on the Melrose Housing Production Plan Advisory Committee.

I look forward to serving in whatever ways will help the City of Melrose further its affordable housing goals.

All my best,

Thais De Marco

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

July 14, 2021

To whom it may concern,

I would like to express my interest in becoming a volunteer with the Melrose Board of Health.

I am a life-long resident of Melrose, with an undergraduate degree in Nursing and a related Master's degree in Healthcare Emergency Preparedness. I have over 30 years of experience working in both clinical and administrative roles for the Melrose Wakefield Hospital as well as served as the hospital Liaison to our community-based partners. This unique experience enabled me to develop strong collaborative relationships with a myriad of local, state and federal agencies to address emergency preparedness and public health concerns. Moreover, it opened my eyes to the everyday challenges of building a strong and healthy community.

Most recently, I was employed as a Clinical Nurse Manager within the Cambridge Health Alliance where I continued to focus on improving health and reducing barriers to care for a diverse population most in need.

I believe my collective experience in leadership, project management, policy development, regulatory compliance and emergency response would prove to be an asset to your team. I am attaching my CV for your review and would welcome the opportunity to meet with you in person to address any questions you may have.

Thank you for your time and thoughtful consideration.

Respectfully,

Lillian Yadgood Kelly

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

LILLIAN YADGOOD KELLY, BSN, MS

117 Boston Rock Rd., Melrose, MA 02176

PROFESSIONAL SUMMARY

An accomplished and talented nursing executive with a comprehensive background in leadership, perioperative services, nursing management, emergency preparedness, project management, and administration in hospital-based setting. Propels emergency management functions, implements information management solutions and builds human relations within corporate and healthcare industries. Team builder with technical, analytical, organizational, and problem-solving aptitude. Encourages teamwork, integrity, and diversity. Unwavering commitment in patient advocacy, providing exceptional care, maintaining composure in emotionally charged, fast-paced, and stressful atmospheres. Establishes, cultivates, and manages productive relationships. Proficient with Microsoft Office Suite, EPIC, Meditech, Internet Applications.

Core Competencies & Management Skills

- Nursing Management & Operations
- Project Planning & Program Management
- Regulatory Compliance & Standards
- Quality Monitoring & Process Improvement
- Organizational Leadership & Team Building
- Emergency Preparedness & Management

- Leadership / Mentor
- Initiative / Dynamic
- Performance-Focused
- Analytical / Accurate
- Solution-Oriented
- Engaging / Enthusiastic
- Exemplary Communicator
- Detailed / Organized
- Committed to Excellence

PROFESSIONAL EXPERIENCE

Cambridge Health Alliance **Everett, MA** **2014 – 2021**

Nurse Manager, Perioperative Services and Endoscopy (2016 – 2021)

Oversaw daily operations of a five-room Surgical Services Suite, including Surgical Day Care, Operating Room, Endoscopy, and Post Anesthesia Care Units. Developed clinical practice, performed quality / safety monitoring, and ensured regulatory compliance. Executed team building and materials management. Hired, scheduled, and orientated new staff and performance reviews. Monitored CQI and maintained patient, staff, and provider satisfaction. Managed disciplinary actions, including counseling, investigative conferences, and termination in collaboration with the Union/Labor Relations.

- Redesigned workflows to reduce cancellation and day of surgery no-show rates.
- Instrumental to the development and implementation of EPIC OPTIME modules.
- Implemented cross-training to engage staff, stimulate innovation, and focus on Continuous Quality Improvement.
- Developed new facility protocols for caring for Covid-19 positive patients in the perioperative setting.
- Involved with policies and procedures for redeployment of staff and converting perioperative real estate into a secondary ICU during the initial stages of a pandemic to assure continuity of care.

Nurse Manager, Endoscopy (2014 – 2016)

Managed daily operations of the outpatient GI Center at the Somerville campus, including quality / safety monitoring, regulatory compliance, staff development, team building, and materials management. Hired, scheduled, and orientated new staff and performance reviews. Monitored and maintained patient, staff, and provider satisfaction. Managed counseling and investigative conferences / termination in collaboration with the Union/Labor Relations. Participated in Value Analysis Committee (SVAT) to evaluate new product acquisition, maintaining quality and budgetary compliance.

- Improved unit efficiencies by reducing cancellation and no-show rates.
- Reduced supply and staffing expenses while increasing overall volume.
- Redesigned block schedule for procedural and outpatient clinic areas.
- Improved workflow in Open Access, resulting in improved quality of referrals and increases referral demand.
- Contributed to the multidisciplinary policy development for safe handling of specimens.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Hallmark Health System **Melrose, MA** **1977 – 2013**

Director, Emergency Preparedness (1999 – 2013)

Identified, drafted, and oversaw the requirements of recognized emergency operations, hazardous material (HazMat) and evacuation plans integrated into community and state comprehensive emergency management plan. Served as hospital liaison for the Department of Public Health (DPH) Region 3 Hospital Preparedness Group. Served as hospital liaison for Mystic Region Emergency Planning Committee (REPC), and co-chair for REPC Health and Hospital Subcommittee. Led the hospital system's training and exercise plan. Managed $1M worth of federal and state grant funds.

- Established a reputation for continuously handling increasing responsibilities as reflected in over 30 years of experience in emergency preparedness activities through community involvement.
- Created and implemented hospital and community training exercises to examine response to high-impact events.
- Contributed to the health system's success in earning recognition as the first hospital system in the region to establish a system-wide evacuation plan and accomplish Homeland Security Exercise and Evaluation Program (HSEEP) compliant tabletop, functional, and full-scale exercises.
- Participated in four successful Joint Commission surveys with commendation.

Director, Endoscopy (1999 – 2011)

Melrose-Wakefield Hospital Campus

Instrumental in the design, relocation, and expansion of endoscopy services, tripling endoscopy cases conducted annually. Led an Endoscopy Unit with 20 staff members, five procedures rooms, 14 admission/recovery beds, and 6500 accomplished cases annually. Performed operational systems, budgetary compliance, quality monitoring, strategic planning, materials management, and leadership training oversight. Optimized productivity and maintained staff retention rate below mean clinical turnover rate. Participated in the completion of three Joint Commission surveys with key commendations for nursing.

- Achieved and maintained patient satisfaction scores for nursing endoscopy services at 96% and above.
- Reduced volume of no-shows day of procedure by 23%.
- Scored above the mean for non-magnet National Database of Nursing Quality Indicators (NDNQI) facilities.
- Improved staff and medical doctor documentation compliance from 50% to approximately 98% to 100%.
- Promoted and generated continuous positive trend of profit margins for endoscopy services.

Director, Central Sterile Processing (1996 – 2006)

Melrose-Wakefield Hospital Campus

Led daily operations, staff development, program development, budget development, materials management, infection control, and regulatory compliance. Replaced and upgraded washer / decontamination units and sterilizers. Introduced new sterilization technology and monitoring systems. Provided biological tracking updates and conducted inventory ordering and tracking activities. Conducted annual in-service training to central sterile processing (CSP) employees, hospital support staff, contracted vendors, and local Fire Department on the Ethylene Oxide Safety Plan. Served as the hospital's administrative lead and community liaison for all drill response activities. Reduced labor time and redundancies after establishing and executing procedures.

- Maximized compliance by redesigning workflow, staffing patterns, and equipment renovation.
- Developed and implemented department safety training and work process competencies system-wide.
- Created and coordinated an alternate off-campus worksite for surgical supplies and equipment.
- Initiated the preparation of department for three successful Joint Commission surveys.

EDUCATION

950 CMR 51.00: POLLING PLACE ACCESSIBILITY FOR ELDERLY AND HANDICAPPED VOTERS

Section

51.01: Purpose
51.02: Accessibility Defined
51.03: Exemptions

51.01: Purpose

950 CMR 51.00 implements the federal Voting Accessibility for the Elderly and Handicapped Act, 42 U.S.C. §§ 1973ee to 1973ee-6 (the "Act"), and applies to all Massachusetts elections in which a federal office appears on the ballot. The purpose of 42 U.S.C. §§ 1973ee to 1973ee-6 and of 950 CMR 51.00 is to promote the fundamental right to vote by improving access for handicapped and elderly individuals to polling places for federal elections.

51.02: Accessibility Defined

Section 3(a) of the Act, 42 U.S.C. § 1973ee-1(a), requires every city and town to assure that all polling places for federal elections are accessible to handicapped and elderly voters, unless the Secretary exempts them. A polling place is "accessible" to handicapped and elderly voters, for the purpose of sections 3(a) and 8(1) of the Act, 42 U.S.C. §§ 1973ee-1(a), 1973ee-6(1), only if all of the following requirements are met:

(1) Site Access. A clear, reasonably lit, unobstructed path of travel must be provided from the designated spaces in the parking lot, and from the street, to the accessible entrance to the building where the polling place is located. Such path of travel shall have a continuous common surface, not interrupted by steps or abrupt changes in level greater than ½ inch.

(2) Parking. If a parking lot is available on the premises of the polling place, then the following requirements apply:

(a) Pursuant to the Americans With Disabilities Act (ADA) Accessibility Guidelines (4.1.2 (5)), the number of required handicapped parking spaces is:

Total no. of parking spaces	No. of handicapped required
1 - 25	1
26 - 50	2
51 - 75	3
76 - 100	4
101 - 150	5
151 - 200	6
201 - 300	7
301 - 400	8
401 - 500	9
510 - 1,000	2% of total
1,001 and over	20 plus 1 for each 100 over 1,000

(b) For parking lots striped prior to September 1, 1996:

1. The handicapped parking spaces shall be eight feet wide and have an adjacent four foot access aisle which is painted or striped yellow. The lot shall be reasonably lit.
2. Identification of handicapped spaces shall be by a sign at each space or pair of spaces. The signs shall be at a height of not less than five feet nor more than eight feet to the top of the sign. The sign shall also contain the International Symbol of Accessibility and may include wording identifying its use.

(c) For parking lots striped after September 1, 1996:

1. The handicapped parking spaces shall be eight feet wide and have an adjacent five foot access aisle which is marked by high contrast painted lines or other high contrast delineation. The lot shall be reasonably lit.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

51.02: continued

2. There shall be at least one "van accessible" space, but not less than one, per eight accessible spaces. The van accessible space shall be eight feet wide and have an adjacent 8 foot wide access aisle which is marked by high contrast painted lines or other high contrast delineation. The lot shall be reasonably lit.

3. Identification of handicapped spaces shall be by a sign at each space or pair of spaces. The signs shall be at a height of not less than five feet nor more than eight feet to the top of the sign. The sign shall also contain the International Symbol of Accessibility and may include wording identifying its use. Van accessible spaces shall include the words "Van Accessible."

(d) If a sidewalk is provided at such parking spaces, a curb cut (sidewalk ramp) shall be installed at each space or pair of spaces. The slope of the curb cut shall not exceed 1:12.

(e) If no parking lot is available on the premises of the polling place, at least one on-street parking place in front of the polling place must be at least temporarily designated as a handicapped parking space. Identification of the handicapped space shall be by the sign provided in 950 CMR 51.02(2)(c)3..

(3) Entrance.

(a) At least one entrance to the building must be accessible to physically disabled persons. If the main entrance to the building is not accessible, signs must be posted directing persons from the ordinary path of travel to the accessible entrance.

1. If the main entrance to the building is not accessible, the path of travel to the accessible entrance shall be the same or a substantially similar distance as the path of travel to the main entrance.

2. If the main entrance is not the accessible entrance, the door to the accessible entrance shall be unlocked and capable of being operated without assistance during the hours the polling place is open and at the same hours as the main entrance.

(b) The approach to the accessible entrance shall be a paved walk or ramp with a non-slip surface, uninterrupted by steps or abrupt changes in level greater than ½ inch. Such entrance shall have a level space 60 inches from the door on the interior and exterior of the doors.

(c) Doors to such entrances shall be a minimum of 32 inches clear, measured at 90°. No door threshold shall be higher than ½ inch above the floor on either side. Lever handles or other accessible hardware must be provided on doors, so that they may be operated with a closed fist.

(4) Ramps.

(a) If the entrance has stairs, a ramp must be provided. A permanent ramp must comply with the following:

1. The slope of the ramp must be no steeper than 1:12.

2. The width of the ramp shall not be less than 48 inches.

3. Two pairs of handrails must be set on both sides of the ramp. Such handrails must be round or oval in shape and set in pairs, one at a height between 34 and 38 inches and a lower rail set at a height between 18 and 20 inches.

(b) If it is impractical to install a permanent ramp, portable ramps shall be provided. Portable ramps shall have a slope as close to 1:12 as possible, and if a portable ramp has no handrails or side walls, it must have wheel guards at least two inches high on both sides. Portable ramps may be used to gain access from the parking lot or street to the sidewalk as well as at the entrance to a building. Portable ramps shall be securely anchored.

(5) Building Interior.

(a) All interior doors, approaches, and ramps necessary within the building to obtain access to the polling place must comply with 950 CMR 51.02(3) and (4).

(b) An accessible route which provides a continuous unobstructed path at least 36 inches wide shall be maintained inside the polling place and shall coincide with the route for the general public.

(6) Voting Equipment.

(a) In every polling place, a specimen ballot must be posted at a height no greater than 48 inches.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

51.02: continued

(b) Where paper or punch-card ballots are used, at least one marking shelf at each polling place (at a primary where punch-card booklets are used, one for each party) must provide clear space under the shelf not less than 30 inches wide, at least 27 inches clear to the underside of the shelf, and not more than 32 inches in height to the top of the shelf, and must contain privacy barriers on both sides of the shelf. For this special marking shelf, the handle of any stylus used for punching punch-card ballots shall be at least one inch thick and at least three inches long.

(c) Where voting machines are used, a specimen ballot must be placed in at least one machine at each polling place, at a height no greater than 48 inches. For voting machines which have any levers higher than 48 inches above the floor, a "reacher" must be made available to assist disabled persons in reaching the upper levers.

(7) Variances. A city or town may apply to the Architectural Access Board, under 521 CMR 3.00(4.1.1), for a variance from the accessibility requirements of 950 CMR 51.02 or, to the extent that they apply to any polling place, from the requirements of the Architectural Access Board's regulations in 521 CMR 3.00. Notice of an application for any such variance shall be given in the manner required by 950 CMR 51.03(4)(b), and shall also be given to the Director of Elections. No such variance shall be allowed which substantially impairs the accessibility of a polling place to handicapped and elderly voters.

(8) Time Accessibility Required. All non-exempt polling places must be accessible no later than three weeks before the first federal election of an even-numbered year.

51.03: Exemptions

(1) Delegation to Director of Elections. The Secretary delegates to the Director of Elections (the "Director") the authority to determine whether a polling place is exempt from the accessibility requirements under section 3(b) of the Act, 42 U.S.C. § 1973ee-1(b), and under 950 CMR 51.03.

(2) Emergency exemptions. In an emergency under section 3(b)(1) of the Act, 42 U.S.C. § 1973ee-1(b)(1), an exemption may be applied for and determined by telephone, but both the city or town and the Director shall confirm their communications in writing. Mere failure of the city or town to make adequate and timely plans and arrangements does not constitute an emergency. If an exemption is allowed, it applies only to one election, and the city or town must exercise its best efforts to find another accessible polling place, and if none is available, to provide whatever assistance is possible to handicapped and elderly voters. If an emergency exemption is allowed, handicapped or elderly voters assigned to such an emergency exempt polling place may vote by absentee ballot in the office of the city or town clerk or election commission without applying in advance. The procedures set forth in the second paragraph of M.G.L. c. 51. § 59 shall apply to such voters, except that the absentee ballot envelope shall be marked "Emergency Polling Place Exemption".

(3) Non-availability Exemptions: Standards. In determining under section 3(b)(2)(A) of the Act, 42 U.S.C. § 1973ee-1(b)(2)(A), that all potential places have been surveyed and that no accessible place is available, nor is the city or town able to make one temporarily accessible in the area involved, the Director shall consider the following factors:

(a) Whether each location has been studied by a trained person to determine whether or not it is accessible.

1. Polling places should not be presumed to be accessible simply because there are no obvious barriers, but 950 CMR 51.02 must be applied.
2. A trained person is one with knowledge of what constitute structural barriers to handicapped individuals.
3. Handicapped persons, representatives of handicap groups or professionals who work with handicapped individuals should be consulted.
4. If a location is inaccessible, then the city or town should either seek an alternative accessible location or seek to have the barriers removed.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

51.03: continued

(b) Whether the owners or proprietors of the building have been consulted regarding the modifications. If the owners or proprietors are unwilling to make the modifications, then an alternative location should be sought. Possible locations include those which are currently accessible and those where the owners or proprietors are willing to make necessary modifications.

(c) Whether an estimate of the cost to make the modifications has been obtained from a qualified person (construction contractor, carpenter), and whether different options for removing the barriers have been explored (*e.g.*, temporary ramps).

(d) With respect to polling places in inaccessible government buildings, whether the city or town has urged government officials to make the modifications necessary for the buildings to be accessible.

(e) The record of the city or town's percentage of polling places in compliance in the past.

(f) The city or town's expressed plans for providing an accessible polling place in the future.

(4) Non-availability Exemptions: Procedure.

(a) The city or town body responsible for selecting polling places under M.G.L. c. 54, § 24 (city council, board of selectmen, or election commission) must apply in writing for any exemption under section 3(b)(2) of the Act, 42 U.S.C. § 1973ee-1(b)(2). The application must be filed with the Director of Elections, under the penalties of perjury and in a form prescribed by him, not later than 180 days before the first federal election of an even-numbered year.

(b) Not later than the application deadline, the city or town must give notice that it has applied for the exemption, by posting notice on the principal bulletin board, sending copies to all local news media, and mailing copies to the local council on aging, to any municipal handicapped office or commission, to the state Office of Handicapped Affairs (One Ashburton Place, Room 1305, Boston, MA 02108), and to any additional organizations which the Director may prescribe. The notice shall state the designation and address of the polling place or places for which exemption is sought, the reasons for the application, the location at which a copy of the application may be inspected, and the fact that any person may file a written response within 30 days with the state Director of Elections, One Ashburton Place, Room 1705, Boston, MA 02108, telephone (617) 727-2828 or (800) 462-8683.

(c) Any person may file with the Director a written response to an exemption application within 30 days after it is filed.

(d) The Director may, in his discretion, seek further information from the city or town or hold an informal hearing before himself or his designee.

(e) Not later than 90 days before the first federal election of an even-numbered year, the Director shall notify the city or town in writing whether an exemption is allowed and of the reasons for the decision. The period of an exemption shall be two calendar years, beginning with an even-numbered year. Renewal of the exemption requires a new application.

(5) Alternative Voting Methods. As required by section 3(b)(2)(B) of the Act, 42 U.S.C. § 1973ee-1(b)(2)(B), handicapped or elderly voters assigned to an exempt polling place may vote by absentee ballot, either by mail or in the office of the city or town clerk or election commission, if they previously apply in writing, under M.G.L. c. 54, §§ 86 through 103Q. Current state law prevents assigning such voters to another polling place, as well as "curbside voting" outside the polling place on election day.

REGULATORY AUTHORITY

950 CMR 51.00: 42 U.S.C. §§ 1973ee to 1973ee-6; c. 54, § 37.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Changes to Regulations: Chapter 51.00: Polling Place Accessibility for Elderly and Handicapped Voters

In 950 CMR § 51.01, replace the entire section with the following:
950 CMR § 51.00 implements the federal Voting Accessibility for the Elderly and Handicapped Act, 42 USC §§ 1973ee to 1973ee-6 (the "Act"), and Amended Article 114 of the Massachusetts Constitution and applies to all Massachusetts elections. The purpose of 42 USC 42 USC §§ 1973ee to 1973ee-6, Amended Article 114 of the Massachusetts Constitution and 950 CMR § 51.00 is to promote the fundamental right to vote by improving access for handicapped and elderly individuals to polling places and the voting process.

In 950 CMR 51.02(6), add the following new section as (a) and re-designate the remaining sections accordingly:
(a) For every state, federal, municipal election, preliminary or primary, either regular or special, each polling place shall have at least one accessible voting unit that is usable by people with disabilities. Any accessible voting unit must first be approved for use by the state secretary. Accessible voting units shall be located within a polling place so as to be readily available for use by voters during the voting hours.

Subject: City of Melrose polling location review

Hi Bridget,

Hope you're well. I'm sure you and the entire office are busy with town elections. I'm writing to let you know that I am leaving the City of Melrose at the end of the month, but before I leave, I wanted to check in to talk to you about a few concerns I have regarding some of the designated polling locations in the city – in particular, the Winthrop school, Hoover School, and City Hall. In particular, I don't believe the Winthrop School meets handicapped accessibility requirements for a polling location. Handicapped parking is an issue at Hoover. With the emergency orders for elections in 2020 we consolidated polling locations, but I'm not sure that these accommodations will be extended for this coming November.

I had already met with the City Council president about this, but it was purely an informational meeting. I'm not sure what the next steps should be. Is it possible for you to do a site visit at some point later this spring to let the city know whether they can continue to use the Winthrop as a polling location?

I'm ccing Joanne on this email—she's your best point of contact moving forward.

Massachusetts Polling Place Accessibility Survey Results

Municipality	Polling Location	Ward	Precinct	Location Complies	Violation Category	Violation Notes
MELROSE						
	City Council Chambers 562 Main Street	4 & 6	4-1, 6-1	No	Path of Travel	There is damage to the pavement near the accessible entrance causing change in level greater than 1/2 inch which needs to be addressed with patching to ensure a continuous common surface.
					Elevator	Due to the fact that the elevator is necessary to ensure accessibility to the voting area in the City Council Chambers, we strongly recommend having an elevator service contract in place to ensure timely service in case there are any issues with the elevato during voting hours.
	Hoover Elementary School 37 Glendower Street	7	1 & 2	Yes	Parking	Continued use of temporary parking spaces on Election Day are needed at this location due to the distance and the topography of the existing accessible spaces to the voting entrance.
					Entrance	Inside doorways are only 28 inches clear width therefore both sets of doors must remain open during the hours of voting.
	Winthrop Elementary School 162 1st Street	4 & 6	4-2, 6-2	No	Path of travel	The path of travel from the accessible entrance to the voting area is substantially longer than the path of travel from the main entrance to the voting area.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Municipality	Polling Location	Ward	Precinct	Location Complies	Violation Category	Violation Notes
MELROSE						
	Steele House 910 Main Street	1	2	No	Parking	The parking lot is set up for resident parking only. There is no accessibe parking in the resident lot. The nearest accessible parking is in the commuter rail parking lot which is a susbtantial distance from the polling place entrance.
	Roosevelt School 253 Vinton Street	1	1	Yes		
	Melrose Veterans Memorial School Gymnasiums 90 Melrose Street			No	Parking	The van accessible parking space is missing "Van Accessible" signage. The existing teachers' parking lot can be used for voters on Election Day allowing the creation of more temporary accessible parking spaces with signage if needed.

Re: Polling Location Recommendations

Cc: Honorable City Council, Mayor Paul Brodeur, Board of Registrars of Voters

In its meeting on Wednesday June 9, 2021, the members of the Board of Registrars of Voters voted to recommend to the Melrose City Council the closing of the Winthrop Elementary School and the Julian Steele House as polling locations.

Background:

Prior to her departure in April 2021, the former City Clerk notified the Secretary of State's Office of her concerns related to accessibility issues at certain polling locations in the City of Melrose (attached). As a result, Elections Administrator Joanne Perperian scheduled a tour of several polling locations with Bridget Simmons Murphy, of Secretary Galvin's Office, this tour took place on May 14, 2021. Ms. Simmons Murphy subsequently provided the City of Melrose a report noting her evaluation of six polling locations dated May 20, 2021 (attached). Of the six polling locations surveyed, four locations did not comply with state standards.

At the June 9th Board of Registrars of Voters meeting, members of the Board and Joanne Perperian discussed the report and the potential remediation of noted issues with Director Elena Proakis-Ellis, Facilities Manager Jay McNeil and Business Manager Jim Troup of the Department of Public Works (DPW). The issues noted at City Hall and the Melrose Veterans Memorial Middle School Gymnasium could be remedied in the view of our DPW partners. However it was determined through our discussion that it was not feasible to remediate the issues noted at the Winthrop School. Additionally, while there might be a way to address this issue noted at the Steele House, the location remains ill-suited for voting.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Winthrop School

The Ashcroft Street voter entrance to the Winthrop School, consists of three steps, a short platform, then a fourth step at the door entering the outer lobby of the All-Purpose Room (APR). For voters unable to navigate the stairs, they must use the First Street entrance, proceed down the hallway to enter the back of the APR, and proceed through the voting area to the check in table, then retrace this path to exit. As noted in Ms. Simmons Murphy's report, the path of travel for the accessible entrance to the voting area is substantially longer than the path of travel from the main entrance to the voting area. To remediate the issue related to the 'path of travel' the only option would be the installation of a ramp at the Ashcroft Street entrance. During the meeting on June 9th, there was a discussion regarding the practicality and cost to installing a ramp at the Ashcroft Street entrance and it was determined that would not be possible to install a ramp at that location due to the height of the four stairs and the topography of the space outside the entrance. Additional considerations and discussion was noted regarding access for public safety and emergency vehicles to the site. Given the inability to remediate the 'path of travel' issue, this location cannot be brought into compliance, therefore the Board of Registrars of Voters recommends that the Winthrop School be closed as a polling location.

Steele House

While parking for all voters at the Steele House has been a perennial issue, the lack of accessible parking was specifically noted in Ms. Simmons Murphy's report. While it might be feasible for the Department of Public Works (subject to the approval of the Melrose Housing Authority) to replace two standard parking spaces with a van-accessible parking space in the resident only lot to bring the location into compliance, parking for all voters still remains an issue. Practically speaking there are only two visitor spots for the Steele House. Additionally, the layout of the interior of the Steele House where voting takes place is poor. Voting takes place in the first floor common area (the only communal gathering spot), where voters comingle with Steele House residents. Given that there are two other viable polling locations within Ward 1, the Board of Registrars of Voters also recommends that the Steele House be closed as a polling location.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Next Steps/Options:

In the view of Board of Registrars of Voters, there are two options to facilitate the closure of the above noted locations:

1. Make permanent the central voting location of the Melrose Veterans Memorial Middle School Gymnasium (the site of the two fall elections in 2020), or,
2. Move the two precincts that vote at the Winthrop School (Ward 4, Precinct 2 and Ward 6, Precinct 2) to Memorial Hall and move the one precinct that votes at the Steele House (Ward 1, Precinct 2) to the Roosevelt School. This would result in all of Ward 1 voting at the Roosevelt School.

Melrose Veterans Memorial Middle School Gymnasium

The move to the Melrose Veterans Memorial Middle School Gymnasium for September and November 2020 election proved to be an operational success. However, the COVID-19 related legislation that permitted the use of the Melrose Veterans Memorial Middle School Gymnasium, specifically the waiving of the requirement that voting take place in adjacent precinct in cities, such as Melrose, has not been extended. As a result, should the City Council desire to adopt a single polling location voting at the Melrose Veterans Memorial Middle School Gymnasium the City Council would need to vote to file a 'Home Rule Petition' with the Legislature for an exemption to the adjacent precinct provision of Massachusetts General Laws.

Moving Selected Precincts

Moving the three precincts as noted above would be solely at the discretion of the City Council as each of the precincts are adjacent to the respective new locations. If this is the desired option of the City Council, the Board of Registrars of Voters would also recommend the relocation of the precincts that vote in the City Council Chamber at City Hall (Ward 4, Precinct 1 and Ward 6, Precinct 1) to Memorial Hall. Given the proximity of these two locations and the space available at Memorial Hall, it would make sense to no longer split these two wards based on precinct.

Should you have any questions regarding this memorandum, please feel free to contact me, other Board of Registrars of Voters members Eric Wildman or Cindy Silveira, City Clerk Kristin Foote or Elections Administrator Joanne Perperian. Thank you.

RE: Polling Location Accessibility Response

The Department of Public Works has reviewed the results of the survey conducted on the various polling locations throughout the City. Please see our response and action plan for all locations that were found out of compliance and in need of remediation. Items in italics reflect the notes provided in the survey results.

City Council Chambers (562 Main Street Wards 4-1 and 6-1):

Path of Travel: There is damage to the pavement near the accessible entrance causing change in level greater than ½ inch which needs to be addressed with patching to ensure a continuous common surface.

- DPW is able to address pavement damage near the accessible entrance, to remove changes in level greater than ½ inch. As part of our normal work order process, this will be added to one of our daily schedules and will result in the repair to ensure a continuous common surface.

Elevator: Due to the fact that the elevator is necessary to ensure accessibility to the voting area in the City Council Chambers, we strongly recommend having an elevator service contract in place to ensure timely service in case there are any issues with the elevator during voting hours.

- The City has an active service contract with BBE Corporation (Buckley Elevator). There are minimum response times as part of the term of the contract to ensure timely service in case there are any issues with the elevator.

Hoover Elementary School (37 Glendower Street Wards 7-1 and 7-2):

Parking: Continued use of temporary parking spaces on Election Day are needed at this location due to the distance and the topography of the existing accessible spaces to the voting entrance.

- As recommended, use of temporary parking will continue.

Entrance: Inside doorways are only 28 inches clear width therefore both sets of doors must remain open during the hours of voting.

- As recommended, both sets of doors will remain open during voting hours.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Winthrop Elementary School (162 1st Street Wards 4-2 and 6-2):

Path of Travel: The path of travel from the accessible entrance to the voting area is substantially longer than the path of travel from the main entrance to the voting area.

- There are significant challenges to addressing the accessibility of the main entrance to the voting area. All proposed remedies would compromise emergency access to the building. The Melrose Fire Department has indicated that they would have significant concerns with their ability to deliver services in the event of an emergency. At present time, we deem the construction of a ramp to allow accessible entry from the Ashcroft Street side to be infeasible. We will examine other opportunities to attempt to arrive at better equity in the length of the path of travel.

Steele House (910 Main Street):

Parking: The parking lot is set up for resident parking only. There is no accessible parking in the resident lot. The nearest accessible parking is in the commuter rail parking lot which is a substantial distance from the polling place entrance.

- The City can designate temporary accessible parking spaces on the roadway nearest the building entrance being used for polling during elections (either Ashburton Place or Nason Drive).

Melrose Veterans Memorial School Gymnasiums (90 Melrose Street):

Parking: The van accessible parking space is missing "Van Accessible" signage. The existing teachers' parking lot can be used for voters on Election Day allowing the creation of more temporary accessible parking spaces with signage if needed.

- The DPW can create or purchase and install appropriate "Van Accessible" signage as part of the election setup. Accommodations will also be made to use the existing teachers' parking lot to create more temporary accessible parking.

Thank you very much for your consideration. Please feel welcome to contact the Melrose DPW with any questions you may have.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

A Resolution for Expanding Access to Local Government in the City of Melrose

Offered by City Councilors Jen Grigoraitis and Leila Migliorelli

WHEREAS, The Covid-19 pandemic has created conditions requiring municipalities to enable remote participation in and access to open meetings; and,

WHEREAS, This Council recognizes that resident engagement in local government in Melrose has meaningfully increased due to remote participation allowances during the pandemic; and,

WHEREAS, Many residents cannot attend in-person meetings due to family, school, and work obligations; and,

WHEREAS, Residents with disabilities can face particular and additional challenges to accessing in-person meetings; and,

WHEREAS, Barriers to civic engagement are substantially lower when residents can participate in open meetings via remote means, making government more effective and accessible to all people and communities.

NOW, THEREFORE BE IT RESOLVED, that the Melrose City Council, in an effort to provide increased transparency and engagement of residents in local government, will provide the public the opportunity for remote participation when public comment is on the agenda of the City Council's meetings, to the best of the City's ability. Methods of remote access the City may provide may include but are not limited to telephone, internet, or satellite-enabled audio or video conferencing or any other technology. Such remote participation in public comment will be available to the public without any subscription, toll, or similar charge.

BE IT FURTHER RESOLVED, that the Melrose City Council encourages other multimember bodies in the city, such as the School Committee and other appointed boards and commissions, to make similar arrangements for remote access for and participation of the public at their meetings and hearings to further ensure that the residents of Melrose have equal access and the ability to engage at all levels of government.

**** CAUTION: This email originated outside the City of Melrose. Exercise caution. DO NOT open attachments or click links unless you recognize the sender and know the content is safe. ****

Good Afternoon Councilors,

I am writing to voice my support for Resolution 2021-4: A Resolution for Expanding Access to Local Government in the City of Melrose. As a Commissioner with the Melrose Human Rights Commission I have greatly appreciated the opportunity to gather remotely and have seen the tremendous benefits of our virtual meetings.

The biggest benefit is the fact that meeting remotely allows all members of our community and the programs that we serve and partner with (e.g., North Suburban Family Network, families with the Boston-METCO program, etc.) to attend our meetings. Their participation is vital for not only the sharing of information but to garner the thoughts and expertise of groups and individuals that might not have otherwise been able to attend due to location, time commitments, ablism, etc. As many states enact voting laws that are exclusive to portions of the population, I hope that Melrose continues to stay at the forefront of inclusivity with the passing of this resolution.

Thank you so much for your time, commitment, and dedication to the City of Melrose!

Warm wishes,

Bonnie Clapp (she/her/hers)

To Whom It May Concern,

My name is Rilda Kissel and I am the chair of the Melrose Commission on Women. I am writing in support of Councilor Jen Grigoraitis and Councilor Leila Migliorelli's resolution to promote remote access for all city boards, commissions, and committees.

As the chair of the Women's Commission, I am keenly aware that women often bear responsibility for childcare in the home and how this may effect one's ability to engage in civic meetings. Beyond childcare, there many other factors that may prevent someone from attending an in person meeting.

Throughout the pandemic, the MCW has noted that our meetings and our events were more accessible and better attended due to their remote availability.

I fully support the resolution to continue to have this access for those unable to attend city meetings in person.

Thank you,
Rilda Kissel

Subject: Letter in Support of Remote Participation

**** **CAUTION:** This email originated outside the City of Melrose. Exercise caution. **DO NOT** open attachments or click links unless you recognize the sender and know the content is safe. ****

Dear Councilors Grigoraitis and Migliorelli:

As Chair of the Melrose Commission on Disability, I want to express my strong support for the resolution for the expansion on a permanent basis of remote participation during meetings of the City Council, School Committee, other appointed boards and commission, and similar bodies. The opportunity to publicly participate in meetings remotely, allows for greater and more diverse public participation, and stronger government transparency and accountability. Remote participation provides both convenience, but also allows for participation by many individuals who for a variety of reasons cannot otherwise participate, including some individuals with disabilities. As efforts to allow remote participation move forward, it is important that such efforts are fully inclusive, and maximize accessibility for those with disabilities. The Commission on Disability welcomes the opportunity to work with the city to ensure that is the case.

Thank you for the opportunity to support this resolution.

Petition of the Massachusetts Electric Company d/b/a National Grid
Of NORTH ANDOVER, MASSACHUSETTS
For Electric conduit Location:

To City Council of Melrose, Massachusetts

Respectfully represents the Massachusetts Electric Company d/b/a National Grid of North Andover, Massachusetts, that it desires to construct a line of underground electric conduits, including the necessary sustaining and protecting fixtures, under and across the public way or ways hereinafter named.

Wherefore it prays that after due notice and hearing as provided by law, it be granted permission to excavate the public highways and to run and maintain underground electric conduits, together with such sustaining and protecting fixtures as it may find necessary for the transmission of electricity, said underground conduits to be located substantially in accordance with the plan filed herewith marked: Rowe St - Melrose - Massachusetts.

The following are the streets and highways referred to:
Plan # 27967397 Rowe St - National Grid to install beginning at a point approximately 30 feet northwest of the centerline of the intersection of Green St and Rowe St and continuing approximately 800 feet in an east direction. Install 880 ft of concrete encased electric ducts from existing manhole A-510 to an existing pad mount transformer at 585 Lebanon St.

Location approximately as shown on plan attached

Massachusetts Electric Company d/b/a National Grid

City of Melrose
Public Works Committee
562 Main Street
Melrose, MA 02176

Dear Chair Thomas and Honorable Public Works Committee,

We write in support of the request by National Grid to install underground electric ducts from the existing manhole A-510 to an existing transformer at 585 Lebanon Street, Melrose, as an important safety measure for our patients and the community of MelroseWakefield Hospital. This important initiative is critical for our power reliability, which is not exclusive to lights and power when there is a loss of service. It impacts a series of events that, at times, has escalated to a formal Incident Command response as it relates to patient care and safety. One example is our sterilization operation (CSP – Central Sterile Processing), which was severely impacted by the loss of power leading to a loss in functionality of our air handler, which we are still managing, several weeks later. CSP sterilizes and processes under a strictly maintained and monitored environment, (temperature, humidity and air exchanges). When this unit is down, the effect it has on patient care is enormous, as we found these past few weeks. The interruption in availability of sterile instruments for surgery and procedures not only effect the operating room, but also can have an effect on our ability to safely admit patients through the emergency department, forcing us to transfer to other institutions. This is a community issue.

Power reliability is critical to our ability to deliver care consistently. As described, generator back-up does not sustain 100% of our electrical load. Primarily it supports.

- HVAC
- Lighting
- Refrigeration

When we sustain power outages, which are highly susceptible due to contact and damage by wind, trees, ice accumulation, vehicular impact and wildlife contact (as we have experienced over the years), it impacts our ability to deliver care and we must make immediate adjustments (and interruptions) to the delivery of services, which can and have included delaying and diverting care. Moving the lines underground will:

1. Reduce outages as the lines will be less susceptible to contact and damage by winds, trees and wildlife contact.
2. Improve patient care and safety by having a more reliable electrical service.
3. Generate a positive economic impact by reducing outage-caused down time for the hospital/community.

The impact of the recent power interruptions has mandated this initiative (underground transmission lines) as a necessary step for the safety of our community and patients for whom we care. Not doing so continues to put the hospital at risk for interruptions in services and is a vulnerability for the community as it pertains to the health services the hospital provides.

We strongly encourage you to support the request by National Grid to move the described power source underground. We greatly appreciate your time and consideration on this matter.

Sincerely,

Steven P. Sbardella, MD, FACEP, FABC

PETITION FOR JOINT OR IDENTICAL POLE LOCATIONS

North Andover, Massachusetts

To the City Council
Of Melrose, Massachusetts

Massachusetts Electric Company d/b/a National Grid and Verizon New England, Inc requests permission to locate poles, wires, and fixtures, including the necessary sustaining and protecting fixtures, along and across the following public way:

Orient Ave - National Grid to relocate 1 JO Pole on Orient Ave beginning at a point approximately 276 feet north of the centerline of the intersection of Orient Ave and East Emerson St and continuing approximately 14ft in a north direction. Relocate pole 1570 +/- 14ft north from its current location on Orient Ave to accommodate for driveway clearance for 21 Orient Ave.

Location approximately as shown on plan attached

Wherefore it prays that after due notice and hearing as provided by law, it be granted a location for and permission to erect and maintain poles and wires, together with such sustaining and protecting fixtures as it may find necessary, said poles to be erected substantially in accordance with the plan filed herewith marked – Orient Ave – Melrose – Massachusetts.

No.# 30378336 May 19, 2021

Also for permission to lay and maintain underground laterals, cables, and wires in the above or intersecting public ways for the purpose of making connections with such poles and buildings as each of said petitioners may desire for distributing purposes.

Your petitioner agrees to reserve space for one cross-arm at a suitable point on each of said poles for the fire, police, telephone, and telegraph signal wires belonging to the municipality and used by it exclusively for municipal purposes.

ORDER FOR JOINT OR IDENTICAL POLE LOCATIONS

To the City Council of Melrose, Massachusetts

Notice having been given and public hearing held, as provided by law,
IT IS HEREBY ORDERED:
that Massachusetts Electric Company d/b/a National Grid and VERIZON NEW ENGLAND INC. (formerly known as NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY) be and they are hereby granted joint or identical locations for and permission to erect and maintain poles and wires to be placed thereon, together with such sustaining and protecting fixtures as said Companies may deem necessary, in the public way or ways hereinafter referred to, as requested in petition of said Companies dated the 19th day of May, 2021.

All construction under this order shall be in accordance with the following conditions:
Poles shall be of sound timber, and reasonable straight, and shall be set substantially at the points indicated upon the plan marked – Orient Ave – Melrose – Massachusetts.

May 19, 2021. Filed with this order # 30378336.
There may be attached to said poles by Massachusetts Electric Company d/b/a National Grid and Verizon New England Inc. such wires, cables, and fixtures as needed in their business and all of said wires and cables shall be placed at a height of not less than twenty (20) feet from the ground.

The following are the public ways or part of ways along which the poles above referred to may be erected, and the number of poles which may be erected thereon under this order:

Orient Ave - National Grid to relocate 1 JO Pole on Orient Ave beginning at a point approximately 276 feet north of the centerline of the intersection of Orient Ave and East Emerson St and continuing approximately 14ft in a north direction. Relocate pole 1570 +/- 14ft north from its current location on Orient Ave to accommodate for driveway clearance for 21 Orient Ave.

Also for permission to lay and maintain underground laterals, cables, and wires in the above or intersecting public ways for the purpose of making connections with such poles and buildings as each of said petitioners may desire for distributing purposes.

I hereby certify that the foregoing order was adopted at a meeting of the
of the City/Town of , Massachusetts held on the day of 20 .

**** CAUTION: This email originated outside the City of Melrose. Exercise caution. DO NOT open attachments or click links unless you recognize the sender and know the content is safe. ****

We would like to ask these two questions.

One
If this pole is to be moved, what would be the notification to the neighbors. Specifically how much time or notice will we get. And how long will the service be interrupted as we all work from home.

Number two. Presently the pole is positioned away from all other trees the position that it's being asked to move to would move it closer to a tree. We are concerned that the new location may negatively impact our service thru tree damage. Are there any considerations of that impact and plans to adjust the location or make changes regarding the tree?

Christopher F. Redfern

Professional Experience

Executive Director
Friends of the Middlesex Fells Reservation, Melrose, MA (2019-present)

- Developed multi-year Sustainable Fells Campaign to address pressing conservation needs at the Fells, including invasive species management and reducing rogue trails for wildlife.
- Established a Fells Caucus of elected officials representing Fells-adjacent communities to effectively lobby for additional financial support and greater environmental protection.
- Led 18 nonprofit organizations in a campaign to opposed the introduction of class 1 electric bicycles on all DCR natural surface trails currently open to traditional bikes (ongoing)
- Led the board and staff in strategic planning that resulted in new strategic priorities, vision, and mission.
- Improved fundraising operations and developed new several funding relationships, doubling the operating budget in less than 24 months.

Executive Director
San Diego Audubon Society, San Diego, CA (2006-2019)

Program and staff development

Developed partnerships with non-profits, local government, state agencies, federal agencies, and other funders to protect endangered species, improve and expand habitat for wildlife, and deliver outdoor science education programs.

- Developed a conservation program to address endangered species, habitat protection, wetlands restoration, and grassroots advocacy, now with two full-time staff
- Developed an education program that annually delivers more than 3,500 outdoor nature lessons, implemented by two program staff and ten naturalists
- Established new revenue streams to support sustainable staffing levels at two San Diego Audubon-owned wildlife sanctuaries
- Grew annual budget to support the addition of volunteer management, communications, development, and office administration staff
- Oversaw dramatic growth of the San Diego Bird Festival, now one of the largest birding festivals in the United States
- Staffing structure includes coordinator, manager, and director-level positions

Strategic Planning and Board Development

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Led the board, staff, and volunteers in strategic planning to develop organizational vision and key strategies
- Aligned fund development, staffing, and programs to the strategic plan
- Led annual board and staff retreats to strengthen teamwork, solve organizational problems, and promote professional growth and development
- Established governance committee to address board composition and training
- Established finance committee to oversee investment and spending policies
- Led diversity, equity, and inclusion team

Fund development and financial management

Grew a mostly all-volunteer organization with a budget of $125,000 to a dynamic and respected local conservation nonprofit with revenues of $950,000.

- Lead a team responsible for securing more than $3 million in grant awards to date; grant-based partnerships currently comprise $300,000 of annual income
- Developed a major gifts program that in five years grew from less than $5,000 in gifts to more than $100,000 annually
- Lead cultivation of planned gifts, resulting in an increase of endowment funds from $500,000 to more than $3 million in the past five years
- Oversee endowment and other financial assets exceeding $5 million
- Responsible for financial control of the organization, including managing the annual budgeting process and monitoring ongoing financial performance
    - Led six-fold increase in revenues while ensuring that budget-to-actual variances averaged less than 5% in the past ten years
    - Maintained cash reserves equal to six months of operating expenses over the past ten years

Office Manager/Volunteer Coordinator
San Diego Audubon Society, San Diego, CA (2005-2006)

- Upgraded donor management software to increase efficiency and reporting capabilities
- Streamlined office operations and developed volunteer capacity

Sales and Marketing Manager
Alert Management Systems Corporation, Colorado Springs, CO (1990-2005)

Responsibilities included business planning, marketing strategy and content development, staff recruitment and training, and website design.

Related Board Experience

Audubon California Board of Directors (2008-2016)

- Worked with senior management team to draft business plans
- Advanced legislative priorities for statewide environmental issues
- Chaired chapter committee and supported establishment of a staffed chapter network

San Diego Children and Nature Collaborative (2009-2011)

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Founding board member
- Secured more than $50,000 in start-up funding to initiate local programming

Recent Committee & Volunteer Service

Mentor, University of San Diego's Outdoor Leaders Initiative (2019)

Member, Mission Bay Park Committee, Mission Bay Park Improvement Fund Oversight Committee (mayoral appointment) (2019)

- Advise the Park and Recreation Board, Mayor, and City Council on policy issues relating to the acquisition, development, maintenance, and operation of Mission Bay Park
- Oversee allocation of funds to restore wetlands, wildlife habitat, and other natural assets

National Audubon Society – Network Leadership Team (2016-2018)

- Developed business-to-business standards of communication and conduct to enhance collaboration between large urban chapters and National Audubon Society programs

Education and Selected Professional Development

Principia College, Elsah, IL
BA, English – Graduated with Honors

University of San Diego's Nonprofit Institute – Program Design Academy (2019)
Lilly Family School of Philanthropy's Fundraising School – Principles and Techniques (2005)
Lilly Family School of Philanthropy's Fundraising School – Major and Planned Gifts (2005)

MEMORANDUM

To: City Council President Christopher Cinella
From: Mayor Paul Brodeur
Re: Appointment of Sarah MacLellan as Chief Assessor
Date: August 16, 2021

It is my pleasure to submit to you and the Honorable City Council the appointment of Sarah MacLellan to serve as Chief Assessor for the City of Melrose.

Ms. MacLellan is currently the Acting Chief Assessor, and previously served for four years as Assistant Assessor under former Chief Assessor Christopher Wilcock. Prior to joining the Assessor's Office, she worked in the Auditor's Office. Sarah holds a Bachelor of Science in Business Administration and is a Massachusetts Accredited Assessor.

The Chief Assessor is a highly specialized role that is critical to the City's financial functioning. As Chief Assessor, Ms. MacLellan is responsible for the valuation of all commercial, industrial, and residential real estate within the City for taxation purposes in conjunction with the Board of Assessors and in accordance with Department of Revenue regulations. The Chief Assessor also oversees preparation of re-evaluations of all properties in the City, and together with the Board of Assessors, presents an analysis of potential changes in taxation rates. Ms. MacLellan brings to this role invaluable technical experience with appraising principles and practices as well as familiarity with both Melrose property values and the City's financial systems.

In addition to her professional qualifications, Ms. MacLellan is an active and engaged member of the Melrose community, has held volunteer roles with a number of organizations in Melrose, and worked on the Melrose Helps effort during the height of the pandemic.

We are fortunate to have the benefit of Ms. MacLellan's experience and expertise in our Assessing department, especially during a property revaluation year. I respectfully request the City Council confirm her appointment as Chief Assessor for the City of Melrose.

Thank you for your consideration.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

SARAH A. MACLELLAN

May 27, 2021

Dear Hiring Managers,

I would like to formally apply for the Chief Assessor position at the City of Melrose. When reviewing the position requirements, I find that my qualifications and strengths align with the current needs and focus of the Melrose Assessor's Department.

For the past five years I have worked for the City of Melrose, first in the Auditor's Office as an Accounting Clerk, and since 2017, as the Assistant Assessor. During this time, I have obtained my designation as a Massachusetts Accredited Assessor and have acquired a comprehensive set of technical skills that would assist me in doing the work of the Chief Assessor.

I have also demonstrated my ability to work with leaders across City departments, consistently earning praise for my work ethic, attention to detail, strong adherence to policies and guidelines, and using sound discretion in handling sensitive information.

Throughout my work in previous roles and in my current position, I have developed strong interpersonal skills and the ability to communicate in a tactful and effective manner, always responding to customers' inquiries and requests with a friendly and positive attitude.

I hope you will find that this brief summary, in combination with the attached resume, describes a dedicated employee with the skills and enthusiasm to meet the requirements of the position of Chief Assessor in Melrose.

I appreciate your consideration and look forward to discussing this opportunity with you in the near future. Please let me know if there is any other information I can provide that will support my candidacy for this position.

Best Regards,

Sarah MacLellan

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Attention to Detail

PROFESSIONAL EXPERIENCE

City of Melrose, Assessors' Office, Melrose, MA

2017 – Present

Assistant Assessor

Perform technical work involved in the appraisal and examining of real property for assessment purposes to Mass Appraisal Standards according to state and local laws. Provide internal and external customer service and assistance to the Chief Assessor as needed.

- Perform physical inspections of residential and commercial properties; develop building sketches and take exterior measurements.
- Inspect and monitor land use and zoning changes, deed transfers and subdivision changes.
- Update and maintain CAMA database to ensure retention of accurate assessment records.
- Explain mass appraisal method and techniques to the general public and respond to questions and concerns relating to appraisal methods.
- Assist with preparation for defense of values in cases before the Appellate Tax Board.
- Gather property data from building plans, building permits, City officials, contractors, lawyers and real estate agents.
- Respond to inquiries from taxpayers, brokers and appraisers in person, via e-mail and by telephone.
- Review, analyze and process exemption and abatement applications for final review by the Board of Assessors.
- Prepare and distribute abutters' lists.
- Attend professional development conferences and training in order to stay informed of Massachusetts Laws and Regulations concerning taxation and to stay up to date on changes and trends in the Assessing field.

City of Melrose, Auditors' Office, Melrose, MA

2016 - 2017

Accounting Clerk

- Led the Accounts Payable process for the City and School Departments, ensuring that finances were accurate and up-to-date and that vendors were paid within established time limits.
- Streamlined the Accounts Payable Process - consolidated A/P warrants from 360 to 280 year over year.
- Audited invoices submitted by all Departments, confirming that proper documentation was submitted in compliance with policy.
- Processed the weekly warrant and check run, coordinated with the Treasurer's office to ensure funds were transferred accordingly.
- Researched payment inquiries for internal and external customers.
- Maintained vendor records in MUNIS system, ensuring that W-9s were received in accordance with the Department of Revenue.
- Conducted training for other departments relating to guidelines for encumbrances and invoice paying in accordance with M.G.L.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Calypso Cards, Newport, RI 2011 - 2015

Accounting Specialist

- Responsible for all facets of receivables management including managing the general ledger, preparing weekly A/R reports, cash application duties, and providing performance data to Managing Director.
- Utilized exceptional client management skills to collect outstanding accounts and resolve delinquencies.
- Reduced average weekly outstanding delinquent accounts by 80%.
- Established new accounts, evaluated credit risk, and determined credit limits and payment terms utilizing trade and bank references as required.
- Prepared annual tax forms for distribution.
- Worked closely with Finance Director to ensure all invoices and credits were current.
- Calculated and processed monthly commission payments for sales representatives.
- Established new procedures to streamline A/R processes within the company.

Viabella (formerly Marian Heath Greeting Cards), Wareham, MA 2009 - 2011

Field Sales Representative, Boston territory

- Maintained and increased greeting card sales in retail stores in the greater Boston area.
- Established and maintained relationships with store managers.
- Shared brand and product knowledge with store managers and their customers.
- Met with buyers to determine upcoming needs and recommend possible changes in stores.

CIGNA Group Insurance, Newton, MA 2008 - 2009

Sales Administration Senior Associate

- Responsible for all internal sales administration functions and support for National Account Sales Manager.
- Created sales presentation proposal materials for clients and brokers.
- Updated sales reporting system with sold case information on a weekly basis.
- Prepared finalist meeting sales presentations.

Viabella (formerly Marian Heath Greeting Cards), Wareham, MA 2005 - 2008

Key Account Manager

- Created successful Key Account Department within the company. Developed end-to-end workflow processes to track projects from initial product recommendations through program deployment in multi-rooftop chains, such as Books-A-Million, Albertson's, Garden Ridge, and Dicksons.
- Conducted sales analysis, recommended new products and strategies to support seasonal sales cycles and goals.
- Independently managed and maintained custom printing account that generated over $600,000 wholesale per year.
- Increased wholesale sales for company's largest key account by 17% year-over-year.
- Developed comprehensive service operations manuals to be used by field merchandisers in retail stores.
- Managed systems transition during acquisition of subsidiary company, Renaissance Greeting Cards.
- Initiated and implemented use of EDI (Electronic Data Interchange) Order Process.

Graphique de France, Woburn, MA 2004 - 2005

Key Account Assistant

- Supported Vice President of Sales and Key Account Managers in sales efforts to major accounts such as TJMaxx, Staples and Barnes & Noble.
- Evaluated and analyzed retail sales and product line data, conducted sell-through and historical sales reporting for presentation to sales managers and customers.
- Communicated with buyers on all aspects of sales programs including program proposals, image recommendations, product availability, terms negotiation and progress updates.
- Represented the company at major sales presentations and national industry trade shows.
- Developed internal sales reporting process resulting in more efficient analysis and presentation of sales data.
- Enhanced customer presentations focusing on year -over-year accomplishments of sales goals.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Graphique de France, Woburn, MA 2001 - 2004

Sales Account Coordinator

- Worked with CEO to maintain and increase sales in major accounts including Tuesday Morning, HomeGoods, Century 21 Department Stores and Ross Stores.
- Independently generated over $150,000 in sales.
- At request of company President, independently managed several major accounts: Papyrus, Museum of Fine Arts Boston and Mattel. Supported Sales Account Director to manage and maintain key accounts such as Borders, Target and Cost Plus.
- Created and distributed monthly national sales reporting to twelve sales representative groups throughout the US.
- Communicated with field sales reps and distributed new product release information.

Graphique de France, Woburn, MA 2000 – 2001

Publishing Assistant

Responsible for all correspondence with designers, photographers and artists who supplied art work for calendars and stationery. Trafficked artwork, photographs, printer's proofs between design, pre-press, and printing departments.

Polina Latta
Director
platta@cityofmelrose.org

To: City Council
Cc: Mayor Brodeur
From: Polina Latta, Human Resources Director
Re: Chief Assessor Recruiting Process
Date: July 27, 2021

The City Council has requested that the Human Resources Department provides an overview of the recruiting process for positions that need to be confirmed by the Council. Below I have outlined the recruiting process for the Chief Assessor.

- The HR Department used broad and diverse recruiting strategy when recruiting for the Chief Assessor's position. We used the following sources:
  1. City wide e-mail
  2. City Employment site
  3. Mass Municipal Association (MMA)
  4. Mass Association of Assessing Officers
  5. AMARU
  6. NAACP Mystic Valley network
  7. LinkedIn

- The position was posted on May 20th and the deadline was June 4th, which is our typical 2 + week deadline. A total of three candidates applied (one internal and two external). We do not track demographics of candidates that early in the recruiting process.

- Patrick Dello Russo, City Auditor/CFO and I reviewed the resumes and only two candidates met the minimum qualifications, one of which was Sarah MaClellan. Concerning the process involving these two candidates:
  - I conducted an initial phone interview of the external candidate. The next step in the process would have been an interview with Patrick Dello Russo and the Board of Assessors. During my interview with the external candidate, he withdrew his application when he realized that his salary expectations were much higher than what the City of Melrose could offer.
  - Sarah has been employed by the City of Melrose since April of 2016, and in the Assessor's office as Assistant Assessor specifically since August of 2017. She came highly recommended by the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

incumbent Chief Assessor, employed in this role since 2014, who helped her develop her assessment skills for this role, and also by the Board of Assessors who works closely with her on a regular basis. Patrick Dello Russo, who supervised Sarah directly prior to her position in the Assessor's office, and is well aware of her work ethic, dedication, professionalism, and overall caliber of qualifications spoke highly of Sarah and also highly recommended her. Given her institutional knowledge, that she has the required trainings and certificates this appears to be the natural next step in her career with the City of Melrose.

- Additional information considered:
  - Market overview: when we advertised for the Chief Assessor's role there were several Assessor openings on MMA at the same time. From speaking with former Chief Assessor Chris Wilcock and with other communities, it became very evident that there is a shortage of Assessors in the Commonwealth of Massachusetts. I learned that it has taken other communities anywhere between 1-3 years to fill this role. The City of Melrose was fortunate to have a candidate like Sarah who is qualified, is already familiar with our community, and has been such a valued employee for so long. I have attached Sarah's cover letter and resume for your review.
  - This year is a revaluation year for the City of Melrose, which takes place once every five years. It is a year of significant new growth for the City, and per our CFO, this is the only source of substantial tax revenue to fund our operating budget outside of Proposition 2 ½. Time was of the essence and we couldn't have this role vacant for too long.

Re: Melrose Affordable Housing Trust Letter of Interest

Dear Mr. Mayor;

Thank you for your considering me to fill one of the seats on the newly established Melrose Affordable Housing Trust. I am interested in serving in this capacity, and I am honored to share my skills and knowledge in the areas of affordable housing.

Prior to my retirement from Cambridge Savings Bank in October 2020, I was the Senior Vice President and Chief Lending Officer of Melrose [Cooperative] Bank, and served there as its senior lending officer for 22 years. One facet of my position that I most enjoyed was the opportunity to work with customers and potential home-buyers of all income levels, and facilitating numerous first-time homebuyer courses we offered in the city. I counseled and advised people on the myriad state and federal programs available to advance home ownership. I also worked closely with the city and prospective homeowners on lottery programs established for affordable units created by the city's inclusionary zoning ordinance. My experience at a local bank provided me the opportunity to closely see the needs for affordable housing in my own community and create products and services to meet that need as we were able. In addition, the Melrose Cooperative Bank Charitable Foundation, a board on which I serve as secretary, included specific desire to foster and advance affordable housing in the communities it served, and this focus continues on that foundation's work today.

I was a founding member of the Melrose Affordable Housing Task Force, established in 1998 to encourage, support and advocate for public and private affordable housing initiatives. We advocated for, and the city ultimately achieved, affordable units in developments such as Oak Grove Village (now Windsor), Webster Willows (Pleasant Street) and Station Crossing (Essex Street) and we were also public advocates for the SRO property on Vine Street operated by Caritas. We were instrumental in the city's passage of its first Inclusionary Zoning Ordinance which led to the creation of more affordable units in the city or payment of a fee in lieu of units. In late 2001 the Melrose Affordable Housing Corporation (MAHC) was formed as a separate private non-profit organization utilizing the resources of the task force and the Melrose Housing Authority, and I have served on that board since its inception. (An organization from which I have resigned effective 7/20/21). Working closely with the North Suburban Consortium, the city of Melrose planning department, and using a combination of federal HOME funds and local bank financing, we added 15 units of affordable units to the city's inventory since our inception, and have long advocated for the creation of the affordable housing trust to access those funds contributed by local developers so that additional permanent affordable housing may be created in the city.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

For over 25 years, I have also served as a board member (and past-president) of Mystic Valley Elder Services, a non-profit organization serving the needs of low- and moderate-income elders and adults living with disabilities in 11 communities (Melrose included.) There are a myriad of ways MVES serves and reaches its clients, and serving on their board has provided me with an understanding of the desires and needs for affordable and/or supportive housing for our elderly and disabled community, in order to allow people to remain independent in their homes as long as they choose.

As a lifelong resident of the city of Melrose, and someone who has been fortunate enough to own a home in Melrose, I see the continued need to advance affordable housing in the city, not only for those who were raised here, and for those who work in our city, but also for those who desire to become part of this community and have been shut-out based on their income and/or assets. My desire is that the affordable housing trust fund becomes one more arrow in our quiver to make Melrose a community open to all.

Thank you for your consideration of my interest. I look forward to meeting with members of our city council to provide any additional information they may request regarding this appointment.

Very truly yours,

James E. Oosterman

ELENA PROAKIS ELLIS
Director, DPW

To: Mayor Paul Brodeur
From: Elena Proakis Ellis
Meeting Date: August 16, 2021
Subject: Amending Chapter 198 of the Revised Ordinances of the City of Melrose
Order #: ORDER-2022-16

Request for review of Chapter 198 Revised Ordinances of the CIty of Melrose: solid waste and recycling: Solid Waste City Ordinances need updating to align with current practices of the Massachusetts Department of Environmental Protection (MassDEP), the Department of Public Works (DPW), and our contracted trash and recycling hauler: JRM Hauling and Recycling. Specifically, we propose the following changes:

1) With the implementation of our Mattress Recycling Program, residents will have the opportunity to schedule curbside pickup of mattresses or drop off at the City Yard on Saturdays. Please see proposed addition of §198-3, Part F.
2) Instead of listing individual fees for services within ordinances, we propose adopting a Schedule of Fees to be set by the Director of Public Works, and published on the City website. These fees are designed to recover costs associated with services. Please see proposed changes to §198-3.
3) The cost for "Metal Goods Item Pickup" is listed as $20 in §198-3 part E(2), but the current fee is actually $25. This fee will be listed in the Schedule of Fees, and removed from the ordinance.
4) City Ordinance §198-4 A(3) currently defines what is considered "Acceptable Recyclable Waste" to be put out for curbside collection, but the details of what materials are acceptable are determined by current recycling markets, MassDEP and the city's contracted Materials Recovery Facility (MRF). We propose removing language from the ordinance that defines "Acceptable Recyclable Waste," and leaving the determination to the Director of Public Works with guidance from MassDEP and the contracted MRF. Please see proposed changes to §198-4 A(2).
5) In practice, the City does not provide residents with recycling containers, so language in Section 198-4 indicating otherwise should be removed. Please see proposed changes to §198-4 A(2), B(2), and B(4).

Attachments to this Order include the proposed changes to the Solid Waste and Recycling Ordinance Chapter 198 (red line version), the proposed schedule of fees, and a summary memo.

Re: Solid Waste Ordinance Updates and Schedule of Fees

Solid Waste City Ordinances need updating to align with current practices of the Massachusetts Department of Environmental Protection (MassDEP), the Department of Public Works (DPW), and our contracted trash and recycling hauler: JRM Hauling and Recycling. Specifically, we propose the following changes:

1) With the implementation of our Mattress Recycling Program, residents will have the opportunity to schedule curbside pickup of mattresses or drop off at the City Yard on Saturdays. Please see proposed addition of §198-3, Part F.
2) Instead of listing individual fees for services within ordinances, we propose adopting a Schedule of Fees to be set by the Director of Public Works, and published on the City website. These fees are designed to recover costs associated with services. Please see proposed changes to §198-3.
3) The cost for "Metal Goods Item Pickup" is listed as $20 in §198-3 part E(2), but the current fee is actually $25. This fee will be listed in the Schedule of Fees, and removed from the ordinance.
4) City Ordinance §198-4 A(3) currently defines what is considered "Acceptable Recyclable Waste" to be put out for curbside collection, but the details of what materials are acceptable are determined by current recycling markets, MassDEP and the city's contracted Materials Recovery Facility (MRF). We propose removing language from the ordinance that defines "Acceptable Recyclable Waste," and leaving the determination to the Director of Public Works with guidance from MassDEP and the contracted MRF. Please see proposed changes to §198-4 A(2).
5) In practice, the City does not provide residents with recycling containers, so language in Section 198-4 indicating otherwise should be removed. Please see proposed changes to §198-4 A(2), B(2), and B(4).

SOLID WASTE AND RECYCLING

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

ARTICLE II
Collection and Disposal
[Adopted as Rev. Ords. 1976, §§ 13-3, 13-6, 20-5 and 20-6 (Rev. Ords. 1989, §§ 8-1, 15-26 and 15-27)]

§ 198-2. Dumping; obstructing sidewalks; placement of refuse containers. [Amended 6-18-1984 by Ord. No. 785A; 6-18-1984 by Ord. No. 785B; 2-20-2007 by Ord. No. 07-107A]

A. No person shall put or place, or cause to be put or placed, in any street, lane, alley or any other place, public or private, where it may be offensive or objectionable, any ashes, dirt or refuse, nor shall any piece of metal or wood or any plastic in any form or other material injurious to feet or to tires of vehicles or any other rubbish be put, placed or thrown into or on any street, lane, alley or public place. No person shall throw or place on any vacant land or in any brook or pool rubbish, limbs, brush, barrels, boxes, etc.

B. No person shall place or cause to be placed on any sidewalk, footwalk or crosswalk any object whatsoever so as to interfere with the convenient use of the same by any person traveling thereon. This shall not apply to building materials so placed by permission of the City Engineer. **[Amended 5-21-2012 by Ord. No. 2012-158]**

C. Refuse may not be left on sidewalks for collection except after 5:00 p.m. of the day before scheduled pickup. Refuse containers and receptacles shall be placed at the curb by 7:00 a.m. on the scheduled collection day and shall be removed from the sidewalk within 12 hours after refuse collection.

D. The Public Health Department enforcing officers shall prosecute violations under the provisions of MGL c. 270, § 16 (disposal of rubbish, etc.). No property owner shall be prosecuted for violation until a written notice of warning is served. **[Amended 8-21-2017 by Ord. No. 2018-4]**

§ 198-3. Ashes and rubbish; yard waste; metal goods; mattresses; collection fees. [Amended 9-24-1990 by Ord. No. 91-10; 11-1-1990 by Ord. No. 91-33; 1-21-1992 by Ord. No. 92-119; 3-16-1992 by Ord. No.92-241;
3-7-1994 by Ord. No. 94-176; 7-18-1994 by Ord. No. 94-343;
6-26-2002 by Ord. No. 02-367; 6-26-2002 by Ord. No.02-368;
6-26-2003 by Ord. No. 03-292; 6-7-2004 by Ord. No.04-264A;
6-7-2004 by Ord. No. 04-264B; 6-7-2004 by Ord. No.04-264C;
6-21-2004 by Ord. No. 04-264D; 6-23-2005 by Ord. No. 05-243;
6-5-2006 by Ord. No. 06-172; 2-2-2009 by Ord. No. 09-109;
5-21-2012 by Ord. No. 2012-158; 6-25-2015 by Ord. No. 2015-168; DATE by Ord. No. 2022-###]

The Director of Public Works shall, in addition to the duties prescribed by law and the Charter, have charge of the collection and disposal of ashes and other household rubbish, including garbage, under proper regulations approved by the Mayor and City Council.

A. The Director of Public Works shall maintain and publish a Waste and Recycling Services "Schedule of Fees" on the Department of Public Works website for Curbside Pickup Services, City Yard Drop-off Items, and Special City Yard Events.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

B. For Solid Waste Collection, residents may use plastic or metal barrels or bags under 45 gallons and 45 pounds. No more than four (4) barrels or bags and one (1) bulky item per week will be picked up from each household.

~~B.~~C. The Director of Public Works shall, for a period beginning on or around April 15 and ending about December 15, collect at curbside, biweekly or monthly as defined in its annual collection calendar, all leaves and grass clippings, provided that such materials do not violate any regulation or rule authorized by this section. Leaves and grass clippings shall be placed at curbside for City pickup in plain brown paper bags or barrels, subject to such reasonable limits as may be set by the Director of Public Works. No loose materials will be collected. The Director of Public Works shall operate a drop-off yard waste collection program in conjunction with this subsection.

~~C~~D. There shall be a collection of large metal goods by the Public Works Department either once or twice a week at the Director's discretion and under the following regulations:

(1) Metal goods include refrigerators, sinks, stoves, bathtubs, toilets, shower stalls, radiators, metal file cabinets, metal desks, dismantled play sets, metal pipes tied together in a bundle weighing not in excess of approximately 30 pounds and any other metal goods requiring special pickup.

(2) Each metal goods item as defined in Subsection D~~C~~(1) will be picked up at curbside for a fee, ~~of $20~~listed in the "Schedule of Fees" as "Metal Goods Item Pickup" and payable to the City of Melrose. The homeowner/resident wishing to dispose of such items will obtain a receipt from the Department of Public Works after payment is made for each item. Any item that has no sticker will not be picked up by the City or its agents.

(3) The collection of these fees is to be in accordance with Chapter 56, Officers and Employees, § 56-21.

(4) Moneys collected under this Subsection C shall be set aside in a special fund suggested by the Auditor.

~~D~~E. There shall be a collection of mattress(es) and/or box spring(s) made by a vendor at the discretion of the Director~~'s~~ of Public Works-. This collection shall be made pursuant to the following:-

(1)Each mattress or box spring will be picked up curbside for a fee, as listed in the "Schedule of Fees" as "Mattress Pickup" . This fee shall be paid to the City of Melrose in advance of any curbside pickup.

(2) The collection of these fees is to be in accordance with Chapter 56, Officers and Employees, § 56-21.

~~E~~F. No person, except an authorized employee or agent of the Public Works Department, shall remove any article or material deposited or placed upon a street or sidewalk for the purpose of being collected by the Public Works Department.

~~F~~G. No dumpster may be placed on City streets without first obtaining written permission from the Director of Public Works or his or herdesignee.

~~G~~H. Trash tipping fee.

Commented [SL1]: This is and has been curr practice for a number of years, we are just stat the ordinance. n

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(1) Residential. A "trash fee," listed in the "Schedule of Fees" ~~of $200~~ per dwelling unit is hereby established effective July 1, 2005, on all residential structures of six units or fewer.

(2) (Reserved)

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(3) Discount.

(a) Effective January 1, 2016, any senior citizen (65 years or older) who owns and occupies a single-family home or condominium with an income of $65,870 or less for a single person, $75,280 or less for married couples, will be eligible for a 50% discount for this fee.

(b) Effective January 1, 2016 hardship cases. Any citizen who owns and occupies a single-family home or condominium with an income of $35,000 or less for a single person, $40,000 or less for married couples, will be eligible for a 100% discount for this fee.

(c) Proviso. Eligibility should be determined by using the adjusted gross income number found on the IRS 1040 form.

(4) (Reserved)

(5) Billing. The Collector shall issue bills quarterly.

(6) Exemption. Any person that can demonstrate an alternative lawful disposal method may apply for an exemption.

~~H.~~I. Billing period; place of placement; delinquent payments.

(1) All bills for solid waste and recycling shall be made out and rendered by the Public Works Department to consumers quarterly, and all such bills shall be payable within 30 days at the office of the City Collector.

(2) Bills not paid within 30 days shall be subject to the following:

(a) Demand charge of $5.

(b) Interest penalty of 14% from the due date.

(c) Lien fee of $10, to be applied only on those solid waste and recycling bills that become lien on real estate tax bills.

§ 198-4. Curbside recycling. [Added 1-22-1991 by Ord. No. 91-123; amended 8-15-1994 by Ord. No. 94-344; 2-20-2007 by Ord. No. 07-107B; DATE by Ord. No. 2022-###]

A. General provisions.

(1) The City of Melrose will provide for the curbside collection of acceptable recyclable waste from residences with six units or fewer in accordance with the provisions of § 198-3 and this section.

~~(2) The City of Melrose will supply to each residence, as defined in Subsection A(1), a recycling container or containers to be used by the resident for placement of acceptable recyclable waste for curbside collection.~~

Commented [SL2]: The City does not supply containers, therefore, remove.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(2) "Acceptable recyclable waste" is defined by the Director of Public Works, in accordance with Waste Disposal Bans established by the Massachusetts Department of Environmental Protection (MassDEP) and the guidelines of the Materials Recovery Facility (MRF) to which the recyclable waste is hauled. ~~as follows:~~

~~(3) All clear unbroken glass. Containers, clear or colored, are acceptable. Ceramics, light bulbs, plate glass and drinking glasses, etc., are not acceptable.~~

~~(4) Clean steel, aluminum, tin, and bimetal cans. No aerosol containers, motor oil or paint cans will be acceptedcurbside.~~

~~(5) Clean newspapers/newsprint, office paper, paper bags, magazines, catalogs, phone books, junk mail, and shredded paper, bagged in brown paper bags, tied in bundles, or placed in a recycling bin separate from containers and secured.~~

~~Clean plastic containers, coded No. 1 through No. 7 on each piece. Plastic containers refer to solid containers such as margarine tubs or juice, water and milk jugs but not to items such as plastic bags and toys. Each item must have a clearly marked recycling code No. 1 through No. 7 on the bottom. Plastic containers for hazardous waste items such as motor oil or paint products shall not be accepted. Plastic items not marked with the proper recyclable code shall not be placed in the recycling container.~~

~~(a) To be considered acceptable recyclable waste, all glass, cans and plastic shall be emptied and rinsed.~~

~~(b) The City of Melrose is not limited to items in Subsection A(3)(a) through (e) as acceptable recyclable waste and may make changes from time to time.~~

B. Recycling containers; usage, placement. ~~and cost~~.

(1) The recycling containers must be placed at curbside in accordance with the schedule to be announced by the Department of Public Works and will be collected by a contractor as agent for the City of Melrose. If material placed in the recycling container is not acceptable recyclable waste as defined in Subsection A it will be left in the recycling container, and the resident shall remove the unacceptable recyclable waste before placing the recycling container at curbside for the next collection.

(2) Residents may use plastic or metal barrels/bins under 45 gallons and 45 pounds for their single stream recycling. Barrels/bins should be clearly labeled as recycling.~~The first recycling container/containers will be supplied free of charge to the residents and will remain the property of the City of Melrose.~~

Commented [SL3]: The City does not supply container.

(3) Source separation of acceptable recyclable waste shall be performed by the residents according to the instructions given by the Department of Public Works.

~~(4) Residents shall protect the recycling containers from misuse, loss or damage and return the containers to the Department of Public Works upon request.~~

Commented [SL4]: The City does not supply container.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

C. Authorized collection of acceptable recyclable waste. No person, except those individuals and companies authorized by the City of Melrose, shall collect or pick up or cause to be collected or picked up any acceptable recyclable waste which has been placed for collection pursuant to the provisions of this section. The individuals or companies so authorized shall supply the City of Melrose with receipts for collected accepted recyclable wastes, and all collections of accepted recyclable wastes shall take place according to the trash pickup schedule determined by the Department of Public Works but no earlier than 7:00 a.m. and no later than 6:00 p.m. of the same day, unless arranged in advance with the Director of Public Works to accommodate special circumstances.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

~~C.~~D.

§ 198-5. Public dumping areas. [Amended 9-17-2007 by Ord. No. 07-107C[1]; 5-21-2012 by Ord. No. 2012-158]

The City Engineer shall have charge of the maintenance and management of all places authorized by the Board of Health to be used as public dumps. The City Engineer shall have authority to regulate by suitable signs or by rules issued by him/her the use of such dumps by employees of the City, contractors and all other persons and to require compliance therewith. The City Engineer shall furnish copies of all rules made under authority of this section to the Chief of the Police Department, and it shall be the duty of the police officers to enforce such rules. Any person who violates any regulation or rule authorized by this section shall be punished by a fine of not more than $300 for each violation and will be responsible for the cleaning of the area.

State law reference — Assignment by Board of Health of places for public and private dumps, MGL c. 111, § 150A.

1. Editor's Note: This ordinance also repealed former § 198-6, Unlawful deposits, added 6-19-1995 by Ord. No. 95-281.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

ELENA PROAKIS ELLIS
Director, DPW

To: Mayor Paul Brodeur
From: Elena Proakis Ellis
Meeting Date: August 16, 2021
Subject: Acceptance of Municipal Vulnerability Preparedness Grant
Order #: ORDER-2022-17

The city of Melrose has received notice of our second Municipal Vulnerability Preparedness (MVP) Grant award from the Massachusetts Executive Office of Energy and Environmental Affairs (EOEEA) in the amount of $108,655. This grant is for an Upper Mystic regional flood management coordinated policy and strategy update. This 2-year project will be spear headed by a joint venture with the City of Melrose and Mystic River Watershed Association's Resilient Mystic Collaborative.

The intent of the project is to incorporate climate change resiliency into zoning, wetlands regulations, stormwater regulations, building regulations, and more across all land use policies. Un an urbanized watershed with highly fragmented governance, these policies must be coordinated across municipalities to be effective to avoid unintended consequences. Our goals are to refine our understanding of flooding in the Upper Mystic watershed to more specifically highlight flood damages and to come up with a toolbox of policy strategies that are specifically geared towards the most vulnerable parts of the upper watershed. This data and information will enable the municipalities to better advocate for the land use policies they need to protect their communities, while also allowing them to hone in on solutions for the most vulnerable areas in their communities.

Year 1 work will include updating the regional stormwater model with the flood exposure analysis. Year 2 work will include reviewing local regulations, hosting regional workshops to discuss reducing directly connected impervious areas (DCIA) and producing recommended regulation changes to coordinate DCIA reduction strategies across the Upper Mystic.

We formally request acceptance of this grant in the amount of one hundred and eight thousand, six hundred and fifty five dollars ($108,655) for these purposes, with funds to be transferred into a specifically designated Program Grant Account that is to be established by the Auditor's Office. There is no required monetary match to these funds as it is a supplement to our Operating Budget. This project will not have any impact to the FY22 budget.

RE: Upper Mystic Flood Analysis MVP Grant Award

DATE: July 28, 2021

Last week the City received notification of our second Municipal Vulnerability Preparedness (MVP) Grant award from the Massachusetts Executive Office of Energy and Environmental Affairs (EOEEA). The award of $108,655 is for an Upper Mystic regional flood management coordinated policy and strategy update. This 2-year project will be spearheaded by a joint venture with the City of Melrose and Mystic River Watershed Association's Resilient Mystic Collaborative. The grant has no cash match coming from the City of Melrose. We are asking for immediate consideration and approval of this award by the City Council so that we can meet MVP's deadlines and get the project started.

Many municipalities recognize the need to incorporate climate change resiliency into zoning, wetlands regulations, stormwater regulations, building regulations, and more generally across all land use policies. In an urbanized watershed with highly fragmented governance, these policies must be coordinated across municipalities to be effective and avoid unintended consequences.

The goal of this project is to 1) refine our understanding of flooding in the Upper Mystic watershed to more specifically highlight flood damages (based on economics, transportation, and social vulnerability, as opposed to just property values) and 2) come up with a toolbox of policy strategies that are specifically geared towards the most vulnerable parts of the upper watershed. This data and information will enable the municipalities to better advocate for the land use policies they need to protect their communities, while also allowing them to hone in on solutions for the most vulnerable areas in their communities.

Year 1 work will include updating the regional stormwater model with the flood exposure analysis. Year 2 work will include reviewing local regulations, hosting regional workshops to discuss reducing

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

directly connected impervious areas (DCIA), and producing recommended regulation changes to coordinate DCIA reduction strategies across the Upper Mystic.

Director of Public Works, Elena Proakis Ellis, City Engineer, Vonnie Reis, and I are thrilled with this award and excited to complete this regional project which will help mitigate flood impacts in our community.

Thank you for your consideration. I will be available for questions at the August 16, 2021 City Council meeting but please don't hesitate to contact me in advance of the meeting if you need more information.

CITY OF MELROSE

OFFICE OF THE MAYOR

PAUL BRODEUR
Mayor

City Hall, 562 Main Street
Melrose, Massachusetts 02176
Telephone - (781) 979-4440

MEMORANDUM

To: Melrose City Council
From: Mayor Paul Brodeur
Re: American Rescue Plan (ARPA) grant acceptance
Date: August 16, 2021

The Honorable City Council is hereby requested pursuant to the provisions of M.G.L. c. 44, § 53A to accept the American Rescue Plan Act (ARPA) grant in the amount of $8,374,174 on behalf of the City of Melrose, per the Massachusetts Department of Revenue[1].

The City of Melrose is scheduled to receive a total of $8,374,174 in federal ARPA grant dollars. This money has been allocated by the federal government in two ways: a direct grant to municipalities and another grant to counties. The direct grant to Melrose is $2,932,394, and our reallocation through the Middlesex County Federal ARPA Assessment will be $5,441,780.

ARPA direct grant funds will be disbursed in two equal tranches, with 50% provided at the end of FY 21 and the balance delivered approximately 12 months later. Melrose received the first half of our direct grant ($1,466,197) in late June, and will receive the remainder by the end of FY22. We anticipate that the Middlesex County reallocation will also be released in two equal parts beginning in FY22.
All ARPA grant funds must be spent or encumbered by December 31, 2024.

What can ARPA grant funds be used for?
The U.S. Department of the Treasury has identified the following areas of allowable expenditures:

a. **Spending to address public health and negative economic impacts of the COVID-19 pandemic**. This includes COVID-19 mitigation efforts, medical and behavioral health initiatives, and efforts to mitigate the economic harm of the pandemic to workers, households, small businesses, affected industries, and the public sector.
b. **Premium pay for essential workers.** This is intended to provide additional support through one-time payments for low-wage workers who have faced the greatest health risks during the COVID-19 pandemic because of their employment in a critical service sector.
c. **Revenue replacement**. Payments may be used to fund government services to the extent of revenue reductions from the pandemic. Eligibility for revenue replacement is determined by a federal formula.
d. **Investments in water, sewer, and broadband infrastructure.** This includes projects that improve access to clean drinking water, support wastewater and stormwater infrastructure, and expand access to broadband internet.

[1] Guidance as it relates to accepting of the ARPA grant monies through MGL 44 §53Ahas been vetted through the Division of Local Services at the Department of Revenue.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Some examples of ARPA eligible expenses:

- Direct COVID-related costs (testing, contact tracing, etc.).
- Expenses to improve efficacy of public health or economic relief programs.
- Water and sewer infrastructure aligned to EPA project categories for the Clean Water State Revolving Fund and Drinking Water State Revolving Fund.

Examples of what ARPA grant funds cannot be used for:

- Replenishing or funding a reserve account or stabilization fund.
- A deposit into a pension fund.
- Funding non-COVID-19 related operating budget expenses.

Once the grant is accepted, eligible ARPA expenses will be administered by the Mayor, with potential ARPA funded projects reviewed and accepted through a rigorous evaluation process in collaboration with the Chief Financial Officer/Auditor, department heads, and the Superintendent of Schools. This process is designed to provide the controls and due diligence necessary to withstand future scrutiny by the federal government.

In assessing potential uses for ARPA funds, the priority is to identify areas of greatest need and relevance to the City of Melrose. As a best practice, the funds will not be fully allocated in the first fiscal year. This will allow the City to respond should circumstances and priorities change given the uncertainty of the progress of the COVID-19 pandemic. To ensure transparency, the City Council will be provided regular updates on the planned uses of ARPA funds.

Unlike with the CARES Act Coronavirus Relief Fund, the Commonwealth will not make individual eligibility determinations regarding the use of ARPA funds for specific expenses. As the "prime recipient" of federal funds, each municipality is solely responsible for all aspects of administration and will be subject to a federal clawback provision associated with compliance failures[2]. Therefore each project considered for ARPA funding will require the Auditor to make a determination of eligibility based on the terms of federal and state mandates and rules (awaiting the finalization of the Treasury's Interim Final Rule[3] sometime in September). In addition, detailed project information will be collected in advance to ensure compliance with federal reporting requirements[4], which are significant and vary depending on the type of expenditure.

To ensure projects are thoroughly vetted and that compliance and reporting requirements are understood and adhered to according to the best information currently available from state and federal government agencies[5], the City of Melrose has engaged an outside consultant from the accounting firm of Clifton Larson Allen, LLP ("CLA"). Like CARES Act funding, ARPA grant funds will be audited as part of the City's annual single audit, reported to the Massachusetts Department of Revenue, and are subject to federal audit.

I look forward to the opportunity to answer any questions members of the Council may have regarding this grant acceptance, and will be joined by other members of our team, including our consultant from CLA, Hannah York.

U.S. DEPARTMENT OF THE TREASURY

Coronavirus State and Local Fiscal Recovery Funds

The American Rescue Plan will deliver $350 billion for state, local, territorial, and Tribal governments to respond to the COVID-19 emergency and bring back jobs.

The Coronavirus State and Local Fiscal Recovery Funds provide a substantial infusion of resources to help turn the tide on the pandemic, address its economic fallout, and lay the foundation for a strong and equitable recovery.

Funding Objectives

- **Support urgent COVID-19 response efforts** to continue to decrease spread of the virus and bring the pandemic under control
- **Replace lost public sector revenue** to strengthen support for vital public services and help retain jobs
- **Support immediate economic stabilization** for households and businesses
- **Address systemic public health and economic challenges** that have contributed to the inequal impact of the pandemic

Eligible Jurisdictions & Allocations

Direct Recipients

- States and District of Columbia ($195.3 billion)
- Counties ($65.1 billion)
- Metropolitan cities ($45.6 billion)
- Tribal governments ($20.0 billion)
- Territories ($4.5 billion)

Indirect Recipients

- Non-entitlement units ($19.5 billion)

Support Public Health Response

Fund COVID-19 mitigation efforts, medical expenses, behavioral healthcare, and certain public health and safety staff

Address Negative Economic Impacts

Respond to economic harms to workers, families, small businesses, impacted industries, and the public sector

Replace Public Sector Revenue Loss

Use funds to provide government services to the extent of the reduction in revenue experienced due to the pandemic

Premium Pay for Essential Workers

Offer additional support to those who have and will bear the greatest health risks because of their service in critical infrastructure sectors

Water and Sewer Infrastructure

Make necessary investments to improve access to clean drinking water and invest in wastewater and stormwater infrastructure

Broadband Infrastructure

Make necessary investments to provide unserved or underserved locations with new or expanded broadband access

For More Information: Please visit www.treasury.gov/SLFRP
For Media Inquiries: Please contact the U.S. Treasury Press Office at (202) 622-2960
For General Inquiries: Please email SLFRP@treasury.gov for additional information

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

U.S. DEPARTMENT OF THE TREASURY

Example Uses of Funds

Support Public Health Response

- **Services to contain and mitigate the spread of COVID-19,** including vaccination, medical expenses, testing, contact tracing, quarantine costs, capacity enhancements, and many related activities
- **Behavioral healthcare services**, including mental health or substance misuse treatment, crisis intervention, and related services
- **Payroll and covered benefits** for public health, healthcare, human services, and public safety staff to the extent that they work on the COVID-19 response

Address Negative Economic Impacts

- **Deliver assistance to workers and families**, including support for unemployed workers, aid to households, and survivor's benefits for families of COVID-19 victims
- **Support small businesses** with loans, grants, in-kind assistance, and counseling programs
- **Speed the recovery of impacted industries**, including the tourism, travel, and hospitality sectors
- **Rebuild public sector capacity** by rehiring staff, replenishing state unemployment insurance funds, and implementing economic relief programs

Replace Public Sector Revenue Loss

- **Ensure continuity of vital government services** by filling budget shortfalls
- **Revenue loss is calculated** relative to the expected trend, beginning with the last full fiscal year pre-pandemic and adjusted annually for growth
- **Recipients may re-calculate revenue loss** at multiple points during the program, supporting those entities that experience revenue loss with a lag

Premium Pay for Essential Workers

- **Provide premium pay to essential workers**, both directly and through grants to third-party employers
- **Prioritize low- and moderate-income workers**, who face the greatest mismatch between employment-related health risks and compensation
- **Key sectors include** healthcare, grocery and food services, education, childcare, sanitation, and transit
- **Must be fully additive** to a worker's wages

Water & Sewer Infrastructure

- **Includes improvements to infrastructure**, such as building or upgrading facilities and transmission, distribution, and storage systems
- **Eligible uses aligned to Environmental Protection Agency project categories** for the Clean Water State Revolving Fund and Drinking Water State Revolving Fund

Broadband Infrastructure

- **Focus on households and businesses** without access to broadband and those with connections that do not provide minimally acceptable speeds
- **Fund projects that deliver reliable service** with minimum 100 Mbps download / 100 Mbps upload speeds unless impracticable
- **Complement broadband investments** made through the Capital Projects Fund

Equity-Focused Services

- **Additional flexibility for the hardest-hit communities and families** to address health disparities, invest in housing, address educational disparities, and promote healthy childhood environments
- **Broadly applicable** to Qualified Census Tracts, other disproportionately impacted areas, and when provided by Tribal governments

Ineligible Uses

- **Changes that reduce net tax revenue** must not be offset with American Rescue Plan funds
- **Extraordinary payments into a pension fund** are a prohibited use of this funding
- **Other restrictions apply** to eligible uses

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The examples listed in this document are non-exhaustive, do not describe all terms and conditions associated with the use of this funding, and do not describe all the restrictions on use that may apply. The U.S. Department of the Treasury provides this document, the State and Local contact channels, and other resources for informational purposes. Although efforts have been made to ensure the accuracy of the information provided, the information is subject to change or correction. Any Coronavirus State and Local Fiscal Recovery Funds received will be subject to the terms and conditions of the agreement entered into by Treasury and the respective jurisdiction, which shall inc provisions of the Interim Final Rule and/or Final Rule that implements this program.

Meeting Date: August 16, 2021
Subject: MVP Action Grant
Order #: ORDER-2022-19

To the Honorable City Council:

I respectfully request that the Honorable City Council accept a grant from the Massachusetts Executive Office of Energy and Environmental Affairs (EEA) through the Municipal Vulnerability Preparedness (MVP) Program in the amount of One Hundred and One Thousand One Hundred and Eight Dollars ($101,108). By this correspondence, I am further requesting that this Council authorize me, as Mayor and Chief Executive Officer of the City of Melrose, to execute a contract with EEA for the grant and to disperse funds in accordance with the objectives and requirements of the grant program. These funds will be used to develop sustainable and resilient building design guidelines in partnership with Malden and Medford.

Sincerely,

Paul Brodeur
Mayor

RE: FY22 MVP Action Grant Award

DATE: August 6, 2021

Last month the City received notification of a Municipal Vulnerability Preparedness Action Grant award from the Massachusetts Executive Office of Energy and Environmental Affairs (EEA). The award of $101,108.00 is to fund the development of sustainable and resilient building design guidelines for residential and mixed-use developments and retrofits. The project is a partnership with Malden and Medford and will be facilitated by the Metropolitan Area Planning Council (MAPC). Melrose is the lead community on this grant funded initiative.

The Municipal Vulnerability Preparedness (MVP) program was created in 2017 as part of Governor Baker's efforts to integrate climate change work across the Commonwealth. The program provides support to cities and towns in Massachusetts to identify climate hazards, assess vulnerabilities, and develop action plans to improve resilience to climate change. The City of Melrose was awarded one of the first MVP Planning Grants in 2017. After a community-wide stakeholder engagement process that resulted in identifying our local MVP Action Priorities, the City was designated an MVP Community and became eligible to apply for Action Grants.

This green building design guidelines initiative dovetails nicely with our Net Zero Action Plan as well as the recently approved update to the zoning regulations to provide incentives for sustainable building elements. We are excited to work with our colleagues in Malden and Medford and look forward to benefiting from the technical expertise at MAPC.

We are asking for immediate consideration and approval of this award by the City Council as the work must start in September and complete by the close of this fiscal year. The City is providing in-kind staff time toward this initiative but no municipal matching funds are required.

Thank you for your consideration. City Planner Denise Gaffey will be available for questions at the August 16, 2021 City Council meeting as I'll be on vacation. Please do not hesitate to contact Denise in advance of the meeting if you need more information.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

_X_ **Maximum Obligation Contract.** Enter total maximum obligation for total duration of this contract (or ***new*** total if Contract is being amended). $ 101,108.00 .

PROMPT PAYMENT DISCOUNTS (PPD): Commonwealth payments are issued through EFT 45 days from invoice receipt. Contractors requesting **accelerated** payments must identify a PPD as follows: Payment issued within 10 days __% PPD; Payment issued within 15 days __ % PPD; Payment issued within 20 days __ % PPD; Payment issued within 30 days __% PPD. If PPD percentages are left blank, identify reason: _X_ agree to standard 45 day cycle __ statutory/legal or Ready Payments (M.G.L. c. 29, § 23A); __ only initial payment (subsequent payments scheduled to support standard EFT 45 day payment cycle. See Prompt Pay Discounts Policy.)

BRIEF DESCRIPTION OF CONTRACT PERFORMANCE or REASON FOR AMENDMENT: (Enter the Contract title, purpose, fiscal year(s) and a detailed description of the scope of performance or what is being amended for a Contract Amendment. Attach all supporting documentation and justifications.)
To complete the project entitled "Melrose, Malden, and Medford Building Resilience, Efficiency, and Affordability Project" as outlined in Attachment A and Attachment B.

ANTICIPATED START DATE: (Complete ONE option only) The Department and Contractor certify for this Contract, or Contract Amendment, that Contract obligations:

_X_ 1. may be incurred as of the Effective Date (latest signature date below) and **no** obligations have been incurred **prior** to the Effective Date.
__ 2. may be incurred as of _____, **20___**, a date **LATER** than the Effective Date below and **no** obligations have been incurred **prior** to the Effective Date**.**
__ 3. were incurred as of _____, **20___** , a date **PRIOR** to the Effective Date below, and the parties agree that payments for any obligations incurred prior to the Effective Date are authorized to be made either as settlement payments or as authorized reimbursement payments, and that the details and circumstances of all obligations under this Contract are attached and incorporated into this Contract. Acceptance of payments forever releases the Commonwealth from further claims related to these obligations.

CONTRACT END DATE: Contract performance shall terminate as of **June 30 , 2022** , with no new obligations being incurred after this date unless the Contract is properly amended, provided that the terms of this Contract and performance expectations and obligations shall survive its termination for the purpose of resolving any claim or dispute, for completing any negotiated terms and warranties, to allow any close out or transition performance, reporting, invoicing or final payments, or during any lapse between amendments.

CERTIFICATIONS: Notwithstanding verbal or other representations by the parties, the **"Effective Date"** of this Contract or Amendment shall be the latest date that this Contract or Amendment has been executed by an authorized signatory of the Contractor, the Department, or a later Contract or Amendment Start Date specified above, subject to any required approvals. The Contractor certifies that they have accessed and reviewed all documents incorporated by reference as electronically published and the Contractor makes all certifications required under the Standard Contract Form Instructions and Contractor Certifications under the pains and penalties of perjury, and further agrees to provide any required documentation upon request to support compliance, and agrees that all terms governing performance of this Contract and doing business in Massachusetts are attached or incorporated by reference herein according to the following hierarchy of document precedence, the applicable Commonwealth Terms and Conditions, this Standard Contract Form, the Standard Contract Form Instructions and Contractor Certifications, the Request for Response (RFR) or other solicitation, the Contractor's Response (excluding any language stricken by a Department as unacceptable, and additional negotiated terms, provided that additional negotiated terms will take precedence over the relevant terms in the RFR and the Contractor's Response only if made using the process outlined in 801 CMR 21.07, incorporated herein, provided that any amended RFR or Response terms result in best value, lower costs, or a more cost effective Contract.

Scope of Services (Attachment A)
FY22 EEA Municipal Vulnerability Preparedness Program – Action Grant
City of Melrose
July 12, 2021

Contractor:
Martha Grover
City Hall - OPCD
562 Main Street
Melrose, MA 02176
781-979-4195
mgrover@cityofmelrose.org

Project Title:
Melrose, Malden, and Medford Building Resilience, Efficiency, and Affordability Project

Summary:
The project will collaboratively develop complimentary sustainable and resilient building design standards for residential and mixed-use developments and retrofits that are co-created in consultation with community members. In particular, the community members will be those from Environmental Justice communities and other populations with high exposure to climate-driven extreme weather.

Scope:
The tasks described in Attachment B to this contract will be performed under this contract according to the agreed upon schedule and budget. In addition, a monthly progress report is required and a short case study and a summary PowerPoint slide with project images (templates to be provided) will be included with final project deliverables.

Funding Distribution:
Funding will be distributed by reimbursement upon completion of tasks outlined in Attachment B and submission of invoices. Costs eligible for reimbursement include all approved project costs incurred between the contract execution date and either June 30, 2022 or June 30, 2023, depending on the end date in the contract. Any additions, deletions, or other changes to the scope must be approved by EEA prior to commencement of such activities. All grant funds must be spent according to the fiscal year breakdown below (before June 30, 2022 for FY22 funds and before June 30, 2023 for FY23 funds, if applicable). Please reference the RFR "ENV 22 MVP 02" for additional details on what is required for reimbursement and contact your MVP regional coordinator with any questions.

FY22 - $101,108

FY23 - $0

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

To receive grant funding, the applicant must have agreed to the fiscal requirements of the program by providing a statement from the authorized signatory of the organization acknowledging and accepting the following:

- The municipal entity commits to match 25% of total project cost using cash or in-kind contributions (or a combination of the two) and acknowledges that the funding under this grant will be provided on a reimbursement basis.
- All matching funds provided by the Applicant or direct project partners have been approved and/or appropriated (or are in the process of being approved).

Additional details:

- No payments will be made for Massachusetts sales tax.
- Work done prior to the project start date (the date issued and signed by the Commonwealth's Department Authorized Signatory) shall NOT be reimbursed. No funds will be granted for work performed after ***June 30, 2022 for FY22 funds and June 30, 2023 for FY23 funds (if applicable)***.
- Requests for reimbursement are due before ***July 31, 2022, for work completed by June 30, 2022 and July 31, 2023 for work completed by June 30, 2023 (if applicable).***

As tasks are completed and deliverables are submitted to, reviewed and approved by EEA, the contractor must submit a package (template to be provided) containing the following items:

1. A signed letter (on city or town letterhead) from the contractor requesting reimbursement.
2. All relevant invoices, including those from subcontractors. Invoices must itemize costs consistent with the agreed upon scope of work. Invoices must demonstrate sufficient information for EEA to determine that the services were performed and/or products were received, and that the invoiced items meet all contractual performance requirements.
3. A detailed breakdown of the required match for the task. For in-kind services, include sufficient details to demonstrate the total amounts of match contributed, and as appropriate, a list of personnel, hours worked, hourly rates, etc.
4. A short case study and a summary PowerPoint slide with project images (due at the end of the project, templates to be provided).

Reimbursement packages should be submitted as tasks are completed as part of the monthly progress report, and reflect work performed according to the schedule of deliverables included in the project budget. Reimbursement is generally made within 45 days subsequent to approval of a reimbursement package. Reimbursement packages are due before July 31, 2022 for FY22 funds and before July 31, 2023 for FY23 funds, if applicable.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

EEA will retain a minimum of ten percent (10%) of the total maximum obligation of funds until all contract provisions are satisfied and final reports and other products are delivered and accepted.

Progress Reporting:
To help EEA stay current on work being conducted over the course of the project, the Contractor will submit a brief monthly progress report (template to be provided), due by the 30th of the month, including:

- Significant activities that have occurred to show progress toward deliverables
- Whether a change in schedule or scope of work is anticipated
- Whether costs are anticipated to be overrun or underrun
- If additional assistance from EEA or partners is needed
- Invoices for work completed to date

The Applicant will be required to be in communication with their MVP Regional Coordinator (RC) throughout the course of the project and submit all reporting documentation through the RC.

Changes in Scope, Schedule, or Budget:
If a change in the schedule or scope is needed or if you expect an underrun or overrun of the budget, please inform your MVP RC as soon as possible so that we can work with you to take the necessary steps. If circumstances beyond your control make an extension or new split in funding between FY22 and FY23 necessary—please notify us **no later than May 1st** (so that we may discuss a potential amendment before the end of the fiscal year). These requests will be considered on a case by case basis and may not be approved. If the project will be completed under budget, please notify your MVP RC. Rescoping to use the remaining funds on new tasks is unlikely to be approved but may be considered on a case by case basis.

COVID-19-Related Adjustments to Engagement Tasks:
Due to the COVID-19 health emergency, the grantee may need to substitute some parts of the agreed upon scope (Attachment B) with comparable virtual or remote engagement strategies. Grantees should work with their MVP RC to approve any adjustments to the scope. Grantees should receive written approval from their MVP RC before commencing with any adjusted activities.

Regulatory Compliance

Grantee agrees to comply with all applicable state, federal, and local laws and ordinances. Such compliance is a condition of this grant.

Dear Martha Grover:

Congratulations! I am pleased to notify you that the City of Melrose has been awarded a Municipal Vulnerability Preparedness (MVP) program Action Grant in the amount of $101,108 to complete the project entitled "Melrose, Malden, and Medford Building Resilience, Efficiency, and Affordability Project." We want to thank you for your commitment to implementing priority climate change adaptation actions identified through your MVP planning process, or similar climate change vulnerability assessment and action planning process. We want to commend the City's outstanding application to our grant program and look forward to partnering with you on this important project.

You will be receiving further instructions from the Executive Office of Energy and Environmental Affairs MVP Program in the coming days. In the meantime, please feel free to contact Kara Runsten (kara.runsten@mass.gov) if you have any questions.

Governor Charles D. Baker

Lt. Governor Karyn E. Polito

MEMORANDUM

To: Melrose City Council
From: Mayor Paul Brodeur
Re: Massachusetts Emergency Management Agency (MEMA) grants
Date: August 16, 2021

The City of Melrose has been awarded two grants from the Massachusetts Emergency Management Agency (MEMA):

One is the Emergency Management Performance Grant (EMPG) which is applied for annually in the amount of $6,500 to support the City's emergency preparedness efforts. The purpose of the EMPG program is to focus on all-hazards emergency preparedness and resilience, and to enhance the four phases of emergency management operations (Planning, Training/Exercising, Response, and Recovery).

The second is the Hazardous Material Emergency Planning (HMEP) Grant. MEMA has awarded the City $10,068 for the purpose of upgrading our current training facilities in the Emergency Management Room to provide Hazardous Material trainings to City personnel.

Together, these two grants will be used to upgrade the Emergency Management Room in City Hall with technology, including wall mounted monitors, computers and accessories, and other furnishings necessary to perform the training center's function.

The Emergency Management Room training center will be available to all City departments for both public safety and routine municipal trainings. During an emergency (for example, a severe weather event) the training center would be used to coordinate emergency operations and monitor Police, Fire, and DEP radios, as well as various public safety websites.

This project was delayed due to COVID, and the grant funds must be expended by September 30, 2021 per an extension we received from MEMA. In order for the project to proceed under the timeframe required, I respectfully request immediate consideration for the acceptance of these two grants. Thank you for your consideration.

ELENA PROAKIS ELLIS
Director, DPW

To: Mayor Paul Brodeur
From: Elena Proakis Ellis
Meeting Date: August 16, 2021
Subject: Informational Update - Sewer Asset Management Grant Project
Order #: ORDER-2022-22

In 2020, the City of Melrose received a grant through the Clean Water State Revolving Fund (SRF) program to implement asset management strategies within our sewer system. The City Council accepted this grant in June 2020 (Order 2020-123 ID#8073), with a $60,000 grant component, $20,000 City cash match, and $20,000 in-kind services. As described during the grant acceptance presentation, the proposed project was aimed at helping the City better track sewer collection system maintenance activities, conditions, and repairs, to better inform the decision-making process and to ultimately provide a higher level of service from the City's sewer collection system. The project focused on the pipelines, manholes, and pump stations within the Melrose sewer system. Specific tasks included improving the sewer asset inventory by way of populating a wealth of missing GIS data, defining level-of-service goals, identifying risk and criticality factors within the system, and developing software tools to allow for better tracking of preventative maintenance and repair activities and findings. Hardware and training have also been provided. The end goal of these efforts was to have a robust system that could be used into the future to track preventative maintenance activities, to allow for holistic management of the sewer collection system, to minimize future sewer backups and to help further advise capital project planning.

The Department of Public Works is pleased to provide this update to the City Council regarding the status of the grant activities. Since the grant was approved, the City, along with our consultants from CDM Smith, have accomplished the following:

- Updated sewer GIS layers to include age information for all sewer pipes except where no data existed to ascertain an age.
- Hyperlinked inspection videos to sewer pipes so that they could be easily viewed from within the GIS system when clicking on a pipe segment.
- Linked sewer design map scans to the GIS system so that the historic sewer maps showing slopes, invert elevations, service connection stationing locations, etc., could be recalled in an instant.
- Purchased and set up five android tablets with ArcGIS applications and service plans that allow for their use in the field by both Operations and Engineering Division staff.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Set up forms to allow operations staff to document work performed and findings using the tablets at the time when maintenance activities are being performed. This information links back to the pipelines and is maintained in the GIS.
- Trained Operations Division staff to use the new tablets in order to research and input critical information in the field.
- Additionally, City forces, with the help of senior citizen volunteers and Engineering Division interns, completed scanning and linking all (over 8,000) sewer tie cards to the parcels to which they refer, so that they can be accessed via the GIS both in the office and in the field rather than having to reference the historic books in the Engineering Division's vault in the basement of City Hall.

The DPW and CDM Smith are proud to present a demonstration of the new data and applications to the City Council for your information. Thank you for your time and we look forward to answering any questions you may have.

MEMORANDUM

Date: August 4, 2021

To: Mayor Paul Brodeur
Melrose City Council

From: Elena Proakis Ellis, P.E., Director of Public Works
Vonnie Reis, P.E., City Engineer
Scott Dixon, Construction Inspector/Engineer
James Troup, DPW Deputy Director, Administration & Finance
Patrick Dello Russo, CFO/Auditor

Subject: Update on Sewer Asset Management Program and Grant Completion

In 2020, the City of Melrose received a grant through the Clean Water State Revolving Fund (SRF) program to implement asset management strategies within our sewer system. The City Council accepted this grant in June 2020, with a $60,000 grant component, $20,000 City cash match, and $20,000 in-kind services. As described during the grant acceptance presentation, the proposed project was aimed at helping the City better track sewer collection system maintenance activities, conditions, and repairs, to better inform the decision-making process and to ultimately provide a higher level of service from the City's sewer collection system. The project focused on the pipelines, manholes, and pump stations within the Melrose sewer system. Specific tasks included improving the sewer asset inventory by way of populating a wealth of missing GIS data, defining level-of-service goals, identifying risk and criticality factors within the system, and developing software tools to allow for better tracking of preventative maintenance and repair activities and findings. Hardware and training have also been provided. The end goal of these efforts was to have a robust system that could be used into the future to track preventative maintenance activities, to allow for holistic management of the sewer collection system, to minimize future sewer backups and to help further advise capital project planning.

The Department of Public Works is pleased to provide this update to the City Council regarding the status of the grant activities. Since the grant was approved, the City, along with our consultants from CDM Smith, have accomplished the following:

- Updated sewer GIS layers to include age information for all sewer pipes except where no data existed to ascertain an age.
- Hyperlinked inspection videos to sewer pipes so that they could be easily viewed from within the GIS system when clicking on a pipe segment.
- Linked sewer design map scans to the GIS system so that the historic sewer maps showing slopes, invert elevations, service connection stationing locations, etc., could be recalled in an instant.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Purchased and set up five android tablets with ArcGIS applications and service plans that allow for their use in the field by both Operations and Engineering Division staff.
- Set up forms to allow operations staff to document work performed and findings using the tablets at the time when maintenance activities are being performed. This information links back to the pipelines and is maintained in the GIS.
- Trained Operations Division staff to use the new tablets in order to research and input critical information in the field.
- Additionally, City forces, with the help of senior citizen volunteers and Engineering Division interns, completed scanning and linking all (over 8,000) sewer tie cards to the parcels to which they refer, so that they can be accessed via the GIS both in the office and in the field rather than having to reference the historic books in the Engineering Division's vault in the basement of City Hall.

The DPW and CDM Smith are proud to present a demonstration of the new data and applications to the City Council for your information. Thank you for your time and we look forward to answering any questions you may have.

MEMORANDUM

To: Melrose City Council
From: Mayor Paul Brodeur
Re: State funding to support Milano Center
Date: August 16, 2021

As part of the recently signed Fiscal Year 2022 state budget, the City of Melrose will receive $50,000 as part of an earmark "for grants to the councils on aging and for grants to or contracts with nonpublic entities that are consortia or associations of councils on aging." The purpose of the portion of the grant directed to Melrose is "building refurbishments for the Milano senior center to support seniors during the 2019 novel coronavirus recovery and ensure safe access to communal space."

As is stipulated, the state grant will be utilized to address the needs of seniors as we continue to recover from the COVID-19 pandemic. As Council members are certainly aware, the City has not been able to utilize the Milano Center this summer because of the failure of the building's HVAC system. This has left Melrose's elder population without a much needed facility during a critical time.

The lack of the Milano Center has necessitated staff to find alternative space for senior programming, most notably at the tent on the grounds of the Horace Mann School. Although the COA summer programs have been successful, outdoor programming is not a sustainable solution, and addressing deficiencies at the Milano Center is a high priority as we head into the fall and winter. In addition to the HVAC upgrades, COA and Facilities staff are also working to identify other ways to increase the functionality of the Milano Center for its users, including improved accessibility to the outdoor patio area.

Due to the pandemic, we have all become more cognizant of the risks of social isolation, especially for elders, as well as the need for "healthy buildings" with good air quality and ventilation to protect public health. We are deeply appreciative to our legislative delegation, especially Rep. Kate Lipper-Garabedian, for their continued advocacy for the health and wellbeing of Melrose's elder residents.

I respectfully request acceptance of these funds. Thank you for your consideration.

Loan Order - $1,500,000 City Hall Parking Lot and Road Bonds

ORDERED: That the City appropriates $1,500,000.00 to pay costs of constructing, reconstructing and/or improving the City Hall parking lot and various roads and sidewalks, including related planning, design, curbing, drainage and all other costs incidental and related thereto; that to meet this appropriation, the Treasurer, with the approval of the Mayor, is authorized to borrow said amount pursuant to Chapter 44, Section 7(1) of the General Laws, or pursuant to any other enabling authority, and to issue bonds or notes of the City therefor; that the Mayor is authorized to take any other action necessary to carry out this project; and that any premium received upon the sale of any bonds or notes approved by this order, less any such premium applied to the payment of the costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this order in accordance with Chapter 44, Section 20 of the General Laws, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount.

Pursuant to Section 56-14 of the City Ordinances, attached is a projection of the principal and interest costs on the bonds proposed to be authorized by the following loan order under consideration by the City Council. The payment schedule attached assumes a 15-year borrowing term, an interest rate assumption of 2% over the life of the borrowing, and a level debt service payment schedule. The debt service on these bonds will not be paid from an enterprise fund and will have no impact on any enterprise fund rates.

The funds borrowed pursuant to this Order will be deposited into Fund 3389.

FINANCIAL IMPACT: See attached.

Public Works Department Road Program Funding 2022-24

Project Location	Estimated Value	Proposed Scope of Work
FY22 Road Program Supplemental Funding: Damon Avenue Brown Street/Wyoming Heights/Mt. Vernon First Street (Waverly to Ashcroft) Echo Street Lower Main Street	$350,000	Funding to complete the FY22 Roads Program to supplement the contributions from Chapter 90, MassDOT Complete Stree grant funding, and National Grid roadway restoration contributions. This additional funding will be put toward additional repairs of curbing, sidewalks, drainage, signage, pavement markings, and other items to complete the improvements in these neighborhoods.
Bay State Road Sidewalks (2022 construction season)	$170,000	Installation of new curbing, sidewalks, accessible curb ramps, and crosswalks on the south side of the street from Damon Avenue easterly to the City Limit, and new accessible curb ramps and re-alignment/restriping of crosswalks from Main Street to Damon Avenue. This project was next in line for Complete Streets funding but MassDOT has changed eligibilit requirements and we will not qualify for three years.
Brazil Street Neighborhood Improvements (2022 construction season)	$130,000	Replacement of asphalt sidewalks with concrete sidewalks, resetting/installation of granite curb, development of a grass strip where feasible and planting of trees, to supplement the paving project scheduled for calendar year 2022.
City Hall Parking Lot	$250,000	To supplement grant funding being sought for parking lot improvements to include repaving, restriping, flood mitigatio and green infrastructure.
FY23 Road Program Supplemental Funding: Sycamore, Hunnewell, Burnett, Bow Felton Place Damon Avenue (part) Ashland Street Rowe Street	$300,000	Funding to supplement the FY23 Roads Program Chapter 90 allocation and National Grid roadway restoration contributio This additional funding will be put toward additional repairs o curbing, sidewalks, drainage, and other necessary items to complete the improvements in these neighborhoods.
FY24 Road Program Supplemental Funding: Specific Roads TBD	$300,000	Funding to supplement the FY23 Roads Program Chapter 90 allocation and National Grid roadway restoration contributio This additional funding will be put toward additional repairs o curbing, sidewalks, drainage, and other necessary items to complete the improvements in these neighborhoods.
Total Bond Request	$1,500,000

MEMORANDUM

Date: August 4, 2021

To: Mayor Paul Brodeur
Melrose City Council

From: Elena Proakis Ellis, P.E., Director of Public Works
Jim Troup, DPW Deputy Director, Administration and Finance
Patrick Dello Russo, CFO/Auditor

Subject: Road Bond Request

The City of Melrose relies on a number of sources of funding for the roadway component of our Multi-year Utility and Roadway Improvement Program. The state's funding program ("Chapter 90") provides the City with approximately $530,000 annually which can be put toward work on public ways within certain parameters. We supplement these funds with local funding in the form of road bonds that are periodically requested, as well as a handful of other sources including contributions from private utility companies in lieu of repaving on streets where they have conducted work and grant funds from various state and federal. Some examples of grant funds used for roadway improvement projects include the MassDOT Complete Streets program funding and MassWorks grants, which were used most recently to implement improvements in the Melrose Highlands and on Essex Street.

An analysis of the total funds required to pave all of Melrose's public ways within their useful life indicates that we would need to spend over $2M per year. At the present time, with local funds contributing just over $1M, we have relied on grant applications and restoration from private utility work to fill the gap as much as possible. In the future, the City may want to consider a higher annual road bond allocation.

The proposed breakdown in costs for the current allocation is listed in the attached table. Note that in addition to general allocations to particular fiscal years, three special projects have been called out for funding:

- Installation of sidewalks to fill network gaps in the busy cut-through neighborhood on Bay State Road;
- Replacement of asphalt with concrete sidewalks and granite curb on Brazil Street in coordination with paving already slated for 2022 as part of the City's Multi-year Roadway and Utility Program; and
- A contribution to the paving and green infrastructure project proposed for Melrose City Hall parking lot.

The first project is listed on the City's Complete Streets Prioritization Plan as the next project in line. MassDOT has recently informed municipalities that they are no longer eligible to apply for Complete Streets grant funding annually or when the prior round of successful funding is spent. Under the new guidelines, we now have to wait

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

four years between grant awards. The Bay State Road neighborhood sidewalks were identified as a high priority in 2017 when the Prioritization Plan was completed, and we do not feel it is prudent to wait until FY24 to apply for Complete Streets funding for this project.

On Brazil Street, the City will be completing water main replacement, following earlier work including sewer replacement and lining and gas main and service replacement. This work was initiated due to the combination of the "poor" roadway condition ranking and the need for water main replacement identified in the City's water system Capital Efficiency Plan, combined with the sewer system needs identified following the sewer backup on Brazil Street. Final paving is scheduled for 2022, but the Chapter 90 program would have insufficient funds to allow for replacement of sidewalks with concrete panels. Thus we are specifically calling out this project as a component of the requested road bond.

Finally, the City Hall parking lot routinely floods and has been a source of chronic issues and deterioration for many years. In 2019, the City received a Municipal Vulnerability Preparedness (MVP) grant to design improvements to the parking lot for both water quality and quantity. A subsequent application to pay for the construction of the project was unsuccessful, largely because a significant component of the project costs involves 'gray infrastructure' (pipes, pavement, etc.) in addition to the green infrastructure components necessary to have a successful design. Therefore, the City has realized that in order to successfully obtain grant funding for the total project, our contribution will need to be more substantial than the typical 25% match requested. The proposed funding will contribute to the paving, curb realignment, and piping required for this project, as we continue to pursue grant funding for the green infrastructure elements such as rain gardens and public stormwater information displays.

We hope you recognize both the importance and the value of the proposed work and support funding this road bond. Thank you for your consideration.

Article II
Collection and Disposal
[Adopted as Rev. Ords. 1976, §§ 13-3, 13-6, 20-5 and 20-6 (Rev. Ords. 1989, §§ 8-1, 15-26 and 15-27)]
§ 198-2

Dumping; obstructing sidewalks; placement of refuse containers.
[Amended 6-18-1984 by Ord. No. 785A; 6-18-1984 by Ord. No. 785B; 2-20-2007 by Ord. No. 07-107A]

A. No person shall put or place, or cause to be put or placed, in any street, lane, alley or any other place, public or private, where it may be offensive or objectionable, any ashes, dirt or refuse, nor shall any piece of metal or wood or any plastic in any form or other material injurious to feet or to tires of vehicles or any other rubbish be put, placed or thrown into or on any street, lane, alley or public place. No person shall throw or place on any vacant land, whether public or private, or in any brook, waterway, or pool rubbish, limbs, brush, barrels, boxes, or the likes.

B. No person shall place or cause to be placed on any sidewalk, footwalk or crosswalk any object whatsoever so as to interfere with the convenient use of the same by any person traveling thereon. This shall not apply to building materials placed by permission of the City Engineer. [Amended 5-21-2012 by Ord. No. 2012-158]

C. Residential refuse receptacles shall be watertight with tight-fitting covers of a durable rodent-proof material. A sufficient number of receptacles shall be provided by property owners or their agent(s) so as to adequately contain the amount of refuse produced at each property. Receptacles shall be no larger than sixty-four (64) gallons and have two intact handles.

D. Receptacles shall be tightly covered whenever refuse of any amount is contained therein, have it be on private property, a private way, or a public sidewalk. Refuse shall be stored in receptacles as described in this section except for material which may be placed at curbside under city-sponsored source reduction and/or source separation collection programs in accordance with the guidelines of such programs.

E. Refuse receptacles shall be placed at the curb by 7:00 a.m. on the scheduled collection day, but not prior to 5 p.m. the preceding day, and shall be removed from the sidewalk within twelve (12) hours after collection.

F. The following shall apply to subsections (A) through (D) of this section:

I. Whoever violates any provision of the aforementioned sections shall be penalized in accordance with MGL c. 40, § 21D or MGL c. 270, § 16, not to exceed $100.00 for each violation, provided that each and every day of the violation shall constitute a distinct and separate offense.

II. Property owners or their agents shall be responsible for the retrieval and pickup of any and all scattered refuse stemming from a violation of this ordinance. Failure to

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

comply with this provision shall constitute a separate violation, which may be enforced as authorized above.

III. The Board of Health, the Department of Public Works, and the Police Department through their authorized agents and employees, are hereby empowered to enforce the provisions of this section pursuant to MGL c. 40, § 21D and MGL c. 270, § 16.

IV. No property owner shall be cited for a violation of this ordinance until a written warning is first served upon the party.

G. Any party fined hereunder shall have a right of appeal in accordance with General Laws Chapter 40, Section 21D.

Respectfully Submitted,

Shawn M. MacMaster, Ward 5

Jennifer Grigoraitis, Ward 6

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

City of Melrose - Disparate Adverse Impact evaluation regarding consolidated polling locations

Herein in please find information in accordance with section (i) of Chapter 255 of the Acts of 2020 as amended by Chapter 5 of Acts of 2021 requiring the city council to evaluate and report on whether a polling place change would have a disparate adverse impact on access to the polls on the basis of race, national origin, disability, income or age as relates to options suggested by the Board of Registrars in considering polling location consolidation.

Option One

Melrose Veteran's Memorial Middle School Gymnasium Complex—Melrose, Massachusetts

Move all polling locations here. Previously this location was used as the polling location for the September and November 2020 elections and provided the most efficient, fair, and accurate election possible for the registered voters of Melrose within the constraints associated with the global pandemic of Covid-19.

Location and Accessibility:

- The Veteran's Memorial Middle School Gymnasium is located at the rear of the Middle and High School complex located at 360 Lynn Fells Parkway. It is centrally located within 2 miles of nearly every household in the city—this metric is used by DESE to determine if a school district is required to provide bussing to students.
- It is 0.3 miles from an MBTA bus stop and houses 60 parking spots in the upper lot with access to an additional 200+ parking spaces in the main front lot and adjacent side streets
- Built in 2007, the gym meets all current ADA requirements for handicapped accessibility.
- Voters receiving rides to the polls are dropped at the conveniently located turn-around/drop off zone.

Option Two

Soldiers and Sailors Memorial Hall Building/Roosevelt School

Move the two Winthrop School precincts (Ward 4, Precinct 2 and Ward 6, Precinct 2) to the Soldiers and Sailors Memorial Hall Building on Main Street along with Ward 4, Precinct 1 and Ward 6, Precinct 1 from City Hall resulting in a single Ward 4 and Ward 6 combined voting location. Move the single precinct at the Steele House – Ward 1, Precinct 2 - to the Roosevelt School resulting in a single polling location for Ward 1. This option retains the adjacent precinct feature.

Location and Accessibility: Memorial Hall

- The Soldiers and Sailors Memorial Hall Building is located at 590 Main Street Melrose and is one of the most well-known buildings in the City.
- Ample parking is located in the Dill Street lot located behind the building as with additional parking spots on street. Handicapped parking is located alongside the building. The location also meets all ADA requirements. An MBTA bus stop is located +/-150 feet from the entrance.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Location and Accessibility: Roosevelt School

- The Roosevelt School, currently the polling location for Ward 1, Precinct 1, is located at 253 Vinton Street Melrose.
- Ample parking and designated handicap spots are available directly in front of the building. Renovated in 2002, this location meets all ADA requirements and is 0.4 miles by walking distance from the Steele House and 0.5 miles by car.

The following data is applicable to both options.

Voters by Age:

The City of Melrose has a voting population of *20,773 with an average voting age of 51 years old, with precinct breakdown as follows:

- 1-1 : 51
- 1-2 : 52
- 2-1 : 50
- 2-2 : 55
- 3-1 : 52
- 3-2 : 53
- 4-1 : 50
- 4-2 : 51
- 5-1 :47
- 5-2 : 48
- 6-1 : 52
- 6-2 : 51
- 7-1 : 48
- 7-2 : 50

** based on August, 2021 census data*

No single ward or precinct has a higher than average vulnerable senior population

The Council on Aging will again be offering rides from 9am - 3pm to the polls.

Race and Nationality and Socioeconomic status

US Census American Community Survey data from 2018 indicates that 89% of Melrose residents (not necessarily registered voters) identify as white, 2.6% African American, 5.9% Asian, and 3.7% Hispanic or Latino. Less than 5% (4.1%) of residents are considered to be persons living in poverty according to the
U.S. Census.

Comparing other similar towns that have permanently designated single consolidated polling locations: Wakefield; Stoneham; Reading; North Andover; Burlington – Melrose is similar in population and socioeconomic status—its small geographic size makes it an even more suitable candidate for a single polling location as it allows for more residents to walk to the polls compared to other towns.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Language

As determined by The Language Minority Provisions of the Voting Rights Act, Section 203 Coverage Formula—Melrose does not have a minority population that would fall under this jurisdictional requirement to provide language support in communicating polling location changes

The number of United States citizens of voting age is a single language group within the jurisdiction:

- Is more than 10,000, or
- Is more than five percent of all voting age citizens, or
- On an Indian reservation, exceeds five percent of all reservation residents; and
- The illiteracy rate of the group is higher than the national illiteracy rate

However, in an effort to reach all registered voters in Melrose, the website offers direct Google translation of all pages. The city also has translation services through University of Massachusetts if needed to provide information to voters about polling location changes.

Access to City Communications and Information

95% of Melrose residents over the age of 25 are high school graduates, 92% of households have a computer in the home, and 89% of households have internet access. A press release submitted to the free weekly newspaper is available to all households, by subscription. The city will post a banner over Main St., and in the kiosk in front of city hall to indicate polling location changes. Additional outreach will include public access television announcements, reverse 911, website notice and DPW LED signage rotating various intersections.

Subject: Emergency Access Winthop School
Date: Wednesday, August 11, 2021 2:55:51 PM

Kristin,
I spoke to Captain Gibson to confirm the information in the memo and there has been a misunderstanding that I hope can be cleared up by updating the order.

The location of a handicap ramp at the Ashcroft Road entrance would not affect emergency access to the building. However, due to the length of the ramp, it may restrict access to the courtyard from the walkway. In the previous conversation where the determination that emergency access would be compromised, the location of the ramp was assumed to be in a different part of the property and may have limited space in the parking lot.

Feasibility issues still remain with any updates to this property.

What is the process to make this correction to the memo?

RE: Polling Location Accessibility Response

The Department of Public Works has reviewed the results of the survey conducted on the various polling locations throughout the City. Please see our response and action plan for all locations that were found out of compliance and in need of remediation. Items in italics reflect the notes provided in the survey results.

City Council Chambers (562 Main Street Wards 4-1 and 6-1):

Path of Travel: There is damage to the pavement near the accessible entrance causing change in level greater than ½ inch which needs to be addressed with patching to ensure a continuous common surface.

- DPW is able to address pavement damage near the accessible entrance, to remove changes in level greater than ½ inch. As part of our normal work order process, this will be added to one of our daily schedules and will result in the repair to ensure a continuous common surface.

Elevator: Due to the fact that the elevator is necessary to ensure accessibility to the voting area in the City Council Chambers, we strongly recommend having an elevator service contract in place to ensure timely service in case there are any issues with the elevator during voting hours.

- The City has an active service contract with BBE Corporation (Buckley Elevator). There are minimum response times as part of the term of the contract to ensure timely service in case there are any issues with the elevator.

Hoover Elementary School (37 Glendower Street Wards 7-1 and 7-2):

Parking: Continued use of temporary parking spaces on Election Day are needed at this location due to the distance and the topography of the existing accessible spaces to the voting entrance.

- As recommended, use of temporary parking will continue.

Entrance: Inside doorways are only 28 inches clear width therefore both sets of doors must remain open during the hours of voting.

- As recommended, both sets of doors will remain open during voting hours.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Winthrop Elementary School (162 1st Street Wards 4-2 and 6-2):

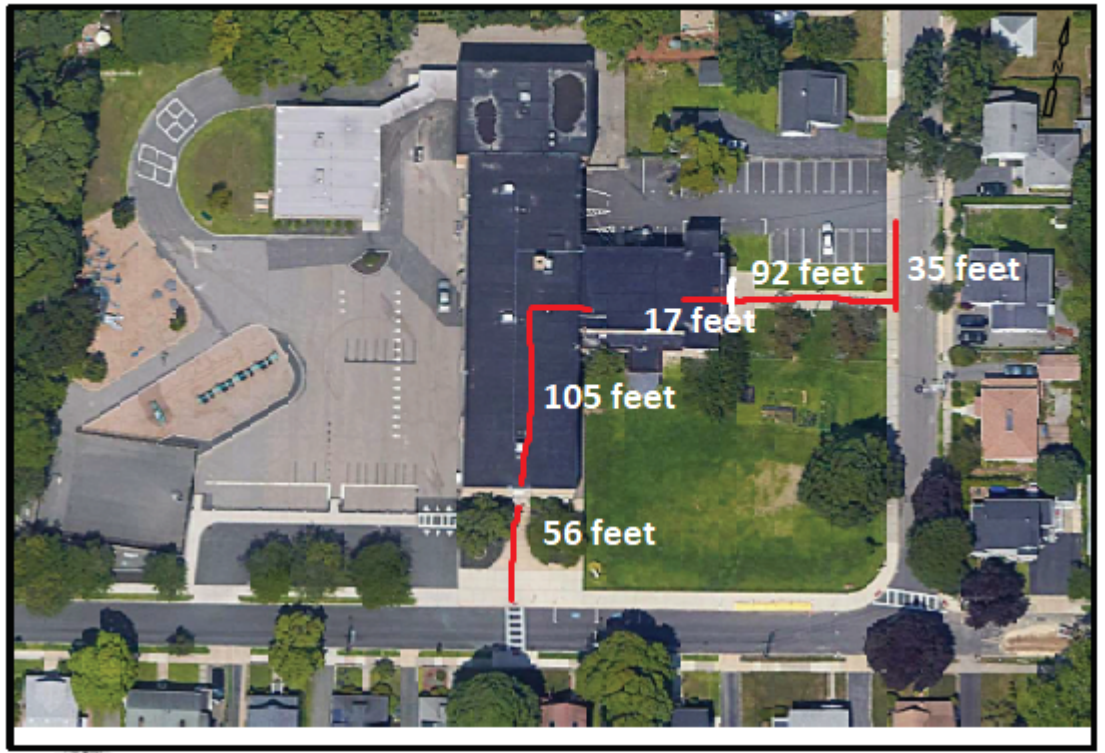
Path of Travel: The path of travel from the accessible entrance to the voting area is substantially longer than the path of travel from the main entrance to the voting area.

- There are significant challenges to addressing the accessibility of the main entrance to the voting area. All proposed remedies would compromise emergency access to the building. The Melrose Fire Department has indicated that they would have significant concerns with their ability to deliver services in the event of an emergency. At present time, we deem the construction of a ramp to allow accessible entry from the Ashcroft Street side to be infeasible. We will examine other opportunities to attempt to arrive at better equity in the length of the path of travel.

Steele House (910 Main Street):

Parking: The parking lot is set up for resident parking only. There is no accessible parking in the resident lot. The nearest accessible parking is in the commuter rail parking lot which is a substantial distance from the polling place entrance.

- The City can designate temporary accessible parking spaces on the roadway nearest the building entrance being used for polling during elections (either Ashburton Place or Nason Drive).



Melrose Veterans Memorial School Gymnasiums (90 Melrose Street):

Parking: The van accessible parking space is missing "Van Accessible" signage. The existing teachers' parking lot can be used for voters on Election Day allowing the creation of more temporary accessible parking spaces with signage if needed.

- The DPW can create or purchase and install appropriate "Van Accessible" signage as part of the election setup. Accommodations will also be made to use the existing teachers' parking lot to create more temporary accessible parking.

Thank you very much for your consideration. Please feel welcome to contact the Melrose DPW with any questions you may have.

UPDATED VERSION --- August 10, 2021

Date June 15, 2021

To: Christopher Cinella President, Melrose City Council

From: Theodore Hunt, Chair, Board of Registrars of Voters

Re: Polling Location Recommendations

Cc: Honorable City Council, Mayor Paul Brodeur, Board of Registrars of Voters

In its meeting on Wednesday June 9, 2021, the members of the Board of Registrars of Voters voted to recommend to the Melrose City Council the closing of the Winthrop Elementary School and the Julian Steele House as polling locations.

Background:

Prior to her departure in April 2021, the former City Clerk notified the Secretary of State's Office of her concerns related to accessibility issues at certain polling locations in the City of Melrose (attached). As a result, Elections Administrator Joanne Perperian scheduled a tour of several polling locations with Bridget Simmons Murphy, of Secretary Galvin's Office, this tour took place on May 14, 2021. Ms. Simmons Murphy subsequently provided the City of Melrose a report noting her evaluation of six polling locations dated May 20, 2021 (attached). Of the six polling locations surveyed, four locations did not comply with state standards.

At the June 9th Board of Registrars of Voters meeting, members of the Board and Joanne Perperian discussed the report and the potential remediation of noted issues with Director Elena Proakis-Ellis, Facilities Manager Jay McNeil and Business Manager Jim Troup of the Department of Public Works (DPW). The issues noted at City Hall and the Melrose Veterans Memorial Middle School Gymnasium could be remedied in the view of our DPW partners. However it was determined through our discussion that it was not feasible to remediate the issues noted at the Winthrop School. Additionally, while there might be a way to address this issue noted at the Steele House, the location remains ill-suited for voting.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Winthrop School

The Ashcroft Street voter entrance to the Winthrop School, consists of three steps, a short platform, then a fourth step at the door entering the outer lobby of the All-Purpose Room (APR). For voters unable to navigate the stairs, they must use the First Street entrance, proceed down the hallway to enter the back of the APR, and proceed through the voting area to the check in table, then retrace this path to exit. As noted in Ms. Simmons Murphy's report, the path of travel for the accessible entrance to the voting area is substantially longer than the path of travel from the main entrance to the voting area. To remediate the issue related to the 'path of travel' the only option would be the installation of a ramp at the Ashcroft Street entrance. During the meeting on June 9th, there was a discussion regarding the practicality and cost to installing a ramp at the Ashcroft Street entrance and it was determined that would not be possible to install a ramp at that location due to the height of the four stairs and the topography of the space outside the entrance. Additional considerations and discussion was noted regarding access for public safety and emergency vehicles to the site. Given the inability to remediate the 'path of travel' issue, this location cannot be brought into compliance, therefore the Board of Registrars of Voters recommends that the Winthrop School be closed as a polling location.

Steele House

While parking for all voters at the Steele House has been a perennial issue, the lack of accessible parking was specifically noted in Ms. Simmons Murphy's report. While it might be feasible for the Department of Public Works (subject to the approval of the Melrose Housing Authority) to replace two standard parking spaces with a van-accessible parking space in the resident only lot to bring the location into compliance, parking for all voters still remains an issue. Practically speaking there are only two visitor spots for the Steele House. Additionally, the layout of the interior of the Steele House where voting takes place is poor. Voting takes place in the first floor common area (the only communal gathering spot), where voters comingle with Steele House residents. Given that there are two other viable polling locations within Ward 1, the Board of Registrars of Voters also recommends that the Steele House be closed as a polling location.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Next Steps/Options:

In the view of Board of Registrars of Voters, there are two options to facilitate the closure of the above noted locations:

1. Make permanent the central voting location of the Melrose Veterans Memorial Middle School Gymnasium (the site of the two fall elections in 2020), or,
2. Move the two precincts that vote at the Winthrop School (Ward 4, Precinct 2 and Ward 6, Precinct 2) to Memorial Hall and move the one precinct that votes at the Steele House (Ward 1, Precinct 2) to the Roosevelt School. This would result in all of Ward 1 voting at the Roosevelt School.

Melrose Veterans Memorial Middle School Gymnasium

The move to the Melrose Veterans Memorial Middle School Gymnasium for September and November 2020 election proved to be an operational success. ~~However,~~ Tthe COVID-19 related legislation that permitted the use of the Melrose Veterans Memorial Middle School Gymnasium, specifically the waiving of the requirement that voting take place in adjacent precinct in cities, such as Melrose, ~~has~~has been updated by Chapter 29 of the Acts of 2021 amending provisions of Chapter 255 of the Acts of 2020. ~~not been extended. As a result, should the City Council desire to adopt a single polling location voting at the Melrose Veterans Memorial Middle School Gymnasium the City Council would need to vote to file a 'Home Rule Petition' with the Legislature for an exemption to the adjacent precinct provision of Massachusetts General Laws.~~

Moving Selected Precincts

Moving the three precincts as noted above would be solely at the discretion of the City Council as each of the precincts are adjacent to the respective new locations. If this is the desired option of the City Council, the Board of Registrars of Voters would also recommend the relocation of the precincts that vote in the City Council Chamber at City Hall (Ward 4, Precinct 1 and Ward 6, Precinct 1) to Memorial Hall. Given the proximity of these two locations and the space available at Memorial Hall, it would make sense to no longer split these two wards based on precinct.

Should you have any questions regarding this memorandum, please feel free to contact me, other Board of Registrars of Voters members Eric Wildman or Cindy Silveira, City Clerk Kristin Foote or Elections Administrator Joanne Perperian. Thank you.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Changes to Regulations: Chapter 51.00: Polling Place Accessibility for Elderly and Handicapped Voters

In 950 CMR § 51.01, replace the entire section with the following:
950 CMR § 51.00 implements the federal Voting Accessibility for the Elderly and Handicapped Act, 42 USC §§ 1973ee to 1973ee-6 (the "Act"), and Amended Article 114 of the Massachusetts Constitution and applies to all Massachusetts elections. The purpose of 42 USC 42 USC §§ 1973ee to 1973ee-6, Amended Article 114 of the Massachusetts Constitution and 950 CMR § 51.00 is to promote the fundamental right to vote by improving access for handicapped and elderly individuals to polling places and the voting process.

In 950 CMR 51.02(6), add the following new section as (a) and re-designate the remaining sections accordingly:
(a) For every state, federal, municipal election, preliminary or primary, either regular or special, each polling place shall have at least one accessible voting unit that is usable by people with disabilities. Any accessible voting unit must first be approved for use by the state secretary. Accessible voting units shall be located within a polling place so as to be readily available for use by voters during the voting hours.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

950 CMR 51.00: POLLING PLACE ACCESSIBILITY FOR ELDERLY AND HANDICAPPED VOTERS

Section

51.01: Purpose
51.02: Accessibility Defined
51.03: Exemptions

51.01: Purpose

950 CMR 51.00 implements the federal Voting Accessibility for the Elderly and Handicapped Act, 42 U.S.C. §§ 1973ee to 1973ee-6 (the "Act"), and applies to all Massachusetts elections in which a federal office appears on the ballot. The purpose of 42 U.S.C. §§ 1973ee to 1973ee-6 and of 950 CMR 51.00 is to promote the fundamental right to vote by improving access for handicapped and elderly individuals to polling places for federal elections.

51.02: Accessibility Defined

Section 3(a) of the Act, 42 U.S.C. § 1973ee-1(a), requires every city and town to assure that all polling places for federal elections are accessible to handicapped and elderly voters, unless the Secretary exempts them. A polling place is "accessible" to handicapped and elderly voters, for the purpose of sections 3(a) and 8(1) of the Act, 42 U.S.C. §§ 1973ee-1(a), 1973ee-6(1), only if all of the following requirements are met:

(1) Site Access. A clear, reasonably lit, unobstructed path of travel must be provided from the designated spaces in the parking lot, and from the street, to the accessible entrance to the building where the polling place is located. Such path of travel shall have a continuous common surface, not interrupted by steps or abrupt changes in level greater than ½ inch.

(2) Parking. If a parking lot is available on the premises of the polling place, then the following requirements apply:

(a) Pursuant to the Americans With Disabilities Act (ADA) Accessibility Guidelines (4.1.2 (5)), the number of required handicapped parking spaces is:

Total no. of parking spaces	No. of handicapped required
1 - 25	1
26 - 50	2
51 - 75	3
76 - 100	4
101 - 150	5
151 - 200	6
201 - 300	7
301 - 400	8
401 - 500	9
510 - 1,000	2% of total
1,001 and over	20 plus 1 for each 100 over 1,000

(b) For parking lots striped prior to September 1, 1996:

1. The handicapped parking spaces shall be eight feet wide and have an adjacent four foot access aisle which is painted or striped yellow. The lot shall be reasonably lit.
2. Identification of handicapped spaces shall be by a sign at each space or pair of spaces. The signs shall be at a height of not less than five feet nor more than eight feet to the top of the sign. The sign shall also contain the International Symbol of Accessibility and may include wording identifying its use.

(c) For parking lots striped after September 1, 1996:

1. The handicapped parking spaces shall be eight feet wide and have an adjacent five foot access aisle which is marked by high contrast painted lines or other high contrast delineation. The lot shall be reasonably lit.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

51.02: continued

2. There shall be at least one "van accessible" space, but not less than one, per eight accessible spaces. The van accessible space shall be eight feet wide and have an adjacent 8 foot wide access aisle which is marked by high contrast painted lines or other high contrast delineation. The lot shall be reasonably lit.

3. Identification of handicapped spaces shall be by a sign at each space or pair of spaces. The signs shall be at a height of not less than five feet nor more than eight feet to the top of the sign. The sign shall also contain the International Symbol of Accessibility and may include wording identifying its use. Van accessible spaces shall include the words "Van Accessible."

(d) If a sidewalk is provided at such parking spaces, a curb cut (sidewalk ramp) shall be installed at each space or pair of spaces. The slope of the curb cut shall not exceed 1:12.

(e) If no parking lot is available on the premises of the polling place, at least one on-street parking place in front of the polling place must be at least temporarily designated as a handicapped parking space. Identification of the handicapped space shall be by the sign provided in 950 CMR 51.02(2)(c)3..

(3) Entrance.

(a) At least one entrance to the building must be accessible to physically disabled persons. If the main entrance to the building is not accessible, signs must be posted directing persons from the ordinary path of travel to the accessible entrance.

1. If the main entrance to the building is not accessible, the path of travel to the accessible entrance shall be the same or a substantially similar distance as the path of travel to the main entrance.

2. If the main entrance is not the accessible entrance, the door to the accessible entrance shall be unlocked and capable of being operated without assistance during the hours the polling place is open and at the same hours as the main entrance.

(b) The approach to the accessible entrance shall be a paved walk or ramp with a non-slip surface, uninterrupted by steps or abrupt changes in level greater than ½ inch. Such entrance shall have a level space 60 inches from the door on the interior and exterior of the doors.

(c) Doors to such entrances shall be a minimum of 32 inches clear, measured at 90°. No door threshold shall be higher than ½ inch above the floor on either side. Lever handles or other accessible hardware must be provided on doors, so that they may be operated with a closed fist.

(4) Ramps.

(a) If the entrance has stairs, a ramp must be provided. A permanent ramp must comply with the following:

1. The slope of the ramp must be no steeper than 1:12.

2. The width of the ramp shall not be less than 48 inches.

3. Two pairs of handrails must be set on both sides of the ramp. Such handrails must be round or oval in shape and set in pairs, one at a height between 34 and 38 inches and a lower rail set at a height between 18 and 20 inches.

(b) If it is impractical to install a permanent ramp, portable ramps shall be provided. Portable ramps shall have a slope as close to 1:12 as possible, and if a portable ramp has no handrails or side walls, it must have wheel guards at least two inches high on both sides. Portable ramps may be used to gain access from the parking lot or street to the sidewalk as well as at the entrance to a building. Portable ramps shall be securely anchored.

(5) Building Interior.

(a) All interior doors, approaches, and ramps necessary within the building to obtain access to the polling place must comply with 950 CMR 51.02(3) and (4).

(b) An accessible route which provides a continuous unobstructed path at least 36 inches wide shall be maintained inside the polling place and shall coincide with the route for the general public.

(6) Voting Equipment.

(a) In every polling place, a specimen ballot must be posted at a height no greater than 48 inches.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

51.02: continued

(b) Where paper or punch-card ballots are used, at least one marking shelf at each polling place (at a primary where punch-card booklets are used, one for each party) must provide clear space under the shelf not less than 30 inches wide, at least 27 inches clear to the underside of the shelf, and not more than 32 inches in height to the top of the shelf, and must contain privacy barriers on both sides of the shelf. For this special marking shelf, the handle of any stylus used for punching punch-card ballots shall be at least one inch thick and at least three inches long.

(c) Where voting machines are used, a specimen ballot must be placed in at least one machine at each polling place, at a height no greater than 48 inches. For voting machines which have any levers higher than 48 inches above the floor, a "reacher" must be made available to assist disabled persons in reaching the upper levers.

(7) Variances. A city or town may apply to the Architectural Access Board, under 521 CMR 3.00(4.1.1), for a variance from the accessibility requirements of 950 CMR 51.02 or, to the extent that they apply to any polling place, from the requirements of the Architectural Access Board's regulations in 521 CMR 3.00. Notice of an application for any such variance shall be given in the manner required by 950 CMR 51.03(4)(b), and shall also be given to the Director of Elections. No such variance shall be allowed which substantially impairs the accessibility of a polling place to handicapped and elderly voters.

(8) Time Accessibility Required. All non-exempt polling places must be accessible no later than three weeks before the first federal election of an even-numbered year.

51.03: Exemptions

(1) Delegation to Director of Elections. The Secretary delegates to the Director of Elections (the "Director") the authority to determine whether a polling place is exempt from the accessibility requirements under section 3(b) of the Act, 42 U.S.C. § 1973ee-1(b), and under 950 CMR 51.03.

(2) Emergency exemptions. In an emergency under section 3(b)(1) of the Act, 42 U.S.C. § 1973ee-1(b)(1), an exemption may be applied for and determined by telephone, but both the city or town and the Director shall confirm their communications in writing. Mere failure of the city or town to make adequate and timely plans and arrangements does not constitute an emergency. If an exemption is allowed, it applies only to one election, and the city or town must exercise its best efforts to find another accessible polling place, and if none is available, to provide whatever assistance is possible to handicapped and elderly voters. If an emergency exemption is allowed, handicapped or elderly voters assigned to such an emergency exempt polling place may vote by absentee ballot in the office of the city or town clerk or election commission without applying in advance. The procedures set forth in the second paragraph of M.G.L. c. 51. § 59 shall apply to such voters, except that the absentee ballot envelope shall be marked "Emergency Polling Place Exemption".

(3) Non-availability Exemptions: Standards. In determining under section 3(b)(2)(A) of the Act, 42 U.S.C. § 1973ee-1(b)(2)(A), that all potential places have been surveyed and that no accessible place is available, nor is the city or town able to make one temporarily accessible in the area involved, the Director shall consider the following factors:

(a) Whether each location has been studied by a trained person to determine whether or not it is accessible.

1. Polling places should not be presumed to be accessible simply because there are no obvious barriers, but 950 CMR 51.02 must be applied.
2. A trained person is one with knowledge of what constitute structural barriers to handicapped individuals.
3. Handicapped persons, representatives of handicap groups or professionals who work with handicapped individuals should be consulted.
4. If a location is inaccessible, then the city or town should either seek an alternative accessible location or seek to have the barriers removed.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

51.03: continued

(b) Whether the owners or proprietors of the building have been consulted regarding the modifications. If the owners or proprietors are unwilling to make the modifications, then an alternative location should be sought. Possible locations include those which are currently accessible and those where the owners or proprietors are willing to make necessary modifications.

(c) Whether an estimate of the cost to make the modifications has been obtained from a qualified person (construction contractor, carpenter), and whether different options for removing the barriers have been explored (*e.g.*, temporary ramps).

(d) With respect to polling places in inaccessible government buildings, whether the city or town has urged government officials to make the modifications necessary for the buildings to be accessible.

(e) The record of the city or town's percentage of polling places in compliance in the past.

(f) The city or town's expressed plans for providing an accessible polling place in the future.

(4) Non-availability Exemptions: Procedure.

(a) The city or town body responsible for selecting polling places under M.G.L. c. 54, § 24 (city council, board of selectmen, or election commission) must apply in writing for any exemption under section 3(b)(2) of the Act, 42 U.S.C. § 1973ee-1(b)(2). The application must be filed with the Director of Elections, under the penalties of perjury and in a form prescribed by him, not later than 180 days before the first federal election of an even-numbered year.

(b) Not later than the application deadline, the city or town must give notice that it has applied for the exemption, by posting notice on the principal bulletin board, sending copies to all local news media, and mailing copies to the local council on aging, to any municipal handicapped office or commission, to the state Office of Handicapped Affairs (One Ashburton Place, Room 1305, Boston, MA 02108), and to any additional organizations which the Director may prescribe. The notice shall state the designation and address of the polling place or places for which exemption is sought, the reasons for the application, the location at which a copy of the application may be inspected, and the fact that any person may file a written response within 30 days with the state Director of Elections, One Ashburton Place, Room 1705, Boston, MA 02108, telephone (617) 727-2828 or (800) 462-8683.

(c) Any person may file with the Director a written response to an exemption application within 30 days after it is filed.

(d) The Director may, in his discretion, seek further information from the city or town or hold an informal hearing before himself or his designee.

(e) Not later than 90 days before the first federal election of an even-numbered year, the Director shall notify the city or town in writing whether an exemption is allowed and of the reasons for the decision. The period of an exemption shall be two calendar years, beginning with an even-numbered year. Renewal of the exemption requires a new application.

(5) Alternative Voting Methods. As required by section 3(b)(2)(B) of the Act, 42 U.S.C. § 1973ee-1(b)(2)(B), handicapped or elderly voters assigned to an exempt polling place may vote by absentee ballot, either by mail or in the office of the city or town clerk or election commission, if they previously apply in writing, under M.G.L. c. 54, §§ 86 through 103Q. Current state law prevents assigning such voters to another polling place, as well as "curbside voting" outside the polling place on election day.

REGULATORY AUTHORITY

950 CMR 51.00: 42 U.S.C. §§ 1973ee to 1973ee-6; c. 54, § 37.

Subject: City of Melrose polling location review

Hi Bridget,

Hope you're well. I'm sure you and the entire office are busy with town elections. I'm writing to let you know that I am leaving the City of Melrose at the end of the month, but before I leave, I wanted to check in to talk to you about a few concerns I have regarding some of the designated polling locations in the city – in particular, the Winthrop school, Hoover School, and City Hall. In particular, I don't believe the Winthrop School meets handicapped accessibility requirements for a polling location. Handicapped parking is an issue at Hoover. With the emergency orders for elections in 2020 we consolidated polling locations, but I'm not sure that these accommodations will be extended for this coming November.

I had already met with the City Council president about this, but it was purely an informational meeting. I'm not sure what the next steps should be. Is it possible for you to do a site visit at some point later this spring to let the city know whether they can continue to use the Winthrop as a polling location?

I'm ccing Joanne on this email—she's your best point of contact moving forward.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The Melrose Honor Roll was dedicated on October 7, 1945, to commemorate the service of Melrose residents that were killed in action during World War II. At a later time, the names of Melrose residents killed in action during the Korean and Vietnam wars were added. The Director of Veterans Services for the Melrose-Wakefield-Saugus (MWS) Veterans Services District is requesting bids to preserve this monument during the forthcoming 'Melrose Honor Roll Preservation Project.' Bidders are required to demonstrate experience performing this type of work. The work described herein will be conforming with the Secretary of the Interior's Standards for the Rehabilitation of Historic Buildings. This monument is a contributing structure in the Downtown Melrose local historic district (LHD). Prior to any work being performed that is visible from the public way, a certificate of appropriateness must be secured from the Historic District Commission. Either the Building Commissioner or the Director of the Office of Planning and Community Development may deem this requirement as non-applicable at their sole discretion. The scope of work aligns with a preservation approach in which the retention of historic building fabric will be retained whenever possible.

The condition of the architectural woodwork of the monument ranges from fair to very poor. Where large sections are missing and/or rotted, wholesale replacement in kind is required. Replacement materials shall match existing in size, shape and dimension and be composed of a sustainable wood such as sapele, Spanish cedar or African mahogany. New wood materials shall be primed with an oil-based primer on all surfaces, including miters and scarf joints. New wood materials shall be painted twice on all surfaces, including miters and scarf joints, with a Benjamin Moore or Sherwin Williams high grade, exterior acrylic paint with a flat sheen. New wood materials shall be installed with stainless steel trim screws.

At some locations, such as that illustrated above, only a portion of the historic fabric is rotted and failing. Contractor shall cut out only that section to allow for a "dutchman" repair. The new repair piece shall fit snugly in the space created when the rot is removed. The new repair piece shall be composed of a sustainable wood such as sapele, Spanish cedar or African mahogany. New wood repair materials shall be primed with an oil-based primer on all surfaces, including cut sides. New wood materials shall be painted twice on all surfaces, including cut sides, with a Benjamin Moore or Sherwin Williams high grade, exterior acrylic paint with a flat sheen. New wood repair materials shall be installed with stainless steel trim screws.

At the perimeter of the panels, a wooden stop bead molding keeps the glass in place. Where rotted/missing they shall be replaced in kind. At several locations, such as the bottom of the wooden mullion dividing the panels, above, deterioration does not warrant replacement. At these locations, the contractor shall preserve the architectural woodwork through the use of epoxy consolidants such as Arbatron and the West System. Once these materials have cured they will be sanded flat before painting.

Another view of the conditions found at the front of the monument. Note the paint

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

on the brick masonry. When the woodwork is painted, special care must be taken to ensure that this does not occur. Further, note the rust from previously used, ferrous steel fasteners bleeding through the paint. All fasteners used to preserve the monument shall be stainless steel. All mastic sealant used to fill fastener holes and seams shall be a high grade, white acrylic appropriate for exterior painting applications.

The paint coatings on the base, below the eagle, are peeling in a manner consistent with latex paint failures on sheet metal surfaces. The contractor shall remove failing paint coatings and repaint with an appropriate, direct-to-metal (DTM) paint material. The DTM paint used shall be sourced from Sherwin Williams or Benjamin Moore and be white in color. A minimum of two coats will be required.

The signage across the top of the honor roll, on both sides, is a later addition and in remarkably good condition. These sections should be left alone and not painted under the scope of the current project. The panels of the honor roll are accessed from the rear, as illustrated by the next slide. The white portions of these panels must be gently scraped and touched up with the flat, white paint specified elsewhere in this document. The black panels with gold lettering must not be touched and carefully protected through all phases of the project.

The panels of the honor roll are accessed from the rear. All wooden surfaces on the back (as well as the front) are to be scraped gently to remove loose and failing paint coatings. All surfaces will then be painted with a high grade, Benjamin Moore or Sherwin Williams, exterior acrylic, flat sheen paint. Care must be taken to protect the brick masonry and other surfaces during the course of the work.

The above image illustrates where dutchman repairs would be appropriate at the right of the center column. On the left side, where coatings have failed, striated wood rot may warrant the use of epoxy consolidants.

At a few very limited locations, mortar joint failures warrant minor repointing. Deteriorated joints should be raked to a depth of ¾” with hand tools, NOT with grinders. The repair mortar shall be an ASTM type N mortar with a medium compressive strength. The formula shall be: one part type N Portland cement to one part 3.5 NHL (lime) to six parts aggregate (mason’s “damp” sand). Prior to installation, the voids shall be sufficiently dampened. The mortar shall then be pointed into the joints in ¼” lifts. The final tool struck finish shall match existing mortar joints. Repointing shall not take place in direct sunlight.

A stool cap molding profile frames the individual back sides of the panels. Where failures have occurred, as illustrated above, pieces should be replaced in kind. This moulding profile is commercially available at Anderson McQuaid in Cambridge.

The outer wythe of the brick cheek wall on the north side of the monument has failed. The likely cause is a failure in the footing, or brick shelf, below grade. Contractor shall excavate only as deeply as needed, with hand tools, to the base footing. The section of brick masonry that have rolled off the brick shelf shall be removed, mortar cleaned off, and set aside for reinstallation. The repair to the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

base will require repair tie-ins and the pouring of a new, 4000 PSI concrete section. The brick shall then be reset in an ASTM type N mortar matching that described for the minor repointing repairs. If necessary, the precast concrete caps shall be reset. Any repointing of the joints between the caps shall be consistent with that proscribed for the brick masonry repointing.

The eagle will also be painted during the project. The exact paint will be specified after determining whether the material is wood or sheet metal. One will necessitate the use of DTM paint while the other will allow for use of a high gloss, acrylic paint. Contractor shall anticipate either contingency in his lump sum bid.

Project coordinator:

Karen Burke, Director of Veterans Services
Melrose-Wakefield-Saugus (MWS) Veterans Services District
Melrose City Hall, 562 Main Street, Melrose, MA 02176
T: 781.979.4186
F: 781.979.4509
E: KBurke@cityofmelrose.org

Bid submittal:

All bids must be delivered by mail or courier to the above address, or electronically via email, to Karen Burke, Director of Veterans Services, NLT 12 o'clock noon on Friday, June 11th, 2021. Firms that elect to submit a hard copy bid will return the enclosed bid form in a sealed envelope labeled MELROSE HONOR ROLL PRESERVATION PROJECT BID. Late bids will not be accepted. Incomplete bid forms will be rejected.

Lump sum bid:

Bidding firms pledge to deliver the complete scope of services required for the project for a lump sum, "not to exceed" fixed amount. Bidders are encouraged to examine existing conditions closely before submitting a proposal. No extra work is anticipated. Any work performed beyond the base bid scope shall be performed only after a change order has been issued and authorized by the project coordinator. Contractor will not be reimbursed for any extra work performed without a change order issued by the project coordinator.

Qualifications:

All bidders will be required to demonstrate experience preserving architectural woodwork by providing complete contact information for three (3) references. Bid forms that fail to provide all requested reference contact information will be deemed incomplete and rejected. References will be contacted and asked questions

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

specific to bidders' competence relative to the preservation of architectural woodwork. References that are unwilling or incapable of providing such information will not be counted as one of the three required references.

Bidding firms pledge to deliver the complete scope of services required for the project for a lump sum, "not to exceed" fixed amount. Bidders are encouraged to examine existing conditions closely before submitting a proposal. No extra work is anticipated. Any work performed beyond the base bid scope shall be performed only after a change order has been issued and authorized by the project coordinator. Contractor will not be reimbursed for any extra work performed without a change order issued by the project coordinator.

Qualifications:

All bidders will be required to demonstrate experience preserving architectural woodwork by providing complete contact information for three (3) references. Bid forms that fail to provide all requested reference contact information will be deemed incomplete and rejected. References will be contacted and asked questions specific to bidders' competence relative to the preservation of architectural woodwork. References that are unwilling or incapable of providing such information will not be counted as one of the three required references.

CITY OF MELROSE

Department of Veterans' Services

Karen L. Burke
Director of Veterans' Services

562 Main Street
Melrose, Massachusetts 02176
Telephone - (781) 979-4186
Fax - (781) 979-4509

July 19, 2021

To: The Honorable City Council

CC: Mayor Brodeur, Patrick Dello Russo

From: Karen Burke, Director of Veterans' Services

Subject: Honor Roll Memorial – Capital Stabilization Fund request in the amount of $20,000

I am writing to respectfully request an additional $20,000 in funding for the Melrose Honor Roll Preservation Project. Previously the Council granted a request for funding from Free Cash in the amount $30,000.

As the Council is aware, Melrose Veterans Honor Roll is one of the oldest (1945) veteran memorials in the City. The memorial honors City veterans of World War II, the Korean War and Vietnam. Given its prominent location on Main Street, the very poor condition of the memorial is causing concern for veterans and other residents of the City. The condition of the memorial needs to be addressed urgently before further deterioration occurs.

The request we made of the Council in May was based on a preliminary estimate received from a local tradesman. My office subsequently issued a RFP for the reconstruction work on May 25, and solicited seven bids. We received only one bid in the amount of $45,800 from a reputable and highly recommended firm that specializes in this sort of work.

This request includes an additional $4,200 over the bid price to cover any potential expenses due to the increased deterioration of the Honor Roll since the time of the initial bid, as well as to ensure that the work can be completed should unanticipated issues not in the original scope of work be discovered once work begins.

Below are the initial photos of damage to the memorial, as well as photos as of 7/7/2021 showing the increased damage. The rot on the front of the memorial has increased and there is additional rot on the back of the memorial, as well.

I feel confident that with this increased funding the project will be able to get underway in August, preventing further damage and retuning this important memorial to a condition that befits our commitment to honoring the service of Melrose's veterans.

Thank you for your consideration of this request.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

BRIANNA GARCIA
Assistant to the Mayor

To: Mayor Paul Brodeur
From: Brianna Garcia
Meeting Date: August 16, 2021
Subject: Appointment of Greg DeLaurier to the Council on Aging
Order #: ORDER-2022-6

Appointment of Greg DeLaurier, 90 Grove Street Apt B,
to the Council on Aging; said term to expire on the last day of February 2024.

FINANCIAL IMPACT:<<Enter Financial Impact Here>>

RESULT:	**PASSED [UNANIMOUS]**
MOVER:	Maya Jamaleddine, At-Large
SECONDER:	Robb Stewart, Ward 3
AYES:	Cinella, Eccles, Jamaleddine, Migliorelli, Tramontozzi, McNaught, Stewart, Garipay, MacMaster, Grigoraitis, Thomas

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

This letter is in refence to my application to join the Council on Aging Board.

A resident of Melrose for 12 years, I recently retired from teaching in Political Science and the Honors Program at UMass Lowell after 25 years there, and in all a total of 40 years teaching in higher education.

My PhD is in Chinese Politics, however, over the years I've turned to other fields—first, worker health and safety (I've published a book on the topic), then on to race and identity. A couple of relevant experiences: I was a project manager for a joint Dana-Farber Cancer Center/UMass Lowell project on smoking cessation among union members. I have launched several programs at UMass Lowell promoting diversity, including a requirement in one class that the students prepare a 'Celebration of Diversity' gathering in which the students were responsible for, among other things, recruiting performers of any type from among the many racial and ethnic groups on campus.

I am also a veteran, as are many of the persons you serve.

My interest in joining the Board stems from wishing to give back to the community, and offering whatever skills I have to serve that community. The Council on Aging, seems a good fit for my skills, and I also am an older person myself. The aging community is large (18%) and this community has a poverty rate of 8%. This is thus a community with many needs, that the Council on Aging serves quite well. I have much to learn, but also could bring some ideas and outlooks that might prove useful.

My particular concerns are with increasing diversity among members and also, very broadly, global warming. In periods of extreme heat or cold or other extreme climate events, how well are of the needs of the aging community being served. Finally, as this is very much on the agenda in general in Melrose, I am interested in affordable housing for the aging community. However, of course, whatever needs doing I am willing to do if I am able.

Thank you,

Greg DeLaurier, PhD

Engagement and Membership Director
Massachusetts LGBT Chamber of Commerce — January 2020 – Present

- Create and revise, as needed, membership growth plans, under the direction of the Executive Director;
- Manage and oversee membership recruitment through a variety of engagement strategies;
- Set and meet bold membership growth goals;
- Create connections and partnerships with organizations that can further our engagement strategies and membership growth goals;
- Create venues for engagement and mutual assistance between/among members;
- Provide business technical assistance, in the form of 1:1 coaching and the identification of appropriate consulting services, to ensure member businesses' sustainability and growth;
- Ensure that members' needs are being met through programming, in collaboration with the Ideation and Program Director;
- Seek and secure funding opportunities for service provision.

Owner, TDM Photography
Sole Proprietor — September 2014 - present

- Maternity, newborn, family, event, product, and corporate photography.

Director of Economic Opportunity
Somerville Community Corporation, Somerville, MA — February 2016 – May 2017

- Managed and oversaw all Economic Opportunity programming at SCC: First Source Jobs Program, FTHB Counseling Program, Financial Literacy Program, Individual Development Account Program, and Foreclosure Prevention Partnership;
- Represented SCC at Massachusetts Community and Banking Council's Mortgage Committee meetings (alternate) and held a seat on CHAPA's Selection Committee as a Counseling Agency representative.
- Managed a staff of 4.5 FTE to ensure effective service delivery;
- Created effective curricula for all of SCC's educational programs and trained Economic Opportunity staff on curriculum delivery in group or individual sessions;
- Consistently sought opportunities to expand Economic Opportunity programmatic offerings through partnerships and additional funding;
- Fostered positive relationships and partnerships with Somerville organizations that served our target constituency for delivery of services and outreach;
- Translated organizational materials into Portuguese as needed for all departments within SCC.

Program Manager – Homeownership Department
Massachusetts Housing Partnership — August 2014 – December 2015

- Expanded the reach and impact of ONE Mortgage through positive relationships with program partners, CBOs, and participating and prospective lenders;
- Recruited new lenders through training and education;
- Created and implemented effective marketing strategies to promote the program to its target constituencies;
- Managed all loan origination activities to ensure quality and compliance with program guidelines;

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Oversaw pre- and post-purchase program elements to ensure MHP requirements were met;
- Represented MHP at Massachusetts Community and Banking Council's Mortgage Committee meetings and held MHP's seat on CHAPA's Selection Committee;
- Managed a staff of four, ensuring business practices were efficient and ONE Mortgage goals were either met or exceeded;
- Provided ongoing ONE Mortgage training to partner lenders and CBOs delivering FTHB education;
- Communicated with SoftSecond/ONE Mortgage borrowers in Portuguese and Spanish when necessary;
- Translated ONE Program brochure and other materials into Portuguese.

Director of Asset Building
Program Coordinator – Community Asset Building
Somerville Community Corporation, Somerville, MA November 2006 – July 2014

- Created and implemented all Asset Building programming at SCC (FTHB Counseling Program, Financial Literacy Program, Individual Development Account Program, and Foreclosure Prevention Partnership);
- Led expansion of Asset Building Department from one to 3.5 FTE;
- Oversaw operations of all programs and consistently sought opportunities to expand Asset Building programming through partnerships and additional funding;
- Secured sustainable funding for FTHB Counseling Program and dramatically expanded the number of individuals served from 22 in 2010 to 258 in 2013;
- Created successful partnerships with Somerville organizations that serve our target constituency for delivery of services and outreach;
- Taught financial education seminars in English and Portuguese;
- Provided financial literacy counseling, first-time homebuyer counseling, and foreclosure prevention counseling in English, Portuguese, and Spanish;
- Represented SCC at Massachusetts Community and Banking Council's Mortgage Committee meetings (alternate) and held a seat on CHAPA's Selection Committee as a Counseling Agency representative.

Tutor – ESL, English, History, and Literature
Bunker Hill Community College, Charlestown, MA September 2005 – November 2006

- Tutored academically at-risk Bunker Hill Community College students in ESL, Developmental English, and College Writing;
- Proposed the creation of History and Literature tutoring and subsequently implemented and offered these services to students;
- Mentored at-risk students on academic probation;
- Filled in for TASC Coordinator and Evening Supervisor when necessary.

ESSA General Manager
U.S. Embassy Brasilia, Brazil June 2003 – July 2005

- Managed staff and services at the Commissary, ESSA Bar, and Tucano Restaurant at the U.S. Embassy in Brasilia, Brazil;
- Led the organization out of debt and into a surplus within nine months;
- Implemented creative systems for management of inventory, including opening up sales to diplomats from other embassies to move inventory more quickly;
- Instituted weekly Happy Hours at the ESSA Bar and weekly Vendor Fairs at the Tucano Restaurant, driving up revenues for the Association;
- Led successful procurement process for a contractor to run the Embassy restaurant.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Teacher – English as a Foreign Language
Various schools, Brasilia, Brazil April 1992 – May 2003

- Developed EFL curricula for different age groups and levels of proficiency;
- Taught traditional syllabus and post-advanced courses such as TOEFL prep;
- Presented several workshops on TEFL and English grammar at conferences in Brasilia and Goiânia.

Translator/Interpreter
Various organizations/government agencies 1998 - Present

I have worked as a translator for several Brazilian and North American government agencies, non-governmental organizations, and publishers. My work includes the following publications:

Youth Development Report 2003

Early Childhood Services in Brazil

Bolsa-Escola – *Education to Confront Poverty*

The University at a Crossroads (Minister Cristovam Buarque's speech for the World Conference on Higher Education)

POMMAR 10 Years

Early Childhood Education in Brazil – A Policy Review

Paths to Social Inclusion – The Popular Participation Network in Porto Alegre

Education for Human Development

São Paulo Human Security Project

Education through Sport

While working at the U.S. Embassy in Brasilia, I provided translation services to the Department of Homeland Security and to the United States Secret Service. I accompanied a team of DHS and DOJ representatives on a trip to seven Brazilian cities in December 2004 as the group's official interpreter at meetings during which the Global Trafficking in Persons initiative was discussed with Brazilian government officials, judges, NGOs, and Federal Police agents. I also accompanied teams involved in the Megaports Initiative (U.S. Department of Energy) on trips to São Paulo and Santos, Brazil.

LANGUAGES:
Fluent in English, Portuguese, and Spanish.

AWARDS AND CERTIFICATIONS:
MACDC Rising Star Award (2011)
NCHEC Housing Counselor

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Dear members of the City Council,

I would be honored to serve as a Trustee of the Melrose Affordable Housing Trust Fund. Since shortly after my arrival in this country, I have been active in the affordable housing field in a variety of ways. When I joined SCC's staff in 2006, my first charge was to work with individuals and families at risk of homelessness to stabilize their housing situation through a variety of resources and strategies. Having seen firsthand the destructive effects of housing instability in a community with high levels of rent and housing payment burden, I became deeply interested in and committed to affordable housing in its broadest sense; for twelve years, I developed successful programming in the areas of homelessness prevention, foreclosure prevention, and homeownership for first-time homebuyers. Over the course of my decade-long tenure at the Somerville Community Corporation, an affordable housing development corporation in Somerville, my programming served thousands of Commonwealth residents through First-Time Homebuyer Education and Counseling and hundreds of residents in housing stabilization (foreclosure prevention for homeowners and homelessness prevention for at-risk renters).

I went on to serve as program manager for MHP's One Mortgage Program (formerly SoftSecond), and I was active in the Massachusetts Community and Banking Council as a community organization representative with a seat on the Mortgage Committee. I also served on CHAPA's Seal of Approval Selection Committee representing both SCC and MHP during my time with each of those organizations. Currently, I'm serving on the Melrose Housing Production Plan Advisory Committee.

I look forward to serving in whatever ways will help the City of Melrose further its affordable housing goals.

All my best,

Thais De Marco

July 14, 2021

To whom it may concern,

I would like to express my interest in becoming a volunteer with the Melrose Board of Health.

I am a life-long resident of Melrose, with an undergraduate degree in Nursing and a related Master's degree in Healthcare Emergency Preparedness. I have over 30 years of experience working in both clinical and administrative roles for the Melrose Wakefield Hospital as well as served as the hospital Liaison to our community-based partners. This unique experience enabled me to develop strong collaborative relationships with a myriad of local, state and federal agencies to address emergency preparedness and public health concerns. Moreover, it opened my eyes to the everyday challenges of building a strong and healthy community.

Most recently, I was employed as a Clinical Nurse Manager within the Cambridge Health Alliance where I continued to focus on improving health and reducing barriers to care for a diverse population most in need.

I believe my collective experience in leadership, project management, policy development, regulatory compliance and emergency response would prove to be an asset to your team. I am attaching my CV for your review and would welcome the opportunity to meet with you in person to address any questions you may have.

Thank you for your time and thoughtful consideration.

Respectfully,

Lillian Yadgood Kelly

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

LILLIAN YADGOOD KELLY, BSN, MS

117 Boston Rock Rd., Melrose, MA 02176

PROFESSIONAL SUMMARY

An accomplished and talented nursing executive with a comprehensive background in leadership, perioperative services, nursing management, emergency preparedness, project management, and administration in hospital-based setting. Propels emergency management functions, implements information management solutions and builds human relations within corporate and healthcare industries. Team builder with technical, analytical, organizational, and problem-solving aptitude. Encourages teamwork, integrity, and diversity. Unwavering commitment in patient advocacy, providing exceptional care, maintaining composure in emotionally charged, fast-paced, and stressful atmospheres. Establishes, cultivates, and manages productive relationships. Proficient with Microsoft Office Suite, EPIC, Meditech, Internet Applications.

Core Competencies & Management Skills

- Nursing Management & Operations
- Project Planning & Program Management
- Regulatory Compliance & Standards
- Quality Monitoring & Process Improvement
- Organizational Leadership & Team Building
- Emergency Preparedness & Management

- Leadership / Mentor
- Initiative / Dynamic
- Performance-Focused
- Analytical / Accurate
- Solution-Oriented
- Engaging / Enthusiastic
- Exemplary Communicator
- Detailed / Organized
- Committed to Excellence

PROFESSIONAL EXPERIENCE

Cambridge Health Alliance **Everett, MA** **2014 – 2021**

Nurse Manager, Perioperative Services and Endoscopy (2016 – 2021)

Oversaw daily operations of a five-room Surgical Services Suite, including Surgical Day Care, Operating Room, Endoscopy, and Post Anesthesia Care Units. Developed clinical practice, performed quality / safety monitoring, and ensured regulatory compliance. Executed team building and materials management. Hired, scheduled, and orientated new staff and performance reviews. Monitored CQI and maintained patient, staff, and provider satisfaction. Managed disciplinary actions, including counseling, investigative conferences, and termination in collaboration with the Union/Labor Relations.

- Redesigned workflows to reduce cancellation and day of surgery no-show rates.
- Instrumental to the development and implementation of EPIC OPTIME modules.
- Implemented cross-training to engage staff, stimulate innovation, and focus on Continuous Quality Improvement.
- Developed new facility protocols for caring for Covid-19 positive patients in the perioperative setting.
- Involved with policies and procedures for redeployment of staff and converting perioperative real estate into a secondary ICU during the initial stages of a pandemic to assure continuity of care.

Nurse Manager, Endoscopy (2014 – 2016)

Managed daily operations of the outpatient GI Center at the Somerville campus, including quality / safety monitoring, regulatory compliance, staff development, team building, and materials management. Hired, scheduled, and orientated new staff and performance reviews. Monitored and maintained patient, staff, and provider satisfaction. Managed counseling and investigative conferences / termination in collaboration with the Union/Labor Relations. Participated in Value Analysis Committee (SVAT) to evaluate new product acquisition, maintaining quality and budgetary compliance.

- Improved unit efficiencies by reducing cancellation and no-show rates.
- Reduced supply and staffing expenses while increasing overall volume.
- Redesigned block schedule for procedural and outpatient clinic areas.
- Improved workflow in Open Access, resulting in improved quality of referrals and increases referral demand.
- Contributed to the multidisciplinary policy development for safe handling of specimens.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Hallmark Health System **Melrose, MA** **1977 – 2013**

Director, Emergency Preparedness (1999 – 2013)

Identified, drafted, and oversaw the requirements of recognized emergency operations, hazardous material (HazMat) and evacuation plans integrated into community and state comprehensive emergency management plan. Served as hospital liaison for the Department of Public Health (DPH) Region 3 Hospital Preparedness Group. Served as hospital liaison for Mystic Region Emergency Planning Committee (REPC), and co-chair for REPC Health and Hospital Subcommittee. Led the hospital system's training and exercise plan. Managed $1M worth of federal and state grant funds.

- Established a reputation for continuously handling increasing responsibilities as reflected in over 30 years of experience in emergency preparedness activities through community involvement.
- Created and implemented hospital and community training exercises to examine response to high-impact events.
- Contributed to the health system's success in earning recognition as the first hospital system in the region to establish a system-wide evacuation plan and accomplish Homeland Security Exercise and Evaluation Program (HSEEP) compliant tabletop, functional, and full-scale exercises.
- Participated in four successful Joint Commission surveys with commendation.

Director, Endoscopy (1999 – 2011)

Melrose-Wakefield Hospital Campus

Instrumental in the design, relocation, and expansion of endoscopy services, tripling endoscopy cases conducted annually. Led an Endoscopy Unit with 20 staff members, five procedures rooms, 14 admission/recovery beds, and 6500 accomplished cases annually. Performed operational systems, budgetary compliance, quality monitoring, strategic planning, materials management, and leadership training oversight. Optimized productivity and maintained staff retention rate below mean clinical turnover rate. Participated in the completion of three Joint Commission surveys with key commendations for nursing.

- Achieved and maintained patient satisfaction scores for nursing endoscopy services at 96% and above.
- Reduced volume of no-shows day of procedure by 23%.
- Scored above the mean for non-magnet National Database of Nursing Quality Indicators (NDNQI) facilities.
- Improved staff and medical doctor documentation compliance from 50% to approximately 98% to 100%.
- Promoted and generated continuous positive trend of profit margins for endoscopy services.

Director, Central Sterile Processing (1996 – 2006)

Melrose-Wakefield Hospital Campus

Led daily operations, staff development, program development, budget development, materials management, infection control, and regulatory compliance. Replaced and upgraded washer / decontamination units and sterilizers. Introduced new sterilization technology and monitoring systems. Provided biological tracking updates and conducted inventory ordering and tracking activities. Conducted annual in-service training to central sterile processing (CSP) employees, hospital support staff, contracted vendors, and local Fire Department on the Ethylene Oxide Safety Plan. Served as the hospital's administrative lead and community liaison for all drill response activities. Reduced labor time and redundancies after establishing and executing procedures.

- Maximized compliance by redesigning workflow, staffing patterns, and equipment renovation.
- Developed and implemented department safety training and work process competencies system-wide.
- Created and coordinated an alternate off-campus worksite for surgical supplies and equipment.
- Initiated the preparation of department for three successful Joint Commission surveys.

DENISE SLANE

To: Mayor Paul Brodeur
From: Denise Slane
Meeting Date: August 16, 2021
Subject: Health Department Grants
Order #: ORDER-2022-3

To the City Council,

The Health Department requests that the City Council accept two (2) grant renewals from AFDO (Association of Food and Drug Officials). The first one in the amount of Two Thousand Five Hundred Dollars ($2,500.00) and the second in the amount of Two Thousand Seven Hundred and Seventy Five Dollars ($2,775.00).

The first grant for $2,500.00, will be used for risk factor tracking that will review our current FDA grant is on track. (Project Period - July 5, 2021 to March 25, 2022)

The second grant for $2,775.00, will be used for Professional Development for the Inspector to attend training for industry updates and AD Certifications. (Project Period - August 1, 2021 to December 21, 2021)

By this correspondence I am requesting that the City Council authorize Elaine Silva (Interim Health Director), to be taken over by the new Health Director once hired, and Coral Hope (Senior Health Inspector) to execute the renewal of the two (2) grant awards and to disperse the funds in accordance with the objectives and requirements of the grant programs.

Respectfully,

Elaine Silva
Interim Health Director

ASSOCIATION OF FOOD & DRUG OFFICIALS
SINCE 1896

July 2, 2021

Grant Number: G-T-2106-09460
Project Title: Food Protection Program Training
Award Value: $2,775.00
Project Period: August 1, 2021 to December 31, 2021

Coral Hope
Melrose Health Department
562 Main St
Melrose, Massachusetts 02176

Dear Coral Hope:

We have approved your application for Food Protection Program Training as part of the Retail Standards Grant Program, funded by the United States Food and Drug Administration (FDA). Approval is based on review of the application submitted by you on behalf of Melrose Health Department to the Association of Food and Drug Officials (AFDO).

As part of your application your agency has made an assurance that it will comply with all applicable Federal statutes and regulations in effect during the grant period, including applicable parts of 45 CFR Parts 74 and 92. Acceptance of this award and/or any funds provided by the Retail Standards Grant Program acknowledges agreement with all of the terms and conditions in this award letter.

#	Report Dates	Report Type
1	February 14, 2022	Cat 3 Training Final Report

Your award is based on the above-title project application, submitted to and approved by AFDO, and is subject to the following terms and conditions:

- The grantee must complete the full scope of work and all tasks outlined in the approved grant application by December 31, 2021 unless a written exception is granted by the AFDO Programmatic Point of Contact for this grant award.
- Any changes to the scope, tasks, deliverables, or expenses of this project must be approved in advance and in writing by the AFDO Programmatic Point of Contact prior to work being

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

completed.

- The grantee must abide by the grant guidance for the program, available as a PDF file on the Retail Standards Grant Program portal at http://afdo.org/retailstandards. This portal is also the site where you can find additional information/updates regarding this grant program, and where you can log in for project status and submission of required reports.
- Per United States Department of Health and Human Services Grants Policy, expenses for food or beverage are generally not allowed unless it is part of a per diem allowance provided in conjunction with allowable travel.
- A Final Project Report must be submitted through the online grants portal no more than 45 days after December 31, 2021. As part of the final report, the grantee must provide a full accounting of all expenditures made with funds from this grant award, accompanied by the documentation specified in the reporting section of the grant guidance.
- As a reminder, recipients of funding through this program are required to assure that project activities achieve greater conformance with the FDA Voluntary National Retail Food Retail Program Standards, available at: http://afdo.org/fda_vnrfrps.

The amount of $2,775.00 represents the full amount of funds to which you are entitled.

This is the final year of a multi-year cooperative agreement, therefore, no extensions to the project period can be allowed. Grants will be canceled if not completed by the project end date.
Grant awards are made with the understanding that Retail Standards Grant Program staff may require clarification of information within your application, as necessary, during the application, project, or reporting periods. These inquiries may be necessary to allow us to appropriately carry out our administrative responsibilities.

This project is supported by the Food and Drug Administration (FDA) of the U.S. Department of Health and Human Services (HHS) as part of a financial assistance award U18FD005850 totaling $2,400,000 with 100 percent funded by FDA/HHS. The contents are those of the author and do not necessarily represent the official views of, nor an endorsement, by FDA/HHS, or the U.S. Government.

The Catalog of Federal Domestic Assistance (CFDA) number for this United States Food and Drug Administration grant, awarded to the Association of Food and Drug Officials (AFDO) on 8/11/2016, is 93.103. Your grant is considered a sub award under this AFDO grant.

If you have questions about this award, please contact your AFDO Programmatic Point of Contact. Additionally, the Retail Food Safety Specialist from your FDA Region is an integral part of your jurisdiction's successful completion of Retail Standards activities, and is available to assist with your funded project. Contact information for both individuals is listed below.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

We appreciate your ongoing commitment to achieving greater conformance with the Voluntary National Retail Food Regulatory Program Standards.

Sincerely,

Steven Mandernach
Executive Director

August 5, 2021

Dear Joan,

Congratulations! I am pleased to notify you that The City of Melrose has been awarded an Urban Agriculture grant of $9,339.00. I want to thank you for your commitment to increasing the opportunities for your community to garden, creating new food access points. Through this funding and your continued work, we hope to expand access to healthy, nutritious food for all families in the Commonwealth.

You will be receiving further instructions on next steps, and please feel free to me at any time if you have any questions.

Best regards,

Rose Arruda
Massachusetts Department of Agricultural Resources
rose.arruda@state.ma.us

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Section 2:

Summary: The main goal is to replace 23 gardening beds at 2 Greenleaf Place (Franklin Field) in Melrose, Massachusetts with longer lasting materials and an improved design for enhanced accessibility and critter control. Additionally, we'd like to invest in additional tools and infrastructure and purchase beneficial microorganisms for use in the community garden. ~~Finally, we'd like to purchase supplies for the Melrose seed library and host educational seminars on gardening topics for both children and adults~~. The total amount requested is ~~$9,607.30~~ $9340.22 JB.

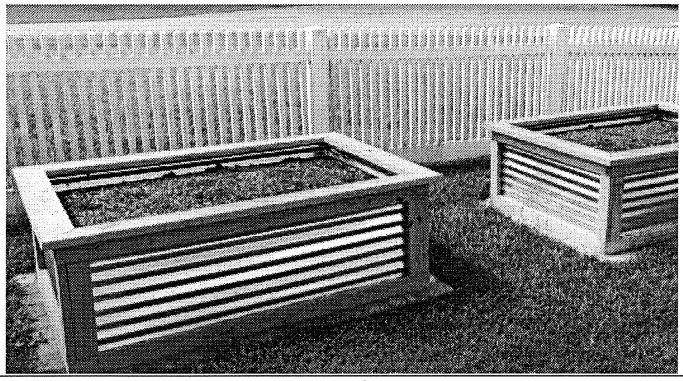
Section 3:

Part A: Detailed Project Description

1. Project Description: Describe purpose/objectives/scope of work for all tasks and a detailed timeline with milestones for all phases of the project, in monthly increments. Address all of the criteria outlined in Section G: Evaluation Criteria on Page 8-9. Also provide information regarding water and electricity availability for this project.

Background

The Melrose community garden was initially constructed in 2017 and further expanded for the start of the 2018 and 2021 growing seasons. It is located at Franklin Field in Melrose, Massachusetts. Currently, the garden has 38 garden beds; four of the beds are dedicated to the McCarthy House, a high-rise elderly housing development (667 program) in Melrose. Additionally, two of the beds are dedicated for seed saving initiatives and we hope to stock the Melrose seed library and become more self-sufficient in supplying their catalog of seeds. Interested Melrose residents are placed on a waiting list until a plot becomes available and a yearly gardening fee is assessed for each plot. The McCarthy House beds are divided among residents and are provided at no cost to these residents.



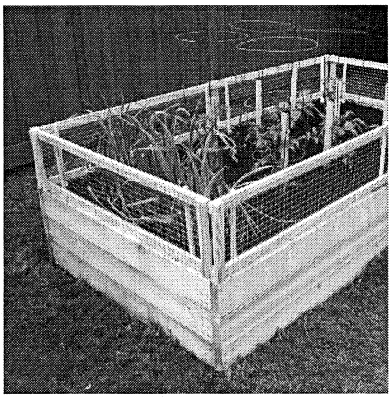
The original garden beds are starting to show extensive wear and in an effort to preserve access to the community garden we propose to use this grant to replace the 23 beds constructed in 2017 and 2018 with more robust material that has the potential to last many more years. Additionally, funds are proposed for enhancing the tools, auxiliary infrastructure of the garden, and providing access to organic gardening pest control methods. Finally, we'd like to use funds to further the Melrose seed library initiatives as well as more gardening educational initiatives in Melrose. The detailed plan is described below and the associated costs are summarized in the following tables.

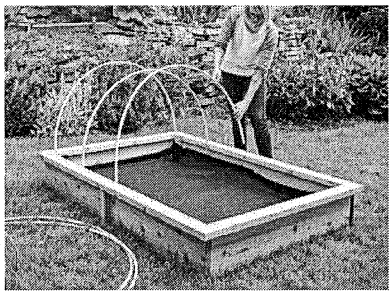
Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

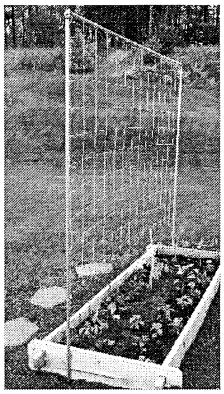
Garden Bed Construction

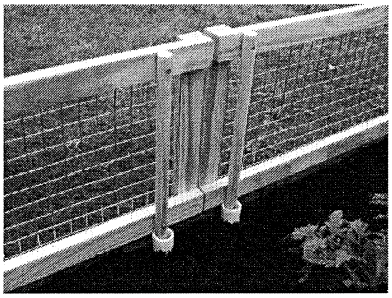
We plan to replace the 23 garden beds with a similar 4 feet wide x 12 feet long x 2 feet tall beds. This provides a similar foot print to the existing beds but with a slightly higher bed. This will provide improved ergonomics for gardening and we hope this will engage senior and less mobile gardeners. Additionally, the flat tops allow gardeners a place to sit while tending to their vegetables. We hope the enhanced height will deter animals from coming into the beds.

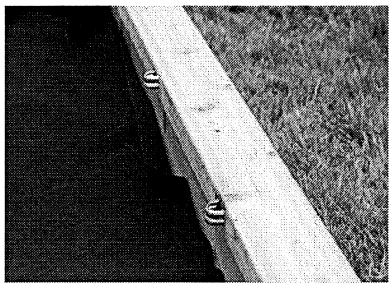
The bed design is based upon a DIY plan found on-line and will be further adapted to meet our needs. In order to save on the cost of lumber and other building supplies we anticipate using galvanized metal with an HDPE recycled plastic frame. We anticipate the choice of these materials were enable a robust bed that lasts for many years.

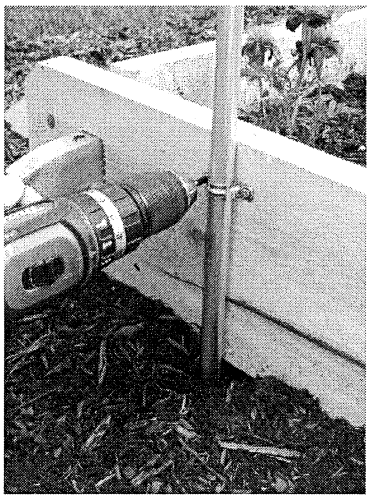












Beds will be scaled to 4'x12'x2' beds.

Reference: https://www.protoolreviews.com/how-to-make-raised-garden-bed/

We will also add piping conduit within the bed to facilitate the construction of season extension equipment, critter control fencing or a trellis. To realize this goal, two feet long EMT pipes will be installed on the inside of the bed every 3 feet for the 12 foot length of the bed and 2 installed along the 4 foot length of the bed. This provides a conduit for which smaller pipes can be easily slipped in or directly attached with pipe connection. Thus, this provides a universal connecting point for a variety of options as shown in the pictures below. The actual cost of these attachments will be covered by the garden or other entity (for the fence), or the plot's renters (hoops/trellis).

Fence	Season Extension Hoops	Trellis System

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

		
	 *Instead of sliding hoops into the metal brackets the hoops will slide into conduit pipe sleeves as shown in fence figure	 *Instead of directly attaching the trellis to the side of the bed, the piping sleeve built within the bed will allow for an attachment point for the trellis.

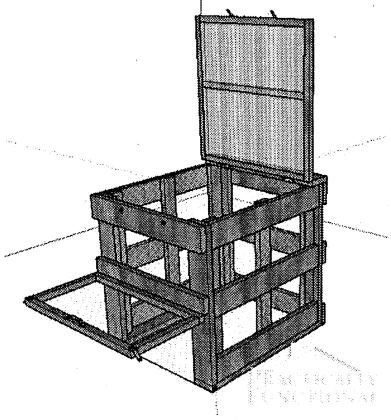
Additional Tools and Infrastructure



We'd also like to secure funding to upgrade some infrastructure and purchase additional tools for the garden space. The procurement of a wheelbarrow/garden cart that has 2 wheels rather than the traditional single wheel system will allow our older gardeners more independence with carrying out garden tasks. This two-wheel system will help folks more easily balance loads. We'd also like to add a simple outdoor vertical storage closet where we can store larger tools such as rakes and hoses. With the increased number of gardeners, we also recognize that 2 additional hand shovels are needed to accommodate more simultaneous planting. The procurement of a rake will assist in leaf

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

clean-up in the fall. Finally, we'd like to add an ADA accommodate picnic table under the tree at the garden where patrons can stop and share a meal with family and fellow garden members.

Soil Care

As we assess hurdles for adoption of gardening and seed starting within our members we know the educational seminars are only 1 portion of the tools needed to embrace gardening. One important component of starting and growing plants is finding suitable containers to grow them. To this goal, we propose the construction of 2 "take a pot, leave a pot" bins that would be distributed around Melrose. This would provide homes for Melrose community members who have excess pots from purchased seedlings to leave them to be reused by other community members looking to start seeds. This provides not only the benefit of facilitating seed starting but also keeps these valuable pots out of our recycling/landfill waste streams.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Timeline:

September 2021

Week 2-3: Construct a prototype bed to ensure that further mass production will result in the successful construction of the beds

October 2021:

Week 1: Ensure that garden clean up from the previous season has occurred and begin demolition of original garden beds.

Week 2: Cut all pieces needed for the 23 beds

Week 3-4: Install the 23 new garden beds and re-fill garden beds with soil, compost and hay in preparation for winter.

November 2021:

Week 1: Purchase materials needed for seed saving project to commence in January. (Ink, paper, baggies, markers, clips)

April-June 2022

Purchase of the Compost and Salt Marsh Hay
Purchase and installation of additional garden tools and infrastructure

2. 2. Qualifications and Experience: Describe and document relevant qualifications and experience of the applicant organization and the principals that will be involved in the grant funded activity. List relevant work, projects and those of any external partnering entity and demonstrate that the applicant has sufficient, relevant experience and success in developing and operating a large-scale enterprise. List the individuals who will work on the project and the respective roles. If applicable, past awardees must provide a short description on the gains from their award: provide total production in pounds, net profit and revenue increase, as a direct result of past grants from the MUAP.

The Melrose community garden was constructed in 2017 and has been an active gardening community with a current waiting list of over 50 people. The expansion of the garden in 2021 was made possible through a Massachusetts Urban Agriculture Grant. Therefore, we are familiar with the requirements of this grant. The garden will be managed by local volunteers from the Community Garden group. The maintenance of individual plots will be the responsibility of that year's plot owner. The Melrose seed library is currently managed by Melrose volunteers and they will provide oversight and management of the seed library needs. More advanced gardeners will tend to the garden plots with the assistance of more inexperienced gardeners willing to learn more about seed saving. Overall maintenance of the area will continue to remain under control of the Park Department of the City of Melrose. The original Melrose community garden was partially funded by a grant from the Melrose Rotary Association.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

3. 3. Permits and Approvals: Proof of all necessary permits and approvals needed and any responsible agencies. Please include documentation of your City's approval for agricultural use.

The garden plots are on City of Melrose owned land. The garden will be managed by local volunteers from the Community Garden group. The maintenance of individual plots will be the responsibility of that year's leases. Overall maintenance of the area will continue to remain under control of the City of Melrose Parks Department.

Part B: Project Budget

1. Provide Budget: Include all costs, an itemized, detailed listing; associated with the scope of work (Items not identified in the application will not be eligible for award). Please list, if applicable, what expenditures are targeted for your matching funds
2. Project funding sources: List all funding sources including matching funding commitments and copies of commitment letters.

Project Budget

Garden Bed Construction

	Description	Cost
Recycled Plastic Lumber Each bed needs (2) 2x6x8 RPL (4) 2x4x12 RPL	2x6x8 RPL= 23 beds x2= 46 2x4x12 RPL= 23 beds x 4 = 92	46x $24.18=$1,112.28 92 x $23.58 = $2,169.36 **Total $ 3,281.64g**

Category	Total
Garden Bed Construction	$6,521.43
Additional tools and storage (as Itemized)	$1,862.94
Plant Protection	$26.35
Compost	$148.50
Salt Marsh Hay	$90.00
Admin Cost	$691.00
Grand Total	**$9,340.22**

Part C: Project Evaluation

1. Criteria: Define your criteria or proposed methods for evaluating and measuring project success.

   The measurement of success for this project is when the community gardeners are able to garden in their newly rebuilt beds, enjoy the use of new tools and infrastructure, attend library educational seminars/programs, and apply organic pest control methods..

2. Long Term Plan: Outline your plan for sustaining the project beyond the grant period.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The garden is currently supported by the yearly dues that Melrose residents pay for a plot (excluding McCarthy House beds). As seen in figure 3, the enclosed space at Franklin field is fully occupied. In order to continue expanding the Melrose community garden other areas within Melrose need to be identified for expansion opportunities and appropriate land-use approvals. New areas would then be presented to the city for consideration. Funding resources such as collected membership dues, follow-up grants from the Melrose Rotary or new grants would all be explored to continue the Melrose community garden in the years to come.

3. Final Report: All applicants accepted for funding will be required to complete a final report evaluating project outcomes and any lessons learned that could be applied elsewhere.

Part D: Attachments

1. Map of Project Area (if applicable);

Figure 1: Melrose community garden location in Franklin Field

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

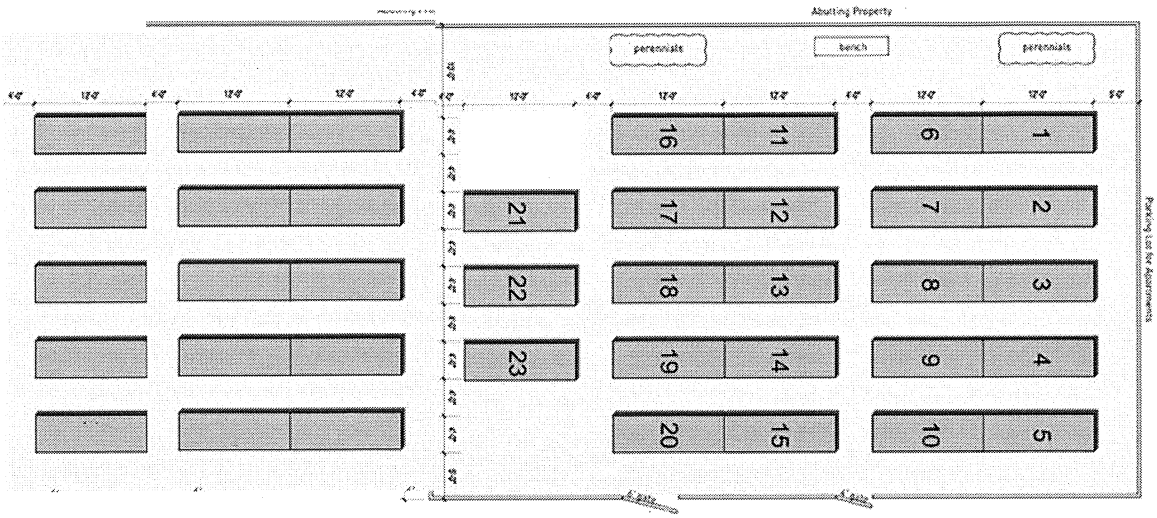

Figure 2: Current Melrose community garden spot featuring 38 beds. The first 23 beds will be replaced.

.

2. Resumes of Project Manager or Key Staff;

Joan Bell

Superintendent of Parks for the City of Melrose since 2003

3. Documentation of past two (2) years gross food sales(lbs.), square footage utilized for its production, as well as gross sales of food aggregated from other farms (C.G. exempt);

Not applicable

4. 3 Competitive quotes for items over $500; at least one quote for all items $100-$499;

The City intends to use an under contract vendors for and in house labor for the building of the boxes.

Lower value items have links to items showing the approximate value of the items.

5. Documentation verifying the farm has employed a farmer/farm manager for minimum of 3 years (C.G. exempt);

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Not applicable

6. IRS 501(C)(3) Certification;

Not applicable

7. Site design plan, if applicable;

See question 1

8. Lease or document of ownership of land that is the subject of the grant;

November 10, 1917 Book #4173, Page 381

9. Proof of permits and approvals needed for completion of project;

Approval of the Melrose Park Commission and the City of Melrose

10. Estimates for water connections for project/site, if applicable; not applicable

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

MEMORANDUM

To: City Council President Christopher Cinella
From: Mayor Paul Brodeur
Re: Appointment of Anthony Chui as Melrose-Wakefield Health Director
Date: September 13, 2021

It is my pleasure to submit to you and the Honorable City Council the appointment of Anthony Chui as Health Director for the City of Melrose. This position is shared with the Town of Wakefield.

Mr. Chui holds two Bachelor's degrees in Cellular and Molecular Biology and Applied Statistics from Sonoma State University, and a Master's degree in Public Health, Epidemiology of Infectious Diseases from Yale University. He comes to us from the City of Manchester, New Hampshire, where as the Community Epidemiologist and Public Health Specialist his work focused on community prevention strategies to address disease and health risk behaviors pertaining to opioid/substance misuse. His responsibilities in his prior role also included disseminating public health information and conducting data analysis related to COVID-19 community spread and outbreak investigation.

We are fortunate to have the benefit of Mr. Chui's background in epidemiology and experience on the front lines of the public health response to the COVID-19 pandemic. His technical knowledge, strong educational background, and passion for public health make him an excellent choice to serve the Melrose community. I respectfully request the City Council confirm his appointment as Health Director for the City of Melrose.

Thank you for your consideration.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Anthony Chui

Manchester, New Hampshire, United States

[redacted]

linkedin.com/in/anthony-chui

Summary

I am an epidemiologist for the City of Manchester with a focus on social determinants of health that affect substance use dynamics and homelessness.

Experience

Public Health Specialist II - Community Epidemiologist

City of Manchester, NH

Jun 2020 - Present (1 year 1 month +)

I am responsible for performing research and assessments on various public health diseases and health risk behaviors that pertain to opioid/substance misuse. I design, implement, and deliver community prevention strategies through evidence-based care and services. I am charged with coordinating the dissemination of information involving the COVID-19 response and performing data analysis related to community spread and outbreak investigations.

Graduate Research Assistant

Hirsch Brain Function Laboratory

Jan 2019 - Jun 2020 (1 year 6 months)

I used Matlab to analyze eye-tracking data attained from social interaction experiments between healthy participants and participants on the autism spectrum. I also performed database management for experiment data across multiple fMRI projects.

Public Health Evaluation Consultant

Love146

Dec 2019 - May 2020 (6 months)

Worked with a group of graduate students at the Yale School of Public Health and Love146 to create an evaluation plan for their outreach program in Madagascar that addresses child trafficking. Created evaluation tools including surveys, questionnaires, and forum theater outlines to guide future evaluations.

Associate Researcher

Yale University School of Medicine

Jan 2019 - May 2020 (1 year 5 months)

I conducted research on possible mitochondrial toxicity effects of antiretroviral HIV therapy drug Dolutegravir in neuroblastoma cells. I used assays including Western blotting, RT-qPCR, FACS, and Seahorse assays.

Director Of Pharmacy

HAVEN Free Clinic

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Dec 2018 - Feb 2020 (1 year 3 months)
I worked directly with patients through education sessions and answering questions regarding medications that are prescribed. I was responsible for developing and executing quarterly quality assurance and quality improvement goals, overseeing scheduling and training of volunteers, researching the most cost effective options of medications for patients, and improving the EHR system. I was tasked with streamlining intra-departmental workflow and inter-departmental collaboration efficiency with the ultimate goal of decreasing patient wait times.

Clinical Trial Coordinator
Yale School of Medicine, Department of Psychology - Alzheimer's Disease Research Unit (ADRU)
Feb 2019 - Sep 2019 (8 months)
Worked on genetic studies that focused on the genetic risk factors associated with increased rates of dementia, cognitive, and functional deterioration in patients with Alzheimer's Disease. Collected data for pre- and post-mental brain function scores, managed patient data, and organized physician contacts for post clinical trial participation follow-up.

Public Health Consultant
Yale New Haven Health
Dec 2018 - Jul 2019 (8 months)
Worked with a team of graduate students at the Yale School of Public Health (YSPH) to conduct mixed-methods research for Yale New Haven Health (YNHH) regarding the government mandated Community Health Needs Assessment (CHNA). Goals included mapping of areas in surrounding townships and connected health systems specifically for access to essential services. Project involved literature review for information about barriers to access such as healthcare, food security, and housing; key informant interviews and qualitative data analysis; and GIS mapping. Results were presented at the American Public Health Association Conference in Philadelphia Fall 2019. Final report was included in the triennial YNHH CHNA.

Research Intern
CONNECTICUT AGRICULTURAL EXPERIMENT STATION, THE
Sep 2018 - Feb 2019 (6 months)
The Connecticut Tick Testing Laboratory provides testing services for human relevant tick-borne diseases and syndromic surveillance. I was tasked with PCR screening ticks that were submitted to the station, in search of the causative agents of Lyme disease, Babesiosis, and Anaplasmosis. I was also responsible for blood meal extraction from public health relevant mosquito specimens.

Research Associate
Sonoma State University
Aug 2016 - May 2018 (1 year 10 months)

Education

Yale School of Public Health
Master of Public Health - MPH, Epidemiology of Infectious Diseases
2018 - 2020

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Public Health Modelling Concentration

Sonoma State University
Bachelor of Science - BS, Cell/Cellular and Molecular Biology
2014 - 2017

Sonoma State University
Bachelor of Arts - BA, Applied Statistics
2014 - 2017

Montgomery High School
2012 - 2014

Skills

Leadership • Data Analysis • R • Research • Epidemiology

Honors & Awards

Graduation with Distinction - Sonoma State University Biology Department
Dec 2017
I was awarded the honor of 'Graduation with Distinction' from the Biology Department of Sonoma State University. I won the award on the basis of strong academic performances in addition to showing leadership in the realm of research. I led a team of undergraduates in Dr. Lisa Bentley's lab and successfully completed a research project involving the study of soils from Peru. Tropical forest ecosystem processes play an important role in global biogeochemical cycles, including the uptake and storage of carbon. However, these processes can be constrained by the supply of rock derived nutrients. We measured the rock derived nutrient availability and the capacity of soils to retain them on the exchange column shifts across a basin-to-tree line elevation gradient in the Andes-Amazon region. We analyzed how elevation and soil depth changes across a landscape. I contributed to the discipline beyond purely academic performance in courses. I believe this award demonstrates my ability to contribute to research at the highest level and is a testament to my work ethic while demonstrating my invaluable leadership qualities. While I completed my Bachelor of Science in a rigorous Molecular and Cell concentration of Biology, I also completed a separate Bachelor of Arts in Applied Statistics, which shows that I am capable of maintaining a balance between academics and research.

Horstmann Merit Award - Yale School of Public Health
Aug 2018
Recipients demonstrate strong leadership qualities, outstanding interest and passion for public health and academic achievement.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

From: Polina Latta, Human Resources Director
Re: Melrose-Wakefield Heath Director Recruiting Process
Date: September 7, 2021

- The HR Department used broad and diverse recruiting strategy when recruiting for the Melrose-Wakefield Health Director role. The position was posted in April 2021 and reposted in July 2021 for approximately a month each time, since our initial search did not result in the caliber of qualified candidate needed to fill this role. We used the following sources:

    1. City wide e-mail
    2. City Employment site
    3. LinkedIn
    4. Mass Municipal Association (MMA)
    5. Mass Health Officers Association
    6. The Partnership Inc.
    7. AMARU
    8. NAACP Mystic Valley network
    9. DEI- taskforce networks

- The hiring committee consisted of Melrose Human Resources Director, Wakefield Human Resources Director, current Health Director, one member of the Melrose Board of Heath and one member of the Wakefield Board of Health. Resumes were reviewed by the full hiring committees and they conducted the first round of interviews. The second round of interviews was conducted by Mayor Brodeur and Town Administrator Steve Maio.

- Our last job posting resulted in 21 candidates (19 external, 2 internal). Total of 6 candidates were interviewed, and two were recommended for the second interview (one internal and one external candidate).

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Anthony Chui stood out among the rest of the candidate, with his technical knowledge, strong education and passion for public health.

  - He holds two Bachelor's degrees, one in Cellular and Molecular Biology and one on Applied Statistics. He also earned a Master's in Public Health, Epidemiology of Infectious Diseases from Yale University, where he was recognized for his leadership qualities and academic achievement that includes two publications in Public Health. Anthony demonstrated he can balance academics with professional development. While working on his Master's degree he held consulting and leadership roles in Public and Community Health and academic research.

  - His last position was Community Epidemiologist and Public Health Specialist II with the City of Manchester, New Hampshire, more specifically in the Strategic Initiatives and Quality Improvement department of Public Health. There his focus shifted from creating strategies to address public health diseases and substance misuse to COVID responsiveness and information distribution. Anthony's leadership and communication skills helped him form strong working partnerships with community and state agencies, Public Safety departments, School and City leadership.

  - His strengths lie in his technical knowledge, focus on transparency and measurable results based on accountability framework. He impressed the hiring committee with his strategy to public health: data driven and evidence- based approach, balanced by qualitative analysis and the ability to communicate data to provide meaningful understanding and education to individuals and the community.

  - In Manchester, Anthony also became appointed as the Chair of the Diversity, Equity and Inclusion Committee tasked to improve the wellbeing of the community by increasing diversity in the workforce and adopting a policy driven approach to DEI.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

My name is Anthony Chui. I am an epidemiologist by training with several years of experience in the field of Public Health, working primarily on substance use disorders. I hold a Bachelor of Science degree in Molecular and Cell Biology and a Bachelor of Arts degree in Applied Statistics from Sonoma State University in California. Most recently, I attained a Master's in Public Health degree with a focus on infectious disease epidemiology from the Yale School of Public Health. As an epidemiologist, using data to inform decision making has become one of the most important skills to come out of working on both the COVID-19 pandemic and the opioid epidemic. I am well-versed in emergency response and preparedness, coordinating efforts between key stakeholders to best respond to the situation. I am aware of the duties and roles involved as the health director. In my previous organization, I worked with partners across multiple sectors at both the local and State level, including police, fire, and care coordinators. I understand the requirements and I am confident that I will be able to serve both the City of Melrose and the Town of Wakefield.

SEAMUS KELLEY

259 West Emerson Street, Melrose, MA 02176

SUMMARY

Operations and public policy leader with over 15 years of management and decision-making experience with a focus on project management, government affairs, public policy, strategic implementation, and external relations.

CORE ACCOMPLISHMENTS

- Operational lead for the *Health Connector for Business* online and customer service platform that launched in 2017.
- Managed the Health Connector's government relations and community outreach work during the challenging launch of the Health Connector's *Affordable Care Act* compliant website (2013-2015).
- Developed strategies to promote and achieve the legislative, programmatic, and budget priorities of the Executive Office of Housing & Economic Development (EOHED) over four years.
- Recipient of the Governor's Citation for Outstanding Public Service (2014).

PROFESSIONAL EXPERIENCE

MASSACHUSETTS HEALTH CONNECTOR, BOSTON, MA **2013 – PRESENT**

ASSOCIATE DIRECTOR OF PROGRAM MANAGEMENT 2015 – PRESENT

Implementation and operations lead for new initiatives that impact the customer experience and meet agency objectives.

- Currently manager of the customer service and operations vendor for the *Health Connector for Business*:
    - Responsibility for high performing front office and back office customer service, including premium billing, enrollment, member escalations, call center, inventory management, and monthly renewals.
    - Led a team of six that manually transitioned ~500 companies to a new IT platform.
    - Developed policies, procedures, communications, and training materials for the customer service and operations vendor to comply with state and federal regulations.
- Launched the Health Connector's 2015 initiative to have walk-in offices located at key community-based partners in Fall River, Lowell, Brockton, and Springfield. Work included designing program model, budget, developing staffing and training plans, and monitoring performance.
- Served on procurement teams that evaluated and selected vendors for marketing, communications, IT implementation, and community outreach.

ASSOCIATE DIRECTOR FOR LEGISLATIVE AFFAIRS 2013 – 2015

Managed legislative, government affairs, and community outreach during a challenging time at the Health Connector when a new eligibility and customer service system failed.

- Oversaw the Health Connector's relationship with the Massachusetts Legislature and other elected officials.
- Represented the Health Connector at weekly status meetings with Governor Deval Patrick's and Governor Charlie Baker's offices to address escalated issues from the Legislature.
- Worked with Governor Deval Patrick's office and House and Senate leadership to handle politically sensitive issues that impacted the Health Connector.
- Coordinated executive-level testimony before several oversight hearings of the Legislature.
- Overhauled the Health Connector's constituent service staff by establishing a centralized database and put new controls in place to track constituent cases.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Led the Health Connector's community outreach events in Boston, Fall River, Fitchburg, Springfield and Worcester.

UNIVERSITY OF MASSACHUSETTS MEDICAL SCHOOL, QUINCY, MA **2011 – 2013**
PROJECT MANAGER
Provided project management support to MassHealth to implement the ACA.

- Utilized project management skills to help MassHealth reform its service delivery model for provider credentialing and on-boarding.
- Designed a roadmap to reach ACA compliance by working with MassHealth leadership staff and vendors to create a project schedule and scope to see it through the project's lifecycle.
- Developed critical project management skills, including designing projects, establishing milestones, running meetings, reporting progress and managing risk to meet deliverables in a timely and cost-effective manner.

EXECUTIVE OFFICE OF HOUSING & ECONOMIC DEVELOPMENT, BOSTON, MA **2007 – 2011**
LEGISLATIVE DIRECTOR
Advocated for EOHED's legislative and policy agenda, first as the housing and community development lead and then adding the economic development portfolio.

- Executed strategies to achieve EOHED's legislative and budget priorities before the Legislature.
- Coordinated with administration officials, legislators, legislative staff, advocates, businesses, trade associations, non-profits, and other stakeholders to accomplish several high-profile legislative victories, including:
    - *An Act Providing for Job Creation by Small Business* (2010), an omnibus bill that restructure the state's economic and community development incentive programs.
    - *An Act Preserving Publicly Assisted Affordable Housing* (2009), a bill that addressed how communities and developers handle expiring affordable housing deed restrictions.
    - Supplemental funding for the *Emergency Assistance Shelter Program* (2009), a program that houses homeless families.
    - An *Article 87* bill that reorganized the state's homeless services from the Executive Office of Health & Human Services to EOHED (2009).
    - Enactment of $1.275 billion *Housing Bond Bill* (2008).
- Monitored EOHED's legislative and political outlook, identifying trends and obstacles that the secretariat faced that could have a negative or positive impact on key priorities.

STATE SENATOR HARRIETTE L. CHANDLER, BOSTON, MA **2005 – 2007**
LEGISLATIVE DIRECTOR

- Responsible for researching, drafting, and tracking legislation and amendments sponsored by the senator and developing her budget priorities.

U.S REPRESENTATIVE JIM MCGOVERN, WASHINGTON, DC **2002 – 2004**
LEGISLATIVE ASSISTANT

- Oversaw all forms of constituent correspondence in the Washington, DC office.
- Coordinated federal funding earmarks and grants for municipalities and non-profits.
- Managed the office's Washington, DC intern program.

EDUCATION

SUFFOLK UNIVERSITY, BOSTON, MA **2009**
Masters of Public Administration
THE CATHOLIC UNIVERSITY OF AMERICA, WASHINGTON, DC **2002**
Bachelor's Degree, Politics

August 17, 2021

Mayor Paul Brodeur
Melrose City Hall
562 Main Street
Melrose, MA 02176

Mayor Brodeur:

Thank you for asking me to serve on the City of Melrose's Affordable Housing Trust Fund, subject to approval by the City Council. Addressing the issue of affordability in Melrose is important for our current and future residents.

I would bring a strong background and interest in housing affordability to this position. For the last year, I have served on the Melrose Housing Production Plan Advisory Committee. The Advisory Committee has helped shape the Housing Production Plan[1], has discussed our current and future affordability challenges with the public, and has reviewed detailed data about the state of affordability in Melrose. In reviewing the data, affordability is a significant challenge for current renters and owners as well as prospective residents.

Additionally, from 2007 to 2011 I served as a legislative director at the state's Executive Office of Housing & Economic Development. In this position I advocated for then Governor Deval Patrick's housing program before the state Legislature. Much of my work was around very low-income housing (i.e., homeless assistance, public housing) and low to moderate-income housing (i.e., state housing bond financing, expiring use restrictions, and Chapter 40B regulations). This work exposed me to the variety of housing types across cities and towns and their funding mechanisms.

Again, thank you for asking me to serve on the City of Melrose's Affordable Housing Trust Fund. If approved it would be an honor. Attached is my resume for your review.

Sincerely,

Seamus Kelley
259 West Emerson Street
Melrose, MA 02176

[1] As of August 17, 2021, the work is not complete.

Meeting Date: September 13, 2021
Subject: Public Library Renovations
Order #: ORDER-2022-29

I respectfully request that the Honorable City Council enact the following order:

BE IT ORDERED that the City appropriates $21,010,000 to pay costs of constructing an addition to and remodeling, reconstructing and improving the Melrose Public Library, including related planning, design, equipment and other costs incidental and related thereto; that to meet this appropriation, the Treasurer, with the approval of the Mayor, is authorized to borrow said amount pursuant to Chapter 44, Section 7(1) of the General Laws, or pursuant to any other enabling authority, and to issue bonds or notes of the City therefor; that the Mayor is authorized to take any other action necessary to carry out this project; and that any premium received upon the sale of any bonds or notes approved by this order, less any such premium applied to the payment of the costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this order in accordance with Chapter 44, Section 20 of the General Laws, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount; provided, however, that the amount of the borrowing authorized by this vote shall be reduced by any grants, gifts or other amounts received by the City for the library project, including, but not limited to, grant amounts from the Massachusetts Board of Library Commissioners and amounts provided by the Board of Trustees of the Melrose Public Library.

The funds borrowed pursuant to this Order will be deposited into Fund 3390.

Sincerely,

Paul Brodeur
Mayor

MEMORANDUM

TO: Melrose City Council

CC: Mayor Paul Brodeur
Patrick Dello Russo, City Auditor & CFO

FROM: Denise Gaffey, Director of Planning and Community Development

DATE: September 8, 2021

RE: Funding Authorization Order for the Melrose Public Library Project

---

As you know, the City was recently notified by the Massachusetts Board of Library Commissioners (MBLC) that the Board has approved a provisional grant award for the Melrose Public Library Construction Project in the amount of $7,993,290. This award is contingent on the City securing the local funding within six months for the project to proceed.

The MBLC Award letter is attached to this funding order along with the following documents that provide important details on the project for the Council's consideration:

- A Memo from Treasurer Kathryn Armata outlining the anticipated sources of funds for this project and providing details on the payment schedule for the bond along with an updated debt model
- The Minutes from the Melrose Board of Library Trustees meeting in July which documents the Board's vote to commit $2 Million from library trust funds to the Project
- The Cost Estimate for the construction, revised in July to reflect current costs
- The overall Project Budget, which was revised in July to reflect current construction and associated project costs and is estimated to be $21,010,000
- A portion of the Grant Application submitted in 2017, which documents many of the limitations of the existing building and the goals for the Project
- Design Plans illustrating the building addition and renovation
- A document providing answers to Councilor questions received to date

We are excited to receive this competitive grant award from the MBLC and the significant donation from the Melrose Board of Library Trustees, which together represents almost half of the cost of the Project. We look forward to presenting this information and discussing the Project in more detail at an upcoming meeting of the City Council.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

CITY OF MELROSE Office of Treasurer-Collector

Kathryn J Armata
Treasurer-Collector

City Hall, 562 Main Street
Melrose, Massachusetts 02176
Treasurer - (781) 979-4160
Collector - (781) 979-4120
Fax - (781) 665-6877

To: Mayor Paul Brodeur
Members of the City Council
From: Kathryn Armata
Meeting Date: September 13, 2021
Subject: Library renovation sources of funds

The library renovation will be funded through a variety of channels, including but not limited to grants, donations, and the issuance of a bond.

The projected sources of funds currently anticipated are:

$ 7,993,290	Massachusetts Board of Library Commissioners (MBLC) Grant
2,000,000	Donation from the Melrose Public Library Trustees
10,821,453	Bond Issuance
195,257	Green Incentive Grant from the MBLC
$21,010,000	

The project has the potential to attract additional donations and any additional monies raised would reduce the amount of debt required to fund the project. At this time, the projected amount of debt to be issued is $10,821,453.

Pursuant to Section 56-14 of the City Ordinances, attached is a projection of the principal and interest costs on the bonds proposed to be authorized by the following loan order under consideration by the City Council. The payment schedule attached assumes Bond Anticipation Notes issued for 18 months at an interest rate assumption of 3.25% followed by a bond issuance with a 28 year borrowing term, an interest rate assumption of 5% over the life of the borrowing, and a level debt service payment schedule. The debt service on these bonds will not be paid from an enterprise fund and will have no impact on any enterprise fund rates.

Board of Library Trustees
July 21, 2021 at 7:30 PM

The regular meeting of the Board of Trustees was called to order at 7:33pm. Present were: Trustees Edward W. Waystack III, Carol B. Hoffman, Paul J. Fahey, Nancy F. Kukura, Cathryn M. Mercier, Mark S. Robinson and Director Linda C.W. Gardener. Mayor Paul Brodeur also attended.

One warrant was approved, and trustee invoices were approved and paid. The minutes from the June 15, 2021 meeting were approved, as moved by Paul Fahey and seconded by Nancy Kukura.

There was no correspondence to the Trustees to report. The Director announced that notification of the MBLC grant award had been sent directly to the library to the Director's attention.

MBLC Construction Grant – Library Renovation Costs –

Linda Gardener presented the Trustees with a breakdown of expendable and un-expendable trust funds, as well as restricted vs unrestricted funds. She also discussed the Conditions of Eligibility addressed in the 605 CMR [Code of Massachusetts Regulations] 6.05, which specify that the local funds required to accept the construction grant may include, among other items, (1) municipal appropriations; (2) donations in hand or with binding commitment; and (3) trust monies allocated to the project.

Also presented by the Director was a December 2000 letter regarding the Winchester trust, which specified a desire for the funds to "be used for the maintenance or improvement of the heating, ventilating and air conditioning system…"

The Trustees discussed, with the Mayor, the importance of the library building construction project. A general discussion was held regarding the project overall and the approval process with the City Council. The Mayor left the meeting and further discussion was had regarding the commitment of Trust funds for the project, and the balance between supporting the project and also continuing to have funds to use for the benefit of the library. The Trustees discussed the desire to use trust funds appropriately for large, special projects rather than operational costs more appropriately carried by the City.

After robust conversation, Paul Fahey put forth a motion to commit $2 million of available trust funds to the library renovation project, pending acceptance of the State MBLC grant and provision of necessary funds for successful completion of the project by the City Council. The motion was seconded by Carol Hoffman, and unanimously approved.

Other business – There was no other business.

The meeting was adjourned at approximately 8:51pm.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The next meeting is scheduled for Tuesday, September 7, 2021.

Respectfully submitted,

Paul J. Fahey, Clerk

Schematic Design

This cost estimate was produced from schematic design drawings, dated September 14th, 2016 prepared by Tappe Associates and their design team.

This estimate includes all direct construction costs, General Contractors overhead and profit and design contingency. Cost escalation assumes start dates indicated.

Bidding conditions are expected to be public bidding under 149 of the Massachusetts General Laws to pre-qualified general contractors, and pre-qualified sub-contractors, open specifications for materials and manufactures. If 149a CM at Risk is selected as the procurement method costs will in all likelihood increase from this estimate

The estimate is based on prevailing wage rates for construction in this market and represents a reasonable opinion of cost. It is not a prediction of the successful bid from a contractor as bids will vary due to fluctuating market conditions, errors and omissions, proprietary specifications, lack or surplus of bidders, perception of risk, etc. Consequently the estimate is expected to fall within the range of bids from a number of competitive contractors or subcontractors, however we do not warrant that bids or negotiated prices will not vary from the final construction cost estimate.

ITEMS NOT CONSIDERED IN THIS ESTIMATE

Items not included in this estimate are:

- All professional fees and insurance
- Building Permit costs
- Land acquisition, feasibility, and financing costs
- All Furnishings, Fixtures and Equipment
- Items identified in the design as Not In Contract (NIC)
- Items identified in the design as by others
- Owner supplied and/or installed items (e.g. draperies, furniture and equipment)
- Rock excavation; special foundations (unless indicated by design engineers)
- Utility company back charges, including work required off-site
- Work to City streets and sidewalks, (except as noted in this estimate)

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

APPLICATION PACKAGE SUBMISSION AND FORMAT REQUIREMENTS

1. Format and submission:
    a. A complete application and a project abstract must be received at time of submission.
    b. Print on both sides (double-sided)
        i. The original and all copies must be placed in three-ring binders (3" spine max), with tabbed dividers provided by the MBLC
        ii. One original must be signed, dated and labeled "Original Copy"
        iii. Seven additional copies must be provided

Faxes, electronic submissions and late applications will not be accepted. All copies must be postmarked or delivered by 4:00 PM on Thursday, January 26, 2017 to:

The Commonwealth of Massachusetts
Board of Library Commissioners
98 North Washington Street, Suite 401
Boston, MA 02114-1933

2. Required submittals:
    a. Library building program with completion date noted on front cover
    b. Copy of title(s)/deed(s) for the proposed building site
    c. Schematic drawings (or more complete drawings as available) prepared and stamped by a Massachusetts-registered architect*
        i. One half size (15" x 22") set accompanying the Original Copy
        Include the following:
            1. Floor plan shown at 1/16" = 1' with a complete furnishing and equipment layout. Indicate number of square feet in each area/room and heights of all shelving. For an addition/renovation, provide a floor plan of the existing building with furnishings and equipment layout as well as one for proposed layout
            2. Elevations of proposed facades, including those showing public entrances
            3. Sections as needed for clarity, especially for building designs involving multiple levels and/or ceiling heights
        ii. Eight copies reduced to fit 11" x 17" paper & inserted into each binder in Appendix O. Include all items listed in (i)
    d. Site plan and topographic survey prepared by a Massachusetts registered architect with parking layout, grading, building location and description of utilities (1" = 40' or larger)
    e. Tabulation of square footages called for in the library building program and comparison to the square footages shown on the architectural plans
    f. Tabulations of the number of books, magazines and audio visual materials called for in the library building program in relation to the square footages shown on the architectural plans
    g. Tabulations of the number of seats and staff work spaces called for in the library building program in relation to the square footages shown on the architectural plans
    h. Written explanation of parking plan and a letter or other documentation showing municipal approval by the appropriate commission or board

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

i. Geotechnical survey, including soil boring and percolation tests as needed, certified by a licensed professional engineer providing a thorough subsurface soil analysis to document the appropriateness of the site for construction and existing special conditions
j. Hazardous materials survey report for proposed site and existing building, if applicable
k. Other environmental, structural, and energy related reports as required and appropriate for individual projects
l. Stamped topographic land survey, completed within 15 years prior to application, delineating boundary lines for entire site to be included in the library building project
m. Estimated project budget, prepared independently by a qualified and experienced professional cost estimator, based on the site plan and schematic design drawings
n. Map showing existing and, if different, selected future library site
o. Floor plan(s) of existing building
p. Proposed plan for funding the project
q. Project timeline, from design development through completion of construction
r. Photographs of site and building, with accompanying captions
s. Copy of the completed and submitted Massachusetts Historical Commission Project Notification Form
t. For joint public library construction projects, applications must also:
    i. address and specify the combined populations served by the communities to be used in the planning process;
    ii. include a written management plan and formal agreement by the municipalities proposing the joint public library
u. For projects including space housing another agency, organization or department as well as the library, an Application Addendum for a Shared Building Project is required. Contact Lauren Stara (lauren.stara@state.ma.us) or Rosemary Waltos (rosemary.waltos@state.ma.us) for the additional form.
v. Other additional information or documentation as required by the Massachusetts Board of Library Commissioners

* One set of 11"x17" reduced drawings must be included in each binder in Appendix O. One half-size (15" x 22") set must be folded and placed in the pocket of the Original Copy binder. All drawings and documents must be clear and readable, with labels to indicate all programmed public and staff spaces and square footages of areas directly on the drawings themselves, rather than in a separate schedule. The layout must include layout and heights of all shelving; reader seats, restrooms, elevators, staff offices, public service points, emergency exits, janitor's facilities, etc.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Preliminary Application Information/Overview

A. Abstract

Summarize your construction project in 250 words or less. Include the following:

- the date of construction for the original building and subsequent additions
- the size of the structure to be replaced or renovated/expanded
- the proposed project's gross square feet
- current and projected population figures, and
- major features/characteristics of the proposed project

The City of Melrose and Library Board of Trustees recognize the need for a renovation/expansion of the Melrose Public Library. The current building, constructed in 1904 with a substantial addition in 1963, is 24,185 gross square feet. The proposed renovation would expand it to 26,579 gross square feet.

The proposed project will dramatically improve the library's accessibility, creating a single entrance that is welcoming to all. Youth services will be improved by creating a dedicated young adult space, bringing the children's room out of the basement, and creating an adequately sized, dedicated, program room. Adult program, community and meeting spaces, currently using Children's Room space, will be created, including a Discovery Zone for computer classes and innovative technology space. The building's flow will be improved, allowing for both conversational and quiet areas. With the local history room on the main floor, professional staff will be better able to assist the many patrons interested in Melrose history. Improved lighting, use of daylight and effective HVAC building-wide are reflective of planned improvements in building efficiency. Flexibility and adaptability have been key components of thought and design throughout the planning process.

Melrose is a vibrant city of 27,690. Projected population figures for 2035 are 31,311. Many new residents make the library one of their first priorities. The community values their original Carnegie library, which is on the National Historic Register. The proposed project will create a flexible, accessible, historically respectful and safe space - friendly to the public and ready for the future.

B. Project Site Address

Melrose Public Library
69 West Emerson Street
Melrose MA 02176

C. Town Meeting / City Council Vote

An MPLCP funded project must be an Approved Public Library Project. Approval requires one of the following:

1. a majority vote of the town at Town Meeting; or
2. a majority vote of the city council, with the approval of the mayor in the case of a city; or
3. a vote of the town council in the case of a municipality with a town council form of government

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

To meet this requirement two votes are required:

- to give permission to apply, accept and expend State grant funds, and
- to approve the project's schematic design.

If votes have taken place, check the box below and attach copies of certified votes in Appendix B. If votes have not taken place, check the box below and indicate the date they are expected. Votes must be secured and a certified copy must be forwarded to the MBLC by **June 17, 2017**.

The vote to approve applying for, accepting and expending State Grant funds for Library Construction has been:

x Received on [January 19, 2017]

☐ Not received but will seek approval on [Date]

The vote to approve the project's schematic design has been:

x Received on [January 19, 2017]

☐ Not received but will seek approval on [Date]

You do not need to secure voter approval for local funding of the construction project at this time. That vote is required within six months following the library's receipt of a MPLCP provisional grant award.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

SECTION 1: PROJECT INFORMATION

1. CENSUS AND LIBRARY

1. *Population of applicant municipality:*
   - a. 2010 U.S. Census Population for population: 26983
   - b. Later official census population, if different than above: 27690
     - Cite the source(s) used to update census population.: [U.S. Census]
     - Estimated 2035 Population: [31,311]
     - Cite all source(s) used to determine the single projection for the 2035 population: [The Donahue Institute]

2. *Library Statistics [Pages 1 – 9 FY 2015 as reported on MBLC FY2016 ARIS Report]*
   - a. Population served by library: 27690
   - b. If a branch, estimated population served by this location: [ ]
   - c. Attendance: 184550
   - d. Number of registered borrowers: 20952
   - e. Total physical holdings: 117950
     - 1)Books: 95797
     - 2)Audio (Compact discs (not CD-ROMs) cassettes: 6444
     - 3)Video cassettes/discs/DVD: 4504
     - 4)Print periodicals, newspapers & other print serials: 184
   - f. Total circulation activity: 305007
   - g. Hours
     - 1)Total number of hours main library was open.: 2791
     - 2)Total number of hours all branches were open.: 0
   - h. Operating Income: 1187730

3. *Main Library Facility Information (as reported on MBLC FY2016 ARIS Report)*
   If project is for a branch library building, an additional sheet will have branch library figures
   - a. Main library GSF: 24185*
     NOTE: this number differs from the FY2016 ARIS report due to previous inaccuracy. The current number was provided by Tappe Architects as a result of their surveys.
   - b. Year main library was built: 1903
   - c. Year of most recent renovation: 1994
   - d. Number of dedicated parking spaces: 25
   - e. Main library seating capacity: 160
   - f. Number of main library meeting rooms: 4
   - g. Largest meeting room seating capacity: 70
   - h. Individual or group study rooms: 2
   - i. Number of times all meeting rooms were used: 539

4. *Automated Library System as reported by Networks*

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

a. Member network NOBLE
b. Type of membership Full
c. Stand-alone system [ ]

2. PROJECT

1. *Library type:*

x Main Library
☐ Branch Library
☐ Joint Public Library
☐ Other (please specify) _____

2. *Current facility:*

x An existing library facility will be part of construction project
☐ The existing library facility will not be part of the construction project
☐ No library facility currently exists

3. *Proposed project:*

Renovation or Renovation/Addition	New Construction
Is the existing building a library? [yes]	Site size (acres): [number]
If no, specify building type: [type]	Final size of proposed project: [GSF]
Date of original construction: [1904]	
Date(s) of renovations and/or addition(s): [1930/1963/1994]	
Gross square feet of existing: [24,185GSF]	
Site size (acres): [.91]	
Will portions of the building be demolished? [yes] If yes, #GSF to be demolished: [14,800GSF]	
Final size of proposed project: [26,635GSF]	

Is the proposed project a Joint Public Library Project? [no]
If yes, list the other municipality or municipalities participating: [name(s)]

Will the proposed project include space for functions other than public library functions? [no]

Note: For projects including space housing another agency, organization or department as well as the library, an Application Addendum for a Shared Building Project is required. Contact Lauren Stara (lauren.stara@state.ma.us) or Rosemary Waltos (rosemary.waltos@state.ma.us) for the additional form.

4. *Size of project*

	Gross Square Feet	Net Usable Square Feet

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

From Library Building Program	31,813	23,860
From Schematic Design Drawing(s)	26,635	19,120

5. The completed project will meet or exceed a building efficiency rating of [72]%
(Ratio of the net usable square feet to the gross square feet (nsf divided by gsf = building efficiency)
If efficiency rating is less than 65%, provide an explanation: [ ]

6. *This project will attain LEED certification and apply for the MBLC Green Library Incentive.*
Yes x No ☐ If yes, certification level planned [Certified]

7. *Does the town or the library hold fee simple title (property owned completely, without any limitations or conditions) including access to the site, or does the town or library lease it?*
Yes x No ☐ [number] Year Lease ☐, with expiration date of [Date]

8. *The existing building to be renovated is:*
x On the National Register of Historic Places
☐ On the Massachusetts Historical Commission's Inventory of Historic and Archaeological Assets
☐ In a historic district

9. *Space Summaries*
Fill out the Estimated Space Summary Chart and the Estimated Capacity Chart (click on link below). Provide a brief rationale for the proposed collection and seating numbers if they vary 10% or more from collection and seating guidelines in the Program Notice and shown below.

Guidelines:

Volumes per Capita (Print)

A general rule of thumb is that every library, regardless of the population served, should have a minimum of 8,000 volumes (in all physical formats)

Population	Volumes per Capita
Less than 2,500	10
2,500 to 4,999	7
5,000 to 9,999	6
10,000 to 24,999	4.8
25,000 to 49,999	3.4
50,000 to 99,999	3.6
100,000 and over	2.5

Source: *Wisconsin Public Library Standards*, 5th ed., 2010

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

[http://pld.dpi.wi.gov/pld_standard]

Seats per 1,000 Population

Seating should meet or exceed the number calculated using the table below. For a library whose population falls between the figures given, the recommended number of seats should be calculated proportionally.

Seats at fixed computer workstations, microform readers and other dedicated seating should not be counted in the general seating count. Also omitted from the general seating count are seats in rooms not always open to library patrons, such as auditoriums, meeting rooms and study rooms.

Population	Seats per Thousand
1,000	22.5
2,500	14.25
5,000	10.0
10,000	7.0
25,000	4.5
50,000	3.0
100,000	2.25

*Seating guide

Lounge Seats:	Includes all soft seats, including sofas, loveseats, and easy chairs
Table Seats:	Includes all upright chairs and stools normally used at a table or counter
Program Seats:	Includes all seats in public areas that are not available for open access use, such as meeting room chairs. Includes group study rooms and any rooms that are normally reserved
	Does not include quiet study rooms or areas that have open access
Notes about seating:	For rooms with movable or stacking chairs, count the number of seats available in the typical everyday setup
	Please count each chair only once
	Do not count chairs at computers or other equipment (microfilm/fiche, etc) as reader seats.

** Assigned areas are spaces with programmed functions. Typical unassigned areas include hallways, stairways, lobbies, and building support spaces like mechanical, electrical, etc.

*** Includes microfilm/fiche readers, scanners, assistive devices, etc. -- any machine that has a separate chair

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

	Current Holdings	Building Program Capacity	Schematic Design Capacity	Notes:
Print volumes- Adult	52718	54600	56768	Schematic design capacity includes space for 1,200 holds items
Print volumes-Young Adult/Teen	3092	4000	4800	Capacity allows for some middle-school titles that are currently in Children's

Dedicated Parking Spaces-Library Patrons	25	25	26	
TOTAL LIBRARY PARKING SPACES	25	25	26	
FTE Professional Staff	6.4	6.4	6.4	Staff levels will remain the same, but a seat for the teen librarian will be added.
FTE Non-professional staff	7.5	8	8	
TOTAL STAFF FTE	13.9	14.4	14.4	
Meeting Room Seats	0	150	144	
Other Conference/Meeting Room Seats	14	36	40	
Programming/Activity Seats	35	61	61	The seats listed for the Programming/Activity Seats are currently used as both programming and meeting room, at different times of day. There is no adult meeting room separate from the Children's program space. The many programs with numbers greater than this involve using a portion of the regular Children's Room school-aged area.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

10. Statement of Need & Project Proposal

Be brief and concise, using bulleted or numbered lists where possible. Use n/a as needed.

1. **Community vision and project participation**
   A. What is the community's vision of itself? [The City Planning department has been working to update the City's 2004 Master Plan. As part of the MelroseForward process, they solicited feedback via a public forum, and a public participation event at the annual Victorian Fair (September 2015.) The resulting document (included in Appendix E) identified 9 community aspirations (relevant items discussed in section B) including physical character, transportation, inclusiveness, education and community.]
   B. What is the library's vision and/or mission statement and how does it align with the community's vision of itself? [
   The mission of the Melrose Public Library is to inform, enrich, and empower all citizens by providing and promoting free access to the universe of information and ideas. The City of Melrose has seen the library as an integral part of the community since the library's inception in 1871. The library was part of the last Master Plan for the city in 2004, and the library renovation project is identified as a priority in the 2017 Master Plan that is currently being finalized. There are several elements of the Melrose Community Aspirations that tie in with the library's mission:
   i. *The physical character of Melrose reflects a balanced approach to planning and development, with the protection and enhancement of the City's historical, cultural, recreational, and natural resources*... The Melrose Public Library provides access to the City's history through our local history room; we provide access to cultural resources through our museum pass program, as well as experiencing the library itself when visiting; and our print and a/v collections, provide recreational experience through instructional materials on topics such as coaching soccer. All of these help to "inform, enrich, and empower" the Melrose community.
   ii. *It is convenient and safe to travel within Melrose as well as to access destinations outside the city. Melrose accommodates a multimodal transportation network, and the variety of transportation options, including the ability to get around by rail, bus, bicycle, walking, and driving, make it an attractive location within the Greater Boston Region.* The library is located within 400 feet (or less) of a bus station, train station, and major municipal parking lot. It also has its own parking lot, and street parking. The library is located on the edge of the downtown and a largely residential neighborhood, within walking distance from many patrons' homes. Patrons often walk and cycle to the library.
   iii. *Melrose is an inclusive and welcoming community and provides equal access and opportunities that contribute to the wellbeing of all its residents*. To be inclusive and welcoming is one of the cornerstones of modern public library service, and why our mission specifies "all citizens." Libraries are known as equalizers, which is especially important in this era of digital divide. The access to information that the library provides freely and equitably enables all residents to enhance their lives. The proposed construction project would correct the inadequate ADA access of the current building, bringing the library further into alignment with this community aspiration.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

iv. ...*Melrose supports a wide variety of business opportunities, employment options, and community services. These amenities enhance the quality of life for residents*... The Melrose Public Library enjoys being a part of the services available to the Melrose community. Many of our staff live locally, we take part in the local community service programs, and almost all of our page employees are from the local schools. Some wait years for the chance to work in their library!

v. *All students have the opportunity to achieve excellence in the Melrose Public Schools.* The library's mission to "inform, enrich and empower all citizens" includes our school-aged citizens. We are proud of our bustling youth services, which serves children in the public school system, the local parochial schools, and the nearby charter school. The Children's librarian has been partnering with the elementary schools, which do not have library staff, for years to coordinate summer reading lists and support the curriculum with our resources for homework throughout the year. Opportunities such as the LSTA "Science is Everywhere" grant enhance our STEM offerings, complementing the school's offerings. Our Children's librarian also frequently serves as a liaison with community groups and the schools' library volunteers, as well as being a member of the local "Birth to Five" committee; all of these partnerships strengthen our connection with the community, and knowledge of the community's needs.

vii. *City infrastructure and publicly-owned properties are well-supported with continued investment, maintenance, and enhancements*. The Melrose DPW takes an active role in maintaining the aging library building to the best of their ability. They have made several repairs to the roof in recent years, as well as a myriad of fixes and repairs to keep the plumbing and HVAC functional. With an online work order system, they are responsive and have worked to establish regular maintenance schedules for systems in municipal buildings. The Office of Planning and Community Development (OPCD) coordinates investments in energy efficiency measures and has arranged for improved lighting ballasts and energy-efficient motion sensors in staff areas. OPCD also provides project management support for major capital investments in City buildings ;the OPCD Director has been working with the Library Director throughout the feasibility study phase.

viii. *Melrosians enjoy a strong sense of community, thanks to their active civic participation and spirit of volunteerism*.

These aspirations reveal a City that values its history, while looking ahead to an innovative future. The library's mission to inform, enrich and empower all citizens closely aligns with the values put forth by the Melrose community. Much like the library, the City strives to create an atmosphere that is welcoming, promotes learning and culture, and enhances the lives of those living here. The City recognizes that well-maintained and appropriate municipal buildings are necessary to achieve these goals.]

C. How does the proposed project support the community vision and the library's vision/mission?
[Our original Carnegie library is beloved in the community; this project will ensure that we are able to continue fulfilling our mission for the next 20+ years in this beautiful historic building. Key improvements include:

- An accessible, ADA compliant entrance at the front of the building.
- Restoration of the historic beauty of the original building.
- Local history room relocated to a space more accessible to the public and staff.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- A walkway along the parking lot, so that patrons no longer have to walk through the middle of the lot to access their vehicles.
- A single entrance, accessible and welcoming to all.
- Fully accessible restrooms on each floor.
- A bright, appropriate space dedicated to Children's services.
- A separate, distinct space for Young Adults where they can transition from Children's to Adult services.
- Improved community spaces, allowing for community meetings, library programs, and an innovative new collaboration space.]

D. How has the library engaged the community in the project's planning and design process? [

- Strategic Plan: In 2013 Melrose Public Library staff began planning for a new strategic plan. The organizational process included surveys, focus groups, and SOAR (Strengths, Opportunities, Aspirations, Results) exercises with an outside facilitator. The goal was to develop an overall five year strategic plan, which was accomplished. A strong theme in responses was a love for the Carnegie building, which significantly impacted the decision process when considering a renovation versus an alternate location.

  --responses to questions about what residents were most/least satisfied with about the facilities: "Beautiful setting, good landscaping"... "Love the old building"..."Preservation of the historic properties of the building" / "The upstairs nonfiction stacks are very dark. Also the last rows in some areas are extremely narrow and difficult to use for browsing" ... "steps" ... "The ramp in the back of the library is inconvenient" ... "I've visited other libraries which have renovated facilities and oh boy, this is nice...BUT - the staff at this library is SUPERB!"

  Although the strategic plan was developed to guide library goals overall, each of the 5 goals that eventually came from this process involved improvement to the physical facility.
- Direct Feedback: The library staff excel at listening to feedback from patrons and residents, both in the library and out in the community. They have been diligently reporting back the everyday comments of users so that these expressed needs can be incorporated into an improved facility.
- Library Building Committee: Chosen to represent a combination of users, Friends, Trustees and municipal employees, the committee first met in October 2015 to kick off the feasibility study phase, and has reviewed and approved the schematic design. The group balanced the perspectives of users, staff and DPW in looking at the proposed plans.
- Public Announcements: In January 2016 the Mayor announced the plan to apply for a library renovation grant in his inaugural address; the following month, the library director made a presentation to the very active local Rotary club, outlining the history and current activities and needs of the library, discussed the idea of a library renovation and answered questions. The Friends of the Melrose Public Library discussed needs and

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

hopes for the potential building renovation at their public annual meetings. Following a December 2016 community meeting an article was run in the local paper, both in print and online (See Attachment 1.)

- Historical Concerns: Tappé Architects made presentations to the Melrose Historical Commission twice, once on May 2, 2016 to bring them into the loop and the other on November 14, 2016 to update the Commission on the plans thus far. In a City that values its history as much as Melrose, it is important to us to ensure that this group is as involved as possible, and has plenty of opportunity to provide feedback about changes to our Carnegie library.
- Community Q & A: A community meeting was held on December 12, 2016 that allowed Jeff Hoover of Tappé Architects to present the renovation plans to the public. Local papers were invited, and the Melrose Free Press ran the story as a front-page item that week, including images of the preliminary building plans. Comments, questions and feedback from that meeting will be carried forward as part of the ongoing conversation with the community if this project moves forward.]

E. How has the library engaged the library staff in the project's planning and design process? [

- At the time of the strategic plan development in 2013, a SOAR exercise with library staff echoed the results of the public feedback.
- Needs assessment surveys were completed by all staff to guide the development of the building program. Staff members were diligent about not only reporting their personal observations, but reflecting comments made during day-to-day conversations with patrons. Additionally, the needs assessment reflected staff observations about patron use of the building.
- Staff reviewed drafts of the building program; the approved building program was made available to staff.
- Every effort has been made to ensure regular communication, both formally and informally, with the staff regarding planning & design process via email, staff meeting discussions and one-on-one conversations.
- The architects met with members of each library department to discuss plans and get feedback.
- The architects met a second time with staff members to present proposed plans and hear additional feedback.
- Staff have been provided with a "Q&A" forum on the staff's information page online, with questions and answers that concern both staff and patrons. Staff are encouraged to submit any new questions to the director for inclusion on the page. This will ultimately be incorporated into a format available directly to the public.]

2. Current conditions and their limitations

Incorporate photographs with descriptive captions within the narrative that illustrate current conditions.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

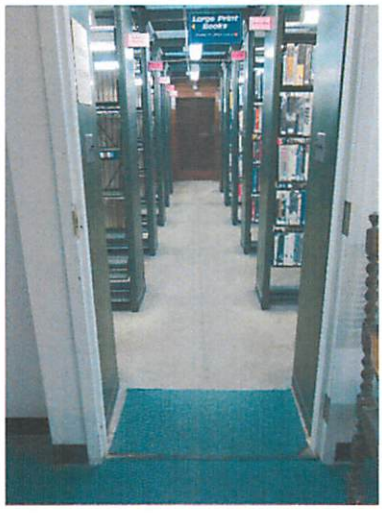
A. What are the current building layout and conditions and how do they limit the library's ability to serve the general public, adults, children and teens in terms of:

- [**Information services** - The current configuration does not allow patrons to see any service desk until they are well into the building. Within the past year, the Reference desk was moved from its previous location into the main lobby. It is now across from the Circulation desk, which is an improvement, but still not ideal. There is no separate information services area for teens/tweens. The service area for Children is very small, especially because it serves as office space for the entire department as well as the service desk. Holds pickups for the children's room patrons are also kept there.

Taken from the service desk, this shows the Head of Children's Services' "office space" on the right, the "staff workroom" on the left, and the holds bookshelf in the middle.

The Head of Children's Services and the Reference librarians do not have any office space, impeding their ability to have confidential conversations with patrons.]

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)



The main entry to the building, which is not ADA compliant, is unwelcoming, especially to newcomers - it is difficult to orient oneself in the building, and stairs are required to get anywhere.

- [**Borrowing** - The service desk in the adult library is directly to the side of the main entrance, causing a bottleneck when the library is busy. The service desk in the children's library is directly in the path of patrons attempting to travel from one side of the room to the other, frequently with strollers or other bulky accessories. There is no space to provide centralized holds pick-ups; patrons frequently must go to the adult and children's desks separately to gather their holds.]

- [**Collections** - Not all book stacks are ADA accessible. Some are in an unappealing area with concrete flooring and poor lighting. Most of the shelving is not mobile, limiting the flexibility to adjust to new formats or waning collections.

There are no opportunities for flexibility here, and the space is very unappealing, and feels gloomy.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The Children's shelving does not allow for ebb and flow of collection size from one age group to another over time, as the population shifts.

Because of the inflexible layout, the picture book area is overcrowded while the nonfiction shelves are starting to look bare.

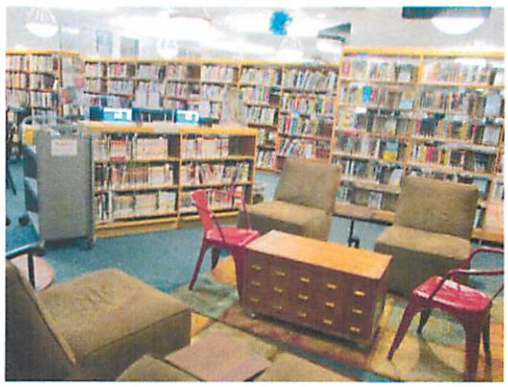
The teen fiction is in an open space that was carved out of a nonfiction area in an attempt to create their own space; it is directly next to the Reference room.
The Local History Room has aging climate control that does not meet the needs of this special collection. A grant was obtained to conduct a Preservation Assessment Study in 2014 (Attachment 2), which addressed issues of location, security and climate control.]

- [**Programming areas, meeting rooms, and quiet/group study spaces** - The room designed to be a Children's program room currently also functions as the teen program room, adult program room, community meeting room, staff training room, and group study room. The only access to this room is through the children's area, which results in a steady stream of adults who have no connection to children using this space. It is also used until 9pm, although that section of the library is not staffed after 8pm. Only the room in the children's area has an overhead projector. This room is currently far too small for the attendance at preschool and family programs, requiring furniture outside the room to be moved almost daily so that more patrons can be accommodated.

Children's Room programming frequently overflows the space, requiring intrusion into the general Children's area, and extra rearranging of furniture.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

This room has no ventilation when the doors are closed, unless the windows are opened. As a result, we often have open windows while the heat is on. Programming such as movie nights for teens and adults are limited due to the noise from movies traveling into the children's area - we generally only show G-rated movies.



A recent adult program caused the Children's Room to close early. Attendees were squeezed into every possible spot, with a camera man for the local access station backed into a corner.

There are other small meeting spaces on the third floor, but some do not have air conditioning, and one is a converted storage room, and also provides the only elevator access to the third floor. There is a lobby on this level with a conference table; it is used for meetings due to space constraints, but it is also an open area, providing access to the third floor from the stairs. Patrons using these spaces must accept that other people may be entering and leaving through the elevator or stairs at any time to access the other rooms on that level. They are not adequate for the need, and are on a level that has no staff supervision at all.

Patrons complain about the noise generated in the afternoon as a result of the teens not having a separate space. They are directly next to the Reference room, and overflow into that space. Even just doing homework and having other acceptable conversations brings the noise level up to an annoying level for the adult patrons. There is currently no good space to give them.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The teen area in the morning; the art department is in the same room to the left, and the Reference room is straight ahead. The sound travels very freely in the afternoons!

No meeting spaces in the building are on the same floor as a handicap-accessible bathroom.]

B. How do current building layout and conditions impact the library's ability to keep staff and public safe (a place that is free from harm or danger) and secure (state of being protected from harm) in terms of:

- [**Health** -

*The rear entrance of the building has no security measures, no staff sightlines, and leads to the somewhat secluded rear parking lot.

* The majority of the adult book stacks have no sightlines.

* The upper floors, containing book stacks, the local history room, the trustees room and an open meeting/study area, have no staff supervision at any time.

* Inadequate electrical outlets create hazardous situations throughout the building.

* There is a ramp with a low wall half way through the preschool area.

* The Children's Room leads directly into the Technical Services area, with only an open doorway blocked by a baby gate.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

This baby gate is the only barrier between the Children's Room and Technical Services, which leads to the custodial areas.

]

- [**Fire protection** -
  *The location of fire extinguishers and pull alarms are antiquated and not in alignment with modern safety procedures (they are placed centrally in the building rather than closer to the exits)
  *There is no sprinkler system in the building.
  *The building is confusing to navigate in an emergency; after the last (false) alarm, the local fire department came in the following day to ask for a tour, due to confusion and disorientation during the event.]
- [**Structural integrity** - n/a]
- [**Other** - Aside from a silent alarm button located at each service desk, there is no established security system in the building, either for materials or for staff and patrons. There is no surveillance system, and no anti-theft mechanisms. There used to be anti-theft gates at each entrance, however the system broke down about 10 years ago and it

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

was too antiquated for the inoperable parts to be repaired. There are several areas of the building that have no sightlines for staff, and no videos or other security measures. There is a perimeter alarm in use when the building is closed.]

C. How does the current building hinder staff workflow and productivity? [

- The Children's Room workspace for staff is a tiny area with a half wall known as "the penalty box" which includes 2 desks - one for the Head of Children's Services, and the other for all other staff to share.
- There is no actual office space for the Head of Children's Services.
- Very inadequate storage space in the program room makes it difficult to easily access programming supplies and maintain a safe environment.

Legos are piled up in bins in the staff room. Because of inadequate storage space, supplies are scattered throughout the lower level.

- No sink in the program room means that the staff break room sink must be used for all crafts and other programming needs.
- Tech Services is known as Grand Central Station; it is the walkway for access to the staff room, children's room, lower level elevator, supply room, Friends storage and all custodial areas.
- The "tech closet" with all of the phone and data lines is in an open area behind a staff member's desk, causing a continual distracting hum.
- There is no office space for the full time Reference librarians.
- To improve patron service, the Reference Desk was moved into the main lobby across from the Circulation Desk, however the area was not designed to hold a desk and has very poor ventilation.
- The two circulation librarians - Adult Services and Teen Services - share one tiny office that they take turns using.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

There is no space for even a second chair in this two-person office for the Adult and Teen Circulation librarians.

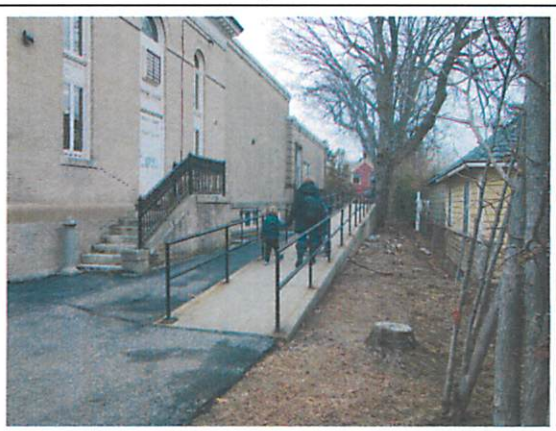
Attempting any work that is not holds-related has become impossible.

- The Circulation staff workroom has been almost completely overtaken by holds shelving. Staff retrieving holds need to squeeze by staff helping patrons at the desk.
- There is no space in Circulation to process delivery bins, so the bins take a circuitous route through the main floor, down to the lower level and are unpacked in Technical Services, then brought to either the Children's Room or back upstairs to the Circulation hold shelves. Outgoing bins are processed in a nook off the lobby that used to house the video collection.
- There is no space for a staff person to work in the teen area, making it difficult for the teen librarian to establish a rapport with the teens.
- The administrative assistant's office is a converted closet with no ventilation, with a public use area between that office and the director's.

The ceiling is open to a public area, where debris is regularly dropped down onto office work. A memorable moment included digging a pebble out of the printer below!

- Both the Administrative Assistant's office and the Director's office have poor sound control, so confidential conversations can easily be overheard.
- The Assistant Director's work space has no walls/doors. Private conversations often happen in a nearby supply closet

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)



- The local history room is in a secluded upper floor area that is not close to the reference service desk. Frequently only Reference librarian is working, making it exceedingly difficult to offer effective service to patrons.]

D. What are the major obstacles to people approaching and accessing the building? [

The main entrance has no ADA accessibility. It requires stairs, and there is no automatic door.

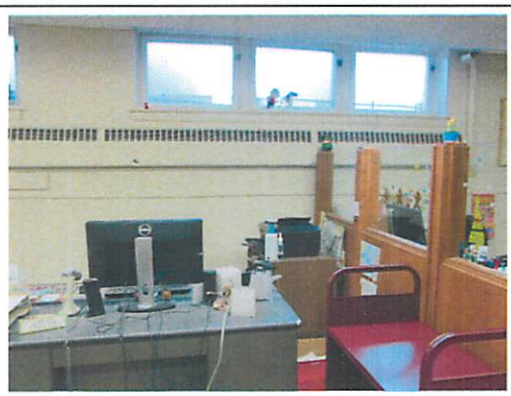
There is no grade-level entrance to the building. Patrons must either use a long, steep ramp that enters into the rear of the building (far from the elevator), or enter at the main entrance which has stairs at multiple points. Neither entrance provides obvious wayfinding clues to orient the patron who isn't already familiar with the building.

This patron takes the trek up the ramp with her toddler and infant (in stroller.) The ramp is long, the rear entrance is unwelcoming, and the deteriorating cement is tough on wheels.

]

E. What is the parking capacity (lot and convenient street parking)? [There are two parking lots; the rear lot has one handicap space and four general spaces. The main lot has one handicap space and 19 general spaces. There is street parking directly adjacent to the library, which sits on a corner site; street parking is allowed on both West Emerson Street and Lake Avenue.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)



Across the street is Myrtle Street, offering about six spaces very close to the library. Additionally, there is a municipal parking lot about 400 feet from the library, with an additional 170 spaces. There is no dedicated staff parking; library employees have parking stickers that enable them to park for extended periods of time on West Emerson Street, Lake Avenue or the nearby municipal lot.]

F. Describe the path of travel from available parking to the building entrance. [The rear parking lot provides direct access to the handicap ramp. There is also a path that travels around the side of the building to the main front entrance. The primary parking lot has a walkway from the parking lot to the main front entrance. The library is located on a corner lot, and there is street parking along both streets. There is also street parking across the street, and in a large municipal parking lot about a block away. There is a cross walk directly across from the library that is used by staff and patrons parked in the municipal lot.]

G. What portion of the parking is dedicated to library use only? [The 25 spaces in the library parking lots are library use only. The street parking directly adjacent to the library is primarily used for library parking, although not limited to this purpose.]

H. What conditions related to energy efficiency or the surrounding exterior environment have a negative impact on the operations, management and use of the building? [

- The antiquated heating system creates unhealthy drafts & stuffy areas throughout building. The pneumatic system allows for temperature heating control in spaces with local thermostats and a heat timer. Efficiencies could be achieved with an energy management system that would allow for remote scheduling, setbacks, setpoints, and alarm monitoring for efficient identification and solving of issues.

Technical services staff have very poor heating, as the radiators are above their heads, and emit a loud rattling noise throughout most of the day.

- Many areas of the building have poor ventilation - the meeting/program room rapidly becomes overheated when the doors are closed, often resulting in open windows in the middle of winter. In the summer, the air conditioning does not reach this room when the doors are closed.
- The A/C unit was installed in 1987 and updated in 1995. Not all areas are air conditioned, including the trustees room, upper lobby and a small meeting/study area. These are areas that are available to the public, but become almost unusable during the warmer months. Two vendors have recommended that no additional funds be spent on

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

the chiller barrel, which is over 20 years old and leaking; the existing conditions and recommendations report included as Exhibit K confirms that the system is at end of life.

- The climate control in local history room is over 20 years old and unreliable. Based on recommendations from a February 25, 2014 Preservation Survey [Attachment 2], solar shades were installed in 2014, but given the additional recommendation to relocate the local history room to the main level for improved security and service, the climate control has not been updated.
- The A/C fans are very noisy in some areas of the library, especially reference
- Due to noise from the chiller, the A/C must be turned off during programs on the lawn.
- Melrose is a Green Community, and conducted an energy audit resulting in some new energy-efficient lighting, but due to high cost and long payback concerns, it was not cost effective to install an integrated energy management system.
- No renewable energy methods are currently employed.
- An environmental monitoring program performed by MBLC in 2015 (Attachment 3) showed significant temperature and humidity fluctuations in the building, including the important local history collection area, that adversely affect the collections. Per the report provided, "The recommended temperature range is between 55F and 65F for these 'special/preservation collections.' According to the datalogger, the maximum temperature reading was 83.7F, the minimum reading was 62.5F, and the average reading was 71.3F." Both the fluctuations and the overal levels are inappropriate for this collection.
- The library has no passive water-saving devices such as automatic toilets and self-closing taps.]

3. **Expanded & improved facility benefits**

A. How does the project facilitate the library's ability to serve the general public, adults, children and teens in terms of:

- [**Information services** -

  *Staff will be able to greet patrons directly when they enter the building.

  *The creation of office space for staff will allow staff at public desks to be focused solely on direct patron service. In particular, the creation of an office for the *Head of Children's Services will allow for private conversations as needed with both staff and patrons, which is not now possible.

  *The smaller reference service desk combined with the larger primary service desk will allow for more "roving reference" practices, as well as more efficient service at the main desk.

  *The creation of a separate teen space, with space for library staff, will dramatically improve the environment and service to teens (and adults!)

  *Self-pickup of holds, in a centralized location, will free up space in staff areas while simultaneously improving service to patrons.]
- [**Borrowing** - The reconfiguration of the service desks on both the main floor and children's areas will allow for easier ebb and flow of patrons without bottlenecking in

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

entryways. The new centralized holds pickups, along with self checkout stations, will also allow staff spend more time with patrons who need extra assistance.]

- [**Collections** -
  *All book stacks throughout the building will be ADA accessible.
  *Collections will be in well-lighted areas that are easy to find.
  *As much shelving as possible in the Children's Room will be mobile, allowing for easier reconfiguration of the room over time as the demographics, technology and needs shift.
  *The teen fiction will be in the teen's dedicated space, while the nonfiction will continue to be integrated with the adult nonfiction, transitioning students to the general collections.
  * The local history collection will be relocated to the main floor and the room will be separated into a secure area and a reading room with climate control appropriate to these specialized collections, as recommended in our 2014 Preservation Assessment.]
- [**Programming areas, meeting rooms, and quiet/group study spaces** - The proposed project will allow dramatic improvement in programming and meeting spaces, creating functionality and flexibility not possible in our current building.
  *The Children's Room program space will be dedicated to youth services, and will no longer be used for adult programs and general community meetings.
  *The large meeting space in the lower level will be available for adult programming including author talks, book groups, craft nights and other programming.
  *Large children's programs will use the lower meeting space, as well as having a "rain location" for popular lawn programs such as Basket & Blanket summer concerts.
  *Community groups will meet in the lower level meeting space without needing to go through the children's room as they currently do.
  *It will be possible for community groups to use meeting space during library off-hours if necessary.
  *All meeting and program spaces will have accessible bathroom facilities on the same floor.
  *The new teen space will lower the volume in the adult space.
  *There will be two dedicated quiet/group study rooms, as well as the conference room for quiet space.
  *The separation of the local history area into one secured side and one reading room side allows the flexibility of using the reading room as additional quiet study space]
- [Other]

B. How does the project contribute to the library's ability to keep staff and public safe (a place that is free from harm or danger) and secure (state of being protected from harm) in terms of:

- [**Health** -
  *The single entrance, directly in sight of the primary service desk, will allow staff to see all patrons as the enter and leave the building.
  *There will be a staff presence on each floor of the building.
  *The lower level, which has the smallest staff presence (technical services and custodial,) is designed to be a low-impact area where casual lingering is not encouraged. The presence of the staff break room will also increase staff foot traffic in this area.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

*The main level will integrate seating and collection areas in a way that minimizes areas of seclusion and maximizes sightlines and natural foot traffic.
*The Children's Room will be a separate space that does not lead into secluded staff areas, nor are there any adult-specific areas within the children's space
* Air conditioning throughout the building will eliminate dangerously hot areas of the building for patrons and staff in summer months.]

- [**Fire protection -**
* A remote annunciator panel will be installed in the vestibule/where required by the Fire Department.
* The building will be equipped with an appropriate sprinkler system.
* A map of the entire building will be framed and mounted adjacent to the annunciator.
*Keyed boxes will be provided outside the Fire Department entries.
*Manual pull stations will be located within five feet of each egress door and at the entrance to each stair.]
- [Structural integrity - n/a]
- [**Other** -
* Proposed HVAC systems will improve ventilation, consistency in temperature throughout the building via induction units, and meet up to date acoustical requirements. These elements will be beneficial for both patrons and staff throughout the building.
*The proposed building will include security cameras to enhance safety for staff and patrons throughout the building.
*A transition to RFID barcoding of the collection, and installation of security gates at the entrance will improve security of the collections.]

C. How will the project improve staff workflow and staff productivity?

[The current inefficiencies will be improved through a wide variety of changes:

- Off-desk work spaces will be created for Adult and Children's Services staff; items on hold will have a self-pickup space for patrons, removing these items from staff work areas.
- Office space will be created for the Head of Children's Services, Teen Services librarian, and Adult Services and Reference Services librarians.
- The Adult Services and two Reference Services librarians will share an office space, which will allow for improved communications within these departments.
- The Children's program room will include storage space and a sink.
- The administrative offices will be situated together, enabling better communication; their location next to patron space will assist with staff oversight.
- Improved ventilation and HVAC systems throughout will contribute to workplace comfort and health.
- The Circulation staff work room will accommodate the processing of delivery bins, so that on-hold items can come directly into the building, be processed in the circulation area, and be placed on the nearby holds shelf.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- The newly created Teen room will allow the Teen librarian to interact directly, easily and naturally with these patrons.
- All offices will be appropriately private, eliminating the need for staff to wander the building looking for a secluded spot to hold a confidential conversation.
- The Local History reference librarian will be able to more efficiently curate the Melrose historical collections in a local history room located close to the staff area. Librarians will be far more able to assist patrons with their local history needs, on the main floor.]

D. Is the project ADA compliant? xYes ☐No
What Architectural Access Board waivers may be sought to meet ADA compliance and why?
[ ]

E. Explain the approved parking plan and note the number of library dedicated parking spaces and their location. [
The parking plan will include two parking lots onsite, totaling 24 general parking spaces plus two handicapped spaces all dedicated to library use. The two adjoining streets, West Emerson Street and Lake Avenue, provide on street parking. The City of Melrose has a special provision in the zoning ordinances that allows the substitution of required parking spaces within a municipal lot provided the lot is located within 1,000 feet of the building it is intended to serve. After discussing the issue with the Director of Inspection Services, the library plans to utilize the municipal lot containing 170 spaces as substitution space. The lot is less than 400 feet from the library.] *If parking capacity varies from the MBLC guideline of one parking space per 400 gross square feet of building, not including staff parking, provide documentation or a letter from the appropriate local board approving an alternative parking capacity and plan in Appendix N.*

F. Describe the proposed path of travel from the proposed parking to the building entrance.
[Patrons will travel from either parking lot along pathways to the main entrance. With the single entrance, all patrons will have the same welcoming experience.]

G. What portion of the parking is dedicated to library use only?
[The library will maintain its two library use only parking lots. One will have six parking spaces, the other will have eighteen general parking spaces plus two handicapped spaces. There is additional (not dedicated) street parking along Lake Avenue and West Emerson Street, which are directly connected to the library, as well as on-street parking along Myrtle Street, and a large municipal lot one block away. Finally, there is a parking lot at the corner of West Emerson and Tremont Streets, owned by Trinity Church, which is available for use as "overflow parking" during special events.]

H. What energy-efficient and environmentally sustainable features are incorporated into the project design?

- The building site has close proximity to public transportation, as well as City Hall and the primary downtown area; a significant percentage of library traffic arrives on foot or via bicycle.
- Reduced heat island effect via shaded paved surfaces and high solar reflectance index roofing materials.
- Reduced water consumption via the use of low flow plumbing fixtures

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Optimized energy performance via highly insulated building envelope for the addition, and high efficiency mechanical equipment and whole building energy simulation [Energy Model]
- Reduction of construction waste via separation and recycling of 95% of construction waste
- Improved indoor air quality via indoor air quality monitoring during and after construction
- Use of low emitting materials for paints, carpets and composite wood products
- Control of indoor pollutants by mechanical ventilation of janitorial materials, storage spaces, copy center, etc.
- Expanded control of thermal and lighting systems with additional heating/cooling zones and multi-level lighting control.
- Enhanced day lighting with automated lighting controls adjusted to respond to available daylight, occupancy sensors in book stack aisles as well as private offices and toilets.]

If the building has been designed to attain LEED certification by the U.S. Green Building Council, submit the most current LEED Project Scorecard in Appendix M.

I. How is flexibility evident in the design should it be necessary to change or expand over the next twenty years? [

- All shelving that is less than 5 shelves high is to be mobile so that alternative future configurations can be accommodated.
- The shelving space for the media collection is anticipated to diminish over the next 20 years, making more space available for future uses.
- Internal reconfigurations in the future are enhanced by designing service points that are not inextricably integrated with the architecture, and can be repositioned.]

J. Does the architectural design vary notably from the building program? For example, are there service areas that have been eliminated in the architectural design that were included in the building program? xYes ☐No

If yes, explain why. [No service areas that were included in the building program have been eliminated. However, the original Program specified separate offices for the Circulation Librarian and the Reference Librarians. After a reconfiguration of our current layout, bringing the two service desks closer together, and significant conversation with the Reference and Circulation librarians, the decision was made to have one office that provides space for the three librarians. This allows us to conserve square footage for the public, as well as enabling all adult services librarians to collaborate more effectively.]

4. Site

Incorporate photographs with descriptive captions within the narrative that illustrate current conditions and selected site, if different.

A. Describe how and why the chosen site was selected, and any alternate sites considered. [Melrose has chosen to remain on the site of the City's original library building. During the Long Range Planning process, as well as in day-to-day community conversations, residents of Melrose consistently express appreciation for the character of our Carnegie library. Although the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

functionality of the building needs improvement, the feel and character are still beloved in this historic city. Due to the limited lot size, other sites were considered, however Melrose is a geographically small municipality, and there simply were no other locations that exceeded the overall benefits of a historic library located 1/2 block from the commuter rail, a bus stop, and a large municipal lot (behind City Hall.) The City Planner has written a letter addressing this choice (included with Appendix C.)

Despite the need for renovation and improved accessibility into and within the building, the lovely corner lot sets off the library beautifully, creates a wonderful summer programming space on the lawn, and allows easy access from multiple directions. The proposed project will bring the new addition into better alignment with the building, so that the Carnegie architecture can be seen when approaching from both directions of the street.

]

B. Summarize the site investigation findings in reports on:

i. [**Geotechnical examination:** Preliminary geo-technical investigation took place at the site on June 3, 2016, through Weston & Sampson Engineers, Inc. Five exploratory borings were advanced with a geo-technical engineer present to monitor the activity. Soil samples were taken during the borings.

Based on the borings and the soil samples an area of debris and fill was identified under the existing parking lot, most likely from an older building that was demolished. If fill is

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

located under new building areas it is possible that some removals would be required. Ground water was also identified at 18' in two borings which does not appear to pose any difficulty for construction of future additions but could lead to limited de-watering operations during the construction phase. Native and undisturbed soils encountered appear to be adequate to support the proposed building addition. Nothing found in the geo-technical investigation indicates that there would be any restriction to new construction at the site.]

ii. [**Hazardous materials survey:** A complete hazardous materials identification study was completed by Universal Environmental Consultants and issued on May 3, 2016. Ninety five physical samples were taken at the building and suspect materials were identified through laboratory testing. Major areas of ACM (asbestos containing materials) included vinyl flooring and mastic, beam coatings, piping joints, duct insulation, and window and door frame caulking.

An estimate was prepared for future abatement and that value was carried within the cost estimate. It is estimated that to abate the ACM materials identified would be a cost of approximately $327,000.00. This work would be completed as part of a renovation and addition project.]

iii. [Preservation or archeological site survey (if applicable): n/a]

iv. [**Structural evaluation (if applicable):** The structural report on the existing historic library building is based on visual observations made on a tour of the building on 5-9-16 and a review of existing drawings. No destructive testing was completed during the building review.

The existing historic library construction in 1904 is masonry with wood frame floors and roof constructed on a fieldstone foundation. The addition that is proposed to be removed was constructed in 1963 and is framed in steel and concrete. The conclusion of the structural report is that while there is some cracking in the walls and ceilings of the existing historic building, it is performing well and is stable. It is anticipated that some re-pointing should be undertaken as part of a renovation project. It is also anticipated that a major addition would be separated from the existing building with an expansion joint at the juncture between existing and proposed.]

C. What zoning waivers may be required? [
The Library Director, City Planner, and Tappe Architects have met with the Director of Inspection Services/Building Commissioner to review the preliminary plans. This proposed addition is designed within the zoning setbacks so we do not anticipate requiring any zoning waivers from the dimensional standards in the Melrose Zoning Ordinance. The project may require a waiver for parking compliance since it involves additional square footage. There is a special exception in the Melrose Zoning Ordinance which is designed for circumstances such as this; the Building Commissioner feels that this project will meet the requirements for an exception (see letter included with Appendix N.)]

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

D. Does the library have clear title to the proposed project site? xYes ☐No
Include a copy of the Title/Deed to the property in Appendix A. If the library has not yet secured final ownership of land, the following conditions must be met for the project to proceed.

- **Existing Library Building**
  - Documenting Ownership – deed showing clear title to land
  - Establishing Value to Claim Eligible Cost – n/a
  - Deadline – January 26, 2017

- **Acquired from Town or School Owned Land**
  - Documenting Ownership – can be contingent on receiving a construction grant
    - Official town meeting or vote of select board, school board or other town entity that administers the property that defines the site and authorizes transfer of land for the project
  - Establishing Value
    - Get three land appraisals from a real estate agent and use the middle appraisal
    - OR
    - Use city/town assessor's valuation
    - Claim up to $800,000 as an eligible cost
      - Value of existing structures cannot be claimed
      - Only land for the library structure and associated dedicated parking
      - Only land acquired since January 26, 2014 is eligible
  - Deadline - January 26, 2017

- **Gifted**
  - Documenting Ownership – can be contingent on receiving a construction grant
    - Agreement between the donor and town that includes
      - Confirming the Gift
      - Defining the site
      - Value of site
  - Establishing Value
    - Get three land appraisals from a real estate agent and use the middle appraisal
    - OR
    - Use city/town assessor's valuation
    - Claim value as shown on the middle appraisal or city/town valuation, up to $800,000
      - Value of existing structures cannot be claimed
      - Only land for the library structure and associated dedicated parking
      - Only land acquired since January 26, 2014 is eligible
  - Deadline - January 26, 2017 to claim as an eligible cost
    - Clear title by date of signing contract with MBLC

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- **Purchased from a Seller**

  Documenting Ownership – can be contingent on receiving a construction grant

  Purchase and sale agreement between the town and the seller

  Establishing Value – value as stated in purchase and sale agreement can be claimed as an eligible cost

  Deadline – Signed purchase and sale agreement by January 26, 2017 to claim as an eligible cost

  Only land acquired since January 26, 2014 is eligible

- **Leased Land**

  Documenting Ownership in Application – can be contingent on receiving a construction grant

  Lease agreement between the municipality and documented owner

  Duration of least 99 years

  Lease payments are not an eligible cost

  Establishing Value – n/a

  Deadline - January 26, 2017

Clear title or a lease of at least 99 years must be obtained prior to signing a grant contract with the Board of Library Commissioners. *A title search is required to confirm that property is without any claims by others and there is no history of past claims which might affect the ownership.* Include confirmation of a clear title or lease agreement and all supporting documentation in Appendix A.

5. Funding and Stewardship

A. Describe the potential level of financial support

i. Local funding has already been approved []

ii. Donor gift giving through capital campaign [Groundwork has begun for a major capital campaign. The campaign will be formally launched once the grant status is confirmed. It is hoped that the capital campaign, combined with charitable giving, may account for a third of the total project funding.]

iii. Charitable giving from businesses, foundations and other prospects [The Friends of Melrose Public Library, Inc. have been actively involved in this process and plan to aggressively pursue grant and foundation opportunities on behalf of this project.]

iv. Other [The Trustees, with approval of the Board of Aldermen, have expended $85,000 to fund the planning and design process of this project. The City plans to provide the local funds needed to complete a project through a municipal bond. The Mayor has begun discussing the need for a debt exclusion in the community; we will continue working on an awareness campaign.]

B. Describe the potential level of municipal support for library operations, including adjusted staffing levels and for adequate maintenance and repair after project completion. [The City is committed to supporting its municipal buildings through both staffing and building maintenance/repair. The need for a small increase in part time staffing to adequately cover the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

renovated building is understood by the City Auditor. Great care has been taken during the planning process to ensure staffing efficiency throughout the building. There is no level of the proposed building that does not have a combination of public and staff areas, maximizing both safety and service (this is not possible in the current configuration.) Several years ago, the City implemented a major reorganization of the Department of Public Works. Most municipal buildings, including the library, were centralized under the DPW for maintenance and repair. The transition was well-thought-out and focuses on providing excellent daily and long term service to all municipal buildings. The proposed renovation will only improve the existing service to the library, as it will allow for the inclusion of improvements such as a Building Management System for the HVAC.]

C. For **all projects**, fill out a Massachusetts Historical Commission (MHC) Notification form, send to the MHC and include a copy in Appendix G.
   i. Guide: http://www.sec.state.ma.us/mhc/mhcpdf/pnfguide.pdf
   ii. Form: http://www.sec.state.ma.us/mhc/mhcpdf/pnf.pdf

6. Special Conditions

A. If not already included in this application, describe any special conditions pertaining to this project or municipality. Special conditions might include such factors as demography, economics, or other conditions that have had a significant effect on the proposed project's scope or size. [n/a]

7. Project Timeline

Estimate the number of months needed to:

A. Finalize schematic design & complete design development: [9] months
B. Secure local funding: [3] months
C. Complete construction: [18] months

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

SECTION 2: FINANCIAL

A. ESTIMATED ELIGIBLE/ NON-ELIGIBLE PROJECT COSTS

- For a project in a single municipality or for a Joint Library Project (libraries in two or more towns planning a single building), complete the spreadsheet linked below.

- If your project includes costs for constructing space housing another agency, organization or department as well as the library, do not fill out section 2A. An Application Addendum for a Shared Building Project is required, with a slightly different spreadsheet. Contact Lauren Stara (lauren.stara@state.ma.us) or Rosemary Waltos (rosemary.waltos@state.ma.us) for the additional form.

Cost Estimate

Double-click the icon to access the spreadsheet. When complete, print out the spreadsheet and insert behind this page in the binders.

Cost Estimate

B. DETAILED COST ESTIMATE

Include the independent cost estimator's full report in Appendix L.

Estimating Firm:	[PMC LLC]
Address:	[20 Downer Ave Suite 1C, Hingham MA 02043]
Name of Estimator:	[Peter Bradley]
Phone(s):	[781-740-8007]
Email address:	[peterbradley@pmc-ma.com]

C. COST PER SQUARE FOOT

Double-click the icon to access the spreadsheet. When complete, print out the spreadsheet and insert behind this page in the binders.

Cost per Square Foot

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

A. Cost Estimate: Eligible / Non-Eligible Project Costs Summary

If the proposed project is for a shared building, contact MBLC construction specialist for financial section forms and instructions.

	Item/Activity	Eligible	Non-Eligible	Total
Construction				
1	Construction (not incl. landscaping and paving)	$10,862,530		$10,862,530
2	Landscaping & Paving		$89,537	$89,537
3	Bonds & Insurance - 2.4%	$260,701	$2,149	$262,850
4	Overhead & Profit - 5%	$556,162	$4,584	$560,746
5	Permits, if not waived by municipality			
6	Subtotal	$11,679,393	$96,270	$11,775,663
7	Contingency for Construction 10% of total	$1,167,939	$9,627	$1,177,566
8	**Construction Subtotal**	**$12,847,332**	**$105,897**	**$12,953,229**
Professional Services				
9	Library Building Consulting, if used (1)			
10	Architect/Engineering Fees: Schematic Design (1)	$85,000		$85,000
11	Architect/Engineering Fees: Design Development through Bid Documents	$883,175		$883,175
12	Architect Fees: Construction Administration	$294,392		$294,392
13	Project Management (OPM)	$400,000		$400,000
14	Clerk of the Works, if separate from OPM	$400,000		$400,000
15	Hazardous Abatement Design/Oversight (Industrial Hygienist)	$35,000		$35,000
16	Information Technology Consulting	$40,000		$40,000
17	LEED Consulting	$80,000		$80,000
18	LEED Application Fees	$7,000		$7,000
19	Commissioning Agent	$50,000		$50,000
20	Other Engineering (geo-tech investigation + support)	$25,000		$25,000
21	Interior Design Services	$80,000		$80,000
22	Independent Design Review (if used)			
23	Legal Services		$5,000	$5,000
24	Misc. Fees and Expenses		$20,000	$20,000
25	Other (list separately on next page)			
26	**Professional Services Subtotal**	**$2,379,566**	**$25,000**	**$2,404,566**
Furnishings, Finishes & Equipment (FF&E)				
27	Utility Backcharges	$10,000		$10,000
28	Steel Bookshelves & Metal End panels	$240,000		$240,000
29	Mobile Shelving & Mobile Service Desks			
30	Furniture		$550,000	$550,000
31	Window Treatments			
32	Telephones, i.e. handsets		$10,000	$10,000
33	Tele/Data Equipment	$50,000		$50,000
34	Computer Terminals & Peripherals		$150,000	$150,000
35	Audio Visual Equipment, i.e. projectors, televisions, microphones		$20,000	$20,000
36	Wayfinding and Decorative Signage		$10,000	$10,000
37	Automated Sorting System			
38	Security System for Collections		$45,000	$45,000
39	Murals or Other Artwork			
40	Other (list separately on next page)			
41	Subtotal	$300,000	$785,000	$1,085,000
42	Contingency for Expenses: Professional Service and FF&E 10% of total of all expenses	$30,000	$78,500	$108,500
43	**FF&E Subtotal**	**$330,000**	**$863,500**	**$1,193,500**
44	**Expenses: Profession Services and FF&E Subtotal**	**$2,709,566**	**$888,500**	**$3,598,066**
Other				

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

45	Town or School Owned			$0		
46	Gifted or Purchased			$0		
47	Municipal Bond Costs			$0		
48	Moving		$100,000	$100,000		
49	Temporary Library Fit-out, Rent, Insurance, etc.		$75,000	$75,000		
50	**Other Subtotal**		**$175,000**	**$175,000**		
Annual Escalation						
51	Construction 4% annually for up to 36 mos.	$1,604,169	$13,221	$1,617,390		
52	Architects services 4% annually for up to 36 mos.	$147,034		$147,034		
53	Professional Services 4% annually for up to 36 mos.	$138,599		$138,599		
54	FF&E 4% annually for up to 36 mos.		$107,819	$107,819		
55	**Escalation Subtotal**	**$1,889,802**	**$121,040**	**$2,010,842**		
56	**Grand Total Project Costs**	**$17,446,700**	**$1,290,437**	**$18,737,137**		

Notes:

(1) Include only those costs incurred within three years of the date of this application. This could include surveys and materials testing, structural inspections and peer review.

(2) a. Purchased land and/or building may be valued up to the actual purchase price.

b. Only monies already expended for eligible costs related to acquisition of real property after January 26, 2014 date can be included as an eligible cost.

c. Where publicly or privately owned real property is donated to a project, only so much land as is necessary to provide an adequate library site, up to a maximum of $800,000, may be considered in the calculation of eligible costs, and the value of such land must be documented.

d. For more details on valuing land see Question 10 (4) (D)

(3) Amounts for contingencies and annual escalations must be broken down by eligible and non-eligible costs.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

D. Funding Sources

Describe your plan for obtaining funds other than the MPLCP grant.

[The library is well supported by the Board of Library Trustees and the City of Melrose, as well as the Friends of Melrose Public Library, Inc. The Board of Trustees funded the $85,000 necessary for the planning and design phase leading up to the grant application, and will continue its strong history of supporting extraordinary library projects. The City plans to provide the local funds needed for the building project through a municipal bond. The Mayor has already begun speaking about the project and the funding needs in the community, to build awareness and broad-based support. The Friends of Melrose Public Library, Inc. are planning to fundraise for targeted needs that arise out of the building process. This will include direct fundraisers such as library mini-golf gala events sponsored by the Friends, and direct applications for grants, such as a grant opportunity that could cover the majority of the costs for computer equipment. Additionally, groundwork has begun for a major capital campaign to offset the ineligible costs necessary to this project. The capital campaign will be formally launched once the grant status is confirmed.]

Double-click the icon to access the spreadsheet. When complete, print out the spreadsheet and insert behind this page in the binders.

Funding Sources

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

SECTION 3: ASSURANCES AND CERTIFICATIONS

A. QUALIFICATIONS AND DUTIES OF PROJECT PERSONNEL - NEEDS TO BE COMPLETED

1. **Project Director**. The library director may function as the project director.

   Name: Denise Gaffey

   Position: City Planner; Director of the Office of Planning and Community Development

   Responsibilities:

   Will monitor progress in weekly construction meetings

   Will coordinate relocation of library during construction

   Will work with Library Director and designers on library functions/use

   Will communicate with stakeholders including City officials, staff, trustees and community, in coordination with Library Director

   Qualifications: [Ms. Gaffey has a Master's Degree from Tufts University in Urban Policy and has worked as a Planner and Project Manager for the City of Melrose for twenty years. Ms. Gaffey has provided oversight for dozens of major capital projects for the City, including the $52 Million Middle School and over $20 Million in investments in the High School, and has managed major renovation projects on two National Register buildings: Memorial Hall and Beebe Estate.]

2. **Architect**. Complete this form for the firm, principal and/or project architect working on the project

Architectural Firm:	[Tappe Architects, Inc.]
Address:	[6 Edgerly Place, Boston MA 02116]
Phone(s):	[617-451-0200]
Website:	[www.tappe.com]
Library project date of hire:	[January 26, 2016]
Name of Principal Architect:	[Jeffrey Hoover]
Phone(s):	[617-986-4837]
Email address:	[jhoover@tappe.com]
Mass. License #:	[7835]
Name of Project Architect (if different):	[Charles Hay]
Phone(s):	[617-451-0200]
Email address:	[chay@tappe.com]
Mass. License #:	[8628]

3. **Owner's Project Manager (OPM)**. Complete this form for the firm, the OPM and the Clerk of the Works

Project Management Firm:	[Municipal Building Consultants, Inc.]
Address:	[200 Sutton Street, North Andover, MA 01845]
Phone(s):	[978-686-5766]
Website:	[municipalbuildingconsultants.com]
Library project date of hire:	[June 23, 2015]

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Name of OPM:	[Pat Saitta]
Phone(s):	[978-686-5766]
Email address:	[patrick.saitta@municipalbuildingconsultants.com]
Name of Clerk of the Works:	[Larry Hueter]
Phone(s):	[978-686-5766]
Email address:	[Larry.Hueter@municipalbuildingconsultants.com]

4. **Library Director**. Complete only if the library director is not the project director.

Full name:	[Linda C.W. Gardener]
Phone(s):	[781-665-2313]
Email address:	[lcwgardener@noblenet.org]

Major responsibilities related to the project: [
Responsible for overall administration of library
Will monitor progress in weekly construction meetings
Will communicate with stakeholders including City officials, staff, trustees and community
Will coordinate relocation of library during construction, in conjunction with City Planner
Will work with designers on library functions/use]

B. Project Awarding Authority and Fiscal Information - needs to be completed

The sole awarding legal authority for this project will be:
(Mark only one)

- ☐ Board of Library Trustees
- ☐ Local Building Committee
- x Other Municipal Official

Chairperson or Municipal Official of Above

Full name:	[Robert J. Dolan]
Title:	[Mayor]
Address:	[562 Main Street, Melrose MA 02176]
Phone(s):	[781-979-4440]
Email address:	[rdolan@cityofmelrose.org]

The person legally authorized to receive and safeguard Massachusetts Public Library Construction Program funds locally:

Full name:	[Arthur J. Flavin, Jr.]
Title:	[Treasurer/Collector]
Address:	[562 Main Street, Melrose MA 02176]
Phone(s):	[781-979-4120]
Email address:	[aflavin@cityofmelrose.org]

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The person legally authorized to requisition and approve local expenditures of Massachusetts Public Library Construction Program funds:

Full name:	[Robert J. Dolan]
Title:	[Mayor]
Address:	[562 Main Street, Melrose MA 02176]
Phone(s):	[781-979-4440]
Email address:	[rdolan@cityofmelrose.org]

Name and address of bank or other institution where Massachusetts Public Library Construction Program funds will be deposited:

Bank or institution name:	[Eastern Bank]
Contact name:	[Natalya P. Ryzhova]
Title:	[Assistant Vice President, Government Banking]
Address:	[195 Market Street, EP 3-06, Lynn MA 01901]
Phone(s):	[781-598-7710]
Email address:	[n.ryzhova@easternbank.com]

Official accounts of receipts and disbursements for the proposed construction project will be maintained by:

Office or agency name:	[Auditing Department]
Contact name:	[Patrick Dello Russo]
Title:	[CFO/Auditor]
Address:	[562 Main Street, Melrose MA 02176]
Phone(s):	[781-979-4110]
Email address:	[pdellorusso@cityofmelrose.org]

Official documents to verify information shown in official accounts will be on file at:

Office or agency name:	[Office of Planning and Community Development]
Contact name:	[Denise Gaffey]
Title:	[Planning Director]
Address:	[562 Main Street, Melrose MA 02176]
Phone(s):	[781-979-4194]
Email address:	[dgaffey@cityofmelrose.org]

Person authorized to serve as the municipality's Massachusetts Certified Public Purchasing Official (MCPPO) is:

MCPPO-certified City/Town Hall or School District Individual:

Full name:	[Patrick Dello Russo]
Title:	[CFO/Auditor]
Address:	[562 Main Street, Melrose MA 02176]
Phone(s):	[781-979-4110]
Email address:	[pdellorusso@cityofmelrose.org]

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

C. Compliance Assurances

Applicants shall agree in writing to the 38 assurances found in 605 CMR 6.05 (2)(d) which are based on full municipal enforcement and compliance with federal, state and local laws, rules and regulations.

1. that new, remodeled or renovated library buildings will be planned for a minimum operational life of 20 years;
2. that the completed facility will continue to be used as a free public library for at least 20 years. Prior approval from the Board must be obtained if there is any change in proportional use, or if the building is sold or reused for a non-public library function. In the event that the building is not kept in continuous use as a free public library for 20 years, the city or town must return the amount of the grant award plus interest to the Board within 60 days of the date the library building falls out of compliance with 605 CMR 6.05;
3. that the Applicant will continue the library's participation and qualification in programs established by or the successors to State Aid to Public Libraries M.G.L. c. 78, §§ 19A and 19B. Should the Applicant fail to be certified by the Board to receive State Aid during the period in which the grant contract and agreement is in effect, until project completion and final payment, this will be considered a breach of the contract;
4. that when construction is complete, the Applicant will make all full and good faith efforts to ensure that sufficient funds will be available for the effective operation and maintenance of the facility, in accordance with applicable federal, state and local requirements and standards;
5. that a sign will be displayed on the construction site and a plaque will be placed in the completed building stating that State funds administered by the Massachusetts Board of Library Commissioners have been or are being used for construction and displaying the MBLC name and logo;
6. that the Applicant and contractors will not knowingly employ, compensate, or arrange to compensate any employee of the Board during the term of the project, unless such arrangement is permitted under the provisions of M.G.L. c. 268A;
7. that the Board will have the authority to review and approve plans, specifications, bid documents, contract awards, payments and all documents of obligation or expenditure for the project;
8. that if required, pre-contract and preconstruction conferences will be held with representative(s) from the Board;
9. that the Owner's Project Manager, architect and other contractors of an approved public library project will be selected using the procedures as outlined by the Designer Selection Board under the provisions of M.G.L. c. 7C, §§ 44 through 58;
10. that all design, construction, construction contracts and sub contracts will be in conformity with all applicable provisions of state and local law, rules and regulations including, but not limited to, M.G.L. c. 143, St. 1972, c. 802, St. 1984, c. 348 and 780 CMR: State Board of Building Regulations and Standards. All construction contracts must be bid under M.G.L. c. 149, § 44A or M.G.L. c. 30, § 39M;
11. that the Applicant will be in compliance with Executive Order 524: Establishing the Massachusetts Supplier Diversity Program, which includes set aside provisions for minority business enterprises and women-owned business enterprises, and in compliance with M.G.L. c. 151B. The Applicant must not discriminate in any manner because of gender, race, color, religion, national origin, ancestry, age, sex, or handicap;
12. that the Applicant will require that all construction contracts will be in conformity with applicable law and regulations related to minority hiring. Every state-assisted contract for an approved public library project, including sub contracts, will include the Commonwealth's Supplemental Equal Opportunity/Anti-Discrimination and Affirmative Action Program as part of the contract;

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

13. that the Applicant will comply with Executive Order 526: Regarding Non-discrimination, Diversity, Equal Opportunity, and Affirmative Action. The Applicant will safeguard nondiscrimination, diversity and equal opportunity in state funded workplaces, decisions, programs, activities, services and contracts;
14. that the Applicant will submit the project to local, regional or state boards or agencies for comment and/or approval as may be required by law or regulation;
15. that the Applicant will assist the Board in complying with the Massachusetts Environmental Policy Act, M.G.L. c. 30, §§ 61 through 62H;
16. that the building will be designed according to 521 CMR: Architectural Access Board;
17. that life cycle cost estimates of all technically feasible energy systems as defined in St. 1976, c. 433, will be considered in order to ensure that the energy system with the lowest life cycle cost estimate will be identified in accordance with the provisions of St. 1976, c. 433;
18. that the Applicant will closely monitor the cost effects of building program and design decisions and materials and systems selections so that the facility can be constructed and operated in a cost effective, sustainable and staff-efficient manner considering the type of project and structure;
19. that there will be an evaluation of flood hazard so that the facility to be constructed will be located to prevent potential flood hazards, as far as is practicable;
20. that the building will be designed to minimize the effects of vandalism, weather conditions and natural conditions and that materials and finishes will be selected to minimize operational costs and maintenance. This will include provision for a fire-rated enclosure for any automated or manually operated exterior book or nonprint materials return that penetrates a wall of the building;
21. that the Applicant will comply with M.G.L. c. 9, §§ 26 and 27C and 950 CMR 71.00: Protection of Properties Included in the State Register of Historical Places and any additional Massachusetts Historical Commission legal and regulatory requirements, including that which affords the Massachusetts Historical Commission the opportunity to review and comment as early as possible in the planning stages of the project;
22. that the Applicant will comply with Americans with Disabilities (ADA) federal standards and the regulations of the Massachusetts Architectural Access Board, including those requirements for making alterations to historical properties to ensure that property and building are readily accessible and usable by individuals with disabilities unless a variance has been obtained for all noncompliant features;
23. that prior approval from the Board will be obtained for significant budget, program or plan changes and revisions including deduct change orders, excluding change orders of an emergency nature;
24. that the Applicant will provide adequate supervision during the term of the project including architectural supervision, value engineering and the retention of a qualified clerk of the works and, when required, an Owners Project Manager that meets the qualifications required by M.G.L. c 7C, § 44 through 58;
25. that Board staff will be provided reasonable access to the project and site with consideration for site conditions and with appropriate notification;
26. that every good faith effort will be made to obtain sufficient funds beyond those granted under the Massachusetts Public Library Construction Program for the non matching and non eligible portion of project costs;
27. that the Board will not be held responsible for meeting any increased costs or increasing the amount of the grant award beyond the provisional award;
28. that the project will be completed as described in the application and approved by the Board. Any significant reductions in the project's program require prior approval;
29. that the Board, the Governor or his or her designee, the Secretary of Administration and Finance, and the State Auditor or his designee will have the right, at reasonable times and upon reasonable notice, to examine the books, records and other compilations of data of the Applicant which pertain to the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

performance of the provisions and requirements of this agreement. Upon request, the Applicant will furnish to the Board copies of any such books, records and compilations. In all contracts or subcontracts entered into by the Applicant concerning the project, a provision must be included requiring similar access by the Board to the contractor's or subcontractor's books, records and other compilations of data which pertain to the project according to Executive Order 195: Vendor Contracts of April 27, 1981;

30. that the Applicant will file all required reports and the Board will be notified when the approved public library project is completed and a certified reporting of expenditures by category, financial sources and other documentation will be supplied to the Board by the Applicant within six months of project completion;

31. that all grant funds received by the Applicant from the Massachusetts Public Library Construction Program will be placed in an interest bearing account separate from other Applicant accounts. All grant funds, including interest income, will be retained in this account until they are expended for purposes specified in the construction grant application. Purposes specifically excluded include all those specified in 605 CMR 6.02: Definitions Eligible Costs;

32. that the Applicant will file a final evaluation form on the performance of contractors on the project as required by the Division of Capital Asset Management and Maintenance (DCAMM) upon completion of the project;

33. that construction will begin in the fiscal year immediately following the date of acceptance by Board staff of the final project construction documents;

34. that a copy of the as-built drawings, in paper or electronic form, will be supplied to the Board within 60 days after issuance of Certificate of Occupancy;

35. that the Applicant has clear title to the project site or a lease of at least 99 years;

36. that the project site will remain as described in the application and approved at the time of award or Waiting List placement;

37. that the construction process will comply with all current state and local building codes for libraries and all applicable standards and procedures;

38. that the completed project will meet or exceed a building efficiency rating of 65%.

D. Application Certifications - Need Signatures

We the undersigned, having official responsibility for the project herein described, do hereby attest to the facts and figures presented as true to the best of our knowledge and belief and do hereby certify our intent to carry out all the provisions and conditions agreed/delineated in this application. At least one person officially representing the town and one library trustee representing the library must sign. Name and title may be typed or legibly handwritten. Signature must be handwritten.

Name: Robert J. Dolan

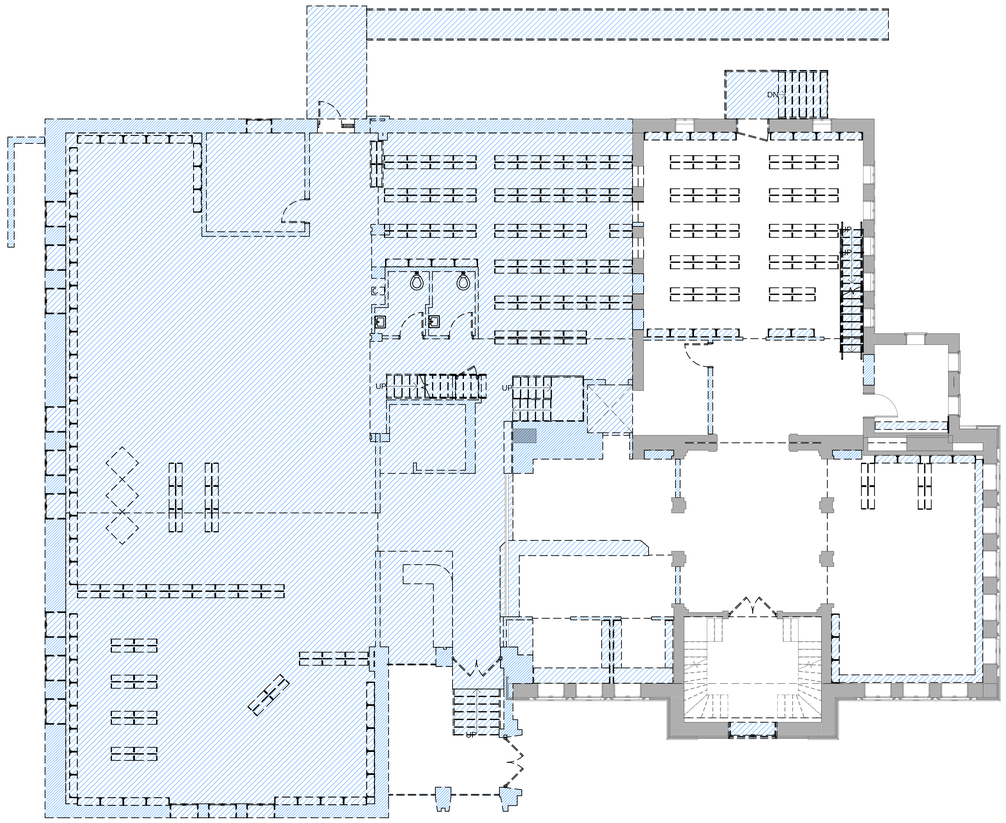
APPENDICES AND ATTACHMENTS



A. Title/Deed and Related Documentation
B. Copy of Town Meeting/City Council votes
C. City/Town map showing location of proposed site
D. Floor plans of existing library building
E. Excerpted Pages from Master Plan/Library Long Range Plan
F. Library Building Program
G. Massachusetts Historical Commission notification form
H. Geotechnical Consultant's Report
I. Hazardous Materials Survey
J. Structural Analysis
K. Engineering and Other Surveys and Reports
L. Detailed Cost Estimate
M. LEED Scorecard (if applicable)
N. Alternate Parking Plan (if applicable)
O. Schematic Design Drawings*

*Schematic drawings are adequate for the purposes of a grant application, but the latest version available should be submitted. Depending on the status of your project, that may be schematic, design development, or even construction drawings. All drawings and documents must be clear and readable, with labels to indicate location and square footages of areas directly on the drawings themselves, rather than in a separate schedule. The plans must include layout and heights of all shelving; reader seats, restrooms, elevators, staff offices, public service points, emergency exits, janitor's facilities, etc. Include one (1) half-size (15" x 22") set of schematic drawings, or most developed drawings, in their latest version available (scale: 1" = 16'). This half-size set should be folded and placed in the pocket of the Original Copy binder. In addition to the half-size set, include one set of 11"x17" drawings in each binder. Drawings must include:

- Floor plan(s) with a complete furniture, fixtures and equipment (FF&E) layout, including shelving unit heights. For an addition/renovation, provide floor plan(s) of the existing building with current FF&E layout as well as one for proposed layout. Indicate number of square feet in each area/room. Each level of the floor plan must be shown on a on a separate page.
- Elevations of proposed facades, especially those showing public entrances.
- Site plan and topographical survey prepared by a Massachusetts registered architect with parking layout, grading, building location and description of utilities (1" = 40' or larger). Include written explanation of parking plans.
- Sections as needed to illustrate levels and main ceiling heights.

Library Project – Questions from Councilors as of 8/20/2021

Is $10M the updated estimated total City portion cost of the project? Does this account for anticipated overages due to increased materials costs?
Tappé Architects has had their professional estimators update the numbers for 2021 (see below). With the MBLC grants and Trustees' contribution, the City's portion is estimated to be $10.8M, consistent with the $11M that was in the 2019 Capital Improvement Plan https://www.cityofmelrose.org/sites/g/files/vyhlif3451/f/news/cipreport_fy20-24nov8_2019_final.pdf)

Revised estimate	$21,094,508
Trustees	- $ 2,000,000
MBLC grant	- $ 7,993,290
Green incentive	- $ 279,765
City's share in 2021:	$10,821,453

What is PDR's assessment of our bonding capacity without risking our bond rating?
Patrick is happy to provide up-to-date information on our 10-year debt plan, which indicates sufficient bonding capacity, well under our 5% limit. The debt model takes into account bonds for the Library, Beebe School, new ladder truck, Memorial Hall, and roads, as well as costs associated with the Vocational-Technical HS.

Regarding the bond rating, Patrick would refer you to the Credit Opinion contained in the September 15, 2020 S&P Bond Rating report, which states: *"In our view, Melrose's debt and contingent liability profile is strong…overall net debt is low, at 0.9% of market value, and approximately 79.2% of the direct debt is scheduled to be repaid within 10 years, which are in our view positive credit factors."* Patrick notes that our bond rating agency was aware of and took into account our plans to issue debt for the bonded projects, including the library, the fire truck, Memorial Hall, and school renovations, when S&P wrote this Credit Opinion, which states *"we do not expect these issuances to materially alter our view of the city's debt profile*."

What, if any, part of this project falls under the purview of the historical commission? If they have an articulated regulatory role, where are we in that process? If approvals were already provided prior to the submission of the application in 2017, do those need to be revisited?
Pursuant to 950 CMR 71: *Protection of properties included in the State Register of Historic Places*, we submitted a Project Notification Form (PNF) to the Massachusetts Historical Commission at the time of grant application. Generally, the architect will submit an updated PNF when the design development is set. What will happen when we go forward with the project is we will supply Mass Historic with more details about what is proposed and they will issue a Memorandum of Agreement with conditions that will mitigate the adverse impact associated with the alteration of certain building elements (they will likely require documentation of historic elements before

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

demolition, for example.). This becomes a collaborative process and the local historical commission is involved. Tappé presented to the Melrose Historical Commission twice, and we have notes from the May 2, 2016 meeting indicating they were supportive of the project and appreciated our efforts to maintain as many historic details as possible.

Percentage of library with asbestos (either flooring or pipes);
According to the Hazardous Materials survey done in 2016, there is 14,000 square feet of asbestos floor tile, so that would be just under 60% of the square footage of the library. In addition, there is 3,500 square feet of coating containing asbestos on certain surfaces, some duct insulation in the boiler room that was found to be asbestos, and other, smaller amounts of asbestos containing materials, such as window caulking and mastic.

Dollar amount in terms of $ and DPW time we currently spend on maintaining the existing structure;
Back of the envelope (not exhaustive) number is just over $200,000 in the past 4 years for the following:

- FY21 Elevator repairs - $27,375
- FY20 Elevator repairs - $75,415
- FY18 Elevator repairs - $6,852
- FY19 Front desk work - $13,909 (remove wall, replace carpet & subfloor, asbestos abatement, paint, electrical)
- FY18 Chiller replacement - $43,000
- $10,000-11,000 annual preventative maintenance

This is in addition to regular custodial salaries, supplies, utilities, and energy costs.

256 work orders have been submitted to DPW via Munission CEM since July 2012 (other requests have been made by phone when urgent).

Scope of the damage to the historical collection from the roof leak last spring
Because library staff discovered the leak, damage was minimized. The preservation process is ongoing, but in terms of $, there was no permanent damage to the floor, and the ceiling has not yet been dealt with since it is still an active leak. The library had to replace the archival boxes and acid-free tissue, which took the brunt of the moisture. That was around $130.00. It remains to be seen if the photos in the historic album can be preserved, but we are hopeful they can be.

Will MPD and/or MFD be formally weighing in on the identified safety issues (egress; sight lines)?
Nothing new has been identified in terms of public safety since the 2017 grant application, in which the following health/safety issues were called out:

- Location of fire extinguishers and pull alarms are antiquated and not in alignment with modern safety procedures
- No sprinkler system

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Building is confusing to navigate in an emergency; after a (false) alarm, the fire department came to ask for a tour, due to confusion and disorientation during the event.
- Inadequate electrical outlets create hazardous situations throughout the building.
- No surveillance system, anti-theft mechanisms, or established security systems in the building, either for materials or for staff and patrons. (When the library is closed, there is a perimeter alarm and motion detector, which are obsolete.)
- Several areas of the building that have no sightlines for staff, and no videos or other security measures.
- The rear entrance of the building has no security measures, no staff sightlines, and leads to the somewhat secluded rear parking lot.
- The majority of the adult books stacks have no sight lines.
- The upper floors, containing book stacks, the local history room, the Trustees Room, and an open meeting/study area, have no staff supervision at any time.

What is the total square footage of the library? Existing library is in the range of 24,190 sf

How old is the current HVAC system?
Engineers study reports all systems past useful life. AC system is from 1987, with a refurbished chiller installed by DPW a few years ago.

Is there an estimated/average age of the multi-level roof?
The flat roofs appear to have been re-done most recently in 1995 by Tar-Vel Roofing Co. with a twenty year membrane material warranty.

We have been unable to locate information indicating the actual age of the sloped roof. Repairs to the sloped roof were last paid for by the Trustees in 2010 and DPW has handled roof repairs since 2012.

Did the plans for the new library design from 2017 only include an option for tearing down and rebuilding the "new" wing of the library (reference area, Children's Room/multi-purpose meeting area in lower level)? Are there any plans and cost estimates to renovate the "new" wing instead of it being a tear down?
Options for renovating or adding onto the “new wing” were considered in 2017 and found to be too costly and not effective in solving the issues with the library.

There were 3 primary options in the 2017 feasibility phase:

1) Renovate existing library and addition (did not meet program requirements)
2) Add a floor to the existing addition “new wing” (technically complex and cost prohibitive)
3) Replace existing addition (maximizes available space on site, cost effective).

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Only option 3 came closest to meeting program requirements at approx. 29,000 GSF and solved the issues identified with the current library configuration relative to patron experience and services.
MBLC indicated that the existing library SF is not adequate for grant funding approval. The MBLC decision to approve the project we proposed was based in part on their assessment that the design was adequate to meet the needs of the community. In fact, we were encouraged to try to find more square footage if we could, not less.
Forgoing the grant would not result in a more cost effective project, given the need to abate the asbestos, bring the building into ADA compliance, and replace the critical building systems such as HVAC, roof, elevator that are at the end of their useful life.

Will there be more specificity around what's included in the "Estimated Soft Costs" line item for $4.37M? The description says "FFE, Tech, Fees, Costs", but was just interested in getting some more detail around that.

The term “soft costs” for construction projects typically includes all the costs that are outside of the actual construction bid and construction contingency. At this early stage in the project they are allowances. These costs to the project typically fall into two overall categories:

Professional Services – This includes fees for the Architect and Owners Project Manager as well as specialized testing such as geo-technical and hazardous materials.

FFE & Temporary Facility – “FFE” is furnishings, fixtures, and equipment and typically includes book stacks, furniture, technology, signage, book alarm etc. This category also contains an allowance for a limited fit out of a space yet to be determined for a temporary library while the permanent library renovation in is progress.

For the interior -- will there be new bookstacks throughout the whole library? And also will the interior of the Carnegie side of the building be restored? If so, is that included in the "Soft Costs" or the Construction Costs?

The proposed plans and budget include all new book stacks and furnishings throughout the renovated building and the addition. These book stacks are included in “soft costs”.

The anticipated scope of work for the Historic Carnegie Library includes restoration of the interior including wood work, as well stabilization of the exterior including new roof, restoration of cornice, and restoration of existing windows and masonry. This scope is included in the estimated construction cost.

Dear Linda,

Thank you for participating in the Massachusetts Public Library Construction Program (MPLCP) 2016-2017 Construction Grant Application Round.

At the July 8, 2021 meeting of the Massachusetts Board of Library Commissioners, the Board voted a provisional grant award to the City of Melrose for the Melrose Public Library in the amount of $7,993,290 for its public library construction project.

This award is subject to the securing of local funding, execution of a contract between the MBLC and the City of Melrose, and the compliance of your library and community with all of the assurances as found in the Code of Massachusetts Regulations (605 CMR 6.00) that governs the MPLCP. The city has six months, or until **Monday, January 10, 2022**, to obtain its local funding.

Please contact your Library Building Specialist, Lauren Stara (lauren.stara@mass.gov) to schedule a meeting to discuss the next steps in the process.

After the contract is executed, MPLCP Library Building Specialists will work closely with you during the completion of schematic design and into design development.

Congratulations on the Melrose Public Library's project receiving an MPLCP provisional construction grant award.

Sincerely,

James Lonergan

Director

Enclosure: Project Summary

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Massachusetts Board of Library Commissioners
Massachusetts Public Library Construction Program

Award – Project Summary and Recommendation
General Construction Projects Application Round 2016-2017

Municipality:	Melrose	
Library:	Melrose Public Library	
Project Type:	Addition/Renovation	
Population:	2016: 27,690	2035: 31,311
Total Square Feet:	Existing Gross: 24,183	Projected Gross: 26,635

Estimated Total Project Costs: $18,737,137

Estimated Eligible Project Costs: $17,769,632

Recommended Grant Award: $7,993,290

Abstract:
The City of Melrose and Library Board of Trustees recognize the need for a renovation/expansion of the Melrose Public Library. The current building, constructed in 1904 with a substantial addition in 1963, is 24,185 gross square feet. The proposed renovation would expand it to 26,579 gross square feet.

The proposed project will dramatically improve the library's accessibility, creating a single entrance that is welcoming to all. Youth services will be improved by moving the children's room out of the basement and creating a dedicated program room, as well as a new young adult space. Adult program, community and meeting space will include a Discovery Zone for computer classes and innovative technology space. Improved lighting, use of daylight and effective HVAC building-wide are reflective of planned improvements in building efficiency.

Recommendation:
This project has successfully met all criteria in the grant review process and is recommended for funding. MBLC staff will meet with the awardee to discuss recommended design modifications identified by the Review Team prior to the resumption of the design process.

Northeast Metropolitan Regional Vocational School District
Vote of the School Committee to Approve New School Borrowing

VOTED: That the Northeast Metropolitan Regional Vocational School District Committee hereby appropriates the amount of $317,422,620 for the purpose of paying costs of designing, engineering, constructing and equipping the New Northeast Metropolitan Regional Vocational School and related athletic facilities located at 100 Hemlock Drive in Wakefield, MA 01880 including the payment of all costs incidental or related thereto (the "Project"), which school facility shall have an anticipated useful life as an educational facility for the instruction of school children of at least 50 years and for which the District may be eligible for a school construction grant from the Massachusetts School Building Authority ("MSBA"), said amount to be expended at the direction of the Northeast Metropolitan Regional Vocational School Committee. To meet this appropriation the District is authorized to borrow said amount, under and pursuant to Chapter 703 of the Acts of 1962, as amended, the District Agreement, as amended, or pursuant to any other enabling authority. The District acknowledges that the MSBA's grant program is a non-entitlement, discretionary program based on need as determined by the MSBA, and any Project costs the District incurs in excess of any grant approved by and received from the MSBA shall be the sole responsibility of the District; provided further that any grant that the District may receive from the MSBA shall not exceed the lesser of (1) seventy-six and eighty-four one hundredths percent (76.84%) of eligible, approved Project costs, as determined by the MSBA, or (2) the total maximum grant amount determined by the MSBA, and that the amount of borrowing authorized pursuant to this vote shall be reduced by any grant amount set forth in the Project Funding Agreement that may be executed between the District and the MSBA. No amounts shall be borrowed pursuant to this vote in the event that a member city or town of the District shall express disapproval of the debt authorized by this vote within sixty (60) days of the date of adoption of this vote.

FURTHER VOTED: That within seven (7) days from the date on which this vote is adopted the Secretary be and hereby is instructed to notify the city council of each city and the board of selectmen of each town comprising the District as to the amount and general purposes of the debt herein authorized, as required by the District Agreement and by Chapter 703, Section 6(d), of the Acts of 1962, as amended.

MEMORANDUM

TO: Members of the Melrose City Council
RE: In-person Early Voting authorization
DATE: 20 September 2021

A request and recommendation that the honorable City Council authorize in-person early voting for the November 2, 2021 Municipal Election in the City Council Chamber at Melrose City Hall, 562 Main Street, Melrose MA as follows:

- **Saturday, 23 October 2021 from 10am-2p**
- **Monday, 25 October 2021 from 9am-2pm**
- **Tuesday, 26 October 2021 from 9am-2pm**
- **Wednesday, 27 October 2021 from 9am-12 noon and from 4pm – 8pm**

In accordance with section (l) (i), (ii) and (iii) of Chapter 255 of the Acts of 2020, as amended by Chapter 5 of the Acts of 2021 and Chapter 29 of the Acts of 2021 providing as follows:

(L) NOTWITHSTANDING SECTION 25B OF CHAPTER 54 OF THE GENERAL LAWS OR ANY OTHER GENERAL OR SPECIAL LAW OR MUNICIPAL ORDINANCE TO THE CONTRARY, UPON A RECORDED AND PUBLIC VOTE BY THE SELECT BOARD, BOARD OF SELECTMEN, TOWN COUNCIL OR CITY COUNCIL AUTHORIZING EARLY IN-PERSON VOTING, ANY ELIGIBLE VOTER OF SUCH MUNICIPALITY MAY VOTE EARLY IN-PERSON FOR ANY REGULAR OR SPECIAL MUNICIPAL OR STATE PRELIMINARY, PRIMARY OR GENERAL ELECTION HELD ON OR BEFORE DECEMBER 15, 2021. SUCH VOTE MAY ONLY BE TAKEN AFTER A REQUEST FROM THE CITY OR TOWN CLERK OR AUTHORIZED LOCAL ELECTION OFFICIAL RECOMMENDING IN-PERSON EARLY VOTING AND PROVIDED THAT SUCH VOTE OCCURS NOT LESS THAN 5 BUSINESS DAYS PRIOR TO THE PROPOSED BEGINNING OF EARLY VOTING AND THAT SUCH EARLY IN-PERSON VOTING COMPLIES WITH THE FOLLOWING:

(I) A CITY OR TOWN, AS PART OF THE VOTE TO ALLOW EARLY VOTING IN-PERSON, MAY SET THE EARLY VOTING PERIOD TO BEGIN NO SOONER THAN 10 DAYS BEFORE THE ELECTION AND END NO LATER THAN THE BUSINESS DAY PRECEDING THE BUSINESS DAY BEFORE THE ELECTION.

(II) EARLY VOTING SHALL BE CONDUCTED DURING THE USUAL BUSINESS HOURS OF THE CITY OR TOWN CLERK UNLESS DIFFERENT HOURS ARE SET AS PART OF THE VOTE, INCLUDING ANY WEEKEND HOURS.

(III) THE CITY OR TOWN CLERK SHALL ESTABLISH AN EARLY VOTING SITE THAT IS CENTRALLY LOCATED, SUITABLE AND IN A CONVENIENT PUBLIC BUILDING. NOTICE OF THE EARLY VOTING LOCATION, DATES AND HOURS MUST BE POSTED AT LEAST 48 WEEKDAY HOURS BEFORE THE EARLY VOTING PERIOD BEGINS.

CITY OF MELROSE

OFFICE OF THE MAYOR

PAUL BRODEUR
Mayor

City Hall, 562 Main Street
Melrose, Massachusetts 02176
Telephone - (781) 979-4440

MEMORANDUM

To: Melrose City Council
From: Mayor Paul Brodeur
Re: American Rescue Plan (ARPA) grant acceptance
Date: August 16, 2021

The Honorable City Council is hereby requested pursuant to the provisions of M.G.L. c. 44, § 53A to accept the American Rescue Plan Act (ARPA) grant in the amount of $8,374,174 on behalf of the City of Melrose, per the Massachusetts Department of Revenue[1].

The City of Melrose is scheduled to receive a total of $8,374,174 in federal ARPA grant dollars. This money has been allocated by the federal government in two ways: a direct grant to municipalities and another grant to counties. The direct grant to Melrose is $2,932,394, and our reallocation through the Middlesex County Federal ARPA Assessment will be $5,441,780.

ARPA direct grant funds will be disbursed in two equal tranches, with 50% provided at the end of FY 21 and the balance delivered approximately 12 months later. Melrose received the first half of our direct grant ($1,466,197) in late June, and will receive the remainder by the end of FY22. We anticipate that the Middlesex County reallocation will also be released in two equal parts beginning in FY22.
All ARPA grant funds must be spent or encumbered by December 31, 2024.

What can ARPA grant funds be used for?
The U.S. Department of the Treasury has identified the following areas of allowable expenditures:

a. **Spending to address public health and negative economic impacts of the COVID-19 pandemic**. This includes COVID-19 mitigation efforts, medical and behavioral health initiatives, and efforts to mitigate the economic harm of the pandemic to workers, households, small businesses, affected industries, and the public sector.
b. **Premium pay for essential workers.** This is intended to provide additional support through one-time payments for low-wage workers who have faced the greatest health risks during the COVID-19 pandemic because of their employment in a critical service sector.
c. **Revenue replacement**. Payments may be used to fund government services to the extent of revenue reductions from the pandemic. Eligibility for revenue replacement is determined by a federal formula.
d. **Investments in water, sewer, and broadband infrastructure.** This includes projects that improve access to clean drinking water, support wastewater and stormwater infrastructure, and expand access to broadband internet.

[1] Guidance as it relates to accepting of the ARPA grant monies through MGL 44 §53Ahas been vetted through the Division of Local Services at the Department of Revenue.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Some examples of ARPA eligible expenses:

- Direct COVID-related costs (testing, contact tracing, etc.).
- Expenses to improve efficacy of public health or economic relief programs.
- Water and sewer infrastructure aligned to EPA project categories for the Clean Water State Revolving Fund and Drinking Water State Revolving Fund.

Examples of what ARPA grant funds cannot be used for:

- Replenishing or funding a reserve account or stabilization fund.
- A deposit into a pension fund.
- Funding non-COVID-19 related operating budget expenses.

Once the grant is accepted, eligible ARPA expenses will be administered by the Mayor, with potential ARPA funded projects reviewed and accepted through a rigorous evaluation process in collaboration with the Chief Financial Officer/Auditor, department heads, and the Superintendent of Schools. This process is designed to provide the controls and due diligence necessary to withstand future scrutiny by the federal government.

In assessing potential uses for ARPA funds, the priority is to identify areas of greatest need and relevance to the City of Melrose. As a best practice, the funds will not be fully allocated in the first fiscal year. This will allow the City to respond should circumstances and priorities change given the uncertainty of the progress of the COVID-19 pandemic. To ensure transparency, the City Council will be provided regular updates on the planned uses of ARPA funds.

Unlike with the CARES Act Coronavirus Relief Fund, the Commonwealth will not make individual eligibility determinations regarding the use of ARPA funds for specific expenses. As the "prime recipient" of federal funds, each municipality is solely responsible for all aspects of administration and will be subject to a federal clawback provision associated with compliance failures[2]. Therefore each project considered for ARPA funding will require the Auditor to make a determination of eligibility based on the terms of federal and state mandates and rules (awaiting the finalization of the Treasury's Interim Final Rule[3] sometime in September). In addition, detailed project information will be collected in advance to ensure compliance with federal reporting requirements[4], which are significant and vary depending on the type of expenditure.

To ensure projects are thoroughly vetted and that compliance and reporting requirements are understood and adhered to according to the best information currently available from state and federal government agencies[5], the City of Melrose has engaged an outside consultant from the accounting firm of Clifton Larson Allen, LLP ("CLA"). Like CARES Act funding, ARPA grant funds will be audited as part of the City's annual single audit, reported to the Massachusetts Department of Revenue, and are subject to federal audit.

I look forward to the opportunity to answer any questions members of the Council may have regarding this grant acceptance, and will be joined by other members of our team, including our consultant from CLA, Hannah York.

U.S. DEPARTMENT OF THE TREASURY

Coronavirus State and Local Fiscal Recovery Funds

The American Rescue Plan will deliver $350 billion for state, local, territorial, and Tribal governments to respond to the COVID-19 emergency and bring back jobs.

The Coronavirus State and Local Fiscal Recovery Funds provide a substantial infusion of resources to help turn the tide on the pandemic, address its economic fallout, and lay the foundation for a strong and equitable recovery.

Funding Objectives

- **Support urgent COVID-19 response efforts** to continue to decrease spread of the virus and bring the pandemic under control
- **Replace lost public sector revenue** to strengthen support for vital public services and help retain jobs
- **Support immediate economic stabilization** for households and businesses
- **Address systemic public health and economic challenges** that have contributed to the inequal impact of the pandemic

Eligible Jurisdictions & Allocations

Direct Recipients

- States and District of Columbia ($195.3 billion)
- Counties ($65.1 billion)
- Metropolitan cities ($45.6 billion)
- Tribal governments ($20.0 billion)
- Territories ($4.5 billion)

Indirect Recipients

- Non-entitlement units ($19.5 billion)

Support Public Health Response

Fund COVID-19 mitigation efforts, medical expenses, behavioral healthcare, and certain public health and safety staff

Address Negative Economic Impacts

Respond to economic harms to workers, families, small businesses, impacted industries, and the public sector

Replace Public Sector Revenue Loss

Use funds to provide government services to the extent of the reduction in revenue experienced due to the pandemic

Premium Pay for Essential Workers

Offer additional support to those who have and will bear the greatest health risks because of their service in critical infrastructure sectors

Water and Sewer Infrastructure

Make necessary investments to improve access to clean drinking water and invest in wastewater and stormwater infrastructure

Broadband Infrastructure

Make necessary investments to provide unserved or underserved locations with new or expanded broadband access

For More Information: Please visit www.treasury.gov/SLFRP
For Media Inquiries: Please contact the U.S. Treasury Press Office at (202) 622-2960
For General Inquiries: Please email SLFRP@treasury.gov for additional information

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

U.S. DEPARTMENT OF THE TREASURY

Example Uses of Funds

Support Public Health Response

- **Services to contain and mitigate the spread of COVID-19,** including vaccination, medical expenses, testing, contact tracing, quarantine costs, capacity enhancements, and many related activities
- **Behavioral healthcare services**, including mental health or substance misuse treatment, crisis intervention, and related services
- **Payroll and covered benefits** for public health, healthcare, human services, and public safety staff to the extent that they work on the COVID-19 response

Address Negative Economic Impacts

- **Deliver assistance to workers and families**, including support for unemployed workers, aid to households, and survivor's benefits for families of COVID-19 victims
- **Support small businesses** with loans, grants, in-kind assistance, and counseling programs
- **Speed the recovery of impacted industries**, including the tourism, travel, and hospitality sectors
- **Rebuild public sector capacity** by rehiring staff, replenishing state unemployment insurance funds, and implementing economic relief programs

Replace Public Sector Revenue Loss

- **Ensure continuity of vital government services** by filling budget shortfalls
- **Revenue loss is calculated** relative to the expected trend, beginning with the last full fiscal year pre-pandemic and adjusted annually for growth
- **Recipients may re-calculate revenue loss** at multiple points during the program, supporting those entities that experience revenue loss with a lag

Premium Pay for Essential Workers

- **Provide premium pay to essential workers**, both directly and through grants to third-party employers
- **Prioritize low- and moderate-income workers**, who face the greatest mismatch between employment-related health risks and compensation
- **Key sectors include** healthcare, grocery and food services, education, childcare, sanitation, and transit
- **Must be fully additive** to a worker's wages

Water & Sewer Infrastructure

- **Includes improvements to infrastructure**, such as building or upgrading facilities and transmission, distribution, and storage systems
- **Eligible uses aligned to Environmental Protection Agency project categories** for the Clean Water State Revolving Fund and Drinking Water State Revolving Fund

Broadband Infrastructure

- **Focus on households and businesses** without access to broadband and those with connections that do not provide minimally acceptable speeds
- **Fund projects that deliver reliable service** with minimum 100 Mbps download / 100 Mbps upload speeds unless impracticable
- **Complement broadband investments** made through the Capital Projects Fund

Equity-Focused Services

- **Additional flexibility for the hardest-hit communities and families** to address health disparities, invest in housing, address educational disparities, and promote healthy childhood environments
- **Broadly applicable** to Qualified Census Tracts, other disproportionately impacted areas, and when provided by Tribal governments

Ineligible Uses

- **Changes that reduce net tax revenue** must not be offset with American Rescue Plan funds
- **Extraordinary payments into a pension fund** are a prohibited use of this funding
- **Other restrictions apply** to eligible uses

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The examples listed in this document are non-exhaustive, do not describe all terms and conditions associated with the use of this funding, and do not describe all the restrictions on use that may apply. The U.S. Department of the Treasury provides this document, the State and Local contact channels, and other resources for informational purposes. Although efforts have been made to ensure the accuracy of the information provided, the information is subject to change or correction. Any Coronavirus State and Local Fiscal Recovery Funds received will be subject to the terms and conditions of the agreement entered into by Treasury and the respective jurisdiction, which shall inc provisions of the Interim Final Rule and/or Final Rule that implements this program.

MEMORANDUM

To: Melrose City Council
From: Mayor Paul Brodeur
Re: State funding to support Milano Center
Date: August 16, 2021

As part of the recently signed Fiscal Year 2022 state budget, the City of Melrose will receive $50,000 as part of an earmark "for grants to the councils on aging and for grants to or contracts with nonpublic entities that are consortia or associations of councils on aging." The purpose of the portion of the grant directed to Melrose is "building refurbishments for the Milano senior center to support seniors during the 2019 novel coronavirus recovery and ensure safe access to communal space."

As is stipulated, the state grant will be utilized to address the needs of seniors as we continue to recover from the COVID-19 pandemic. As Council members are certainly aware, the City has not been able to utilize the Milano Center this summer because of the failure of the building's HVAC system. This has left Melrose's elder population without a much needed facility during a critical time.

The lack of the Milano Center has necessitated staff to find alternative space for senior programming, most notably at the tent on the grounds of the Horace Mann School. Although the COA summer programs have been successful, outdoor programming is not a sustainable solution, and addressing deficiencies at the Milano Center is a high priority as we head into the fall and winter. In addition to the HVAC upgrades, COA and Facilities staff are also working to identify other ways to increase the functionality of the Milano Center for its users, including improved accessibility to the outdoor patio area.

Due to the pandemic, we have all become more cognizant of the risks of social isolation, especially for elders, as well as the need for "healthy buildings" with good air quality and ventilation to protect public health. We are deeply appreciative to our legislative delegation, especially Rep. Kate Lipper-Garabedian, for their continued advocacy for the health and wellbeing of Melrose's elder residents.

I respectfully request acceptance of these funds. Thank you for your consideration.

To: Mayor Paul Brodeur
Members of the City Council
From: Kathryn Armata
Meeting Date: August 16, 2021
Subject: Authorization of Bond for Department of Public Work's Road Work

Loan Order - $1,500,000 City Hall Parking Lot and Road Bonds

ORDERED: That the City appropriates $1,500,000.00 to pay costs of constructing, reconstructing and/or improving the City Hall parking lot and various roads and sidewalks, including related planning, design, curbing, drainage and all other costs incidental and related thereto; that to meet this appropriation, the Treasurer, with the approval of the Mayor, is authorized to borrow said amount pursuant to Chapter 44, Section 7(1) of the General Laws, or pursuant to any other enabling authority, and to issue bonds or notes of the City therefor; that the Mayor is authorized to take any other action necessary to carry out this project; and that any premium received upon the sale of any bonds or notes approved by this order, less any such premium applied to the payment of the costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this order in accordance with Chapter 44, Section 20 of the General Laws, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount.

Pursuant to Section 56-14 of the City Ordinances, attached is a projection of the principal and interest costs on the bonds proposed to be authorized by the following loan order under consideration by the City Council. The payment schedule attached assumes a 15-year borrowing term, an interest rate assumption of 2% over the life of the borrowing, and a level debt service payment schedule. The debt service on these bonds will not be paid from an enterprise fund and will have no impact on any enterprise fund rates.

The funds borrowed pursuant to this Order will be deposited into Fund 3389.

FINANCIAL IMPACT: See attached.

Public Works Department Road Program Funding 2022-24

Project Location	Estimated Value	Proposed Scope of Work
FY22 Road Program Supplemental Funding: Damon Avenue Brown Street/Wyoming Heights/Mt. Vernon First Street (Waverly to Ashcroft) Echo Street Lower Main Street	$350,000	Funding to complete the FY22 Roads Program to supplement the contributions from Chapter 90, MassDOT Complete Stree grant funding, and National Grid roadway restoration contributions. This additional funding will be put toward additional repairs of curbing, sidewalks, drainage, signage, pavement markings, and other items to complete the improvements in these neighborhoods.
Bay State Road Sidewalks (2022 construction season)	$170,000	Installation of new curbing, sidewalks, accessible curb ramps, and crosswalks on the south side of the street from Damon Avenue easterly to the City Limit, and new accessible curb ramps and re-alignment/restriping of crosswalks from Main Street to Damon Avenue. This project was next in line for Complete Streets funding but MassDOT has changed eligibilit requirements and we will not qualify for three years.
Brazil Street Neighborhood Improvements (2022 construction season)	$130,000	Replacement of asphalt sidewalks with concrete sidewalks, resetting/installation of granite curb, development of a grass strip where feasible and planting of trees, to supplement the paving project scheduled for calendar year 2022.
City Hall Parking Lot	$250,000	To supplement grant funding being sought for parking lot improvements to include repaving, restriping, flood mitigatio and green infrastructure.
FY23 Road Program Supplemental Funding: Sycamore, Hunnewell, Burnett, Bow Felton Place Damon Avenue (part) Ashland Street Rowe Street	$300,000	Funding to supplement the FY23 Roads Program Chapter 90 allocation and National Grid roadway restoration contributio This additional funding will be put toward additional repairs o curbing, sidewalks, drainage, and other necessary items to complete the improvements in these neighborhoods.
FY24 Road Program Supplemental Funding: Specific Roads TBD	$300,000	Funding to supplement the FY23 Roads Program Chapter 90 allocation and National Grid roadway restoration contributio This additional funding will be put toward additional repairs o curbing, sidewalks, drainage, and other necessary items to complete the improvements in these neighborhoods.
Total Bond Request	$1,500,000

MEMORANDUM

Date: August 4, 2021

To: Mayor Paul Brodeur
Melrose City Council

From: Elena Proakis Ellis, P.E., Director of Public Works
Jim Troup, DPW Deputy Director, Administration and Finance
Patrick Dello Russo, CFO/Auditor

Subject: Road Bond Request

The City of Melrose relies on a number of sources of funding for the roadway component of our Multi-year Utility and Roadway Improvement Program. The state's funding program ("Chapter 90") provides the City with approximately $530,000 annually which can be put toward work on public ways within certain parameters. We supplement these funds with local funding in the form of road bonds that are periodically requested, as well as a handful of other sources including contributions from private utility companies in lieu of repaving on streets where they have conducted work and grant funds from various state and federal. Some examples of grant funds used for roadway improvement projects include the MassDOT Complete Streets program funding and MassWorks grants, which were used most recently to implement improvements in the Melrose Highlands and on Essex Street.

An analysis of the total funds required to pave all of Melrose's public ways within their useful life indicates that we would need to spend over $2M per year. At the present time, with local funds contributing just over $1M, we have relied on grant applications and restoration from private utility work to fill the gap as much as possible. In the future, the City may want to consider a higher annual road bond allocation.

The proposed breakdown in costs for the current allocation is listed in the attached table. Note that in addition to general allocations to particular fiscal years, three special projects have been called out for funding:

- Installation of sidewalks to fill network gaps in the busy cut-through neighborhood on Bay State Road;
- Replacement of asphalt with concrete sidewalks and granite curb on Brazil Street in coordination with paving already slated for 2022 as part of the City's Multi-year Roadway and Utility Program; and
- A contribution to the paving and green infrastructure project proposed for Melrose City Hall parking lot.

The first project is listed on the City's Complete Streets Prioritization Plan as the next project in line. MassDOT has recently informed municipalities that they are no longer eligible to apply for Complete Streets grant funding annually or when the prior round of successful funding is spent. Under the new guidelines, we now have to wait

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

four years between grant awards. The Bay State Road neighborhood sidewalks were identified as a high priority in 2017 when the Prioritization Plan was completed, and we do not feel it is prudent to wait until FY24 to apply for Complete Streets funding for this project.

On Brazil Street, the City will be completing water main replacement, following earlier work including sewer replacement and lining and gas main and service replacement. This work was initiated due to the combination of the "poor" roadway condition ranking and the need for water main replacement identified in the City's water system Capital Efficiency Plan, combined with the sewer system needs identified following the sewer backup on Brazil Street. Final paving is scheduled for 2022, but the Chapter 90 program would have insufficient funds to allow for replacement of sidewalks with concrete panels. Thus we are specifically calling out this project as a component of the requested road bond.

Finally, the City Hall parking lot routinely floods and has been a source of chronic issues and deterioration for many years. In 2019, the City received a Municipal Vulnerability Preparedness (MVP) grant to design improvements to the parking lot for both water quality and quantity. A subsequent application to pay for the construction of the project was unsuccessful, largely because a significant component of the project costs involves 'gray infrastructure' (pipes, pavement, etc.) in addition to the green infrastructure components necessary to have a successful design. Therefore, the City has realized that in order to successfully obtain grant funding for the total project, our contribution will need to be more substantial than the typical 25% match requested. The proposed funding will contribute to the paving, curb realignment, and piping required for this project, as we continue to pursue grant funding for the green infrastructure elements such as rain gardens and public stormwater information displays.

We hope you recognize both the importance and the value of the proposed work and support funding this road bond. Thank you for your consideration.

Typical Funding for Melrose Roadway Projects

- Chapter 90 allocation – roughly $525,000/year
- Road bonds – last bond authorized in FY19 for $1.685M
- Private utility contributions or restoration (e.g., National Grid gas)
- Location-specific developer contributions
- Grants (e.g., Complete Streets, MassWorks, Community Mitigation Fund)
- Special funding such as free cash, rideshare funds

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Proposed Road Bond - $1.5M

Location	Estimated Allocation
FY22 Road Program Supplemental Funding (Damon, Brown, Wyoming Heights, Mt. Vernon, First, Echo, Lower Main Street)	$350,000
Bay State Road Sidewalks	$170,000
Brazil Street Neighborhood Improvements	$130,000
City Hall Parking Lot	$250,000
FY23 Road Program Supplemental Funding (Sycamore, Hunnewell, Burnet, Bow, Felton Place, Damon, Ashland, Rowe)	$300,000
FY24 Road Program Supplemental Funding (locations TBD)	$300,000
Total Bond Request	**$1,500,000**

RESOLUTION 2021-5

A Resolution Honoring the Accomplishments of Benjamin D. Parker and Shane Buckley-Fennell as Eagle Scouts.

Please see the attached resolution

COMMENTS - Current Meeting:

Co-Sponsors Jamaleddine and MacMaster offer the resolution. Councilor MacMaster notes the Eagle Court ceremony recently attended and advises Ben is the council liaison to the veterans advisory committee and Shane, a Ward 5 resident. Councilors were unable to speak at their outdoor ceremony due to torrential rains.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

CITY OF MELROSE - IN CITY COUNCIL

A Resolution Honoring the Accomplishments of Benjamin D. Parker and Shane Buckley-Fennell as Eagle Scouts.

Offered by Maya Jamaleddine, Councilor At-Large and
Shawn M. MacMaster, Councilor of Ward 5

WHEREAS, The Eagle Scout Award is the highest award earned in Boy Scouts; and

WHEREAS, To earn this award, Scouts must complete a series of requirements which will help them explore careers, develop leadership potential, learn new skills and challenge them to give something of themselves and make an impact on their community; and

WHEREAS, Benjamin D. Parker has been involved in Scouting for over 13 years. After completing the Arrow of Light award, Benjamin crossed over with three other Cub Scouts from his den and became a member of Melrose Boy Scout Troop 635, and,

WHEREAS, Shane Buckley-Fennell joined the Scouts in first grade as a Tiger in Cub Scout Pack 615. As a Webelo, Shane earned the Arrow of Light rank and then crossed over and joined Melrose Boy Scout Troop 635; and

WHEREAS, During this time, Benjamin and Shane earned ranks and merit badges at a prodigious pace, many of which were earned at T.L. Storer Scout Camp, and the Hidden Valley Scout Reservation. Benjamin also attended Merit Badge University at Harvard and attended the Eagle Week at New England Base Camp in Milton.

WHEREAS, In the Summer of 2017, Benjamin and Shane were fortunate to be able to go with Mr. Lippert, Mrs. Hahn and other Scouts for a 10-day backpacking trek in the wilderness at the Philmont Scout Ranch in New Mexico where they successfully completed a two week, 120-mile hike through some of the sparest back country in the west; and

WHEREAS, To earn the rank of Eagle Scout, Benjamin saw a need in our Melrose community. There were those in our community, deceased military veterans who had worked and sacrificed for their country, who were buried at Wyoming Cemetery without proper record of their service. Those brave men and women and their contributions were being forgotten. After talking with city officials, he discovered there was a need for database listing the veterans interred at Wyoming Cemetery. On several occasions Benjamin met with cemetery leadership to determine the exact needs and then he directed various campaigns involving his fellow Scouts. Benjamin was then able to organize the creation of a database and instructed volunteers on how to enter the data.

WHEREAS, Shane's Eagle Service Project grew out of his love of biking. He wanted to find a way to help others be able to ride. Shane researched and found that Bikes Not Bombs in Boston collects used bikes and ships them overseas to be distributed to those in need. Shane collected over 80 used bikes from the generous Melrose community and then trained and supervised members of the troop to repair flat tires and oil chain before delivering the bikes to the charity; and

WHEREAS, Benjamin also has been active in sports at his high school, Fellowship Christian Academy, playing basketball and tennis. Shane graduated from Melrose high school in August 2020 with recognition as an AP Scholar for his achievements in a range of advanced placement courses; and

WHEREAS, Benjamin is enrolled in Bob Jones University in the fall to receive his Bachelors in Criminal Justice and Shane Started his freshman year at San Diego State University Studying criminal justice; and

WHEREAS, these achievements have resulted in Benjamin D. Parker and Shane Buckley-Fennell receiving the rank of Eagle Scout, the highest honor in Boy Scouting, on August 9, 2021; now therefore

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

BE IT RESOLVED, *That, we, the Melrose City Council recognize and applaud these achievements and re these accomplishments in the permanent records of the City of Melrose on this twentieth day of September in the year Two Thousand and Twenty-One.*

Attest: *Members of the Melrose City Council*

PROPOSED RULES OF ORDER
MELROSE CITY COUNCIL

Special Committee on the Rules of Order

Councilor Shawn M. MacMaster, Chairman
Councilor Jack Eccles, Vice Chair
Councilor Mark Garipay
Councilor Jeffrey C. McNaught
Councilor Robb Stewart

September 8, 2021

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

OVERVIEW

The Special Committee on the Rules of Order was established by President Jennifer Grigoraitis in 2020 pursuant to Rule 25. Charged with modernizing the Council's governing rules, the Committee met on five occasions between November 11, 2020 and September 8, 2021 for a total of six hours. The Committee's scope of work involved simplifying the language of existing rules, addressing ambiguity, ensuring consistency in the use of terms, and offering recommendations for a series of revised and new rules.

Attached to this proposal is a commentary section; its purpose is to memorialize the intent behind the rules that, in accordance with our mandate, have been either substantially amended or newly created.

Respectfully submitted,

Special Committee on the Rules of Order

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

RULES OF ORDER

Proposed New Rules: 7A, 28, 31A, 35A, 55, 56, 57, 58

Rule 1 Regular Meetings of the City Council shall be held on the first and third Mondays of each month at 7:45 p.m. except as follows: (1) during July and August when there shall be one meeting each month on the third Monday; (2) when an election is to be held the following day such meeting shall be held on the following Monday; and (3) when a meeting falls on a holiday, such meeting shall be held on Tuesday.

Rule 2 A majority of the Council or any Committee thereof shall constitute a quorum.

PRESIDENT

Rule 3 The President shall take the chair at the scheduled hour, call the members to order and, on the appearance of a quorum, proceed with business.

Rule 4 In the absence of the President, the President Pro Tempore of the Council, who shall be the senior member in length of service present at the meeting, shall call the Council to order and preside over meetings until the President resumes the Chair. When two or more members have the same seniority, names shall be drawn by the City Clerk thirty (30) minutes before the commencement of the meeting in the presence of the Clerk of Committees and at least one (1) member of the body, to determine who the presiding officer will be.

In the event that the longest serving member of the Council is elected President, the second longest serving member of the body shall serve as President Pro Tempore. When two or more members have the same seniority, the aforementioned selection process shall be followed.

Rule 5 The President shall preserve decorum and order, may speak to points of order in preference to other members, and shall decide all questions of order, subject to an appeal by the Council. The President shall declare all votes and may vote in all cases.

Rule 6 The President may call the President Pro Tempore to the chair to preside over a full Council meeting, but such substitution shall not continue longer than one meeting without a majority vote of the members. The President may express an opinion on any subject under debate; but in such case he/she must leave the chair and shall not resume the chair while the question is pending. The President may state facts and give an opinion on questions of order without leaving the chair.

Rule 7 It shall be the duty of the President or his/her designee to examine and approve the records of each meeting. It shall, likewise, be the duty of the President or the President Pro Tempore to sign all legislative matters which have been passed at any meeting.

Rule 7A It shall be the duty of the President to oversee the City Clerk who shall report directly to the Council President.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

CITY CLERK AND ASSISTANT CITY CLERK

Rule 8 The City Clerk or Assistant City Clerk shall keep minutes of the proceedings of the Council which shall be subject to correction when the Council meets. The City Clerk shall note upon legislative papers the action taken by the Council relating to said papers.

The City Clerk shall perform such duties in connection with the transaction of business during the sessions of the Council as the President deems necessary.

Whenever a petition is filed as provided by Section 22 of Chapter 166 of the General Laws seeking a permit for an original location for wires, poles, piers, abutments or conduits to be used for the transmission of electricity, the City Clerk shall forthwith, upon receipt of such petition, send notice, in the manner required by said Section, of a public hearing to be held thereon at the next meeting of the Council occurring not less than seven (7) days following such receipt. The City Clerk shall also send notice of such hearing to the Inspector of Wires.

The City Clerk shall be responsible for preparing a re-Meeting Calendar for full Council meetings containing the following items: all matters of new business; all reports of committees to be presented at any regular or special meeting of the Council; a statement of any orders for which notice of a motion to reconsider has been filed; all orders which have been laid upon the table or postponed to a day certain; all hearings which may have been ordered; and all matters of unfinished business, such Calendar shall be electronically transmitted to each member of the Council at least forty-eight (48) hours prior to said meeting.

Agendas and corresponding agenda packets for all committee meetings and full Council meetings shall be publicly posted seventy-two (72) hours before a meeting is called to order, excluding Saturdays, Sundays, and legal holidays. Agendas maybe updated after their initial posting so long as subsequent agenda items are added at least forty-eight (48) hours prior to a meeting in accordance with the Massachusetts Open Meeting Law. All Orders, Ordinances, Petitions, Resolutions, and Remonstrances appearing on meeting agendas shall include the name(s) of the corresponding sponsor(s).

Notice of emergency meetings must be posted as soon as reasonably possible prior to a meeting and in a manner accessible to disabled persons to the extent required by federal and state law.

The City Clerk or the Clerk of Committees shall post meeting agendas to the city website. The agenda of a full Council meeting shall be subject to approval of the President and be posted in the same location as public meeting notices.

When a committee fails to issue a report on an item within forty-five (45) days after the matter is referred to committee, the Clerk of Committees shall notify the City Clerk of such and the City Clerk shall place said item on the agenda for the next regularly scheduled Council meeting under Reports from Committee with the following notation: “No Action Taken.”

Whenever any Order or Ordinance adopted by the Council at any meeting has not been returned by the Mayor within ten (10) days and is thereby enacted pursuant to Section 3.7 of the City

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Charter, the Pre-Meeting Calendar for the next meeting of the Council shall include a statement that such Order or Ordinance has taken effect by operation of law.

Within forty-eight (48) hours after adjournment of a Council meeting, the City Clerk shall prepare a Post-Meeting Bulletin containing a statement of all items referred to committees, whether standing or special. All matters so referred shall be listed separately under the heading of the respective committees; and all matters laid upon the table or postponed to a further date, and any hearings ordered to be held at any subsequent meeting, shall be included in said Bulletin.

Whenever a notice is filed by any member as a Motion to Reconsider a vote passed by the Council, such Bulletin shall include a statement to that effect. There shall also be noted upon said Bulletin a statement as to the action taken by the Council on which a Motion to Reconsider was filed. Bulletins shall be transmitted electronically to the members within seventy-two (72) hours after adjournment of the meeting to which they pertain.

Rule 9 The Assistant City Clerk, in the absence of the City Clerk, shall perform the duties of the City Clerk.

CONDUCT & DECORUM OF MEMBERS

Rule 10 When a member speaks, he/she shall address the presiding officer and shall confine his/her remarks to the question under consideration. While speaking, members shall avoid personalities, and no member shall directly or indirectly impugn another member or conduct themselves in a manner unworthy or unbecoming of a City Councilor. No member shall speak or vote out of his/her place without leave of the presiding officer.

Rule 11 No member shall be interrupted while speaking except by their consent or by a point of order or point of information; nor shall there be any conversation among the members while a question is being stated, while a member is speaking or a paper is being read.

Rule 12 If a member repeatedly violates any of the rules of the Council or disrupts the orderly procedure of the Council, the presiding officer, after warning the member of such violations, shall call the member to order, and a member so called to order shall lose the right to speak on the pending subject matter but shall not be prevented from voting. A member so called to order shall remain silent until the presiding officer returns to the member his/her rights to the floor.

Rule 13 A Councilor or any combination of Councilors who file an Order, Ordinance, Petition, Resolution, or Remonstrance shall be given up to fifteen (15) minutes in total to introduce the matter.

When a matter is being debated, no member may occupy more than five (5) minutes for each point under debate, nor shall he/she speak twice to the same question without leave of the Council, nor more than once if any other member, who has not previously spoken, desires to speak.

When a city official or other person appears before the Council or committee thereof, an individual Councilor shall not occupy more than fifteen (15) minutes of dialogue with the party. If a Councilor, however, requires additional time for questions, he/she may seek leave of the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

presiding officer. In determining whether to grant the Councilor additional time, the presiding officer shall consider but is not limited to the following factors:

1) The number of remaining questions the Councilor intends to ask.
2) The number of questions the Councilor has already asked.
3) The relevancy of the questions.
4) The amount of time that has been occupied by the attendee in answering questions.
5) The responsiveness of the attendee.
6) The nature of the matter before the Council or committee.
7) Public interest considerations.
8) The hour of day.
9) Remaining business before the Council or committee.

On general matters of discussion, members of the Council shall occupy no more than five (5) minutes when speaking on a particular subject.

The presiding officer, at his/her discretion, may designate the City Clerk or Clerk of Committees to monitor the time provisions of this rule.

Rule 14 No member shall vote on any matter or serve on any committee where his/her private interest is immediately distinct from that of the public.

Rule 15 When a question is put forward, every member present, except the President, shall vote, unless excused by vote of the Council or excluded by personal interests.

No member shall leave without permission of the presiding officer if his/her presence is necessary to make a quorum.

Rule 16 The reading of any paper, if objected to, shall be decided by the Council.

Rule 17 No member shall stand up, to the inconvenience of others, while a member is speaking; pass unnecessarily between the presiding officer and the member speaking; stand in the area in front of the chair; or stand at the City Clerk's desk while a roll call is in progress. The use of electronic devices should be restricted for Council business only during a meeting of the full Council or committee thereof.

Rule 18 The members of the Council shall not stand or leave their places on a Motion to Adjourn until the presiding officer has declared the Council adjourned.

Rule 19 Every member shall take notice of the day and hour to which the Council stands adjourned.

STANDING COMMITTEES

Rule 20 The President shall appoint voting members to each Standing Committee, one of whom shall serve as Chairperson,

The President shall at the first meeting in January, announce the Chairpersons and voting members appointed to all Standing Committees for that calendar year

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The President shall serve as a member ex-officio of all committees and, when required, may be counted in the making of a quorum. The President shall be entitled to vote as an ex-officio member of all standing committees.

All members of the Council shall be considered a member of each Standing Committee but shall not be authorized to vote on pending matters unless assigned as a voting member of that Committee. A quorum of a committee shall be determined on the basis of voting members only.

A non-voting member of a committee may only speak on a pending matter after all voting members have been given the opportunity to deliberate; and non-voting members shall only speak once unless granted leave by the Chairperson. This provision of the rule, however, shall not apply to non-voting members who have sponsored or co-sponsored a matter appearing before a committee. The sponsor(s) shall always be recognized first by the Chairperson for the purposes of introducing an order.

The following Standing Committees are hereby established:

Appropriations & Oversight: Eleven (11) voting members to include the annual Budget and all supplementary budgets, redevelopment authority, federal or state grants, zoning, and all general oversight matters.

Finance: Five (5) voting members to include accounts and surety bonds, election matters, print and supplies, and City Council purchases.

Health, Education and Welfare: Five (5) voting members) to include public schools, public library, and veterans' affairs.

Legal and Legislative Matters: Five (5) voting members) to include rules, legislative matters and claims.

Protection and License: Five (5) voting members) to include the Police and Fire Departments, Emergency Management, and licenses.

Public Service: Five (5) voting members) to include public grounds and buildings.

Public Works: Five (5) voting members) to include Public Works Department, public transportation, all municipal parking areas and lighting of streets and municipal parking areas, and electric, cable and telephone wires.

Rule 21 The member first named on any committee shall be its Chairperson and the second named member of the Committee will be recognized as the Vice Chair of the Committee. In the case of the Chairperson's resignation, absence or disability, the other members, in the order in which they are named to the Committee, shall call meetings of the Committee and act as Chairperson. If, for any reason, any committee has not assembled within three (3) weeks from the reference of matters thereto, except for the summer season, the member second in order may call meetings of the committee.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Rule 21A Committee Chairpersons serve at the pleasure of the President, who may at any time remove a Chair and designate a new Chair. Neither the removal nor the appointment or re-appointment of a Chairperson shall be subject to the approval of the Council.

Rule 21B A committee Chairperson shall take the chair at the scheduled time and shall convene the meeting within thirty (30) minutes thereof. If a quorum is not present within thirty (30) minutes of the time originally scheduled, the Chairperson shall not commence such meeting and it shall be rescheduled to a later date.

Rule 21C The Chairperson shall call upon the Vice Chair to preside whenever the Chairperson intends to ask questions of an attendee or express an opinion on a matter before the Committee. The Chairperson may resume the chair when the matter for which he/she gave up the chair is no longer before the Committee.

Rule 21D Whenever one (1) or more committee meetings are scheduled to commence the same evening as the full Council or other committee meeting(s), each meeting shall commence within thirty (30) minutes of the meeting's respective scheduled meeting time. Where the earlier opened meeting(s) has not adjourned prior to the time by which another meeting must commence, the earlier committee(s) may recess so as to allow the other scheduled committee meeting(s) to open for the purpose of public comment. After public comment the members may vote to recess and reconvene the preceding meeting.

Rule 22 The Chairperson of each standing committee shall ensure that the sponsor(s) of any legislative item have proper notice of all related hearings. A matter pending in committee shall not be disposed of at the committee level without the sponsor(s) being present and available to vote on that matter.

Rule 23 Reports on all matters from committees shall be made as early as practicable and shall be signed by the Chairperson, unless otherwise ordered by the Committee. Reports shall be appropriately designated by the action taken in committee and presented as such on all future meeting agendas until that time the Council disposes of a matter. Reports shall be designated in one of three (3) ways: Favorable Report ("ought to pass"); Adverse Report ("ought not to pass"); Undeclared Report ("without recommendation"). Any member may call for the degree of progress reached with respect to any matter referred to a committee. Whenever any committee reports to the Council and one or more members dissent from the report, the name(s) of the dissenting member(s) shall be printed on the agenda under Reports from Committee followed by the "Dissents," provided a statement is filed as a minority report by such dissenting member(s), containing the reasons therefore, with the Clerk of Committees, which statement shall accompany the report of the Committee and shall be read by the President.

Rule 24 The President shall form special committees of the Council as needed and shall appoint its members Special committees shall consist of three members, unless otherwise ordered.

Rule 25 All committees of the Council shall be notified of their meetings by the Clerk of Committees. No two committee meetings may occur at the same time.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

COMMITTEE OF THE WHOLE

Rule 26 When a committee determines to go into a Committee of the Whole, the Chairperson shall be appointed by the President.

Rule 27 The Rules of the Council shall be observed in a Committee of the Whole, so far as they may be applicable, except the rules limiting debate. A motion to rise, report progress, and ask leave to sit again shall always be first in order and be decided without debate.

CLERK OF COMMITTEES

Rule 28 The Clerk of Committees shall report to the City Council, providing legislative assistance, support, and other professional services as needed. The City Council President shall have ultimate oversight over the Clerk of Committees, with day-to-day supervision provided by the City Clerk.

Rule 28A The Clerk of Committees shall keep proper records of committee meetings in written format, which shall be an official record. Audio/visual records may also be kept. A copy of the written record shall be available to all members of the Council and the public. He/she shall prepare all reports of committees for presentation to the full Council subject to the approval of the Chairperson. The Clerk of Committees shall, following the final action of the Committee on Appropriations & Oversight and the making of its report on the annual budget, or any supplementary budget, prepare a statement with respect to the appropriations recommended for each department, when such appropriations include any sums for increase in salaries for employees of such departments, stating in detail the amount of such increases allowed in such appropriations and the period of the budget year allowed by said appropriations.

ORDER OF BUSINESS

Rule 29 At every meeting of the Council the order of business shall be as follows:

I. Call to Order

II. Reading of the Minutes -- An electronic copy of the minutes shall be transmitted to the full Council twenty- four (48) hours in advance of any vote regarding those minutes. Minutes of each meeting of the full Council shall be given to the City Clerk to be posted on the city website within twenty-four (24) hours after the minutes are accepted by the full Council.

III. Public Comment

IV. Public Hearings

V. New Business

a) Filings by His Honor the Mayor

b) Filings by Members of the City Council

VI. Communications from His Honor the Mayor & Other City Officials

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

VII. Unfinished Business

VIII. Reports from Committees

IX. Expiries

X. Rule 53 Reports

X1. Adjournment

The above order may be changed, at any meeting, by a two-thirds (2/3) vote of the members present and, upon motion to change the order of business, no debate shall be allowed.

LEGISLATIVE PROCEEDINGS

Rule 29A Each meeting of the Council or any standing committee thereof shall allow up to seven (7) minutes per person for public comment prior to the reading of "COMMUNICATIONS FROM THE MAYOR AND OTHER CITY OFFICIALS." Public comment shall be permitted only for residents of Melrose and/or Melrose property owners unless the Chairperson rules otherwise. Before addressing the Council, speakers shall, on the record, identify the street on which they live or on which they own property.

Members of the public shall limit their remarks to matters on the agenda for the meeting at which they speak and shall be out of order if said speaker addresses other issues not on the agenda. It shall be at the discretion of the President or Chairperson of any standing committee to grant up to ten (10) minutes per person for public comment at any meeting.

This rule shall only be suspended by unanimous consent of the members.

Rule 30 All pending matters before the Council shall be presented by the President or; and shall be read by the President, City Clerk or such other person as the President may request. They shall be acted upon in the order in which they are presented unless the Council shall otherwise direct.

Rule 31 All nominations/appointments made by the Mayor, subject to the confirmation of the Council, shall, when received by the Council, be referred without debate to the proper standing committee and said committee shall report its recommendations thereon within forty-five (45) days or at the next regular meeting.

Rule 31A No appointment made by the Mayor and subject to the confirmation of the Council shall be entertained by the Council or committee thereof without the candidate's cover letter and resume having been furnished to the Council prior to the meeting and posted publicly on the City's meeting agenda platform.

Rule 32 All filings (legislative or otherwise), communications from the Mayor or other city officials, and reports from committees that may require action by the Council, must be in the hands of the City Clerk no later than noon on Tuesday prior to each regular meeting. The City Clerk shall confirm the receipt of all filings by notifying the sponsor(s) via e-mail at the time of receipt.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Any written document in support of a filing or communication from the Mayor, including documents prepared by a department head or other city employee after the filing of said matter, shall be transmitted electronically to the Council or committee thereof at least forty-eight (48) hours in advance of the meeting at which the matter is scheduled to be heard. Upon invocation of this rule by any Councilor, and the subsequent affirmative vote of not less than four (4) Councilors, or the affirmative vote of not less than two (2) Councilors when a matter is before a standing committee, an agenda item may be postponed. The Councilor who invokes this rule shall be required to vote on it.

Whenever any, Order, Ordinance, Petition, Resolution, or Remonstrance is introduced by a member of the Council, the name of such member shall be designated thereon and be reflected on all agendas and reports related to the matter. The filer of any matter shall be listed first on all agendas followed by the names of any co-sponsors in the order that they appear in the original filing.

Rule 32A No Legislation, Petition, Resolution, or Remonstrance shall be accepted by the City Clerk and placed upon the agenda for a meeting of the City Council unless a copy of the full text has been filed with the City Clerk.

Rule 33 Ordinances of the city and associated amendments shall be established by a two-thirds (2/3) vote of all the members of the Council, to be taken by a Roll Call vote. In the case of all other legislative matters, except as otherwise provided in the General Laws, or in the Revised Charter and Ordinances of the City of Melrose, the affirmative vote of a majority of all members of the Council shall be necessary for passage at each debatable legislative stage.

Rule 34 Subject to the provisions of Section 2-9(b) of the City Charter, every legislative matter shall be read once when it is introduced and shall then be referred to its appropriate committee, unless, where appropriate, immediate consideration is requested. In the case of a request for immediate consideration, the legislative matter shall be at once considered, provided no councilor objects; and no motion shall be applied to any such matter when originally introduced until immediate consideration has been granted. It shall be the duty of the President to ask if there is objection before immediate consideration is given any matter, and upon objection the matter will be referred to the appropriate committee.

Rule 34A All matters involving the appropriation of moneys in the treasury not otherwise appropriated, the intra-departmental transfer of moneys from one account of the city to another, or otherwise affecting municipal finances, shall be referred to the Finance Committee. The Committee shall make its recommendation thereon not later than three (3) weeks from the date of such reference. The provisions of this section shall not apply in the case of matters referred to the Committee on Appropriations & Oversight.

Rule 35 Upon the report of a committee recommending the passage of any Order, Ordinance, Petition, Resolution, or Remonstrance the item shall be read a second time at the next full Council meeting and shall then be in order for a final action unless the next full Council meeting falls on the same day. When an Order, Ordinance, Petition, Resolution or Remonstrance appears before the full Council with a recommendation from a committee that same day, it shall be

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

presumed that the matter will be placed on the agenda of the next full Council meeting under the Reports from Committee section of the agenda. Any councilor, however, shall be entitled to make a motion to immediately pull a matter from committee, when a matter is recommended by that committee on the same day, provided that a showing of good cause has been made. The burden shall be on the maker of the motion to demonstrate good cause. After a second to the motion has been made, the motion to pull from committee shall require a simple majority vote. Appointments of city officials by the Mayor are not included in connection with the aforesaid.

Rule 35A When a matter is introduced to the full Council with a recommendation for passage from any standing or special committee, a period of discussion shall be in order before a Motion for Passage is entertained by the President, President Pro Tempore, or other member presiding on behalf of the President.

Rule 36 All matters pertaining to amendments to the Rules of Order of the City Council, Ordinances and legal affairs shall be referred to the committee on Legal and Legislative Matters.

When amendments are recommended to the Council, the City Clerk shall forward copies of any proposed changes to all members, and no amendment shall be in order for final passage until each member shall have received such copy.

Rule 37 When any matter has been rejected by the full Council, no measure embodying substantially the same subject shall be introduced by any committee or member within six (6) months of its previous rejection.

Rule 37A Any matter not acted upon by the Council or the appropriate committee within one (1) year of said matter being filed, shall be considered null and void and shall be removed from the calendar of the Clerk of Committees. Any matter considered null and void by operation of this rule shall not be subject to any refiling restriction of Rule 37.

Rule 37B During a Council meeting, standing committee thereof, or a public hearing, a non-member may speak no more than ten (10) minutes unless he obtains the consent of the Council or standing committee thereof, nor may he/she speak more than twice on the same issue.

Rule 38 Unless otherwise ordered, votes shall be taken orally. If the vote is doubted, the members voting shall rise in their places until counted. A Roll Call vote shall be taken upon request of five (5) or more councilors.

Rule 39 The President shall consider a motion to adjourn as always in order, except on immediate repetition. When a matter before the Council is under debate, he/she shall receive no motion except:

1. To adjourn
2. To lay on table
3. The previous question
4. To close debate

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

5. To postpone to a day certain

6. To amend

7. To postpone indefinitely

Motions shall have precedence in the order arranged.

Rule 40 On the following motions, the debate shall be limited to the time specified in each case:

To Adjourn: No Debate

Roll Call: No Debate

Lay on Table: No Debate

The previous question; to close debate at a specified time; indefinite postponement; postponement to a day certain; to suspend the rules; to reconsider: Ten Minutes (10) -- No member to occupy more than three (3) minutes.

Whenever, at any meeting, a question is laid on the table, it shall remain there until the close of the next regular meeting, if not taken up earlier; but, if it is not taken from the table at such next meeting, or earlier, the Clerk shall place the same in the files of the Council and shall make a record thereof in the minutes of such meeting and upon any paper relating to such question.

Rule 41 Any motion shall be in writing if the President so directs, or any member of the Council so requests.

Rule 42 A question containing two or more propositions capable of division shall be divided whenever any member so requests and is confirmed by majority vote.

Rule 43 No motion or proposition of a subject different from that under consideration shall be admitted under the color of any amendment.

Rule 43A Any member may move the consideration of any report of committee out of the order said report appears on the agenda, subject to the unanimous consent of the Council.

Rule 44 When a vote has been taken, except those enumerated in Rule 45, it shall be in order for any member voting on the prevailing side to move a reconsideration thereof at the same meeting at which such vote was taken, or to file with the City Clerk notice of a motion to reconsider such vote within twenty-four (24) hours from the taking of the same. When a motion to reconsider has been decided, that vote shall not be reconsidered and, unless two-thirds (2/3) of the members of the Council are present, a motion to reconsider shall be laid upon the table until the next meeting of the Council.

A notice of a motion to reconsider filed with the City Clerk shall be regarded in the same manner as if a motion to reconsider had been made while the Council was in regular session and, except as hereinbefore provided, shall be called up by the member filing such notice, or by some other member of the Council, at the next regular meeting, or at any intervening special meeting provided the same is included in the call thereof.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Whenever notice of a motion to reconsider has been filed, as aforesaid, the City Clerk shall notify all the members of the Council. No notice of a motion to reconsider may be withdrawn except by a majority vote of the Council. No notice of a motion to reconsider may be filed with respect to any. Order, Ordinance, Petition, Resolution, or Remonstrance or vote acted upon at the final meeting of the term to which the members of any Council may have been elected.

Rule 45 No vote on any of the following motions shall be reconsidered:

1. To Adjourn
2. To Lay on the Table
3. To Take from the Table
4. To the Previous Question
5. To Reconsider

APPEAL

Rule 46 No appeal from any decision of the President shall be entertained unless it is duly seconded, and no other business shall be in order until the question on the appeal has been decided by a majority vote of the Council. The question shall be put as follows: *"Shall the decision of the Chair stand as the judgment of the Council"*?

USE OF COUNCIL CHAMBER

Rule 47 The use of the Council Chamber, or the Council Committee Room, shall not be granted to any person or organization without the permission of the President. Said request shall be in writing, and the Clerk of Committees shall keep a suitable calendar noting the permitted uses thereon.

CAUCUS & ELECTION OF PRESIDENT

Rule 48 The City Council shall, on the first Monday in December of each year, nominate a President for the ensuing year. Notice of the holding of the Caucus herein provided shall be sent to each member qualified to vote therein not less than four (4) days before the date thereof.

Such Caucus shall be held in the Council Chamber; shall be called to order by the President Pro Tempore; shall include a period for public comment and shall be conducted in accordance with the rules of the Council pertaining to the conduct of regular meetings. Notice of the Caucus shall be posted, and the Caucus shall be held in public session. The President Pro Tempore shall call upon the City Clerk to conduct the Caucus, tally votes, and announce the results. Nominations, as aforesaid, shall be followed by a Roll Call vote, each member present answering to his/her name when called by the City Clerk, stating the name of the person for whom he/she votes, or that he/she declines to vote. The vote of the majority of all the members of the Council shall be necessary to so nominate a President. Upon being elected, the prior President shall escort the newly-elected President to the rostrum.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

A candidate with the intention of pursuing the presidency shall state so publicly at any prior meeting of the full Council before the scheduled caucus.

The nomination of a President shall be a non-binding vote. The formal election of the President shall take place at the first meeting in January next following. Before a final vote commences, all nominees shall be required to make a public statement regarding their candidacy, at the first meeting in January, which shall not exceed five (5) minutes in length. The conduct of the election shall follow the process of the Caucus.

MISCELLANEOUS

Rule 49 Any rule may be suspended by an affirmative vote of two-thirds (2/3) of the members of the Council present. When a motion to suspend a rule is made, the specific rule for which suspension is sought must be cited in the motion and the reason stated on the record.

Any rule may be amended or repealed by a vote of a majority of all the members of the Council, but the motion for such purpose shall not be made and acted upon at the same meeting. All motions for amendments to these rules shall be in writing and copies thereof shall be sent to each member by the City Clerk before final action thereon.

Rule 50 The Council shall be governed by Robert's Rules of Order, in all questions of parliamentary procedure not provided for by special rules of order.

Rule 51 In order to promote fair and open discussion, once a public hearing is called to order, the presiding officer shall recognize members of the public who may speak in the order of recognition. Public hearings shall not be divided into time periods for proponents and opponents to speak.

Rule 52 In the event the Council must elect a person to complete the term of a Councilor in accordance with Section 2-11 (c) of the City Charter, the procedure for filling such vacancy shall be as follows:

1. Notice shall be given by immediate publication once in a newspaper of local circulation and for not less than two (2) weeks on the City's website homepage that the vacancy exists and that are placement is being sought.

2. Individuals interested in filling the vacancy (hereinafter "Applicants") shall be requested to contact the Clerk of Committees. By the close of business of the 14th day following publication in a newspaper of local circulation, applicants shall submit a letter of intent and resume to the Clerk of Committees.

3. Applicants who have complied with Rule 52, Section 2 above shall be invited to a meeting of the full Council, at which time all applicants will be given an opportunity to address the Council. At that time, Applicants will be afforded up to 10 minutes to make a statement; and Councilors will have the opportunity to ask questions of the Applicants.

4. After all applicants have been given an opportunity to address the Council, an election shall be conducted.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

5. In order to be eligible for election, an Applicant must have his/her name placed in nomination and must receive a second.

6. The voting shall be public with each member of the Council stating the name of the Applicant for whom he or she is voting.

7. The first Applicant to receive six (6) votes shall be elected pursuant to Section 2-11(c) of the City Charter.

8. If there is more than one Applicant and no Applicant receives six (6) votes on the first ballot, the two (2) individuals who receive the most votes shall move to a second ballot. The other Applicants shall be eliminated. In the event that there is a tie for either of the top two spots, any individual in such a tie shall move on to a second ballot.

9. In the event that no Applicant receives six (6) votes after at least five (5) ballots, the Council may place the order on the table and continue with the process at the next regularly scheduled meeting of the full Council.

Rule 53 Whenever the President, or a member of the Council appointed by the President or Mayor to serve on a committee, commission, council, board or other working group, attends a meeting of such committee, commission, council, board or other working group, that member shall report back at the next regular meeting of the Council as to the actions taken on all matters on the agenda of said body.

Rule 54 In the event of a vacancy in the position of the City Clerk or Clerk of Committees, the President of the Council shall appoint a nominating committee of three (3) Councilors. The nominating committee will cause any such vacancy to be posted, will review applicant resumes, and conduct interviews. Thereafter, the nominating committee shall recommend three (3) candidates for consideration by the full Council.

Rule 55 When a standing committee votes to move forward any Order, Ordinance, Petition, Resolution or Remonstrance to the full Council on the preceding Thursday before a full Council meeting, the City Clerk shall, on the next business day, update the meeting agenda of the full Council to include the committee's recommendation. The updated agenda shall be posted in accordance with the provisions of Rule 8.

Rule 56 All correspondence from members of the public submitted in writing to the Council in connection with any matter before the full Council or committee thereof shall be publicly available; such correspondence shall be automatically attached to the order in question by the City Clerk or Clerk of Committees and shall not require a vote of the full Council or any committee thereof.

Correspondence relating to a matter, when submitted to the Council at least twenty-four hours (24) prior to a scheduled meeting on said matter, shall be attached to the order before the start of the meeting; correspondence submitted thereafter shall be attached to the order no later than forty-eight 48 hours from the time of adjournment.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The City Clerk shall redact the e-mail address and phone number of any member of the public who submits correspondence to the Council before any such correspondence is attached to the order.

Rule 57 The final disposition of all Orders, Ordinances, Petitions, Resolutions, and Remonstrances for a given fiscal year shall be posted to the City Council section of the City's webpage by the City Clerk within 48 hours of a measure having been disposed. The public posting of dispositions, hereinafter known as the Legislative Disposition List, shall include the following information for all disposed matters: 1) the title of the filing; 2) the filing number; 3) the name of the Councilor who sponsored the filing; 4) the names of any co-sponsors; 5) how each Councilor voted on the matter; 6) the outcome of the vote; and 7) the date of disposition.

The Legislative Disposition List shall be maintained in the order that matters are disposed.

Rule 58 When a virtual meeting occurs, public participation shall be enabled in accordance with Rule 29A, whenever feasible.

Councilors must utilize a video feed when participating in a virtual meeting. In the event that a Councilor loses video and audio feed during a meeting, no vote shall occur on any matter until after such time that a recess has occurred in order to troubleshoot the problem. If the Councilor's video and audio feed has not been reestablished within 15 minutes of recessing, the members shall decide whether to proceed with a vote.

If the City Clerk loses video and audio feed during a meeting, the Clerk of Committees shall call the roll and record all votes. If the Clerk of Committees loses video and audio feed during a meeting, the committee Vice Chair shall call the roll and record all votes. If the Clerk of Committees loses video and audio feed during a full Council meeting, the City Clerk shall read all orders of business into the record.

When a remote meeting of the full Council or committee thereof occurs, the City Clerk or Clerk of Committees shall admit any member of the administration or other participant to the meeting as directed by the presiding officer. No member of the administration or other participant shall be admitted without the approval of the presiding officer. Members of the administration or other participants shall remain in the virtual meeting room until such time that the presiding officer determines that their presence is no longer needed.

Members of the administration or other participants appearing before the Council in a remote format must utilize a video feed to the extent possible.

COMMENTARY

Rule 4

Commentary: In legislative bodies at all levels of government, a recognized officer, usually the longest-serving member, serves as President Pro Tempore. Although not recognized by this title in the last iteration of the Rules of Order, the longest-serving member has historically presided over the Council in the President's absence. This new rule removes the requirement that the Council vote for a temporary presiding officer each time the President is unable to fulfill his/her duties, affording deference to the most experienced Councilor to preside over the body.

Rule 7A

Commentary: This rule delineates and streamlines the structure of supervision as it relates to the City Clerk.

Rule 8

Commentary: The Massachusetts Open Meeting Law requires public bodies to provide *at least* 48-hours' notice to the public when a meeting will be held. This amended rule requires that notice of a City Council meeting or committee thereof is posted at least 72-hours in advance of a meeting -- an affirmative step at promoting greater transparency in City government by extending the period of time for which the public is given notice. This rule does not prohibit the updating of agendas or agenda packets after the initial posting so long as any and all updates comport with the Open Meeting Law.

Rule 13

Commentary: This rule recognizes that inquiry, debate, and discussion are separate and distinct parts of the legislative process. Historically, the cap on how much time a Councilor was allowed to speak on a given matter had been defined in an arbitrary way; moreover, the cap failed to recognize the nuances of a deliberative public process, having a stifling effect on Councilors, especially the sponsors of an order. This rule sets parameters for how much time a member can occupy when speaking on a particular matter, while accounting for the different stages of a matter under examination and allotting appropriate time for each stage. It also affords the President the flexibility to grant a member additional time, when leave has been requested by that member.

Rule 28

Commentary: This rule delineates and streamlines the structure of supervision as it relates to the Clerk of Committees.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Rule 32

Commentary: This rule is meant to compel the administration to provide the City Council with all documents and other materials related to an order filed by the Mayor at least 48-hours' in advance of a meeting. Recognizing that no Councilor should be forced to proceed on a matter for which he/she has not been given adequate time to prepare, a minority of Councilors may vote to postpone the consideration of a matter by invocation of this rule.

Rule 35

Commentary: This amended rules prevents the fast-tracking of legislative matters by ensuring that a final vote does not occur by the full Council on the same evening that a matter is voted out of Committee. The intent of this rule is that pending legislation remains in the public eye for a longer period of time. With a showing of good cause, however, any Councilor may move to pull a matter from Committee on the same evening when it was voted out of Committee. This provision accounts for items that may be time sensitive in nature.

Rule 48

Commentary: The selection of a President is more than a procedural exercise determining the leadership of the Council. As the City Charter designates the President to assume the duties of Mayor during the Mayor's temporary absence, as well as to fill the unexpired term of the Mayor should the Mayor resign or no longer be able to execute the duties of the office, choosing a President must be a transparent and deliberative public process. Any Councilor seeking the presidency should have to state his/her interest at an earlier public meeting and, after being duly nominated at caucus, be required to state publicly the reasons for his/candidacy before any vote occurs.

Rule 55

Commentary: For any matter voted out of Committee on the Thursday preceding the Monday meeting of the full Council, that matter should, in the spirit of transparency, be added to Monday's meeting agenda that next business day. Failure to provide notice of a matter scheduled for a final vote is an opaque, administrative practice that only works to discourage access and participation by the public. This amended rule is an antidote to that.

Rule 56

Commentary: This rule makes clear that any written or electronic correspondence submitted by a member of the public in connection with a matter pending before the council be automatically attached to the order and included in the meeting agenda packet, without requiring a vote of the Council. It further recognizes that the public has the right to know when correspondence connected to any matter under consideration has been directed to the Council, and how such correspondence may or may not influence decisions made by the body.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Rule 57

Commentary: The intent of this rule is to create a centralized, on-line location so that the public can easily access and review all legislative matters disposed in a given year, whether in committee or by the full Council. A clearinghouse of this kind offers the public unfettered access to the legislative voting record, avoiding the unnecessary and cumbersome process of the public having to navigate IQM2 to peruse meeting minutes in order to determine the outcome of a vote.

Rule 58

Commentary: This rule establishes protocols governing how business will be conducted during virtual meetings of the City Council or a committee thereof.

REDLINE VERSION as discussed by the Rules of Order Special Committee

Proposed New Rules: 7A, 28, 31A, 35A, 55, 56, 57, 58

Rule 1 Regular Meetings of the City Council shall be held on the first and third Mondays of each month at 7:45 p.m.~~,~~ except as followed: ~~-~~(1) during July and August when there shall be one meeting each month on the third Monday; (2) when an election is to be held the following day ~~the~~ such meeting shall be held on the following Monday; and (3) when ~~said Monday~~ a meeting falls on a holiday, ~~the~~ such meeting shall be held on ~~the~~ Tuesday~~. following such holiday~~.

QUORUM

Rule 2 A majority of the Council or any Committee thereof shall constitute a quorum~~,, but a less number may adjourn from day to day~~.

PRESIDENT

Rule 3 The President shall take the chair at the scheduled hour~~, to which the Council stands adjourned~~, call the members to order and, on the appearance of a quorum~~;~~, proceed ~~to~~ with business.

Rule 4 In the absence of the President, the President Pro Tempore of the Council, who shall be the senior member in length of service, shall call the Council to order and preside over meetings until the President resumes the Chair. ~~a President pro tempore is chosen, which shall be by ballot unless a roll call is requested by not less than three members, and a plurality of votes shall elect. In case~~ When two or more members have the same seniority, ~~lots~~ names shall be drawn by the City Clerk thirty (30) minutes before the commencement of the meeting in the presence of the Clerk of Committees and at least one (1) member of the body,~~-~~ to determine ~~who shall~~ who the presiding officer will be.~~call the Council to order~~.

In the event that the longest serving member of the Council is elected President, the second longest serving member of the body shall serve as President Pro Tempore. When two or more members have the same seniority, the aforementioned selection process shall be followed.

Rule 5 The President shall preserve decorum and order~~;~~, may speak to points of order in preference to other members, and shall decide all questions of order, subject to an appeal by the Council. The President shall declare all votes and may vote in all cases.

Rule 6 The President may call ~~any member~~ the President Pro Tempore to the chair to preside over a full Council meeting, but such substitution shall not continue longer than one meeting without a majority vote of the members. The President may express an opinion on any subject under debate; but in such case he/she must leave the chair~~, appointing some other member to preside,~~ and shall not resume the chair while the question is pending~~; provided the same is taken before adjournment~~. The President may state facts and give an opinion on questions of order without leaving the chair.

Rule 7 It shall be the duty of the President or his/her designee to examine and approve the records of each meeting. It shall, likewise, be the duty of the President or the President ~~p~~Pro ~~t~~Tempore to sign all legislative matters which have been passed at any meeting.

Rule 7A It shall be the duty of the President to oversee the City Clerk who~~, and the Clerk of Committees as employees of the Council; these two roles~~ shall report directly to the Council President.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

CITY CLERK AND ASSISTANT CITY CLERK

Rule 8 The City Clerk or Assistant City Clerk shall keep ~~a written record~~minutes of the proceedings of the ~~City~~ Council which shall~~, at the meeting of said Council~~ be subject to correction when the Council meets. The City Clerk shall note upon legislative papers the action taken by the Council relating to said papers. ~~and shall, for the time being, have charge of such papers.~~

The City Clerk shall perform such duties in connection with the transaction of business during the sessions of the ~~City~~ Council as the President deems necessary. ~~may deem best for expediting the business of said Council~~.

Whenever a petition is filed as provided by Section 22 of Chapter 166 of the General Laws seeking a permit for an original location for wires, poles, piers, abutments or conduits to be used for the transmission of electricity, the City Clerk shall forthwith, upon receipt of such petition, send notice, in the manner required by said Section, of a public hearing to be held thereon at the next meeting of the ~~City~~ Council occurring not less than seven (7) days following such receipt. The City Clerk shall also send notice of such hearing to the Inspector of Wires.

The City Clerk shall be responsible for preparing~~e a c Pre-Meeting Calendar~~a ~~published agenda~~ a Pre-Meeting Calendar for full Council meetings containing the following items: all matters of new business; all reports of committees to be presented at any regular or special meeting of the Council~~,~~; ~~which calendar shall include~~ a statement of any orders ~~with respect to~~ for which notice of a motion to reconsider ~~may have~~ has been filed~~,~~; ~~of~~ all orders which have been laid upon the table or postponed to a day certain~~,~~; ~~of~~ all hearings which may have been ordered~~,~~; and ~~of~~ all matters of unfinished business~~;~~, ~~and~~ ~~s~~such ~~c~~Calendar shall be ~~mailed or delivered~~ electronically transmitted to each member of the Council at least forty-eight (48) hours prior to said meeting.

~~After receipt by the City Clerk of all communications and papers referred to in Rule 32, he/she shall prepare a calendar of new business for such meeting, which shall be distributed to the members of the Council as seasonably as may be before the hour at which such meeting is called.~~

Agendas and corresponding agenda packets for all committee meetings and ~~Orders of the Day for~~ full Council meetings shall be publicly posted ~~to the public~~ ~~forty-eight~~ seventy-two (~~48~~72) hours before ~~that~~ a meeting is called to order, excluding Saturdays, Sundays, and legal holidays~~:~~. ~~a~~Agendas may~~, however,~~ be updated after their initial posting so long as subsequent agenda items are added at least forty-eight (48) hours prior to a meeting in accordance with the Massachusetts Open Meeting Law. All Orders, Ordinances, Petitions, Resolutions, and Remonstrances appearing on meeting agendas shall include the name(s) of the corresponding sponsor(s).

Notice of emergency meetings must be posted as soon as reasonably possible prior to ~~the~~ a meeting~~. Notices must be posted~~ and in a manner ~~that is~~ accessible to disabled persons to the extent required by federal and state law. ~~In addition, the IT Department~~ The City Clerk or the Clerk of Committees shall post ~~all~~ meeting agendas ~~on~~ to the city website~~.; and A all~~ The agenda ~~s~~ of a full Council meeting shall be subject to approval of the President and be posted in the same location as meeting notices.

Commented [rs1]: Sub-rule to indicate president approve agenda

~~Any member who wishes to remove an Order from committee for consideration by the full Council shall notify the City Clerk on or before the deadline specified in Rule 32, and the City Clerk shall place the Order on the Orders of the Day for the next regularly scheduled Council meeting. Should five or more members object to the taking of an Order from committee that appears on the Orders of the Day of the full Council, the Order shall be referred back to committee.~~

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

~~Shall~~When~~-~~ a committee fails to issue a report on an item ~~an Order~~ within forty-five (45) days after the ~~Order~~ matter is referred to ~~that~~ committee, the Clerk of Committees shall notify the City Clerk of ~~said order~~ such and the City Clerk shall place said ~~Order~~ item on the agenda ~~Orders of the Day~~ for the next regularly scheduled Council meeting under Reports from Committee with the following notation: "No Action Taken."

Whenever any ~~o~~~~O~~Order or~~,~~ ~~o~~Ordinance ~~or resolution~~ adopted by the Council at any meeting has not been returned by the Mayor within ten (10) days and is thereby ~~in force~~ enacted~~,~~ ~~as provided~~ pursuant to ~~by~~ Section 3.7 of the City Charter, ~~there shall be included in said~~ the ~~c~~Pre-Meeting Calendar ~~of new business for the first~~ for the next meeting of the Council ~~next following the expiration of such ten (10) day period~~ shall include a statement ~~as to~~ that such ~~o~~Order or~~,~~ ~~o~~Ordinance~~, or resolution setting forth that the same has become law by~~ has taken effect by operation of law. ~~limitation.~~

~~Following each meeting of the Council~~Within forty-eight (48) hours after adjournment of a Council meeting, the City Clerk shall prepare a ~~b~~Post-Meeting Bulletin containing a statement of all ~~orders~~ items referred to committees, whether standing or special~~:~~. ~~said bulletin to be in such form that a~~All matters so referred shall be listed separately under the heading of the respective committees; and ~~containing, likewise, a statement of~~ all matters laid upon the table or postponed to a further ~~day~~ date ~~certain~~, and ~~of~~ any hearings ordered to be held at any subsequent meeting, shall be included in said Bulletin~~.~~

Whenever a notice is filed by any member as a ~~m~~Motion to ~~r~~Reconsider a vote passed by the Council ~~at any meeting~~, such ~~b~~Bulletin ~~for said meeting~~ shall include a statement to that effect. ~~with respect to such vote.~~ There shall also be noted upon said ~~b~~Bulletin a statement as to the action taken by the Council on which a Motion to Reconsider was filed. ~~on all matters considered at such meeting.~~ Bulletins shall be ~~delivered~~ transmitted electronically to the members within ~~forty-eight~~ seventy-two (~~48~~72) hours after adjournment of the meeting to which they pertain.

Rule 9 The Assistant City Clerk, in the absence of the City Clerk, shall perform the duties of the City Clerk.

CONDUCT & DECORUM OF MEMBERS

Formatted: Centered

Rule 10 When a member speaks, he/she shall address the presiding officer~~-~~ and shall confine his/her remarks to the question under ~~debate~~ consideration. ~~Every member while~~ While speaking, members shall ~~at all times~~ avoid personalities~~:~~, and no member ~~in debate~~ shall directly or indirectly ~~impute to~~ impugn another member or ~~to any other members any conduct or~~ conduct themselves ~~motive~~ in a manner unworthy or unbecoming ~~a member~~ of a City Councilor. No member shall speak or vote out of his/her place without leave of the presiding officer.

Rule 11 No member shall be interrupted while speaking except by their consent or by a point of order or point of information; nor shall there be any conversation among the members while a question is being stated, while a member is speaking or a paper is being read.

Rule 12 If a member repeatedly violates any of the rules of the Council or disrupts the orderly procedure of the Council, the presiding officer, after warning the member of such violations, shall call the member to order, and a member so called to order shall lose the right to speak on the pending subject matter but shall not be prevented from voting. A member so called to order shall remain silent until ~~the Council begins consideration of another subject matter or unless~~ the presiding officer returns to the member his/her rights to the floor. ~~No debate shall be permitted on any point of order, except on appeal and on such appeal no member shall be allowed to speak more than once.~~

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Rule 13 ~~During debates, if objection is made thereto, no member shall speak twice to the same question without leave of the Council, nor more than once if any other member, who has not previously spoken, desires to speak.~~ A Councilor or any combination of Councilors who file an ~~o~~Order, Ordinance, Petition, Resolution, or Remonstrance shall be given up to fifteen (15) minutes in total to introduce the matter~~any order~~.

~~No member shall occupy more than five minutes in total while~~ When a matter is being debated, no member may occupy more than five (5) minutes for each point under debate, nor shall he/she speak twice to the same question without leave of the Council, nor more than once if any other member, who has not previously spoken, desires to speak. ~~speaking on any question where debate is unlimited.~~

When a city official or other person appears before the Council or committee thereof, an individual Councilor shall not occupy more than ~~twenty-five (25)~~fifteen (15) minutes ~~when asking questions of~~of dialogue with the ~~attendee~~ party. If a Councilor, however, requires additional time for questions, he/she may seek leave of the presiding officer. In determining whether to grant the Councilor additional time, the presiding officer shall consider but is not limited to the following factors:

1) The number of remaining questions the Councilor intends to ask.
2) The number of questions the Councilor has already asked.
3) The relevancy of the questions.
4) The amount of time that has been occupied by the attendee in answering questions.
5) The responsiveness of the attendee.
6) The nature of the matter before the Council or committee.
7) Public interest considerations.
8) The hour of day.
9) Remaining business before the Council or committee.

Formatted: Font: (Default) Times New Roman,

Formatted: Indent: Left: 0.25"

On general matters of discussion, members of the Council shall occupy no more than five (5) minutes when speaking on a particular subject.

The presiding officer, at his/her discretion, may designate the City Clerk or Clerk of Committees to monitor the time provisions of this rule.

~~A person designated by the presiding officer shall keep strict accounting of the time occupied by any member and shall inform the presiding officer when a member's time has expired. Without leave of the Council, any member must thereupon stop speaking until the Council begins consideration of another subject matter.~~

Rule 14 No member shall vote on any ~~question~~ matter or serve on any committee where his/her private interest is immediately distinct from that of the public.

Rule 15 ~~Every~~ When a question is put forward, every member present, except the President, ~~present when a question is put forward~~ shall vote, unless excused by vote of the Council or excluded by personal interests.

No member shall leave without permission of the presiding officer if his/her presence is necessary to make a quorum.

Rule 16 The reading of any paper, if objected to, shall be decided by the Council.

Rule 17 No member shall stand up, to the inconvenience of others, while a member is speaking; ~~or~~ pass unnecessarily between the presiding officer and the member speaking; ~~or~~ stand in the area in front of the chair; or stand at the City Clerk's desk while a roll call is in progress~~.~~

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

~~No member shall handle any electronic device, other than one that may be necessary for Council business, during a meeting of the Council or committee thereof.~~ The use of electronic devices should be restricted for Council business only during a meeting of the full Council or committee thereof.

Rule 18 The members of the Council shall not stand ~~not~~ or leave their places on a Motion to Adjourn ~~adjournment~~ until the presiding officer ~~shall have~~ has declared the Council adjourned.

Rule 19 Every member shall take notice of the day and hour to which the Council ~~may~~ stands adjourned.

STANDING COMMITTEES

Formatted: Centered

Rule 20 The President shall appoint voting members to each Standing Committee, one of whom shall serve as Chairperson,

~~,~~The President shall ~~annually,~~ at the first meeting in January, ~~appoint~~ ~~members~~ announce ~~to~~ the Chairpersons and voting members appointed to all Standing Committees for that calendar year ~~of the City Council,~~

~~and t~~The President shall ~~be~~ serve as a member ex-officio of all committees and, when required, may be counted in the making of a quorum. ~~at committee meetings.~~ The President shall be entitled to vote as an ex-officio member of all standing committees. ~~the Appropriations Committee or when he/she is required to make a quorum.~~

All members of the ~~Melrose City~~ Council shall be considered as ~~s~~ members ~~s~~ of each ~~of the Council's~~ Standing Committee~~s~~. ~~The President shall name those members of each committee, to include its Chairperson; who are authorized to vote on matters while pending in committee; all other members of each committee are not~~ but shall not be authorized to vote on ~~such~~ pending matters ~~while~~ ~~pending in committee~~ unless assigned as a voting member of that Committee. A quorum of ~~the~~ a committee shall be determined on the basis of ~~the~~ voting members only.~~.~~

A non-voting member of a committee may only speak on a pending matter after all voting members have been given the opportunity to ~~speak~~deliberate; and non-voting members shall only speak once unless granted leave by the Chairperson. This provision of the rule, however, shall not apply to non-voting members who have sponsored or co-sponsored a~~n order~~ matter ~~that~~ appearing~~s~~ before a committee. The sponsor(s) ~~of an order~~ shall always be recognized first by the Chairperson for the purposes of introducing an order.

The following Standing Committees are hereby established:

~~COMMITTEES~~

Formatted: Left

Appropriations & Oversight ~~(11 members~~5eleven (11) voting members~~)~~ to include the annual Budget and all supplementary budgets, redevelopment authority, federal or state grants, ~~and~~ zoning, and all general oversight matters.~~.~~

Finance ~~(11 members~~five (5) voting members ~~)~~ to include accounts and surety bonds, election matters, print and supplies, and City Council purchases.

Health, Education and Welfare (~~11 members~~five (5) voting members) to include public schools, public library, and veteran~~'~~s ~~services~~ affairs.

Legal and Legislative Matters (~~11 members~~ five (5) voting members) to include rules, legislative matters and claims.

Protection and License (~~11 members~~five (5) voting members) to include the Police and Fire Departments, Emergency Management, and licenses.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Public Service (~~11 members~~five (5) voting members) to include ~~P~~public grounds and buildings.

Public Works (~~11 members~~five (5) voting members) to include Public Works Department, public transportation, all municipal parking areas and lighting of streets and municipal parking areas, and electric, cable and telephone wires.

Rule 21 The member first named on any committee shall be its Chairperson and the second named member of the Committee will be recognized as the Vice Chair of the Committee. ~~and, i~~In the case of ~~his/her~~the Chairperson's resignation, absence or disability, the other members, in the order in which they are named to the Committee, shall call meetings of the ~~c~~Committee and ~~-~~act as Chairperson~~; and i~~. If, for any reason, any committee ~~shall not have~~has not assembled within three (3) weeks from the reference ~~to it of any~~ of matters ~~pertaining~~ thereto ~~such committee~~, except for the Summer season, the member second in order may call meetings of the committee. ~~It shall be the duty of the Committee on Finance to approve all purchases for the City Council.~~

- **Rule 21A** Committee Chairpersons~~s~~ serve at the pleasure of the President, who may at any time remove a Chair and designate a new Chair. Neither the removal nor the appointment or re-appointment of a Chairperson~~, nor the appointment of a new Chair one~~ shall be subject to the approval of the Council.

- **Rule 21B** A committee Chairperson shall take the chair at the scheduled time and shall convene the meeting within thirty (30) minutes thereof. If a quorum is not present within thirty (30) minutes of the time originally scheduled, ~~then~~ the Chairperson shall not commence such meeting and it shall be rescheduled to a later date.

- Rule 21C The Chairperson shall call upon the Vice Chair to preside whenever the Chairperson intends to ask questions of an attendee or express an opinion on a matter before the Committee. The Chairperson may resume the chair when the matter for which he/she gave up the chair is no longer before the Committee.

- **Rule 21D~~C~~** Whenever one (1) or more committee meetings are scheduled to commence the same evening as the full Council or other committee meeting(s), each meeting shall commence within thirty (30) minutes of the meeting's respective scheduled meeting time. Where the earlier opened meeting(s) has not adjourned prior to the time by which another meeting must commence, the earlier committee(s) may recess so as to allow the other scheduled committee meeting(s) to open for the purpose of public comment. After public comment the members may vote to recess and reconvene ~~any~~ the preceding meeting. ~~that was earlier opened and recessed, but not adjourned.~~

~~**CLERK OF COMMITTEES**~~

~~**Rule 22** The Clerk of Committees shall keep proper records of committee meetings in written format, which shall be an official record. Audio/visual records may also be kept. A copy of the written record shall be available to all members of the Council or and members of the public. He/sShe shall prepare all reports of committees for presentation to the City full Council subject to the approval of the Chairperson. The Clerk of Committees shall, following the final action of the Committee on Appropriations & Oversight and the making of its report on the annual budget, or any supplementary budget, prepare a statement with respect to the appropriations recommended for each department, when such appropriations include any sums for increase in salaries for employees of such departments, stating in detail the amount of such increases allowed in such appropriations and the period of the budget year allowed by said appropriations.~~

been filed with the ~~Order~~City Clerk.~~, and the honoree(s), if any, confirm their attendance at the time the resolution is introduced~~.

Rule 33 Ordinances of the city and associated amendments ~~thereto~~ shall be established ~~only~~ by a two-thirds (2/3) vote of all the members of the ~~City~~ Council, to be taken by a Roll Call~~Viva Voce~~ vote~~the yeas and nays~~. In the case of all other legislative matters, except as otherwise provided in the General Laws, or in the Revised Charter and Ordinances of the City of Melrose, the affirmative vote of a majority of all members of the Council shall be necessary for passage at each debatable legislative stage.

Rule 34 Subject to the provisions of Section 2-9(b) of the City Charter, every legislative matter shall be read once when it is introduced and shall then be referred to its appropriate committee, unless, where appropriate, immediate consideration is ~~asked for~~requested. ~~, in which event it~~In the case of a request for immediate consideration, the legislative matter shall be at once considered, provided no councilor objects; and no motion shall be applied to any such matter when originally introduced until immediate consideration has been granted. It shall be the duty of the President to ask if there is objection before immediate consideration is given any matter, and upon objection the matter will be referred to the appropriate committee.

Rule 34A All matters involving the appropriation of moneys in the treasury not otherwise appropriated, the intra-departmental transfer of moneys from one account of the city to another, or otherwise affecting municipal finances, shall be referred to the ~~committee on Finance~~Finance Committee. The ~~committee~~ Committee shall make its recommendation thereon not later than three (3) weeks from the date of such reference. The provisions of this section shall not apply in the case of matters referred to the Committee on Appropriations & Oversight.

Rule 35 Upon the report of a committee recommending the passage~~ing~~ of any ~~ordinance,~~ ~~o~~Order, Ordinance, Petition, ~~or~~ ~~r~~Resolution, or Remonstrance ~~it~~ the item shall be read a second time at the next full Council meeting and shall then be in order for a final action unless the next full Council meeting falls on the same day. ~~unless there is objection on the part of not less than five (5) Councilors.~~ When an Order, Ordinance, Petition, ~~or~~ Resolution or Remonstrance appears before the full Council with a recommendation from a committee that same day, it shall be presumed that the matter will be placed on the agenda of the next full Council meeting under the Reports from Committee section of the agenda. Any councilor, however, shall be entitled to make a motion to immediately pull a matter from committee, when a matter is recommended by that committee on the same day, provided that a showing of good cause has been made. The burden shall be on the maker of the motion to demonstrate good cause~~;~~. ~~to be ruled upon by the President, before a second shall be entertained.~~ After a ~~determination of good cause has been made by the President~~second to the motion has been made, the motion to pull from committee shall require a ~~two thirds (2/3) viva voce~~simple majority vote. ~~It shall be the duty of the President to ask if there is objection before consideration. If not less than five (5) Councilors object, it shall be placed in the orders of the day for the next meeting.~~ Appointments of city officials by the Mayor are not included in connection with the aforesaid.

Rule 35A When a matter is introduced to the full Council with a recommendation for passage from any standing or special committee, a period of discussion shall be in order before a Motion for Passage is entertained by the President, President Pro Tempore, or other member presiding on behalf of the President.

Rule 36 All matters pertaining to amendments to the Rules of Order of the City Council, Ordinances and legal affairs shall be referred to the committee on Legal and Legislative Matters.

When amendments are recommended to the Council, the City Clerk shall forward copies of any proposed changes to all members, and no amendment shall be in order for final passage until each member shall have received such copy.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Rule 37 When any ~~order~~ matter has been ~~finally~~ rejected by the full Council, no measure embodying substantially the same subject shall be introduced by any committee or member within six (6) months of its previous rejection.

Rule 37A Any ~~order~~ matter not ~~finally~~ acted upon by the Council or the appropriate committee within one (1) year of said ~~order~~ matter being filed, shall be considered null and void and shall be removed from the ~~files~~ calendar of the Clerk of Committees. Any ~~order~~ matter considered null and void by operation of this rule shall not be subject to any refiling restriction of Rule 37.

Rule 37B During a ~~City~~ Council meeting, standing committee thereof, or a public hearing, a non-member ~~speaker~~ may speak no more than ten (10) minutes unless he obtains the consent of the ~~City~~ Council or standing committee thereof, nor may he/she speak more than twice on the same issue.

Rule 38 Unless otherwise ordered, votes shall be taken orally. If the vote is doubted, the members voting shall rise in their places until counted. A ~~Viva Voce~~ Roll Call vote shall be taken upon request of five (5) or more councilors.~~by yeas and nays when five members of the Council so request~~.

Rule 39 The President shall consider a motion to adjourn as always in order, except on immediate repetition. When a ~~question~~matter before the Council is under debate, he/she shall receive no motion except:

Commented [rs6]: Has 'question' been defined in context of debatable item? i.e., is this an ordinance or resolution?

1. To adjourn
2. To lay on table
3. The previous question
4. To close debate
5. To postpone to a day certain
6. To amend
7. To postpone indefinitely

~~which several~~ ~~m~~Motions shall have precedence in the order arranged.

Rule 40 On the following motions, the debate shall be limited to the time specified in each case:

To adjourn:~~-~~ N~~n~~o ~~d~~Debate;

Roll Call ~~Viva Voce Vote~~~~Yeas and Nays~~;~~-~~ ~~n~~No ~~d~~Debate;

Lay on Table:~~-~~ ~~n~~No ~~d~~Debate;

The previous question:~~,~~ to close debate at a specified time~~,~~; indefinite postponement~~,~~; postponement to a day certain~~,~~; to suspend the rules~~,~~; to reconsider:~~;~~ ~~t~~Ten ~~m~~Minutes (10) ~~(~~-- no member to occupy more than three (3) minutes.~~)~~

Whenever, at any meeting, a question is laid on the table, it shall remain there until the close of the next regular meeting, if not taken up earlier; but, if it is not taken from the table at such next meeting, or earlier, the ~~c~~Clerk shall place the same in the files of the Council and shall make a record thereof in the ~~journal~~ minutes of such meeting and upon any paper relating to such question.

Rule 41 Any motion shall be in writing if the President so directs, or any member of the Council so requests.

Rule 42 A question containing two or more propositions capable of division shall be divided whenever any member so requests and is confirmed by majority vote.~~-~~

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Rule 43 No motion or proposition of a subject different from that under consideration shall be admitted under the color of any amendment.

Rule 43A Any member may move the consideration of any report of committee out of the order said report appears on the ~~calendar~~ agenda, subject to~~with~~ the unanimous consent of the Council ~~move the consideration of any report of committee out of the order said report appears on the calendar~~.

Rule 44 When a vote has been taken, except those enumerated in Rule 45, it shall be in order for any member voting on the prevailing side to move a reconsideration thereof at the same meeting at which such vote was taken, or to file with the City Clerk notice of a motion to reconsider such vote within twenty-four (24) hours from the taking of the same~~, but,~~. ~~w~~When a motion to reconsider has been decided, that vote shall not be reconsidered and, unless two-thirds (2/3) of the members of the Council are present, a motion to reconsider shall be laid upon the table until the next meeting of the Council.

A notice of a motion to reconsider filed with the City Clerk shall be regarded in the same manner as if a motion to reconsider had been made while the Council was in regular session and, except as hereinbefore provided, shall be called up by the member filing such notice, or by some other member of the Council, at the next regular meeting, or at any intervening special meeting provided the same is included in the call thereof.

Whenever notice of a motion to reconsider has been filed, as aforesaid, the City Clerk shall notify all the members of the Council. No notice of a motion to reconsider may be withdrawn except by a majority vote of ~~all the members of~~ the ~~City~~ Council. No notice of a motion to reconsider may be filed with respect to any ~~ordinance~~, ~~o~~Order, Ordinance, Petition, ~~or~~ R~~r~~esolution, or Remonstrance or vote acted upon at the final meeting of the term to which the members of any Council may have been elected.

Commented [rs7]: Struck all members in the cas… less than the full council is present but a quorum ha… established.

Rule 45 No vote on any of the following motions shall be reconsidered:

1. To ~~a~~Adjourn
2. To ~~l~~Lay on the ~~t~~Table
3. To ~~t~~Take from the ~~t~~Table
4. To the ~~p~~Previous ~~q~~Question
5. To ~~r~~Reconsider

APPEAL

Rule 46 No appeal from any decision of the President shall be entertained unless it is duly seconded, and no other business shall be in order until the question on the appeal has been decided by a majority vote of the Council. The question shall be put as follows: *"Shall the decision of the Chair stand as the judgment of the Council~~?~~"*? ~~and it shall be deemed to be decided in the affirmative unless a majority of the votes are given to the contrary.~~

Formatted: Font: Italic

USE OF COUNCIL CHAMBER

Rule 47 The use of the Council Chamber, or the Council ~~c~~Committee ~~r~~Room, shall not be granted to any person or organization without the permission of the President. Said request shall be in writing, and the Clerk of Committees shall keep a suitable calendar noting the permitted uses thereon.

CAUCUS FOR NOMINATION OF PRESIDENT

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Rule 48 The City Council shall, on the first Monday in December of each year, nominate a President for the ensuing year~~., and the formal election of the President shall take place at the first meeting in January next following~~. Notice of the holding of the C~~c~~aucus herein provided shall be sent to each member qualified to vote therein not less than four (4) days before the date thereof.

Such ~~c~~Caucus shall be held in the Council Chamber; shall be called to order by the ~~City Clerk~~ President Pro Tempore; shall include a period for public comment~~,~~ and shall be conducted in accordance with the rules of the Council pertaining to the conduct of regular meetings. Notice of the ~~c~~Caucus shall be posted, and the ~~c~~Caucus shall be held in public session.~~.~~

The President Pro Tempore shall call upon the City Clerk to conduct the Caucus, tally votes, and announce the results. Nominations, as aforesaid, shall ~~be made by~~ result in a ~~v~~Viva ~~v~~Voce Roll Call vote, each member present answering to his/her name when called by the City Clerk ~~or other proper officer~~, stating the name of the person for whom he/she votes, or that he/she declines to vote. The vote of the majority of all the members of the Council shall be necessary to so nominate a President. Upon being elected, the prior President shall escort the newly-elected President to the rostrum.

~~Notice of the caucus shall be posted and the caucus shall be held in public session.~~A candidate with the intention of pursuing the presidency shall state so publicly at any prior meeting of the full Council before the scheduled caucus.

The nomination of a President shall be a non-binding vote. The formal election of the President shall take place at the first meeting in January next following. Before a final vote commences, all nominees shall be required to make a public statement regarding their candidacy, at the first meeting in January, which shall not exceed five (5) minutes in length. The conduct of the election shall follow the process of the Caucus.

Formatted: Left

~~SUSPENSION, AMENDMENT OR REPEAL~~ MISCELLANEOUS

Rule 49 ~~These~~ Any rule~~s~~ may be suspended by an affirmative vote of two-thirds (2/3) of the members of the Council present~~.~~~~;~~ When a motion to suspend a rule is made, the specific rule for which suspension is sought must be cited in the motion and the reason stated on the record. ~~they may be~~

Any rule may be amended or repealed by ~~–~~a vote of a majority of all the members of the Council, but the motion for such purpose shall not be made and acted upon at the same meeting. All motions for amendments to these rules shall be in writing and copies thereof shall be sent to each member by the City Clerk before final action thereon.

Rule 50 The Council shall be governed by Robert's Rules of Order, in all questions of parliamentary procedure not provided for by special rules of order.

Rule 51 In order to promote fair and open discussion, once a public hearing is called to order, the presiding officer shall recognize members of the public who may speak in the order of recognition. Public hearings shall ~~no longer~~ not be divided into time periods for proponents and opponents to speak.

Rule 52 In the event the ~~City~~ Council must elect a person to complete the term of a Councilor in accordance with Section 2-11 (c) of the City Charter, the procedure for filling such vacancy shall be as follows:

- 1. Notice shall be given by immediate publication once in a newspaper of local circulation and for not less than two (2) weeks on the City's website homepage that the vacancy exists and that are placement is being sought.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- 2. Individuals interested in filling the vacancy (hereinafter "Applicants") shall be requested to contact the Clerk of Committees. By the close of business of the 14th day following publication in a newspaper of local circulation, applicants shall submit a letter of ~~introduction~~ intent and ~~current~~ resume ~~when contacting~~ to the Clerk of Committees.

- 3. Applicants who have complied with ~~paragraph 2~~Rule 52, Section 2 above shall be invited to a meeting of the full Council ~~Appropriations Committee~~, at which time all applicants will be given an opportunity to address the Council. At that time, Applicants will be afforded up to 10 minutes to make a statement; and Councilors will have the opportunity to ask questions of the Applicants.

- 4. After all applicants have been given an opportunity to address the Council, an election shall be conducted.

- 5. In order to be eligible for election, an Applicant must have his/her name placed in nomination and must receive a second.

- 6. The voting shall be public with each member of the ~~City~~ Council stating the name of the Applicant for whom he or she is voting.

- 7. The first Applicant to receive six (6) votes shall be elected pursuant to Section 2-11(c) of the City Charter.

- 8. If there is more than one Applicant and no Applicant receives six (6) votes on the first ballot, the two (2) individuals who receive the most votes shall move to a second ballot. The other ~~a~~Applicants shall be eliminated. In the event that there is a tie for either of the top two spots, any individual in such a tie shall move on to a second ballot.

- 9. In the event that no Applicant receives six (6) votes after at least five (5) ballots, the Council may place the order on the table and continue with the process at the next regularly scheduled meeting of the ~~City~~ full Council.

Rule 53 Whenever the President, or a member of the ~~City~~ Council appointed by the President or Mayor to serve on a committee, commission, ~~C~~council, board or other working group, attends a meeting of such committee, commission, ~~C~~council, board or other working group, that member shall report back ~~to the full City Council~~ at the next regular meeting of the Council as to the actions taken on all matters on the agenda of said body. ~~committee, commission, Council or other working group~~.

Rule 54 In the event of a vacancy in the position of the City Clerk or Clerk of Committees, the President of the Council shall appoint a nominating committee of three (3) Councilors. The nominating committee will cause any such vacancy to be posted, will review applicant resumes, and conduct interviews. Thereafter, the nominating committee shall recommend three (3) candidates for consideration by the full ~~City~~ Council.

Rule 55 When a standing committee votes to move forward any Order, Ordinance, Petition, ~~or~~ Resolution or Remonstrance to the full Council on the preceding Thursday before a full Council meeting, the City Clerk shall, on the next business day, update the meeting agenda of the full Council to include the committee's recommendation. The updated agenda shall be posted in accordance with the provisions of Rule 8.

Rule 56 All correspondence from members of the public submitted in writing to the Council in connection with any matter before the full Council or committee thereof shall be publicly available; such correspondence shall be automatically attached to the order in question by the City Clerk or Clerk of Committees and shall not require a vote of the full Council or any committee thereof.

Formatted: No underline

Formatted: No underline

Formatted: Underline

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Correspondence relating to a matter, when submitted to the Council at least twenty-four hours (24) prior to a scheduled meeting on said matter, shall be attached to the order before the start of the meeting; correspondence submitted thereafter shall be attached to the order no later than 48 hours from the time of adjournment.

The City Clerk shall redact the e-mail address and phone number of any member of the public who submits correspondence to the Council before any such correspondence is attached to the order.

Rule 57. The final disposition of all Orders, Ordinances, Petitions, ~~and~~ Resolutions, and Remonstrances for a given fiscal year shall be ~~be~~ posted to the City Council section of the City's webpage by the City Clerk within 48 hours of a measure having been disposed. The public posting of dispositions, hereinafter known as the Legislative Disposition List, shall include the following information for all disposed matters: 1) the title of the ~~order~~ filing; 2) the ~~order~~filing number; 3) the name of the Councilor who sponsored the ~~order~~ filing; 4) the names of any co-sponsors; 5) how each Councilor voted on the matter; 6) the outcome of the vote; and 7) the date of disposition.

The Legislative Disposition List shall be maintained in the order that matters are disposed.

Rule 58 When a virtual meeting occurs, public participation shall be enabled in accordance with Rule 29A, whenever feasible.

Councilors must utilize a video feed when participating in a virtual meeting. In the event that a Councilor loses video and audio feed during a meeting, no vote shall occur on any matter until after such time that a recess has occurred in order to troubleshoot the problem. If the Councilor's video and audio feed has not been reestablished within 15 minutes of recessing, the members shall decide whether to proceed with a vote.

If the City Clerk loses video and audio feed during a meeting, the Clerk of Committees shall call the roll and record all votes. If the Clerk of Committees loses video and audio feed during a meeting, the committee Vice Chair shall call the roll and record all votes. If the Clerk of Committees loses video and audio feed during a full Council meeting, the City Clerk shall read all orders of business into the record.

When a remote meeting of the full Council or committee thereof occurs, the City Clerk or Clerk of Committees shall admit any member of the administration or other participant to the meeting as directed by the presiding officer. No member of the administration or other participant shall be admitted without the approval of the presiding officer. Members of the administration or other participants shall remain in the virtual meeting room until such time that the presiding officer determines that their presence is no longer needed.

Members of the administration or other participants appearing before the Council in a remote format must utilize a video feed to the extent possible.

Christopher F. Redfern

Professional Experience

Executive Director
Friends of the Middlesex Fells Reservation, Melrose, MA (2019-present)

- Developed multi-year Sustainable Fells Campaign to address pressing conservation needs at the Fells, including invasive species management and reducing rogue trails for wildlife.
- Established a Fells Caucus of elected officials representing Fells-adjacent communities to effectively lobby for additional financial support and greater environmental protection.
- Led 18 nonprofit organizations in a campaign to opposed the introduction of class 1 electric bicycles on all DCR natural surface trails currently open to traditional bikes (ongoing)
- Led the board and staff in strategic planning that resulted in new strategic priorities, vision, and mission.
- Improved fundraising operations and developed new several funding relationships, doubling the operating budget in less than 24 months.

Executive Director
San Diego Audubon Society, San Diego, CA (2006-2019)

Program and staff development

Developed partnerships with non-profits, local government, state agencies, federal agencies, and other funders to protect endangered species, improve and expand habitat for wildlife, and deliver outdoor science education programs.

- Developed a conservation program to address endangered species, habitat protection, wetlands restoration, and grassroots advocacy, now with two full-time staff
- Developed an education program that annually delivers more than 3,500 outdoor nature lessons, implemented by two program staff and ten naturalists
- Established new revenue streams to support sustainable staffing levels at two San Diego Audubon-owned wildlife sanctuaries
- Grew annual budget to support the addition of volunteer management, communications, development, and office administration staff
- Oversaw dramatic growth of the San Diego Bird Festival, now one of the largest birding festivals in the United States
- Staffing structure includes coordinator, manager, and director-level positions

Strategic Planning and Board Development

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Led the board, staff, and volunteers in strategic planning to develop organizational vision and key strategies
- Aligned fund development, staffing, and programs to the strategic plan
- Led annual board and staff retreats to strengthen teamwork, solve organizational problems, and promote professional growth and development
- Established governance committee to address board composition and training
- Established finance committee to oversee investment and spending policies
- Led diversity, equity, and inclusion team

Fund development and financial management

Grew a mostly all-volunteer organization with a budget of $125,000 to a dynamic and respected local conservation nonprofit with revenues of $950,000.

- Lead a team responsible for securing more than $3 million in grant awards to date; grant-based partnerships currently comprise $300,000 of annual income
- Developed a major gifts program that in five years grew from less than $5,000 in gifts to more than $100,000 annually
- Lead cultivation of planned gifts, resulting in an increase of endowment funds from $500,000 to more than $3 million in the past five years
- Oversee endowment and other financial assets exceeding $5 million
- Responsible for financial control of the organization, including managing the annual budgeting process and monitoring ongoing financial performance
    - Led six-fold increase in revenues while ensuring that budget-to-actual variances averaged less than 5% in the past ten years
    - Maintained cash reserves equal to six months of operating expenses over the past ten years

Office Manager/Volunteer Coordinator
San Diego Audubon Society, San Diego, CA (2005-2006)

- Upgraded donor management software to increase efficiency and reporting capabilities
- Streamlined office operations and developed volunteer capacity

Sales and Marketing Manager
Alert Management Systems Corporation, Colorado Springs, CO (1990-2005)

Responsibilities included business planning, marketing strategy and content development, staff recruitment and training, and website design.

Related Board Experience

Audubon California Board of Directors (2008-2016)

- Worked with senior management team to draft business plans
- Advanced legislative priorities for statewide environmental issues
- Chaired chapter committee and supported establishment of a staffed chapter network

San Diego Children and Nature Collaborative (2009-2011)

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Founding board member
- Secured more than $50,000 in start-up funding to initiate local programming

Recent Committee & Volunteer Service

Mentor, University of San Diego's Outdoor Leaders Initiative (2019)

Member, Mission Bay Park Committee, Mission Bay Park Improvement Fund Oversight Committee (mayoral appointment) (2019)

- Advise the Park and Recreation Board, Mayor, and City Council on policy issues relating to the acquisition, development, maintenance, and operation of Mission Bay Park
- Oversee allocation of funds to restore wetlands, wildlife habitat, and other natural assets

National Audubon Society – Network Leadership Team (2016-2018)

- Developed business-to-business standards of communication and conduct to enhance collaboration between large urban chapters and National Audubon Society programs

Education and Selected Professional Development

Principia College, Elsah, IL
BA, English – Graduated with Honors

University of San Diego's Nonprofit Institute – Program Design Academy (2019)
Lilly Family School of Philanthropy's Fundraising School – Principles and Techniques (2005)
Lilly Family School of Philanthropy's Fundraising School – Major and Planned Gifts (2005)

Mayor Paul Brodeur
Melrose City Hall
562 Main Street
Melrose, Massachusetts 02176

Dear Mayor Brodeur,

I'm writing to express interest in joining the Melrose Conservation Commission and have attached a resume for your consideration.

With more than 15 years of professional experience in the nonprofit conservation field, I have a strong environmental ethic and a desire to serve the City of Melrose in protecting our City's natural resources and safeguarding our wetlands.

Please let me know if any additional materials are needed to confirm my interest in this appointment.

Best,

Chris Redfern

Telephone - (781) 979-4440

MEMORANDUM

To: City Council President Christopher Cinella
From: Mayor Paul Brodeur
Re: Appointment of Sarah MacLellan as Chief Assessor
Date: August 16, 2021

It is my pleasure to submit to you and the Honorable City Council the appointment of Sarah MacLellan to serve as Chief Assessor for the City of Melrose.

Ms. MacLellan is currently the Acting Chief Assessor, and previously served for four years as Assistant Assessor under former Chief Assessor Christopher Wilcock. Prior to joining the Assessor's Office, she worked in the Auditor's Office. Sarah holds a Bachelor of Science in Business Administration and is a Massachusetts Accredited Assessor.

The Chief Assessor is a highly specialized role that is critical to the City's financial functioning. As Chief Assessor, Ms. MacLellan is responsible for the valuation of all commercial, industrial, and residential real estate within the City for taxation purposes in conjunction with the Board of Assessors and in accordance with Department of Revenue regulations. The Chief Assessor also oversees preparation of re-evaluations of all properties in the City, and together with the Board of Assessors, presents an analysis of potential changes in taxation rates. Ms. MacLellan brings to this role invaluable technical experience with appraising principles and practices as well as familiarity with both Melrose property values and the City's financial systems.

In addition to her professional qualifications, Ms. MacLellan is an active and engaged member of the Melrose community, has held volunteer roles with a number of organizations in Melrose, and worked on the Melrose Helps effort during the height of the pandemic.

We are fortunate to have the benefit of Ms. MacLellan's experience and expertise in our Assessing department, especially during a property revaluation year. I respectfully request the City Council confirm her appointment as Chief Assessor for the City of Melrose.

Thank you for your consideration.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

SARAH A. MACLELLAN

May 27, 2021

Dear Hiring Managers,

I would like to formally apply for the Chief Assessor position at the City of Melrose. When reviewing the position requirements, I find that my qualifications and strengths align with the current needs and focus of the Melrose Assessor's Department.

For the past five years I have worked for the City of Melrose, first in the Auditor's Office as an Accounting Clerk, and since 2017, as the Assistant Assessor. During this time, I have obtained my designation as a Massachusetts Accredited Assessor and have acquired a comprehensive set of technical skills that would assist me in doing the work of the Chief Assessor.

I have also demonstrated my ability to work with leaders across City departments, consistently earning praise for my work ethic, attention to detail, strong adherence to policies and guidelines, and using sound discretion in handling sensitive information.

Throughout my work in previous roles and in my current position, I have developed strong interpersonal skills and the ability to communicate in a tactful and effective manner, always responding to customers' inquiries and requests with a friendly and positive attitude.

I hope you will find that this brief summary, in combination with the attached resume, describes a dedicated employee with the skills and enthusiasm to meet the requirements of the position of Chief Assessor in Melrose.

I appreciate your consideration and look forward to discussing this opportunity with you in the near future. Please let me know if there is any other information I can provide that will support my candidacy for this position.

Best Regards,

Sarah MacLellan

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

SARAH A. MACLELLAN

PROPERTY ASSESSMENT PROFESSIONAL

A results-oriented, proven professional with in-depth knowledge of modern property appraisal principles and practices. PROFESSIONAL EXPERIENCE

City of Melrose, Assessors' Office, Melrose, MA

2017 – Present

Assistant Assessor

Perform technical work involved in the appraisal and examining of real property for assessment purposes to Mass Appraisal Standards according to state and local laws. Provide internal and external customer service and assistance to the Chief Assessor as needed.

- Perform physical inspections of residential and commercial properties; develop building sketches and take exterior measurements.
- Inspect and monitor land use and zoning changes, deed transfers and subdivision changes.
- Update and maintain CAMA database to ensure retention of accurate assessment records.
- Explain mass appraisal method and techniques to the general public and respond to questions and concerns relating to appraisal methods.
- Assist with preparation for defense of values in cases before the Appellate Tax Board.
- Gather property data from building plans, building permits, City officials, contractors, lawyers and real estate agents.
- Respond to inquiries from taxpayers, brokers and appraisers in person, via e-mail and by telephone.
- Review, analyze and process exemption and abatement applications for final review by the Board of Assessors.
- Prepare and distribute abutters' lists.
- Attend professional development conferences and training in order to stay informed of Massachusetts Laws and Regulations concerning taxation and to stay up to date on changes and trends in the Assessing field.

City of Melrose, Auditors' Office, Melrose, MA

2016 - 2017

Accounting Clerk

- Led the Accounts Payable process for the City and School Departments, ensuring that finances were accurate and up-to-date and that vendors were paid within established time limits.
- Streamlined the Accounts Payable Process - consolidated A/P warrants from 360 to 280 year over year.
- Audited invoices submitted by all Departments, confirming that proper documentation was submitted in compliance with policy.
- Processed the weekly warrant and check run, coordinated with the Treasurer's office to ensure funds were transferred accordingly.
- Researched payment inquiries for internal and external customers.
- Maintained vendor records in MUNIS system, ensuring that W-9s were received in accordance with the Department of Revenue.
- Conducted training for other departments relating to guidelines for encumbrances and invoice paying in accordance with M.G.L.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Calypso Cards, Newport, RI 2011 – 2015

Accounting Specialist

- Responsible for all facets of receivables management including managing the general ledger, preparing weekly A/R reports, cash application duties, and providing performance data to Managing Director.
- Utilized exceptional client management skills to collect outstanding accounts and resolve delinquencies.
- Reduced average weekly outstanding delinquent accounts by 80%.
- Established new accounts, evaluated credit risk, and determined credit limits and payment terms utilizing trade and bank references as required.
- Prepared annual tax forms for distribution.
- Worked closely with Finance Director to ensure all invoices and credits were current.
- Calculated and processed monthly commission payments for sales representatives.
- Established new procedures to streamline A/R processes within the company.

Viabella (formerly Marian Heath Greeting Cards), Wareham, MA 2009 – 2011

Field Sales Representative, Boston territory

- Maintained and increased greeting card sales in retail stores in the greater Boston area.
- Established and maintained relationships with store managers.
- Shared brand and product knowledge with store managers and their customers.
- Met with buyers to determine upcoming needs and recommend possible changes in stores.

CIGNA Group Insurance, Newton, MA 2008 – 2009

Sales Administration Senior Associate

- Responsible for all internal sales administration functions and support for National Account Sales Manager.
- Created sales presentation proposal materials for clients and brokers.
- Updated sales reporting system with sold case information on a weekly basis.
- Prepared finalist meeting sales presentations.

Viabella (formerly Marian Heath Greeting Cards), Wareham, MA 2005 – 2008

Key Account Manager

- Created successful Key Account Department within the company. Developed end-to-end workflow processes to track projects from initial product recommendations through program deployment in multi-rooftop chains, such as Books-A-Million, Albertson's, Garden Ridge, and Dicksons.
- Conducted sales analysis, recommended new products and strategies to support seasonal sales cycles and goals.
- Independently managed and maintained custom printing account that generated over $600,000 wholesale per year.
- Increased wholesale sales for company's largest key account by 17% year-over-year.
- Developed comprehensive service operations manuals to be used by field merchandisers in retail stores.
- Managed systems transition during acquisition of subsidiary company, Renaissance Greeting Cards.
- Initiated and implemented use of EDI (Electronic Data Interchange) Order Process.

Graphique de France, Woburn, MA 2004 – 2005

To: City Council
Cc: Mayor Brodeur
From: Polina Latta, Human Resources Director
Re: Chief Assessor Recruiting Process
Date: July 27, 2021

The City Council has requested that the Human Resources Department provides an overview of the recruiting process for positions that need to be confirmed by the Council. Below I have outlined the recruiting process for the Chief Assessor.

- The HR Department used broad and diverse recruiting strategy when recruiting for the Chief Assessor's position. We used the following sources:
    1. City wide e-mail
    2. City Employment site
    3. Mass Municipal Association (MMA)
    4. Mass Association of Assessing Officers
    5. AMARU
    6. NAACP Mystic Valley network
    7. LinkedIn

- The position was posted on May 20th and the deadline was June 4th, which is our typical 2 + week deadline. A total of three candidates applied (one internal and two external). We do not track demographics of candidates that early in the recruiting process.

- Patrick Dello Russo, City Auditor/CFO and I reviewed the resumes and only two candidates met the minimum qualifications, one of which was Sarah MaClellan. Concerning the process involving these two candidates:
    - I conducted an initial phone interview of the external candidate. The next step in the process would have been an interview with Patrick Dello Russo and the Board of Assessors. During my interview with the external candidate, he withdrew his application when he realized that his salary expectations were much higher than what the City of Melrose could offer.
    - Sarah has been employed by the City of Melrose since April of 2016, and in the Assessor's office as Assistant Assessor specifically since August of 2017. She came highly recommended by the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

incumbent Chief Assessor, employed in this role since 2014, who helped her develop her assessment skills for this role, and also by the Board of Assessors who works closely with her on a regular basis. Patrick Dello Russo, who supervised Sarah directly prior to her position in the Assessor's office, and is well aware of her work ethic, dedication, professionalism, and overall caliber of qualifications spoke highly of Sarah and also highly recommended her. Given her institutional knowledge, that she has the required trainings and certificates this appears to be the natural next step in her career with the City of Melrose.

- Additional information considered:
  - Market overview: when we advertised for the Chief Assessor's role there were several Assessor openings on MMA at the same time. From speaking with former Chief Assessor Chris Wilcock and with other communities, it became very evident that there is a shortage of Assessors in the Commonwealth of Massachusetts. I learned that it has taken other communities anywhere between 1-3 years to fill this role. The City of Melrose was fortunate to have a candidate like Sarah who is qualified, is already familiar with our community, and has been such a valued employee for so long. I have attached Sarah's cover letter and resume for your review.
  - This year is a revaluation year for the City of Melrose, which takes place once every five years. It is a year of significant new growth for the City, and per our CFO, this is the only source of substantial tax revenue to fund our operating budget outside of Proposition 2 ½. Time was of the essence and we couldn't have this role vacant for too long.

MEMORANDUM

TO: Members of the Melrose City Council
RE: In-person Early Voting authorization
DATE: 20 September 2021

A request and recommendation that the honorable City Council authorize in-person early voting for the November 2, 2021 Municipal Election in the City Council Chamber at Melrose City Hall, 562 Main Street, Melrose MA as follows:

- **Saturday, 23 October 2021 from 10am-2p**
- **Monday, 25 October 2021 from 9am-2pm**
- **Tuesday, 26 October 2021 from 9am-2pm**
- **Wednesday, 27 October 2021 from 9am-12 noon and from 4pm – 8pm**

In accordance with section (l) (i), (ii) and (iii) of Chapter 255 of the Acts of 2020, as amended by Chapter 5 of the Acts of 2021 and Chapter 29 of the Acts of 2021 providing as follows:

(L) NOTWITHSTANDING SECTION 25B OF CHAPTER 54 OF THE GENERAL LAWS OR ANY OTHER GENERAL OR SPECIAL LAW OR MUNICIPAL ORDINANCE TO THE CONTRARY, UPON A RECORDED AND PUBLIC VOTE BY THE SELECT BOARD, BOARD OF SELECTMEN, TOWN COUNCIL OR CITY COUNCIL AUTHORIZING EARLY IN-PERSON VOTING, ANY ELIGIBLE VOTER OF SUCH MUNICIPALITY MAY VOTE EARLY IN-PERSON FOR ANY REGULAR OR SPECIAL MUNICIPAL OR STATE PRELIMINARY, PRIMARY OR GENERAL ELECTION HELD ON OR BEFORE DECEMBER 15, 2021. SUCH VOTE MAY ONLY BE TAKEN AFTER A REQUEST FROM THE CITY OR TOWN CLERK OR AUTHORIZED LOCAL ELECTION OFFICIAL RECOMMENDING IN-PERSON EARLY VOTING AND PROVIDED THAT SUCH VOTE OCCURS NOT LESS THAN 5 BUSINESS DAYS PRIOR TO THE PROPOSED BEGINNING OF EARLY VOTING AND THAT SUCH EARLY IN-PERSON VOTING COMPLIES WITH THE FOLLOWING:

(I) A CITY OR TOWN, AS PART OF THE VOTE TO ALLOW EARLY VOTING IN-PERSON, MAY SET THE EARLY VOTING PERIOD TO BEGIN NO SOONER THAN 10 DAYS BEFORE THE ELECTION AND END NO LATER THAN THE BUSINESS DAY PRECEDING THE BUSINESS DAY BEFORE THE ELECTION.

(II) EARLY VOTING SHALL BE CONDUCTED DURING THE USUAL BUSINESS HOURS OF THE CITY OR TOWN CLERK UNLESS DIFFERENT HOURS ARE SET AS PART OF THE VOTE, INCLUDING ANY WEEKEND HOURS.

(III) THE CITY OR TOWN CLERK SHALL ESTABLISH AN EARLY VOTING SITE THAT IS CENTRALLY LOCATED, SUITABLE AND IN A CONVENIENT PUBLIC BUILDING. NOTICE OF THE EARLY VOTING LOCATION, DATES AND HOURS MUST BE POSTED AT LEAST 48 WEEKDAY HOURS BEFORE THE EARLY VOTING PERIOD BEGINS.

ELENA PROAKIS ELLIS
Director, DPW

To: Mayor Paul Brodeur
From: Elena Proakis Ellis
Meeting Date: September 20, 2021
Subject: Amending Chapter 198 of the Revised Ordinances of the City of Melrose
Order #: ORDER-2022-16

Request for review of Chapter 198 Revised Ordinances of the CIty of Melrose: solid waste and recycling: Solid Waste City Ordinances need updating to align with current practices of the Massachusetts Department of Environmental Protection (MassDEP), the Department of Public Works (DPW), and our contracted trash and recycling hauler: JRM Hauling and Recycling. Specifically, we propose the following changes:

1) With the implementation of our Mattress Recycling Program, residents will have the opportunity to schedule curbside pickup of mattresses or drop off at the City Yard on Saturdays. Please see proposed addition of §198-3, Part F.
2) Instead of listing individual fees for services within ordinances, we propose adopting a Schedule of Fees to be set by the Director of Public Works, and published on the City website. These fees are designed to recover costs associated with services. Please see proposed changes to §198-3.
3) The cost for "Metal Goods Item Pickup" is listed as $20 in §198-3 part E(2), but the current fee is actually $25. This fee will be listed in the Schedule of Fees, and removed from the ordinance.
4) City Ordinance §198-4 A(3) currently defines what is considered "Acceptable Recyclable Waste" to be put out for curbside collection, but the details of what materials are acceptable are determined by current recycling markets, MassDEP and the city's contracted Materials Recovery Facility (MRF). We propose removing language from the ordinance that defines "Acceptable Recyclable Waste," and leaving the determination to the Director of Public Works with guidance from MassDEP and the contracted MRF. Please see proposed changes to §198-4 A(2).
5) In practice, the City does not provide residents with recycling containers, so language in Section 198-4 indicating otherwise should be removed. Please see proposed changes to §198-4 A(2), B(2), and B(4).

Attachments to this Order include the proposed changes to the Solid Waste and Recycling Ordinance Chapter 198 (red line version), the proposed schedule of fees, and a summary memo.

Chapter 198

SOLID WASTE AND RECYCLING

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

ARTICLE II
Collection and Disposal
[Adopted as Rev. Ords. 1976, §§ 13-3, 13-6, 20-5 and 20-6 (Rev. Ords. 1989, §§ 8-1, 15-26 and 15-27)]

§ 198-2. Dumping; obstructing sidewalks; placement of refuse containers. [Amended 6-18-1984 by Ord. No. 785A; 6-18-1984 by Ord. No. 785B; 2-20-2007 by Ord. No. 07-107A]

A. No person shall put or place, or cause to be put or placed, in any street, lane, alley or any other place, public or private, where it may be offensive or objectionable, any ashes, dirt or refuse, nor shall any piece of metal or wood or any plastic in any form or other material injurious to feet or to tires of vehicles or any other rubbish be put, placed or thrown into or on any street, lane, alley or public place. No person shall throw or place on any vacant land or in any brook or pool rubbish, limbs, brush, barrels, boxes, etc.

B. No person shall place or cause to be placed on any sidewalk, footwalk or crosswalk any object whatsoever so as to interfere with the convenient use of the same by any person traveling thereon. This shall not apply to building materials so placed by permission of the City Engineer. **[Amended 5-21-2012 by Ord. No. 2012-158]**

C. Refuse may not be left on sidewalks for collection except after 5:00 p.m. of the day before scheduled pickup. Refuse containers and receptacles shall be placed at the curb by 7:00 a.m. on the scheduled collection day and shall be removed from the sidewalk within 12 hours after refuse collection.

D. The Public Health Department enforcing officers shall prosecute violations under the provisions of MGL c. 270, § 16 (disposal of rubbish, etc.). No property owner shall be prosecuted for violation until a written notice of warning is served. **[Amended 8-21-2017 by Ord. No. 2018-4]**

§ 198-3. Ashes and rubbish; yard waste; metal goods; mattresses; collection fees. [Amended 9-24-1990 by Ord. No. 91-10; 11-1-1990 by Ord. No. 91-33; 1-21-1992 by Ord. No. 92-119; 3-16-1992 by Ord. No.92-241;
3-7-1994 by Ord. No. 94-176; 7-18-1994 by Ord. No. 94-343;
6-26-2002 by Ord. No. 02-367; 6-26-2002 by Ord. No.02-368;
6-26-2003 by Ord. No. 03-292; 6-7-2004 by Ord. No.04-264A;
6-7-2004 by Ord. No. 04-264B; 6-7-2004 by Ord. No.04-264C;
6-21-2004 by Ord. No. 04-264D; 6-23-2005 by Ord. No. 05-243;
6-5-2006 by Ord. No. 06-172; 2-2-2009 by Ord. No. 09-109;
5-21-2012 by Ord. No. 2012-158; 6-25-2015 by Ord. No. 2015-168; DATE by Ord. No. 2022-###]

The Director of Public Works shall, in addition to the duties prescribed by law and the Charter, have charge of the collection and disposal of ashes and other household rubbish, including garbage, under proper regulations approved by the Mayor and City Council.

A. The Director of Public Works shall maintain and publish a Waste and Recycling Services "Schedule of Fees" on the Department of Public Works website for Curbside Pickup Services, City Yard Drop-off Items, and Special City Yard Events.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

B. For Solid Waste Collection, residents may use plastic or metal barrels or bags under 45 gallons and 45 pounds. No more than four (4) barrels or bags and one (1) bulky item per week will be picked up from each household.

~~B.~~C. The Director of Public Works shall, for a period beginning on or around April 15 and ending about December 15, collect at curbside, biweekly or monthly as defined in its annual collection calendar, all leaves and grass clippings, provided that such materials do not violate any regulation or rule authorized by this section. Leaves and grass clippings shall be placed at curbside for City pickup in plain brown paper bags or barrels, subject to such reasonable limits as may be set by the Director of Public Works. No loose materials will be collected. The Director of Public Works shall operate a drop-off yard waste collection program in conjunction with this subsection.

~~C~~D. There shall be a collection of large metal goods by the Public Works Department either once or twice a week at the Director's discretion and under the following regulations:

(1) Metal goods include refrigerators, sinks, stoves, bathtubs, toilets, shower stalls, radiators, metal file cabinets, metal desks, dismantled play sets, metal pipes tied together in a bundle weighing not in excess of approximately 30 pounds and any other metal goods requiring special pickup.

(2) Each metal goods item as defined in Subsection D~~C~~(1) will be picked up at curbside for a fee, ~~of $20~~listed in the "Schedule of Fees" as "Metal Goods Item Pickup" and payable to the City of Melrose. The homeowner/resident wishing to dispose of such items will obtain a receipt from the Department of Public Works after payment is made for each item. Any item that has no sticker will not be picked up by the City or its agents.

(3) The collection of these fees is to be in accordance with Chapter 56, Officers and Employees, § 56-21.

(4) Moneys collected under this Subsection C shall be set aside in a special fund suggested by the Auditor.

~~D~~E. There shall be a collection of mattress(es) and/or box spring(s) made by a vendor at the discretion of the Director~~'s~~ of Public Works-. This collection shall be made pursuant to the following:-

(1)Each mattress or box spring will be picked up curbside for a fee, as listed in the "Schedule of Fees" as "Mattress Pickup" . This fee shall be paid to the City of Melrose in advance of any curbside pickup.

(2) The collection of these fees is to be in accordance with Chapter 56, Officers and Employees, § 56-21.

~~E~~F. No person, except an authorized employee or agent of the Public Works Department, shall remove any article or material deposited or placed upon a street or sidewalk for the purpose of being collected by the Public Works Department.

~~F~~G. No dumpster may be placed on City streets without first obtaining written permission from the Director of Public Works or his or herdesignee.

~~G~~H. Trash tipping fee.

Commented [SL1]: This is and has been curr practice for a number of years, we are just stat the ordinance. n

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(1) Residential. A "trash fee," listed in the "Schedule of Fees" ~~of $200~~ per dwelling unit is hereby established effective July 1, 2005, on all residential structures of six units or fewer.

(2) (Reserved)

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(3) Discount.

(a) Effective January 1, 2016, any senior citizen (65 years or older) who owns and occupies a single-family home or condominium with an income of $65,870 or less for a single person, $75,280 or less for married couples, will be eligible for a 50% discount for this fee.

(b) Effective January 1, 2016 hardship cases. Any citizen who owns and occupies a single-family home or condominium with an income of $35,000 or less for a single person, $40,000 or less for married couples, will be eligible for a 100% discount for this fee.

(c) Proviso. Eligibility should be determined by using the adjusted gross income number found on the IRS 1040 form.

(4) (Reserved)

(5) Billing. The Collector shall issue bills quarterly.

(6) Exemption. Any person that can demonstrate an alternative lawful disposal method may apply for an exemption.

~~H.~~I. Billing period; place of placement; delinquent payments.

(1) All bills for solid waste and recycling shall be made out and rendered by the Public Works Department to consumers quarterly, and all such bills shall be payable within 30 days at the office of the City Collector.

(2) Bills not paid within 30 days shall be subject to the following:

(a) Demand charge of $5.

(b) Interest penalty of 14% from the due date.

(c) Lien fee of $10, to be applied only on those solid waste and recycling bills that become lien on real estate tax bills.

§ 198-4. Curbside recycling. [Added 1-22-1991 by Ord. No. 91-123; amended 8-15-1994 by Ord. No. 94-344; 2-20-2007 by Ord. No. 07-107B; DATE by Ord. No. 2022-###]

A. General provisions.

(1) The City of Melrose will provide for the curbside collection of acceptable recyclable waste from residences with six units or fewer in accordance with the provisions of § 198-3 and this section.

~~(2) The City of Melrose will supply to each residence, as defined in Subsection A(1), a recycling container or containers to be used by the resident for placement of acceptable recyclable waste for curbside collection.~~

Commented [SL2]: The City does not supply containers, therefore, remove.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(2) "Acceptable recyclable waste" is defined by the Director of Public Works, in accordance with Waste Disposal Bans established by the Massachusetts Department of Environmental Protection (MassDEP) and the guidelines of the Materials Recovery Facility (MRF) to which the recyclable waste is hauled. ~~as follows:~~

~~(3) All clear unbroken glass. Containers, clear or colored, are acceptable. Ceramics, light bulbs, plate glass and drinking glasses, etc., are not acceptable.~~

~~(4) Clean steel, aluminum, tin, and bimetal cans. No aerosol containers, motor oil or paint cans will be acceptedcurbside.~~

~~(5) Clean newspapers/newsprint, office paper, paper bags, magazines, catalogs, phone books, junk mail, and shredded paper, bagged in brown paper bags, tied in bundles, or placed in a recycling bin separate from containers and secured.~~

~~Clean plastic containers, coded No. 1 through No. 7 on each piece. Plastic containers refer to solid containers such as margarine tubs or juice, water and milk jugs but not to items such as plastic bags and toys. Each item must have a clearly marked recycling code No. 1 through No. 7 on the bottom. Plastic containers for hazardous waste items such as motor oil or paint products shall not be accepted. Plastic items not marked with the proper recyclable code shall not be placed in the recycling container.~~

~~(a) To be considered acceptable recyclable waste, all glass, cans and plastic shall be emptied and rinsed.~~

~~(b) The City of Melrose is not limited to items in Subsection A(3)(a) through (e) as acceptable recyclable waste and may make changes from time to time.~~

B. Recycling containers; usage, placement. ~~and cost~~.

(1) The recycling containers must be placed at curbside in accordance with the schedule to be announced by the Department of Public Works and will be collected by a contractor as agent for the City of Melrose. If material placed in the recycling container is not acceptable recyclable waste as defined in Subsection A it will be left in the recycling container, and the resident shall remove the unacceptable recyclable waste before placing the recycling container at curbside for the next collection.

(2) Residents may use plastic or metal barrels/bins under 45 gallons and 45 pounds for their single stream recycling. Barrels/bins should be clearly labeled as recycling.~~The first recycling container/containers will be supplied free of charge to the residents and will remain the property of the City of Melrose.~~

Commented [SL3]: The City does not supply container.

(3) Source separation of acceptable recyclable waste shall be performed by the residents according to the instructions given by the Department of Public Works.

~~(4) Residents shall protect the recycling containers from misuse, loss or damage and return the containers to the Department of Public Works upon request.~~

Commented [SL4]: The City does not supply container.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

C. Authorized collection of acceptable recyclable waste. No person, except those individuals and companies authorized by the City of Melrose, shall collect or pick up or cause to be collected or picked up any acceptable recyclable waste which has been placed for collection pursuant to the provisions of this section. The individuals or companies so authorized shall supply the City of Melrose with receipts for collected accepted recyclable wastes, and all collections of accepted recyclable wastes shall take place according to the trash pickup schedule determined by the Department of Public Works but no earlier than 7:00 a.m. and no later than 6:00 p.m. of the same day, unless arranged in advance with the Director of Public Works to accommodate special circumstances.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 198-5. Public dumping areas. [Amended 9-17-2007 by Ord. No. 07-107C[1]; 5-21-2012 by Ord. No. 2012-158]

The City Engineer shall have charge of the maintenance and management of all places authorized by the Board of Health to be used as public dumps. The City Engineer shall have authority to regulate by suitable signs or by rules issued by him/her the use of such dumps by employees of the City, contractors and all other persons and to require compliance therewith. The City Engineer shall furnish copies of all rules made under authority of this section to the Chief of the Police Department, and it shall be the duty of the police officers to enforce such rules. Any person who violates any regulation or rule authorized by this section shall be punished by a fine of not more than $300 for each violation and will be responsible for the cleaning of the area.

State law reference — Assignment by Board of Health of places for public and private dumps, MGL c. 111, § 150A.

1. Editor's Note: This ordinance also repealed former § 198-6, Unlawful deposits, added 6-19-1995 by Ord. No. 95-281.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

PROPOSED SOLID WASTE AND RECYCLING ORDINANCE CHANGES

Chapter 198, Article II

September 2021

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

I. PROPOSED ADOPTION OF A "SCHEDULE OF FEES"

Article II, §198-3, A:

A. The Director of Public Works shall maintain and publish a Waste and Recycling Services "Schedule of Fees" on the Department of Public Works website for Curbside Pickup Services, City Yard Drop-off Items, and Special City Yard Events.

Remove specific fees from ordinance language, but reference "Schedule of Fees:"

Article II, §198-3, D(2) and H(1): Metal Goods and Trash Tipping Fee

Each metal goods item as defined in Subsection D(1) will be picked up at curbside for a fee, listed in the **"Schedule of Fees"** as "Metal Goods Item Pickup" and payable to the City of Melrose.

Residential. A "trash fee," listed in the **"Schedule of Fees"** per dwelling unit is hereby established effective July 1, 2005, on all residential structures of six units or fewer.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

II. MATTRESS RECYCLING

Article II, § 198-3, E:

There shall be a collection of mattress(es) and/or box spring(s) made by a vendor at the discretion of the Director of Public Works. This collection shall be made pursuant to the following:

1) Each mattress or box spring will be picked up curbside for a fee, as listed in the “Schedule of Fees” as “Mattress Pickup”. This fee shall be paid to the City of Melrose in advance of any curbside pickup.

2) The collection of these fees is to be in accordance with Chapter 56, Officers and Employees, § 56-21.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

III. CONTAINERS FOR TRASH AND RECYCLING

We request the *addition* of Article II, §198-3, B:

For Solid Waste Collection, residents may use plastic or metal barrels or bags under 45 gallons and 45 pounds. No more than four (4) barrels or bags and one (1) bulky item per week will be picked up from each household.

And Article II, §198-4 B(2): Residents may use plastic or metal barrels/bins under 45 gallons and 45 pounds for their single stream recycling. Barrels/bins should be clearly labeled as recycling.

And recommend *removal* of language: Article II, §198-4, A(2), part of B(2) and all of B(4)

A(2) The City of Melrose will supply to each residence, as defined in Subsection A(1), a recycling container or containers to be used by the resident for placement of acceptable recyclable waste for curbside collection.

B(2) The first recycling container/containers will be supplied free of charge to the residents and will remain the property of the City of Melrose.

B(4) Residents shall protect the recycling containers from misuse, loss or damage and return the containers to the Department of Public Works upon request.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

IV. “ACCEPTABLE RECYCLABLE WASTE”

Article II, §198-4, new A(2):

- A.(2) "Acceptable recyclable waste" is defined by the Director of Public Works, in accordance with Waste Disposal Bans established by the Massachusetts Department of Environmental Protection (MassDEP) and the guidelines of the Materials Recovery Facility (MRF) to which the recyclable waste is hauled.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Chapter 198

SOLID WASTE

AND

RECYCLING

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

ARTICLE II
Collection and Disposal
[Adopted as Rev. Ords. 1976, §§ 13-3, 13-6, 20-5 and 20-6 (Rev. Ords. 1989, §§ 8-1, 15-26 and 15-27)]

§ 198-2. Dumping; obstructing sidewalks; placement of refuse containers. [Amended 6-18-1984 by Ord. No. 785A; 6-18-1984 by Ord. No. 785B; 2-20-2007 by Ord. No. 07-107A]

A. No person shall put or place, or cause to be put or placed, in any street, lane, alley or any other place, public or private, where it may be offensive or objectionable, any ashes, dirt or refuse, nor shall any piece of metal or wood or any plastic in any form or other material injurious to feet or to tires of vehicles or any other rubbish be put, placed or thrown into or on any street, lane, alley or public place. No person shall throw or place on any vacant land or in any brook or pool rubbish, limbs, brush, barrels, boxes, etc.

B. No person shall place or cause to be placed on any sidewalk, footwalk or crosswalk any object whatsoever so as to interfere with the convenient use of the same by any person traveling thereon. This shall not apply to building materials so placed by permission of the City Engineer. **[Amended 5-21-2012 by Ord. No. 2012-158]**

C. Refuse may not be left on sidewalks for collection except after 5:00 p.m. of the day before scheduled pickup. Refuse containers and receptacles shall be placed at the curb by 7:00 a.m. on the scheduled collection day and shall be removed from the sidewalk within 12 hours after refuse collection.

D. The Public Health Department enforcing officers shall prosecute violations under the provisions of MGL c. 270, § 16 (disposal of rubbish, etc.). No property owner shall be prosecuted for violation until a written notice of warning is served. **[Amended 8-21-2017 by Ord. No. 2018-4]**

§ 198-3. Ashes and rubbish; yard waste; metal goods; mattresses; collection fees. [Amended 9-24-1990 by Ord. No. 91-10; 11-1-1990 by Ord. No. 91-33; 1-21-1992 by Ord. No. 92-119; 3-16-1992 by Ord. No.92-241;
3-7-1994 by Ord. No. 94-176; 7-18-1994 by Ord. No. 94-343;
6-26-2002 by Ord. No. 02-367; 6-26-2002 by Ord. No.02-368;
6-26-2003 by Ord. No. 03-292; 6-7-2004 by Ord. No.04-264A;
6-7-2004 by Ord. No. 04-264B; 6-7-2004 by Ord. No.04-264C;
6-21-2004 by Ord. No. 04-264D; 6-23-2005 by Ord. No. 05-243;
6-5-2006 by Ord. No. 06-172; 2-2-2009 by Ord. No. 09-109;
5-21-2012 by Ord. No. 2012-158; 6-25-2015 by Ord. No. 2015-168; DATE by Ord. No. 2022-###]

The Director of Public Works shall, in addition to the duties prescribed by law and the Charter, have charge of the collection and disposal of ashes and other household rubbish, including garbage, under proper regulations approved by the Mayor and City Council.

A. The Director of Public Works shall maintain and publish a Waste and Recycling Services "Schedule of Fees" on the Department of Public Works website for curbside pickup services, City Yard drop-off items, and special City Yard events.

B. For Solid Waste Collection, residents shall use plastic or metal barrels under 45 gallons

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

and 45 pounds. No more than four (4) barrels or bags and one (1) bulky item per week will be picked up from each household.

C. The Director of Public Works shall, for a period beginning on or around April 15 and ending about December 15, collect at curbside, biweekly or monthly as defined in its annual collection calendar, all leaves and grass clippings, provided that such materials do not violate any regulation or rule authorized by this section. Leaves and grass clippings shall be placed at curbside for City pickup in plain brown paper bags or barrels, subject to such reasonable limits as may be set by the Director of Public Works. No loose materials will be collected. The Director of Public Works shall operate a drop-off yard waste collection program in conjunction with this subsection.

D. There shall be a collection of large metal goods by the Public Works Department either once or twice a week at the Director's discretion and under the following regulations:

(1) Metal goods include refrigerators, sinks, stoves, bathtubs, toilets, shower stalls, radiators, metal file cabinets, metal desks, dismantled play sets, metal pipes tied together in a bundle weighing not in excess of approximately 30 pounds and any other metal goods requiring special pickup.

(2) Each metal goods item as defined in Subsection D(1) will be picked up at curbside for a fee, listed in the "Schedule of Fees" as "Metal Goods Item Pickup" and payable to the City of Melrose. The homeowner/resident wishing to dispose of such items will obtain a receipt from the Department of Public Works after payment is made for each item. Any item that has no sticker will not be picked upby the City or its agents.

(3) The collection of these fees is to be in accordance with Chapter 56, Officers and Employees, § 56-21.

(4) Moneys collected under this Subsection C shall be set aside in a special fund suggested by the Auditor.

E. There shall be a collection of mattress(es) and/or box spring(s) made by a vendor at the discretion of the Director of Public Works. This collection shall be made pursuant to the following:

(1)Each mattress or box spring will be picked up curbside for a fee, as listed in the "Schedule of Fees" as "Mattress Pickup" . This fee shall be paid to the City of Melrose in advance of any curbside pickup.

(2) The collection of these fees is to be in accordance with Chapter 56, Officers and Employees, § 56-21.

F. No person, except an authorized employee or agent of the Public Works Department, shall remove any article or material deposited or placed upon a street or sidewalk for the purpose of being collected by the Public Works Department.

G. No dumpster may be placed on City streets without first obtaining written permission from the Director of Public Works or their designee.

H. Trash tipping fee.

(1) Residential. A "trash fee," listed in the "Schedule of Fees" per dwelling unit is hereby established effective July 1, 2005, on all residential structures of six units or fewer.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(2) (Reserved)

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(3) Discount.

(a) Effective January 1, 2016, any senior citizen (65 years or older) who owns and occupies a single-family home or condominium with an income of $65,870 or less for a single person, $75,280 or less for married couples, will be eligible for a 50% discount for this fee.

(b) Effective January 1, 2016 hardship cases. Any citizen who owns and occupies a single-family home or condominium with an income of $35,000 or less for a single person, $40,000 or less for married couples, will be eligible for a 100% discount for this fee.

(c) Proviso. Eligibility should be determined by using the adjusted gross income number found on the IRS 1040 form.

(4) (Reserved)

(5) Billing. The Collector shall issue bills quarterly.

(6) Exemption. Any person that can demonstrate an alternative lawful disposal method may apply for an exemption.

I. Billing period; place of placement; delinquent payments.

(1) All bills for solid waste and recycling shall be made out and rendered by the Public Works Department to consumers quarterly, and all such bills shall be payable within 30 days at the office of the City Collector.

(2) Bills not paid within 30 days shall be subject to the following:

(a) Demand charge of $5.

(b) Interest penalty of 14% from the due date.

(c) Lien fee of $10, to be applied only on those solid waste and recycling bills that become lien on real estate tax bills.

§ 198-4. Curbside recycling. [Added 1-22-1991 by Ord. No. 91-123; amended 8-15-1994 by Ord. No. 94-344; 2-20-2007 by Ord. No. 07-107B; DATE by Ord. No. 2022-###]

A. General provisions.

(1) The City of Melrose will provide for the curbside collection of acceptable recyclable waste from residences with six units or fewer in accordance with the provisions of § 198-3 and this section.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(2) "Acceptable recyclable waste" is defined by the Director of Public Works, in accordance with Waste Disposal Bans established by the Massachusetts Department of Environmental Protection (MassDEP) and the guidelines of the Materials Recovery Facility (MRF) to which the recyclable waste is hauled.

B. Recycling containers; usage, placement..

(1) The recycling containers must be placed at curbside in accordance with the schedule to be announced by the Department of Public Works and will be collected by a contractor as agent for the City of Melrose. If material placed in the recycling container is not acceptable recyclable waste as defined in Subsection A it will be left in the recycling container, and the resident shall remove the unacceptable recyclable waste before placing the recycling container at curbside for the next collection.

(2) Residents shall use plastic or metal barrels/bins under 45 gallons and 45 pounds for their single stream recycling. Barrels/bins should be clearly labeled as recycling.

(3) Source separation of acceptable recyclable waste shall be performed by the residents according to the instructions given by the Department of Public Works.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

C. Authorized collection of acceptable recyclable waste. No person, except those individuals and companies authorized by the City of Melrose, shall collect or pick up or cause to be collected or picked up any acceptable recyclable waste which has been placed for collection pursuant to the provisions of this section. The individuals or companies so authorized shall supply the City of Melrose with receipts for collected accepted recyclable wastes, and all collections of accepted recyclable wastes shall take place according to the trash pickup schedule determined by the Department of Public Works but no earlier than 7:00 a.m. and no later than 6:00 p.m. of the same day, unless arranged in advance with the Director of Public Works to accommodate special circumstances.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

D.

§ 198-5. Public dumping areas. [Amended 9-17-2007 by Ord. No. 07-107C[1]; 5-21-2012 by Ord. No. 2012-158]

The City Engineer shall have charge of the maintenance and management of all places authorized by the Board of Health to be used as public dumps. The City Engineer shall have authority to regulate by suitable signs or by rules issued by him/her the use of such dumps by employees of the City, contractors and all other persons and to require compliance therewith. The City Engineer shall furnish copies of all rules made under authority of this section to the Chief of the Police Department, and it shall be the duty of the police officers to enforce such rules. Any person who violates any regulation or rule authorized by this section shall be punished by a fine of not more than $300 for each violation and will be responsible for the cleaning of the area.

State law reference — Assignment by Board of Health of places for public and private dumps, MGL c. 111, § 150A.

1. **Editor's Note: This ordinance also repealed former § 198-6, Unlawful deposits, added 6-19-1995 by Ord. No. 95-281.**

Re: Water, Sewer, and Drains (Chapter 228) Ordinance Updates

The attached proposed updates to Chapter 228, Articles I through IV of the City of Melrose ordinances reflect changes to the existing ordinances to bring them in line with current practice and industry standards. Please note that Chapter 228, Article V – Stormwater was already approved in spring 2021 by the City Council.

The proposed ordinance changes achieve the following objectives:

1) Update terminology to current standards and entities, such as removing old references t the Metropolitan District Commission and replacing them with references to the Massachusetts Water Resources Authority.
2) Provide clear direction regarding the permitting processes for water and sewer utility upgrades.
3) Clarify the limits of ownership and maintenance responsibilities of utility service lines. Note that none of these responsibilities are proposed to change compared to the past ordinance language; the proposed language just provides added clarity.
4) Move references to rates and fees to a separate Schedule of Fees document, allowing City Staff to change items such as permit or inspection fees, water valve operation fees, etc., when deemed appropriate, without council action. Please note that all water and sewer rate setting will continue to require a vote of the Council per the wording of the proposed ordinance, consistent with current practice.
5) Update references to MassDEP and other state regulations that pertain to water and sewer systems, water quality, potable water system cross-connection control, sewer extension permits, betterments, etc. In many instances, the details of the referenced state regulations were eliminated from the ordinance language, to ensure that when state regulations are modified, the ordinance language remains current.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

6) Update definitions in each article to accurately reflect the topics and terminology within that article.
7) Remove misplaced references to drainage systems within Article IV – Sewers.
8) Eliminate items that are antiquated and do not reflect current practice or industry standards.
9) Remove language that specifies detailed system design requirements and replace with a reference to new City of Melrose Design and Construction Standards. These standards, which will specify items such as size, slope, and material of pipelines, materials and installation technical specifications, testing requirements, etc., will not require action of the Council, in order to provide flexibility to the Engineering Division to update such standards as industry practices change.

In general, the intent of the proposed updated language is to modernize our current ordinance language, while working within the framework and format of the prior ordinance. Working with City Engineer Vonnie Reis and Deputy City Engineer Jay Coy, we attempted to maintain as much of the prior format (in terms of subsection location and numbering) as possible, to simplify the references to past revisions. Only where information could not be logically kept in its original location was it moved to a different subsection.

The attached documents include a copy of the prior Chapter 228 ordinance pulled directly from the City website, Word document versions with tracked changes of Articles I through III (general provisions and water) and Article IV (sewer), and a version of the proposed Articles I through IV compiled with all changes accepted, to facilitate review of the proposed language. I would be happy to answer any questions you may have about the proposed ordinance language and look forward to speaking with you at or before the upcoming Legal and Legislative subcommittee meeting.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Article I
General Provisions

§ 228-1 Applicability, Effective Date, and Severability.
[Amended 6-26-1985 by Ord. No. 1108]

A. Except as otherwise specifically ordered by the City Council, the provisions set out in this Chapter shall be applicable to every person who uses the City water and sewer services, receives benefits from the public drainage system, and is permitted for the installation and maintenance of private drainage systems. Every person who takes water and uses the sewers and drains in the City of Melrose shall comply with the regulations set forth herein.

B. This Chapter shall take effect immediately upon passage, approval, and publication as provided by law.

C. Prior water, sewer, and drainage ordinances of the City of Melrose or parts thereof in conflict with this Chapter are hereby repealed. Any provision of this Chapter that is found to be unenforceable in any court of the Commonwealth of Massachusetts shall not affect the validity of any other provision of this Chapter.

§ 228-2 Commitment of charges for collection.
[Amended 6-17-1985 by Ord. No. 1046]

All charges for water and sewer service shall be committed forthwith by the Department of Public Works (DPW) to the City Collector for collection, and, whenever charges are so committed, such Department shall file with the City Auditor a report, in writing, of the total amount of the charges in each such commitment. The Department shall forthwith give notice, in writing, to the City Auditor of every correction in and abatement of a charge for water and sewer services.

§ 228-3 Billing period; place of payment; delinquent payments.
[Amended 6-17-1985 by Ord. No. 1045; 7-21-1986 by Ord. No. 1417; 7-28-1986 by Ord. No. 1455; 12-19-1988 by Ord. No. 2217; 10-19-1992 by Ord. No. 93-50]

A. All bills for water and sewer shall be made out and rendered by the DPW to consumers quarterly or monthly, at the choice of the customer. All quarterly bills shall be payable within 30 days and monthly bills within 21 days at the office of the City Collector.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

B. Bills not paid within the specified timeframes shall be subject to the following:

(1) Demand charge of $5.

(2) Interest penalty of 14% from the due date.

(3) Lien fee of $10, to be applied only on those water and sewer bills that become lien on real estate tax bills.

C. Abatement Procedure: A one-time water and/or sewer abatement will be considered during any ten-year period for any given customer address, upon filing of an abatement application meeting all requirements of the DPW for such request. Applications must be submitted within 45 days of the issuance date of the bill in dispute. No leak adjustments will be granted if the property has an active water leak or a known leak has not been repaired. In the event that the owner cannot determine the source or cause of unexplained high consumption, data logs will be gathered from the meter to show when water was being used. Abatement applications will only be accepted for accounts that are current, in good standing, and have a working radio meter installed. No more than two consecutive bills are eligible for an adjustment.

Article II
Water

§ 228-4 Definitions

As used in this article and in Article III, the following terms shall have the meanings indicated:

APPLICANT
A person, persons or corporation who applies for an account, a service connection, or the installation of other infrastructure for water, sewer, or drainage.

ANSI
The American National Standards Institute, Inc.

AWWA
The American Water Works Association

APPROVED
Accepted by the City of Melrose Department of Public Works (DPW) as meeting an applicable specification stated or cited in this regulation or as suitable for the proposed use.

BACKFLOW
The flow of water or other liquids, mixtures or substances under pressure into the distributing pipes of a potable public water supply system from any source or sources other than the intended source.

BACKFLOW PREVENTER
A device or means designed to prevent backflow or backsiphonage. Allowable backflow devices in the Commonwealth of Massachusetts are defined in 310 CMR 22.22.

BACKSIPHONAGE
The flow of water or other liquids, mixtures or substances into the distributing pipes of a potable public water supply system from any source other than its intended source caused by the sudden reduction of

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

pressure in the potable public water supply system.

CERTIFICATION EXAMINATION

An examination approved by the Commonwealth of Massachusetts for the purpose of testing competency in all areas of cross-connection control and backflow prevention device testing.

CERTIFIED BACKFLOW PREVENTION DEVICE TESTER

An individual who holds a valid Massachusetts backflow prevention device tester's certificate issued by the Commonwealth.

CITY

The City of Melrose.

CITY ENGINEER

The City Engineer of the Melrose Department of Public Works or their designee.

COMMONWEALTH

The Commonwealth of Massachusetts.

CONTAMINANT

A physical, chemical, biological or radiological substance or matter in water.

CROSS-CONNECTION

Any actual or potential connection between a distribution pipe of potable water from a public water system and any pipe of nonpotable water.

CUSTOMER

The person or party responsible for a water and/or sewer account.

DIRECTOR

The Director of the Melrose Department of Public Works or their designee.

DPW (a.k.a. DEPARTMENT)

The City of Melrose Department of Public Works.

INSPECTION

The physical examination and testing of an installed backflow prevention device to verify that the backflow prevention device is functioning properly.

INSPECTION AND MAINTENANCE REPORT FORM

A report form, designated by the Commonwealth of Massachusetts, which is to be used by certified testers to record all pertinent testing information.

IRRIGATION SYSTEM

Any equipment that conveys water for irrigation purposes and that is permanently connected to the public water supply.

MASSDEP

The Massachusetts Department of Environmental Protection, which is the regulatory agency for the Federal Safe Drinking Water Act.

METER

A device installed for the measurement of water quantities to be used as a basis for determining charges for water and sewer service.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

METER PIT

An underground chamber along a service line, suitable for installation of a water meter and for protecting the meter from the effects of weather.

OWNER

Any person maintaining a cross-connection installation or owning premises on which cross-connections can or do exist.

SCHEDULE OF FEES

The City of Melrose Water, Sewer, and Drainage Schedule of Fees, which includes all charges for water and sewer use, permits, application fees, and all other rates or fees associated with the City of Melrose water, sewer, and drainage systems. This Schedule of Fees shall be revised periodically as appropriate. All water and sewer volumetric rates and base fees as listed in the Schedule of Fees shall be approved in advance by the City Council.

WATER MAIN

The City of Melrose water supply pipe laid in the right of way or easement from which potable water service connections are made.

WATER, NONPOTABLE

Water which is not safe for human consumption or which is of questionable potability, including private wells.

WATER, POTABLE

Water from a public source which has been approved by the Massachusetts Department of Environmental Protection and the United States Environmental Protection Agency for human consumption.

WATER SERVICE CONNECTION

All the lines and materials from the water main to the customer's water system and is equivalent to 'water service'.

§ 228-5 **Right of entry.**
[Amended 5-21-2012 by Ord. No. 2012-158]

The owners or occupants of any premises served by the City of Melrose water system shall, upon presentation by Department personnel of their credentials, authorize entry to their premises during normal business hours, as provided for under the Massachusetts General Laws Chapter 165, Section 11D, for the purpose of inspecting and surveying their water system for new installations or cross connections, or to remove, repair or replace any water meter, or to conduct water quality sampling and testing. When such access is refused, the water shall be shut off after proper notice has been provided until such access has been allowed and fees have been paid for shutting off and turning on the water.

Duly authorized employees of the Department, bearing proper credentials and identification, shall be permitted to enter all private properties through which the City holds an easement for the purposes of, but no limited to, inspection, observation, measurement, sampling, repair, and maintenance of any portion of the water works lying within said easement. All entry and subsequent work, if any, on said easement shall be done in full accordance with the terms of the easement pertaining to the private property involved.

State law reference — Authority of municipalities to make regulations relative to pipes through which wate is supplied, MGL c. 40, § 21, cl. (7).

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-6 **Laying of service pipes.**
[Amended 5-21-2012 by Ord. No. 2012-158]

A. Except as otherwise provided by the rules and regulations of the Planning Board governing the subdivision of land, water service pipes will be replaced from the main to the line of the street withou charge and from the line of the street to the building at the expense of the applicant, provided that the whole or part of the work from the street line to the building may be done by the property owner or his/her agent, subject to the approval of the City Engineer, if the property owner so elects. All new water service pipes and appurtenances associated with new construction or redevelopment shall be paid for and installed by the private property owner and their agents, following approval by the City Engineer. No work shall be performed on any component of the water system, including both public and private water mains and/or services connected to the City's water system, without a written permit application and approval from the DPW Engineering Division. All pipes and appurtenances shall conform to the Department's standards as described in the City of Melrose Design and Construction Standards.

B. Approval of applications shall be valid for six months. If applicants do not make a service connection within six months of the date of approval, then the approval shall be revoked, unless extended in writing by the City Engineer.

C. The approval of an application for a water service account will be contingent upon the existence of a water main in the public or private way in front of the property to be served, unless otherwise allowed by the City Engineer. Furthermore, the pressure and carrying capacity of the water main must be sufficient to serve the applicant without adversely affecting the service to existing users.

D. The main must be extended (including necessary hydrants and appurtenances) to the furthest limit of the property to be served by water unless otherwise approved by the City Engineer. A waiver can be obtained if hardship is demonstrated at the discretion of the City Engineer. The applicant shall pay for the cost of permits, installation, and inspection in accordance with the Schedule of Fees.

E. An applicant requesting extension of water mains in a private right of way must comply with the City of Melrose Design and Construction Standards, and must convey to the Division any easements necessary to maintain the pipe and appurtenances, along with ownership of the main itself when applicable.

F. That portion of a service connection installed within a public way and terminating at a shut off shall be considered the property of the City upon its construction and acceptance unless otherwise specified by the City Engineer. The Department shall be responsible for its maintenance unless otherwise specified by the City Engineer. That portion of a service connection not lying within the public way shall remain the property of the customer, who shall be responsible for its maintenance.

G. If a property is subdivided, then each of the resulting properties must have its own service connection This may require replacing an existing service connection with a main.

H. In case of a leak in the customer's service connection or water system, such leak must be repaired as soon as possible upon discovery by the customer or upon report to the customer by the Department, as a condition of continued service. The customer may be billed for the estimated water use if repairs are not made within two weeks. The City also reserves the right to make repairs to private service lines and bill the customer for the expense if repairs are not made, when the City deems the level of water loss to be unacceptable, regardless of the length of time that has passed since the leak was discovered.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

I. Any contractor performing work on utilities connected to the City of Melrose's water system must provide all bonds and insurance required by the DPW Engineering Division permitting process.

§ 228-7 **Size and material of service pipes and meters.**
[Amended 5-21-2012 by Ord. No. 2012-158]

No water service pipe less than one inch will be laid or allowed, except upon special consent of the City Engineer. Allowable residential meter sizes are 5/8, 3/4, or 1-inch, unless otherwise approved by the City Engineer. For a water service or meter larger than one inch, the Owner will be responsible for the cost. All pipe laid on private property shall be of such material and size as may be approved by the City Engineer and in accordance with the applicable Water and Sewer Design and Construction Standards.

§ 228-8 **Separate service pipes required; protection and maintenance.**
[Amended 5-21-2012 by Ord. No. 2012-158]

No two buildings shall be supplied with domestic water through the same service pipe. The service pipe from the street line to the building must include a stop and waste cock, properly located inside the building. The building owner must keep the service pipe, stop and waste cock, and all fixtures connected therewith on their premises in good repair and protected from frost, and they will be held liable for all damage which may resul from a failure to do so. Fire service, where required, shall be provided using a separate pipe from the water main.

§ 228-9 **Additional service pipes.**
Any person desiring or requiring more than one water service pipe for any one building will be required to pay the entire cost of such pipe. Furthermore, the City may require new development projects to assume all costs associated with new or re-laid water services.

§ 228-10 **Laying mains in public and private ways; assessments.**
[Amended 5-21-2012 by Ord. No. 2012-158]

A. Applications for the original laying of pipes in public and private ways for the conveyance and distribution of water shall be made, in writing, to the City Engineer in the form of an application for utility installation and shall include all plans and other documentation required by the City Engineer Such work shall be performed entirely at the expense of the applicant, in accordance with all DPW design and construction standards in place at the time the application is made.

B. Cases may arise where the City chooses, at the City's option, to lay a new water main and services where one did not previously exist. At the discretion of the City Engineer, a procedure may be used to assess betterments to the bettered properties in accordance with MGL Chapter 40, section 42K.

C. This section shall not apply to the laying of water pipes for which provision is otherwise made by the rules and regulations of the Planning Board governing the subdivision of land.

§ 228-11 **Laying mains in private property.**
In the event the City determines that it is necessary to install a water main on private property, a permanent water easement shall be sought.

§ 228-12 **Turning on and shutting off water; charges.**
[Amended 1-21-1992 by Ord. No. 91-264A]

A. No person except the Department's licensed primary water distribution system operator, or those authorized by them, shall at any time turn or let on water to any house or building or in any way

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

interfere with any gate valve, fire hydrant or standpipe. **[Amended 5-21-2012 by Ord. No. 2012-158]**

B. Charges for turning water on or off, testing meters, and conducting other activities related to the provision of water by the City are defined in the Schedule of Fees.

C. Any person who turns City water service on or off without permission from the DPW Operations Manager or the primary distribution system operator may be subject to fines as described in the Schedule of Fees.

§ 228-13 **Water to be Supplied to Customers**

A. No customers shall operate apparatus on their water lines, water meter or elsewhere on their premises that will adversely affect the operating conditions of the City's water system or its equipment or ability to serve other customers.

B. Customers are responsible for notifying the Department if a building becomes vacant and requesting that the water service be shut off.

C. Variations in water pressure will not be considered a violation of this ordinance when they arise from unusual or extraordinary conditions, or arise from the operation of the customer's own fixtures or appliances. It is the customer's responsibility to install suitable equipment to protect private piping, equipment and property from variations in water pressure.

D. The Department reserves the right to interrupt service temporarily in order to perform maintenance or repairs on the water system. Whenever possible, the Department will notify customers of scheduled interruptions. However, in case of an emergency, the Department reserves the right to interrupt service without first giving notice of such action if, in its opinion, it is necessary to do so in order to facilitate the making of repairs or alterations, or other necessary purposes. In such cases, no person shall be entitled to receive damages or refunds of payments because of any such interruption or any consequent conditions.

E. A customer shall not be permitted to supply another property with water, except in emergencies, and then only with the permission of the Department.

F. No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface or tamper with any structure, appurtenance, or equipment which is a part of the water system. Any person violating this provision shall be subject to appropriate criminal proceedings.

§ 228-14 **Water meters.**

A. No person except the DPW Operations staff will be allowed to set, take off or repair water meters owned by the City. **[Amended 8-21-2017 by Ord. No. 2018-4]**

B. All water meters under 1-inch in size will be furnished, placed and maintained by the City. Any premises requiring a meter over 1-inch is the owner's responsibility to purchase, install, and maintain. Any damage to any meter done or caused by the carelessness or neglect of the owner or occupant will be charged to their next bill. Non-payment will result in fees consistent with non-payment of water bills.

C. Effective October 1, 2017, a manual read fee as specified in the Schedule of Fees shall be charged to any account that cannot be remotely read by the City of Melrose. **[Added 6-19-2017 by Ord. No. 2017-148]**

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

D. A tampering fee shall be assessed to any customer, contractor, or other individual or company who deliberately and knowingly tampers with a water meter in order to change the meter reading, the value of which is specified in the Schedule of Fees. Assessment of this fee does not preclude the City or others from imposing any applicable criminal or other charge.

E. Installation and repair of meter pits must be approved by the City Engineer and shall be done at the customer's expense. Meter pits may be required at the discretion of the City Engineer.

F. All meters installed must meet the City of Melrose standards for both the metering and communications devices.

G. It shall be the responsibility of every customer to ensure that meters on service connections are readily accessible to Division personnel, regardless of where the meters are located.

H. If a customer requests that a device be installed to transfer meter registration information off the premises for the customer's convenience, it shall require the approval of the City Engineer and shall be installed at the customer's expense. The Division maintains the right of access to the premises in order to verify the consistency of the meter registration with the remote registration. The meter having actual contact with water shall serve as the primary measuring device and shall govern all billing and billing adjustments.

I. The Division has the right to replace and repair meters or test meters in order to verify or insure their accuracy. The cost of periodically testing and replacing all meters larger than one-inch in size shall be the responsibility of the customer.

J. For meters over one-inch in size, if the customer is unable to provide an opportunity to change, repair or test the meter during normal working hours, it is the responsibility of the customer to provide an acceptable bypass of the meter in order to accomplish replacement, make repairs or conduct in-place testing. All bypasses shall be metered unless the Department waives this requirement.

K. Customers may request to have the meter which is currently in place and being used for billing by the City tested for accuracy. All meters will be tested for accuracy in accordance with industry standards for the type of meter in use as published by the American Water Works Association. A written report of the meter accuracy test will be provided to the customer and a one-time charge will be assessed according to the current Schedule of Fees. If the meter is found to be over registering, then the Division will assume the full amount of the charge for testing the meter, and the water user fees based on readings from the meter shall be adjusted in accordance with the result of the test.

L. The property owner is responsible for all costs and fees associated with the purchase and installation of a secondary water meter for outdoor water use. All plumbing work and meter installations must be done by a licensed plumber with all applicable permits obtained. Plumbing must effectively isolate all exterior uses from interior uses, and all exterior water uses must have no connection to the sanitary sewer. Second water meters for lawn sprinklers shall be installed after of the primary water meter and so that they measure only exterior water use. Plumbing to exterior uses must be properly isolated by use of both ball valves and a proper backflow prevention device. Both the primary and secondary water meters must be consistent with all current standards of the DPW.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-15 **Rates set by Mayor and Council; Water Rate Review Committee.**
[Amended 5-15-1978 by Ord. No. 19837; 6-5-1978 by Ord. No. 19917; 7-17-1978 by Ord. No. 19837A; 9-6-1989 by Ord. No. 90-2; 10-15-1990 by Ord. No. 90-278; 9-9-1991 by Ord. No. 92-22; 1-6-1992 by Ord. No. 92-137; 1-21-1992 by Ord. No. 92-166; 6-6-1994 by Ord. No. 94-221; 7-18-1994 by Ord. No. 94-221A; 6-17-1996 by Ord. No. 96-335; 6-27-2001 by Ord. No. 01-323; 6-26-2002 by Ord. No. 02-358; 12-16-2002 by Ord. No. 02-060A; 6-26-2003 by Ord. No. 03-290; 6-21-2004 by Ord. No. 04-268; 6-30-2005 by Ord. No. 05-248; 6-26-2006 by Ord. No. 06-248; 7-17-2006 by Ord. No. 06-248A; 7-16-2007 by Ord. No. 07-179; 5-19-2008 by Ord. No. 08-225; 10-20-2008 by Ord. No. 08-269; 6-15-2009 by Ord. No. 09-202; 5-17-2010 by Ord. No. 10-160; 6-20-2011 by Ord. No. 11-170; 5-21-2012 by Ord. No. 2012-158; 6-18-2012 by Ord. No. 2012-189; 8-20-2012 by Ord. No. 2013-4; 3-4-2013 by Ord. No. 2013-118; 6-27-2013 by Ord. No. 2013-204; 5-19-2014 by Ord. No. 2014-117; 6-15-2015 by Ord. No. 2015-143; 6-16-2016 by Ord. No. 2016-163; 5-15-2017 by Ord. No. 2017-136; 6-19-2017 by Ord. No. 2017-146]

A. Except as provided by § **228-16**, all bills for water furnished by the City shall be rendered at intervals of three months (quarterly) or one month (monthly) at rates established by the Mayor and City Council.

(1) Tiered water rates per 100 cubic feet, following approval, shall be documented in the Schedule of Fees. **[Amended6-18-2018 by Order No. 2018-178]**

(2) The water rate shall be applied to all properties in the City of Melrose classified under Commonwealth of Massachusetts Department of Revenue (DOR) Property Classification Code of April 2019, or latest version, as commercial, industrial, or residential. Properties owned and operated by the City of Melrose shall not receive a water bill unless otherwise determined by the City Auditor. Water at said properties will still be metered for the purpose of accounting for water use and promoting conservation.

(3) Owners of property are responsible for payment of all fees for water service. The Department shall not bill tenants or contractors, although they may receive a copy of bills upon request. Customers shall be charged fees and held responsible for service until the Department is notified in writing that they no longer desire to use the public water supply. The Department is not responsible for leaks on the customer's property. Water passing through a meter shall be considered used by the customer.

(4) A minimum charge shall be assessed for water service from the date the water is turned on, regardless o the amount of water used, according to the current Schedule of Rates. The City reserves the right to charge base fees when the water is turned off.

(5) If a meter fails to work, the customer shall be charged a user fee based on the average daily consumption of water as shown by the meter when it was working, for the corresponding billing period of the preceding year. If this methodology is not feasible, a different method of estimating water usage deemed appropriate to the Department shall be used.

B. There is hereby created a Water and Sewer Rate Review Committee, to consist of the Director of Public Works, City Engineer, Auditor, Treasurer-Collector, a member of the City Council appointed by the President of the City Council, and two citizens of Melrose appointed by the President of the City Council. The Committee shall meet at least quarterly to review the water rate charges established pursuant to this section, the costs of operating and maintaining the water system, and any capital improvements to the system. The Committee shall hold at least one meeting per year after 7:00 p.m. It shall report its findings and any recommendations to the City Council in conjunction with submission of the annual operating budget. **[Amended 10-2-2017 by Ord. No. 2018-23]**

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

State law reference — Law of commonwealth making water rates a lien on real estate, MGL c. 40, §§ 42A to 42F.

§ 228-16 **Water used for building purposes.**
[Amended 6-17-1985 by Ord. No. 1047; 12-16-2002 by Ord. No. 02-060A]

A. The following rates shall be charged for water used for building purposes except as provided in s. 228 16.B:

(1) The minimum charge for construction of new buildings shall be the same as three months' minimum charges (base fees).

(2) For extraordinary additions or repairs, the rate shall be assessed by the City Engineer. **[Amended 5-21-2012 by Ord. No. 2012-158]**

B. The City Engineer shall have the right to require the applicant to pay by meter instead of the foregoing schedule for building purposes. **[Amended 5-21-2012 by Ord. No. 2012-158]**

C. The fees for water for building purposes which are to be paid in advance include the charge for turning on and shutting off water; no allowance will be made if water is obtained from other premises. A refundable deposit may also be assessed. Charges for metered use during construction shall be assessed on a schedule as determined by the Department.

D. Water used for demolition and construction shall be in accordance with Department policies governing such uses.

§ 228-17 **Application for use of water or other work; emergencies.**

A. Applications for the use of water for service pipes, for thawing frozen pipes, or for any other work to be done or materials to be furnished in connection with the supplying of water to any premises shall be made to the City Engineering Division.

B. In cases of extreme emergency, of which the City Engineer shall be the judge, such application shall not be required, provided that as soon as may be after the furnishing of such water or materials or the completion of such work, the City Engineer shall render a bill therefor, in an amount representing the actual cost to the City, to the owner of the premises. Such bill shall be payable on presentation. **[Amended 5-21-2012 by Ord. No. 2012-158]**

C. In no case shall water be turned on for specific purposes until all charges are paid or, for fractional parts of the year, until the proportional part of the minimum charge is paid up to the first day of January next following. Fractional parts of a month shall be considered a full month, and the three month base fee shall be the minimum amount charged.

§ 228-18 **Minimum charges in case of vacancy.**
[Amended 12-16-2002 by Ord. No. 02-060A; 5-21-2012 by Ord. No. 2012-158]

In case of vacancy, base fees may be suspended at the discretion of the Department. No suspension of fees shall be allowed or made unless notice of vacancy is given, in writing, at the office of the City Engineer and the fee paid for shutting off the water, which sum shall include the expense of turning on again. No premises will be considered vacant unless such notice is given in writing and water so shut off.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-19 **Opening or interfering with fire hydrants.**
[Amended 5-21-2012 by Ord. No. 2012-158]

No person except the City's primary water distribution system operator or those authorized by them, and the officers of the Fire Department in case of a fire, shall open or otherwise interfere with any fire hydrant, tie or fasten a horse or any other animal to any fire hydrant, or place any obstruction in the way of its free use by the firefighters.

Written approval of the DPW Director or their designee is required in order to use a hydrant as a temporary source of water. Charges for such temporary use shall be assessed in accordance with the Schedule of Fees.

Fire hydrants and water mains on private property may be inspected periodically by the City. Any repairs necessary for proper operation of hydrants or the proper functioning of water mains on private property shall be the responsibility of the property owner. Such repairs shall be completed within 30 days after due notice has been given in writing to the owner by the Department.

No water shall be taken or used through private fire systems for testing unless the DPW issues written permission. Such test must be conducted in the presence of a representative of the Department.

§ 228-20 **Elderly discount.**
[Added 4-3-1989 by Ord. No. 2324; amended 5-6-1996 by Ord. No. 96-237]

A. A twenty-percent discount on water bills shall be given upon application to the office of the City Engineer in accordance with the following procedure: **[Amended 5-21-2012 by Ord. No. 2012-158]**

(1) The applicant must have reached or already been over age 65 in the calendar year prior to that in which they are making application for discount. In the case of joint home ownership, either spouse/owner must have reached age 65 by the prior year.

(2) The applicant must be the owner of record of the property for which the discount is requested, their name must appear on the water bill for that property, and they must have lived at the subject property for a minimum of one year.

(3) The yearly consumption of water by the applicant's household shall not exceed 6,250 cubic feet. **[Amended 6-16-2016 by Ord. No. 2016-166]**

(4) The discount shall only apply to owners of one-family or two-family homes who are able to demonstrate their primary residence in said single- or two-family home. **[Amended 6-16-2016 by Ord. No. 2016-166]**

(5) Otherwise eligible condominium owners will be entitled to a discount which shall be equal to the average single-family discount provided for in this section for the immediately preceding fiscal year. **[Added 6-16-2016 by Ord. No. 2016-166]**

B. Applicants who have not reached 65 will also qualify for discount if:

(1) They are in conformity with the other provisions of this section.

(2) Their yearly gross income does not exceed $15,000 for a single person and $23,000 if filing jointly.

C. Administration of the discount program set forth in Subsections **A** and **B** above shall be in accordance

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

with reasonable policies established by the Director, or their designee, and shall be in strict compliance with this section. **[Added 6-16-2016 by Ord. No. 2016-166]**

Article III
Backflow and Cross-Connections

[Added 6-2-1997 by Ord. No. 97-323]

§ 228-21 **Authority.**
In accordance with the Safe Drinking Water Act of 1974 and the Commonwealth of Massachusetts regulations 310 CMR 22.22 of the Massachusetts Drinking Water Supply Regulations, the water purveyor has the primary responsibility for preventing water from unapproved sources, or any other substances, from entering the public potable water supply system.

§ 228-22 **Purpose.**
The purpose of this article is:

A. To protect the public potable water supply served by the City of Melrose Water Division from the possibility of contamination or pollution by isolating within its customers' internal distribution system(s) such contaminants or pollutants which could backflow or backsiphon into the public water supply system.

B. To promote the elimination or control of existing cross-connections, actual or potential, between its customers' in-house/in-plant potable water system(s) and nonpotable systems.

C. To provide for the maintenance of a continuing program of cross-connection control which will systematically and effectively prevent the contamination or pollution of all public potable water systems by cross-connection.

D. Backflow prevention shall be required at facilities identified in 310 CMR 22.22 (8) and all work shall comply with the State Plumbing code 248 CMR 10.00.

§ 228-23 **Responsibility of Water Division and customers.**
The City of Melrose DPW Water Division shall be responsible for the protection of the public potable water distribution system from contamination or pollution due to the backflow or backsiphonage of contaminants or pollutants. If, as a result of a survey of any premises, the Department determines that an approved backflow prevention device is required at the City's water service connection to any customer's premises for the safety of the public water supply system, the Department or its designated agent shall give notice in writing to said customer to install such an approved backflow prevention device at each service connection to their premises. The customer shall, within 60 days, install such approved device or devices at their own expense. Failure, refusal or inability on the part of the customer to install said device or devices within 60 days may result in a fine, as described in the Schedule of Fees, or the turning off of water to the property.

§ 228-24 **Definitions.**
[Amended 4-7-2008 by Ord. No. 08-129]

[Amended 8-21-2017 by Ord. No. 2018-4]

§ 228-25 **Requirements.**
A. Water Division.

(1) On new installations, the DPW Water Division or its designated Certified Backflow Prevention Device

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Tester will provide on-site evaluation and/or inspection of plans in order to determine the type of backflow preventer, if any, that will be required and will notify the owner of plan approval requirements by the appropriate reviewing authority. It is the responsibility of the owner to initiate and complete this process prior to building occupancy.

(2) For premises existing prior to the start of this program, the DPW Water Division will perform surveys of the premises and reviews of as-built plans and issue a cross-connection violation form to the owner detailing any corrective action required, the method of achieving the correction and the time allowed for the correction to be made. The time period allowed shall depend upon the nature of the potential cross connection.

(3) The Department will not allow any cross-connection to remain unless it is protected by an approved backflow preventer for which a permit has been issued and which will be regularly tested to ensure satisfactory operation.

(4) If the Department determines at any time that a serious threat to the public health exists, the water service will be terminated immediately.

B. Owner responsibility.

(1) The owner shall be responsible for the elimination or protection of all cross-connections on their premises.

(2) The owner shall be responsible for applying for and obtaining all necessary approvals and permits for the maintenance of cross-connections and installation of backflow prevention devices and applying annually for the renewal of each permit.

(3) The owner shall have any device that fails an inspection or test repaired immediately by a licensed plumber.

(4) The owner shall inform the Department of any proposed or modified cross-connection and also of any existing cross-connections of which the owner is aware but which have not been found by the DPW.

(5) No owner or private contractor shall install bypass around any backflow preventer unless there is a backflow preventer of the same type on the bypass. Owners who cannot shut down operation for testing of the device(s) must supply additional devices necessary to allow testing to take place.

(6) The owner shall install backflow preventers in a manner approved by the Commonwealth of Massachuestts per 310 CMR 22.22 and by the Melrose DPW. The type of backflow preventers installed shall be as prescribed by 310 CMR 22.22 for the applicable use.

(8) The owner shall be responsible for the payment of all fees for permits, device testings, and retestings in the case that the device fails to operate correctly and second reinspections for noncompliance with state or local requirements.

(9) Any existing backflow preventer shall be allowed by the Department to continue in service unless the degree of hazard is such as to exceed the effectiveness of the present backflow preventer or result in an unreasonable risk to the public health. Where a change in use increases the degree of hazard, any existing backflow preventer must be upgraded.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

C. Testing.

(1) All approved backflow prevention devices shall be tested in accordance with applicable state and federa laws pertaining to cross-connection control in potable water systems, including 310 CMR 22.22.

(2) This item intentionally blank.

(3) Any backflow preventer which fails during a periodic test must be repaired or replaced immediately by a licensed plumber. When repairs are necessary, upon completion of the repair, the device will be retested at the owner's expense to ensure proper operation. High hazard situations will not be allowed to continue unprotected if the backflow preventer fails the test and cannot be repaired immediately. In other situations, a compliance date in accordance with state regulations will be established. The owner is responsible for spare parts, repair tools or a replacement device.

(4) Parallel installation of two devices by the owner is allowed and encouraged to ensure uninterrupted water service during testing or repair of devices.

§ 228-26 **Enforcement; violations and penalties.**

A. Right of entry. All owners or operators of commercial, industrial or institutional premises served by a public water supply system shall authorize agents and employees of the City of Melrose DPW and/or the Massachusetts Department of Environmental Protection, upon presentation of their credentials, to enter their premises without a warrant for the purpose of inspecting and surveying their water systems for cross-connections and assuring compliance with these regulations, whether or not evidence exists that their water system is in violation of an applicable legal requirement.

B. The DPW shall not allow a cross-connection to exist with the public water system unless it is considered necessary and all appropriate approvals and permits have been issued.

C. Failure of the owner to comply with any applicable section of this article will constitute a violation of 310 CMR 22.22 and will be subject to termination of water service by the City of Melrose DPW Water Division.

D. Fine. Whoever maintains a cross-connection without a permit or after revocation of the permit to maintain such connection and whoever maintains a cross-connection without installing the appropriate backflow prevention device required by these regulations and by the reviewing authority shall be punished by a fine as determined in 310 CMR 22.22(16) and as listed in the Schedule of Fees.

§ 228-27 **Procedure policy.**

The procedure for backflow prevention should comply with the latest version of AWWA Manual M14, Backflow Prevention and Cross Connection Control. Where any inconsistency exists with 310 CMR 22.22, the laws of the Commonwealth shall govern.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Article IV
Sewer Use

[Added 5-4-1981 by Ord. No. 20841, App. B (Rev. Ords. 1989, §§ 16-51 to 16-70, 16-81 to 16-86, 16-91 to 16-99, 16-111 to 16-117 and 16-131 to 16-145)]

§ 228-28 **Purpose.**
The purpose of this article is to regulate the use of public and private sewers, the installation and connection of sewer services, and the discharge of waters and wastes in the public sewer system in the City.

§ 228-29 **Definitions.**
The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

ACT
The Clean Water Act of 1977, Public Law 95-217, as amended from time to time.

APPROVED
Accepted by the City of Melrose Department of Public Works (DPW) as meeting an applicable specification stated or cited in this regulation or as suitable for the proposed use.

BOD or BIOCHEMICAL OXYGEN DEMAND
The quantity of oxygen utilized in five days at 20° C., expressed in milligrams per liter, in the biochemical oxidation of wastewater as determined by a procedure described in Standard Methods.

CITY
The City of Melrose.

CITY ENGINEER
The City Engineer of the Melrose Department of Public Works or their designee.

[Amended 5-21-2012 by Ord. No. 2012-158]

COOLING WATER
The clean wastewater from air conditioning, industrial cooling, condensing, and similar apparatus and from hydraulically powered equipment. In general, cooling water will include only water that is sufficiently clean and unpolluted to be discharged, without treatment or purification, into any natural area without offense.

COMMONWEALTH
The Commonwealth of Massachusetts.

COMPATIBLE POLLUTANT
A substance that is amenable to removal in substantial amounts by the wastewater treatment plant. Compatible pollutants include, but are not limited to, coliform bacteria, suspended solids and those that exert BOD.

CONNECTION
The joining together of pipes so that substances can be transferred from one pipe to another.

CUSTOMER
The person or party responsible for a water and/or sewer account.

DIRECTOR OF PUBLIC WORKS

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The Director of the Melrose Department of Public Works or their designee.
[Added 5-21-2012 by Ord. No. 2012-158]

DPW (a.k.a. DEPARTMENT)
The City of Melrose Department of Public Works.

EXCESSIVE
More than the limits established in these regulations or of such magnitude that, in the judgment of the MWRA, may cause damage to any facility or be harmful to the wastewater treatment process or reduce its efficiency, cannot be removed in the wastewater treatment plant to the degree required to meet the Act, creates any hazard in the receiving waters, exceeds the capacity of the local or MWRA sewerage system, or otherwise endangers life, limb or public property or constitutes a public nuisance.

FOG
Fat, oil, or grease in a physical state such that it will separate by gravity from wastewater by treatment in an approved pretreatment facility.

GARAGE
Any building wherein are kept or stored one or more motor vehicles, including, among others, a public or private garage, carport, motor vehicle repair shop or paint shop, service station, lubritorium, car wash or any building used for similar purposes.

GARBAGE
For the purposes of this Chapter, garbage refers to wastes from the domestic and commercial preparation, cooking and dispensing of food, and from the handling, storage and sale of produce. This is also commonly referred to as food waste.

INCOMPATIBLE POLLUTANT
A substance that is not amenable to removal in substantial amounts by the wastewater treatment plant. Incompatible pollutants include, but are not limited to, toxic metals and persistent organics.

INDUSTRIAL USER
Any user identified in 314 CMR as an industrial discharger to the wastewater system, based on their code as established in the Standard Industrial Classification Manual of the United States Office of Management and Budget.

INDUSTRIAL WASTES
Any solid, liquid or gaseous wastes resulting from industrial processes as defined by state regulations including 314 CMR.

INFILTRATION
Water other than wastewater that enters a sewer system (including sewer service connections and foundation drains) from the ground through means which include, but are not limited to, defective pipes pipe joints, connections, or manholes. Infiltration does not include, and is distinguished from, inflow.

INFILTRATION/INFLOW
Water originating from both infiltration and inflow without distinguishing the source.

INFLOW
Water other than sanitary flow that enters a sewer system (including sewer service connections) from sources which include, but are not limited to, roof leaders, cellar drains, yard drains, area drains, drains from springs and swampy areas, sump pumps, manhole covers, cross-connections between storm sewers

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

and sanitary sewers, catch basins, cooling towers, stormwaters, surface runoff, street wash waters, or drainage. Inflow does not include, and is distinguished from, infiltration.

INTERNAL SEWER SERVICE

That part of the lowest horizontal piping of a drainage system which receives the discharge from soil, waste and other drainage pipes inside the walls of the building and conveys it to the sewer service, from the inside of the building to 10 feet outside the inner face of the building wall.

MASSDEP

The Commonwealth of Massachusetts Department of Environmental Protection.

MUNICIPAL SEWER

A sewer controlled by the City of Melrose.

MWRA

Massachusetts Water Resources Authority (formerly Metropolitan District Commission).

MWRA RULES AND REGULATIONS

The most recent Rules and Regulations of the MWRA, as defined in 360 CMR or any related or referenced regulation of the MWRA governing sewer use.

MWRA SEWER INTERCEPTOR

A sewer controlled by the MWRA.

MWRA SEWERAGE DISTRICT

All cities, towns and sewer districts served by the MWRA in accordance with legislation.

MWRA SEWERAGE SYSTEM

The sewerage works under the control of the MWRA including conveyance and treatment facilities such as MWRA sewer interceptors, pumping stations, and the Deer Island Wastewater Treatment Facility.

NATURAL OUTLET

Any outlet, including storm sewers, into a watercourse, pond, ditch, lake or other body of surface water or groundwater.

pH

The logarithm of the reciprocal of the hydrogen ion concentration, expressed in moles per liter. Neutral water, for example, has a pH value of seven and a hydrogen ion concentration of 10^{-7}.

PLUMBING CODE

The existing rules and regulations enforced through the Melrose Plumbing Inspector. Such rules and regulations shall conform to Commonwealth of Massachusetts Regulations (248 CMR).

PROPERLY SHREDDED GARBAGE

Garbage (a.k.a. food waste) that has been shredded to such a degree that all particles will be carried freely under the flow conditions normally prevailing in municipal sewers. No particle shall be greater than 1/2 inch or 1.27 centimeters in any dimension.

PUBLIC SEWER

A common sanitary sewer controlled by the City or the MWRA.

SANITARY WASTEWATER

Liquid or water-carried human and domestic wastes from residences, commercial buildings, industrial

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

plants and institutions, exclusive of groundwater, stormwater and surface water and exclusive of industrial wastes.

SANITARY SEWER

A sewer pipe that carries liquid and water-carried wastes from residences, commercial buildings, industrial plants and institutions, together with any quantities of groundwater, stormwater and surface water that are not admitted intentionally.

SCHEDULE OF FEES

The City of Melrose Water, Sewer, and Drainage Schedule of Fees, which includes all charges for water and sewer use, permits, application fees, and all other rates or fees associated with the City of Melrose water, sewer, and drainage systems. This Schedule of Fees shall be revised periodically as appropriate. All water and sewer volumetric rates and base fees as listed in the Schedule of Fees shall be approved in advance by the City Council.

SEPTAGE

The liquid and solid wastes of sanitary wastewater origin that are removed from a cesspool, septic tank or similar receptacle.

SEWER

A pipe or conduit that carries wastewater. (see Sanitary Sewer)

SEWER SERVICE CONNECTION (also called "house connection" or “sewer lateral”)

The wastewater connection from the building to a public sewer.

SEWERAGE SYSTEM

Any device, equipment or works used in the transportation, pumping, storage, recycling and reclamation of wastewater.

SLUDGE

Waste containing varying amounts of solid contaminants removed from sanitary wastewater by physical, chemical and biological treatment.

SLUG

Any discharge of water or wastewater which in concentration of any given constituent or in quantity of flow exceeds for any period of duration longer than 15 minutes more than five times the average twenty four-hour concentration of flows during normal operation and which may adversely affect the sewerage system.

STANDARD METHODS

The current edition of Standard Methods for the Examination of Water and Wastewater as published by the American Public Health Association, American Water Works Association and Water Environment Federation.

[Amended 8-21-2017 by Ord. No. 2018-4]

STORM DRAIN

A pipe or conduit for conveying stormwater or surface water or relatively unpolluted water from any source, which shall be kept separate from sanitary sewers.

SUSPENDED SOLIDS

Solids that either float on the surface of or are in suspension in water, wastewater or other liquids and

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

are removable by a laboratory filtering procedure as described in Standard Methods.

TITLE 5 FLOW

The design flow of sanitary wastewater from a building or buildings as defined by the State Environmental Code, Title 5: Minimum Requirements for the Subsurface Disposal of Sanitary Sewage.

TOXIC WASTES

Wastes containing toxic or poisonous solids, liquids or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any wastewater treatment process, constitute a hazard to humans or animals, create a public nuisance or create any hazard in the receiving waters of the wastewater treatment plant and those wastes so specified in these regulations and in the Act.

USER

Any municipality, governmental agency, public authority, property owner, person or permittee discharging wastewater directly or indirectly into any public sewer.

WASTEWATER (aka Sanitary Wastewater)

The spent water of a community, which may be a combination of the liquid and water-carried wastes from residences, commercial buildings, industrial plants and institutions together with any groundwater, surface water and stormwater that may be present.

WASTEWATER FACILITIES

The structures, equipment and processes required to collect, pump, carry away and treat domestic and industrial wastes and dispose of the effluent.

WATER POLLUTION CONTROL FEDERATION MANUAL OF PRACTICE FD-5 (ASCE MOP 60) – GRAVITY SEWER DESIGN AND CONSTRUCTION

The document prepared by a joint task force of the American Society of Civil Engineers and the Water Environment Federation.

§ 228-30 **Sewer service rates; minimum charges.**

[Added 6-26-1985 by Ord. No. 1108; amended 3-17-1986 by Ord. No. 1311; 7-21-1986 by Ord. No. 1108A; 8-29-1988 by Ord. No. 2127; 1-3-1989 by Ord. No. 2240; 9-6-1989 by Ord. No. 90-2; 10-15-1990 by Ord. No. 90-279; 6-17-1991 by Ord. No. 91-304; 1-9-1992 by Ord. No. 92-138; 6-6-1994 by Ord. No. 94-222; 7-18-1994 by Ord. No. 94-222A; 6-15-1998 by Ord. No. 98-360; 6-27-2001 by Ord. No. 01-324; 6-26-2002 by Ord. No. 02-359; 12-16-2002 by Ord. No. 02-060A; 6-26-2003 by Ord. No. 03-289; 6-21-2004 by Ord. No. 04-269; 6-30-2005 by Ord. No. 05-247; 6-26-2006 by Ord. No. 06-249; 7-17-2006 by Ord. No. 06-249A; 7-16-2007 by Ord. No. 07-180; 5-19-2008 by Ord. No. 08-226; 6-15-2009 by Ord. No. 09-203; 5-17-2010 by Ord. No. 10-161; 6-20-2011 by Ord. No. 11-171; 5-21-2012 by Ord. No. 2012-158; 6-18-2012 by Ord. No. 2012-188; 8-20-2012 by Ord. No. 2013-3; 6-27-2013 by Ord. No. 2013-205; 5-19-2014 by Ord. No. 2014-118; 6-15-2015 by Ord. No. 2015-144; 6-16-2016 by Ord. No. 2016-164; 6-19-2017 by Ord. No. 2017-147]

A. All bills for sewer service furnished by the City to City sewer users shall be rendered at intervals of three months (quarterly) or one month (monthly) at tiered rates per 100 cubic feet of wastewater flow as calculated below, as defined in the most recent version of the Schedule of Fees and approved by City Council. **[Amended 6-18-2018 by Order No. 2018-177]**

B. Wastewater flow shall be based on a percentage of metered water consumption on the following schedule:

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(1) Residential users with one meter contribute 90% of metered water consumption as wastewater flow.

(2) Residential users with separate lawn and garden service meters contribute 100% of their domestic metered water consumption and 0% of their metered lawn and garden service water consumption as wastewater flow.

(3) Industrial/commercial users, including hospitals, contribute on a percentage basis up to 90% of metered water consumption. This percentage shall equal 90% except in cases where the City Engineer has determined that product retention of water, cooling tower loss and other evaporative water losses have occurred in the process. The wastewater flow as a percentage of metered water consumption will be set on an individual basis in those cases by the City Engineer.

(5) Customer accounts with no sewer connection will not be billed sewer fees for any proportion of their metered water use.

(6) In most cases as determined by the City Auditor, municipal facilities will not be billed for sewer usage. Water will still be metered for the purpose of accounting for water use and promoting conservation.

§ 228-31 **Elderly discount.**
[Added 2-20-1996 by Ord. No. 96-185; amended 5-6-1996 by Ord. No. 96-238]

A. A twenty-percent discount on sewer bills shall be given upon approval of application to the office of the City Engineer if applicants meet all the requirements for a discount to water bills, as defined in Article II, Section 228-20. **[Amended 5-21-2012 by Ord. No. 2012-158]**

(1) The applicant must have reached or already been over age 65 in the calendar year prior to that in which he/she is making application for discount. In the case of joint ownership, either spouse/owner must have reached age 65 in the prior year.

(2) The applicant must be the owner of record of the property for which the discount is requested, their name must appear on the sewer bill for that property, and they must have lived at the subject property for a minimum of one year.

(3) The yearly consumption of water by the applicant shall not exceed 6,250 cubic feet.

(4) The discount shall only apply to owners of one-family or two-family homes who are able to demonstrate their primary residence in said single- or two-family home. Three-family homes or larger are excluded.

(5) Otherwise eligible condominium owners will be entitled to a discount which shall be equal to the average single-family discount provided for in this section for the immediately preceding fiscal year.

B. Applicants who have not reached 65 will also qualify for discount if:

(1) They are in conformity with the other provisions of this section.

(2) Their yearly gross income does not exceed $15,000 for a single person and $23,000 if filing jointly.

C. Administration of the discount program set forth in Subsections **A** and **B** above shall be in accordance with reasonable policies established by the Director, or their designee, and shall be in strict compliance with this section.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-32 **Damaging or tampering with facilities, right of entry.**

A. No person shall maliciously, willfully or negligently break, damage, destroy, uncover, deface or tamper with any structure, appurtenance or equipment which is a part of the wastewater facilities. Any person violating this provision shall be subject to immediate arrest under charge of disorderly conduct or other applicable charge.

B. Any person who wantonly or maliciously destroys or injures any part of the City's or MWRA sewer system shall be subject to all penalties and other provisions of the MWRA or the Commonwealth of Massachusetts as applicable, in addition to all City fees and criminal penalties as applicable. **[Amended 8-21-2017 by Ord. No. 2018-4]**

C. The Director, the City Engineer, and other duly authorized employees or agents of the City or the MWRA, bearing proper credentials and identification, shall be permitted to enter all properties for the purposes of inspection, observation, measurement, sampling, and testing in accordance with the provisions of these rules and regulations. This shall include smoke and dye tests, as well as visual inspections inside buildings in order to test for unauthorized or excessive discharges into the sewer system.

D. The Director of Public Works and other duly authorized employees of the City bearing proper credentials and identification shall be permitted to enter all private properties through which the City holds a duly negotiated easement for the purposes of, but not limited to, inspection, observation, measurement, sampling, repair and maintenance of any portion of the wastewater facilities lying within the easement. All entry and subsequent work, if any, on the easement shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved. **[Amended 8-21-2017 by Ord. No. 2018-4]**

§ 228-33 **Connections to be regulated.**

A. All users which connect to any municipal sewers in the City, either directly or indirectly, shall do so subject to the direction, control and regulation of the MWRA, the City, and Massachusetts General Laws.

B. Requests for the installation of a new sewer service connection to the public sewers and/or the repair or replacement of an existing sewer service connection must be made in writing to the office of the City Engineer. No work shall commence without a permit issued by the DPW Engineering Division.

C. At a minimum, the approval of an application for a sewer service connection will be subject to the following requirements:

   a. No service connection shall be allowed unless a parcel of real property abuts an existing gravity sewer main, or the requested property creates an easement for sewer utility across any applicable parcels, unless otherwise approved by the City Engineer.

   b. An approved application for sewer service shall constitute a sewer service connection permit, subject to the terms and conditions stated and referred to therein. Such permit shall be valid for a period of six months from the date of issue, unless extended in writing by the City Engineer.

   c. No unauthorized person shall uncover, make any connections with or opening into, use, alter, or disturb any public sewer or appurtenance thereof without an approved DPW application for sewer service.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

d. When applicable, approved permits from MassDEP for Sewer Extension or Connection (314 CMR 7.00) shall be secured.

D. Requests for the installation of a new sewer main to extend the system of public sewers must be made in writing to the City Engineer. Each new sewer main constructed within the City right-of-way or an accepted easement shall be granted to Melrose as a public sewer, unless otherwise specified by the City Engineer.

E. Except as specifically provided in writing with reference to a particular sewer connection, sanitary sewers shall be used only for the conveyance and disposal of sanitary wastewater as defined in these regulations and for approved, diluted, water-carried industrial wastes which are not objectionable as provided for herein.

F. No person or party shall discharge or put into any public sewer or into any sewer or fixture which thereafter discharges into any public sewer or appurtenance thereof any waste or substance other than such kinds or types of water or water-carried wastes for the conveyance of which the particular sewer or appurtenance is intended and designed.

§ 228-34 **Separation of surface waters and wastewater required.**
[Amended 4-7-2008 by Ord. No. 08-129]

A. The plumbing of any estate or premises shall be so arranged as to keep any groundwater, stormwater, surface water, or unpolluted waters, including all infiltration and inflow, separate from the sanitary sewer. Such waters shall be connected to a storm drain, watercourse, or subsurface device designed for the discharge of stormwater, or shall discharge to the surface within the subject property.

B. No person shall maintain or make a connection of roof downspouts, exterior foundation drains, areaway drains, or other sources of surface runoff or groundwater to a sewer service or internal sewer service or waste pipe which in turn is connected directly or indirectly to a public sanitary sewer.

§ 228-35 **Unlawful deposit of waste.**
It shall be unlawful for any person to place, deposit or permit to be deposited in any unsanitary manner on public or private property within the City, or in any area under the jurisdiction of the City, any human or animal excrement, garbage or objectionable waste.

§ 228-36 **Untreated discharge to natural outlet prohibited.**
[Amended 4-7-2008 by Ord. No. 08-129]

A. Illicit discharges. No person shall dump, discharge, or cause or allow to be discharged any wastewater or pollutant discharge into the municipal separate storm sewer system (MS4), into a receiving water, or into the waters of the Commonwealth.

B. Illicit connections. No person shall construct, use, allow, maintain or continue any illicit connection for wastewater to the municipal storm drain system, regardless of whether the connection was permissible under applicable law, regulation or custom at the time of connection.

§ 228-37 Septic tank use restricted.
Except where connection to a public sewer is deemed infeasible by the City Engineer, it shall be unlawful to construct or maintain any privy, privy vault, septic tank, cesspool or other facility intended or used for the disposal of wastewater.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-38 Connection to public sewer required.
[Amended 5-21-2012 by Ord. No. 2012-158]

The owner of all houses, buildings or properties used for human occupancy, employment, recreation or other purposes situated within the City and abutting on any street, alley or right-of-way in which there is now located or may in the future be located a public sanitary sewer of the City is hereby required, at the owner's expense, to install suitable toilet facilities therein and to connect such facilities directly with the proper public sewer in accordance with the provisions of this article within 90 days after date of official notice to do so, provided that such public sewer is within 100 feet of the property line. This requirement for connection may be waived when permitted by the City Engineer.

§ 228-39 Contributions by industrial users.
The MWRA may deny or condition new or increased contributions of pollutants to the MWRA sewerage system by industrial users.

§ 228-40 Pretreatment requirements.
Users shall make wastewater acceptable in accordance with these regulations, as well as MassDEP and federal regulations, before discharging to any public sewers. Any facilities required to pretreat wastewater to a level acceptable to the MWRA shall be provided and maintained at the user's expense. A description and detailed plans showing the pretreatment facilities and operating procedures shall be submitted to the MWRA in accordance with the implementation schedule incorporated in the user's permit. The review of plans and operating procedures will in no way relieve such user from the responsibility of modifying the pretreatment facility as may be necessary to produce an effluent acceptable to the MWRA under the provisions of these regulations and requirements of federal and state agencies. Any subsequent changes in a pretreatment facility or method of operation shall be reported to the MWRA before modification of such facility. Pretreatment, including but not limited to parameters considered, limits, and testing, shall conform to all requirements of MassDEP and all other applicable state and federal regulations.

§ 228-41 Time frame for compliance with standards.
Any user to which City, MWRA, federal or state pretreatment standards are applicable shall be in compliance with such standards within the time required by such regulations.

§ 228-42 Traps required for flammable wastes.
Garages and other establishments where gasoline is used or where wastes containing grease in excessive amounts or any flammable wastes, sand or other harmful ingredients can be discharged and which are connected with municipal sewers shall be provided with a suitable trap or separator. All traps or separators shall be of a type and capacity approved by the MWRA and the City and shall be located so as to be readily and easily accessible for cleaning and inspection. The City may request proof of proper maintenance of such infrastructure at any time.

§ 228-43 Maintenance of pretreatment equipment.
Where pretreatment or flow-equalizing facilities or traps or separators are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner or the user at his/her own expense.

§ 228-44 Meters and measuring devices for industrial wastes.
[Amended 12-16-2002 by Ord. No. 02-060A]

A. When required by the MWRA or by the City, the owner or user of any property discharging industrial wastes shall install a suitable control or measuring device, together with manholes, chambers, meters and other appurtenances, in the sewer service to facilitate observation, sampling and measurement of the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

wastes. Such manholes, chambers or meters shall be accessibly and safely located, shall be constructed in accordance with plans approved by the MWRA and by the City, shall be installed by the owner at their expense, and shall be maintained by the owner in good operating condition at all times. The records from the meters and measuring devices shall be furnished to the MWRA or to the City upon request.

B. The facilities shall be constructed in accordance with all applicable construction standards and specifications. Construction shall be completed in accordance with a time schedule established by the MWRA and/or MassDEP, as applicable.

C. The Director of Public Works or other duly authorized City employees are authorized to obtain information concerning industrial processes which have a direct bearing on the kind and source of discharge to the wastewater collection system. The industry may withhold from the City information considered confidential if the industry establishes that the revelation to the public of the information in question might result in an advantage to competitors. While performing necessary work on private properties, the Director of Public Works or duly authorized employees of the City shall observe all safety rules applicable to the premises established by the company. **[Amended 8-21-2017 by Ord. No. 2018-4]**

D. The MWRA or the City may inspect the facilities of any user to ascertain whether these regulations are being met. Persons or occupants of premises where wastewater is generated or discharged shall allow representatives of the MWRA or the City ready access at all reasonable times to all parts of the premises for inspection or sampling or in performance of any of their duties. The MWRA or the City shall be deemed to be performing a governmental function for the benefit of the general public, and neither the MWRA, the City, nor the representatives of either shall be liable for any loss or damage as a result of the performance of such governmental function. Where a user has security measures in force which would require proper identification and clearance before entry into the premises, the user shall make necessary arrangements with its security guards so that, upon presentation of suitable identification, personnel from the MWRA or from the City will be permitted to enter without undue delay for the purpose of carrying out their specific responsibilities.

F. All measurements, tests and analyses of the characteristics of waters and wastes to which reference is made in these regulations shall be determined in accordance with Standard Methods and shall be determined at the control manhole or chamber provided or by use of suitable samples taken at the control manhole or chamber. If no special manhole or chamber has been provided, the control point shall be a sampling point acceptable to the MWRA and the City. Sampling shall be carried out by customarily accepted methods. The particular analyses involved will determine whether a composite or grab sample is taken. If there is any question concerning the sampling, the MWRA, the City, or MassDEP will make the final decision.

G. All information and data on a user obtained from reports, questionnaires, permit applications, permits and monitoring programs and from inspections shall be made available, upon request, to other governmental agencies and to the public without restriction unless the user specifically requests otherwise and is able to demonstrate, to the satisfaction of the MWRA and the City, that the release or communication of such information would divulge methods or processes entitled to protection as trade secrets or would violate applicable provisions of law.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-45 Protection from discharges; notice of accidental discharge.

Each user shall provide protection from any discharges, including accidental discharges, in violation of these regulations. Users shall notify the MWRA and the City immediately upon discharging wastes in violation of these regulations in order for countermeasures to be taken to minimize the damage to all public sewers and to receiving waters. This notification shall be followed, within 15 days of the date of occurrence, by a detailed written statement to the City describing the causes for the accidental discharge and the measures being taken to prevent future occurrence. Additionally, any reporting requirements of the MWRA and MassDEP for accidental discharges shall be met. Such notification will not relieve users of liability for any expense, loss or damage to any public sewers or for any fines imposed on the MWRA or on the City.

§ 228-46 Information for employees.

Industrial users shall inform their employees of the existence of these regulations, and at least one copy shall be permanently posted on the user's bulletin board. Each user shall permanently post a notice advising employees as to who in its organization has been designated as the responsible individual for compliance with these regulations and who should be notified of any accidental discharges in violation of these regulations.

§ 228-47 Penalties imposable by City.

A. Any person who discharges wastes in a manner in violation of this article will be subject to penalties or charges as permissible by law.

B. When a discharge of wastes causes an obstruction, damage or any other impairment to the sewerage system, the DPW may assess a charge against the discharger for the work required to clean or repair the facility.

C. Any person who violates the provisions of this Article shall be fined as defined in the Schedule of Fees. Each day of the existence of any such violation shall be deemed a separate offense.

D. Any person who knowingly makes any false statement, representation, record, report, plan or other document filed with the Department or who falsifies, tampers with or knowingly renders inaccurate any monitoring device or method required under this article shall be punished by a fine as defined in the Schedule of Fees.

E. Whenever a discharge of wastes is in violation of the provisions of this Article or otherwise causes or threatens to cause a condition of contamination, pollution or nuisance, the City Solicitor may petition the Superior Court for the issuance of a preliminary or permanent injunction, or both, as may be appropriate in restraining the continuance of such discharge. This does not limit the City's ability to pursue all other applicable legal action as deemed appropriate by the City Solicitor.

F. The penalties included in this section are in addition to any which may be levied by the MWRA or other governmental or regulatory body.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-48 Penalties imposable by MWRA.
Any user who violates any provision of these regulations or any user who knowingly makes any false statement, representation, record, report, plan or other document filed with the City or the MWRA or who falsifies, tampers with or knowingly renders inaccurate any monitoring device or method required under this regulation shall be punished by a fine as specified in the Schedule of Fees and/or as prescribed by the MWRA for each day such violation continues, or shall be subject to a civil penalty per day of such violation, which may be assessed in an action brought on behalf of the Commonwealth in any court of competent jurisdiction.

§ 228-49 Disposal of septage.
Septage shall be disposed of in accordance with the following provisions:

A. No user shall discharge or cause to be discharged or allow to be discharged into any public sewer any septage from within the City of Melrose.

B. No user shall discharge or cause to be discharged or allow to be discharged into any public sewer any septage generated outside the City of Melrose.

C. No user shall discharge septage or other wastes from recreational vehicles (RVs), campers, boats, or other temporary storage tanks into the City's or the MWRA sewer system within the City.

§ 228-50 Precedence of more stringent regulations.
If federal or state agencies or the MWRA enacts or promulgates laws or regulations more stringent than these regulations, the federal, state or MWRA requirements shall take precedence.

§ 228-51 Recourse for violations.
When the MWRA or the City finds that a discharge of wastes has been taking place or threatens to take place in violation of these regulations or the provisions of a permit, the following actions may be taken:

A. The MWRA or the City may issue an order to cease and desist any such discharge or violation to any user not complying with such prohibitions, limits, requirements or provisions and direct such user as follows:

(1) To comply forthwith;

(2) To comply in accordance with a time schedule set forth by the MWRA or by the City; or

(3) To take appropriate remedial preventive action in the event of a threatened violation.

B. The MWRA and the City may require the user to submit a detailed time schedule setting forth specific actions to be taken, subject to modifications as the MWRA or the City deems necessary for the user to follow in order to prevent or correct a violation. The MWRA and the City may issue an implementation schedule to the user containing specific actions and time schedules.

§ 228-52 Implementation and enforcement.
[Amended 12-16-2002 by Ord. No. 02-060A]

In the implementation and enforcement of these requirements, the following provisions shall be observed:

A. Whenever the MWRA issues, denies or modifies a permit, issues an order or assesses charges for damage or other violations occasioned by noncompliance with any permit or other lawful requirement, the user's rights for appeal or reconsideration shall be as prescribed by the MWRA.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

B. Any proposal by the MWRA to revoke a permit shall be executed in the manner specified by MWRA regulations.

C. The City shall be notified by the MWRA of any permit modifications or revocation.

D. The MWRA reserves the right to take direct enforcement action through the courts, pursuant to MGL c. 92, App. § **1-24**, in any case of violation of these regulations.

§ 228-53 Publication of list of industrial users.

A list of industrial users will be posted on the City of Melrose website every year in the month of January as a form of public participation. Included in the list will be all industrial users which were not in compliance with the applicable pretreatment requirements during the previous 12 months. A summary of the control actions taken by the MWRA or by the City will also be published in conjunction with the list.

§ 228-54 Calculation of sewer cost; collection of assessment.

The actual cost of each public sewer laid and constructed shall be determined as follows:

D. Applications for the original laying of pipes in public and private ways for the conveyance of wastewater shall be made, in writing, to the City Engineer in the form of an application for utility installation and shall include all plans and other documentation required by the City Engineer. Such work shall be performed entirely at the expense of the applicant and in accordance with all DPW design and construction standards in place at the time the application is made.

E. Cases may arise where the City chooses, at the City's option, to lay a new sewer main and services where one did not previously exist. At the discretion of the City Engineer, a procedure may be used to assess betterments to the bettered properties in accordance with MGL Chapter 80, Section 1 and Chapter 83.

F. This section shall not apply to the laying of sewer pipes for which provision is otherwise made by the rules and regulations of the Planning Board governing the subdivision of land.

§ 228-55 Permits for industrial users.

A. Requirements and conditions. Every user discharging industrial wastes to any public sewer shall obtain a joint permit from the MWRA and from the City. Industrial users proposing new discharges shall obtain such permits prior to constructing a sewer service. The MWRA and the City may change the conditions of a permit from time to time as circumstances, including regulations enacted or promulgated by the state or federal government or its agencies, may require. The MWRA and the City may stipulate special conditions and terms upon which the permit will be issued. No user may increase the daily volume, strength or rate of their permitted discharge without first securing an amendment to their permit.

B. Applications. It is the responsibility of every industrial user to obtain a permit. Should an industrial user be identified who does not have a permit, they will be notified to apply for a permit. Permit application forms shall be filed within 30 calendar days of notification, or as prescribed by regulations of MassDEP and the MWRA, whichever is sooner.

C. Evaluation of application; imposition of conditions. The MWRA and the City shall evaluate the adequacy of data furnished in the application form. If insufficient data has been furnished, the MWRA

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

will notify the industrial user to provide additional data within a specified time. After acceptance of data, the MWRA and the City will issue the permit. The MWRA and the City may stipulate special conditions and terms upon which the permit may be issued.

D. Permit conditions. Permits may contain the following conditions:

(1) Limits on rate, time and characteristics of discharge or requirements for flow regulation and equalization.

(2) Installation of inspection, flow measurement and sampling facilities, including access to such facilities.

(3) Specifications for monitoring programs which may include flow measurement, sampling, chemical and biological tests, recording of data and reporting schedules.

(4) Pretreatment requirements and schedules for implementation, including schedules for reporting progress towards meeting these requirements.

(5) Submission of discharge reports.

(6) Schedules for the payment of industrial cost recoveries as required under Section 204 of the Act.

(7) Special service charges or fees.

(8) Other conditions as deemed appropriate by the MWRA or by the City to ensure compliance with these regulations and with applicable requirements of state or federal law, including requirements to meet all local limits for industrial pretreatment for prescribed parameters.

E. Permit not assignable. A permit shall not be reassigned or transferred.

F. Revocation and modification of permit. If an industrial user discharges amounts or rates of pollutants in violation of these regulations, the MWRA or the City may revoke the existing permit in accordance with § **228-52**. If an industrial user shows that changes in the industrial process have improved the characteristics and volume of its discharge, the permit may be modified upon application by the industrial user to the MWRA.

G. Enforcement of permit conditions. The conditions of all permits shall be enforced by the MWRA and the City in accordance with the provisions of these regulations.

H. Reports. When required by the permit, each industrial permittee shall submit a duly signed report to the MWRA and the City containing all information requested by the MWRA or the City and in a form acceptable to the MWRA and the City. The MWRA and the City will evaluate the data furnished. If insufficient data has been furnished, additional information may be required.

I. Sources of charges and recovery payments information. The MWRA and the City may use the information provided in the permit applications, permits and discharge reports as the basis for determining user charges and industrial recovery payments.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-56 Minimum discharge requirements.

The City's sanitary sewer system discharges into the MWRA sewerage system. All discharges into the public sanitary sewers shall, as a minimum, conform to the requirements of 310 CMR 10.00: Sewer Use (aka Rules and Regulations of the MWRA).

§ 228-57 Types of substances prohibited from discharge.

No user shall discharge or shall cause or allow to be discharged any substances, water or wastes that the MWRA or the City has identified as likely, either singly or by interaction with other substances, to:

A. Harm either the sewerage system or the wastewater treatment process;

B. Be otherwise incompatible with the treatment process;

C. Cause a violation of federal and state discharge permits issued to the MWRA or to the City;

D. Adversely affect receiving waters;

E. Endanger life, limb or public property; or

F. Constitute a nuisance.

§ 228-58 Enumeration of prohibited substances.
[Amended 12-16-2002 by Ord. No. 02-060A]

No user shall discharge or cause or allow to be discharged any of the following substances:

A. Gasoline, benzene, naphtha, fuel oil, crude oil, lubricating oils and flammable or explosive liquids, solids or gases or any other oils or greases of hydrocarbon or petroleum origin.

B. Waters or wastes having a pH lower than 5.5 or higher than 9.5 or having any other corrosive or injurious properties capable of causing damage or hazard to structures, equipment, sewerage systems and personnel.

C. Solids or viscous substances in quantities or of such size as to be capable of causing obstruction to the flow in sewers or other interference with the proper operation of the sewerage systems, such as but not limited to sand, metal, glass, wood, plastics, rubber, latex, cloth, non-dispersible wipes, and lime slurries.

D. Liquids or vapors having a temperature higher than 150° F or 65° C.

E. Waters or wastes containing fats, wax, grease or oils of vegetable or animal origin in excess of 100 milligrams per liter or containing other substances (not specifically prohibited by Subsection A) which may solidify or become viscous at temperatures between 32° F or 0° C and 150° F or 65° C. Waters or wastes containing such substances, excluding normal household waste, shall exclude all visible oils, fats and greases. The use of chemical or physical means, such as temperature variation, emulsifying agents or mechanical mixers, to bypass or release fats, oils and greases into the municipal sewerage system is prohibited. If the discharge concentration for any fats, oils and greases is in excess of 100 milligrams per liter after treatment, the MWRA may increase the discharge concentration limit on a case-by-case basis when the user demonstrates to the MWRA's satisfaction that its discharge is not contributing to nuisance conditions.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

F. Garbage that has not been properly shredded.

G. Metals.

(1) Waters or wastes containing amounts of toxic or objectionable metals in excess of the concentrations obtainable by acceptable control technology, including but not limited to the following:

Antimony	Chromium	Nickel
Arsenic	Copper	Selenium
Barium	Iron	Silver
Beryllium	Lead	Tin
Boron	Manganese	Zinc
Cadmium	Mercury	

(2) In general, wastes containing the above metals shall be treated to reduce their concentrations to the minimum levels attainable by chemical precipitation processes or other equally effective methods. In no case, however, shall allowable metal concentrations be higher than those concentrations allowed by applicable state or federal law, including all specifically established local limits.

H. Nonmetals.

(1) Waters or wastes containing amounts of toxic or objectionable nonmetals in excess of concentrations attainable by acceptable control technology, including but not limited to:

Ammonia	Pesticides	Chlorides
Cyanides	Phenols	Polychlorinated biphenyls (PCBs)
Herbicides	Sulfates	Sulfides

(2) In no case, however, shall allowable nonmetal concentrations be higher than those concentrations allowed by applicable state or federal law, including all specifically established local limits.

I. Radioactive wastes or isotopes of such half-life or concentrations as may exceed limits established by the MWRA in compliance with state or federal regulations.

J. Sludges or deposited solids resulting from an industrial or pretreatment process.

K. Substances causing excessive discoloration or turbidity.

L. Slugs as defined herein.

M. Substances which exert unusual BOD, chemical oxygen demand or chlorine requirements in quantities such that when received in the composite wastewater at the wastewater treatment facility they exceed the limits established for such discharges.

N. Substances which are not amenable to treatment or reduction by the wastewater treatment process employed, or not amenable to treatment as necessary for the wastewater treatment plant effluent to meet the requirements of other agencies having jurisdiction over discharge to the receiving waters.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

O. Any substances that may attack, damage or alter by either abrasion or chemical action the materials of which the sewer and its appurtenances are composed or built.

P. Substances causing excessive discoloration (such as, but not limited to, dye wastes or 'vegetable tanning solutions').

Q. Sticks, stones, rubbish, rags, unground, unshredded, or improperly shredded garbage, refuse or portions of any animal carcass having particles more than one quarter inch in longest dimension.

R. Wastewater containing considerable quantities of animal guts or tissues, entrails, offal, blood, feathers, hair, hides, scraps, unshredded vegetables, straw or cinders.

S. Hazardous wastes and/or material as defined by the Commonwealth of Massachusetts Department of Environmental Protection Regulations (310 CMR), or successor regulations as amended.

T. Based on the composition of wastewater, the Director reserves the right to:

a. Reject sanitary wastewater that does not comply with the regulations herein.

b. Require pretreatment to an acceptable condition for discharge to public sewers.

c. Require control over the quantities and rates of discharge.

d. Require payment to cover the added cost of handling and treating the wastes not covered by existing sewer charges.

§ 228-59 Discharge of unpolluted waters.
[Amended 4-7-2008 by Ord. No. 08-129]

A. No person shall discharge or cause to be discharged any unpolluted waters, such as groundwater, stormwater, surface water, roof runoff, tidewater, subsurface drainage, uncontaminated cooling water or uncontaminated industrial process water, to any sanitary sewer. Dwellings and other buildings and structures which require, because of infiltration of water into basements, crawl spaces, and the like, a sump pump discharge system shall have a permanently installed discharge line which shall not at any time discharge water either directly or indirectly into a sanitary sewer system. All connections of infiltration and/or inflow to the public sewer system are illegal according to state plumbing codes.

B. Stormwater and all other unpolluted drainage shall be discharged to a natural outlet within the owner's property or to drainage pipes when approved in writing in advance by the City Engineer, as specified in Article V. **[Amended 5-21-2012 by Ord. No. 2012-158]**

C. Property owners shall allow an employee of the City or a designated representative of the City to inspec the building to confirm that there is no sump pump or other prohibited discharge into the sanitary sewer system. Such inspections may include smoke tests or dye tests on private property. The City may periodically reinspect any building or premises to determine compliance with the requirements of this section.

D. Any property owner who previously made any connection or installation in violation of this section shall immediately remove such connection or correct such an installation. If not removed or corrected within 30 calendar days after notice of the violation has been delivered personally or by certified mail

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

to the owner, the City may impose a surcharge in the amount defined in the latest version of the Schedule of Fees. Such a surcharge may also be imposed upon any property owner, after a thirty-calendar-day notice has been delivered, and if the owner refuses to allow his or her property to be inspected. The owner of a building or premises found to be not in conformance with this section during periodic reinspections may also be subjected to a surcharge as defined in Article V.

§ 228-60 Dilution prohibited.

The attainment of specific levels for discharge to public sewers by dilution in the absence of treatment shall be prohibited.

§ 228-61 Wastes of unusual strength or character.

Notwithstanding the limitations set forth in § **228-58** above, a special temporary permit or amendment to an existing permit between the MWRA and the City and the user may be issued by the MWRA whereby a waste of unusual character or strength may be accepted on an interim basis when, in the opinion of the MWRA, unusual or extraordinary circumstances compel special terms and conditions of temporary duration. Such permit or amendment will be issued only when, in the opinion of the MWRA, it would not cause any interference with or disruption in the treatment works, would not violate the National Pollutant Discharge Elimination System (NPDES) permit or Commonwealth water quality standards, and would not force additional controls on other dischargers to achieve compliance with effluent limitations.

§ 228-62 Permit required for sewer hookup; fee.
[Amended 4-7-2008 by Ord. No. 08-129]

A. No unauthorized person shall uncover, make any connections with or opening into, use, alter or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the DPW. A permit and inspection fee for a residential or commercial sewer service permit shall be paid to the City at the time the application is filed. Fees are defined in the Schedule of Fees.

B. Except as otherwise provided by the rules and regulations of the City Planning Board governing the subdivision of land, the material required in the construction of sewer services and appurtenances thereof shall be provided and the labor thereon shall be performed by the private property owner.

C. No person shall be allowed to make any alteration in, or make any connection with, any sewer service other than that intended in the original permit without making another application and obtaining permission to do so from the DPW. **[Amended 5-21-2012 by Ord. No. 2012-158]**

D. The City Engineer or DPW Operations Division staff shall have the right to inspect sewer services, sewer laterals, private sewers, grease traps, oil traps, particle separators, improperly connected sump pumps, and other facilities tributary to the City's wastewater system, at any reasonable time while such construction is underway. After obtaining a permit, the owner shall notify the City Engineer when such facility is installed and ready for final inspection and before the facility is connected to the City's wastewater systems. More frequent inspections may be required by the City Engineer. Connection to the City's wastewater system shall be made in the presence of an authorized representative of the City. No facility shall be covered over until approval has been given by the City Engineer or DPW Operations Division staff. **[Amended 5-21-2012 by Ord. No. 2012-158]**

§ 228-63 Classes of sewer service permits; application form; supplemental information.

A. There shall be two classes of sewer service permits:

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(1) For residential and commercial service; and

(2) For service to establishments producing industrial wastes.

B. In either case, the owner shall make application on a special form furnished by the City. The permit application shall be supplemented by any plans, specifications or other information considered pertinent in the judgment of the City Engineer and as specified in the DPW Design and Construction Standards. For further information concerning industrial permits, see § **228-55**. **[Amended 5-21-2012 by Ord. No. 2012-158]**

C. The design, construction, and materials of a sewer main or service connection, and the methods to be used in excavating, placing of the pipe, jointing, testing and backfilling the trench shall conform to the City of Melrose Public Works Design and Construction Standards, building and plumbing code, and other applicable rules, regulations and ordinances of the City. In the absence of code provisions, or in amplification thereof, the materials and procedures set forth in the appropriate specifications of the ASTM and WPCF Manual of Practice No. FD-5 shall apply.

D. All new sewer mains shall remain within public ways for their entire length except where this is not practical. In such cases, easements deemed appropriate by the Division for the operation and maintenance of the sewer shall be conveyed to the City without cost to the City.

E. Special service fees for administrative, inspection and construction services for each connection shall be assessed according to the Schedule of Fees, the full amount of which shall be paid to the City before work commences.

§ 228-64 This section left blank intentionally

§ 228-65 Installation of private sewer services.

A. Private sewer service shall be laid to and through the cellar wall and shall be provided with a cleanout in the direct line of the pipe.

B. All pipes through or under the wall of any building, and for a distance of ten feet outside of the wall or building, shall be of extra-heavy cast iron and are subject to the jurisdiction of the applicable plumbing code.

§ 228-66 Maintenance responsibilities.

Every sewer service shall be under the control of, and shall be maintained and kept clean by the property owner. All costs and expense incident to the installation and connection of sewer services shall be borne by the owner of the premises served by the same. Additionally, all cleaning of, repairs to or renewals of sewers shall be made at the expense of the owner of the premises served by such sewer, provided that any labor on such sewer which may be required as a result of defects or obstructions in the main public sewer shall be paid for by the City.

Whenever any service connection to any public sewer shall become clogged, broken, obstructed, out of order or detrimental to the use of a public sewer, or unfit for carrying sewage, the owner, agent, occupant or person having charge of any building or lot of land or premises in which such service connection is located shall, upon notification by the Director and/or the City Engineer, remove, reconstruct, alter, clean or repair such service connection as the condition thereof may require. In case of neglect or refusal to comply with such notice within five (5) days after the same is given, the Director and/or the City Engineer may cause the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

service connection to be removed, reconstructed, repaired, altered or cleaned, as he or she may deem expedient, at the expense of such owner, agent, occupant or other person so notified, who shall also be liable to a penalty for such neglect or refusal.

§ 228-67 Disposition of assessment for betterment.

Whenever a betterment for a public sewer constructed pursuant to an order of the City Council has been assessed on the premises with respect to which an application for connection has been made, an agreement for payment of such assessment must be entered into by the property owner with the City prior to connection to the public sewer.

§ 228-68 This section left blank intentionally

§ 228-69 Responsibility for plumbing.

All pipes and fixtures outside the building shall be considered part of the sewer service, and shall be regulated by the DPW. The sewer service, from 10-feet outside of the house to the sewer main, including all chimney connections, shall be the property of the owner of the premises that is served, and all maintenance, improvements, and replacement shall be the responsibility of the property owner. All pipes and fixtures within any buildings, and for 10-feet outside the building, shall be considered a part of the plumbing and shall be under the regulatory jurisdiction of the Building Department and State Plumbing Code.

§ 228-70 An individual sewer service is required for every building; exception.

[Amended 12-16-2002 by Ord. No. 02-060A]

A. A separate and independent sewer service shall be provided for every building, except where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard or driveway. In such case, the sewer service from the front building may be extended to the rear building and the whole considered as one sewer service, but the City does not and will not assume any obligation or responsibility for damage caused by or resulting from any single connection aforementioned. The City may also require proof of maintenance agreements and/or easements to allow such jointly owned sewer service connections.

B. Any property which is subdivided into multiple properties must make separate connections to the sewer main for each property; shared services will not be permitted unless a hardship is indicated and approval is given by the City Engineer.

C. Unless a different determination is made by the City Engineer, each parcel is entitled to one single sewer service, and separate services shall not be connected to the public sewer main from multiple buildings on the same property. Accessory buildings such as a garage or barn or an approved in-law apartment should be connected to the sewer service for the primary use building.

D. The City Engineer may determine that it is in the best interests of the City to allow more or fewer service connections than described in this Section.

§ 228-71 Use of old sewers.

Old sewer services shall not be used for new building construction or substantial reconstruction. If the City Engineer deems that it is in the best interest of the City to allow reuse of an old connection, and, on examination, the service meets all requirements of this article and DPW standards for integrity, the City Engineer may waive this requirement. All evaluations of the existing service pipe shall be performed at the expense of the owner.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-72 **Establishment of specifications.**
The DPW shall, from time to time, establish standard requirements or specifications to regulate the sizes, materials, methods and workmanship to be used in the construction of sewers, house connections and other similar work and appurtenances thereto connected or intended to be connected into or to discharge, directly or indirectly, into any public sewer of the City. These requirements shall be recorded in the DPW Design and Construction Standards and shall not conflict with any requirements of the City Building Commissioner. Such standard requirements shall provide for gastight and watertight connections and minimum requirements as to size, depth, slope or rate of grade for such pipes, shall regulate the kinds of pipe, fittings, methods of laying, jointing, materials used, manner of connecting to existing municipal sewers and general consideration as to location and other pertinent features. When a private service connection is made directly to the MWRA sewerage system, all applicable applications and standards applied by the MWRA must be met and superseded City requirements when they are more stringent. All City requirements that are more stringent than MWRA requirement shall apply to sewer services within the City, whether connected to the City or MWRA sewerage systems.

§ 228-73 Specifications to apply in absence of code provisions.

[Amended 8-21-2017 by Ord. No. 2018-4]

In the absence of code provisions, or in amplification thereof, the materials and procedures set forth in the appropriate specifications of the American Society for Testing and Materials (ASTM) and the Water Environment Federation (WEF) Manual of Practice No. FD-5 shall apply.

§ 228-74 Gravity flow or means of lifting required.
Whenever possible, the sewer service shall be brought to the building at an elevation below the basement floor. The preferred method for discharge of sanitary sewage from an individual building or a group of buildings to the City of Melrose sewer system is by gravity flow. In all buildings in which any internal sewer service is too low to permit gravity flow to the public sewer, sanitary wastewater carried by such internal sewer service shall be lifted by an approved means and discharged to the sewer service. All grinder pump systems shall comply with the DPW's design and construction standards for such systems.

§ 228-75 This section left blank intentionally

§ 228-76 Private sewer services.
All sewer services shall be installed in full accordance with the DPW's Design and Construction standards unless otherwise permitted in writing by the City Engineer following application for installation.

§ 228-77 This section left intentionally blank

§ 228-78 **Infiltration and inflow mitigation fees.**
[Added 6-16-2016 by Ord. No. 2016-200]

A. Any person or entity changing, altering, repairing, adding to or improving their property in any way that may or should impact the sewer system within the City of Melrose, or any person or entity proposing to add additional wastewater to an existing sewer connection, or any applicant for a new building permit, shall be required to mitigate infiltration/inflow sources which add extraneous water to the sewer system, thereby reducing its capacity and capability to accommodate new flows, at a rate of one gallon of infiltration/inflow removal for each additional gallon of wastewater that will be discharged to the sewer system as a result of the subject project. In the event a connection is subject to a state sewer connection/extension permit under Code of Massachusetts Regulations Chapter 314, and such permit is conditioned upon the completion of removal of infiltration/inflow prior to connection, said removal of

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

infiltration/inflow shall be credited toward complying with the requirements of this section.

B. Title 5 (310 CMR 15) shall be used to determine flow rates, which will be used to calculate the value of the infiltration and inflow mitigation fee. Said fee shall be calculated based on the net change in Title 5 flows resulting from the subject project. The cost per gallon per day (gpd) of flow shall be as defined in the Schedule of Fees and as approved by the City Council. Existing conditions will be established based on records of the Melrose Assessor's office. For example, a project with a net increase of five bedrooms compared to existing conditions per Assessor's records has an associated Title 5 flow increase of 550 gpd. This is a one-time fee required prior to the issuance of a building permit or any other permit, order or permission for any change, alteration, repair, addition or modifications improving the subject property.

C. The fee assessment, or indication that no fee is required based on a determination of no net increase to sewer flows from the subject project, shall be determined by the Director of Public Works. The Director will not sign off on occupancy for any project for which an outstanding payment is due for any assessed infiltration and inflow mitigation fee, for the subject project or for any other project for which occupancy is sought by the same applicant.

Streets and sidewalks — See Ch. 202.

Article I
General Provisions

§ 228-1 ~~**Regulations considered part of contract.**~~ **Applicability, Effective Date, and Severability.**
[Amended 6-26-1985 by Ord. No. 1108]

A. Except as otherwise specifically ordered by the City Council, the ~~rules and regulations~~provisions set out in this C~~c~~hapter shall be applicable to ~~considered as a part of the contract with~~ every person who~~:~~ uses the City water and ~~the City~~ sewer services, receives ~~and every person who~~ benefits from the public drainage system, and is permitted for ~~, and~~ the installation and maintenance of private drainage systems. Every person who takes~~, and every person who takes the~~ water and uses the sewers and ~~uses the~~ drains in the City of Melrose shall comply with the regulations set forth herein.

B. ~~assents thereto and agrees to be bound thereby.~~This Chapter shall take effect immediately upon passage, approval, and publication as provided by law.

C. Prior water, sewer, and drainage ordinances of the City of Melrose or parts thereof in conflict with this Chapter are hereby repealed. Any provision of this Chapter that is found to be unenforceable in any court of the Commonwealth of Massachusetts shall not affect the validity of any other provision of this Chapter.

§ 228-2 **Commitment of charges for collection.**
[Amended 6-17-1985 by Ord. No. 1046]

All charges for water and sewer service shall be committed forthwith by the Department of Public Works (DPW) to the City Collector for collection, and, whenever charges are so committed, such Department shall file with the City Auditor a report, in writing, of the total amount of the charges in each such commitment. The Department shall forthwith give notice, in writing, to the City Auditor of every correction in and abatement of a charge for water and sewer services.

~~§ 228-2 This section intentionally blank.~~

~~**[Amended 2-1-1993 by Ord. No. 92-318]**~~

~~If any person violates any of the rules and regulations set out in this chapter, the water will be shut off and~~

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

~~will not be turned on again until all charges, including $25 for shutting off and turning on, have been paid.~~

§ 228-3 **Billing period; place of payment~~.~~; delinquent payments.**
[Amended 6-17-1985 by Ord. No. 1045; 7-21-1986 by Ord. No. 1417; 7-28-1986 by Ord. No. 1455; 12-19-1988 by Ord. No. 2217; 10-19-1992 by Ord. No. 93-50]

A. All bills for water and sewer shall be made out and rendered by the ~~Public Works Department of Public Works (~~DPW~~)~~ to consumers quarterly or monthly, at the choice of the ~~resident~~customer~~, and all such bills shall be payable within 30 days at the office of the City Collector.~~ . All quarterly bills shall be payable within 30 days and monthly bills within 21 days at the office of the City Collector.

B. ~~B.All bills for stormwater shall be …. As defined in the Stormwater Rules and Regulations (SWR&R).~~

Bills not paid within ~~30 days~~the specified timeframes shall be subject to the following:

(1) Demand charge of $5.

(2) Interest penalty of 14% from the due date.

(3) Lien fee of $10, to be applied only on those water and sewer bills that become lien on real estate tax bills.

C. Abatement Procedure: A one-time water and/or sewer abatement will be considered during any ten-year period for any given customer address, upon filing of an abatement application meeting all requirements of the DPW for such request. Applications must be submitted within 45 days of the issuance date of the bill in dispute. No leak adjustments will be granted if the property has an active water leak or a known leak has not been repaired. In the event that the owner cannot determine the source or cause of unexplained high consumption, data logs will be gathered from the meter to show when water was being used. Abatement applications will only be accepted for accounts that are current, in good standing, and have a working radio meter installed. No more than two consecutive bills are eligible for an adjustment.

~~§ 228-4 **Commitment of charges for collection.**~~
~~**[Amended 6-17-1985 by Ord. No. 1046]**~~

~~All charges for water and sewer service shall be committed forthwith by the Public Works Department~~DPW ~~to the City Collector for collection, and, whenever charges are so committed, such Department shall file with the City Auditor a report, in writing, of the total amount of the charges in each such commitment. The Department shall forthwith give notice, in writing, to the City Auditor of every correction in and abatement of a charge for water and sewer services.~~

Article II
Water

§ 228-4 Definitions

As used in this article and in Article III, the following terms shall have the meanings indicated:

APPLICANT
A person, persons or corporation who applies for an account, a service connection, or the installation of other infrastructure for water, sewer, or drainage.

ANSI
The American National Standards Institute, Inc.

AWWA
The American Water Works Association

APPROVED
Accepted by the City of Melrose Department of Public Works (DPW) as meeting an applicable specification stated or cited in this regulation or as suitable for the proposed use.

BACKFLOW
The flow of water or other liquids, mixtures or substances under pressure into the distributing pipes of a potable public water supply system from any source or sources other than the intended source.

BACKFLOW PREVENTER
A device or means designed to prevent backflow or backsiphonage. Allowable backflow devices in the Commonwealth of Massachusetts are defined in 310 CMR 22.22.

BACKSIPHONAGE
The flow of water or other liquids, mixtures or substances into the distributing pipes of a potable public water supply system from any source other than its intended source caused by the sudden reduction of pressure in the potable public water supply system.

CERTIFICATION EXAMINATION
An examination approved by the Commonwealth of Massachusetts for the purpose of testing competency in all areas of cross-connection control and backflow prevention device testing.

CERTIFIED BACKFLOW PREVENTION DEVICE TESTER
An individual who holds a valid Massachusetts backflow prevention device tester's certificate issued by the Commonwealth.

CITY
The City of Melrose.

CITY ENGINEER
The City Engineer of the Melrose Department of Public Works or their designee.

COMMONWEALTH
The Commonwealth of Massachusetts.

CONTAMINANT
A physical, chemical, biological or radiological substance or matter in water.

CROSS-CONNECTION
Any actual or potential connection between a distribution pipe of potable water from a public water system and any pipe of nonpotable water.

CUSTOMER
The person or party responsible for a water and/or sewer account.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

DIRECTOR
The Director of the Melrose Department of Public Works or their designee.

DPW (a.k.a. DEPARTMENT)
The City of Melrose Department of Public Works.

INSPECTION
The physical examination and testing of an installed backflow prevention device to verify that the backflow prevention device is functioning properly.

INSPECTION AND MAINTENANCE REPORT FORM
A report form, designated by the Commonwealth of Massachusetts, which is to be used by certified testers to record all pertinent testing information.

IRRIGATION SYSTEM
Any equipment that conveys water for irrigation purposes and that is permanently connected to the public water supply.

MASSDEP
The Massachusetts Department of Environmental Protection, which is the regulatory agency for the Federal Safe Drinking Water Act.

METER
A device installed for the measurement of water quantities to be used as a basis for determining charges for water and sewer service.

METER PIT
An underground chamber along a service line, suitable for installation of a water meter and for protecting the meter from the effects of weather.

OWNER
Any person maintaining a cross-connection installation or owning premises on which cross-connections can or do exist.

SCHEDULE OF FEES

The City of Melrose Water, Sewer, and Drainage Schedule of Fees, which includes all charges for water and sewer use, permits, application fees, and all other rates or fees associated with the City of Melrose water, sewer, and drainage systems. This Schedule of Fees shall be revised periodically as appropriate. All water and sewer volumetric rates and base fees as listed in the Schedule of Fees shall be approved in advance by the City Council.

WATER MAIN
The City of Melrose water supply pipe laid in the right of way or easement from which potable water service connections are made.

WATER, NONPOTABLE
Water which is not safe for human consumption or which is of questionable potability, including private wells.

WATER, POTABLE
Water from a public source which has been approved by the Massachusetts Department of Environmental Protection and the United States Environmental Protection Agency for human consumption.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

WATER SERVICE CONNECTION

All the lines and materials from the water main to the customer's water system and is equivalent to 'water service'.

§ 228-5 **Right of entry.**
[Amended 5-21-2012 by Ord. No. 2012-158]

The owners or occupants of any premises served by the ~~Division's~~City of Melrose water system shall, upon presentation by D~~ivision~~epartment personnel of their credentials, authorize entry to their premises during normal business hours, as provided for under the Massachusetts General Laws Chapter 165, Section 11D, for the purpose of inspecting and surveying their water system for new installations or cross connections, or to remove, repair or replace any water meter, or to conduct water quality sampling and testing. When such access is refused, the water shall be shut off after proper notice has been provided until such access has been allowed and fees have been paid for shutting off and turning on the water.

Duly authorized employees of the D~~ivision~~epartment, bearing proper credentials and identification, shall be permitted to enter all private properties through which the City~~Division~~ holds an easement for the purposes of, but not limited to, inspection, observation, measurement, sampling, repair, and maintenance of any portion of the water works lying within said easement. All entry and subsequent work, if any, on said easement shall be done in full accordance with the terms of the easement pertaining to the private property involved.

~~The City Engineer~~DPW staff ~~or~~ their~~his/her agent shall at all reasonable hours have free access to premises supplied with water to examine the condition of the pipes and fixtures and quantity of water used and to inspect any components of the water system for compliance with this ordinance and any referenced City standards or policies.. and to shut off the water for nonpayment or any violation of the rules set out in this article.~~

State law reference — Authority of municipalities to make regulations relative to pipes through which water is supplied, MGL c. 40, § 21, cl. (7).

§ 228-6 **Laying of service pipes.**
[Amended 5-21-2012 by Ord. No. 2012-158]

A. Except as otherwise provided by the rules and regulations of the Planning Board governing the subdivision of land, water service pipes will be replaced~~laid~~ from the main to the line of the street without charge and from the line of the street to the building at the expense of the applicant, provided that the whole or part of the work from the street line to the building may be done by the property owner or his/her agent, subject to the approval of the City Engineer, if the property owner so elects. All new water service pipes and appurtenances associated with new construction or redevelopment shall be paid for and installed by the private property owner and their agents, following approval by the City Engineer. No work shall be performed on any component of the water system, including both public and private water mains and/or services connected to the City's water system, without a written permit application and approval from the DPW~~City's~~ Engineering Division. All pipes and appurtenances shall conform to the Department~~City~~'s standards as described in the City of Melrose Design and Construction Standards.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

B. Approval of applications shall be valid for six months. If applicants do not make a service connection within six months of the date of approval, then the approval shall be revoked, unless extended in writing by the City Engineer.

C. The approval of an application for a water service account will be contingent upon the existence of a water main in the public or private way in front of the property to be served, unless otherwise allowed by the City Engineer. Furthermore, the pressure and carrying capacity of the water main must be sufficient to serve the applicant without adversely affecting the service to existing users.

D. The main must be extended (including necessary hydrants and appurtenances) to the furthest limit of the property to be served by water unless otherwise approved by the City Engineer. A waiver can be obtained if hardship is demonstrated at the discretion of the City Engineer. The applicant shall pay for the cost of permits, installation, and inspection ~~by the Division~~ in accordance with the ~~Water, Sewer, and Drainage~~ Schedule of Fees.

E. An applicant requesting extension of water mains in a private right of way must comply with the City of Melrose Design and Construction Standards, and must convey to the Division any easements necessary to maintain the pipe and appurtenances, along with ownership of the main itself when applicable.

That portion of a service connection installed within a public way and terminating at a shut off shall be considered the property of the ~~Division~~ City upon its construction and acceptance unless otherwise specified by the City Engineer. The D~~ivision~~epartment shall be responsible for its maintenance unless otherwise specified by the City Engineer. That portion of a service connection not lying within the public way shall remain the property of the customer, who shall be responsible for its maintenance.

~~A. Any contractor performing work on utilities connected to the City of Melrose's water system must provide all bonds and insurance required by the Engineering Division permitting process.~~

~~All fees for permit applications and inspections shall be as documented in the Water, Sewer, and Drainage Schedule of Fees.~~

~~F.~~

~~A. That portion of a service connection installed within a public way and terminating at a shut off shall be considered the property of the Division upon its construction and acceptance unless otherwise specified by the City Engineer. The Division shall be responsible for its maintenance unless otherwise specified by the City Engineer. That portion of a service connection not lying within the public way shall remain the property of the customer, who shall be responsible for its maintenance.~~

G. If a property is subdivided, then each of the resulting properties must have its own service connection. This may require replacing an existing service connection with a main.

H. In case of a leak in the customer's service connection or water system, such leak must be repaired as soon as possible upon discovery by the customer or upon report to the customer by the D~~ivision~~epartment, as a condition of continued service. The customer may be billed for the estimated water use if repairs are not made within two weeks. The City also reserves the right to make repairs to private service lines and bill the customer for the expense if repairs are not made, when ~~if~~ the City deems the level of water loss to be unacceptable, regardless of the length of time that has passed since the leak was discovered.

Any contractor performing work on utilities connected to the City of Melrose's water system must provide all bonds and insurance required by the DPW Engineering Division permitting process.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

I.

§ 228-7 **Size and material of service pipes and meters.**
[Amended 5-21-2012 by Ord. No. 2012-158]

No water service pipe ~~or meter larger than 3/4 of~~less than one~~an~~ inch will be laid or allowed, except upon special consent of the City Engineer~~DPW~~. Allowable residential meter sizes are 5/8, 3/4, or 1-inch, unless otherwise approved by the City Engineer. For a water service or meter larger than one inch, the Owner will be responsible for ~~and upon the payment of~~ the ~~additional~~ cost ~~to the City~~. ~~. Additional costs for larger services and meters is as defined in the most recent version of the WSR&R Water, Sewer, and Drainage Schedule of FeesWater and Sewer Schedule of Fees.~~ All pipe laid on ~~the abuttor's premises between the street line and the meter or cellar wall~~private property shall be of such material and size as may be approved by the City Engineer and in accordance with the applicable ~~design standards of the Melrose DPW~~Water and Sewer Design and Construction Standards.

§ 228-8 **Separate service pipes required; protection and maintenance.**
[Amended 5-21-2012 by Ord. No. 2012-158]

No two buildings shall be supplied with domestic water through the same service pipe. ~~, and, so far as possible, each tenement or apartment shall be supplied through a separate service pipe. Any person putting in his/her own~~The service pipe from the street line to the building must ~~lay it at least 5 1/2 feet deep and must provide~~include a stop and waste cock, properly located~~,~~ inside the building. ~~and take such other precautions as may be deemed necessary by the City Engineer. He/she~~The building owner must keep the service pipe, stop and waste cock, and all fixtures connected therewith on ~~his/her~~their premises in good repair and protected from frost, and they~~he/she~~ will be held liable for all damage which may result from a failure to do so. Fire service, where required, shall be provided using a separate pipe from the water main~~, where needed~~required.

§ 228-9 **Additional service pipes.**
~~**Any person desiring more than one water service pipe for any one tenant from the main to his/her premises will be required to pay the whole cost of such additional pipe.**~~
Any person desiring or requiring more than one water service pipe for any one building will be required to pay the entire cost of such pipe. Furthermore, the City may require new development projects to assume all costs associated with new or re-laid water services.

§ 228-10 **Laying mains in public and private ways; assessments.**
[Amended 5-21-2012 by Ord. No. 2012-158]

A. ~~A.~~ Applications for the original laying of pipes in public and private ways for the conveyance and distribution of water shall be made, in writing, to the City Engineer in ~~such form as he/she~~they shall ~~prescribe.~~the form of an application for utility installation and shall include all plans and other documentation required by the City Engineer. Such work shall be performed entirely at the expense of the applicant, in accordance with all DPW design and construction standards in place at the time the application is made. ~~Before laying any such pipe, the City Engineer shall prepare an estimate of the cost thereof and of the assessments to be paid by the owners of the land which will receive benefit therefrom, computed in the manner provided in this section, and shall grant a hearing to each such owner. Notice of the time and place of such hearing shall be given, in writing, not less than seven days prior to the date thereof, and each such owner shall be furnished with a statement of the estimated betterment to be assessed against his/her property.~~

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

B. Cases may arise where the City chooses, at the City's option, to lay a new water main and services where one did not previously exist. At the discretion of the City Engineer, a procedure may be used to assess betterments to the bettered properties i~~Assessment for the installation of new water main, service connections shall be i~~n accordance with MGL Chapter 40, section 42K~~5G.~~:

~~*Such city, town or district may provide that an owner of land which receives benefit from the laying of water pipes in public and private ways upon which his land abuts or which by more remote means receives benefit through the supply of water to his land or buildings shall pay a proportionate part of the cost not already assessed of extending such water supply to his land.*~~

~~*The amount to be charged against each parcel of land receiving such benefit shall include the cost of the pipes and other material and of the labor in laying them and other expenses incidental thereto and shall be ascertained, assessed and certified by the water commissionMWRAers or the other officers in charge of the supply and distribution of water in such city, town or district.*~~

~~*Section 42K. In a city, town or district which accepts the provisions of this section, the water commissioners may assess betterments in accordance with the provisions of chapter eighty for the construction and connection of water mains and services by a uniform unit method which shall be based upon the common main construction costs divided among the total number of existing and potential water units to be served after having allocated the town contribution, if any, and after having proportioned the cost of special (specific unit) and general benefit facilities. Each water unit shall be equal to a single family residence. Potential water units shall be calculated on the basis of zoning in effect at the date of assessment. Existing and potentially and potentially multi-family, commercial, industrial and semi-public uses shall be converted into water units on the basis of residential equivalents*~~

~~B. Acting under authority of MGL c. 40, § 42G, the City Engineer shall assess 1/2 of the actual cost of originally laying pipes in public and private ways upon the estates benefited thereby. For the purpose of apportioning the cost among the estates so benefited, 1/3 of such 1/2 of the cost shall be assessed upon the total frontage of the land so benefited on the street or way in which such pipe is laid, and each such estate shall be assessed its proportional part thereof. Two-thirds of such 1/2 of the cost shall be assessed upon the total area of the land so benefited within a depth of 100 feet from the street or way in which such pipe is laid, and each such estate shall be assessed its proportional part thereof.~~

~~C. In the case of an estate which receives a direct benefit from the laying of such a pipe but which does not abut the street or way in which such pipe is laid and is not wholly located within 100 feet from such street or way, so much of the area of such estate as may be deemed by the City Engineer to be just and reasonable shall be included in the total area, as aforesaid, and assessed its proportion of the cost in the same manner as land within 100 feet of such street or way.~~

~~D. Each corner lot abutting upon a street or way in which such a pipe is laid and which receives direct benefit therefrom shall be assessed in accordance with the provisions of this section, including the whole frontage of the lot on the street in which such pipe is first laid. When such a pipe is laid on the other street or way on which such lot abuts, so much of the area of such lot as has been previously assessed and so much of the frontage of such lot on the other street or way as may be deemed by the City Engineer to be just and equitable shall be exempt from assessment.~~

~~E. Whenever the City Engineer determines that a pipe for the conveyance and distribution of water shall be originally laid in any public or private way, he/she shall take all such steps as may be required to ensure that effect will be given to all pertinent provisions of MGL c. 40, § 42I.~~

~~A.~~C. ~~F.~~ This section shall not apply to the laying of water pipes for which provision is otherwise made

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

by the rules and regulations of the Planning Board governing the subdivision of land.

§ 228-11 **Laying mains in private property.**

In the event the City determines that it is necessary to install a water main ~~is installed~~ on private property, a permanent water easement shall be ~~granted to the City. The property owner shall be compensated for the fair value of the land, as determined by an appraisal paid for and conducted by the City~~sought.~~No water main shall be laid in any private property, other than a private way, unless the owner thereof gives a release to the City for that purpose, and such owner, when required, shall file a bond for the payment annually of 6% of the cost to the City of such main and connections until such time as the revenue from such main shall be sufficient to pay the interest on the cost of construction.~~

§ 228-12 **Turning on and shutting off water; charges.**
[Amended 1-21-1992 by Ord. No. 91-264A]

A. No person except the ~~City Engineer DPW Operations staff or those author~~Department~~City~~'s licensed primary water distribution system operator, or those authorized by ~~him/her~~them, ~~ized by the Operations Manager by him/her~~ shall at any time turn or let on water to any house or building or in any way interfere with any gate valve, fire hydrant or standpipe. **[Amended 5-21-2012 by Ord. No. 2012-158]**

B. Charges for turning water on or off, testing meters, and conducting other activities related to the provision of water by the City are defined in the ~~Water, Sewer, and Drainage~~ Schedule of Fees ~~Water and Sewer Schedule of Feesrate chart included in latest version of the WSR&R and as approved by City Council~~.

C. Any person who turns City water service on or off without permission from the DPW Operations Manager or the primary distribution system operator may be subject to fines as described in the ~~WSR&R Water, Sewer, and Drainage~~ Schedule of Fees~~Water and Sewer Schedule of Fees.~~.

~~(1) Water turned off at curb: $25.~~

~~(2) Water turned on at curb: $25.~~

~~(3) Meter tests: $25.~~

~~(4) Special meter reading trip charge: $25.~~

~~(5) Final meter reading: $25.~~

~~(6) Repair of frozen meters: $25 plus parts.~~

~~(7) Fire flow tests (hydrant): $100.~~

§ 228-13 ~~**This section intentionally blank.**~~ **Water to be Supplied to Customers**

A. No customers shall operate apparatus on their water lines, water meter or elsewhere on their premises that will adversely affect the operating conditions of the City~~Division~~'s water system or its equipment or ~~its~~ ability to serve other customers.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

B. Customers are responsible for notifying the D~~ivision~~epartment if a building becomes vacant and requesting that the water service be shut off.

C. Variations in water pressure will not be considered a violation of this o~~O~~rdinance when they arise from unusual or extraordinary conditions, or arise from the operation of the customer's own fixtures or appliances. It is the customer's responsibility to install suitable equipment to protect private piping, equipment and property from variations in water pressure.

D. The D~~ivision~~epartment reserves the right to interrupt service temporarily in order to perform maintenance or repairs on the water system. Whenever possible, the D~~ivision~~epartment will notify customers of scheduled interruptions. However, in case of an emergency, the D~~ivision~~epartment reserves the right to interrupt service without first giving notice of such action if, in its opinion, it is necessary to do so in order to facilitate the making of repairs or alterations, or other necessary purposes. In such cases, no person shall be entitled to receive damages or refunds of payments because of any such interruption or any consequent conditions.

E. A customer shall not be permitted to supply another property with water, except in emergencies, and then only with the permission of the ~~City Engineer~~Department.

F. No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface or tamper with any structure, appurtenance, or equipment which is a part of the water system. Any person violating this provision shall be subject to appropriate criminal proceedings.

§ 228-14 **Water meters.**

A. No person except the ~~proper officers~~ DPW Operations staff ~~of the Water Division~~ will be allowed to set take off or repair water meters owned by the City. **[Amended 8-21-2017 by Ord. No. 2018-4]**

B. All water meters under 1-inch in size will be furnished, placed and maintained by the City. Any premises requiring a meter over 1-inch is the owner's responsibility to purchase, install, and maintain. Any damage to any meter done or caused by the carelessness or neglect of the owner or occupant will be charged to ~~his/her~~their next bill.~~,~~ Non-payment will result in fees consistent with non-payment of water bills.~~and, if not paid as provided for in § 228-3, the water will be shut off and not again turned on until such charge and all others are paid.~~

C. Effective October 1, 2017, a manual read fee ~~of $50 per quarter~~as specified in the Schedule of Fees~~Water and Sewer Schedule of Fees~~ shall be charged to any account that cannot be remotely read by the City of Melrose. **[Added 6-19-2017 by Ord. No. 2017-148]**

D. A tampering fee shall be assessed to any customer, contractor, or other individual or company who deliberately and knowingly tampers with a water meter in order to change the meter reading, the value of which is specified in the Schedule of Fees~~Water and Sewer Schedule of Fees~~. Assessment of this fee does not preclude the City or others from imposing any applicable criminal or other charge.

E. Installation and repair of meter pits must be approved by the City Engineer and shall be done at the customer's expense. Meter pits may be required at the discretion of the City Engineer.

F. All meters installed must meet the City of Melrose standards for both the metering and communications

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

devices.

G. It shall be the responsibility of every customer to ensure that meters on service connections are readily accessible to Division personnel, regardless of where the meters are located.

H. If a customer requests that a device be installed to transfer meter registration information off the premises for the customer's convenience, it shall require the approval of the City Engineer and shall be installed at the customer's expense. The Division maintains the right of access to the premises in order to verify the consistency of the meter registration with the remote registration. The meter having actual contact with water shall serve as the primary measuring device and shall govern all billing and billing adjustments.

I. The Division has the right to replace and repair meters or test meters in order to verify or insure their accuracy. The cost of periodically testing and replacing all meters larger than one-inch in size shall be the responsibility of the customer.

J. For meters over one-inch in size, if the customer is unable to provide an opportunity to change, repair or test the meter during normal working hours, it is the responsibility of the customer to provide an acceptable bypass of the meter in order to accomplish replacement, make repairs or conduct in-place testing.- All bypasses shall be metered unless the ~~City Engineer~~Department waives this requirement.

K. Customers may request to have the meter which is currently in place and being used for billing by the City tested for accuracy. All meters will be tested for accuracy in accordance with industry standards for the type of meter in use as published by the American Water Works Association. A written report of the meter accuracy test will be provided to the customer and a one-time charge will be assessed according to the current ~~schedule of rates~~Schedule of Fees. If the meter is found to be over registering, then the Division will assume the full amount of the charge for testing the meter, and the water user fees based on readings from the meter shall be adjusted in accordance with the result of the test.

L. The property owner is responsible for all costs and fees associated with the purchase and installation of a secondary water meter for outdoor water use. All plumbing work and meter installations must be done by a licensed plumber with all applicable permits obtained. Plumbing must effectively isolate all exterior uses from interior uses, and all exterior water uses must have no connection to the sanitary sewer. Second water meters for lawn sprinklers shall be installed after of the primary water meter and so that they measure only exterior water use. Plumbing to exterior uses must be properly isolated by use of both ball valves and a proper backflow prevention device. Both the primary and secondary water meters must be consistent with all current standards of the DPW.

No. 2017-146]

A. Except as provided by § **228-16**, all bills for water furnished by the City shall be rendered at intervals of three months (quarterly) or one month (monthly) at rates established by the Mayor and City Council. and defined in the WSR&Rfrom time to time.

(1) Tiered wTiered water rates per 100 cubic feet, following approval, shall be documented in the Water, Sewer, and Drainage Schedule of Fees Water and Sewer Schedule of Fees, effective fiscal year 2019:. **[Amended6-18-2018 by Order No. 2018-178]**

(a) Quarterly consumption:

Cubic Feet	Rate Per 100 Cubic Feet
1 to 2,000	$6.44
Over 2,000	$8.75

(b) Quarterly meter base fee:

Meter Size (inches)	Fee
Up to 1	$16.60
1 1/2½	$64.72
2	$100.81
3	$185.02
4	$305.32
6	$606.07
Manual read fee (for accounts that have not changed primary meter)	$50/quarter
Second meter fee – meter replaced	$16.60
Second meter fee – meter not replaced	$50.00

(c) Monthly consumption:

Cubic Feet	Consumption Rate
1 to 2,000	$6.44
Over 2,000	$8.75

(d) Monthly meter base fee:

Meter Size (inches)	Fee
Up to 1	$5.54
1 1/2½	$21.58
2	$33.61
3	$61.68

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

~~Meter Size (inches)~~	~~Fee~~
~~4~~	~~$101.78~~
~~6~~	~~$202.03~~
~~Manual read fee (for accounts that have not changed primary meter)~~	~~N/A~~
~~Second meter fee – meter replaced~~	~~$5.54~~
~~Second meter fee – meter not replaced~~	~~$16.67~~

(2) The water rate shall be applied to all properties in the City of Melrose classified under Commonwealth of Massachusetts Department of Revenue (DOR) Property Classification Code of ~~April 1987~~April 2019 or latest version, as commercial, industrial, or residential. Properties owned and operated by the City of Melrose ~~by governmental or quasi-governmental entities (e.g. MWRA)~~ shall not receive a water bill unless otherwise determined by the City Auditor. ~~Code/Codes 1, 101 through 103, 104 and 105 and all land or structures exclusively in municipal use by the City of Melrose.~~ Water at said properties will still be metered for the purpose of accounting for water use and promoting conservation.

(3) Owners of property are responsible for payment of all fees for water service. The ~~Division~~ Department shall not bill tenants or contractors, although they may receive a copy of bills upon request. Customers shall be charged fees and held responsible for service until the ~~Division~~ Department is notified in writing that they no longer desire to use the public water supply. The ~~Division~~ Department is not responsible for leaks on the customer's property. Water passing through a meter shall be considered used by the customer.

(4) A minimum charge shall be assessed for water service from the date the water is turned on, regardless o the amount of water used, according to the current ~~s~~Schedule of R~~r~~ates. The City reserves the right to charge base fees when the water is turned off.

(5) If a meter fails to work, the customer shall be charged a user fee based on the average daily consumption of water as shown by the meter when it was working, for the corresponding billing period of the preceding year. If this methodology is not feasible, a different method of estimating water usage deemed appropriate to the Department shall be used.

B. There is hereby created a Water and Sewer Rate Review Committee, to consist of the Director of Public Works, City Engineer, ~~the~~ Auditor, Treasurer-Collector, ~~and~~ a member of the City Council appointed by the President of the City Council, and two citizens of Melrose appointed by the President of the City Council. The Committee shall meet at least quarterly to review the water rate charges established pursuant to this section, the costs of operating and maintaining the water system, and any capital improvements to the system. The Committee shall hold at least one meeting per year after 7:00 p.m. It shall report its findings and any recommendations to the City Council in conjunction with submission of the annual operating budget. **[Amended 10-2-2017 by Ord. No. 2018-23]**

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-16 **Water used for building purposes.**
[Amended 6-17-1985 by Ord. No. 1047; 12-16-2002 by Ord. No. 02-060A]

A. The following rates shall be charged for water used for building purposes except as provided in s. 228 16.B:

(1) The minimum charge for construction of new buildings shall be the same as t ~~for the t~~hree months' minimum charges (base fees).

(2) For extraordinary additions or repairs, the rate shall be assessed by the City Engineer. **[Amended 5-21-2012 by Ord. No. 2012-158]**

B. The City Engineer shall have the right to require the applicant to pay by meter instead of the foregoing schedule for building purposes. **[Amended 5-21-2012 by Ord. No. 2012-158]**

C. The ~~rates~~ fees for water for building purposes~~,~~ which are to be paid in advance~~,~~ include the charge for turning on and shutting off water~~;, and~~ no allowance will be made if water is obtained from other premises. A refundable deposit may also be assessed. Charges for metered use during construction shall be assessed on a schedule as determined by the ~~DPW Water and Sewer Billing Administrator~~Department.

D. Water used for demolition and construction shall be in accordance with Department policies governing such uses.

§ 228-17 **Application for use of water or other work; emergencies.**

A. Applications for the use of water for service pipes, for thawing frozen pipes, or for any other work to be done or materials to be furnished in connection with the supplying of water to any premises shall be made ~~in accordance with Chapter **202**, Streets and Sidewalks, § **202-10**.~~to the City Engineering Division.

B. In cases of extreme emergency, of which the City Engineer shall be the judge, such application shall not be required, ~~nor shall the provisions of § **202-10** apply,~~ provided that as soon as may be after the furnishing of such water or materials or the completion of such work, the City Engineer shall render a bill therefor, in an amount representing the actual cost to the City, to the owner of the premises. Such bill shall be payable on presentation.~~, and the provisions of Chapter **56**, Officers and Employees, § **56-26**, relative to commitment, return, correction, abatement and shutting off of water for nonpayment of water bills, shall apply to each such bill.~~ **[Amended 5-21-2012 by Ord. No. 2012-158]**

C. In no case shall water be turned on for specific purposes until all charges are paid or, for fractional parts of the year, until the proportional part of the minimum charge is paid up to the first day of January next following. Fractional parts of a month shall be considered a full month, and ~~1/4 of the minimum rate per annum~~the three month ~~charge~~base fee shall be the ~~least charge~~minimum amount charged ~~that shall be made~~.

§ 228-18 **Minimum charges~~Abatements~~ in case of vacancy.**
[Amended 12-16-2002 by Ord. No. 02-060A; 5-21-2012 by Ord. No. 2012-158]

In case of vacancy, ~~abatements~~ base fees may be suspended at the discretion of the Department. ~~may be allowed and made at the rate of $0.20 per 100 cubic feet described in the WSR&R. , provided that no~~No ~~abatement~~ suspension of fees shall be allowed or made unless notice of vacancy is given, in writing, at the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

office of the City Engineer and the ~~sum of $25~~fee paid for shutting off the water, which sum shall include the expense of turning on again. No premises will be considered vacant unless such notice is given in writing and water so shut off. ~~No abatement or refund shall be made for water so shut off during the last three months of the year or for fractional parts of 100 cubic feet.~~

§ 228-19 **Opening or interfering with fire hydrants.**
[Amended 5-21-2012 by Ord. No. 2012-158]

No person except the ~~City Engineer~~DPW Operations staff ~~, or those~~persons ~~authorized by him/her~~the ~~Operations Manager, or~~ City's primary water distribution system operator or those authorized by ~~them~~him/her, and the officers of the Fire Department in case of a fire, shall open or otherwise interfere with any fire hydrant, tie or fasten a horse or any other animal to any fire hydrant, or place any obstruction in the way of its free use by the firefighters.

Written approval of the DPW Director or their designee is required in order to use a hydrant as a temporary source of water. Charges for such temporary use shall be assessed in accordance with the Schedule of Fees.

Fire hydrants and water mains on private property may be inspected periodically by the City. Any repairs necessary for proper operation of hydrants or the proper functioning of water mains on private property shall be the responsibility of the property owner. Such repairs shall be completed within 30 days after due notice has been given in writing to the owner by the D~~ivision~~epartment.

No water shall be taken or used through private fire systems for testing unless the DPW issues written permission. Such test must be conducted in the presence of a representative of the ~~DPW Water Division~~Department.

§ 228-20 **Elderly discount.**
[Added 4-3-1989 by Ord. No. 2324; amended 5-6-1996 by Ord. No. 96-237]

A. A twenty-percent discount on water bills shall be given upon application to the office of the City Engineer in accordance with the following procedure: **[Amended 5-21-2012 by Ord. No. 2012-158]**

(1) The applicant must have ~~passed~~ reached or already been over age 65 in the calendar year prior to that in which ~~he/she is~~they are making application for discount. In the case of joint home ownership, either spouse/owner must have ~~passed~~ reached age 65 by~~in~~ the prior year.

(2) The applicant must be the owner of record of the property for which the discount is requested, ~~and his/her~~their name must appear on the water bill for that property, and they must have lived at the subject property for a minimum of one year.

(3) The yearly consumption of water by the applicant's household shall not exceed 6,250 cubic feet. **[Amended 6-16-2016 by Ord. No. 2016-166]**

(4) The discount shall only apply to owners of one-family or two-family homes who are able to demonstrate their primary residence in said single- or two-family home. **[Amended 6-16-2016 by Ord. No. 2016-166]**

(5) Otherwise eligible ~~condominium~~condominium owners will be entitled to a discount which shall be equal to the average single-family discount provided for in this section for the immediately preceding fiscal year. **[Added 6-16-2016 by Ord. No. 2016-166]**

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

B. Applicants who have not reached 65 will also qualify for discount if:

(1) They are in conformity with the other provisions of this section.

(2) Their yearly gross income does not exceed $~~15,000~~135,000 for a single person and $~~23,000~~423,000 if filing jointly.

C. Administration of the discount program set forth in Subsections **A** and **B** above shall be in accordance with reasonable policies established by the Director~~, of Public Works, or his/her~~ or their designee, and shall be in strict compliance with this section. **[Added 6-16-2016 by Ord. No. 2016-166]**

Article III
Backflow and Cross-Connections

[Added 6-2-1997 by Ord. No. 97-323]

§ 228-21 **Authority.**
In accordance with the Safe Drinking Water Act of 1974 and the Commonwealth of Massachusetts regulations 310 CMR 22.22 of the Massachusetts Drinking Water Supply Regulations, the water purveyor has the primary responsibility for preventing water from unapproved sources, or any other substances, from entering the public potable water supply system.

§ 228-22 **Purpose.**
The purpose of this article is:

A. To protect the public potable water supply served by the City of Melrose Water Division from the possibility of contamination or pollution by isolating within its customers' internal distribution system(s) such contaminants or pollutants which could backflow or backsiphon into the public water supply system.

B. To promote the elimination or control of existing cross-connections, actual or potential, between its customers' in-house/in-plant potable water system(s) and nonpotable systems.

C. To provide for the maintenance of a continuing program of cross-connection control which will systematically and effectively prevent the contamination or pollution of all public potable water systems by cross-connection.

D.

Backflow~~m~~ prevention shall be required at facilities identified in 310 CMR 22.22 (8) and all work shall comply with the State Plumbing code 248 CMR 10.00.~~-~~

§ 228-23 **Responsibility of Water Division and customers.**
The City of Melrose ~~Public Works Department~~DPW Water Division shall be responsible for the protection o the public potable water distribution system from contamination or pollution due to the backflow or backsiphonage of contaminants or pollutants. If, as a result of a survey of any premises, the D~~ivision~~epartment determines that an approved backflow prevention device is required at the City's water service connection to any customer's premises for the safety of the public water supply system, the ~~Division~~ Department or its designated agent shall give notice in writing to said customer to install such an approved

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

backflow prevention device at each service connection to ~~his/her~~their premises. The customer shall, within 60 days, install such approved device or devices at ~~his/her~~their own expense. F~~, and f~~ailure, refusal or inability on the part of the customer to install said device or devices within 60 days ~~shall constitute a ground for disconnecting water service to the premises until such device or devices have been properly installed and inspected~~may result in a fine, as described in the ~~WSR&R Water, Sewer, and Drainage~~Schedule of Fees, or the turning off of water to the property~~Water and Sewer Schedule of Fees~~.

§ 228-24 **Definitions.**
[Amended 4-7-2008 by Ord. No. 08-129]

~~As used in this article, the following terms shall have the meanings indicated:~~

~~**ALTER**~~

~~Any activity which will measurably change the ability of a ground surface to absorb water or will change existing surface drainage patterns. "Alter" may be similarly represented as "alteration of drainage characteristics" and "conducting land disturbance activities."~~

~~**APPROVED**~~

~~Accepted by the City of Melrose Public Works Department~~DPW Water Division as ~~meeting an applicable specification stated or cited in this regulation or as suitable for this proposed use.~~

~~**BACKFLOW**~~

~~The flow of water or other liquids, mixtures or substances under pressure into the distributing pipes of a potable public water supply system from any source or sources other than the intended source.~~

~~**BACKFLOW PREVENTER**~~

~~A device or means designed to prevent backflow or backsiphonage. The types allowed by the Division include:Allowable backflow devices in the Commonwealth of Massachusetts are defined in 310 CMR 22.22.~~

~~A. **AIR GAP** The unobstructed vertical distance through the free atmosphere between the lowest opening from any pipe or faucet supplying water to a tank, plumbing fixture or other device and the flood rim of said vessel.~~

~~B. **REDUCED PRESSURE PRINCIPLE DEVICE** An assembly of two independently operating check valves with an automatically operating differential relief valve between the two check valves, two shutoff valves plus properly located test cocks.~~

~~CB. **DOUBLE CHECK VALVE ASSEMBLY** An assembly of two independently operating approved check valves with shutoff valves on each side of the check valves, plus properly located test cocks.~~

~~D. **PRESSURE VACUUM BREAKER** A device designed to prevent backsiphonage only and which is used under static line pressure, plus properly located test cocks.~~

~~**BACKSIPHONAGE**~~

~~The flow of water or other liquids, mixtures or substances into the distributing pipes of a potable public water supply system from any source other than its intended source caused by the sudden reduction of pressure in the potable public water supply system.~~

~~**BEST MANAGEMENT PRACTICE (BMP)**~~

~~Structural, nonstructural, and managerial techniques that are recognized to be the most effective and~~

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

practical means to prevent and/or reduce increases in stormwater volumes and flows, reduce point source and nonpoint source pollution, and promote stormwater quality and protection of the environment.

CERTIFICATION EXAMINATION

An examination approved by the Department Commonwealth of Massachusetts for the purpose of testing competency in all areas of cross-connection control and backflow prevention device testing.

CERTIFIED BACKFLOW PREVENTION DEVICE TESTER

An individual who holds a valid Massachusetts backflow prevention device tester's certificate issued by the DepartmentCommonwealth.

CONTAMINANT

A physical, chemical, biological or radiological substance or matter in water.

CROSS-CONNECTION

Any actual or potential connection between a distribution pipe of potable water from a public water system and any pipe of nonpotable water.

DEPARTMENT

The Commonwealth of Massachusetts, Department of Environmental Protection.

[Amended 8-21-2017 by Ord. No. 2018-4]

DIVISION

The City of Melrose Public Works DepartmentDPW Water Division as the operator of the Melrose Water Distribution System.

HAZARD, DEGREE OF

The term is derived from an evaluation of the potential risk to public health and the adverse effect of the hazard upon the potable public water system.

A. **HAZARD, HEALTH (high hazard)** Any condition, device or practice in any water supply system and its operation which could create or, in the judgment of the Division, may create a danger to the health and well-being of the public water consumer.

B. **HAZARD, PLUMBING (high hazard)** A plumbing-type cross-connection in a consumer's potable water system that has been properly protectedrequires protection by a vacuum breaker, air-gap separation or backflow prevention device. Unprotected plumbing-type cross-connections are considered to be a health hazard.

C. **HAZARD, SYSTEM (low hazard)** All actual or potential threats to the physical properties of the public water system or to the potability of the public or the consumer's potable water system which would constitute a nuisance or be aesthetically objectionable or could cause damage to the system or its appurtenances but would not be dangerous to health.

INSPECTION

The physical examination and testing of an installed backflow prevention device to verify that the backflow prevention device is functioning properly.

INSPECTION AND MAINTENANCE REPORT FORM

A report form, designated by the Department Commonwealth of Massachusetts, which is to be used by

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

certified testers to record all pertinent testing information.

MASSACHUSETTS STORMWATER MANAGEMENT POLICY

The policy issued by the Department of Environmental Protection and, as amended, that coordinates the requirements prescribed by state bylaws promulgated under the authority of the Massachusetts Wetlands Protection Act, MGL c. 131, § 40, and Massachusetts Clean Waters Act, MGL c. 21, §§ 26 to 56.

MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4) or MUNICIPAL STORM DRAIN SYSTEM

The system of conveyances designed or used for collecting or conveying stormwater, including any road with a drainage system, street, gutter, curb, inlet, public storm drain, public storm sewer, pumping facility, retention or detention basin, natural or man-made or altered drainage channel, reservoir, and other drainage structure that together comprise the storm drainage system owned or operated by the City of Melrose.

OWNER

Any person maintaining a cross-connection installation or owning premises on which cross-connections can or do exist.

STORMWATER

Stormwater runoff, snowmelt runoff, and surface water runoff and drainage.

WATER, NONPOTABLE

Water which is not safe for human consumption or which is of questionable potability, including private wells.

WATER, POTABLE

Water from a public source which has been approved by the Massachusetts Water Resources AuthorityDepartment of Environmental Protection and the United States Environmental Protection Agency for human consumption.

WSR&RWATER AND SEWER SCHEDULE OF FEES

The City of Melrose Water, Sewer, and Drainage Schedule of Fees Water and Sewer Rules and RegulationsSchedule of Fees.

[Amended 8-21-2017 by Ord. No. 2018-4]

§ 228-25 **Requirements.**

A. Water Division.

(1) On new installations, the DPW Water Division or its designated Certified Backflow Prevention Device Tester will provide on-site evaluation and/or inspection of plans in order to determine the type of backflow preventer, if any, that will be required and will notify the owner of plan approval requirements by the appropriate reviewing authority. It is the responsibility of the owner to initiate and complete this process prior to building occupancy.

(2) For premises existing prior to the start of this program, the DPW Water Division will perform surveys of the premises and reviews of as-built plans and issue a cross-connection violation form to the owner

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

detailing any corrective action required, the method of achieving the correction and the time allowed for the correction to be made. The time period allowed shall depend upon the ~~degree of hazard involved (higher health hazard – minimum time).~~ nature of the potential cross connection.

(3) The ~~DPW Water Division~~Department will not allow any cross-connection to remain unless it is protected by an approved backflow preventer for which a permit has been issued and which will be regularly tested to ensure satisfactory operation.

(4) If the ~~Division~~ Department determines at any time that a serious threat to the public health exists, the water service will be terminated immediately.

B. Owner responsibility.

(1) The owner shall be responsible for the elimination or protection of all cross-connections on ~~his/her~~their premises.

(2) The owner shall be responsible for applying for and obtaining all necessary approvals and permits for the maintenance of cross-connections and installation of backflow prevention devices and applying annually for the renewal of each permit.

(3) The owner shall have any device that fails an inspection or test repaired immediately by a licensed plumber.

(4) The owner shall inform the ~~Division~~ Department of any proposed or modified cross-connection and also of any existing cross-connections of which the owner is aware but which have not been found by the DPW ~~Water Division~~.

(5) ~~The~~ No owner or private contractor shall ~~not~~ install bypass around any backflow preventer unless there is a backflow preventer of the same type on the bypass. Owners who cannot shut down operation for testing of the device(s) must supply additional devices necessary to allow testing to take place.

~~No public or private contractor shall install bypass around any backflow preventer unless there is a backflow preventer of the same type on the bypass. Owners who cannot shut down operation for testing of the device(s) must supply additional devices necessary to allow testing to take place.~~

(6) The owner shall install backflow preventers in a manner approved ~~by the Department and by the Division.~~by the Commonwealth of Massachuestts per 310 CMR 22.22 and by the Melrose DPW ~~Water Division~~.

~~(7) The owner shall install only reduced pressure backflow preventers and double check valve assemblies approved by the Department~~Division. ~~T~~The type of backflow preventers installed shall be as prescribed by 310 CMR 22.22 for the applicable use.

(8) The owner shall be responsible for the payment of all fees for permits, device testings, and retestings in the case that the device fails to operate correctly and second reinspections for noncompliance with ~~Division or Department~~state or local requirements.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(9) Any existing backflow preventer shall be allowed by the D~~ivision~~epartment to continue in service unless the degree of hazard is such as to exceed the effectiveness of the present backflow preventer or result in an unreasonable risk to the public health. Where a change in use increases the degree of hazard, any existing backflow preventer must be upgraded.

C. Testing.

(1) ~~Reduced-pressure backflow preventers and double-check valve assemblies shall be tested and inspected at least semiannually by the Division's certified tester, at the expense of the owner.~~All approved backflow prevention devices shall be tested in accordance with applicable state and federal laws pertaining to cross-connection control in potable water systems, including 310 CMR 22.22.

(2) ~~Reduced-pressure backflow preventers and double-check valve assemblies must be tested annually by the owner, independent of the semiannual test by the public water supplier, and said test must be conducted by a Department-certified tester.~~This item intentionally blank.

(3) Any backflow preventer which fails during a periodic test must be repaired or replaced immediately by a licensed plumber. When repairs are necessary, upon completion of the repair, the device will be retested at the owner's expense to ensure proper operation. High hazard situations will not be allowed to continue unprotected if the backflow preventer fails the test and cannot be repaired immediately. In other situations, a compliance date in accordance with state regulations~~of not more than 14 days after the test date~~ will be established. The owner is responsible for spare parts, repair tools or a replacement device.

(4) Parallel installation of two devices by the owner is allowed and encouraged to ~~is an effective means of the owner~~ ensur~~e~~ing that uninterrupted water service ~~remains~~ during testing~~s~~ or repair of devices. ~~and is strongly recommended when the owner desires such continuity.~~

§ 228-26 **Enforcement; violations and penalties.**

A. Right of entry. All owners or operators of commercial, industrial or institutional premises served by a public water supply system shall authorize agents and employees of the City of Melrose ~~Public Works Department~~DPW ~~Water Division~~ and/or the Massachusetts Department of Environmental Protection, upon presentation of their credentials, to enter their premises without a warrant for the purpose of inspecting and surveying their water systems for cross-connections and assuring compliance with these regulations, whether or not ~~the Division and/or the Department has~~ evidence exists that their water system is in violation of an applicable legal requirement.

B. The DPW ~~Water Division~~ shall not allow a cross-connection to exist with the public water system unless it is considered necessary and all appropriate approvals and permits have been issued.

C. Failure of the owner to comply with any applicable section of this article will constitute a violation of 310 CMR 22.22 and will be subject to termination of water service by the City of Melrose ~~Public Works Department~~DPW Water Division.

D. Fine. Whoever maintains a cross-connection without a permit or after revocation of the permit to maintain such connection and whoever maintains a cross-connection without installing the appropriate backflow prevention device required by these regulations and by the reviewing authority shall be punished by a fine ~~of not more than $500. Reference:~~as determined in 310 CMR 22.22(~~13~~16)~~(a)~~ and as

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

listed in the ~~Water, Sewer, and Drainage~~ Schedule of Fees ~~Water and Sewer Schedule of Fees~~. ~~A schedule of fines is provided in the WSR&R~~.

~~E. No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface or tamper with any structure, appurtenance, or equipment which is a part of the water system. Any person violating this provision shall be subject to appropriate criminal proceedings.~~

§ 228-27 **Procedure policy.**

~~Attached is the~~The procedure for backflow prevention should comply with the latest version of AWWA Manual M14, Backflow Prevention and Cross Connection Control. Where any inconsistency exists with 310 CMR 22.22, the laws of the Commonwealth shall govern.~~policy package.~~

Article IV
Sewer Use

[Added 5-4-1981 by Ord. No. 20841, App. B (Rev. Ords. 1989, §§ 16-51 to 16-70, 16-81 to 16-86, 16-91 to 16-99, 16-111 to 16-117 and 16-131 to 16-145)]

§ 228-28 **Purpose.**
The purpose of this article is to regulate the use of public and private sewers, the installation and connection of ~~building sewer~~sewer services, and the discharge of waters and wastes in the public sewer system in the City.

§ 228-29 **Definitions.**
The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

ACT
The Clean Water Act of 1977, Public Law 95-217, as amended from time to time.

APPROVED
Accepted by the City of Melrose Department of Public Works (DPW) as meeting an applicable specification stated or cited in this regulation or as suitable for the proposed use.

BOD or BIOCHEMICAL OXYGEN DEMAND
The quantity of oxygen utilized in five days at 20° C., expressed in milligrams per liter, in the biochemical oxidation of wastewater as determined by a procedure described in Standard Methods.

CITY
The City of Melrose.

~~**BUILDING DRAIN**~~

~~That part of the lowest horizontal piping of a drainage system which receives the discharge from soil, waste and other drainage pipes inside the walls of the building and conveys it to the building sewer~~sewer service~~, beginning 10 feet outside the inner face of the building wall.~~

~~**BUILDING SEWER**~~**SEWER SERVICE** ~~**(also called "house connection")**~~
~~The wastewater connection from the building to a public sewer.~~

CITY ENGINEER
The City Engineer of the Melrose Department of Public Works or their designee.~~The Engineer for the City.~~

[Amended 5-21-2012 by Ord. No. 2012-158]

COOLING WATER

The clean wastewater from air conditioning, industrial cooling, condensing, and similar apparatus and from hydraulically powered equipment. In general, cooling water will include only water that is sufficiently clean and unpolluted to be discharged, without treatment or purification, into any natural area without offense.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

COMMONWEALTH
The Commonwealth of Massachusetts.

~~**COMMISSION**~~**MWRA** ~~-~~
~~The Metropolitan District Commission~~MWRA~~, Commonwealth of Massachusetts, or any other commission~~MWRA~~, board or officers duly authorized to act for the commonwealth in the application of these rules and regulations.~~

COMPATIBLE POLLUTANT
A substance that is amenable to removal in substantial amounts by the wastewater treatment plant. Compatible pollutants include, but are not limited to, coliform bacteria, suspended solids and those that exert BOD.

CONNECTION
The joining together of pipes so that substances can be transferred from one pipe to another.

CUSTOMER
The person or party responsible for a water and/or sewer account.~~**DEPARTMENT**~~
~~The Public Works Department~~ (DPW) ~~of the City.~~

DIRECTOR OF PUBLIC WORKS
The Director of the Melrose Department of Public Works or their designee.
~~The Director of the Department of Public Works for the City.~~

[Added 5-21-2012 by Ord. No. 2012-158]

DPW (a.k.a. DEPARTMENT)
The City of Melrose Department of Public Works.

EXCESSIVE
More than the limits established in these regulations or of such magnitude that, in the judgment of the ~~Commission~~MWRA, may cause damage to any facility or be harmful to the wastewater treatment process or reduce its efficiency, cannot be removed in the wastewater treatment plant to the degree required to meet the Act, creates any hazard in the receiving waters, exceeds the capacity of the ~~metropolitan~~ local or MWRA sewerage system, or otherwise endangers life, limb or public property or constitutes a public nuisance.

~~**FLOATING OIL**~~ **FOG**
Fat, o~~O~~il, ~~fat~~ or grease in a physical state such that it will separate by gravity from wastewater by treatment in an approved pretreatment facility.

GARAGE
Any building wherein are kept or stored one or more motor vehicles, including, among others, a public or private garage, carport, motor vehicle repair shop or paint shop, service station, lubritorium, car wash or any building used for similar purposes.

GARBAGE ~~-~~
For the purposes of this Chapter, garbage refers to w~~W~~astes from the domestic and commercial

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

preparation, cooking and dispensing of food, and from the handling, storage and sale of produce. This is also commonly referred to as food waste.

INCOMPATIBLE POLLUTANT

A substance that is not amenable to removal in substantial amounts by the wastewater treatment plant. Incompatible pollutants include, but are not limited to, toxic metals and persistent organics.

INDUSTRIAL USER

Any user identified in 314 CMR as an industrial discharger to the wastewater system, based on their ~~the~~ code as established in the Standard Industrial Classification Manual of the United States Office of Management and Budget~~., as amended and supplemented, under the following divisions:~~

~~A. Division A: Agriculture, Forestry and Fishing.~~

~~B. Division B: Mining.~~

~~C. Division D: Manufacturing.~~

~~D. Division E: Transportation, Communications, Electric, Gas and Sanitary Services.~~

~~E. Division I: Services.~~

INDUSTRIAL WASTES

Any solid, liquid or gaseous wastes resulting from industrial processes as defined by state regulations including 314 CMR.

INFILTRATION

Water other than wastewater that enters a sewer system (including sewer service connections and foundation drains) from the ground through means which include, but are not limited to, defective pipes pipe joints, connections, or manholes. Infiltration does not include, and is distinguished from, inflow.

INFILTRATION/INFLOW

W~~The quantity of w~~ater originating from both infiltration and inflow without distinguishing the source.

INFLOW

Water other than sanitary flow that enters a sewer system (including sewer service connections) from sources which include, but are not limited to, roof leaders, cellar drains, yard drains, area drains, drains from springs and swampy areas, sump pumps, manhole covers, cross-connections between storm sewers and sanitary sewers, catch basins, cooling towers, stormwaters, surface runoff, street wash waters, or drainage. Inflow does not include, and is distinguished from, infiltration.

INTERNAL SEWER SERVICE

That part of the lowest horizontal piping of a drainage system which receives the discharge from soil, waste and other drainage pipes inside the walls of the building and conveys it to the sewer service, from the inside of the building to 10 feet outside the inner face of the building wall.

MASSDEP

The Commonwealth of Massachusetts Department of Environmental Protection.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

MUNICIPAL SEWER

A sewer controlled by the City of Melrose.

MWRA

Massachusetts Water Resources Authority (formerly Metropolitan District Commission).

~~**MWRA**~~

~~**MDC**~~

~~**The Metropolitan District Commission**~~**MWRA.**

~~**MDC RULES AND REGULATIONS**~~

~~**The most recent Rules and Regulations Covering Discharge of Sewage, Drainage, Substances or Wastes to Sewerage Works Within the Metropolitan Sewerage District.**~~

~~**METROPOLITAN SEWERAGE DISTRICT**~~

~~**All cities, towns and sewer districts served by the Commission**~~**MWRA** ~~**in accordance with legislation.**~~

~~**METROPOLITAN SEWERAGE SYSTEM**~~

~~**The sewerage works under the control of the Commission**~~**MWRA.**

~~**MUNICIPAL SEWER**~~

~~**A sewer controlled by the City, a governmental agency or a public authority, such as the Metropolitan District Commission**~~**MWRA.**

~~**MWRA**~~

~~**Massachusetts Water Resources Authority (formerly Metropolitan District Commission MWRA).**~~

MWRA RULES AND REGULATIONS

The most recent Rules and Regulations ~~Covering Discharge of Wastewater, Drainage, Substances or Wastes to Sewerage Works Within the MWRA.~~of the MWRA, as defined in 360 CMR or any related or referenced regulation of the MWRA governing sewer use.

MWRA SEWER INTERCEPTOR

A sewer controlled by the MWRA.

MWRA SEWERAGE DISTRICT

All cities, towns and sewer districts served by the MWRA in accordance with legislation.

MWRA SEWERAGE SYSTEM

The sewerage works under the control of the MWRA including conveyance and treatment facilities such as MWRA sewer interceptors, pumping stations, and the Deer Island Wastewater Treatment Facility.

NATURAL OUTLET

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Any outlet, including storm sewers, into a watercourse, pond, ditch, lake or other body of surface water or groundwater.

pH

The logarithm of the reciprocal of the hydrogen ion concentration, expressed in moles per liter. Neutral water, for example, has a pH value of seven and a hydrogen ion concentration of 10^{-7}. ~~The electrometric method of measurement is preferred. The calorimetric method of measurement may be substituted upon approval by the Commission~~MWRA~~.~~

PLUMBING CODE

The existing rules and regulations enforced through the Melrose Plumbing Inspector. Such rules and regulations shall conform to Commonwealth of Massachusetts Regulations (248 CMR).

~~**PRIVATE DRAIN or PRIVATE STORM DRAIN**~~

~~A storm drain not directly controlled by any public agency or government.~~

PROPERLY SHREDDED GARBAGE

Garbage (a.k.a. food waste) that has been shredded to such a degree that all particles will be carried freely under the flow conditions normally prevailing in municipal sewers. No particle shall be greater than 1/2 inch or 1.27 centimeters in any dimension.

~~**PUBLIC DRAIN or PUBLIC STORM DRAIN**~~

~~**A storm drain controlled by the City or the Metropolitan District Commission**~~**MWRA A.**

PUBLIC SEWER

A common sanitary sewer controlled by the City or the ~~Metropolitan District Commission~~MWRA.

~~**RECEIVING WATERS**~~

~~Any watercourse, river, pond, ditch, lake, aquifer, ocean or other body of surface water or groundwater receiving discharge of wastewater or effluent.~~

SANITARY ~~SEWAGE~~WASTEWATER

Liquid or water-carried human and domestic wastes from residences, commercial buildings, industrial plants and institutions, exclusive of groundwater, stormwater and surface water and exclusive of industrial wastes.

SANITARY SEWER

A sewer pipe that carries liquid and water-carried wastes from residences, commercial buildings, industrial plants and institutions, together with ~~minor~~ any quantities of groundwater, stormwater and surface water that are not admitted intentionally.

SCHEDULE OF FEES

The City of Melrose Water, Sewer, and Drainage Schedule of Fees, which includes all charges for water and sewer use, permits, application fees, and all other rates or fees associated with the City of Melrose water, sewer, and drainage systems. This Schedule of Fees shall be revised periodically as appropriate. All water and sewer volumetric rates and base fees as listed in the Schedule of Fees shall be approved in advance by the City Council.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

SEPTAGE

The liquid and solid wastes of sanitary ~~sewage~~wastewater origin that are removed from a cesspool, septic tank or similar receptacle.

~~**SEWAGE**~~

~~The spent water of a community. The preferred term is "wastewater."~~

~~**SEWAGE TREATMENT PLANT**~~

~~An arrangement of devices and structures for treating wastewater, industrial wastes and sludge. This term is used as a synonym for waste treatment plant, wastewater treatment plant or water pollution control plant.~~

~~**SERVICE CONNECTION**~~

~~The wastewater connection from the building to a public sewer.~~

SEWER

A pipe or conduit that carries wastewater ~~or drainage water~~. (see Sanitary Sewer)

SEWER SERVICE CONNECTION (also called "house connection" or “sewer lateral”)

The wastewater connection from the building to a public sewer.

SEWERAGE SYSTEM

Any device, equipment or works used in the transportation, pumping, storage, recycling and reclamation of ~~sewage~~wastewater ~~and industrial wastes~~.

SLUDGE

Waste containing varying amounts of solid contaminants removed from ~~water,~~ sanitary ~~sewage~~wastewater~~, wastewater or industrial wastes~~ by physical, chemical and biological treatment.

SLUG

Any discharge of water or wastewater which in concentration of any given constituent or in quantity of flow exceeds for any period of duration longer than 15 minutes more than five times the average twenty four-hour concentration of flows during normal operation and which may adversely affect the sewerage system.

STANDARD METHODS

The current edition of Standard Methods for the Examination of Water and Wastewater as published by the American Public Health Association, American Water Works Association and Water Environment Federation.

[Amended 8-21-2017 by Ord. No. 2018-4]

STORM DRAIN ~~and STORM SEWER~~

A pipe or conduit for conveying stormwater or surface water or relatively unpolluted water from any source, which shall be kept separate from sanitary sewers.~~.~~

SUSPENDED SOLIDS

Solids that either float on the surface of or are in suspension in water, wastewater or other liquids and are removable by a laboratory filtering procedure as described in Standard Methods.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

TITLE 5 FLOW

The design flow of sanitary wastewater from a building or buildings as defined by the State Environmental Code, Title 5: Minimum Requirements for the Subsurface Disposal of Sanitary Sewage.

TOXIC WASTES

Wastes containing toxic or poisonous solids, liquids or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any ~~sewage~~wastewater treatment process, constitute a hazard to humans or animals, create a public nuisance or create any hazard in the receiving waters of the ~~sewage~~wastewater treatment plant and those wastes so specified in these regulations and in the Act.

~~**TREATMENT SYSTEM**~~

~~Any device, equipment or works used in the pumping, storage, treatment, recycling and reclamation of sewage and industrial wastes.~~

USER

Any municipality, governmental agency, public authority, property owner, person or permittee discharging ~~sewage~~wastewater~~, inflow or industrial wastes~~ directly or indirectly into any public sewer ~~or public drain~~.

~~**WASTES**~~

~~Substances in liquid, solid or gaseous form that can be carried in water.~~

WASTEWATER (aka Sanitary Wastewater)

The spent water of a community, which may be a combination of the liquid and water-carried wastes from residences, commercial buildings, industrial plants and institutions together with any groundwater, surface water and stormwater that may be present.

WASTEWATER FACILITIES

The structures, equipment and processes required to collect, pump, carry away and treat domestic and industrial wastes and dispose of the effluent.

WATER POLLUTION CONTROL FEDERATION MANUAL OF PRACTICE FD-5 (ASCE MOP 60) – GRAVITY SEWER DESIGN AND CONSTRUCTION

The document prepared by a joint task force of the American Society of Civil Engineers and the Water Environment Federation.

§ 228-30 **Sewer service rates; minimum charges.**

[Added 6-26-1985 by Ord. No. 1108; amended 3-17-1986 by Ord. No. 1311; 7-21-1986 by Ord. No. 1108A; 8-29-1988 by Ord. No. 2127; 1-3-1989 by Ord. No. 2240; 9-6-1989 by Ord. No. 90-2; 10-15-1990 by Ord. No. 90-279; 6-17-1991 by Ord. No. 91-304; 1-9-1992 by Ord. No. 92-138; 6-6-1994 by Ord. No. 94-222; 7-18-1994 by Ord. No. 94-222A; 6-15-1998 by Ord. No. 98-360; 6-27-2001 by Ord. No. 01-324; 6-26-2002 by Ord. No. 02-359; 12-16-2002 by Ord. No. 02-060A; 6-26-2003 by Ord. No. 03-289; 6-21-2004 by Ord. No. 04-269; 6-30-2005 by Ord. No. 05-247; 6-26-2006 by Ord. No. 06-249; 7-17-2006 by Ord. No. 06-249A; 7-16-2007 by Ord. No. 07-180; 5-19-2008 by Ord. No. 08-226; 6-15-2009 by Ord. No. 09-203; 5-17-2010 by Ord. No. 10-161; 6-20-2011 by Ord. No. 11-171; 5-21-2012 by Ord. No. 2012-158;

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

6-18-2012 by Ord. No. 2012-188; 8-20-2012 by Ord. No. 2013-3; 6-27-2013 by Ord. No. 2013-205; 5-19-2014 by Ord. No. 2014-118; 6-15-2015 by Ord. No. 2015-144; 6-16-2016 by Ord. No. 2016-164; 6-19-2017 by Ord. No. 2017-147]

A. All bills for sewer service furnished by the City to City sewer users shall be rendered at intervals of three months (quarterly) or one month (monthly) at ~~the following~~ tiered rates per 100 cubic feet of ~~sewage~~wastewater flow as calculated below, ~~on fiscal year 2019 bills,~~ as defined in the most recent version of the Schedule of Fees ~~WSR&R~~ and ~~as~~ approved by City Council. ~~Sewer consumption shall be assessed based on 90% of metered water consumption. This does not apply to homes with second water meters, which will continue to have their sewer usage assessed at 100% of their indoor water usage.~~

[Amended 6-18-2018 by Order No. 2018-177]

~~(1) Quarterly consumption:~~

~~Cubic Feet~~	~~Rate Per 100 Cubic Feet~~
~~1 to 2,000~~	~~$11.62~~
~~Over 2,000~~	~~$14.64~~

~~(2) Quarterly meter base fee:~~ ~~**[Amended 6-17-2019 by Order No. 2019-88]**~~

~~Meter Size (inches)~~	~~Fee~~
~~Up to 1~~	~~$24.90~~
~~1 1/2~~½	~~$97.80~~
~~2~~	~~$152.43~~
~~3~~	~~$279.99~~
~~4~~	~~$462.18~~
~~6~~	~~$917.67~~

~~(3) Monthly consumption:~~

~~Cubic Feet~~	~~Consumption Rate~~
~~1 to 667~~	~~$11.62~~
~~668 or more~~	~~$14.64~~

~~(4) Monthly meter base fee:~~ ~~**[Amended 6-17-2019 by Order No. 2019-88]**~~

~~Meter Size (inches)~~	~~Fee~~
~~Up to 1~~	~~$8.30~~
~~1 1/2~~½	~~$32.60~~
~~2~~	~~$50.81~~
~~3~~	~~$93.33~~

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

~~Meter Size (inches)~~	~~Fee~~
~~4~~	~~$154.06~~
~~6~~	~~$305.89~~

B. ~~Sewage~~Wastewater flow shall be based on a percentage of metered water consumption on the following schedule:

(1) Residential users with one meter contribute 90% of metered water consumption as ~~sewage~~wastewater flow.

(2) Residential users with separate lawn and garden service meters contribute 100% of their domestic metered water consumption and 0% of their metered lawn and garden service water consumption as ~~sewage~~wastewater flow.

(3) Industrial/commercial users, including hospitals, contribute on a percentage basis up to 90% of metered water consumption. This percentage shall equal~~s~~ 90% except in cases where the City Engineer has determined ~~wherein~~ that product retention of water, cooling tower loss and other evaporative water losses have occurred in the process. The ~~sewage~~wastewater flow as a percentage of metered water consumption will be set on an individual basis in those cases by the City Engineer.

~~(4) Tax-exempt users contribute 90% of metered water consumption as sewagewastewater flow.~~

(5) Customer accounts with no sewer connection will not be billed sewer fees for any proportion of their metered water use. ~~Agricultural and cemetery users with one meter contribute only the portion of their metered water consumption which can be allocated to domestic use as sewagewastewater flow, as determined by the DPW.~~

(6) In most cases as determined by the City Auditor, m~~M~~unicipal facilities will not be billed for sewer usage. Water will still be metered for the purpose of accounting for water use and promoting conservation.

§ 228-31 **Elderly discount.**
[Added 2-20-1996 by Ord. No. 96-185; amended 5-6-1996 by Ord. No. 96-238]

A. A twenty-percent discount on sewer bills shall be given upon approval of application to the office of the City Engineer if applicants meet all the requirements for a discount to water bills, as defined in Article II, Section 228-20.~~in accordance with the following procedure:~~ **[Amended 5-21-2012 by Ord. No. 2012-158]**

(1) The applicant must have ~~passed~~ reached or already been over age 65 in the calendar year prior to that in which he/she is making application for discount. In the case of joint ownership, either spouse/owner must have ~~passed~~ reached age 65 in the prior year.

(2) The applicant must be the owner of record of the property for which the discount is requested, their

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

name must appear on the sewer bill for that property, and they must have lived at the subject property for a minimum of one year. ~~The applicant must be the owner of record of the property for which discount is requested and his/her name must appear on the sewer bill for that property.~~

(3) The yearly consumption of water by the applicant shall not exceed 6,250~~00~~0 cubic feet.

(4) The discount shall only apply to owners of one-family or two-family homes who are able to demonstrate their primary residence in said single- or two-family home. Three-family homes or larger are excluded.

(5) Otherwise eligible condominium owners will be entitled to a discount which shall be equal to the average single-family discount provided for in this section for the immediately preceding fiscal year.

B. Applicants who have not reached 65 will also qualify for discount if:

(1) They are in conformity with the other provisions of this section.

(2) Their yearly gross income does not exceed $15,000 for a single person and $23,000 if filing jointly.

C. Administration of the discount program set forth in Subsections **A** and **B** above shall be in accordance with reasonable policies established by the Director, or their designee, and shall be in strict compliance with this section.

§ 228-32 **Damaging or tampering with facilities, right of entry.**

A. No person shall maliciously, willfully or negligently break, damage, destroy, uncover, deface or tamper with any structure, appurtenance or equipment which is a part of the wastewater facilities. Any person violating this provision shall be subject to immediate arrest under charge of disorderly conduct or other applicable charge.

B. Any person who wantonly or maliciously destroys or injures any part of the ~~metropolitan~~ City's or MWRA sewer~~age~~ system shall ~~forfeit and pay to the City or the MWRA commonwealth three times the amount of the damages assessed therefor and, on conviction thereof, shall be punished by a fine not exceeding $1,000 and by imprisonment not exceeding one year.~~be subject to all penalties and other provisions of the MWRA or the Commonwealth of Massachusetts as applicable, in addition to all City fees and criminal penalties as applicable. **[Amended 8-21-2017 by Ord. No. 2018-4]**

C. The Director, the City Engineer, and other duly authorized employees or agents of the City or the MWRA, bearing proper credentials and identification, shall be permitted to enter all properties for the purposes of inspection, observation, measurement, sampling, and testing in accordance with the provisions of these rules and regulations. This shall include smoke and dye tests, as well as visual inspections inside buildings in order to test for unauthorized or excessive discharges into the sewer system.

D. The Director of Public Works and other duly authorized employees of the City bearing proper credentials and identification shall be permitted to enter all private properties through which the City holds a duly negotiated easement for the purposes of, but not limited to, inspection, observation, measurement, sampling, repair and maintenance of any portion of the wastewater facilities lying within

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

the easement. All entry and subsequent work, if any, on the easement shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved. **[Amended 8-21-2017 by Ord. No. 2018-4]**

§ 228-33 **Connections to be regulated.**

A. All users which connect to any ~~sewage~~wastewater ~~or drainage pipes with any~~ municipal sewers in the City, either directly or indirectly, shall do so subject to the direction, control and regulation of the ~~Commission~~MWRA, ~~and~~ the City, and Massachusetts General Laws.

B. Requests for the installation of a new sewer service connection to the public sewers and/or the repair or replacement of an existing sewer service connection must be made in writing to the office of the City Engineer. No work shall commence without a permit issued by the DPW Engineering Division.

C. At a minimum, the approval of an application for a sewer service connection will be subject to the following requirements:

   a. No service connection shall be allowed unless a parcel of real property abuts an existing gravity sewer main, or the requested property creates an easement for sewer utility across any applicable parcels, unless otherwise approved by the City Engineer.

   b. An approved application for sewer service shall constitute a sewer service connection permit, subject to the terms and conditions stated and referred to therein. Such permit shall be valid for a period of six months from the date of issue, unless extended in writing by the City Engineer.

   c. No unauthorized person shall uncover, make any connections with or opening into, use, alter, or disturb any public sewer or appurtenance thereof without an approved DPW application for sewer service.

   d. When applicable, approved permits from MassDEP for Sewer Extension or Connection (314 CMR 7.00) shall be secured.

D. Requests for the installation of a new sewer main to extend the system of public sewers must be made in writing to the City Engineer. Each new sewer main constructed within the City right-of-way or an accepted easement shall be granted to Melrose as a public sewer, unless otherwise specified by the City Engineer.

E. Except as specifically provided in writing with reference to a particular sewer connection, sanitary sewers shall be used only for the conveyance and disposal of sanitary wastewater as defined in these regulations and for approved, diluted, water-carried industrial wastes which are not objectionable as provided for herein.

F. No person or party shall discharge or put into any public sewer or into any sewer or fixture which thereafter discharges into any public sewer or appurtenance thereof any waste or substance other than such kinds or types of water or water-carried wastes for the conveyance of which the particular sewer or appurtenance is intended and designed.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-34 **Separation of surface waters and ~~sewage~~wastewater required.**
[Amended 4-7-2008 by Ord. No. 08-129]

A. The plumbing of any estate or premises shall be so arranged as to keep any groundwater, stormwater ~~or,~~ surface water, or unpolluted waters, including all infiltration and inflow, separate from the sanitary ~~sewage~~sewer. Such waters shall be connected to a storm drain, ~~or~~ watercourse, or subsurface device designed for the discharge of stormwater, ~~and such sewage connected to a sanitary sewer~~ or shall discharge to the surface within the subject property. ~~.~~

B. No person shall maintain or make a connection of roof downspouts, exterior foundation drains, areaway drains, or other sources of surface runoff or groundwater to a ~~n building sewer~~sewer service or ~~or building drain~~internal sewer service or waste pipe which in turn is connected directly or indirectly to a public sanitary sewer.

§ 228-35 **Unlawful deposit of waste.**
It shall be unlawful for any person to place, deposit or permit to be deposited in any unsanitary manner on public or private property within the City, or in any area under the jurisdiction of the City, any human or animal excrement, garbage or objectionable waste.

§ 228-36 **Untreated discharge to natural outlet prohibited.**
[Amended 4-7-2008 by Ord. No. 08-129]

A. ~~A.~~ Illicit discharges. No person shall dump, discharge, or cause or allow to be discharged any wastewater or pollutant ~~or nonstormwater~~ discharge into the municipal separate storm sewer system (MS4), into a receiving water, or into the waters of the C~~c~~ommonwealth.

~~A. Discharge or flow resulting from fire-fighting activities is exempt from this requirement. The following additional nonstormwater discharges or flows are exempt from the prohibition of nonstormwaters, provided that the source is not a significant contributor of a pollutant to the municipal storm drain system:~~

~~B. (1) Waterline flushing;~~

~~C. (2) Flow from potable water sources;~~

~~D. (3) Springs;~~

~~E. (4) Natural flow from riparian habitats and wetlands;~~

~~F. (5) Diverted stream flow;~~

~~G. (6) Rising groundwater;~~

~~H. (7) Uncontaminated groundwater infiltration as defined in 40 CFR 35.2005(20) or uncontaminated pumped groundwater;~~

~~I. (8) Water from exterior foundation drains, footing drains (not including active groundwater dewatering systems), crawl space pumps, or air-conditioning condensation;~~

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

~~J. (9) Discharge from landscape irrigation or lawn watering;~~

~~K. (10) Water from individual residential car washing;~~

~~L. (11) Discharge from dechlorinated swimming pool water (less than one ppm chlorine), provided the water is allowed to stand for one week prior to draining and the pool is drained in such a way as not to cause a nuisance;~~

~~M. (12) Discharge from street sweeping;~~

~~N. (13) Dye testing, provided verbal notification is given to the the Board prior to the time of the test;~~

~~O. (14) Nonstormwater discharge permitted under an NPDES permit or a surface water discharge permit, waiver, or waste discharge order administered under the authority of the United States Environmental Protection Agency or the Department of Environmental Protection, provided that the discharge is in full compliance with the requirements of the permit, waiver, or order and applicable laws and regulations; and~~

~~P. (15) Discharge for which advanced written approval is received from the Department as necessary to protect public health, safety, welfare or the environment.~~

~~Q.~~B. ~~B.~~ Illicit connections. No person shall construct, use, allow, maintain or continue any illicit connection for wastewater to the municipal storm drain system, regardless of whether the connection was permissible under applicable law, regulation or custom at the time of connection.

~~**C. Obstruction of municipal storm drain system. No person shall obstruct or interfere with the normal flow of stormwater into or out of the municipal storm drain system without prior written approval from the City Engineer. [Amended 5-21-2012 by Ord. No. 2012-158]**~~

§ 228-37 Septic tank use restricted.

Except ~~as hereinafter provided~~where connection to a public sewer is deemed infeasible by the City Engineer, it shall be unlawful to construct or maintain any privy, privy vault, septic tank, cesspool or other facility intended or used for the disposal of wastewater.

§ 228-38 Connection to public sewer required.
[Amended 5-21-2012 by Ord. No. 2012-158]

The owner of all houses, buildings or properties used for human occupancy, employment, recreation or other purposes situated within the City and abutting on any street, alley or right-of-way in which there is now located or may in the future be located a public sanitary sewer of the City is hereby required, at the owner's expense, to install suitable toilet facilities therein and to connect such facilities directly with the proper public sewer in accordance with the provisions of this article within 90 days after date of official notice to do so, provided that such public sewer is within 100 feet of the property line. This requirement for connection may be waived when permitted by the City Engineer.

§ 228-39 Contributions by industrial users.

The ~~Commission~~MWRA may deny or condition new or increased contributions of pollutants to the ~~metropolitan~~ MWRA sewerage system by industrial users.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-40 Pretreatment requirements.
Users shall make wastewater acceptable in accordance with these regulations, as well as MassDEP and federal regulations, before discharging to any ~~municipal~~ public sewers. Any facilities required to pretreat wastewater to a level acceptable to the ~~Commission~~MWRA shall be provided and maintained at the user's expense. A description and detailed plans showing the pretreatment facilities and operating procedures shall be submitted to the ~~Commission~~MWRA in accordance with the implementation schedule ~~prepared by the user and~~ incorporated in the user's permit. The review of plans and operating procedures will in no way relieve such user from the responsibility of modifying the pretreatment facility as may be necessary to produce an effluent acceptable to the ~~Commission~~MWRA under the provisions of these regulations and requirements of federal and~~or~~ state agencies. Any subsequent changes in a pretreatment facility or method of operation shall be reported to the ~~Commission~~MWRA before modification of such facility. Pretreatment, including but not limited to parameters considered, limits, and testing, shall conform to all requirements of MassDEP and all other applicable state and federal regulations.

§ 228-41 Time frame for compliance with standards.
Any user to which City, ~~Commission~~MWRA, federal or state pretreatment standards are applicable shall be in compliance with such standards within the time required by such regulations~~the Commission~~MWRA.

§ 228-42 Traps required for flammable wastes.
Garages and other establishments where gasoline is used or where wastes containing grease in excessive amounts or any flammable wastes, sand or other harmful ingredients can be discharged and which are connected with municipal sewers shall be provided with a suitable trap or separator. All traps or separators shall be of a type and capacity approved by the ~~Commission~~MWRA and the City and shall be located so as to be readily and easily accessible for cleaning and inspection. The City may request proof of proper maintenance of such infrastructure at any time.

§ 228-43 Maintenance of pretreatment equipment.
Where pretreatment or flow-equalizing facilities or traps or separators are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner or the user at his/her own expense.

§ 228-44 Meters and measuring devices for industrial wastes.
[Amended 12-16-2002 by Ord. No. 02-060A]

A. When required by the ~~Commission~~MWRA or by the City, the owner or user of any property discharging industrial wastes shall install a suitable control or measuring device, together with manholes, chambers, meters and other appurtenances, in the ~~building sewer~~sewer service to facilitate observation, sampling and measurement of the wastes. Such manholes, chambers or meters shall be accessibly and safely located, shall be constructed in accordance with plans approved by the ~~Commission~~MWRA and by the City, shall be installed by the owner at ~~his/her~~their expense, and shall be maintained by ~~him/her~~the owner in good operating condition at all times. The records from the meters and measuring devices shall be furnished to the ~~Commission~~MWRA or to the City upon request.

B. The facilities shall be constructed in accordance with all applicable construction standards and specifications. Construction shall be completed in accordance with a time schedule established by the ~~Commission~~MWRA and/or MassDEP, as applicable.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

C. The Director of Public Works or other duly authorized City employees are authorized to obtain information concerning industrial processes which have a direct bearing on the kind and source of discharge to the wastewater collection system. The industry may withhold from the City information considered confidential if the industry establishes that the revelation to the public of the information in question might result in an advantage to competitors. While performing ~~the~~ necessary work on private properties, the Director of Public Works or duly authorized employees of the City shall observe all safety rules applicable to the premises established by the company. **[Amended 8-21-2017 by Ord. No. 2018-4]**

D. The ~~Commission~~MWRA or the City may inspect the facilities of any user to ascertain whether these regulations are being met. Persons or occupants of premises where wastewater is generated or discharged shall allow representatives of the ~~Commission~~MWRA or the City ready access at all reasonable times to all parts of the premises for inspection or sampling or in performance of any of their duties. The ~~Commission~~MWRA or the City shall be deemed to be performing a governmental function for the benefit of the general public, and neither the ~~Commission~~MWRA, the City, nor the representatives of either shall be liable for any loss or damage as a result of the performance of such governmental function. Where a user has security measures in force which would require proper identification and clearance before entry into the premises, the user shall make necessary arrangements with its security guards so that, upon presentation of suitable identification, personnel from the ~~Commission~~MWRA or from the City will be permitted to enter without undue delay for the purpose of carrying out their specific responsibilities.

~~E. The Director of Public Works and other duly authorized employees of the City bearing proper credentials and identification shall be permitted to enter all private properties through which the City holds a duly negotiated easement for the purposes of, but not limited to, inspection, observation, measurement, sampling, repair and maintenance of any portion of the wastewater facilities lying within the easement. All entry and subsequent work, if any, on the easement shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved. **[Amended 8-21-2017 by Ord. No. 2018-4]**~~

F. All measurements, tests and analyses of the characteristics of waters and wastes to which reference is made in these regulations shall be determined in accordance with Standard Methods and shall be determined at the control manhole or chamber provided or by use of suitable samples taken at the control manhole or chamber. If no special manhole or chamber has been provided, the control point shall be a sampling point acceptable to the ~~Commission~~MWRA and the City. Sampling shall be carried out by customarily accepted methods. The particular analyses involved will determine whether a composite or grab sample is taken. If there is any question concerning the sampling, the ~~Commission~~MWRA, the ~~or~~ City, or MassDEP will make the final decision.

G. All information and data on a user obtained from reports, questionnaires, permit applications, permits and monitoring programs and from inspections shall be made available, upon request, to other governmental agencies and to the public without restriction unless the user specifically requests otherwise and is able to demonstrate, to the satisfaction of the ~~Commission~~MWRA and the City, that the release or communication of such information would divulge methods or processes entitled to protection

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

as trade secrets or would violate applicable provisions of law.

§ 228-45 Protection from discharges; notice of accidental discharge.

Each user shall provide protection from any discharges, including accidental discharges, in violation of these regulations. Users shall notify the ~~Commission~~MWRA and the City immediately upon discharging wastes in violation of these regulations in order for countermeasures to be taken to minimize the damage to all ~~municipal~~ public sewers and to receiving waters. This notification shall be followed, within 15 days of the date of occurrence, by a detailed written statement to the ~~Commission~~MWRA ~~and to the~~ City describing the causes for the accidental discharge and the measures being taken to prevent future occurrence. Additionally, any reporting requirements of the MWRA and MassDEP for accidental discharges shall be met. Such notification will not relieve users of liability for any expense, loss or damage to any ~~municipal~~public sewers or for any fines imposed on the ~~Commission~~MWRA or on the City.

§ 228-46 Information for employees.

Industrial u~~U~~sers shall inform their employees of the existence of these regulations, and at least one copy shall be permanently posted on the user's bulletin board. Each user shall permanently post a notice advising employees as to who in its organization has been designated as the responsible individual for compliance with these regulations and who should be notified of any accidental discharges in violation of these regulations.

§ 228-47 Penalties imposable by City.

A. Any person who discharges wastes in a manner in violation of this article ~~is guilty of misdemeanor~~will be subject to penalties or charges as permissible by law.

B. When a discharge of wastes causes an obstruction, damage or any other impairment to the sewerage system, the ~~Public Works Department~~DPW may assess a charge against the discharger for the work required to clean or repair the facility.

C. Any person who violates the provisions of this A~~a~~rticle shall be fined ~~not exceeding $100 for each offense, such fine to accrue to the City~~as defined in the ~~WSR&R~~Schedule of Fees ~~and as approved by the City Council~~.~~.~~ Each day of the existence of any such violation shall be deemed a separate offense.

D. Any person who knowingly makes any false statement, representation, record, report, plan or other document filed with the Department or who falsifies, tampers with or knowingly renders inaccurate any monitoring device or method required under this article shall be punished by a fine as defined in the ~~WSR&R~~Schedule of Fees ~~and as approved by the City Council~~.~~of not more than $100.~~

E. Whenever a discharge of wastes is in violation of the provisions of this A~~a~~rticle or otherwise causes or threatens to cause a condition of contamination, pollution or nuisance, the City Solicitor may petition the Superior Court for the issuance of a preliminary or permanent injunction, or both, as may be appropriate in restraining the continuance of such discharge. This does not limit the City's ability to pursue all other applicable legal action as deemed appropriate by the City Solicitor.

F. ~~The Public Works Department~~DPW ~~may terminate or cause to be terminated wastewater service to any person if a violation of any provision of this article is found to exist or if a discharge of wastes causes or threatens to cause a condition of contamination, pollution or nuisance.~~

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

~~C.~~ The penalties included in this section are in addition to any which may be levied by the ~~MDC~~ MWRA or other governmental or regulatory body.

§ 228-48 Penalties imposable by ~~Commission~~MWRA.

Any user who violates any provision of these regulations or any user who knowingly makes any false statement, representation, record, report, plan or other document filed with the City or the ~~Commission~~MWRA or who falsifies, tampers with or knowingly renders inaccurate any monitoring device or method required under this regulation shall be punished by a fine as specified in the Schedule of Fees and/or as prescribed by the MWRA ~~of not less than $1,000 nor more than $10,000~~ for each day such violation continues, or shall be subject to a civil penalty ~~not to exceed $10,000~~ per day of such violation, which may be assessed in an action brought on behalf of the C~~c~~ommonwealth in any court of competent jurisdiction.

§ 228-49 Disposal of septage.

Septage shall be disposed of in accordance with the following provisions:

A. No user shall discharge or cause to be discharged or allow to be discharged into any ~~municipal~~ public sewer any septage from within the City of Melrose ~~which originates within the limits of the City unless such discharges are in conformance with the permit granted to the user by the City and are also in conformance with the permit granted to the City by the Commission~~MWRA~~. The City shall not grant a permit for septage containing industrial wastes or incompatible wastes~~.

B. No user shall discharge or cause to be discharged or allow to be discharged into any ~~municipal~~ public sewer any septage generated outside the City of Melrose ~~which originates in any territory outside the limits of the City~~.

C. No user shall discharge septage or other wastes from recreational vehicles (RVs), campers, boats, or other temporary storage tanks into the City's or the MWRA sewer system within the City.

§ 228-50 Precedence of more stringent regulations.

If federal or state agencies or the ~~Commission~~MWRA enacts or promulgates laws or regulations more stringent than these regulations, the federal, state or ~~Commission~~MWRA requirements shall take precedence.

§ 228-51 Recourse for violations.

When the ~~Commission~~MWRA or the City finds that a discharge of wastes has been taking place or threatens to take place in violation of these regulations or the provisions of a permit, the following actions may be taken:

A. The ~~Commission~~MWRA or the City may issue an order to cease and desist any such discharge or violation to any user not complying with such prohibitions, limits, requirements or provisions and direct such user as follows:

(1) To comply forthwith;

(2) To comply in accordance with a time schedule set forth by the ~~Commission~~MWRA or by the City; or

(3) To take appropriate remedial preventive action in the event of a threatened violation.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

B. The ~~Commission~~MWRA and the City may require the user to submit a detailed time schedule setting forth specific actions to be taken, subject to modifications as the ~~Commission~~MWRA or the City deems necessary for the user to follow in order to prevent or correct a violation. The ~~Commission~~MWRA and the City may issue an implementation schedule to the user containing specific actions and time schedules.

§ 228-52 Implementation and enforcement.
[Amended 12-16-2002 by Ord. No. 02-060A]

In the implementation and enforcement of these requirements, the following provisions shall be observed:

A. Whenever the ~~Commission~~MWRA issues, denies or modifies a permit, issues an order or assesses charges for damage or other violations occasioned by noncompliance with any permit or other lawful requirement, ~~the Commission~~MWRA ~~shall inform the user to which such action is addressed of its right to submit, within 10 working days, a written request for reconsideration of that action. The request shall set forth in detail the facts supporting it. The Commission~~MWRA ~~shall schedule an informal interview with the user submitting the request, to be held within 15 working days of receiving it, and shall rule in writing.~~the user's rights for appeal or reconsideration shall be as prescribed by the MWRA.

B. ~~When the Commission~~MWRA ~~proposes to revoke a permit, the Commission~~MWRA ~~shall notify the user, in writing, of such proposed ruling and of its right to submit, within 10 days, a written request for reconsideration of that ruling. The request shall set forth in detail the facts supporting it. The Commission~~MWRA ~~shall schedule an informal conference with the user submitting the request, to be held within 15 working days of receiving it, and shall issue its final ruling in writing within 10 working days of the completion of the conference.~~Any proposal by the MWRA to revoke a permit shall be executed in the manner specified by MWRA regulations.

C. ~~Every ruling under Subsections **A** and **B** shall inform the person to whom it is addressed of his/her right to request, within 30 calendar days, a hearing under the provisions of MGL c. 30A. Within 15 calendar days of receiving such a request, the Commission~~MWRA ~~shall schedule a hearing, to be held not sooner than 15 calendar days nor later than 30 calendar days after giving notice of the hearing to the requesting party.~~The City shall be notified by the MWRA of any permit modifications or revocation.

D. The ~~Commission~~MWRA reserves the right to take direct enforcement action through the courts, pursuant to MGL c. 92, App. § **1-24**, in any case of violation of these regulations.

§ 228-53 Publication of list of industrial users.
A list of industrial users will be posted on the City of Melrose website ~~published in the Melrose Evening News~~ every year in the month of January as a form of public participation. Included in the list will be all industrial users which were not in compliance with the applicable pretreatment requirements during the previous 12 months. A summary of the control actions taken by the ~~Commission~~MWRA or by the City will also be published in conjunction with the list.

§ 228-54 Calculation of ~~drain and~~ sewer cost; collection of assessment.
The actual cost of each ~~public drain or~~ public sewer laid and constructed ~~pursuant to an order of the City Council shall be paid for as~~ detailed in MGL Chapter 80 and Chapter 83. ~~follows:~~

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

~~A.~~ shall be determined as follows:

A. Applications for the original laying of pipes in public and private ways for the conveyance of wastewater shall be made, in writing, to the City Engineer in the form of an application for utility installation and shall include all plans and other documentation required by the City Engineer. Such work shall be performed entirely at the expense of the applicant and in accordance with all DPW design and construction standards in place at the time the application is made.

B. Cases may arise where the City chooses, at the City's option, to lay a new sewer main and services where one did not previously exist. At the discretion of the City Engineer, a procedure may be used to assess betterments to the bettered properties in accordance with MGL Chapter 80, Section 1 and Chapter 83.

C. This section shall not apply to the laying of sewer pipes for which provision is otherwise made by the rules and regulations of the Planning Board governing the subdivision of land.

~~One-half of the actual cost shall be paid by the City and the remaining 1/2 shall be assessed upon the estates benefited by the drain or sewer. For the purpose of apportioning the charge among the estates so benefited, 1/3 of such 1/2 of the cost shall be assessed upon the total frontage of the land so benefited on the street or way in which the drain or sewer is constructed, and each estate shall be assessed its proportional part thereof. Two-thirds of such 1/2 of the cost shall be assessed upon the total area of the land so benefited within a depth of 100 feet from the street or way in which the drain or sewer is constructed, and each estate shall be assessed its proportional part thereof.~~

~~B. In the case of estates which receive a direct benefit from the construction of a drain or sewer and have no assessable lot frontage and are not wholly located within 100 feet from the street or way in which it is constructed, so much of the area of the estates as may be deemed just and reasonable by the City Council shall be included in the total area as aforesaid and assessed its proportion of the cost in the same manner as land within 100 feet of the street or way.~~

~~C. Each corner lot abutting upon a street or way in which a drain or sewer is constructed and which receives benefit therefrom shall be assessed in accordance with the provisions of Subsections **A** and **B** above, including the whole frontage of the lot on the street in which the drain or sewer is first constructed, and, when a drain or sewer is constructed in the other street or way on which such lot abuts so much of the frontage on the other street or way as the Mayor or City Council may deem just and equitable, not exceeding 50 feet thereof, and so much of the area of such corner lot as has been previously assessed shall be exempted from assessment.~~

~~D. The City Engineer shall keep an accurate account of the cost of each public drain and public sewer constructed by virtue of an order of the City Council, and, for the purpose of assisting the Council in assessing the estates benefited thereby, he/she shall furnish the Council with such information as to costs of drains and sewers, owners of abutting estates and other facts as may be necessary. **[Amended 5-21-2012 by Ord. No. 2012-158]**~~

~~E. The City Council shall cause a list of assessments referred to in this article, with its certification thereof,~~

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

when made, to be delivered to the Assessors, who shall commit the same to the City Collector.

F. The City Collector shall forthwith, in writing, demand payment of the parties liable to assessments referred to in this article and proceed in the collection thereof in the manner prescribed by law.

§ 228-55 Permits for industrial users.

A. Requirements and conditions. Every user discharging industrial wastes to any municipal public sewer shall obtain a joint permit from the CommissionMWRA and from the City. Industrial users proposing new discharges shall obtain such permits prior to constructing a building sewersewer service. The CommissionMWRA and the City may change the conditions of a permit from time to time as circumstances, including regulations enacted or promulgated by the state or federal government or its agencies, may require. The CommissionMWRA and the City may stipulate special conditions and terms upon which the permit will be issued. No user may increase the daily volume, strength or rate of his/hertheir permitted discharge beyond 15% without first securing an amendment to his/hertheir permit.

B. Applications. It is the responsibility of eEvery industrial user shall be required tto obtain a permit and shall, within 90 calendar days of the promulgation of these regulations, complete and file at its own expense a permit application form with the CommissionMWRA and with the City. Should an industrial user be identified who does not have a permit, Known industrial users which have not filed a permit application will be notified promptly by the CommissionMWRA or the City to apply for a permit. As additional users become identified through industrial waste surveys, they will be notified to apply for a permit. All industrial users are advised to apply for a permit prior to such notification. Permit application forms may be obtained from the Metropolitan Sewerage Division and the City and shall be filed within 30 calendar days of notification, or as prescribed by regulations of MassDEP and the MWRA, whichever is sooner.

C. Evaluation of application; imposition of conditions. The CommissionMWRA and the City shall evaluate the adequacy of data furnished in the application form. If insufficient data has been furnished, the CommissionMWRA will notify the industrial user to provide additional data within a specified time. After acceptance of data, the CommissionMWRA and the City will issue the permit. The CommissionMWRA and the City may stipulate special conditions and terms upon which the permit may be issued.

D. Permit conditions. Permits may contain the following conditions:

(1) Limits on rate, time and characteristics of discharge or requirements for flow regulation and equalization.

(2) Installation of inspection, flow measurement and sampling facilities, including access to such facilities.

(3) Specifications for monitoring programs which may include flow measurement, sampling, chemical and biological tests, recording of data and reporting schedules.

(4) Pretreatment requirements and schedules for implementation, including schedules for reporting progress towards meeting these requirements.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(5) Submission of discharge reports.

(6) Schedules for the payment of industrial cost recoveries as required under Section 204 of the Act.

(7) Special service charges or fees.

(8) Other conditions as deemed appropriate by the ~~Commission~~MWRA or by the City to ensure compliance with these regulations and with applicable requirements of state or federal law, including requirements to meet all local limits for industrial pretreatment for prescribed parameters.

E. Permit not assignable. A permit shall not be reassigned or transferred.

F. Revocation and modification of permit. If an industrial user discharges amounts or rates of pollutants in violation of these regulations, the ~~Commission~~MWRA or the City may revoke the existing permit in accordance with § **228-52**. If an industrial user shows that changes in the industrial process have improved the characteristics and volume of its discharge, the permit may be modified upon application by the industrial user to the ~~Commission~~MWRA.

G. Enforcement of permit conditions. The conditions of all permits shall be enforced by the ~~Commission~~MWRA and the City in accordance with the provisions of these regulations.

H. Reports. When required by the permit, each industrial permittee shall submit a duly signed report to the ~~Commission~~MWRA and the City containing all information requested by the ~~Commission~~MWRA or the City and in a form acceptable to the ~~Commission~~MWRA and~~or~~ the City. The ~~Commission~~MWRA and the City will evaluate the data furnished. If insufficient data has been furnished, additional information may be required.

I. Sources of charges and recovery payments information. The ~~Commission~~MWRA and the City may use the information provided in the permit applications, permits and discharge reports as the basis for determining user charges and industrial recovery payments.

§ 228-56 Minimum discharge requirements.

The City's sanitary sewer system discharges into the ~~sewerage works of the Metropolitan Sewerage District (MSD), a division of the Metropolitan District Commission (MDC)~~MWRA sewerage system. All discharges into the public sanitary sewers shall, as a minimum, conform to the requirements of ~~the most recent~~310 CMR 10.00: Sewer Use~~,~~ (aka Rules and Regulations of the MWRA) ~~Covering Discharge of Sewage~~Wastewater~~, Drainage, Substances or Wastes to Sewerage Works Within the Metropolitan Sewerage District~~MWRA.~~, referred to in this article as the "MDC Rules and Regulations."~~

~~A copy of the state regulations detailing the authority and power of the Metropolitan District Commission~~MWRA ~~is included in Appendix B-1 of this article for reference.~~

§ 228-57 Types of substances prohibited from discharge.

No user shall discharge or shall cause or allow to be discharged any substances, water or wastes that the ~~Commission~~MWRA or the City has identified as likely, either singly or by interaction with other substances, to:

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

A. Harm either the sewerage system or the wastewater treatment process;

B. Be otherwise incompatible with the treatment process;

C. Cause a violation of federal and state discharge permits issued to the ~~Commission~~MWRA or to the City

D. Adversely affect receiving waters;

E. Endanger life, limb or public property; or

F. Constitute a nuisance.

§ 228-58 Enumeration of prohibited substances.
[Amended 12-16-2002 by Ord. No. 02-060A]

No user shall discharge or cause or allow to be discharged any of the following substances:

A. Gasoline, benzene, naphtha, fuel oil, crude oil, lubricating oils and flammable or explosive liquids, solids or gases or any other oils or greases of hydrocarbon or petroleum origin.

B. Waters or wastes having a pH lower than 5.5 or higher than 9.5 or having any other corrosive or injurious properties capable of causing damage or hazard to structures, equipment, sewerage systems and personnel.

C. Solids or viscous substances in quantities or of such size as to be capable of causing obstruction to the flow in sewers or other interference with the proper operation of the sewerage systems, such as but not limited to sand, metal, glass, wood, plastics, rubber, latex, cloth, non-dispersible wipes, and lime slurries.

D. Liquids or vapors having a temperature higher than 150° F~~.~~ or 65° C.

E. Waters or wastes containing fats, wax, grease or oils of vegetable or animal origin in excess of 100 milligrams per liter or containing other substances (not specifically prohibited by Subsection A) which may solidify or become viscous at temperatures between 32° F~~.~~ or 0° C~~.~~ and 150° F~~.~~ or 65° C. Waters or wastes containing such substances, excluding normal household waste, shall exclude all visible oils, fats and greases. The use of chemical or physical means, such as temperature variation, emulsifying agents or mechanical mixers, to bypass or release fats, oils and greases into the municipal sewerage system is prohibited. If the discharge concentration for any fats, oils and greases is in excess of 100 milligrams per liter after treatment, the ~~Commission~~MWRA may increase the discharge concentration limit on a case-by-case basis when the user demonstrates to the ~~Commission~~MWRA's satisfaction that its discharge is not contributing to nuisance conditions.

F. Garbage that has not been properly shredded. ~~The installation and operation of any garbage grinder equipped with a motor of 3/4 horsepower (0.76 horsepower metric) or greater shall be subject to the review and approval of the City.~~

G. Metals.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(1) Waters or wastes containing amounts of toxic or objectionable metals in excess of the concentrations obtainable by acceptable control technology, including but not limited to the following:

Antimony	Chromium	Nickel
Arsenic	Copper	Selenium
Barium	Iron	Silver
Beryllium	Lead	Tin
Boron	Manganese	Zinc
Cadmium	Mercury	

(2) In general, wastes containing the above metals shall be treated to reduce their concentrations to the minimum levels attainable by chemical precipitation processes or other equally effective methods. In no case, however, shall allowable metal concentrations be higher than those concentrations allowed by applicable state or federal law, including all specifically established local limits.

H. Nonmetals.

(1) Waters or wastes containing amounts of toxic or objectionable nonmetals in excess of concentrations attainable by acceptable control technology, including but not limited to:

Ammonia	Pesticides	Chlorides
Cyanides	Phenols	Polychlorinated biphenyls (PCB's)
Herbicides	Sulfates	Sulfides

(2) In no case, however, shall allowable nonmetal concentrations be higher than those concentrations allowed by applicable state or federal law, including all specifically established local limits.

I. Radioactive wastes or isotopes of such half-life or concentrations as may exceed limits established by the ~~Commission~~MWRA in compliance with state or federal regulations.

J. Sludges or deposited solids resulting from an industrial or pretreatment process.

K. Substances causing excessive discoloration or turbidity.

L. Slugs as defined herein.

M. Substances which exert unusual BOD, chemical oxygen demand or chlorine requirements in quantities such that when received in the composite ~~sewage~~wastewater at the ~~sewage~~wastewater treatment ~~works~~ facility they exceed the limits established for such discharges.

N. Substances which are not amenable to treatment or reduction by the wastewater treatment process employed, or not amenable to treatment as necessary for the wastewater treatment plant effluent to meet the requirements of other agencies having jurisdiction over discharge to the receiving waters.

O. Any substances that may attack, damage or alter by either abrasion or chemical action the materials of which the sewer and its appurtenances are composed or built.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

P. Substances causing excessive discoloration (such as, but not limited to, dye wastes or 'vegetable tanning solutions').

Q. Sticks, stones, rubbish, rags, unground, unshredded, or improperly shredded garbage, refuse or portions of any animal carcass having particles more than one quarter inch in longest dimension.

R. Wastewater containing considerable quantities of animal guts or tissues, entrails, offal, blood, feathers, hair, hides, scraps, unshredded vegetables, straw or cinders.

S. Hazardous wastes and/or material as defined by the Commonwealth of Massachusetts Department of Environmental Protection Regulations (310 CMR), or successor regulations as amended.

T. Based on the composition of wastewater, the Director reserves the right to:

a. Reject sanitary wastewater that does not comply with the regulations herein.

b. Require pretreatment to an acceptable condition for discharge to public sewers.

c. Require control over the quantities and rates of discharge.

d. Require payment to cover the added cost of handling and treating the wastes not covered by existing sewer charges.

§ 228-59 Discharge of unpolluted waters.
[Amended 4-7-2008 by Ord. No. 08-129]

A. No person shall discharge or cause to be discharged any unpolluted waters, such as groundwater, stormwater, surface water, roof runoff, tidewater, subsurface drainage, uncontaminated cooling water or uncontaminated industrial process water, to any sanitary sewer. Dwellings and other buildings and structures which require, because of infiltration of water into basements, crawl spaces, and the like, a sump pump discharge system shall have a permanently installed discharge line which shall not at any time discharge water either directly or indirectly into a sanitary sewer system. All connections of infiltration and/or inflow to the public sewer system are illegal according to state plumbing codes.

B. Stormwater and all other unpolluted drainage shall be discharged to ~~such sewers as are specifically designated as storm sewers~~drainage pipes ~~or to~~ a natural outlet within the owner's property or to drainage pipes when approved in writing in advance by the City Engineer, as specified in Article V.
[Amended 5-21-2012 by Ord. No. 2012-158]

C. Property owners shall allow an employee of the City or a designated representative of the City to inspec the building to confirm that there is no sump pump or other prohibited discharge into the sanitary sewer system. Such inspections may include smoke tests or dye tests on private property. The City may periodically reinspect any building or premises to determine compliance with the requirements of this section.

D. Any property owner who previously made any connection or installation in violation of this section shall immediately remove such connection or correct such an installation. If not removed

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

or corrected within 30 calendar days after notice of the violation has been delivered personally or by certified mail to the owner, the City may impose a surcharge in the amount ~~provided in Subsection E of this section~~defined in the latest version of the Schedule of Fees ~~WSR&R~~. Such a surcharge may also be imposed upon any property owner, after a thirty-calendar-day notice has been delivered, and if the owner refuses to allow his or her property to be inspected. The owner o a building or premises found to be not in conformance with this section during periodic reinspections may also be subjected to a surcharge as defined in Article V~~the Stormwater Rules and Regulations (SWR&R).. as provided in Subsection E of this section.~~

~~E.~~

~~A surcharge of $300 per quarter is hereby imposed on every sewer bill to property owners for the following conditions:~~

~~(1) Not in compliance with this section.~~

~~(2) Refusal of property inspection.~~

§ 228-60 Dilution prohibited.

The attainment of specific levels for discharge to ~~municipal~~ public sewers by dilution in the absence of treatment shall be prohibited.

§ 228-61 Wastes of unusual strength or character.

Notwithstanding the limitations set forth in § **228-58** above, a special temporary permit or amendment to an existing permit between the ~~Commission~~MWRA and the City and the user may be issued by the ~~Commission~~MWRA whereby a waste of unusual character or strength may be accepted on an interim basis when, in the opinion of the ~~Commission~~MWRA, unusual or extraordinary circumstances compel special terms and conditions of temporary duration. Such permit or amendment will be issued only when, in the opinion of the ~~Commission~~MWRA, it would not cause any interference with or disruption in the treatment works, would not violate the National Pollutant Discharge Elimination System (NPDES) permit or Ce~~o~~mmonwealth water quality standards, and would not force additional controls on other dischargers to achieve compliance with effluent limitations.

§ 228-62 Permit required for sewer hookup; fee~~; City to provide labor and materials~~.
[Amended 4-7-2008 by Ord. No. 08-129]

A. No unauthorized person shall uncover, make any connections with or opening into, use, alter or disturb any public sewer~~, public drain~~ or appurtenance thereof without first obtaining a written permit from the ~~Public Works Department~~DPW. A permit and inspection fee ~~of $10~~ for a residential or commercial ~~building sewer~~sewer service permit ~~or private drain permit~~ shall be paid to the City at the time the application is filed. Fees are defined in the ~~WSR&R~~Schedule of Fees.

B. Except as otherwise provided by the rules and regulations of the City Planning Board governing the subdivision of land, the material required in the construction of ~~building sewer~~sewer service~~s, private drains~~ and appurtenances thereof shall be provided and the labor thereon shall be performed by the private property owner~~City or its duly authorized agents and no other person, provided that the applican may make all of the excavation and backfill outside the street lines, except so much as will affect the~~

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

proper bedding and securing of the pipe or other structure.

C. No person shall be allowed to make any alteration in, or make any connection with, any private drain or building sewersewer service service other than that intended in the original permit without making another application and obtaining permission to do so from the DPWCity Engineer. **[Amended 5-21-2012 by Ord. No. 2012-158]**

D. The City Engineer or DPW Operations Divisional staff shall have the right to inspect building draininternal sewer services, building sewersewer services, building storm drains, and other, sewer laterals, private sewers, grease traps, oil traps, particle separators, improperly connected sump pumps, and other facilities tributary to the City's wastewater and storm drainage systems, at any reasonable time while such construction is underway. After obtaining a permit, tThe owner shall notify the City Engineer when such facility is installed and ready for final inspection and before the facility is connected to the City's wastewater and storm drainage systems. More frequent inspections may be required by the City Engineer. Requests for inspections on new sewer service connections shall be made before 4:00 p.m. on the day preceding the installation or within a reasonable time frame on the day of installation. Connection to the City's wastewater and storm drainage systems shall be made in the presence of an authorized representative of the City. No facility shall be covered over until approval has been given by the City Engineer or DPW Operations Division al staff. **[Amended 5-21-2012 by Ord. No. 2012-158]**

§ 228-63 Classes of building sewersewer service permits; application form; supplemental information.

A. There shall be two classes of building sewersewer service permits:

(1) For residential and commercial service; and

(2) For service to establishments producing industrial wastes.

B. In either case, the owner shall make application on a special form furnished by the City. For further information concerning industrial permits, see § **228-55.** The permit application shall be supplemented by any plans, specifications or other information considered pertinent in the judgment of the City Engineer and as specified in the DPW Design and Construction Standards. For further information concerning industrial permits, see § **228-55**. **[Amended 5-21-2012 by Ord. No. 2012-158]**

C. The design, construction, and materials of a sewer main or service connection, and the methods to be used in excavating, placing of the pipe, jointing, testing and backfilling the trench shall conform to the City of Melrose Public Works Design and Construction Standards, building and plumbing code, and other applicable rules, regulations and ordinances of the City. In the absence of code provisions, or in amplification thereof, the materials and procedures set forth in the appropriate specifications of the ASTM and WPCF Manual of Practice No. FD-5 shall apply.

D. All new sewer mains shall remain within public ways for their entire length except where this is not practical. In such cases, easements deemed appropriate by the Division for the operation and maintenance of the sewer shall be conveyed to the City without cost to the City.

E. Special service fees for administrative, inspection and construction services for each connection shall be

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

assessed according to the Schedule of Fees, the full amount of which shall be paid to the City before work commences.

§ 228-64 This section left blank intentionally ~~**Catch basins and traps. [Amended 5-21-2012 by Ord. No. 2012-158]**~~

~~The City Engineer may, at any time, require such catch basins and traps to be introduced along the line of any private drain, or on the discharge of any fixture connecting therewith, as he/she may deem necessary for the proper maintenance of such private drain or of the main drain.~~

§ 228-65 Installation of private ~~drains and building sewer~~sewer service~~s~~.

A. Private ~~drains and building sewer~~sewer service ~~s~~ shall be laid to and through the cellar wall and shall be provided with a cleanout in the direct line of the pipe.

B. All pipes through or under the wall of any building, and for a distance of ~~eight~~ ten feet outside of the wall or building, shall be of extra-heavy cast iron and are subject to the jurisdiction of the applicable plumbing code.~~.~~

§ 228-66 Maintenance responsibilities.

~~Subject to the provisions of § **228-62,** e~~Every ~~private drain or building sewer~~sewer service shall be under the control of, and shall be maintained and kept clean by ~~, the City~~the property owner. All costs and expense incident to the installation and connection of ~~private drains and building sewer~~sewer services shall be borne by the owner of the premises served by the same. Additionally, all cleaning of, repairs to or renewals of ~~such drains and~~ sewers shall be made at the expense of the owner of the premises served by such sewer ~~and drain~~, provided that any labor on such ~~a drain or~~ sewer which may be required as a result of defects or obstructions in the main ~~drain or~~ public sewer shall be paid for by the City.

Whenever any service connection to any public sewer shall become clogged, broken, obstructed, out of order or detrimental to the use of a public sewer, or unfit for carrying sewage, the owner, agent, occupant or person having charge of any building or lot of land or premises in which such service connection is located shall, upon notification by the Director and/or the City Engineer, remove, reconstruct, alter, clean or repair such service connection as the condition thereof may require. In case of neglect or refusal to comply with such notice within five (5) days after the same is given, the Director and/or the City Engineer may cause the service connection to be removed, reconstructed, repaired, altered or cleaned, as he or she may deem expedient, at the expense of such owner, agent, occupant or other person so notified, who shall also be liable to a penalty for such neglect or refusal.

§ 228-67 ~~This section left intentionally blank~~ Disposition of assessment for betterment.

Whenever a betterment for a ~~public drain or~~ public sewer constructed pursuant to an order of the City Council has been assessed on the premises with respect to which an application for connection has been made, an agreement for payment of such assessment must be entered into by the property owner with the City prior to connection to the public sewer.

~~and such assessment has been paid, no fee shall be be paid for entry into such public drain or public sewer,~~

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

except as provided in Chapter 202, Streets and Sidewalks, §§ 202-10 and 202-12. If no assessment for betterment has been paid, the fee for entry into such a public drain or public sewer shall be fixed by the City Council.

§ 228-68 Use of sewer conditioned on payment of bill. This section left blank intentionally

If any bill due the City for constructing, cleaning or repairing or renewing a private drain or building sewer remains unpaid following 60 days from the date thereof, the further use of such drain or sewer shall not be permitted until such bill has been paid.

§ 228-69 Responsibility for plumbing.

All pipes and fixtures outside the building shall be considered part of the building sewersewer service, private drain or connection thereof and shall be under the control ofregulated by the Public Works DepartmentDPW. There sewer service, from 10-feet outside of the housosue to the sewer main, including all chimney connections, shall be the property of the owner of the premises that is served, and all maintenance, improvements, and replacement shall be the responsibility of the property owner. All pipes and fixtures within any buildings, and for 10-feet outside the building, shall be considered a part of the plumbing and shall be under the regulatory control jurisdiction of the Building Department and State Plumbing Code. Commissioner.

In the event of any conflict between the requirements of the Building Commissioner and any section of this article, the requirements of this article shall apply.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-70 An iIndividual ependent sewer service is required for every building; exception.

[Amended 12-16-2002 by Ord. No. 02-060A]

A. A separate and independent building sewersewer service shall be provided for every building, except where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard or driveway. In such case, the building sewersewer service from the front building may be extended to the rear building and the whole considered as one building sewersewer service, but the City does not and will not assume any obligation or responsibility for damage caused by or resulting from any single connection aforementioned. The City may also require proof of maintenance agreements and/or easements to allow such jointly owned sewer service connections.

B. Any property which is subdivided into multiple properties must make separate connections to the sewer main for each property; shared services will not be permitted unless a hardship is indicated and approval is given by the City Engineer.

C. Unless a different determination is made by the City Engineer, each parcel is entitled to one single sewe service, and separate services shall not be connected to the public sewer main from multiple buildings o the same property. Accessory buildings such as a garage or barn or an approved in-law apartment should be connected to the sewer service for the primary use building.

A. The City Engineer may determine that it is in the best interests of the City to allow more or fewer service connections than described in this Section.

D.

§ 228-71 Use of old sewers.

Old building sewersewer services shall not be used for new building construction or substantial reconstruction. If the City Engineer deems that it is in the best interest of the City to allow reuse of an old connection, and, may be used in connection with new buildings only when they are found, on examination and test by the Public Works DepartmentDPW, the service meets all o meet all requirements of this article and DPW standards for integrity, the City Engineer may waive this requirement. All evaluations of the existing service pipe shall be performed at the expense of the owner.

§ 228-72 **Establishment of specifications.**

The Public Works DepartmentDPW shall, from time to time, establish standard requirements or specifications to regulate the sizes, materials, methods and workmanship to be used in the construction of sewers, house connections and other similar work and appurtenances thereto connected or intended to be connected into or to discharge, directly or indirectly, into any public sewer of the City. These requirements shall be recorded in the WSR&RDPW Design and Construction Standards and shall not conflict with any requirements in revision to or in addition to those of the City Building Commissioner.. Such standard requirements shall provide for gastight and watertight connections and minimum requirements as to size, depth, slope or rate of grade for such pipes, shall regulate the kinds of pipe, fittings, methods of laying, jointing, materials used, manner of connecting to existing municipal sewers and general consideration as to location and other pertinent features. When a private service connection is made directly to the MWRA

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

sewerage system, all applicable applications and standards applied by the MWRA must be met and supersede City requirements when they are more stringent. All City requirements that are more stringent than MWRA requirement shall apply to sewer services within the City, whether connected to the City or MWRA sewerage systems.

~~Any such requirements or specifications as may be adopted from time to time are hereby made a part of this article.~~

§ 228-73 Specifications to apply in absence of code provisions.

[Amended 8-21-2017 by Ord. No. 2018-4]

~~A copy of these requirements titled "Regulations for Connecting Building Sewers to the Public Sewer" is included in Appendix B-2 of this article.~~ In the absence of code provisions, or in amplification thereof, the materials and procedures set forth in the appropriate specifications of the American Society for Testing and Materials (ASTM) and the Water Environment Federation (WEF) Manual of Practice No. FD-5~~9~~ shall apply.

§ 228-74 Gravity flow or means of lifting required.

Whenever possible, the ~~building sewer~~sewer service shall be brought to the building at an elevation below the basement floor. The preferred method for discharge of sanitary sewage from an individual building or a group of buildings to the City of Melrose sewer system is by gravity flow. In all buildings in which any ~~building drain~~internal sewer service is too low to permit gravity flow to the public sewer, sanitary ~~sewage~~wastewater carried by such ~~building drain~~internal sewer service shall be lifted by an approved means and discharged to the ~~building sewer~~sewer service. All grinder pump systems shall comply with the DPW's design and construction standards for such systems.

§ 228-75 This section left blank intentionally ~~Feeding surface water drainage into sewer prohibited.~~

~~**No person shall make connection of roof downspouts, foundation drains, areaway drains or other source of surface runoff or groundwater to a building sewer or building drain which in turn is connected directly or indirectly to a public sanitary sewer.**~~

§ 228-76 Private sewer services~~drains~~.

~~[Amended 5-21-2012 by Ord. No. 2012-158]~~

~~Except by special consent of the City Engineer, no private drain~~ sewer service ~~larger than eight inches in diameter or which is constructed of~~ any material ~~other than~~ polyvinyl chloride (PVC) ~~vitrified, transite or iron pipe of an approved weight will be allowed to connect with any public~~ sewer main ~~drain. All private sewer pipes~~drains ~~shall be laid accurately to straight lines and grades.~~ All sewer services shall be installed in full accordance with the DPW's Design and Construction standards unless otherwise permitted in writing by the City Engineer following application for installation.

~~**When angles are unavoidable, the changes in direction shall be made by Y branches and bends. The opening in the Y in the direct line of the pipe shall be sealed and left unused for the purpose of flushing and cleaning.**~~

§ 228-77 This section left intentionally blank ~~Stormwater permits for parcels of land greater than one acre.~~

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

~~[Added 4-7-2008 by Ord. No. 08-129]~~

~~A. Any land alteration, including but not limited to any excavation, paving, curb cutting, street opening, or any activity that will alter the drainage characteristics of a parcel of land that is greater than one acre, shall obtain a permit from the Department.~~

~~B. Application.~~

~~(1) The applicant shall file a completed application package. While the applicant may be a representative, the permittee must be the owner of the site or holder of an easement. The application package shall include:~~

~~(a) A completed application form with original signatures of all owners.~~

~~(b) A stormwater management plan and project description.~~

~~(c) Operation and maintenance plan.~~

~~(d) Erosion and sediment control plan.~~

~~(2) Filing an application for a permit grants the Department, or its agent, permission to enter the site to verify the information in the application and to inspect for compliance after issuance of the permit.~~

~~C. Performance criteria.~~

~~(1) At a minimum, projects shall comply with the policy, criteria, and information, including specifications and standards, of the latest edition of the Massachusetts Stormwater Management Policy Handbooks.~~

~~(2) The applicant shall prepare and implement an erosion and sedimentation control plan to prevent the introduction of sediments into the Department's sewers and storm drains. The design of any facilities required pursuant to this section shall be subject to the approval of the Department, and the design, installation and maintenance of such facilities shall be at the facility owner's expense. The Department shall have the right to inspect such facilities.~~

~~(3) The applicant shall submit to the Department a description of all new best management practices, including location, design and installation plans, vendor and manufacturer, and maintenance requirements.~~

~~(4) An operation and maintenance plan shall be required at the time of application for all projects. The project proponent shall be responsible for future maintenance of such best management practices. The operation and maintenance plan shall remain on file with the Department and shall be an ongoing requirement.~~

~~D. The Public Works Department~~DPW ~~shall, from time to time, establish standard requirements or specifications to regulate the terms, conditions, definitions, enforcement, fees, procedures, and administration of this section.~~

§ 228-78 **Infiltration and inflow mitigation fees.**
[Added 6-16-2016 by Ord. No. 2016-200]

A. Any person or entity changing, altering, repairing, adding to or improving ~~his/her~~their ~~or its~~ property in any way that may or should impact the sewer system within the City of Melrose, or any person or entity proposing to add additional wastewater to an existing sewer connection, or any applicant for a new building permit, shall be required to mitigate infiltration/inflow sources which add extraneous water to the sewer system, thereby reducing its capacity and capability to accommodate new flows, at a rate of one gallon of infiltration/inflow removal for each additional gallon of wastewater that will be discharged to the sewer system as a result of the subject project. In the event a connection is subject to a state sewer connection/extension permit under Code of Massachusetts Regulations Chapter 314, and such permit is conditioned upon the completion of removal of infiltration/inflow prior to connection, said removal of infiltration/inflow shall be credited toward complying with the requirements of this section.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

B. Title 5 (310 CMR 15) shall be used to determine flow rates, which will be used to calculate the value of the infiltration and inflow mitigation fee. Said fee shall be calculated based on the net change in Title 5 flows resulting from the subject project. The and a cost of $6.89 per gallon per day (gpd) of flow shall be as defined in the WSR&RSchedule of Fees and as approved by the City Council. Existing conditions will be established based on records of the Melrose Assessor's office. For example, a project with a net increase of five bedrooms compared to existing conditions per Assessor's records has an associated Title 5 flow increase of 550 gpd. ; therefore the fee for this connection is $3,789.50 (550 gpd net increase x $6.89/gpd). This is a one-time fee required prior to the issuance of a building permit or any other permit order or permission for any change, alteration, repair, addition or modifications improving the subject property.

C. The fee assessment, or indication that no fee is required based on a determination of no net increase to sewer flows from the subject project, shall be determined by the Director of Public Works. The Director will not sign off on occupancy for any project for which an outstanding payment is due for any assessed infiltration and inflow mitigation fee, for the subject project or for any other project for which occupancy is sought by the same applicant.

D. For purposes of this section the following terms shall have the meanings set forth herein:

DIRECTOR

The Director of Public Works, after review, approval and consent by and of the City Engineer.

INFILTRATION

Water other than wastewater that enters a sewer system (including sewer service connections and foundation drains) from the ground through means which include, but are not limited to, defective pipes pipe joints, connections, or manholes. Infiltration does not include, and is distinguished from, inflow.

INFILTRATION/INFLOW

The quantity of water from both infiltration and inflow without distinguishing the source.

INFLOW

Water other than sanitary flow that enters a sewer system (including sewer service connections) from sources which include, but are not limited to, roof leaders, cellar drains, yard drains, area drains, drains from springs and swampy areas, sump pumps, manhole covers, cross-connections between storm sewers and sanitary sewers, catch basins, cooling towers, stormwaters, surface runoff, street wash waters, or drainage. Inflow does not include, and is distinguished from, infiltration.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

ARTICLE I
General Provisions

§ 228-1. Regulations considered part of contract. [Amended 6-26-1985 by Ord. No. 1108]

Except as otherwise specifically ordered by the City Council, the rules and regulations set out in this chapter shall be considered as a part of the contract with every person who uses City water and the City sewer service, and every person who takes the water and uses the sewers assents thereto and agrees to be bound thereby.

§ 228-2. Shutting off water for violations. [Amended 2-1-1993 by Ord. No. 92-318]

If any person violates any of the rules and regulations set out in this chapter, the water will be shut off and will not be turned on again until all charges, including $25 for shutting off and turning on, have been paid.

§ 228-3. Billing period; place of payment; delinquent payments. [Amended 6-17-1985 by Ord. No. 1045; 7-21-1986 by Ord. No. 1417; 7-28-1986 by Ord. No. 1455; 12-19-1988 by Ord. No. 2217; 10-19-1992 by Ord. No. 93-50]

A. All bills for water and sewer shall be made out and rendered by the Public Works Department to consumers quarterly and all such bills shall be payable within 30 days at the office of the City Collector.

B. Bills not paid within 30 days shall be subject to the following:

(1) Demand charge of $5.

(2) Interest penalty of 14% from the due date.

(3) Lien fee of $10, to be applied only on those water and sewer bills that become lien on real estate tax bills.

§ 228-4. Commitment of charges for collection. [Amended 6-17-1985 by Ord. No. 1046]

All charges for water and sewer service shall be committed forthwith by the Public Works Department to the City Collector for collection, and, whenever charges are so committed, such Department shall file with the City Auditor a report, in writing, of the total amount of the charges in each such commitment. The Department shall forthwith give notice, in writing, to the City Auditor of every correction in and abatement of a charge for water and sewer services.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

ARTICLE II
Water

§ 228-5. Right of entry. [Amended 5-21-2012 by Ord. No. 2012-158]

The City Engineer or his/her agent shall at all reasonable hours have free access to premises supplied with water to examine the condition of the pipes and fixtures and quantity of water used and to shut off the water for nonpayment or any violation of the rules set out in this article.

State law reference — Authority of municipalities to make regulations relative to pipes through which water is supplied, MGL c. 40, § 21, cl. (7).

§ 228-6. Laying of service pipes. [Amended 5-21-2012 by Ord. No. 2012-158]

Except as otherwise provided by the rules and regulations of the Planning Board governing the subdivision of land, water service pipes will be laid from the main to the line of the street without charge and from the line of the street to the building at the expense of the applicant, provided that the whole or part of the work from the street line to the building may be done by the property owner or his/her agent, subject to the approval of the City Engineer, if the property owner so elects.

§ 228-7. Size and material of service pipes and meters. [Amended 5-21-2012 by Ord. No. 2012-158]

No water service pipe or meter larger than 3/4 of an inch will be laid or allowed, except upon special consent of the City Engineer and upon the payment of the additional cost to the City. All pipe laid on the abuttor's premises between the street line and the meter or cellar wall shall be of such material as may be approved by the City Engineer.

§ 228-8. Separate service pipes required; protection and maintenance. [Amended 5-21-2012 by Ord. No. 2012-158]

No two buildings shall be supplied with water through the same service pipe, and, so far as possible, each tenement or apartment shall be supplied through a separate service pipe. Any person putting in his/her own service pipe from the street line to the building must lay it at least 5 1/2 feet deep and must provide a stop and waste cock, properly located, inside the building and take such other precautions as may be deemed necessary by the City Engineer. He/she must keep the service pipe, stop and waste cock and all fixtures connected therewith on his/her premises in good repair and protected from frost, and he/she will be held liable for all damage which may result from a failure to do so.

§ 228-9. Additional service pipes.

Any person desiring more than one water service pipe for any one tenant from the main to his/her premises will be required to pay the whole cost of such additional pipe.

§ 228-10. Laying mains in public and private ways; assessments. [Amended 5-21-2012 by Ord. No. 2012-158]

A. Applications for the original laying of pipes in public and private ways for the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

conveyance and distribution of water shall be made, in writing, to the City Engineer in such form as he/she shall prescribe. Before laying any such pipe, the City Engineer shall prepare an estimate of the cost thereof and of the assessments to be paid by the owners of the land which will receive benefit therefrom, computed in the manner provided in this section, and shall grant a hearing to each such owner. Notice of the time and place of such hearing shall be given, in writing, not less than seven days prior to the date thereof, and each such owner shall be furnished with a statement of the estimated betterment to be assessed against his/her property.

B. Acting under authority of MGL c. 40, § 42G, the City Engineer shall assess 1/2 of the actual cost of originally laying pipes in public and private ways upon the estates benefited thereby. For the purpose of apportioning the cost among the estates so benefited, 1/3 of such 1/2 of the cost shall be assessed upon the total frontage of the land so benefited on the street or way in which such pipe is laid, and each such estate shall be assessed its proportional part thereof. Two-thirds of such 1/2 of the cost shall be assessed upon the total area of the land so benefited within a depth of 100 feet from the street or way in which such pipe is laid, and each such estate shall be assessed its proportional part thereof.

C. In the case of an estate which receives a direct benefit from the laying of such a pipe but which does not abut the street or way in which such pipe is laid and is not wholly located within 100 feet from such street or way, so much of the area of such estate as may be deemed by the City Engineer to be just and reasonable shall be included in the total area, as aforesaid, and assessed its proportion of the cost in the same manner as land within 100 feet of such street or way.

D. Each corner lot abutting upon a street or way in which such a pipe is laid and which receives direct benefit therefrom shall be assessed in accordance with the provisions of this section, including the whole frontage of the lot on the street in which such pipe is first laid. When such a pipe is laid on the other street or way on which such lot abuts, so much of the area of such lot as has been previously assessed and so much of the frontage of such lot on the other street or way as may be deemed by the City Engineer to be just and equitable shall be exempt from assessment.

E. Whenever the City Engineer determines that a pipe for the conveyance and distribution of water shall be originally laid in any public or private way, he/she shall take all such steps as may be required to ensure that effect will be given to all pertinent provisions of MGL c. 40, § 42I.

F. This section shall not apply to the laying of water pipes for which provision is otherwise made by the rules and regulations of the Planning Board governing the subdivision of land.

§ 228-11. Laying mains in private property.

No water main shall be laid in any private property, other than a private way, unless the owner thereof gives a release to the City for that purpose, and such owner, when required, shall file a bond for the payment annually of 6% of the cost to the City of such main and connections until such time as the revenue from such main shall be sufficient to pay the interest on the cost of construction.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-12. Turning on and shutting off water; charges. [Amended 1-21-1992 by Ord. No. 91-264A]

A. No person except the City Engineer or those authorized by him/her shall at any time turn or let on water to any house or building or in any way interfere with any gate, fire hydrant or standpipe. **[Amended 5-21-2012 by Ord. No. 2012-158]**

B. Charges.

(1) Water turned off at curb: $25.

(2) Water turned on at curb: $25.

(3) Meter tests: $25.

(4) Special meter reading trip charge: $25.

(5) Final meter reading: $25.

(6) Repair of frozen meters: $25 plus parts.

(7) Fire flow tests (hydrant): $100.

§ 228-13. Notice that water will be shut off.

In cases of abnormal use of water or when necessary to shut off the street mains, consumers will ordinarily be given notice, but failure to give such notice shall not constitute a claim for any damage which may be occasioned.

§ 228-14. Water meters.

A. No person except the proper officers of the Water Division will be allowed to set, take off or repair meters. **[Amended 8-21-2017 by Ord. No. 2018-4]**

B. All water meters will be furnished, placed and maintained by the City. Any damage to any meter done or caused by the carelessness or neglect of the owner or occupant will be charged to his/her next bill, and, if not paid as provided for in § 228-3, the water will be shut off and not again turned on until such charge and all others are paid.

C. Effective October 1, 2017, a manual read fee of $50 per quarter shall be charged to any account that cannot be remotely read by the City of Melrose. **[Added 6-19-2017 by Ord. No. 2017-148]**

§ 228-15. Rates set by Mayor and Council; Water Rate Review Committee. [Amended 5-15-1978 by Ord. No. 19837; 6-5-1978 by Ord. No. 19917; 7-17-1978 by Ord. No. 19837A; 9-6-1989 by Ord. A. Except as provided by § 228-16, all bills for water furnished by the City shall be rendered at intervals of three months (quarterly) at rates established by the Mayor and City Council from time to time.

(1) Tiered water rates per 100 cubic feet, effective fiscal year 2019: **[Amended6-18-2018 by Order No. 2018-178]**

(a) Quarterly consumption:

Cubic Feet	Rate Per 100 Cubic Feet
1 to 2,000	$6.44
Over 2,000	$8.75

(b) Quarterly meter base fee:

Meter Size (inches)	Fee
Up to 1	$16.60
1 1/2	$64.72
2	$100.81
3	$185.02
4	$305.32
6	$606.07
Manual read fee (for accounts that have not changed primary meter)	$50/quarter
Second meter fee – meter replaced	$16.60
Second meter fee – meter not replaced	$50.00

(c) Monthly consumption:

Cubic Feet	Consumption Rate
1 to 2,000	$6.44
Over 2,000	$8.75

(d) Monthly meter base fee:

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Meter Size (inches)	Fee
Up to 1	$5.54
1 1/2	$21.58
2	$33.61
3	$61.68
4	$101.78
6	$202.03
Manual read fee (for accounts that have not changed primary meter)	N/A
Second meter fee – meter replaced	$5.54
Second meter fee – meter not replaced	$16.67

(2) The water rate shall be applied to all properties in the City of Melrose classified under Commonwealth of Massachusetts Department of Revenue (DOR) Property Classification Code of April 1987 Code/Codes 1, 101 through 103, 104 and 105 and all land or structures exclusively in municipal use by the City of Melrose.

B. There is hereby created a Water Rate Review Committee, to consist of the Director of Public Works, City Engineer, the Auditor, Treasurer-Collector and a member of the City Council appointed by the President of the City Council, and two citizens of Melrose appointed by the President of the City Council. The Committee shall meet at least quarterly to review the water rate charges established pursuant to this section, the costs of operating and maintaining the water system and any capital improvements to the system. The Committee shall hold at least one meeting per year after 7:00 p.m. It shall report its findings and any recommendations to the City Council in conjunction with submission of the annual operating budget. **[Amended 10-2-2017 by Ord. No. 2018-23]**

State law reference — Law of commonwealth making water rates a lien on real estate, MGL c. 40, §§ 42A to 42F.

§ 228-16. Water used for building purposes. [Amended 6-17-1985 by Ord. No. 1047; 12-16-2002 by Ord. No. 02-060A]

A. The following rates shall be charged for water used for building purposes:

(1) The minimum charge for construction of new buildings shall be the same for the three months' minimum charges.

(2) For extraordinary additions or repairs, the rate shall be assessed by the City Engineer. **[Amended 5-21-2012 by Ord. No. 2012-158]**

B. The City Engineer shall have the right to require the applicant to pay by meter instead of the foregoing schedule for building purposes. **[Amended 5-21-2012 by**

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Ord. No. 2012-158]

C. The rates for water for building purposes, which are to be paid in advance, include the charge for turning on and shutting off water, and no allowance will be made if water is obtained from other premises.

§ 228-17. Application for use of water or other work; emergencies.

A. Applications for the use of water for service pipes, for thawing frozen pipes or for any other work to be done or materials to be furnished in connection with the supplying of water to any premises shall be made in accordance with Chapter 202, Streets and Sidewalks, § 202-10.

B. In cases of extreme emergency, of which the City Engineer shall be the judge, such application shall not be required, nor shall the provisions of § 202-10 apply, provided that as soon as may be after the furnishing of such water or materials or the completion of such work, the City Engineer shall render a bill therefor, in an amount representing the actual cost to the City, to the owner of the premises. Such bill shall be payable on presentation, and the provisions of Chapter 56, Officers and Employees, § 56-26, relative to commitment, return, correction, abatement and shutting off of water for nonpayment of water bills, shall apply to each such bill. **[Amended 5-21-2012 by Ord. No. 2012-158]**

C. In no case shall water be turned on for specific purposes until all charges are paid or, for fractional parts of the year, until the proportional part of the minimum charge is paid up to the first day of January next following. Fractional parts of a month shall be considered a full month, and 1/4 of the minimum rate per annum shall be the least charge that shall be made.

§ 228-18. Abatements in case of vacancy. [Amended 12-16-2002 by Ord. No. 02-060A; 5-21-2012 by Ord. No. 2012-158]

In case of vacancy, abatements may be allowed and made at the rate of $0.20 per 100 cubic feet, provided that no abatement shall be allowed or made unless notice of vacancy is given, in writing, at the office of the City Engineer and the sum of $25 paid for shutting off the water, which sum shall include the expense of turning on again. No premises will be considered vacant unless such notice is given and water so shut off. No abatement or refund shall be made for water so shut off during the last three months of the year or for fractional parts of 100 cubic feet.

§ 228-19. Opening or interfering with fire hydrants. [Amended 5-21-2012 by Ord. No. 2012-158]

No person except the City Engineer or those authorized by him/her and the officers of the Fire Department in case of fire shall open or otherwise interfere with any fire hydrant, tie or fasten a horse or any other animal to any fire hydrant or place any obstruction in the way of its free use by the firefighters.

§ 228-20. Elderly discount. [Added 4-3-1989 by Ord. No. 2324; amended 5-6-1996 by Ord. No. 96-237]

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

A. A twenty-percent discount on water bills shall be given upon application to the office of the City Engineer in accordance with the following procedure: **[Amended 5-21-2012 by Ord. No. 2012-158]**

(1) The applicant must have passed age 65 in the calendar year prior to that in which he/she is making application for discount. In the case of joint home ownership, either spouse/owner must have passed age 65 in the prior year.

(2) The applicant must be the owner of record of the property for which discount is requested and his/her name must appear on the water bill for that property.

(3) The yearly consumption of water by the applicant shall not exceed 6,250 cubic feet. **[Amended 6-16-2016 by Ord. No. 2016-166]**

(4) The discount shall only apply to owners of one-family or two-family homes who are able to demonstrate their primary residence in said single- or two-family home. **[Amended 6-16-2016 by Ord. No. 2016-166]**

(5) Otherwise eligible condominum owners will be entitled to a discount which shall be equal to the average discount provided for in this section for the immediately preceding fiscal year. **[Added 6-16-2016 by Ord. No. 2016-166]**

B. Applicants who have not reached 65 will also qualify for discount if:

(1) They are in conformity with the other provisions of this section.

(2) Their yearly gross income does not exceed $15,000 for a single person and $23,000 if filing jointly.

C. Administration of the discount program set forth in Subsections A and B above shall be in accordance with reasonable policies established by the Director of Public Works, or his/her designee, and shall be in strict compliance with this section. **[Added 6-16-2016 by Ord. No. 2016-166]**

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

ARTICLE III
Backflow and Cross-Connections
[Added 6-2-1997 by Ord. No. 97-323]

§ 228-21. Authority.

In accordance with the Safe Drinking Water Act of 1974 and the Commonwealth of Massachusetts regulations 310 CMR 22.22 of the Massachusetts Drinking Water Supply Regulations, the water purveyor has the primary responsibility for preventing water from unapproved sources, or any other substances, from entering the public potable water supply system.

§ 228-22. Purpose.

The purpose of this article is:

A. To protect the public potable water supply served by the City of Melrose Water Division from the possibility of contamination or pollution by isolating within its customers' internal distribution system(s) such contaminants or pollutants which could backflow or backsiphon into the public water supply system.

B. To promote the elimination or control of existing cross-connections, actual or potential, between its customers' in-house/in-plant potable water system(s) and nonpotable systems.

C. To provide for the maintenance of a continuing program of cross-connection control which will systematically and effectively prevent the contamination or pollution of all public potable water systems by cross-connection.

§ 228-23. Responsibility of Water Division and customers.

The City of Melrose Public Works Department Water Division shall be responsible for the protection of the public potable water distribution system from contamination or pollution due to the backflow or backsiphonage of contaminants or pollutants. If, as a result of a survey of any premises, the Division determines that an approved backflow prevention device is required at the City's water service connection to any customer's premises for the safety of the public water supply system, the Division or its designated agent shall give notice in writing to said customer to install such an approved backflow prevention device at each service connection to his/her premises. The customer shall, within 60 days, install such approved device or devices at his/her own expense, and failure, refusal or inability on the part of the customer to install said device or devices within 60 days shall constitute a ground for disconnecting water service to the premises until such device or devices have been properly installed and inspected.

§ 228-24. Definitions. [Amended 4-7-2008 by Ord. No. 08-129]

As used in this article, the following terms shall have the meanings indicated:

ALTER — Any activity which will measurably change the ability of a ground surface to absorb water or will change existing surface drainage patterns. "Alter" may be similarly represented as "alteration of drainage characteristics" and "conducting land disturbance

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

activities."

APPROVED — Accepted by the City of Melrose Public Works Department Water Division as meeting an applicable specification stated or cited in this regulation or as suitable for this proposed use.

BACKFLOW — The flow of water or other liquids, mixtures or substances under pressure into the distributing pipes of a potable public water supply system from any source or sources other than intended source.

BACKFLOW PREVENTER — A device or means designed to prevent backflow or backsiphonage.

A. AIR GAP — The unobstructed vertical distance through the free atmosphere between the lowest opening from any pipe or faucet supplying water to a tank, plumbing fixture or other device and the flood rim of said vessel.

B. REDUCED-PRESSURE-PRINCIPLE DEVICE — An assembly of two independently operating check valves with an automatically operating differential relief valve between the two check valves, two shutoff valves plus properly located test cocks.

C. DOUBLE CHECK VALVE ASSEMBLY — An assembly of two independently operating approved check valves with shutoff valves on each side of the check valves, plus properly located test cocks.

D. PRESSURE VACUUM BREAKER — A device designed to prevent backsiphonage only and which is used under static line pressure, plus properly located test cocks.

BACKSIPHONAGE — The flow of water or other liquids, mixtures or substances into the distributing pipes of a potable public water supply system from any source other than its intended source caused by the sudden reduction of pressure in the potable public water supply system.

BEST MANAGEMENT PRACTICE (BMP) — Structural, nonstructural, and managerial techniques that are recognized to be the most effective and practical means to prevent and/or reduce increases in stormwater volumes and flows, reduce point source and nonpoint source pollution, and promote stormwater quality and protection of the environment.

CERTIFICATION EXAMINATION — An examination approved by the Department for the purpose of testing competency in all areas of cross-connection control and backflow prevention device testing.

CERTIFIED BACKFLOW PREVENTION DEVICE TESTER — An individual who holds a valid Massachusetts backflow prevention device tester's certificate issued by the Department.

CONTAMINANT — A physical, chemical, biological or radiological substance or matter in water.

CROSS-CONNECTION — Any actual or potential connection between a distribution pipe of potable water from a public water system and any pipe of nonpotable water.

DEPARTMENT — The Commonwealth of Massachusetts, Department of

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Environmental Protection.**[Amended 8-21-2017 by Ord. No. 2018-4]**

DIVISION — The City of Melrose Public Works Department Water Division as the operator of the Melrose Water Distribution System.

HAZARD, DEGREE OF — The term is derived from an evaluation of the potential risk to public health and the adverse effect of the hazard upon the potable public water system.

A. HAZARD, HEALTH (high hazard) — Any condition, device or practice in any water supply system and its operation which could create or, in the judgment of the Division, may create a danger to the health and well-being of the public water consumer.

B. HAZARD, PLUMBING (high hazard) — A plumbing-type cross-connection in a consumer's potable water system that has been properly protected by a vacuum breaker, air-gap separation or backflow prevention device. Unprotected plumbing-type cross-connections are considered to be a health hazard.

C. HAZARD, SYSTEM (low hazard) — All actual or potential threats to the physical properties of the public water system or to the potability of the public or the consumer's potable water system which would constitute a nuisance or be aesthetically objectionable or could cause damage to the system or its appurtenances but would not be dangerous to health.

INSPECTION — The physical examination and testing of an installed backflow prevention device to verify that the backflow prevention device is functioning properly.

INSPECTION AND MAINTENANCE REPORT FORM — A report form, designated by the Department, which is to be used by certified testers to record all pertinent testing information.

MASSACHUSETTS STORMWATER MANAGEMENT POLICY — The policy issued by the Department of Environmental Protection and, as amended, that coordinates the requirements prescribed by state bylaws promulgated under the authority of the Massachusetts Wetlands Protection Act, MGL c. 131, § 40, and Massachusetts Clean Waters Act, MGL c. 21, §§ 26 to 56.

MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4) or MUNICIPAL STORM DRAIN SYSTEM — The system of conveyances designed or used for collecting or conveying stormwater, including any road with a drainage system, street, gutter, curb, inlet, public storm drain, public storm sewer, pumping facility, retention or detention basin, natural or man-made or altered drainage channel, reservoir, and other drainage structure that together comprise the storm drainage system owned or operated by the City of Melrose.

OWNER — Any person maintaining a cross-connection installation or owning premises on which cross-connections can or do exist.

STORMWATER — Stormwater runoff, snowmelt runoff, and surface water runoff and drainage.

WATER, NONPOTABLE — Water which is not safe for human consumption or which is of questionable potability, including private wells.

WATER, POTABLE — Water from a public source which has been approved by

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

the Massachusetts Water Resources Authority for human consumption.**[Amended 8-21-2017 by Ord. No. 2018-4]**

§ 228-25. Requirements.

A. Water Division.

(1) On new installations, the Division will provide on-site evaluation and/or inspection of plans in order to determine the type of backflow preventer, if any, that will be required and will notify the owner of plan approval requirements by the appropriate reviewing authority.

(2) For premises existing prior to the start of this program, the Division will perform surveys of the premises and reviews of as-built plans and issue a cross-connection violation form to the owner detailing any corrective action required, the method of achieving the correction and the time allowed for the correction to be made. The time period allowed shall depend upon the degree of hazard involved (higher health hazard – minimum time).

(3) The Division will not allow any cross-connection to remain unless it is protected by an approved backflow preventer for which a permit has been issued and which will be regularly tested to ensure satisfactory operation.

(4) If the Division determines at any time that a serious threat to the public health exists, the water service will be terminated immediately.

B. Owner responsibility.

(1) The owner shall be responsible for the elimination or protection of all cross-connections on his/her premises.

(2) The owner shall be responsible for applying for and obtaining all necessary approvals and permits for the maintenance of cross-connections and installation of backflow prevention devices and applying annually for the renewal of each permit.

(3) The owner shall have any device that fails an inspection or test repaired immediately by a licensed plumber.

(4) The owner shall inform the Division of any proposed or modified cross-connection and also of any existing cross-connections of which the owner is aware but which have not been found by the Division.

(5) The owner shall not install bypass around any backflow preventer unless there is a backflow preventer of the same type on the bypass. Owners who cannot shut down operation for testing of the device(s) must supply additional devices necessary to allow testing to take place.

(6) The owner shall install backflow preventers in a manner approved by the Department and by the Division.

(7) The owner shall install only reduced-pressure backflow preventers and double check valve assemblies approved by the Department.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(8) The owner shall be responsible for the payment of all fees for permits, device testings, retestings in the case that the device fails to operate correctly and second reinspections for noncompliance with Division or Department requirements.

C. Testing.

(1) Reduced-pressure backflow preventers and double check valve assemblies shall be tested and inspected at least semiannually by the Division's certified tester, at the expense of the owner.

(2) Reduced-pressure backflow preventers and double check valve assemblies must be tested annually by the owner, independent of the semiannual test by the public water supplier, and said test must be conducted by a Department-certified tester.

(3) Any backflow preventer which fails during a periodic test must be repaired or replaced immediately by a licensed plumber. When repairs are necessary, upon completion of the repair, the device will be retested at the owner's expense to ensure proper operation. High hazard situations will not be allowed to continue unprotected if the backflow preventer fails the test and cannot be repaired immediately. In other situations, a compliance date of not more than 14 days after the test date will be established. The owner is responsible for spare parts, repair tools or a replacement device. Parallel installation of two devices is an effective means of the owner ensuring that uninterrupted water service remains during testings or repair of devices and is strongly recommended when the owner desires such continuity.

§ 228-26. Enforcement; violations and penalties.

A. Right of entry. All owners or operators of commercial, industrial or institutional premises served by a public water supply system shall authorize agents and employees of the City of Melrose Public Works Department Water Division and/or the Department, upon presentation of their credentials, to enter their premises without a warrant for the purpose of inspecting and surveying their water systems for cross-connections and assuring compliance with these regulations, whether or not the Division and/or the Department has evidence that their water system is in violation of an applicable legal requirement.

B. The Division shall not allow a cross-connection to exist with the public water system unless it is considered necessary and all appropriate approvals and permits have been issued.

C. Failure of the owner to comply with any applicable section of this article will constitute a violation of 310 CMR 22.22 and will be subject to termination of water service by the City of Melrose Public Works Department Water Division.

D. Fine. Whoever maintains a cross-connection without a permit or after revocation of the permit to maintain such connection and whoever maintains a cross-connection without installing the appropriate backflow prevention device required by these regulations and by the reviewing authority shall be punished by a fine of not more than $500. Reference: 310 CMR 22.22(13)(a).

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-27. Procedure policy.

Attached is the procedure policy package.[1]

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

1. **Editor's Note: The procedure policy package is on file in the office of the Water Division.**

ARTICLE IV
Sewer Use
[Added 5-4-1981 by Ord. No. 20841, App. B (Rev. Ords. 1989, §§ 16-51 to 16-70, 16-81 to 16-86, 16-91 to 16-99, 16-111 to 16-117 and 16-131 to 16-145)]

§ 228-28. Purpose.

The purpose of this article is to regulate the use of public and private sewers, the installation and connection of building sewers and the discharge of waters and wastes in the public sewer system in the City.

§ 228-29. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

ACT — The Clean Water Act of 1977, Public Law 95-217, as amended from time to time.

BOD or BIOCHEMICAL OXYGEN DEMAND — The quantity of oxygen utilized in five days at 20° C., expressed in milligrams per liter, in the biochemical oxidation of wastewater as determined by a procedure described in Standard Methods.

BUILDING DRAIN — That part of the lowest horizontal piping of a drainage system which receives the discharge from soil, waste and other drainage pipes inside the walls of the building and conveys it to the building sewer, beginning 10 feet outside the inner face of the building wall.

BUILDING SEWER (also called "house connection") — The wastewater connection from the building to a public sewer.

CITY ENGINEER — The Engineer for the City.**[Amended 5-21-2012 by Ord. No. 2012-158]**

COMMISSION — The Metropolitan District Commission, Commonwealth of Massachusetts, or any other commission, board or officers duly authorized to act for the commonwealth in the application of these rules and regulations.

COMPATIBLE POLLUTANT — A substance that is amenable to removal in substantial amounts by the wastewater treatment plant. Compatible pollutants include, but are not limited to, coliform bacteria, suspended solids and those that exert BOD.

DEPARTMENT — The Public Works Department of the City.

DIRECTOR OF PUBLIC WORKS — The Director of the Department of Public Works for the City.**[Added 5-21-2012 by Ord. No. 2012-158]**

EXCESSIVE — More than the limits established in these regulations or of such magnitude that, in the judgment of the Commission, may cause damage to any facility or be harmful to the wastewater treatment process or reduce its efficiency, cannot be removed in the wastewater treatment plant to the degree required to meet the Act, creates any hazard in the receiving waters, exceeds the capacity of the metropolitan sewerage system or otherwise endangers life, limb or public property or constitutes a public nuisance.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

FLOATING OIL — Oil, fat or grease in a physical state such that it will separate by gravity from wastewater by treatment in an approved pretreatment facility.

GARAGE — Any building wherein are kept or stored one or more motor vehicles, including, among others, a public or private garage, carport, motor vehicle repair shop or paint shop, service station, lubritorium, car wash or any building used for similar purposes.

GARBAGE — Wastes from the domestic and commercial preparation, cooking and dispensing of food and from the handling, storage and sale of produce.

INCOMPATIBLE POLLUTANT — A substance that is not amenable to removal in substantial amounts by the wastewater treatment plant. Incompatible pollutants include, but are not limited to, toxic metals and persistent organics.

INDUSTRIAL USER — Any user identified in the Standard Industrial Classification Manual of the United States Office of Management and Budget, as amended and supplemented, under the following divisions:

A. Division A: Agriculture, Forestry and Fishing.

B. Division B: Mining.

C. Division D: Manufacturing.

D. Division E: Transportation, Communications, Electric, Gas and Sanitary Services.

E. Division I: Services.

INDUSTRIAL WASTES — Any solid, liquid or gaseous wastes resulting from industrial processes.

MDC — The Metropolitan District Commission.

MDC RULES AND REGULATIONS — The most recent Rules and Regulations Covering Discharge of Sewage, Drainage, Substances or Wastes to Sewerage Works Within the Metropolitan Sewerage District.

METROPOLITAN SEWERAGE DISTRICT — All cities, towns and sewer districts served by the Commission in accordance with legislation.

METROPOLITAN SEWERAGE SYSTEM — The sewerage works under the control of the Commission.

MUNICIPAL SEWER — A sewer controlled by the City, a governmental agency or a public authority, such as the Metropolitan District Commission.

NATURAL OUTLET — Any outlet, including storm sewers, into a watercourse, pond, ditch, lake or other body of surface water or groundwater.

pH — The logarithm of the reciprocal of the hydrogen ion concentration, expressed in moles per liter. Neutral water, for example, has a pH value of seven and a hydrogen ion concentration of 10^{-7}. The electrometric method of measurement is preferred. The calorimetric method of measurement may be substituted upon approval by the Commission.

PRIVATE DRAIN or PRIVATE STORM DRAIN — A storm drain not directly controlled by any public agency or government.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

PROPERLY SHREDDED GARBAGE — Garbage that has been shredded to such a degree that all particles will be carried freely under the flow conditions normally prevailing in municipal sewers. No particle shall be greater than 1/2 inch or 1.27 centimeters in any dimension.

PUBLIC DRAIN or PUBLIC STORM DRAIN — A storm drain controlled by the City or the Metropolitan District Commission.

PUBLIC SEWER — A common sanitary sewer controlled by the City or the Metropolitan District Commission.

RECEIVING WATERS — Any watercourse, river, pond, ditch, lake, aquifer, ocean or other body of surface water or groundwater receiving discharge of wastewater or effluent.

SANITARY SEWAGE — Liquid or water-carried human and domestic wastes from residences, commercial buildings, industrial plants and institutions, exclusive of groundwater, stormwater and surface water and exclusive of industrial wastes.

SANITARY SEWER — A sewer that carries liquid and water-carried wastes from residences, commercial buildings, industrial plants and institutions, together with minor quantities of groundwater, stormwater and surface water that are not admitted intentionally.

SEPTAGE — The liquid and solid wastes of sanitary sewage origin that are removed from a cesspool, septic tank or similar receptacle.

SEWAGE — The spent water of a community. The preferred term is "wastewater."

SEWAGE TREATMENT PLANT — An arrangement of devices and structures for treating wastewater, industrial wastes and sludge. This term is used as a synonym for waste treatment plant, wastewater treatment plant or water pollution control plant.

SEWER — A pipe or conduit that carries wastewater or drainage water.

SEWERAGE SYSTEM — Any device, equipment or works used in the transportation, pumping, storage, recycling and reclamation of sewage and industrial wastes.

SLUDGE — Waste containing varying amounts of solid contaminants removed from water, sanitary sewage, wastewater or industrial wastes by physical, chemical and biological treatment.

SLUG — Any discharge of water or wastewater which in concentration of any given constituent or in quantity of flow exceeds for any period of duration longer than 15 minutes more than five times the average twenty-four-hour concentration of flows during normal operation and which may adversely affect the sewerage system.

STANDARD METHODS — The current edition of Standard Methods for the Examination of Water and Wastewater as published by the American Public Health Association, American Water Works Association and Water Environment Federation.**[Amended 8-21-2017 by Ord. No. 2018-4]**

STORM DRAIN and STORM SEWER — A pipe or conduit for conveying stormwater or surface water or relatively unpolluted water from any source.

SUSPENDED SOLIDS — Solids that either float on the surface of or are in suspension in water, wastewater or other liquids and are removable by a laboratory filtering

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

procedure as described in Standard Methods.

TOXIC WASTES — Wastes containing toxic or poisonous solids, liquids or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, create a public nuisance or create any hazard in the receiving waters of the sewage treatment plant and those wastes so specified in these regulations and in the Act.

TREATMENT SYSTEM — Any device, equipment or works used in the pumping, storage, treatment, recycling and reclamation of sewage and industrial wastes.

USER — Any municipality, governmental agency, public authority, person or permittee discharging sewage, inflow or industrial wastes directly or indirectly into any public sewer or public drain.

WASTES — Substances in liquid, solid or gaseous form that can be carried in water.

WASTEWATER — The spent water of a community, which may be a combination of the liquid and water-carried wastes from residences, commercial buildings, industrial plants and institutions together with any groundwater, surface water and stormwater that may be present.

WASTEWATER FACILITIES — The structures, equipment and processes required to collect, carry away and treat domestic and industrial wastes and dispose of the effluent.

§ 228-30. Sewer service rates; minimum charges. [Added 6-26-1985 by Ord. No. 1108; amended 3-17-1986 by Ord. No. 1311; 7-21-1986 by Ord. No. 1108A; 8-29-1988 by Ord. No. 2127; 1-3-1989 by Ord. No. 2240; 9-6-1989 by Ord. No. 90-2; 10-15-1990 by Ord. No. 90-279; 6-17-1991 by Ord. No. 91-304; 1-9-1992 by Ord. No. 92-138; 6-6-1994 by Ord. No. 94-222; 7-18-1994 by Ord. No. 94-222A; 6-15-1998 by Ord. No. 98-360; 6-27-2001 by Ord. No. 01-324; 6-26-2002 by Ord. No. 02-359; 12-16-2002 by Ord. No. 02-060A; 6-26-2003 by Ord. No. 03-289; 6-21-2004 by Ord. No. 04-269; 6-30-2005 by Ord. No. 05-247; 6-26-2006 by Ord. No. 06-249; 7-17-2006 by Ord. No. 06-249A; 7-16-2007 by Ord. No. 07-180; 5-19-2008 by Ord. No. 08-226; 6-15-2009 by Ord. No. 09-203; 5-17-2010 by Ord. No. 10-161; 6-20-2011 by Ord. No. 11-171; 5-21-2012 by Ord. No. 2012-158; 6-18-2012 by Ord. No. 2012-188; 8-20-2012 by Ord. No. 2013-3; 6-27-2013 by Ord. No. 2013-205; 5-19-2014 by Ord. No. 2014-118; 6-15-2015 by Ord. No. 2015-144; 6-16-2016 by Ord. No. 2016-164; 6-19-2017 by Ord. No. 2017-147]

A. All bills for sewer service furnished by the City to City sewer users shall be rendered at intervals of three months (quarterly) at the following tiered rates per 100 cubic feet of sewage flow on fiscal year 2019 bills. Sewer consumption shall be assessed based on 90% of metered water consumption. This does not apply to homes with second water meters, which will continue to have their sewer usage assessed at 100% of their indoor water usage. **[Amended 6-18-2018 by Order No. 2018-177]**

(1) Quarterly consumption:

Cubic Feet	Rate Per 100 Cubic Feet
1 to 2,000	$11.62
Over 2,000	$14.64

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(2) Quarterly meter base fee: **[Amended 6-17-2019 by Order No. 2019-88]**

Meter Size (inches)	Fee
Up to 1	$24.90
1 1/2	$97.80
2	$152.43
3	$279.99
4	$462.18
6	$917.67

(3) Monthly consumption:

Cubic Feet	Consumption Rate
1 to 667	$11.62
668 or more	$14.64

(4) Monthly meter base fee: **[Amended 6-17-2019 by Order No. 2019-88]**

Meter Size (inches)	Fee
Up to 1	$8.30
1 1/2	$32.60
2	$50.81
3	$93.33
4	$154.06
6	$305.89

B. Sewage flow shall be based on a percentage of metered water consumption on the following schedule:

(1) Residential users with one meter contribute 90% of metered water consumption as sewage flow.

(2) Residential users with separate lawn and garden service meters contribute 100% of their domestic metered water consumption and 0% of their metered lawn and garden service water consumption as sewage flow.

(3) Industrial/commercial users, including hospitals, contribute on a percentage basis up to 90% of metered water consumption. This percentage equals 90% except in cases where the City Engineer has determined wherein product retention of water, cooling tower loss and other evaporative water losses have occurred in the process. The sewage flow as a percentage of metered water consumption will be set on an individual basis in those cases.

(4) Tax-exempt users contribute 90% of metered water consumption as sewage

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

flow.

(5) Agricultural and cemetery users with one meter contribute only the portion of their metered water consumption which can be allocated to domestic use as sewage flow.

§ 228-31. Elderly discount. [Added 2-20-1996 by Ord. No. 96-185; amended 5-6-1996 by Ord. No. 96-238]

A. A twenty-percent discount on sewer bills shall be given upon application to the office of the City Engineer in accordance with the following procedure: **[Amended 5-21-2012 by Ord. No. 2012-158]**

(1) The applicant must have passed age 65 in the calendar year prior to that in which he/she is making application for discount. In the case of joint ownership, either spouse/owner must have passed age 65 in the prior year.

(2) The applicant must be the owner of record of the property for which discount is requested and his/her name must appear on the sewer bill for that property.

(3) The yearly consumption of water by the applicant shall not exceed 6,000 cubic feet.

(4) The discount shall only apply to owners of one-family or two-family homes. Three-family homes or larger are excluded.

B. Applicants who have not reached 65 will also qualify for discount if:

(1) They are in conformity with the other provisions of this section.

(2) Their yearly gross income does not exceed $15,000 for a single person and $23,000 if filing jointly.

§ 228-32. Damaging or tampering with facilities.

A. No person shall maliciously, willfully or negligently break, damage, destroy, uncover, deface or tamper with any structure, appurtenance or equipment which is a part of the wastewater facilities. Any person violating this provision shall be subject to immediate arrest under charge of disorderly conduct or other applicable charge.

B. Any person who wantonly or maliciously destroys or injures any part of the metropolitan sewerage system shall forfeit and pay to the commonwealth three times the amount of the damages assessed therefor and, on conviction thereof, shall be punished by a fine not exceeding $1,000 and by imprisonment not exceeding one year. **[Amended 8-21-2017 by Ord. No. 2018-4]**

§ 228-33. Connections to be regulated.

All users which connect any sewage or drainage pipes with any municipal sewers in the City, either directly or indirectly, shall do so subject to the direction, control and regulation of the Commission and the City.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-34. Separation of surface waters and sewage required. [Amended 4-7-2008 by Ord. No. 08-129]

A. The plumbing of any estate or premises shall be so arranged as to keep any groundwater, stormwater or surface water or unpolluted waters separate from the sanitary sewage. Such waters shall be connected to a storm drain or watercourse and such sewage connected to a sanitary sewer.

B. No person shall maintain or make a connection of roof downspouts, exterior foundation drains, areaway drains, or other sources of surface runoff or groundwater to a building sewer or building drain which in turn is connected directly or indirectly to a public sanitary sewer.

§ 228-35. Unlawful deposit of waste.

It shall be unlawful for any person to place, deposit or permit to be deposited in any unsanitary manner on public or private property within the City, or in any area under the jurisdiction of the City, any human or animal excrement, garbage or objectionable waste.

§ 228-36. Untreated discharge to natural outlet prohibited. [Amended 4-7-2008 by Ord. No. 08-129]

A. Illicit discharges. No person shall dump, discharge, or cause or allow to be discharged any pollutant or nonstormwater discharge into the municipal separate storm sewer system (MS4), into a receiving water, or into the waters of the commonwealth. Discharge or flow resulting from fire-fighting activities is exempt from this requirement. The following additional nonstormwater discharges or flows are exempt from the prohibition of nonstormwaters, provided that the source is not a significant contributor of a pollutant to the municipal storm drain system:

(1) Waterline flushing;

(2) Flow from potable water sources;

(3) Springs;

(4) Natural flow from riparian habitats and wetlands;

(5) Diverted stream flow;

(6) Rising groundwater;

(7) Uncontaminated groundwater infiltration as defined in 40 CFR 35.2005(20) or uncontaminated pumped groundwater;

(8) Water from exterior foundation drains, footing drains (not including active groundwater dewatering systems), crawl space pumps, or air-conditioning condensation;

(9) Discharge from landscape irrigation or lawn watering;

(10) Water from individual residential car washing;

(11) Discharge from dechlorinated swimming pool water (less than one ppm

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

chlorine), provided the water is allowed to stand for one week prior to draining and the pool is drained in such a way as not to cause a nuisance;

(12) Discharge from street sweeping;

(13) Dye testing, provided verbal notification is given to the the Board prior to the time of the test;

(14) Nonstormwater discharge permitted under an NPDES permit or a surface water discharge permit, waiver, or waste discharge order administered under the authority of the United States Environmental Protection Agency or the Department of Environmental Protection, provided that the discharge is in full compliance with the requirements of the permit, waiver, or order and applicable laws and regulations; and

(15) Discharge for which advanced written approval is received from the Department as necessary to protect public health, safety, welfare or the environment.

B. Illicit connections. No person shall construct, use, allow, maintain or continue any illicit connection to the municipal storm drain system, regardless of whether the connection was permissible under applicable law, regulation or custom at the time of connection.

C. Obstruction of municipal storm drain system. No person shall obstruct or interfere with the normal flow of stormwater into or out of the municipal storm drain system without prior written approval from the City Engineer. **[Amended 5-21-2012 by Ord. No. 2012-158]**

§ 228-37. Septic tank use restricted.

Except as hereinafter provided, it shall be unlawful to construct or maintain any privy, privy vault, septic tank, cesspool or other facility intended or used for the disposal of wastewater.

§ 228-38. Connection to public sewer required. [Amended 5-21-2012 by Ord. No. 2012-158]

The owner of all houses, buildings or properties used for human occupancy, employment, recreation or other purposes situated within the City and abutting on any street, alley or right-of-way in which there is now located or may in the future be located a public sanitary sewer of the City is hereby required, at the owner's expense, to install suitable toilet facilities therein and to connect such facilities directly with the proper public sewer in accordance with the provisions of this article within 90 days after date of official notice to do so, provided that such public sewer is within 100 feet of the property line. This requirement for connection may be waived when permitted by the City Engineer.

§ 228-39. Contributions by industrial users.

The Commission may deny or condition new or increased contributions of pollutants to the metropolitan sewerage system by industrial users.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-40. Pretreatment requirements.

Users shall make wastewater acceptable in accordance with these regulations before discharging to any municipal sewers. Any facilities required to pretreat wastewater to a level acceptable to the Commission shall be provided and maintained at the user's expense. A description and detailed plans showing the pretreatment facilities and operating procedures shall be submitted to the Commission in accordance with the implementation schedule prepared by the user and incorporated in the user's permit. The review of plans and operating procedures will in no way relieve such user from the responsibility of modifying the pretreatment facility as may be necessary to produce an effluent acceptable to the Commission under the provisions of these regulations and requirements of federal or state agencies. Any subsequent changes in a pretreatment facility or method of operation shall be reported to the Commission before modification of such facility.

§ 228-41. Time frame for compliance with standards.

Any user to which City, Commission, federal or state pretreatment standards are applicable shall be in compliance with such standards within the time required by the Commission.

§ 228-42. Traps required for flammable wastes.

Garages and other establishments where gasoline is used or where wastes containing grease in excessive amounts or any flammable wastes, sand or other harmful ingredients can be discharged and which are connected with municipal sewers shall be provided with a suitable trap or separator. All traps or separators shall be of a type and capacity approved by the Commission and shall be located so as to be readily and easily accessible for cleaning and inspection.

§ 228-43. Maintenance of pretreatment equipment.

Where pretreatment or flow-equalizing facilities or traps or separators are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner or the user at his/her own expense.

§ 228-44. Meters and measuring devices. [Amended 12-16-2002 by Ord. No. 02-060A]

A. When required by the Commission or by the City, the owner or user of any property discharging industrial wastes shall install a suitable control or measuring device, together with manholes, chambers, meters and other appurtenances, in the building sewer to facilitate observation, sampling and measurement of the wastes. Such manholes, chambers or meters shall be accessibly and safely located, shall be constructed in accordance with plans approved by the Commission and by the City, shall be installed by the owner at his/her expense and shall be maintained by him/her in good operating condition at all times. The records from the meters and measuring devices shall be furnished to the Commission or to the City upon request.

B. The facilities shall be constructed in accordance with all applicable construction standards and specifications. Construction shall be completed in accordance with a

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

time schedule established by the Commission.

C. The Director of Public Works or other duly authorized City employees are authorized to obtain information concerning industrial processes which have a direct bearing on the kind and source of discharge to the wastewater collection system. The industry may withhold from the City information considered confidential if the industry establishes that the revelation to the public of the information in question might result in an advantage to competitors. While performing the necessary work on private properties, the Director of Public Works or duly authorized employees of the City shall observe all safety rules applicable to the premises established by the company. **[Amended 8-21-2017 by Ord. No. 2018-4]**

D. The Commission or the City may inspect the facilities of any user to ascertain whether these regulations are being met. Persons or occupants of premises where wastewater is generated or discharged shall allow representatives of the Commission or the City ready access at all reasonable times to all parts of the premises for inspection or sampling or in performance of any of their duties. The Commission or the City shall be deemed to be performing a governmental function for the benefit of the general public, and neither the Commission, the City nor the representatives of either shall be liable for any loss or damage as a result of the performance of such governmental function. Where a user has security measures in force which would require proper identification and clearance before entry into the premises, the user shall make necessary arrangements with its security guards so that, upon presentation of suitable identification, personnel from the Commission or from the City will be permitted to enter without undue delay for the purpose of carrying out their specific responsibilities.

E. The Director of Public Works and other duly authorized employees of the City bearing proper credentials and identification shall be permitted to enter all private properties through which the City holds a duly negotiated easement for the purposes of, but not limited to, inspection, observation, measurement, sampling, repair and maintenance of any portion of the wastewater facilities lying within the easement. All entry and subsequent work, if any, on the easement shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved. **[Amended 8-21-2017 by Ord. No. 2018-4]**

F. All measurements, tests and analyses of the characteristics of waters and wastes to which reference is made in these regulations shall be determined in accordance with Standard Methods and shall be determined at the control manhole or chamber provided or by use of suitable samples taken at the control manhole or chamber. If no special manhole or chamber has been provided, the control point shall be a sampling point acceptable to the Commission and the City. Sampling shall be carried out by customarily accepted methods. The particular analyses involved will determine whether a composite or grab sample is taken. If there is any question concerning the sampling, the Commission or City will make the final decision.

G. All information and data on a user obtained from reports, questionnaires, permit applications, permits and monitoring programs and from inspections shall be made available, upon request, to other governmental agencies and to the public without restriction unless the user specifically requests otherwise and is able to demonstrate,

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

to the satisfaction of the Commission and the City, that the release or communication of such information would divulge methods or processes entitled to protection as trade secrets or would violate applicable provisions of law.

§ 228-45. Protection from discharges; notice of accidental discharge.

Each user shall provide protection from any discharges, including accidental discharges, in violation of these regulations. Users shall notify the Commission and the City immediately upon discharging wastes in violation of these regulations in order for countermeasures to be taken to minimize the damage to all municipal sewers and to receiving waters. This notification shall be followed, within 15 days of the date of occurrence, by a detailed written statement to the Commission and to the City describing the causes for the accidental discharge and the measures being taken to prevent future occurrence. Such notification will not relieve users of liability for any expense, loss or damage to any municipal sewers or for any fines imposed on the Commission or on the City.

§ 228-46. Information for employees.

Users shall inform their employees of the existence of these regulations, and at least one copy shall be permanently posted on the user's bulletin board. Each user shall permanently post a notice advising employees as to who in its organization has been designated as the responsible individual for compliance with these regulations and who should be notified of any accidental discharges in violation of these regulations.

§ 228-47. Penalties imposable by City.

A. Any person who discharges wastes in a manner in violation of this article is guilty of misdemeanor.

B. When a discharge of wastes causes an obstruction, damage or any other impairment to the sewerage system, the Public Works Department may assess a charge against the discharger for the work required to clean or repair the facility.

C. Any person who violates the provisions of this article shall be fined not exceeding $100 for each offense, such fine to accrue to the City. Each day of the existence of any such violation shall be deemed a separate offense.

D. Any person who knowingly makes any false statement, representation, record, report, plan or other document filed with the Department or who falsifies, tampers with or knowingly renders inaccurate any monitoring device or method required under this article shall be punished by a fine of not more than $100.

E. Whenever a discharge of wastes is in violation of the provisions of this article or otherwise causes or threatens to cause a condition of contamination, pollution or nuisance, the City Solicitor may petition the Superior Court for the issuance of a preliminary or permanent injunction, or both, as may be appropriate in restraining the continuance of such discharge.

F. The Public Works Department may terminate or cause to be terminated wastewater service to any person if a violation of any provision of this article is found to exist or if a discharge of wastes causes or threatens to cause a condition of contamination,

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Packet Pg. 747

pollution or nuisance.

G. The penalties included in this section are in addition to any which may be levied by the MDC or other governmental or regulatory body.

§ 228-48. Penalties imposable by Commission.

Any user who violates any provision of these regulations or any user who knowingly makes any false statement, representation, record, report, plan or other document filed with the City or the Commission or who falsifies, tampers with or knowingly renders inaccurate any monitoring device or method required under this regulation shall be punished by a fine of not less than $1,000 nor more than $10,000 for each day such violation continues or shall be subject to a civil penalty not to exceed $10,000 per day of such violation, which may be assessed in an action brought on behalf of the commonwealth in any court of competent jurisdiction.

§ 228-49. Disposal of septage.

Septage shall be disposed of in accordance with the following provisions:

A. No user shall discharge or cause to be discharged or allow to be discharged into any municipal sewer any septage which originates within the limits of the City unless such discharges are in conformance with the permit granted to the user by the City and are also in conformance with the permit granted to the City by the Commission. The City shall not grant a permit for septage containing industrial wastes or incompatible wastes.

B. No user shall discharge or cause to be discharged or allow to be discharged into any municipal sewer any septage which originates in any territory outside the limits of the City.

§ 228-50. Precedence of more stringent regulations.

If federal or state agencies or the Commission enacts or promulgates laws or regulations more stringent than these regulations, the federal, state or Commission requirements shall take precedence.

§ 228-51. Recourse for violations.

When the Commission or the City finds that a discharge of wastes has been taking place or threatens to take place in violation of these regulations or the provisions of a permit, the following actions may be taken:

A. The Commission or the City may issue an order to cease and desist any such discharge or violation to any user not complying with such prohibitions, limits, requirements or provisions and direct such user as follows:

(1) To comply forthwith;

(2) To comply in accordance with a time schedule set forth by the Commission or by the City; or

(3) To take appropriate remedial preventive action in the event of a threatened

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

violation.

B. The Commission and the City may require the user to submit a detailed time schedule setting forth specific actions to be taken, subject to modifications as the Commission or the City deems necessary for the user to follow in order to prevent or correct a violation. The Commission and the City may issue an implementation schedule to the user containing specific actions and time schedule.

§ 228-52. Implementation and enforcement. [Amended 12-16-2002 by Ord. No. 02-060A]

In the implementation and enforcement of these requirements, the following provisions shall be observed:

A. Whenever the Commission issues, denies or modifies a permit, issues an order or assesses charges for damage or other violations occasioned by noncompliance with any permit or other lawful requirement, the Commission shall inform the user to which such action is addressed of its right to submit, within 10 working days, a written request for reconsideration of that action. The request shall set forth in detail the facts supporting it. The Commission shall schedule an informal interview with the user submitting the request, to be held within 15 working days of receiving it, and shall rule in writing.

B. When the Commission proposes to revoke a permit, the Commission shall notify the user, in writing, of such proposed ruling and of its right to submit, within 10 days, a written request for reconsideration of that ruling. The request shall set forth in detail the facts supporting it. The Commission shall schedule an informal conference with the user submitting the request, to be held within 15 working days of receiving it, and shall issue its final ruling in writing within 10 working days of the completion of the conference.

C. Every ruling under Subsections A and B shall inform the person to whom it is addressed of his/her right to request, within 30 calendar days, a hearing under the provisions of MGL c. 30A. Within 15 calendar days of receiving such a request, the Commission shall schedule a hearing, to be held not sooner than 15 calendar days nor later than 30 calendar days after giving notice of the hearing to the requesting party.

D. The Commission reserves the right to take direct enforcement action through the courts, pursuant to MGL c. 92, App. § 1-24, in any case of violation of these regulations.

§ 228-53. Publication of list of industrial users.

A list of industrial users will be published in the Melrose Evening News every year in the month of January as a form of public participation. Included in the list will be all industrial users which were not in compliance with the applicable pretreatment requirements during the previous 12 months. A summary of the control actions taken by the Commission or by the City will also be published in conjunction with the list.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-54. Calculation of drain and sewer cost; collection of assessment.

The actual cost of each public drain or public sewer laid and constructed pursuant to an order of the City Council shall be paid for as follows:

A. One-half of the actual cost shall be paid by the City and the remaining 1/2 shall be assessed upon the estates benefited by the drain or sewer. For the purpose of apportioning the charge among the estates so benefited, 1/3 of such 1/2 of the cost shall be assessed upon the total frontage of the land so benefited on the street or way in which the drain or sewer is constructed, and each estate shall be assessed its proportional part thereof. Two-thirds of such 1/2 of the cost shall be assessed upon the total area of the land so benefited within a depth of 100 feet from the street or way in which the drain or sewer is constructed, and each estate shall be assessed its proportional part thereof.

B. In the case of estates which receive a direct benefit from the construction of a drain or sewer and have no assessable lot frontage and are not wholly located within 100 feet from the street or way in which it is constructed, so much of the area of the estates as may be deemed just and reasonable by the City Council shall be included in the total area as aforesaid and assessed its proportion of the cost in the same manner as land within 100 feet of the street or way.

C. Each corner lot abutting upon a street or way in which a drain or sewer is constructed and which receives benefit therefrom shall be assessed in accordance with the provisions of Subsections A and B above, including the whole frontage of the lot on the street in which the drain or sewer is first constructed, and, when a drain or sewer is constructed in the other street or way on which such lot abuts, so much of the frontage on the other street or way as the Mayor or City Council may deem just and equitable, not exceeding 50 feet thereof, and so much of the area of such corner lot as has been previously assessed shall be exempted from assessment.

D. The City Engineer shall keep an accurate account of the cost of each public drain and public sewer constructed by virtue of an order of the City Council, and, for the purpose of assisting the Council in assessing the estates benefited thereby, he/she shall furnish the Council with such information as to costs of drains and sewers, owners of abutting estates and other facts as may be necessary. **[Amended 5-21-2012 by Ord. No. 2012-158]**

E. The City Council shall cause a list of assessments referred to in this article, with its certification thereof, when made, to be delivered to the Assessors, who shall commit the same to the City Collector.

F. The City Collector shall forthwith, in writing, demand payment of the parties liable to assessments referred to in this article and proceed in the collection thereof in the manner prescribed by law.

§ 228-55. Permits for industrial users.

A. Requirements and conditions. Every user discharging industrial wastes to any municipal sewer shall obtain a joint permit from the Commission and from the City. Industrial users proposing new discharges shall obtain such permits prior to constructing a building sewer. The Commission and the City may change the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

conditions of a permit from time to time as circumstances, including regulations enacted or promulgated by the state or federal government or its agencies, may require. The Commission and the City may stipulate special conditions and terms upon which the permit will be issued. No user may increase the daily volume, strength or rate of his/her permitted discharge beyond 15% without first securing an amendment to his/her permit.

B. Applications. Every industrial user shall be required to obtain a permit and shall, within 90 calendar days of the promulgation of these regulations, complete and file at its own expense a permit application form with the Commission and with the City. Known industrial users which have not filed a permit application will be notified promptly by the Commission or the City to apply for a permit. As additional users become identified through industrial waste surveys, they will be notified to apply for a permit. All industrial users are advised to apply for a permit prior to such notification. Permit application forms may be obtained from the Metropolitan Sewerage Division and the City and shall be filed within 30 calendar days of notification.

C. Evaluation of application; imposition of conditions. The Commission and the City shall evaluate the adequacy of data furnished in the application form. If insufficient data has been furnished, the Commission will notify the industrial user to provide additional data within a specified time. After acceptance of data, the Commission and the City will issue the permit. The Commission and the City may stipulate special conditions and terms upon which the permit may be issued.

D. Permit conditions. Permits may contain the following conditions:

(1) Limits on rate, time and characteristics of discharge or requirements for flow regulation and equalization.

(2) Installation of inspection, flow measurement and sampling facilities, including access to such facilities.

(3) Specifications for monitoring programs which may include flow measurement, sampling, chemical and biological tests, recording of data and reporting schedules.

(4) Pretreatment requirements and schedules for implementation, including schedules for reporting progress towards meeting these requirements.

(5) Submission of discharge reports.

(6) Schedules for the payment of industrial cost recoveries as required under Section 204 of the Act.

(7) Special service charges or fees.

(8) Other conditions as deemed appropriate by the Commission or by the City to ensure compliance with these regulations and with applicable requirements of state or federal law.

E. Permit not assignable. A permit shall not be reassigned or transferred.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

F. Revocation and modification of permit. If an industrial user discharges amounts or rates of pollutants in violation of these regulations, the Commission or the City may revoke the existing permit in accordance with § 228-52. If an industrial user shows that changes in the industrial process have improved the characteristics and volume of its discharge, the permit may be modified upon application by the industrial user to the Commission.

G. Enforcement of permit conditions. The conditions of all permits shall be enforced by the Commission and the City in accordance with the provisions of these regulations.

H. Reports. When required by the permit, each industrial permittee shall submit a duly signed report to the Commission and the City containing all information requested by the Commission or the City and in a form acceptable to the Commission or the City. The Commission and the City will evaluate the data furnished. If insufficient data has been furnished, additional information may be required.

I. Sources of charges and recovery payments information. The Commission and City may use the information provided in the permit applications, permits and discharge reports as the basis for determining user charges and industrial recovery payments.

§ 228-56. Minimum discharge requirements.

The City sanitary sewer system discharges into the sewerage works of the Metropolitan Sewerage District (MSD), a division of the Metropolitan District Commission (MDC). All discharges into the public sanitary sewers shall, as a minimum, conform to the requirements of the most recent Rules and Regulations Covering Discharge of Sewage, Drainage, Substances or Wastes to Sewerage Works Within the Metropolitan Sewerage District, referred to in this article as the "MDC Rules and Regulations." A copy of the state regulations detailing the authority and power of the Metropolitan District Commission is included in Appendix B-1 of this article for reference.[2]

§ 228-57. Types of substances prohibited from discharge.

No user shall discharge or shall cause or allow to be discharged any substances, water or wastes that the Commission or the City has identified as likely, either singly or by interaction with other substances, to:

A. Harm either the sewerage system or the wastewater treatment process;

B. Be otherwise incompatible with the treatment process;

C. Cause a violation of federal and state discharge permits issued to the Commission or to the City;

D. Adversely affect receiving waters;

E. Endanger life, limb or public property; or

F. Constitute a nuisance.

2. **Editor's Note: Appendix B-1 is on file at the office of the City Clerk.**

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-58. Enumeration of prohibited substances. [Amended 12-16-2002 by Ord. No. 02-060A]

No user shall discharge or cause or allow to be discharged any of the following substances:

A. Gasoline, benzene, naphtha, fuel oil, crude oil, lubricating oils and flammable or explosive liquids, solids or gases or any other oils or greases of hydrocarbon or petroleum origin.

B. Waters or wastes having a pH lower than 5.5 or higher than 9.5 or having any other corrosive or injurious properties capable of causing damage or hazard to structures, equipment, sewerage systems and personnel.

C. Solids or viscous substances in quantities or of such size as to be capable of causing obstruction to the flow in sewers or other interference with the proper operation of the sewerage systems, such as but not limited to sand, metal, glass, wood, plastics, rubber, latex and lime slurries.

D. Liquids or vapors having a temperature higher than 150° F. or 65° C.

E. Waters or wastes containing fats, wax, grease or oils of vegetable or animal origin in excess of 100 milligrams per liter or containing other substances (not specifically prohibited by Subsection A) which may solidify or become viscous at temperatures between 32° F. or 0° C. and 150° F. or 65° C. Waters or wastes containing such substances, excluding normal household waste, shall exclude all visible oils, fats and greases. The use of chemical or physical means, such as temperature variation, emulsifying agents or mechanical mixers, to bypass or release fats, oils and greases into the municipal sewerage system is prohibited. If the discharge concentration for any fats, oils and greases is in excess of 100 milligrams per liter after treatment, the Commission may increase the discharge concentration limit on a case-by-case basis when the user demonstrates to the Commission's satisfaction that its discharge is not contributing to nuisance conditions.

F. Garbage that has not been properly shredded. The installation and operation of any garbage grinder equipped with a motor of 3/4 horsepower (0.76 horsepower metric) or greater shall be subject to the review and approval of the City.

G. Metals.

(1) Waters or wastes containing amounts of toxic or objectionable metals in excess of the concentrations obtainable by acceptable control technology, including but not limited to the following:

Antimony	Chromium	Nickel
Arsenic	Copper	Selenium
Barium	Iron	Silver
Beryllium	Lead	Tin
Boron	Manganese	Zinc
Cadmium	Mercury	

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(2) In general, wastes containing the above metals shall be treated to reduce their concentrations to the minimum levels attainable by chemical precipitation processes or other equally effective methods. In no case, however, shall allowable metal concentrations be higher than those concentrations allowed by applicable state or federal law.

H. Nonmetals.

(1) Waters or wastes containing amounts of toxic or objectionable nonmetals in excess of concentrations attainable by acceptable control technology, including but not limited to:

Ammonia	Pesticides	Chlorides
Cyanides	Phenols	Polychlorinated biphenyls (PCB's)
Herbicides	Sulfates	Sulfides

(2) In no case, however, shall allowable nonmetal concentrations be higher than those concentrations allowed by applicable state or federal law.

I. Radioactive wastes or isotopes of such half-life or concentrations as may exceed limits established by the Commission in compliance with state or federal regulations.

J. Sludges or deposited solids resulting from an industrial or pretreatment process.

K. Substances causing excessive discoloration or turbidity.

L. Slugs as defined herein.

M. Substances which exert unusual BOD, chemical oxygen demand or chlorine requirements in quantities such that when received in the composite sewage at the sewage treatment works they exceed the limits established for such discharges.

§ 228-59. Discharge of unpolluted waters. [Amended 4-7-2008 by Ord. No. 08-129]

A. No person shall discharge or cause to be discharged any unpolluted waters, such as groundwater, stormwater, surface water, roof runoff, tidewater, subsurface drainage, uncontaminated cooling water or uncontaminated industrial process water, to any sanitary sewer. Dwellings and other buildings and structures which require, because of infiltration of water into basements, crawl spaces, and the like, a sump pump discharge system shall have a permanently installed discharge line which shall not at any time discharge water into a sanitary sewer system.

B. Stormwater and all other unpolluted drainage shall be discharged to such sewers as are specifically designated as storm sewers or to a natural outlet approved by the City Engineer. **[Amended 5-21-2012 by Ord. No. 2012-158]**

C. Property owners shall allow an employee of the City or a designated representative of the City to inspect the building to confirm that there is no sump pump or other prohibited discharge into the sanitary system. The City may periodically reinspect any building or premises to determine compliance with the requirements of this

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

section.

D. Any property owner who previously made any connection or installation in violation this section shall immediately remove such connection or correct such an installation. If not removed or corrected within 30 calendar days after notice of the violation has been delivered personally or by certified mail to the owner, the City may impose a surcharge in the amount provided in Subsection E of this section. Such a surcharge may also be imposed upon any property owner, after a thirty-calendar-day notice has been delivered, and if the owner refuses to allow his or her property to be inspected. The owner of a building or premises found to be not in conformance with this section during periodic reinspections may be subjected to a surcharge as provided in Subsection E of this section.

E. A surcharge of $300 per quarter is hereby imposed on every sewer bill to property owners for the following conditions:

(1) Not in compliance with this section.

(2) Refusal of property inspection.

§ 228-60. Dilution prohibited.

The attainment of specific levels for discharge to municipal sewers by dilution in the absence of treatment shall be prohibited.

§ 228-61. Wastes of unusual strength or character.

Notwithstanding the limitations set forth in § 228-58 above, a special temporary permit or amendment to an existing permit between the Commission and the City and the user may be issued by the Commission whereby a waste of unusual character or strength may be accepted on an interim basis when, in the opinion of the Commission, unusual or extraordinary circumstances compel special terms and conditions of temporary duration. Such permit or amendment will be issued only when, in the opinion of the Commission, it would not cause any interference with or disruption in the treatment works, would not violate the National Pollutant Discharge Elimination System (NPDES) permit or commonwealth water quality standards and would not force additional controls on other dischargers to achieve compliance with effluent limitations.

§ 228-62. Permit required for sewer hookup; fee; City to provide labor and materials. [Amended 4-7-2008 by Ord. No. 08-129]

A. No unauthorized person shall uncover, make any connections with or opening into, use, alter or disturb any public sewer, public drain or appurtenance thereof without first obtaining a written permit from the Public Works Department. A permit and inspection fee of $10 for a residential or commercial building sewer permit or private drain permit shall be paid to the City at the time the application is filed.

B. Except as otherwise provided by the rules and regulations of the City Planning Board governing the subdivision of land, the material required in the construction of building sewers, private drains and appurtenances thereof shall be provided and the labor thereon shall be performed by the City or its duly authorized agents and no other person, provided that the applicant may make all of the excavation and

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

backfill outside the street lines, except so much as will affect the proper bedding and securing of the pipe or other structure.

C. No person shall be allowed to make any alteration in, or make any connection with, any private drain or building sewer other than that intended in the original permit without making another application and obtaining permission to do so from the City Engineer. **[Amended 5-21-2012 by Ord. No. 2012-158]**

D. The City Engineer shall have the right to inspect building drains, building sewers, building storm drains, and other private sewers, grease traps, oil traps, particle separators and other facilities tributary to the City's wastewater and storm drainage systems, at any reasonable time while such construction is underway. The owner shall notify the City Engineer when such facility is installed and ready for final inspection and before the facility is connected to the City's wastewater and storm drainage systems. Requests for inspections on new sewer service connections shall be made before 4:00 p.m. on the day preceding the installation or within a reasonable time frame on the day of installation. Connection to the City's wastewater and storm drainage systems shall be made in the presence of an authorized representative of the City. No facility shall be covered over until approval has been given by the City Engineer. **[Amended 5-21-2012 by Ord. No. 2012-158]**

§ 228-63. Classes of building sewer permits; application form; supplemental information.

A. There shall be two classes of building sewer permits:

(1) For residential and commercial service; and

(2) For service to establishments producing industrial wastes.

B. In either case, the owner shall make application on a special form furnished by the City. For further information concerning industrial permits, see § 228-55. The permit application shall be supplemented by any plans, specifications or other information considered pertinent in the judgment of the City Engineer. **[Amended 5-21-2012 by Ord. No. 2012-158]**

§ 228-64. Catch basins and traps. [Amended 5-21-2012 by Ord. No. 2012-158]

The City Engineer may, at any time, require such catch basins and traps to be introduced along the line of any private drain, or on the discharge of any fixture connecting therewith, as he/she may deem necessary for the proper maintenance of such private drain or of the main drain.

§ 228-65. Installation of private drains and building sewers.

A. Private drains and building sewers shall be laid to and through the cellar wall and shall be provided with a cleanout in the direct line of the pipe.

B. All pipes through or under the wall of any building, and for a distance of eight feet outside of the wall or building, shall be of extra-heavy cast iron.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-66. Maintenance responsibilities.

Subject to the provisions of § 228-62, every private drain or building sewer shall be under the control of, and shall be maintained and kept clean by, the City. All costs and expense incident to the installation and connection of private drains and building sewers shall be borne by the owner of the premises served by the same. Additionally, all cleaning of, repairs to or renewals of such drains and sewers shall be made at the expense of the owner of the premises served by such sewer and drain, provided that any labor on such a drain or sewer which may be required as a result of defects or obstructions in the main drain or public sewer shall be paid for by the City.

§ 228-67. Disposition of assessment for betterment.

Whenever a betterment for a public drain or public sewer constructed pursuant to an order of the City Council has been assessed on the premises with respect to which an application for connection has been made and such assessment has been paid, no fee shall be be paid for entry into such public drain or public sewer, except as provided in Chapter 202, Streets and Sidewalks, §§ 202-10 and 202-12. If no assessment for betterment has been paid, the fee for entry into such a public drain or public sewer shall be fixed by the City Council.

§ 228-68. Use of sewer conditioned on payment of bill.

If any bill due the City for constructing, cleaning or repairing or renewing a private drain or building sewer remains unpaid following 60 days from the date thereof, the further use of such drain or sewer shall not be permitted until such bill has been paid.

§ 228-69. Responsibility for plumbing.

All pipes and fixtures outside the building shall be considered part of the building sewer, private drain or connection thereof and shall be under the control of the Public Works Department. All pipes and fixtures within any buildings shall be considered a part of the plumbing and shall be under the control of the Building Commissioner. In the event of any conflict between the requirements of the Building Commissioner and any section of this article, the requirements of this article shall apply.

§ 228-70. Independent sewer required for every building; exception. [Amended 12-16-2002 by Ord. No. 02-060A]

A separate and independent building sewer shall be provided for every building, except where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard or driveway. In such case, the building sewer from the front building may be extended to the rear building and the whole considered as one building sewer, but the City does not and will not assume any obligation or responsibility for damage caused by or resulting from any single connection aforementioned.

§ 228-71. Use of old sewers.

Old building sewers may be used in connection with new buildings only when they are found, on examination and test by the Public Works Department, to meet all

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

requirements of this article.

§ 228-72. Establishment of specifications.

The Public Works Department shall, from time to time, establish standard requirements or specifications to regulate the sizes, materials, methods and workmanship to be used in the construction of sewers, house connections and other similar work and appurtenances thereto connected or intended to be connected into or to discharge, directly or indirectly, into any public sewer of the City. These requirements shall be in revision to or in addition to those of the City Building Commissioner. Such standard requirements shall provide for gastight and watertight connections and minimum requirements as to size, depth, slope or rate of grade for such pipes, shall regulate the kinds of pipe, fittings, methods of laying, jointing, materials used, manner of connecting to existing municipal sewers and general consideration as to location and other pertinent features. Any such requirements or specifications as may be adopted from time to time are hereby made a part of this article.

§ 228-73. Specifications to apply in absence of code provisions. [Amended 8-21-2017 by Ord. No. 2018-4]

A copy of these requirements titled "Regulations for Connecting Building Sewers to the Public Sewer" is included in Appendix B-2 of this article.[3] In the absence of code provisions, or in amplification thereof, the materials and procedures set forth in the appropriate specifications of the American Society for Testing and Materials (ASTM) and the Water Environment Federation (WEF) Manual of Practice No. 9 shall apply.

§ 228-74. Gravity flow or means of lifting required.

Whenever possible, the building sewer shall be brought to the building at an elevation below the basement floor. In all buildings in which any building drain is too low to permit gravity flow to the public sewer, sanitary sewage carried by such building drain shall be lifted by an approved means and discharged to the building sewer.

§ 228-75. Feeding surface water drainage into sewer prohibited.

No person shall make connection of roof downspouts, foundation drains, areaway drains or other source of surface runoff or groundwater to a building sewer or building drain which in turn is connected directly or indirectly to a public sanitary sewer.

§ 228-76. Private drains. [Amended 5-21-2012 by Ord. No. 2012-158]

Except by special consent of the City Engineer, no private drain larger than eight inches in diameter or which is constructed of material other than vitrified, transite or iron pipe of an approved weight will be allowed to connect with any public drain. All private drains shall be laid accurately to straight lines and grades. When angles are unavoidable, the changes in direction shall be made by Y branches and bends. The opening in the Y in the direct line of the pipe shall be sealed and left unused for the purpose of flushing and cleaning.

3. **Editor's Note: Appendix B-2 is on file at the office of the City Clerk.**

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-77. Stormwater permits for parcels of land greater than one acre. [Added 4-7-2008 by Ord. No. 08-129]

A. Any land alteration, including but not limited to any excavation, paving, curb cutting, street opening, or any activity that will alter the drainage characteristics of a parcel of land that is greater than one acre, shall obtain a permit from the Department.

B. Application.

(1) The applicant shall file a completed application package. While the applicant may be a representative, the permittee must be the owner of the site or holder of an easement. The application package shall include:

(a) A completed application form with original signatures of all owners.

(b) A stormwater management plan and project description.

(c) Operation and maintenance plan.

(d) Erosion and sediment control plan.

(2) Filing an application for a permit grants the Department, or its agent, permission to enter the site to verify the information in the application and to inspect for compliance after issuance of the permit.

C. Performance criteria.

(1) At a minimum, projects shall comply with the policy, criteria, and information, including specifications and standards, of the latest edition of the Massachusetts Stormwater Management Policy Handbooks.

(2) The applicant shall prepare and implement an erosion and sedimentation control plan to prevent the introduction of sediments into the Department's sewers and storm drains. The design of any facilities required pursuant to this section shall be subject to the approval of the Department, and the design, installation and maintenance of such facilities shall be at the facility owner's expense. The Department shall have the right to inspect such facilities.

(3) The applicant shall submit to the Department a description of all new best management practices, including location, design and installation plans, vendor and manufacturer, and maintenance requirements.

(4) An operation and maintenance plan shall be required at the time of application for all projects. The project proponent shall be responsible for future maintenance of such best management practices. The operation and maintenance plan shall remain on file with the Department and shall be an ongoing requirement.

D. The Public Works Department shall, from time to time, establish standard requirements or specifications to regulate the terms, conditions, definitions, enforcement, fees, procedures, and administration of this section.

§ 228-78. Infiltration and inflow mitigation fees. [Added 6-16-2016 by Ord. No.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

2016-200]

A. Any person or entity changing, altering, repairing, adding to or improving his/her or its property in any way that may or should impact the sewer system within the City of Melrose, or any person or entity proposing to add additional wastewater to an existing sewer connection, or any applicant for a new building permit, shall be required to mitigate infiltration/inflow sources which add extraneous water to the sewer system, thereby reducing its capacity and capability to accommodate new flows, at a rate of one gallon of infiltration/inflow removal for each additional gallon of wastewater that will be discharged to the sewer system as a result of the subject project. In the event a connection is subject to a state sewer connection/ extension permit under Code of Massachusetts Regulations Chapter 314, and such permit is conditioned upon the completion of removal of infiltration/inflow prior to connection, said removal of infiltration/inflow shall be credited toward complying with the requirements of this section.

B. Title 5 (310 CMR 15) shall be used to determine flow rates, which will be used to calculate the value of the infiltration and inflow mitigation fee. Said fee shall be calculated based on the net change in Title 5 flows resulting from the subject project and a cost of $6.89 per gallon per day (gpd) of flow. Existing conditions will be established based on records of the Melrose Assessor's office. For example, a project with a net increase of five bedrooms compared to existing conditions per Assessor's records has an associated Title 5 flow increase of 550 gpd; therefore the fee for this connection is $3,789.50 (550 gpd net increase x $6.89/gpd). This is a one-time fee required prior to the issuance of a building permit or any other permit, order or permission for any change, alteration, repair, addition or modifications improving the subject property.

C. The fee assessment, or indication that no fee is required based on a determination of no net increase to sewer flows from the subject project, shall be determined by the Director of Public Works. The Director will not sign off on occupancy for any project for which an outstanding payment is due for any assessed infiltration and inflow mitigation fee, for the subject project or for any other project for which occupancy is sought by the same applicant.

D. For purposes of this section the following terms shall have the meanings set forth herein:

DIRECTOR — The Director of Public Works, after review, approval and consent by and of the City Engineer.

INFILTRATION — Water other than wastewater that enters a sewer system (including sewer service connections and foundation drains) from the ground through means which include, but are not limited to, defective pipes, pipe joints, connections, or manholes. Infiltration does not include, and is distinguished from, inflow.

INFILTRATION/INFLOW — The quantity of water from both infiltration and inflow without distinguishing the source.

INFLOW — Water other than sanitary flow that enters a sewer system (including sewer service connections) from sources which include, but are not limited to, roof leaders, cellar drains, yard drains, area drains, drains from springs and swampy

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

areas, sump pumps, manhole covers, cross-connections between storm sewers and sanitary sewers, catch basins, cooling towers, stormwaters, surface runoff, street wash waters, or drainage. Inflow does not include, and is distinguished from, infiltration.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Article I
General Provisions

§ 228-1 Applicability, Effective Date, and Severability.
[Amended 6-26-1985 by Ord. No. 1108]

A. Except as otherwise specifically ordered by the City Council, the provisions set out in this Chapter shall be applicable to every person who uses the City water and sewer services, receives benefits from the public drainage system, and is permitted for the installation and maintenance of private drainage systems. Every person who takes water and uses the sewers and drains in the City of Melrose shall comply with the regulations set forth herein.

B. This Chapter shall take effect immediately upon passage, approval, and publication as provided by law.

C. Prior water, sewer, and drainage ordinances of the City of Melrose or parts thereof in conflict with this Chapter are hereby repealed. Any provision of this Chapter that is found to be unenforceable in any court of the Commonwealth of Massachusetts shall not affect the validity of any other provision of this Chapter.

§ 228-2 Commitment of charges for collection.
[Amended 6-17-1985 by Ord. No. 1046]

All charges for water and sewer service shall be committed forthwith by the Department of Public Works (DPW) to the City Collector for collection, and, whenever charges are so committed, such Department shall file with the City Auditor a report, in writing, of the total amount of the charges in each such commitment. The Department shall forthwith give notice, in writing, to the City Auditor of every correction in and abatement of a charge for water and sewer services.

§ 228-3 Billing period; place of payment; delinquent payments.
[Amended 6-17-1985 by Ord. No. 1045; 7-21-1986 by Ord. No. 1417; 7-28-1986 by Ord. No. 1455; 12-19-1988 by Ord. No. 2217; 10-19-1992 by Ord. No. 93-50]

A. All bills for water and sewer shall be made out and rendered by the DPW to consumers quarterly or monthly, at the choice of the customer. All quarterly bills shall be payable within 30 days and monthly bills within 21 days at the office of the City Collector.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

B. Bills not paid within the specified timeframes shall be subject to the following:

(1) Demand charge of $5.

(2) Interest penalty of 14% from the due date.

(3) Lien fee of $10, to be applied only on those water and sewer bills that become lien on real estate tax bills.

C. Abatement Procedure: A one-time water and/or sewer abatement will be considered during any ten-year period for any given customer address, upon filing of an abatement application meeting all requirements of the DPW for such request. Applications must be submitted within 45 days of the issuance date of the bill in dispute. No leak adjustments will be granted if the property has an active water leak or a known leak has not been repaired. In the event that the owner cannot determine the source or cause of unexplained high consumption, data logs will be gathered from the meter to show when water was being used. Abatement applications will only be accepted for accounts that are current, in good standing, and have a working radio meter installed. No more than two consecutive bills are eligible for an adjustment.

Article II
Water

§ 228-4 Definitions

As used in this article and in Article III, the following terms shall have the meanings indicated:

APPLICANT
A person, persons or corporation who applies for an account, a service connection, or the installation of other infrastructure for water, sewer, or drainage.

ANSI
The American National Standards Institute, Inc.

AWWA
The American Water Works Association

APPROVED
Accepted by the City of Melrose Department of Public Works (DPW) as meeting an applicable specification stated or cited in this regulation or as suitable for the proposed use.

BACKFLOW
The flow of water or other liquids, mixtures or substances under pressure into the distributing pipes of a potable public water supply system from any source or sources other than the intended source.

BACKFLOW INSPECTION
The physical examination and testing of an installed backflow prevention device to verify that the backflow prevention device is functioning properly.

BACKFLOW PREVENTER
A device or means designed to prevent backflow or backsiphonage. Allowable backflow devices in the Commonwealth of Massachusetts are defined in 310 CMR 22.22.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

BACKSIPHONAGE

The flow of water or other liquids, mixtures or substances into the distributing pipes of a potable public water supply system from any source other than its intended source caused by the sudden reduction of pressure in the potable public water supply system.

CERTIFICATION EXAMINATION

An examination approved by the Commonwealth of Massachusetts for the purpose of testing competency in all areas of cross-connection control and backflow prevention device testing.

CERTIFIED BACKFLOW PREVENTION DEVICE TESTER

An individual who holds a valid Massachusetts backflow prevention device tester's certificate issued by the Commonwealth.

CITY

The City of Melrose.

CITY ENGINEER

The City Engineer of the Melrose Department of Public Works or their designee.

COMMONWEALTH

The Commonwealth of Massachusetts.

CONTAMINANT

A physical, chemical, biological or radiological substance or matter in water.

CROSS-CONNECTION

Any actual or potential connection between a distribution pipe of potable water from a public water system and any pipe of nonpotable water.

CUSTOMER

The person or party responsible for a water and/or sewer account.

DIRECTOR

The Director of the Melrose Department of Public Works or their designee.

DIVISION

The City of Melrose DPW Water Division.

DPW (a.k.a. DEPARTMENT)

The City of Melrose Department of Public Works.

INSPECTION AND MAINTENANCE REPORT FORM

A report form, designated by the Commonwealth of Massachusetts, which is to be used by certified testers to record all pertinent testing information.

IRRIGATION SYSTEM

Any equipment that conveys water for irrigation purposes and that is permanently connected to the public water supply.

MASSDEP

The Massachusetts Department of Environmental Protection, which is the regulatory agency for the Federal Safe Drinking Water Act.

METER

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

A device installed for the measurement of water quantities to be used as a basis for determining charges for water and sewer service.

METER PIT

An underground chamber along a service line, suitable for installation of a water meter and for protecting the meter from the effects of weather.

OWNER

The owner of record of any property.

SCHEDULE OF FEES

The City of Melrose Water, Sewer, and Drainage Schedule of Fees, which includes all charges for water and sewer use, permits, application fees, and all other rates or fees associated with the City of Melrose water, sewer, and drainage systems. This Schedule of Fees shall be revised periodically as appropriate. All water and sewer volumetric rates and base fees as listed in the Schedule of Fees shall be approved in advance by the City Council.

WATER MAIN

The City of Melrose water supply pipe laid in the right of way or easement from which potable water service connections are made.

WATER, NONPOTABLE

Water which is not safe for human consumption or which is of questionable potability, including private wells.

WATER, POTABLE

Water from a public source which has been approved by the Massachusetts Department of Environmental Protection and the United States Environmental Protection Agency for human consumption.

WATER SERVICE CONNECTION

All the lines and materials from the water main to the customer's water system and is equivalent to 'water service'.

§ 228-5 **Right of entry.**
[Amended 5-21-2012 by Ord. No. 2012-158]

The owners or occupants of any premises served by the City of Melrose water system shall, upon presentation by Department personnel of their credentials, authorize entry to their premises during normal business hours, as provided for under the Massachusetts General Laws Chapter 165, Section 11D, for the purpose of inspecting and surveying their water system for new installations or cross connections, or to remove, repair or replace any water meter, or to conduct water quality sampling and testing. When such access is refused, the water shall be shut off after proper notice has been provided until such access has been allowed and fees have been paid for shutting off and turning on the water.

Duly authorized employees of the Department, bearing proper credentials and identification, shall be permitted to enter all private properties through which the City holds an easement for the purposes of, but no limited to, inspection, observation, measurement, sampling, repair, and maintenance of any portion of the water works lying within said easement. All entry and subsequent work, if any, on said easement shall be done in full accordance with the terms of the easement pertaining to the private property involved.

State law reference — Authority of municipalities to make regulations relative to pipes through which water

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

is supplied, MGL c. 40, § 21, cl. (7).

§ 228-6 **Laying of service pipes.**
[Amended 5-21-2012 by Ord. No. 2012-158]

A. Except as otherwise provided by the rules and regulations of the Planning Board governing the subdivision of land, water service pipes will be replaced from the main to the line of the street withou charge and from the line of the street to the building at the expense of the applicant, provided that the whole or part of the work from the street line to the building may be done by the property owner or their agent, subject to the approval of the City Engineer, if the property owner so elects. All new water service pipes and appurtenances associated with new construction or redevelopment shall be paid for and installed by the private property owner and their agents, following approval by the City Engineer. No work shall be performed on any component of the water system, including both public and private water mains and/or services connected to the City's water system, without a written permit application and approval from the DPW Engineering Division. All pipes and appurtenances shall conform to the Department's standards as described in the City of Melrose Design and Construction Standards.

B. Approval of applications shall be valid for six months. If applicants do not make a service connection within six months of the date of approval, then the approval shall be revoked, unless extended in writing by the City Engineer.

C. The approval of an application for a water service account will be contingent upon the existence of a water main in the public or private way in front of the property to be served, unless otherwise allowed by the City Engineer. Furthermore, the pressure and carrying capacity of the water main must be sufficient to serve the applicant without adversely affecting the service to existing users.

D. The main must be extended (including necessary hydrants and appurtenances) to the furthest limit of the property to be served by water unless otherwise approved by the City Engineer. A waiver can be obtained if hardship is demonstrated at the discretion of the City Engineer. The applicant shall pay for the cost of permits, installation, and inspection in accordance with the Schedule of Fees.

E. An applicant requesting extension of water mains in a private right of way must comply with the City of Melrose Design and Construction Standards, and must convey to the Division any easements necessary to maintain the pipe and appurtenances, along with ownership of the main itself when applicable.

F. That portion of a service connection installed within a public way and terminating at a shut off shall be considered the property of the City upon its construction and acceptance unless otherwise specified by the City Engineer. The Department shall be responsible for its maintenance unless otherwise specified by the City Engineer. That portion of a service connection not lying within the public way shall remain the property of the customer, who shall be responsible for its maintenance.

G. If a property is subdivided, then each of the resulting properties must have its own service connection This may require replacing an existing service connection with a main.

H. In case of a leak in the customer's service connection or water system, such leak must be repaired as soon as possible upon discovery by the customer or upon report to the customer by the Department, as a condition of continued service. The customer may be billed for the estimated water use if repairs are not made within two weeks. The City also reserves the right to make repairs to private service lines and bill the customer for the expense if repairs are not made, when the City deems the level of water loss to be unacceptable, regardless of the length of time that has passed since the leak was

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

discovered.

I. Any contractor performing work on utilities connected to the City of Melrose's water system must provide all bonds and insurance required by the DPW Engineering Division permitting process.

§ 228-7 **Size and material of service pipes and meters.**
[Amended 5-21-2012 by Ord. No. 2012-158]

No water service pipe less than one inch will be laid or allowed, except upon special consent of the City Engineer. Allowable residential meter sizes are 5/8, 3/4, or 1-inch, unless otherwise approved by the City Engineer. For a water service or meter larger than one inch, the Owner will be responsible for the cost. All pipe laid on private property shall be of such material and size as may be approved by the City Engineer and in accordance with the applicable Water and Sewer Design and Construction Standards.

§ 228-8 **Separate service pipes required; protection and maintenance.**
[Amended 5-21-2012 by Ord. No. 2012-158]

No two buildings shall be supplied with domestic water through the same service pipe. The service pipe from the street line to the building must include a stop and waste cock, properly located inside the building. The building owner must keep the service pipe, stop and waste cock, and all fixtures connected therewith on their premises in good repair and protected from frost, and they will be held liable for all damage which may resul from a failure to do so. Fire service, where required, shall be provided using a separate pipe from the water main.

§ 228-9 **Additional service pipes.**
Any person desiring or requiring more than one water service pipe for any one building will be required to pay the entire cost of such pipe. Furthermore, the City may require new development projects to assume all costs associated with new or re-laid water services.

§ 228-10 **Laying mains in public and private ways; assessments.**
[Amended 5-21-2012 by Ord. No. 2012-158]

A. Applications for the original laying of pipes in public and private ways for the conveyance and distribution of water shall be made, in writing, to the City Engineer in the form of an application for utility installation and shall include all plans and other documentation required by the City Engineer Such work shall be performed entirely at the expense of the applicant, in accordance with all DPW design and construction standards in place at the time the application is made.

B. Cases may arise where the City chooses, at the City's option, to lay a new water main and services where one did not previously exist. At the discretion of the City Engineer, a procedure may be used to assess betterments to the bettered properties in accordance with MGL Chapter 40, section 42K.

C. This section shall not apply to the laying of water pipes for which provision is otherwise made by the rules and regulations of the Planning Board governing the subdivision of land.

§ 228-11 **Laying mains in private property.**
In the event the City determines that it is necessary to install a water main on private property, a permanent water easement shall be sought.

§ 228-12 **Turning on and shutting off water; charges.**
[Amended 1-21-1992 by Ord. No. 91-264A]

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

A. No person except the Department's licensed primary water distribution system operator, or those authorized by them, shall at any time turn or let on water to any house or building or in any way interfere with any gate valve, fire hydrant or standpipe. **[Amended 5-21-2012 by Ord. No. 2012-158]**

B. Charges for turning water on or off, testing meters, and conducting other activities related to the provision of water by the City are defined in the Schedule of Fees.

C. Any person who turns City water service on or off without permission from the DPW Operations Manager or the primary distribution system operator may be subject to fines as described in the Schedule of Fees.

§ 228-13 **Water to be Supplied to Customers**

A. No customers shall operate apparatus on their water lines, water meter or elsewhere on their premises that will adversely affect the operating conditions of the City's water system or its equipment or ability to serve other customers.

B. Customers are responsible for notifying the Department if a building becomes vacant and requesting tha the water service be shut off.

C. Variations in water pressure will not be considered a violation of this ordinance when they arise from unusual or extraordinary conditions, or arise from the operation of the customer's own fixtures or appliances. It is the customer's responsibility to install suitable equipment to protect private piping, equipment and property from variations in water pressure.

D. The Department reserves the right to interrupt service temporarily in order to perform maintenance or repairs on the water system. Whenever possible, the Department will notify customers of scheduled interruptions. However, in case of an emergency, the Department reserves the right to interrupt service without first giving notice of such action if, in its opinion, it is necessary to do so in order to facilitate the making of repairs or alterations, or other necessary purposes. In such cases, no person shall be entitled to receive damages or refunds of payments because of any such interruption or any consequent conditions.

E. A customer shall not be permitted to supply another property with water, except in emergencies, and then only with the permission of the Department.

F. No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface or tamper with any structure, appurtenance, or equipment which is a part of the water system. Any person violating this provision shall be subject to appropriate criminal proceedings.

§ 228-14 **Water meters.**

A. No person except the DPW Operations staff will be allowed to set, take off or repair water meters owned by the City. **[Amended 8-21-2017 by Ord. No. 2018-4]**

B. All water meters up to 1-inch in size will be furnished, placed and maintained by the City. Any premises requiring a meter over 1-inch is the owner's responsibility to purchase, install, and maintain. Any damage to any meter done or caused by the carelessness or neglect of the owner or occupant will be charged to their next bill. Non-payment will result in fees consistent with non-payment of water bills.

C. Effective October 1, 2017, a manual read fee as specified in the Schedule of Fees shall be charged to

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

any account that cannot be remotely read by the City of Melrose. **[Added 6-19-2017 by Ord. No. 2017-148]**

D. A tampering fee shall be assessed to any customer, contractor, or other individual or company who deliberately and knowingly tampers with a water meter in order to change the meter reading, the value of which is specified in the Schedule of Fees. Assessment of this fee does not preclude the City or others from imposing any applicable criminal or other charge.

E. Installation and repair of meter pits must be approved by the City Engineer and shall be done at the customer's expense. Meter pits may be required at the discretion of the City Engineer.

F. All meters installed must meet the City of Melrose standards for both the metering and communications devices.

G. It shall be the responsibility of every customer to ensure that meters on service connections are readily accessible to Division personnel, regardless of where the meters are located.

H. If a customer requests that a device be installed to transfer meter registration information off the premises for the customer’s convenience, it shall require the approval of the City Engineer and shall be installed at the customer’s expense. The Division maintains the right of access to the premises in order to verify the consistency of the meter registration with the remote registration. The meter having actual contact with water shall serve as the primary measuring device and shall govern all billing and billing adjustments.

I. The Division has the right to replace and repair meters or test meters in order to verify or insure their accuracy. The cost of periodically testing and replacing all meters larger than one-inch in size shall be the responsibility of the customer.

J. For meters over one-inch in size, if the customer is unable to provide an opportunity to change, repair or test the meter during normal working hours, it is the responsibility of the customer to provide an acceptable bypass of the meter in order to accomplish replacement, make repairs or conduct in-place testing. All bypasses shall be metered unless the Department waives this requirement.

K. Customers may request to have the meter which is currently in place and being used for billing by the City tested for accuracy. All meters will be tested for accuracy in accordance with industry standards for the type of meter in use as published by the American Water Works Association. A written report of the meter accuracy test will be provided to the customer and a one-time charge will be assessed according to the current Schedule of Fees. If the meter is found to be over registering, then the Division will assume the full amount of the charge for testing the meter, and the water user fees based on readings from the meter shall be adjusted in accordance with the result of the test.

L. The property owner is responsible for all costs and fees associated with the purchase and installation of a secondary water meter for outdoor water use. All plumbing work and meter installations must be done by a licensed plumber with all applicable permits obtained. Plumbing must effectively isolate all exterior uses from interior uses, and all exterior water uses must have no connection to the sanitary sewer. Second water meters for lawn sprinklers shall be installed after of the primary water meter and so that they measure only exterior water use. Plumbing to exterior uses must be properly isolated by use of both ball valves and a proper backflow prevention device. Both the primary and secondary water meters

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

must be consistent with all current standards of the DPW.

§ 228-15 **Rates set by Mayor and Council; Water Rate Review Committee.**
[Amended 5-15-1978 by Ord. No. 19837; 6-5-1978 by Ord. No. 19917; 7-17-1978 by Ord. No. 19837A; 9-6-1989 by Ord. No. 90-2; 10-15-1990 by Ord. No. 90-278; 9-9-1991 by Ord. No. 92-22; 1-6-1992 by Ord. No. 92-137; 1-21-1992 by Ord. No. 92-166; 6-6-1994 by Ord. No. 94-221; 7-18-1994 by Ord. No. 94-221A; 6-17-1996 by Ord. No. 96-335; 6-27-2001 by Ord. No. 01-323; 6-26-2002 by Ord. No. 02-358; 12-16-2002 by Ord. No. 02-060A; 6-26-2003 by Ord. No. 03-290; 6-21-2004 by Ord. No. 04-268; 6-30-2005 by Ord. No. 05-248; 6-26-2006 by Ord. No. 06-248; 7-17-2006 by Ord. No. 06-248A; 7-16-2007 by Ord. No. 07-179; 5-19-2008 by Ord. No. 08-225; 10-20-2008 by Ord. No. 08-269; 6-15-2009 by Ord. No. 09-202; 5-17-2010 by Ord. No. 10-160; 6-20-2011 by Ord. No. 11-170; 5-21-2012 by Ord. No. 2012-158; 6-18-2012 by Ord. No. 2012-189; 8-20-2012 by Ord. No. 2013-4; 3-4-2013 by Ord. No. 2013-118; 6-27-2013 by Ord. No. 2013-204; 5-19-2014 by Ord. No. 2014-117; 6-15-2015 by Ord. No. 2015-143; 6-16-2016 by Ord. No. 2016-163; 5-15-2017 by Ord. No. 2017-136; 6-19-2017 by Ord. No. 2017-146]

A. Except as provided by § **228-16**, all bills for water furnished by the City shall be rendered at intervals of three months (quarterly) or one month (monthly) at rates established by the Mayor and City Council.

(1) Tiered water rates per 100 cubic feet, following approval, shall be documented in the Schedule of Fees. **[Amended6-18-2018 by Order No. 2018-178]**

(2) The water rate shall be applied to all properties in the City of Melrose classified under Commonwealth of Massachusetts Department of Revenue (DOR) Property Classification Code of April 2019, or latest version, as commercial, industrial, or residential. Properties owned and operated by the City of Melrose shall not receive a water bill unless otherwise determined by the City Auditor. Water at said properties will still be metered for the purpose of accounting for water use and promoting conservation.

(3) Owners of property are responsible for payment of all fees for water service. The Department shall not bill tenants or contractors, although they may receive a copy of bills upon request. Customers shall be charged fees and held responsible for service until the Department is notified in writing that they no longer desire to use the public water supply. The Department is not responsible for leaks on the customer's property. Water passing through a meter shall be considered used by the customer.

(4) A minimum charge shall be assessed for water service from the date the water is turned on, regardless o the amount of water used, according to the current Schedule of Rates. The City reserves the right to charge base fees when the water is turned off.

(5) If a meter fails to work, the customer shall be charged a user fee based on the average daily consumption of water as shown by the meter when it was working, for the corresponding billing period of the preceding year. If this methodology is not feasible, a different method of estimating water usage deemed appropriate to the Department shall be used.

B. There is hereby created a Water and Sewer Rate Review Committee, to consist of the Director of Public Works, City Engineer, Auditor, Treasurer-Collector, a member of the City Council appointed by the President of the City Council, and two citizens of Melrose appointed by the President of the City Council. The Committee shall meet at least quarterly to review the water rate charges established pursuant to this section, the costs of operating and maintaining the water system, and any capital improvements to the system. The Committee shall hold at least one meeting per year after 7:00 p.m. It shall report its findings and any recommendations to the City Council in conjunction with submission of

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

the annual operating budget. **[Amended 10-2-2017 by Ord. No. 2018-23]**

State law reference — Law of commonwealth making water rates a lien on real estate, MGL c. 40, §§ 42A to 42F.

§ 228-16 **Water used for building purposes.**
[Amended 6-17-1985 by Ord. No. 1047; 12-16-2002 by Ord. No. 02-060A]

A. The following rates shall be charged for water used for building purposes except as provided in s. 228 16.B:

(1) The minimum charge for construction of new buildings shall be the same as three months' minimum charges (base fees).

(2) For extraordinary additions or repairs, the rate shall be assessed by the City Engineer. **[Amended 5-21-2012 by Ord. No. 2012-158]**

B. The City Engineer shall have the right to require the applicant to pay by meter instead of the foregoing schedule for building purposes. **[Amended 5-21-2012 by Ord. No. 2012-158]**

C. The fees for water for building purposes which are to be paid in advance include the charge for turning on and shutting off water; no allowance will be made if water is obtained from other premises. A refundable deposit may also be assessed. Charges for metered use during construction shall be assessed on a schedule as determined by the Department.

D. Water used for demolition and construction shall be in accordance with Department policies governing such uses.

§ 228-17 **Application for use of water or other work; emergencies.**

A. Applications for the use of water for service pipes, for thawing frozen pipes, or for any other work to be done or materials to be furnished in connection with the supplying of water to any premises shall be made to the City Engineering Division.

B. In cases of extreme emergency, of which the City Engineer shall be the judge, such application shall not be required, provided that as soon as may be after the furnishing of such water or materials or the completion of such work, the City Engineer shall render a bill therefor, in an amount representing the actual cost to the City, to the owner of the premises. Such bill shall be payable on presentation. **[Amended 5-21-2012 by Ord. No. 2012-158]**

C. In no case shall water be turned on for specific purposes until all charges are paid or, for fractional parts of the year, until the proportional part of the minimum charge is paid up to the first day of January next following. Fractional parts of a month shall be considered a full month, and the three month base fee shall be the minimum amount charged.

§ 228-18 **Minimum charges in case of vacancy.**
[Amended 12-16-2002 by Ord. No. 02-060A; 5-21-2012 by Ord. No. 2012-158]

In case of vacancy, base fees may be suspended at the discretion of the Department. No suspension of fees shall be allowed or made unless notice of vacancy is given, in writing, at the office of the City Engineer and the fee paid for shutting off the water, which sum shall include the expense of turning on again. No premises

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

will be considered vacant unless such notice is given in writing and water so shut off.

§ 228-19 **Opening or interfering with fire hydrants.**
[Amended 5-21-2012 by Ord. No. 2012-158]

A. No person except the City's primary water distribution system operator or those authorized by them, and the officers of the Fire Department in case of a fire, shall open or otherwise interfere with any fire hydrant, tie or fasten a horse or any other animal to any fire hydrant, or place any obstruction in the way of its free use by the firefighters.

B. Written approval of the DPW Director or their designee is required in order to use a hydrant as a temporary source of water. Charges for such temporary use shall be assessed in accordance with the Schedule of Fees.

C. Fire hydrants and water mains on private property may be inspected periodically by the City. Any repairs necessary for proper operation of hydrants or the proper functioning of water mains on private property shall be the responsibility of the property owner. Such repairs shall be completed within 30 days after due notice has been given in writing to the owner by the Department.

D. No water shall be taken or used through private fire systems for testing unless the DPW issues written permission. Such test must be conducted in the presence of a representative of the Department.

§ 228-20 **Elderly discount.**
[Added 4-3-1989 by Ord. No. 2324; amended 5-6-1996 by Ord. No. 96-237]

A. A twenty-percent discount on water bills shall be given upon application to the office of the City Engineer in accordance with the following procedure: **[Amended 5-21-2012 by Ord. No. 2012-158]**

(1) The applicant must have reached or already been over age 65 in the calendar year prior to that in which they are making application for discount. In the case of joint home ownership, either spouse/owner must have reached age 65 by the prior year.

(2) The applicant must be the owner of record of the property for which the discount is requested, their name must appear on the water bill for that property, and they must have lived at the subject property for a minimum of one year.

(3) The yearly consumption of water by the applicant's household shall not exceed 6,250 cubic feet. **[Amended 6-16-2016 by Ord. No. 2016-166]**

(4) The discount shall only apply to owners of one-family or two-family homes who are able to demonstrate their primary residence in said single- or two-family home. **[Amended 6-16-2016 by Ord. No. 2016-166]**

(5) Otherwise eligible condominium owners will be entitled to a discount which shall be equal to the average single-family discount provided for in this section for the immediately preceding fiscal year. **[Added 6-16-2016 by Ord. No. 2016-166]**

B. Applicants who have not reached 65 will also qualify for discount if:

(1) They are in conformity with the other provisions of this section.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(2) Their yearly gross income does not exceed $15,000 for a single person and $23,000 if filing jointly.

C. Administration of the discount program set forth in Subsections **A** and **B** above shall be in accordance with reasonable policies established by the Director, or their designee, and shall be in strict compliance with this section. **[Added 6-16-2016 by Ord. No. 2016-166]**

Article III
Backflow and Cross-Connections

[Added 6-2-1997 by Ord. No. 97-323]

§ 228-21 **Authority.**
In accordance with the Safe Drinking Water Act of 1974 and the Commonwealth of Massachusetts regulations 310 CMR 22.22 of the Massachusetts Drinking Water Supply Regulations, the water purveyor has the primary responsibility for preventing water from unapproved sources, or any other substances, from entering the public potable water supply system.

§ 228-22 **Purpose.**
The purpose of this article is:

A. To protect the public potable water supply served by the City of Melrose Water Division from the possibility of contamination or pollution by isolating within its customers' internal distribution system(s) such contaminants or pollutants which could backflow or backsiphon into the public water supply system.

B. To promote the elimination or control of existing cross-connections, actual or potential, between its customers' in-house/in-plant potable water system(s) and nonpotable systems.

C. To provide for the maintenance of a continuing program of cross-connection control which will systematically and effectively prevent the contamination or pollution of all public potable water systems by cross-connection.

D. Backflow prevention shall be required at facilities identified in 310 CMR 22.22 (8) and all work shall comply with the State Plumbing code 248 CMR 10.00.

§ 228-23 **Responsibility of Water Division and customers.**
The City of Melrose DPW Water Division shall be responsible for the protection of the public potable water distribution system from contamination or pollution due to the backflow or backsiphonage of contaminants or pollutants. If, as a result of a survey of any premises, the Department determines that an approved backflow prevention device is required at the City's water service connection to any customer's premises for the safety of the public water supply system, the Department or its designated agent shall give notice in writing to said customer to install such an approved backflow prevention device at each service connection to their premises. The customer shall, within 60 days, install such approved device or devices at their own expense. Failure, refusal or inability on the part of the customer to install said device or devices within 60 days may result in a fine, as described in the Schedule of Fees, or the turning off of water to the property.

§ 228-24 This section left blank intentionally

[Amended 4-7-2008 by Ord. No. 08-129]

[Amended 8-21-2017 by Ord. No. 2018-4]

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-25 **Requirements.**

A. Water Division.

(1) On new installations, the DPW Water Division or its designated Certified Backflow Prevention Device Tester will provide on-site evaluation and/or inspection of plans in order to determine the type of backflow preventer, if any, that will be required and will notify the owner of plan approval requirements by the appropriate reviewing authority. It is the responsibility of the owner to initiate and complete this process prior to building occupancy.

(2) For premises existing prior to the start of this program, the DPW Water Division will perform surveys of the premises and reviews of as-built plans and issue a cross-connection violation form to the owner detailing any corrective action required, the method of achieving the correction and the time allowed for the correction to be made. The time period allowed shall depend upon the nature of the potential cross connection.

(3) The Department will not allow any cross-connection to remain unless it is protected by an approved backflow preventer for which a permit has been issued and which will be regularly tested to ensure satisfactory operation.

(4) If the Department determines at any time that a serious threat to the public health exists, the water service will be terminated immediately.

B. Owner responsibility.

(1) The owner shall be responsible for the elimination or protection of all cross-connections on their premises.

(2) The owner shall be responsible for applying for and obtaining all necessary approvals and permits for the maintenance of cross-connections and installation of backflow prevention devices and applying annually for the renewal of each permit.

(3) The owner shall have any device that fails an inspection or test repaired immediately by a licensed plumber.

(4) The owner shall inform the Department of any proposed or modified cross-connection and also of any existing cross-connections of which the owner is aware but which have not been found by the DPW.

(5) No owner or private contractor shall install bypass around any backflow preventer unless there is a backflow preventer of the same type on the bypass. Owners who cannot shut down operation for testing of the device(s) must supply additional devices necessary to allow testing to take place.

(6) The owner shall install backflow preventers in a manner approved by the Commonwealth of Massachuestts per 310 CMR 22.22 and by the Melrose DPW. The type of backflow preventers installed shall be as prescribed by 310 CMR 22.22 for the applicable use.

(8) The owner shall be responsible for the payment of all fees for permits, device testings, and retestings in the case that the device fails to operate correctly and second reinspections for noncompliance with state or local requirements.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(9) Any existing backflow preventer shall be allowed by the Department to continue in service unless the degree of hazard is such as to exceed the effectiveness of the present backflow preventer or result in an unreasonable risk to the public health. Where a change in use increases the degree of hazard, any existing backflow preventer must be upgraded.

C. Testing.

(1) All approved backflow prevention devices shall be tested in accordance with applicable state and federa laws pertaining to cross-connection control in potable water systems, including 310 CMR 22.22.

(2) This item intentionally blank.

(3) Any backflow preventer which fails during a periodic test must be repaired or replaced immediately by a licensed plumber. When repairs are necessary, upon completion of the repair, the device will be retested at the owner's expense to ensure proper operation. High hazard situations will not be allowed to continue unprotected if the backflow preventer fails the test and cannot be repaired immediately. In other situations, a compliance date in accordance with state regulations will be established. The owner is responsible for spare parts, repair tools or a replacement device.

(4) Parallel installation of two devices by the owner is allowed and encouraged to ensure uninterrupted water service during testing or repair of devices.

§ 228-26 **Enforcement; violations and penalties.**

A. Right of entry. All owners or operators of commercial, industrial or institutional premises served by a public water supply system shall authorize agents and employees of the City of Melrose DPW and/or the Massachusetts Department of Environmental Protection, upon presentation of their credentials, to enter their premises without a warrant for the purpose of inspecting and surveying their water systems for cross-connections and assuring compliance with these regulations, whether or not evidence exists that their water system is in violation of an applicable legal requirement.

B. The DPW shall not allow a cross-connection to exist with the public water system unless it is considered necessary and all appropriate approvals and permits have been issued.

C. Failure of the owner to comply with any applicable section of this article will constitute a violation of 310 CMR 22.22 and will be subject to termination of water service by the City of Melrose DPW Water Division.

D. Fine. Whoever maintains a cross-connection without a permit or after revocation of the permit to maintain such connection and whoever maintains a cross-connection without installing the appropriate backflow prevention device required by these regulations and by the reviewing authority shall be punished by a fine as determined in 310 CMR 22.22(16) and as listed in the Schedule of Fees.

§ 228-27 **Procedure policy.**

The procedure for backflow prevention should comply with the latest version of AWWA Manual M14, Backflow Prevention and Cross Connection Control. Where any inconsistency exists with 310 CMR 22.22, the laws of the Commonwealth shall govern.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Article IV
Sewer Use

[Added 5-4-1981 by Ord. No. 20841, App. B (Rev. Ords. 1989, §§ 16-51 to 16-70, 16-81 to 16-86, 16-91 to 16-99, 16-111 to 16-117 and 16-131 to 16-145)]

§ 228-28 **Purpose.**
The purpose of this article is to regulate the use of public and private sewers, the installation and connection of sewer services, and the discharge of waters and wastes in the public sewer system in the City.

§ 228-29 **Definitions.**
The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

ACT
The Clean Water Act of 1977, Public Law 95-217, as amended from time to time.

APPROVED
Accepted by the City of Melrose Department of Public Works (DPW) as meeting an applicable specification stated or cited in this regulation or as suitable for the proposed use.

BOD or BIOCHEMICAL OXYGEN DEMAND
The quantity of oxygen utilized in five days at 20° C., expressed in milligrams per liter, in the biochemical oxidation of wastewater as determined by a procedure described in Standard Methods.

CITY
The City of Melrose.

CITY ENGINEER
The City Engineer of the Melrose Department of Public Works or their designee.

[Amended 5-21-2012 by Ord. No. 2012-158]

COOLING WATER
The clean wastewater from air conditioning, industrial cooling, condensing, and similar apparatus and from hydraulically powered equipment. In general, cooling water will include only water that is sufficiently clean and unpolluted to be discharged, without treatment or purification, into any natural area without offense.

COMMONWEALTH
The Commonwealth of Massachusetts.

COMPATIBLE POLLUTANT
A substance that is amenable to removal in substantial amounts by the wastewater treatment plant. Compatible pollutants include, but are not limited to, coliform bacteria, suspended solids and those that exert BOD.

CONNECTION
The joining together of pipes so that substances can be transferred from one pipe to another.

CUSTOMER
The person or party responsible for a water and/or sewer account.

DIRECTOR OF PUBLIC WORKS

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The Director of the Melrose Department of Public Works or their designee.
[Added 5-21-2012 by Ord. No. 2012-158]

DPW (a.k.a. DEPARTMENT)
The City of Melrose Department of Public Works.

EXCESSIVE
More than the limits established in these regulations or of such magnitude that, in the judgment of the MWRA, may cause damage to any facility or be harmful to the wastewater treatment process or reduce its efficiency, cannot be removed in the wastewater treatment plant to the degree required to meet the Act, creates any hazard in the receiving waters, exceeds the capacity of the local or MWRA sewerage system, or otherwise endangers life, limb or public property or constitutes a public nuisance.

FOG
Fat, oil, or grease in a physical state such that it will separate by gravity from wastewater by treatment in an approved pretreatment facility.

GARAGE
Any building wherein are kept or stored one or more motor vehicles, including, among others, a public or private garage, carport, motor vehicle repair shop or paint shop, service station, lubritorium, car wash or any building used for similar purposes.

GARBAGE
For the purposes of this Chapter, garbage refers to wastes from the domestic and commercial preparation, cooking and dispensing of food, and from the handling, storage and sale of produce. This is also commonly referred to as food waste.

INCOMPATIBLE POLLUTANT
A substance that is not amenable to removal in substantial amounts by the wastewater treatment plant. Incompatible pollutants include, but are not limited to, toxic metals and persistent organics.

INDUSTRIAL USER
Any user identified in 314 CMR as an industrial discharger to the wastewater system, based on their code as established in the Standard Industrial Classification Manual of the United States Office of Management and Budget.

INDUSTRIAL WASTES
Any solid, liquid or gaseous wastes resulting from industrial processes as defined by state regulations including 314 CMR.

INFILTRATION
Water other than wastewater that enters a sewer system (including sewer service connections and foundation drains) from the ground through means which include, but are not limited to, defective pipes pipe joints, connections, or manholes. Infiltration does not include, and is distinguished from, inflow.

INFILTRATION/INFLOW
Water originating from both infiltration and inflow without distinguishing the source.

INFLOW
Water other than sanitary flow that enters a sewer system (including sewer service connections) from sources which include, but are not limited to, roof leaders, cellar drains, yard drains, area drains, drains from springs and swampy areas, sump pumps, manhole covers, cross-connections between storm sewers

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

and sanitary sewers, catch basins, cooling towers, stormwaters, surface runoff, street wash waters, or drainage. Inflow does not include, and is distinguished from, infiltration.

INTERNAL SEWER SERVICE

That part of the lowest horizontal piping of a drainage system which receives the discharge from soil, waste and other drainage pipes inside the walls of the building and conveys it to the sewer service, from the inside of the building to 10 feet outside the inner face of the building wall.

MASSDEP

The Commonwealth of Massachusetts Department of Environmental Protection.

MUNICIPAL SEWER

A sewer controlled by the City of Melrose.

MWRA

Massachusetts Water Resources Authority (formerly Metropolitan District Commission).

MWRA RULES AND REGULATIONS

The most recent Rules and Regulations of the MWRA, as defined in 360 CMR or any related or referenced regulation of the MWRA governing sewer use.

MWRA SEWER INTERCEPTOR

A sewer controlled by the MWRA.

MWRA SEWERAGE DISTRICT

All cities, towns and sewer districts served by the MWRA in accordance with legislation.

MWRA SEWERAGE SYSTEM

The sewerage works under the control of the MWRA including conveyance and treatment facilities such as MWRA sewer interceptors, pumping stations, and the Deer Island Wastewater Treatment Facility.

NATURAL OUTLET

Any outlet, including storm sewers, into a watercourse, pond, ditch, lake or other body of surface water or groundwater.

pH

The logarithm of the reciprocal of the hydrogen ion concentration, expressed in moles per liter. Neutral water, for example, has a pH value of seven and a hydrogen ion concentration of 10^{-7}.

PLUMBING CODE

The existing rules and regulations enforced through the Melrose Plumbing Inspector. Such rules and regulations shall conform to Commonwealth of Massachusetts Regulations (248 CMR).

PROPERLY SHREDDED GARBAGE

Garbage (a.k.a. food waste) that has been shredded to such a degree that all particles will be carried freely under the flow conditions normally prevailing in municipal sewers. No particle shall be greater than 1/2 inch or 1.27 centimeters in any dimension.

PUBLIC SEWER

A common sanitary sewer controlled by the City or the MWRA.

SANITARY WASTEWATER

Liquid or water-carried human and domestic wastes from residences, commercial buildings, industrial

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

plants and institutions, exclusive of groundwater, stormwater and surface water and exclusive of industrial wastes.

SANITARY SEWER

A sewer pipe that carries liquid and water-carried wastes from residences, commercial buildings, industrial plants and institutions, together with any quantities of groundwater, stormwater and surface water that are not admitted intentionally.

SCHEDULE OF FEES

The City of Melrose Water, Sewer, and Drainage Schedule of Fees, which includes all charges for water and sewer use, permits, application fees, and all other rates or fees associated with the City of Melrose water, sewer, and drainage systems. This Schedule of Fees shall be revised periodically as appropriate. All water and sewer volumetric rates and base fees as listed in the Schedule of Fees shall be approved in advance by the City Council.

SEPTAGE

The liquid and solid wastes of sanitary wastewater origin that are removed from a cesspool, septic tank or similar receptacle.

SEWER

A pipe or conduit that carries wastewater. (see Sanitary Sewer)

SEWER SERVICE CONNECTION (also called "house connection" or “sewer lateral”)

The wastewater connection from the building to a public sewer.

SEWERAGE SYSTEM

Any device, equipment or works used in the transportation, pumping, storage, recycling and reclamation of wastewater.

SLUDGE

Waste containing varying amounts of solid contaminants removed from sanitary wastewater by physical, chemical and biological treatment.

SLUG

Any discharge of water or wastewater which in concentration of any given constituent or in quantity of flow exceeds for any period of duration longer than 15 minutes more than five times the average twenty four-hour concentration of flows during normal operation and which may adversely affect the sewerage system.

STANDARD METHODS

The current edition of Standard Methods for the Examination of Water and Wastewater as published by the American Public Health Association, American Water Works Association and Water Environment Federation.

[Amended 8-21-2017 by Ord. No. 2018-4]

STORM DRAIN

A pipe or conduit for conveying stormwater or surface water or relatively unpolluted water from any source, which shall be kept separate from sanitary sewers.

SUSPENDED SOLIDS

Solids that either float on the surface of or are in suspension in water, wastewater or other liquids and

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

are removable by a laboratory filtering procedure as described in Standard Methods.

TITLE 5 FLOW

The design flow of sanitary wastewater from a building or buildings as defined by the State Environmental Code, Title 5: Minimum Requirements for the Subsurface Disposal of Sanitary Sewage.

TOXIC WASTES

Wastes containing toxic or poisonous solids, liquids or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any wastewater treatment process, constitute a hazard to humans or animals, create a public nuisance or create any hazard in the receiving waters of the wastewater treatment plant and those wastes so specified in these regulations and in the Act.

USER

Any municipality, governmental agency, public authority, property owner, person or permittee discharging wastewater directly or indirectly into any public sewer.

WASTEWATER (aka Sanitary Wastewater)

The spent water of a community, which may be a combination of the liquid and water-carried wastes from residences, commercial buildings, industrial plants and institutions together with any groundwater, surface water and stormwater that may be present.

WASTEWATER FACILITIES

The structures, equipment and processes required to collect, pump, carry away and treat domestic and industrial wastes and dispose of the effluent.

WATER POLLUTION CONTROL FEDERATION MANUAL OF PRACTICE FD-5 (ASCE MOP 60) – GRAVITY SEWER DESIGN AND CONSTRUCTION

The document prepared by a joint task force of the American Society of Civil Engineers and the Water Environment Federation.

§ 228-30 **Sewer service rates; minimum charges.**

[Added 6-26-1985 by Ord. No. 1108; amended 3-17-1986 by Ord. No. 1311; 7-21-1986 by Ord. No. 1108A; 8-29-1988 by Ord. No. 2127; 1-3-1989 by Ord. No. 2240; 9-6-1989 by Ord. No. 90-2; 10-15-1990 by Ord. No. 90-279; 6-17-1991 by Ord. No. 91-304; 1-9-1992 by Ord. No. 92-138; 6-6-1994 by Ord. No. 94-222; 7-18-1994 by Ord. No. 94-222A; 6-15-1998 by Ord. No. 98-360; 6-27-2001 by Ord. No. 01-324; 6-26-2002 by Ord. No. 02-359; 12-16-2002 by Ord. No. 02-060A; 6-26-2003 by Ord. No. 03-289; 6-21-2004 by Ord. No. 04-269; 6-30-2005 by Ord. No. 05-247; 6-26-2006 by Ord. No. 06-249; 7-17-2006 by Ord. No. 06-249A; 7-16-2007 by Ord. No. 07-180; 5-19-2008 by Ord. No. 08-226; 6-15-2009 by Ord. No. 09-203; 5-17-2010 by Ord. No. 10-161; 6-20-2011 by Ord. No. 11-171; 5-21-2012 by Ord. No. 2012-158; 6-18-2012 by Ord. No. 2012-188; 8-20-2012 by Ord. No. 2013-3; 6-27-2013 by Ord. No. 2013-205; 5-19-2014 by Ord. No. 2014-118; 6-15-2015 by Ord. No. 2015-144; 6-16-2016 by Ord. No. 2016-164; 6-19-2017 by Ord. No. 2017-147]

A. All bills for sewer service furnished by the City to City sewer users shall be rendered at intervals of three months (quarterly) or one month (monthly) at tiered rates per 100 cubic feet of wastewater flow as calculated below, as defined in the most recent version of the Schedule of Fees and approved by City Council. **[Amended 6-18-2018 by Order No. 2018-177]**

B. Wastewater flow shall be based on a percentage of metered water consumption on the following schedule:

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(1) Residential users with one meter contribute 90% of metered water consumption as wastewater flow.

(2) Residential users with separate lawn and garden service meters contribute 100% of their domestic metered water consumption and 0% of their metered lawn and garden service water consumption as wastewater flow.

(3) Industrial/commercial users, including hospitals, contribute on a percentage basis up to 90% of metered water consumption. This percentage shall equal 90% except in cases where the City Engineer has determined that product retention of water, cooling tower loss and other evaporative water losses have occurred in the process. The wastewater flow as a percentage of metered water consumption will be set on an individual basis in those cases by the City Engineer.

(5) Customer accounts with no sewer connection will not be billed sewer fees for any proportion of their metered water use.

(6) In most cases as determined by the City Auditor, municipal facilities will not be billed for sewer usage. Water will still be metered for the purpose of accounting for water use and promoting conservation.

§ 228-31 **Elderly discount.**
[Added 2-20-1996 by Ord. No. 96-185; amended 5-6-1996 by Ord. No. 96-238]

A. A twenty-percent discount on sewer bills shall be given upon approval of application to the office of the City Engineer if applicants meet all the requirements for a discount to water bills, as defined in Article II, Section 228-20. **[Amended 5-21-2012 by Ord. No. 2012-158]**

(1) The applicant must have reached or already been over age 65 in the calendar year prior to that in which he/she is making application for discount. In the case of joint ownership, either spouse/owner must have reached age 65 in the prior year.

(2) The applicant must be the owner of record of the property for which the discount is requested, their name must appear on the sewer bill for that property, and they must have lived at the subject property for a minimum of one year.

(3) The yearly consumption of water by the applicant shall not exceed 6,250 cubic feet.

(4) The discount shall only apply to owners of one-family or two-family homes who are able to demonstrate their primary residence in said single- or two-family home. Three-family homes or larger are excluded.

(5) Otherwise eligible condominium owners will be entitled to a discount which shall be equal to the average single-family discount provided for in this section for the immediately preceding fiscal year.

B. Applicants who have not reached 65 will also qualify for discount if:

(1) They are in conformity with the other provisions of this section.

(2) Their yearly gross income does not exceed $15,000 for a single person and $23,000 if filing jointly.

C. Administration of the discount program set forth in Subsections **A** and **B** above shall be in accordance with reasonable policies established by the Director, or their designee, and shall be in strict compliance with this section.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-32 **Damaging or tampering with facilities, right of entry.**

A. No person shall maliciously, willfully or negligently break, damage, destroy, uncover, deface or tamper with any structure, appurtenance or equipment which is a part of the wastewater facilities. Any person violating this provision shall be subject to immediate arrest under charge of disorderly conduct or other applicable charge.

B. Any person who wantonly or maliciously destroys or injures any part of the City's or MWRA sewer system shall be subject to all penalties and other provisions of the MWRA or the Commonwealth of Massachusetts as applicable, in addition to all City fees and criminal penalties as applicable. **[Amended 8-21-2017 by Ord. No. 2018-4]**

C. The Director, the City Engineer, and other duly authorized employees or agents of the City or the MWRA, bearing proper credentials and identification, shall be permitted to enter all properties for the purposes of inspection, observation, measurement, sampling, and testing in accordance with the provisions of these rules and regulations. This shall include smoke and dye tests, as well as visual inspections inside buildings in order to test for unauthorized or excessive discharges into the sewer system.

D. The Director of Public Works and other duly authorized employees of the City bearing proper credentials and identification shall be permitted to enter all private properties through which the City holds a duly negotiated easement for the purposes of, but not limited to, inspection, observation, measurement, sampling, repair and maintenance of any portion of the wastewater facilities lying within the easement. All entry and subsequent work, if any, on the easement shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved. **[Amended 8-21-2017 by Ord. No. 2018-4]**

§ 228-33 **Connections to be regulated.**

A. All users which connect to any municipal sewers in the City, either directly or indirectly, shall do so subject to the direction, control and regulation of the MWRA, the City, and Massachusetts General Laws.

B. Requests for the installation of a new sewer service connection to the public sewers and/or the repair or replacement of an existing sewer service connection must be made in writing to the office of the City Engineer. No work shall commence without a permit issued by the DPW Engineering Division.

C. At a minimum, the approval of an application for a sewer service connection will be subject to the following requirements:

   a. No service connection shall be allowed unless a parcel of real property abuts an existing gravity sewer main, or the requested property creates an easement for sewer utility across any applicable parcels, unless otherwise approved by the City Engineer.

   b. An approved application for sewer service shall constitute a sewer service connection permit, subject to the terms and conditions stated and referred to therein. Such permit shall be valid for a period of six months from the date of issue, unless extended in writing by the City Engineer.

   c. No unauthorized person shall uncover, make any connections with or opening into, use, alter, or disturb any public sewer or appurtenance thereof without an approved DPW application for sewer service.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

d. When applicable, approved permits from MassDEP for Sewer Extension or Connection (314 CMR 7.00) shall be secured.

D. Requests for the installation of a new sewer main to extend the system of public sewers must be made in writing to the City Engineer. Each new sewer main constructed within the City right-of-way or an accepted easement shall be granted to Melrose as a public sewer, unless otherwise specified by the City Engineer.

E. Except as specifically provided in writing with reference to a particular sewer connection, sanitary sewers shall be used only for the conveyance and disposal of sanitary wastewater as defined in these regulations and for approved, diluted, water-carried industrial wastes which are not objectionable as provided for herein.

F. No person or party shall discharge or put into any public sewer or into any sewer or fixture which thereafter discharges into any public sewer or appurtenance thereof any waste or substance other than such kinds or types of water or water-carried wastes for the conveyance of which the particular sewer or appurtenance is intended and designed.

§ 228-34 **Separation of surface waters and wastewater required.**
[Amended 4-7-2008 by Ord. No. 08-129]

A. The plumbing of any estate or premises shall be so arranged as to keep any groundwater, stormwater, surface water, or unpolluted waters, including all infiltration and inflow, separate from the sanitary sewer. Such waters shall be connected to a storm drain, watercourse, or subsurface device designed for the discharge of stormwater, or shall discharge to the surface within the subject property.

B. No person shall maintain or make a connection of roof downspouts, exterior foundation drains, areaway drains, or other sources of surface runoff or groundwater to a sewer service or internal sewer service or waste pipe which in turn is connected directly or indirectly to a public sanitary sewer.

§ 228-35 **Unlawful deposit of waste.**
It shall be unlawful for any person to place, deposit or permit to be deposited in any unsanitary manner on public or private property within the City, or in any area under the jurisdiction of the City, any human or animal excrement, garbage or objectionable waste.

§ 228-36 **Untreated discharge to natural outlet prohibited.**
[Amended 4-7-2008 by Ord. No. 08-129]

A. Illicit discharges. No person shall dump, discharge, or cause or allow to be discharged any wastewater or pollutant discharge into the municipal separate storm sewer system (MS4), into a receiving water, or into the waters of the Commonwealth.

B. Illicit connections. No person shall construct, use, allow, maintain or continue any illicit connection for wastewater to the municipal storm drain system, regardless of whether the connection was permissible under applicable law, regulation or custom at the time of connection.

§ 228-37 Septic tank use restricted.
Except where connection to a public sewer is deemed infeasible by the City Engineer, it shall be unlawful to construct or maintain any privy, privy vault, septic tank, cesspool or other facility intended or used for the disposal of wastewater.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-38 Connection to public sewer required.
[Amended 5-21-2012 by Ord. No. 2012-158]

The owner of all houses, buildings or properties used for human occupancy, employment, recreation or other purposes situated within the City and abutting on any street, alley or right-of-way in which there is now located or may in the future be located a public sanitary sewer of the City is hereby required, at the owner's expense, to install suitable toilet facilities therein and to connect such facilities directly with the proper public sewer in accordance with the provisions of this article within 90 days after date of official notice to do so, provided that such public sewer is within 100 feet of the property line. This requirement for connection may be waived when permitted by the City Engineer.

§ 228-39 Contributions by industrial users.
The MWRA may deny or condition new or increased contributions of pollutants to the MWRA sewerage system by industrial users.

§ 228-40 Pretreatment requirements.
Users shall make wastewater acceptable in accordance with these regulations, as well as MassDEP and federal regulations, before discharging to any public sewers. Any facilities required to pretreat wastewater to a level acceptable to the MWRA shall be provided and maintained at the user's expense. A description and detailed plans showing the pretreatment facilities and operating procedures shall be submitted to the MWRA in accordance with the implementation schedule incorporated in the user's permit. The review of plans and operating procedures will in no way relieve such user from the responsibility of modifying the pretreatment facility as may be necessary to produce an effluent acceptable to the MWRA under the provisions of these regulations and requirements of federal and state agencies. Any subsequent changes in a pretreatment facility or method of operation shall be reported to the MWRA before modification of such facility. Pretreatment, including but not limited to parameters considered, limits, and testing, shall conform to all requirements of MassDEP and all other applicable state and federal regulations.

§ 228-41 Time frame for compliance with standards.
Any user to which City, MWRA, federal or state pretreatment standards are applicable shall be in compliance with such standards within the time required by such regulations.

§ 228-42 Traps required for flammable wastes.
Garages and other establishments where gasoline is used or where wastes containing grease in excessive amounts or any flammable wastes, sand or other harmful ingredients can be discharged and which are connected with municipal sewers shall be provided with a suitable trap or separator. All traps or separators shall be of a type and capacity approved by the MWRA and the City and shall be located so as to be readily and easily accessible for cleaning and inspection. The City may request proof of proper maintenance of such infrastructure at any time.

§ 228-43 Maintenance of pretreatment equipment.
Where pretreatment or flow-equalizing facilities or traps or separators are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner or the user at his/her own expense.

§ 228-44 Meters and measuring devices for industrial wastes.
[Amended 12-16-2002 by Ord. No. 02-060A]

A. When required by the MWRA or by the City, the owner or user of any property discharging industrial wastes shall install a suitable control or measuring device, together with manholes, chambers, meters and other appurtenances, in the sewer service to facilitate observation, sampling and measurement of the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

wastes. Such manholes, chambers or meters shall be accessibly and safely located, shall be constructed in accordance with plans approved by the MWRA and by the City, shall be installed by the owner at their expense, and shall be maintained by the owner in good operating condition at all times. The records from the meters and measuring devices shall be furnished to the MWRA or to the City upon request.

B. The facilities shall be constructed in accordance with all applicable construction standards and specifications. Construction shall be completed in accordance with a time schedule established by the MWRA and/or MassDEP, as applicable.

C. The Director of Public Works or other duly authorized City employees are authorized to obtain information concerning industrial processes which have a direct bearing on the kind and source of discharge to the wastewater collection system. The industry may withhold from the City information considered confidential if the industry establishes that the revelation to the public of the information in question might result in an advantage to competitors. While performing necessary work on private properties, the Director of Public Works or duly authorized employees of the City shall observe all safety rules applicable to the premises established by the company. **[Amended 8-21-2017 by Ord. No. 2018-4]**

D. The MWRA or the City may inspect the facilities of any user to ascertain whether these regulations are being met. Persons or occupants of premises where wastewater is generated or discharged shall allow representatives of the MWRA or the City ready access at all reasonable times to all parts of the premises for inspection or sampling or in performance of any of their duties. The MWRA or the City shall be deemed to be performing a governmental function for the benefit of the general public, and neither the MWRA, the City, nor the representatives of either shall be liable for any loss or damage as a result of the performance of such governmental function. Where a user has security measures in force which would require proper identification and clearance before entry into the premises, the user shall make necessary arrangements with its security guards so that, upon presentation of suitable identification, personnel from the MWRA or from the City will be permitted to enter without undue delay for the purpose of carrying out their specific responsibilities.

F. All measurements, tests and analyses of the characteristics of waters and wastes to which reference is made in these regulations shall be determined in accordance with Standard Methods and shall be determined at the control manhole or chamber provided or by use of suitable samples taken at the control manhole or chamber. If no special manhole or chamber has been provided, the control point shall be a sampling point acceptable to the MWRA and the City. Sampling shall be carried out by customarily accepted methods. The particular analyses involved will determine whether a composite or grab sample is taken. If there is any question concerning the sampling, the MWRA, the City, or MassDEP will make the final decision.

G. All information and data on a user obtained from reports, questionnaires, permit applications, permits and monitoring programs and from inspections shall be made available, upon request, to other governmental agencies and to the public without restriction unless the user specifically requests otherwise and is able to demonstrate, to the satisfaction of the MWRA and the City, that the release or communication of such information would divulge methods or processes entitled to protection as trade secrets or would violate applicable provisions of law.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-45 Protection from discharges; notice of accidental discharge.

Each user shall provide protection from any discharges, including accidental discharges, in violation of these regulations. Users shall notify the MWRA and the City immediately upon discharging wastes in violation of these regulations in order for countermeasures to be taken to minimize the damage to all public sewers and to receiving waters. This notification shall be followed, within 15 days of the date of occurrence, by a detailed written statement to the City describing the causes for the accidental discharge and the measures being taken to prevent future occurrence. Additionally, any reporting requirements of the MWRA and MassDEP for accidental discharges shall be met. Such notification will not relieve users of liability for any expense, loss or damage to any public sewers or for any fines imposed on the MWRA or on the City.

§ 228-46 Information for employees.

Industrial users shall inform their employees of the existence of these regulations, and at least one copy shall be permanently posted on the user's bulletin board. Each user shall permanently post a notice advising employees as to who in its organization has been designated as the responsible individual for compliance with these regulations and who should be notified of any accidental discharges in violation of these regulations.

§ 228-47 Penalties imposable by City.

A. Any person who discharges wastes in a manner in violation of this article will be subject to penalties or charges as permissible by law.

B. When a discharge of wastes causes an obstruction, damage or any other impairment to the sewerage system, the DPW may assess a charge against the discharger for the work required to clean or repair the facility.

C. Any person who violates the provisions of this Article shall be fined as defined in the Schedule of Fees. Each day of the existence of any such violation shall be deemed a separate offense.

D. Any person who knowingly makes any false statement, representation, record, report, plan or other document filed with the Department or who falsifies, tampers with or knowingly renders inaccurate any monitoring device or method required under this article shall be punished by a fine as defined in the Schedule of Fees.

E. Whenever a discharge of wastes is in violation of the provisions of this Article or otherwise causes or threatens to cause a condition of contamination, pollution or nuisance, the City Solicitor may petition the Superior Court for the issuance of a preliminary or permanent injunction, or both, as may be appropriate in restraining the continuance of such discharge. This does not limit the City's ability to pursue all other applicable legal action as deemed appropriate by the City Solicitor.

F. The penalties included in this section are in addition to any which may be levied by the MWRA or other governmental or regulatory body.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-48 Penalties imposable by MWRA.
Any user who violates any provision of these regulations or any user who knowingly makes any false statement, representation, record, report, plan or other document filed with the City or the MWRA or who falsifies, tampers with or knowingly renders inaccurate any monitoring device or method required under this regulation shall be punished by a fine as specified in the Schedule of Fees and/or as prescribed by the MWRA for each day such violation continues, or shall be subject to a civil penalty per day of such violation, which may be assessed in an action brought on behalf of the Commonwealth in any court of competent jurisdiction.

§ 228-49 Disposal of septage.
Septage shall be disposed of in accordance with the following provisions:

A. No user shall discharge or cause to be discharged or allow to be discharged into any public sewer any septage from within the City of Melrose.

B. No user shall discharge or cause to be discharged or allow to be discharged into any public sewer any septage generated outside the City of Melrose.

C. No user shall discharge septage or other wastes from recreational vehicles (RVs), campers, boats, or other temporary storage tanks into the City's or the MWRA sewer system within the City.

§ 228-50 Precedence of more stringent regulations.
If federal or state agencies or the MWRA enacts or promulgates laws or regulations more stringent than these regulations, the federal, state or MWRA requirements shall take precedence.

§ 228-51 Recourse for violations.
When the MWRA or the City finds that a discharge of wastes has been taking place or threatens to take place in violation of these regulations or the provisions of a permit, the following actions may be taken:

A. The MWRA or the City may issue an order to cease and desist any such discharge or violation to any user not complying with such prohibitions, limits, requirements or provisions and direct such user as follows:

(1) To comply forthwith;

(2) To comply in accordance with a time schedule set forth by the MWRA or by the City; or

(3) To take appropriate remedial preventive action in the event of a threatened violation.

B. The MWRA and the City may require the user to submit a detailed time schedule setting forth specific actions to be taken, subject to modifications as the MWRA or the City deems necessary for the user to follow in order to prevent or correct a violation. The MWRA and the City may issue an implementation schedule to the user containing specific actions and time schedules.

§ 228-52 Implementation and enforcement.
[Amended 12-16-2002 by Ord. No. 02-060A]

In the implementation and enforcement of these requirements, the following provisions shall be observed:

A. Whenever the MWRA issues, denies or modifies a permit, issues an order or assesses charges for damage or other violations occasioned by noncompliance with any permit or other lawful requirement, the user's rights for appeal or reconsideration shall be as prescribed by the MWRA.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

B. Any proposal by the MWRA to revoke a permit shall be executed in the manner specified by MWRA regulations.

C. The City shall be notified by the MWRA of any permit modifications or revocation.

D. The MWRA reserves the right to take direct enforcement action through the courts, pursuant to MGL c. 92, App. § **1-24**, in any case of violation of these regulations.

§ 228-53 Publication of list of industrial users.

A list of industrial users will be posted on the City of Melrose website every year in the month of January as a form of public participation. Included in the list will be all industrial users which were not in compliance with the applicable pretreatment requirements during the previous 12 months. A summary of the control actions taken by the MWRA or by the City will also be published in conjunction with the list.

§ 228-54 Calculation of sewer cost; collection of assessment.

The actual cost of each public sewer laid and constructed shall be determined as follows:

D. Applications for the original laying of pipes in public and private ways for the conveyance of wastewater shall be made, in writing, to the City Engineer in the form of an application for utility installation and shall include all plans and other documentation required by the City Engineer. Such work shall be performed entirely at the expense of the applicant and in accordance with all DPW design and construction standards in place at the time the application is made.

E. Cases may arise where the City chooses, at the City's option, to lay a new sewer main and services where one did not previously exist. At the discretion of the City Engineer, a procedure may be used to assess betterments to the bettered properties in accordance with MGL Chapter 80, Section 1 and Chapter 83.

F. This section shall not apply to the laying of sewer pipes for which provision is otherwise made by the rules and regulations of the Planning Board governing the subdivision of land.

§ 228-55 Permits for industrial users.

A. Requirements and conditions. Every user discharging industrial wastes to any public sewer shall obtain a joint permit from the MWRA and from the City. Industrial users proposing new discharges shall obtain such permits prior to constructing a sewer service. The MWRA and the City may change the conditions of a permit from time to time as circumstances, including regulations enacted or promulgated by the state or federal government or its agencies, may require. The MWRA and the City may stipulate special conditions and terms upon which the permit will be issued. No user may increase the daily volume, strength or rate of their permitted discharge without first securing an amendment to their permit.

B. Applications. It is the responsibility of every industrial user to obtain a permit. Should an industrial user be identified who does not have a permit, they will be notified to apply for a permit. Permit application forms shall be filed within 30 calendar days of notification, or as prescribed by regulations of MassDEP and the MWRA, whichever is sooner.

C. Evaluation of application; imposition of conditions. The MWRA and the City shall evaluate the adequacy of data furnished in the application form. If insufficient data has been furnished, the MWRA

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

will notify the industrial user to provide additional data within a specified time. After acceptance of data, the MWRA and the City will issue the permit. The MWRA and the City may stipulate special conditions and terms upon which the permit may be issued.

D. Permit conditions. Permits may contain the following conditions:

(1) Limits on rate, time and characteristics of discharge or requirements for flow regulation and equalization.

(2) Installation of inspection, flow measurement and sampling facilities, including access to such facilities.

(3) Specifications for monitoring programs which may include flow measurement, sampling, chemical and biological tests, recording of data and reporting schedules.

(4) Pretreatment requirements and schedules for implementation, including schedules for reporting progress towards meeting these requirements.

(5) Submission of discharge reports.

(6) Schedules for the payment of industrial cost recoveries as required under Section 204 of the Act.

(7) Special service charges or fees.

(8) Other conditions as deemed appropriate by the MWRA or by the City to ensure compliance with these regulations and with applicable requirements of state or federal law, including requirements to meet all local limits for industrial pretreatment for prescribed parameters.

E. Permit not assignable. A permit shall not be reassigned or transferred.

F. Revocation and modification of permit. If an industrial user discharges amounts or rates of pollutants in violation of these regulations, the MWRA or the City may revoke the existing permit in accordance with § **228-52**. If an industrial user shows that changes in the industrial process have improved the characteristics and volume of its discharge, the permit may be modified upon application by the industrial user to the MWRA.

G. Enforcement of permit conditions. The conditions of all permits shall be enforced by the MWRA and the City in accordance with the provisions of these regulations.

H. Reports. When required by the permit, each industrial permittee shall submit a duly signed report to the MWRA and the City containing all information requested by the MWRA or the City and in a form acceptable to the MWRA and the City. The MWRA and the City will evaluate the data furnished. If insufficient data has been furnished, additional information may be required.

I. Sources of charges and recovery payments information. The MWRA and the City may use the information provided in the permit applications, permits and discharge reports as the basis for determining user charges and industrial recovery payments.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-56 Minimum discharge requirements.

The City's sanitary sewer system discharges into the MWRA sewerage system. All discharges into the public sanitary sewers shall, as a minimum, conform to the requirements of 310 CMR 10.00: Sewer Use (aka Rules and Regulations of the MWRA).

§ 228-57 Types of substances prohibited from discharge.

No user shall discharge or shall cause or allow to be discharged any substances, water or wastes that the MWRA or the City has identified as likely, either singly or by interaction with other substances, to:

A. Harm either the sewerage system or the wastewater treatment process;

B. Be otherwise incompatible with the treatment process;

C. Cause a violation of federal and state discharge permits issued to the MWRA or to the City;

D. Adversely affect receiving waters;

E. Endanger life, limb or public property; or

F. Constitute a nuisance.

§ 228-58 Enumeration of prohibited substances.
[Amended 12-16-2002 by Ord. No. 02-060A]

No user shall discharge or cause or allow to be discharged any of the following substances:

A. Gasoline, benzene, naphtha, fuel oil, crude oil, lubricating oils and flammable or explosive liquids, solids or gases or any other oils or greases of hydrocarbon or petroleum origin.

B. Waters or wastes having a pH lower than 5.5 or higher than 9.5 or having any other corrosive or injurious properties capable of causing damage or hazard to structures, equipment, sewerage systems and personnel.

C. Solids or viscous substances in quantities or of such size as to be capable of causing obstruction to the flow in sewers or other interference with the proper operation of the sewerage systems, such as but not limited to sand, metal, glass, wood, plastics, rubber, latex, cloth, non-dispersible wipes, and lime slurries.

D. Liquids or vapors having a temperature higher than 150° F or 65° C.

E. Waters or wastes containing fats, wax, grease or oils of vegetable or animal origin in excess of 100 milligrams per liter or containing other substances (not specifically prohibited by Subsection A) which may solidify or become viscous at temperatures between 32° F or 0° C and 150° F or 65° C. Waters or wastes containing such substances, excluding normal household waste, shall exclude all visible oils, fats and greases. The use of chemical or physical means, such as temperature variation, emulsifying agents or mechanical mixers, to bypass or release fats, oils and greases into the municipal sewerage system is prohibited. If the discharge concentration for any fats, oils and greases is in excess of 100 milligrams per liter after treatment, the MWRA may increase the discharge concentration limit on a case-by-case basis when the user demonstrates to the MWRA's satisfaction that its discharge is not contributing to nuisance conditions.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

F. Garbage that has not been properly shredded.

G. Metals.

(1) Waters or wastes containing amounts of toxic or objectionable metals in excess of the concentrations obtainable by acceptable control technology, including but not limited to the following:

Antimony	Chromium	Nickel
Arsenic	Copper	Selenium
Barium	Iron	Silver
Beryllium	Lead	Tin
Boron	Manganese	Zinc
Cadmium	Mercury	

(2) In general, wastes containing the above metals shall be treated to reduce their concentrations to the minimum levels attainable by chemical precipitation processes or other equally effective methods. In no case, however, shall allowable metal concentrations be higher than those concentrations allowed by applicable state or federal law, including all specifically established local limits.

H. Nonmetals.

(1) Waters or wastes containing amounts of toxic or objectionable nonmetals in excess of concentrations attainable by acceptable control technology, including but not limited to:

Ammonia	Pesticides	Chlorides
Cyanides	Phenols	Polychlorinated biphenyls (PCBs)
Herbicides	Sulfates	Sulfides

(2) In no case, however, shall allowable nonmetal concentrations be higher than those concentrations allowed by applicable state or federal law, including all specifically established local limits.

I. Radioactive wastes or isotopes of such half-life or concentrations as may exceed limits established by the MWRA in compliance with state or federal regulations.

J. Sludges or deposited solids resulting from an industrial or pretreatment process.

K. Substances causing excessive discoloration or turbidity.

L. Slugs as defined herein.

M. Substances which exert unusual BOD, chemical oxygen demand or chlorine requirements in quantities such that when received in the composite wastewater at the wastewater treatment facility they exceed the limits established for such discharges.

N. Substances which are not amenable to treatment or reduction by the wastewater treatment process employed, or not amenable to treatment as necessary for the wastewater treatment plant effluent to meet the requirements of other agencies having jurisdiction over discharge to the receiving waters.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

O. Any substances that may attack, damage or alter by either abrasion or chemical action the materials of which the sewer and its appurtenances are composed or built.

P. Substances causing excessive discoloration (such as, but not limited to, dye wastes or 'vegetable tanning solutions').

Q. Sticks, stones, rubbish, rags, unground, unshredded, or improperly shredded garbage, refuse or portions of any animal carcass having particles more than one quarter inch in longest dimension.

R. Wastewater containing considerable quantities of animal guts or tissues, entrails, offal, blood, feathers, hair, hides, scraps, unshredded vegetables, straw or cinders.

S. Hazardous wastes and/or material as defined by the Commonwealth of Massachusetts Department of Environmental Protection Regulations (310 CMR), or successor regulations as amended.

T. Based on the composition of wastewater, the Director reserves the right to:

a. Reject sanitary wastewater that does not comply with the regulations herein.

b. Require pretreatment to an acceptable condition for discharge to public sewers.

c. Require control over the quantities and rates of discharge.

d. Require payment to cover the added cost of handling and treating the wastes not covered by existing sewer charges.

§ 228-59 Discharge of unpolluted waters.
[Amended 4-7-2008 by Ord. No. 08-129]

A. No person shall discharge or cause to be discharged any unpolluted waters, such as groundwater, stormwater, surface water, roof runoff, tidewater, subsurface drainage, uncontaminated cooling water or uncontaminated industrial process water, to any sanitary sewer. Dwellings and other buildings and structures which require, because of infiltration of water into basements, crawl spaces, and the like, a sump pump discharge system shall have a permanently installed discharge line which shall not at any time discharge water either directly or indirectly into a sanitary sewer system. All connections of infiltration and/or inflow to the public sewer system are illegal according to state plumbing codes.

B. Stormwater and all other unpolluted drainage shall be discharged to a natural outlet within the owner's property or to drainage pipes when approved in writing in advance by the City Engineer, as specified in Article V. **[Amended 5-21-2012 by Ord. No. 2012-158]**

C. Property owners shall allow an employee of the City or a designated representative of the City to inspec the building to confirm that there is no sump pump or other prohibited discharge into the sanitary sewer system. Such inspections may include smoke tests or dye tests on private property. The City may periodically reinspect any building or premises to determine compliance with the requirements of this section.

D. Any property owner who previously made any connection or installation in violation of this section shall immediately remove such connection or correct such an installation. If not removed or corrected within 30 calendar days after notice of the violation has been delivered personally or by certified mail

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

to the owner, the City may impose a surcharge in the amount defined in the latest version of the Schedule of Fees. Such a surcharge may also be imposed upon any property owner, after a thirty-calendar-day notice has been delivered, and if the owner refuses to allow his or her property to be inspected. The owner of a building or premises found to be not in conformance with this section during periodic reinspections may also be subjected to a surcharge as defined in Article V.

§ 228-60 Dilution prohibited.

The attainment of specific levels for discharge to public sewers by dilution in the absence of treatment shall be prohibited.

§ 228-61 Wastes of unusual strength or character.

Notwithstanding the limitations set forth in § **228-58** above, a special temporary permit or amendment to an existing permit between the MWRA and the City and the user may be issued by the MWRA whereby a waste of unusual character or strength may be accepted on an interim basis when, in the opinion of the MWRA, unusual or extraordinary circumstances compel special terms and conditions of temporary duration. Such permit or amendment will be issued only when, in the opinion of the MWRA, it would not cause any interference with or disruption in the treatment works, would not violate the National Pollutant Discharge Elimination System (NPDES) permit or Commonwealth water quality standards, and would not force additional controls on other dischargers to achieve compliance with effluent limitations.

§ 228-62 Permit required for sewer hookup; fee.
[Amended 4-7-2008 by Ord. No. 08-129]

A. No unauthorized person shall uncover, make any connections with or opening into, use, alter or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the DPW. A permit and inspection fee for a residential or commercial sewer service permit shall be paid to the City at the time the application is filed. Fees are defined in the Schedule of Fees.

B. Except as otherwise provided by the rules and regulations of the City Planning Board governing the subdivision of land, the material required in the construction of sewer services and appurtenances thereof shall be provided and the labor thereon shall be performed by the private property owner.

C. No person shall be allowed to make any alteration in, or make any connection with, any sewer service other than that intended in the original permit without making another application and obtaining permission to do so from the DPW. **[Amended 5-21-2012 by Ord. No. 2012-158]**

D. The City Engineer or DPW Operations Division staff shall have the right to inspect sewer services, sewer laterals, private sewers, grease traps, oil traps, particle separators, improperly connected sump pumps, and other facilities tributary to the City's wastewater system, at any reasonable time while such construction is underway. After obtaining a permit, the owner shall notify the City Engineer when such facility is installed and ready for final inspection and before the facility is connected to the City's wastewater systems. More frequent inspections may be required by the City Engineer. Connection to the City's wastewater system shall be made in the presence of an authorized representative of the City. No facility shall be covered over until approval has been given by the City Engineer or DPW Operations Division staff. **[Amended 5-21-2012 by Ord. No. 2012-158]**

§ 228-63 Classes of sewer service permits; application form; supplemental information.

A. There shall be two classes of sewer service permits:

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(1) For residential and commercial service; and

(2) For service to establishments producing industrial wastes.

B. In either case, the owner shall make application on a special form furnished by the City. The permit application shall be supplemented by any plans, specifications or other information considered pertinent in the judgment of the City Engineer and as specified in the DPW Design and Construction Standards. For further information concerning industrial permits, see § **228-55**. **[Amended 5-21-2012 by Ord. No. 2012-158]**

C. The design, construction, and materials of a sewer main or service connection, and the methods to be used in excavating, placing of the pipe, jointing, testing and backfilling the trench shall conform to the City of Melrose Public Works Design and Construction Standards, building and plumbing code, and other applicable rules, regulations and ordinances of the City. In the absence of code provisions, or in amplification thereof, the materials and procedures set forth in the appropriate specifications of the ASTM and WPCF Manual of Practice No. FD-5 shall apply.

D. All new sewer mains shall remain within public ways for their entire length except where this is not practical. In such cases, easements deemed appropriate by the Division for the operation and maintenance of the sewer shall be conveyed to the City without cost to the City.

E. Special service fees for administrative, inspection and construction services for each connection shall be assessed according to the Schedule of Fees, the full amount of which shall be paid to the City before work commences.

§ 228-64 This section left blank intentionally

§ 228-65 Installation of private sewer services.

A. Private sewer service shall be laid to and through the cellar wall and shall be provided with a cleanout in the direct line of the pipe.

B. All pipes through or under the wall of any building, and for a distance of ten feet outside of the wall or building, shall be of extra-heavy cast iron and are subject to the jurisdiction of the applicable plumbing code.

§ 228-66 Maintenance responsibilities.

Every sewer service shall be under the control of, and shall be maintained and kept clean by the property owner. All costs and expense incident to the installation and connection of sewer services shall be borne by the owner of the premises served by the same. Additionally, all cleaning of, repairs to or renewals of sewers shall be made at the expense of the owner of the premises served by such sewer, provided that any labor on such sewer which may be required as a result of defects or obstructions in the main public sewer shall be paid for by the City.

Whenever any service connection to any public sewer shall become clogged, broken, obstructed, out of order or detrimental to the use of a public sewer, or unfit for carrying sewage, the owner, agent, occupant or person having charge of any building or lot of land or premises in which such service connection is located shall, upon notification by the Director and/or the City Engineer, remove, reconstruct, alter, clean or repair such service connection as the condition thereof may require. In case of neglect or refusal to comply with such notice within five (5) days after the same is given, the Director and/or the City Engineer may cause the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

service connection to be removed, reconstructed, repaired, altered or cleaned, as he or she may deem expedient, at the expense of such owner, agent, occupant or other person so notified, who shall also be liable to a penalty for such neglect or refusal.

§ 228-67 Disposition of assessment for betterment.

Whenever a betterment for a public sewer constructed pursuant to an order of the City Council has been assessed on the premises with respect to which an application for connection has been made, an agreement for payment of such assessment must be entered into by the property owner with the City prior to connection to the public sewer.

§ 228-68 This section left blank intentionally

§ 228-69 Responsibility for plumbing.

All pipes and fixtures outside the building shall be considered part of the sewer service, and shall be regulated by the DPW. The sewer service, from 10-feet outside of the house to the sewer main, including all chimney connections, shall be the property of the owner of the premises that is served, and all maintenance, improvements, and replacement shall be the responsibility of the property owner. All pipes and fixtures within any buildings, and for 10-feet outside the building, shall be considered a part of the plumbing and shall be under the regulatory jurisdiction of the Building Department and State Plumbing Code.

§ 228-70 An individual sewer service is required for every building; exception.

[Amended 12-16-2002 by Ord. No. 02-060A]

A. A separate and independent sewer service shall be provided for every building, except where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard or driveway. In such case, the sewer service from the front building may be extended to the rear building and the whole considered as one sewer service, but the City does not and will not assume any obligation or responsibility for damage caused by or resulting from any single connection aforementioned. The City may also require proof of maintenance agreements and/or easements to allow such jointly owned sewer service connections.

B. Any property which is subdivided into multiple properties must make separate connections to the sewer main for each property; shared services will not be permitted unless a hardship is indicated and approval is given by the City Engineer.

C. Unless a different determination is made by the City Engineer, each parcel is entitled to one single sewer service, and separate services shall not be connected to the public sewer main from multiple buildings on the same property. Accessory buildings such as a garage or barn or an approved in-law apartment should be connected to the sewer service for the primary use building.

D. The City Engineer may determine that it is in the best interests of the City to allow more or fewer service connections than described in this Section.

§ 228-71 Use of old sewers.

Old sewer services shall not be used for new building construction or substantial reconstruction. If the City Engineer deems that it is in the best interest of the City to allow reuse of an old connection, and, on examination, the service meets all requirements of this article and DPW standards for integrity, the City Engineer may waive this requirement. All evaluations of the existing service pipe shall be performed at the expense of the owner.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

§ 228-72 **Establishment of specifications.**
The DPW shall, from time to time, establish standard requirements or specifications to regulate the sizes, materials, methods and workmanship to be used in the construction of sewers, house connections and other similar work and appurtenances thereto connected or intended to be connected into or to discharge, directly or indirectly, into any public sewer of the City. These requirements shall be recorded in the DPW Design and Construction Standards and shall not conflict with any requirements of the City Building Commissioner. Such standard requirements shall provide for gastight and watertight connections and minimum requirements as to size, depth, slope or rate of grade for such pipes, shall regulate the kinds of pipe, fittings, methods of laying, jointing, materials used, manner of connecting to existing municipal sewers and general consideration as to location and other pertinent features. When a private service connection is made directly to the MWRA sewerage system, all applicable applications and standards applied by the MWRA must be met and superseded City requirements when they are more stringent. All City requirements that are more stringent than MWRA requirement shall apply to sewer services within the City, whether connected to the City or MWRA sewerage systems.

§ 228-73 Specifications to apply in absence of code provisions.

[Amended 8-21-2017 by Ord. No. 2018-4]

In the absence of code provisions, or in amplification thereof, the materials and procedures set forth in the appropriate specifications of the American Society for Testing and Materials (ASTM) and the Water Environment Federation (WEF) Manual of Practice No. FD-5 shall apply.

§ 228-74 Gravity flow or means of lifting required.
Whenever possible, the sewer service shall be brought to the building at an elevation below the basement floor. The preferred method for discharge of sanitary sewage from an individual building or a group of buildings to the City of Melrose sewer system is by gravity flow. In all buildings in which any internal sewer service is too low to permit gravity flow to the public sewer, sanitary wastewater carried by such internal sewer service shall be lifted by an approved means and discharged to the sewer service. All grinder pump systems shall comply with the DPW's design and construction standards for such systems.

§ 228-75 This section left blank intentionally

§ 228-76 Private sewer services.
All sewer services shall be installed in full accordance with the DPW's Design and Construction standards unless otherwise permitted in writing by the City Engineer following application for installation.

§ 228-77 This section left intentionally blank

§ 228-78 **Infiltration and inflow mitigation fees.**
[Added 6-16-2016 by Ord. No. 2016-200]

A. Any person or entity changing, altering, repairing, adding to or improving their property in any way that may or should impact the sewer system within the City of Melrose, or any person or entity proposing to add additional wastewater to an existing sewer connection, or any applicant for a new building permit, shall be required to mitigate infiltration/inflow sources which add extraneous water to the sewer system, thereby reducing its capacity and capability to accommodate new flows, at a rate of one gallon of infiltration/inflow removal for each additional gallon of wastewater that will be discharged to the sewer system as a result of the subject project. In the event a connection is subject to a state sewer connection/extension permit under Code of Massachusetts Regulations Chapter 314, and such permit is conditioned upon the completion of removal of infiltration/inflow prior to connection, said removal of

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

infiltration/inflow shall be credited toward complying with the requirements of this section.

B. Title 5 (310 CMR 15) shall be used to determine flow rates, which will be used to calculate the value of the infiltration and inflow mitigation fee. Said fee shall be calculated based on the net change in Title 5 flows resulting from the subject project. The cost per gallon per day (gpd) of flow shall be as defined in the Schedule of Fees and as approved by the City Council. Existing conditions will be established based on records of the Melrose Assessor's office. For example, a project with a net increase of five bedrooms compared to existing conditions per Assessor's records has an associated Title 5 flow increase of 550 gpd. This is a one-time fee required prior to the issuance of a building permit or any other permit, order or permission for any change, alteration, repair, addition or modifications improving the subject property.

C. The fee assessment, or indication that no fee is required based on a determination of no net increase to sewer flows from the subject project, shall be determined by the Director of Public Works. The Director will not sign off on occupancy for any project for which an outstanding payment is due for any assessed infiltration and inflow mitigation fee, for the subject project or for any other project for which occupancy is sought by the same applicant.

Collection and Disposal
[Adopted as Rev. Ords. 1976, §§ 13-3, 13-6, 20-5 and 20-6 (Rev. Ords. 1989, §§ 8-1, 15-26 and 15-27)]
§ 198-2

Dumping; obstructing sidewalks; placement of refuse containers.
[Amended 6-18-1984 by Ord. No. 785A; 6-18-1984 by Ord. No. 785B; 2-20-2007 by Ord. No. 07-107A]

A. No person shall put or place, or cause to be put or placed, in any street, lane, alley or any other place, public or private, where it may be offensive or objectionable, any ashes, dirt or refuse, nor shall any piece of metal or wood or any plastic in any form or other material injurious to feet or to tires of vehicles or any other rubbish be put, placed or thrown into or on any street, lane, alley or public place. No person shall throw or place on any vacant land, whether public or private, or in any brook, waterway, or pool rubbish, limbs, brush, barrels, boxes, or the likes.

B. No person shall place or cause to be placed on any sidewalk, footwalk or crosswalk any object whatsoever so as to interfere with the convenient use of the same by any person traveling thereon. This shall not apply to building materials placed by permission of the City Engineer. [Amended 5-21-2012 by Ord. No. 2012-158]

C. Residential refuse receptacles shall be watertight with tight-fitting covers of a durable rodent-proof material. A sufficient number of receptacles shall be provided by property owners or their agent(s) so as to adequately contain the amount of refuse produced at each property. Receptacles shall be no larger than sixty-four (64) gallons and have two intact handles.

D. Receptacles shall be tightly covered whenever refuse of any amount is contained therein, have it be on private property, a private way, or a public sidewalk. Refuse shall be stored in receptacles as described in this section except for material which may be placed at curbside under city-sponsored source reduction and/or source separation collection programs in accordance with the guidelines of such programs.

E. Refuse receptacles shall be placed at the curb by 7:00 a.m. on the scheduled collection day, but not prior to 5 p.m. the preceding day, and shall be removed from the sidewalk within twelve (12) hours after collection.

F. The following shall apply to subsections (A) through (D) of this section:

I. Whoever violates any provision of the aforementioned sections shall be penalized in accordance with MGL c. 40, § 21D or MGL c. 270, § 16, not to exceed $100.00 for each violation, provided that each and every day of the violation shall constitute a distinct and separate offense.

II. Property owners or their agents shall be responsible for the retrieval and pickup of any and all scattered refuse stemming from a violation of this ordinance. Failure to

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

comply with this provision shall constitute a separate violation, which may be enforced as authorized above.

III. The Board of Health, the Department of Public Works, and the Police Department through their authorized agents and employees, are hereby empowered to enforce the provisions of this section pursuant to MGL c. 40, § 21D and MGL c. 270, § 16.

IV. No property owner shall be cited for a violation of this ordinance until a written warning is first served upon the party.

G. Any party fined hereunder shall have a right of appeal in accordance with General Laws Chapter 40, Section 21D.

Respectfully Submitted,

Shawn M. MacMaster, Ward 5

Jennifer Grigoraitis, Ward 6

Re: Melrose Affordable Housing Trust Letter of Interest

Dear Mr. Mayor;

Thank you for your considering me to fill one of the seats on the newly established Melrose Affordable Housing Trust. I am interested in serving in this capacity, and I am honored to share my skills and knowledge in the areas of affordable housing.

Prior to my retirement from Cambridge Savings Bank in October 2020, I was the Senior Vice President and Chief Lending Officer of Melrose [Cooperative] Bank, and served there as its senior lending officer for 22 years. One facet of my position that I most enjoyed was the opportunity to work with customers and potential home-buyers of all income levels, and facilitating numerous first-time homebuyer courses we offered in the city. I counseled and advised people on the myriad state and federal programs available to advance home ownership. I also worked closely with the city and prospective homeowners on lottery programs established for affordable units created by the city's inclusionary zoning ordinance. My experience at a local bank provided me the opportunity to closely see the needs for affordable housing in my own community and create products and services to meet that need as we were able. In addition, the Melrose Cooperative Bank Charitable Foundation, a board on which I serve as secretary, included specific desire to foster and advance affordable housing in the communities it served, and this focus continues on that foundation's work today.

I was a founding member of the Melrose Affordable Housing Task Force, established in 1998 to encourage, support and advocate for public and private affordable housing initiatives. We advocated for, and the city ultimately achieved, affordable units in developments such as Oak Grove Village (now Windsor), Webster Willows (Pleasant Street) and Station Crossing (Essex Street) and we were also public advocates for the SRO property on Vine Street operated by Caritas. We were instrumental in the city's passage of its first Inclusionary Zoning Ordinance which led to the creation of more affordable units in the city or payment of a fee in lieu of units. In late 2001 the Melrose Affordable Housing Corporation (MAHC) was formed as a separate private non-profit organization utilizing the resources of the task force and the Melrose Housing Authority, and I have served on that board since its inception. (An organization from which I have resigned effective 7/20/21). Working closely with the North Suburban Consortium, the city of Melrose planning department, and using a combination of federal HOME funds and local bank financing, we added 15 units of affordable units to the city's inventory since our inception, and have long advocated for the creation of the affordable housing trust to access those funds contributed by local developers so that additional permanent affordable housing may be created in the city.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

For over 25 years, I have also served as a board member (and past-president) of Mystic Valley Elder Services, a non-profit organization serving the needs of low- and moderate-income elders and adults living with disabilities in 11 communities (Melrose included.) There are a myriad of ways MVES serves and reaches its clients, and serving on their board has provided me with an understanding of the desires and needs for affordable and/or supportive housing for our elderly and disabled community, in order to allow people to remain independent in their homes as long as they choose.

As a lifelong resident of the city of Melrose, and someone who has been fortunate enough to own a home in Melrose, I see the continued need to advance affordable housing in the city, not only for those who were raised here, and for those who work in our city, but also for those who desire to become part of this community and have been shut-out based on their income and/or assets. My desire is that the affordable housing trust fund becomes one more arrow in our quiver to make Melrose a community open to all.

Thank you for your consideration of my interest. I look forward to meeting with members of our city council to provide any additional information they may request regarding this appointment.

Very truly yours,

James E. Oosterman

MEMORANDUM

To: City Council President Christopher Cinella
From: Mayor Paul Brodeur
Re: Appointment of Anthony Chui as Melrose-Wakefield Health Director
Date: September 13, 2021

It is my pleasure to submit to you and the Honorable City Council the appointment of Anthony Chui as Health Director for the City of Melrose. This position is shared with the Town of Wakefield.

Mr. Chui holds two Bachelor's degrees in Cellular and Molecular Biology and Applied Statistics from Sonoma State University, and a Master's degree in Public Health, Epidemiology of Infectious Diseases from Yale University. He comes to us from the City of Manchester, New Hampshire, where as the Community Epidemiologist and Public Health Specialist his work focused on community prevention strategies to address disease and health risk behaviors pertaining to opioid/substance misuse. His responsibilities in his prior role also included disseminating public health information and conducting data analysis related to COVID-19 community spread and outbreak investigation.

We are fortunate to have the benefit of Mr. Chui's background in epidemiology and experience on the front lines of the public health response to the COVID-19 pandemic. His technical knowledge, strong educational background, and passion for public health make him an excellent choice to serve the Melrose community. I respectfully request the City Council confirm his appointment as Health Director for the City of Melrose.

Thank you for your consideration.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Anthony Chui

Manchester, New Hampshire, United States

[redacted]

linkedin.com/in/anthony-chui

Summary

I am an epidemiologist for the City of Manchester with a focus on social determinants of health that affect substance use dynamics and homelessness.

Experience

Public Health Specialist II - Community Epidemiologist

City of Manchester, NH

Jun 2020 - Present (1 year 1 month +)

I am responsible for performing research and assessments on various public health diseases and health risk behaviors that pertain to opioid/substance misuse. I design, implement, and deliver community prevention strategies through evidence-based care and services. I am charged with coordinating the dissemination of information involving the COVID-19 response and performing data analysis related to community spread and outbreak investigations.

Graduate Research Assistant

Hirsch Brain Function Laboratory

Jan 2019 - Jun 2020 (1 year 6 months)

I used Matlab to analyze eye-tracking data attained from social interaction experiments between healthy participants and participants on the autism spectrum. I also performed database management for experiment data across multiple fMRI projects.

Public Health Evaluation Consultant

Love146

Dec 2019 - May 2020 (6 months)

Worked with a group of graduate students at the Yale School of Public Health and Love146 to create an evaluation plan for their outreach program in Madagascar that addresses child trafficking. Created evaluation tools including surveys, questionnaires, and forum theater outlines to guide future evaluations.

Associate Researcher

Yale University School of Medicine

Jan 2019 - May 2020 (1 year 5 months)

I conducted research on possible mitochondrial toxicity effects of antiretroviral HIV therapy drug Dolutegravir in neuroblastoma cells. I used assays including Western blotting, RT-qPCR, FACS, and Seahorse assays.

Director Of Pharmacy

HAVEN Free Clinic

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Dec 2018 - Feb 2020 (1 year 3 months)
I worked directly with patients through education sessions and answering questions regarding medications that are prescribed. I was responsible for developing and executing quarterly quality assurance and quality improvement goals, overseeing scheduling and training of volunteers, researching the most cost effective options of medications for patients, and improving the EHR system. I was tasked with streamlining intra-departmental workflow and inter-departmental collaboration efficiency with the ultimate goal of decreasing patient wait times.

Clinical Trial Coordinator
Yale School of Medicine, Department of Psychology - Alzheimer's Disease Research Unit (ADRU)
Feb 2019 - Sep 2019 (8 months)
Worked on genetic studies that focused on the genetic risk factors associated with increased rates of dementia, cognitive, and functional deterioration in patients with Alzheimer's Disease. Collected data for pre- and post-mental brain function scores, managed patient data, and organized physician contacts for post clinical trial participation follow-up.

Public Health Consultant
Yale New Haven Health
Dec 2018 - Jul 2019 (8 months)
Worked with a team of graduate students at the Yale School of Public Health (YSPH) to conduct mixed-methods research for Yale New Haven Health (YNHH) regarding the government mandated Community Health Needs Assessment (CHNA). Goals included mapping of areas in surrounding townships and connected health systems specifically for access to essential services. Project involved literature review for information about barriers to access such as healthcare, food security, and housing; key informant interviews and qualitative data analysis; and GIS mapping. Results were presented at the American Public Health Association Conference in Philadelphia Fall 2019. Final report was included in the triennial YNHH CHNA.

Research Intern
CONNECTICUT AGRICULTURAL EXPERIMENT STATION, THE
Sep 2018 - Feb 2019 (6 months)
The Connecticut Tick Testing Laboratory provides testing services for human relevant tick-borne diseases and syndromic surveillance. I was tasked with PCR screening ticks that were submitted to the station, in search of the causative agents of Lyme disease, Babesiosis, and Anaplasmosis. I was also responsible for blood meal extraction from public health relevant mosquito specimens.

Research Associate
Sonoma State University
Aug 2016 - May 2018 (1 year 10 months)

Education

Yale School of Public Health
Master of Public Health - MPH, Epidemiology of Infectious Diseases
2018 - 2020

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Public Health Modelling Concentration

Sonoma State University
Bachelor of Science - BS, Cell/Cellular and Molecular Biology
2014 - 2017

Sonoma State University
Bachelor of Arts - BA, Applied Statistics
2014 - 2017

Montgomery High School
2012 - 2014

Skills

Leadership • Data Analysis • R • Research • Epidemiology

Honors & Awards

Graduation with Distinction - Sonoma State University Biology Department
Dec 2017
I was awarded the honor of 'Graduation with Distinction' from the Biology Department of Sonoma State University. I won the award on the basis of strong academic performances in addition to showing leadership in the realm of research. I led a team of undergraduates in Dr. Lisa Bentley's lab and successfully completed a research project involving the study of soils from Peru. Tropical forest ecosystem processes play an important role in global biogeochemical cycles, including the uptake and storage of carbon. However, these processes can be constrained by the supply of rock derived nutrients. We measured the rock derived nutrient availability and the capacity of soils to retain them on the exchange column shifts across a basin-to-tree line elevation gradient in the Andes-Amazon region. We analyzed how elevation and soil depth changes across a landscape. I contributed to the discipline beyond purely academic performance in courses. I believe this award demonstrates my ability to contribute to research at the highest level and is a testament to my work ethic while demonstrating my invaluable leadership qualities. While I completed my Bachelor of Science in a rigorous Molecular and Cell concentration of Biology, I also completed a separate Bachelor of Arts in Applied Statistics, which shows that I am capable of maintaining a balance between academics and research.

Horstmann Merit Award - Yale School of Public Health
Aug 2018
Recipients demonstrate strong leadership qualities, outstanding interest and passion for public health and academic achievement.

To: City Council
Cc: Mayor Brodeur
From: Polina Latta, Human Resources Director
Re: Melrose-Wakefield Heath Director Recruiting Process
Date: September 7, 2021

- The HR Department used broad and diverse recruiting strategy when recruiting for the Melrose-Wakefield Health Director role. The position was posted in April 2021 and reposted in July 2021 for approximately a month each time, since our initial search did not result in the caliber of qualified candidate needed to fill this role. We used the following sources:

    1. City wide e-mail
    2. City Employment site
    3. LinkedIn
    4. Mass Municipal Association (MMA)
    5. Mass Health Officers Association
    6. The Partnership Inc.
    7. AMARU
    8. NAACP Mystic Valley network
    9. DEI- taskforce networks

- The hiring committee consisted of Melrose Human Resources Director, Wakefield Human Resources Director, current Health Director, one member of the Melrose Board of Heath and one member of the Wakefield Board of Health. Resumes were reviewed by the full hiring committees and they conducted the first round of interviews. The second round of interviews was conducted by Mayor Brodeur and Town Administrator Steve Maio.

- Our last job posting resulted in 21 candidates (19 external, 2 internal). Total of 6 candidates were interviewed, and two were recommended for the second interview (one internal and one external candidate).

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Anthony Chui stood out among the rest of the candidate, with his technical knowledge, strong education and passion for public health.

  - He holds two Bachelor's degrees, one in Cellular and Molecular Biology and one on Applied Statistics. He also earned a Master's in Public Health, Epidemiology of Infectious Diseases from Yale University, where he was recognized for his leadership qualities and academic achievement that includes two publications in Public Health. Anthony demonstrated he can balance academics with professional development. While working on his Master's degree he held consulting and leadership roles in Public and Community Health and academic research.

  - His last position was Community Epidemiologist and Public Health Specialist II with the City of Manchester, New Hampshire, more specifically in the Strategic Initiatives and Quality Improvement department of Public Health. There his focus shifted from creating strategies to address public health diseases and substance misuse to COVID responsiveness and information distribution. Anthony's leadership and communication skills helped him form strong working partnerships with community and state agencies, Public Safety departments, School and City leadership.

  - His strengths lie in his technical knowledge, focus on transparency and measurable results based on accountability framework. He impressed the hiring committee with his strategy to public health: data driven and evidence- based approach, balanced by qualitative analysis and the ability to communicate data to provide meaningful understanding and education to individuals and the community.

  - In Manchester, Anthony also became appointed as the Chair of the Diversity, Equity and Inclusion Committee tasked to improve the wellbeing of the community by increasing diversity in the workforce and adopting a policy driven approach to DEI.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

My name is Anthony Chui. I am an epidemiologist by training with several years of experience in the field of Public Health, working primarily on substance use disorders. I hold a Bachelor of Science degree in Molecular and Cell Biology and a Bachelor of Arts degree in Applied Statistics from Sonoma State University in California. Most recently, I attained a Master's in Public Health degree with a focus on infectious disease epidemiology from the Yale School of Public Health. As an epidemiologist, using data to inform decision making has become one of the most important skills to come out of working on both the COVID-19 pandemic and the opioid epidemic. I am well-versed in emergency response and preparedness, coordinating efforts between key stakeholders to best respond to the situation. I am aware of the duties and roles involved as the health director. In my previous organization, I worked with partners across multiple sectors at both the local and State level, including police, fire, and care coordinators. I understand the requirements and I am confident that I will be able to serve both the City of Melrose and the Town of Wakefield.

SEAMUS KELLEY

259 West Emerson Street, Melrose, MA 02176

SUMMARY

Operations and public policy leader with over 15 years of management and decision-making experience with a focus on project management, government affairs, public policy, strategic implementation, and external relations.

CORE ACCOMPLISHMENTS

- Operational lead for the *Health Connector for Business* online and customer service platform that launched in 2017.
- Managed the Health Connector's government relations and community outreach work during the challenging launch of the Health Connector's *Affordable Care Act* compliant website (2013-2015).
- Developed strategies to promote and achieve the legislative, programmatic, and budget priorities of the Executive Office of Housing & Economic Development (EOHED) over four years.
- Recipient of the Governor's Citation for Outstanding Public Service (2014).

PROFESSIONAL EXPERIENCE

MASSACHUSETTS HEALTH CONNECTOR, BOSTON, MA **2013 – PRESENT**

ASSOCIATE DIRECTOR OF PROGRAM MANAGEMENT 2015 – PRESENT

Implementation and operations lead for new initiatives that impact the customer experience and meet agency objectives.

- Currently manager of the customer service and operations vendor for the *Health Connector for Business*:
    - Responsibility for high performing front office and back office customer service, including premium billing, enrollment, member escalations, call center, inventory management, and monthly renewals.
    - Led a team of six that manually transitioned ~500 companies to a new IT platform.
    - Developed policies, procedures, communications, and training materials for the customer service and operations vendor to comply with state and federal regulations.
- Launched the Health Connector's 2015 initiative to have walk-in offices located at key community-based partners in Fall River, Lowell, Brockton, and Springfield. Work included designing program model, budget, developing staffing and training plans, and monitoring performance.
- Served on procurement teams that evaluated and selected vendors for marketing, communications, IT implementation, and community outreach.

ASSOCIATE DIRECTOR FOR LEGISLATIVE AFFAIRS 2013 – 2015

Managed legislative, government affairs, and community outreach during a challenging time at the Health Connector when a new eligibility and customer service system failed.

- Oversaw the Health Connector's relationship with the Massachusetts Legislature and other elected officials.
- Represented the Health Connector at weekly status meetings with Governor Deval Patrick's and Governor Charlie Baker's offices to address escalated issues from the Legislature.
- Worked with Governor Deval Patrick's office and House and Senate leadership to handle politically sensitive issues that impacted the Health Connector.
- Coordinated executive-level testimony before several oversight hearings of the Legislature.
- Overhauled the Health Connector's constituent service staff by establishing a centralized database and put new controls in place to track constituent cases.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Led the Health Connector's community outreach events in Boston, Fall River, Fitchburg, Springfield and Worcester.

UNIVERSITY OF MASSACHUSETTS MEDICAL SCHOOL, QUINCY, MA **2011 – 2013**
PROJECT MANAGER
Provided project management support to MassHealth to implement the ACA.

- Utilized project management skills to help MassHealth reform its service delivery model for provider credentialing and on-boarding.
- Designed a roadmap to reach ACA compliance by working with MassHealth leadership staff and vendors to create a project schedule and scope to see it through the project's lifecycle.
- Developed critical project management skills, including designing projects, establishing milestones, running meetings, reporting progress and managing risk to meet deliverables in a timely and cost-effective manner.

EXECUTIVE OFFICE OF HOUSING & ECONOMIC DEVELOPMENT, BOSTON, MA **2007 – 2011**
LEGISLATIVE DIRECTOR
Advocated for EOHED's legislative and policy agenda, first as the housing and community development lead and then adding the economic development portfolio.

- Executed strategies to achieve EOHED's legislative and budget priorities before the Legislature.
- Coordinated with administration officials, legislators, legislative staff, advocates, businesses, trade associations, non-profits, and other stakeholders to accomplish several high-profile legislative victories, including:
    - *An Act Providing for Job Creation by Small Business* (2010), an omnibus bill that restructure the state's economic and community development incentive programs.
    - *An Act Preserving Publicly Assisted Affordable Housing* (2009), a bill that addressed how communities and developers handle expiring affordable housing deed restrictions.
    - Supplemental funding for the *Emergency Assistance Shelter Program* (2009), a program that houses homeless families.
    - An *Article 87* bill that reorganized the state's homeless services from the Executive Office of Health & Human Services to EOHED (2009).
    - Enactment of $1.275 billion *Housing Bond Bill* (2008).
- Monitored EOHED's legislative and political outlook, identifying trends and obstacles that the secretariat faced that could have a negative or positive impact on key priorities.

STATE SENATOR HARRIETTE L. CHANDLER, BOSTON, MA **2005 – 2007**
LEGISLATIVE DIRECTOR

- Responsible for researching, drafting, and tracking legislation and amendments sponsored by the senator and developing her budget priorities.

U.S REPRESENTATIVE JIM MCGOVERN, WASHINGTON, DC **2002 – 2004**
LEGISLATIVE ASSISTANT

- Oversaw all forms of constituent correspondence in the Washington, DC office.
- Coordinated federal funding earmarks and grants for municipalities and non-profits.
- Managed the office's Washington, DC intern program.

August 17, 2021

Mayor Paul Brodeur
Melrose City Hall
562 Main Street
Melrose, MA 02176

Mayor Brodeur:

Thank you for asking me to serve on the City of Melrose's Affordable Housing Trust Fund, subject to approval by the City Council. Addressing the issue of affordability in Melrose is important for our current and future residents.

I would bring a strong background and interest in housing affordability to this position. For the last year, I have served on the Melrose Housing Production Plan Advisory Committee. The Advisory Committee has helped shape the Housing Production Plan[1], has discussed our current and future affordability challenges with the public, and has reviewed detailed data about the state of affordability in Melrose. In reviewing the data, affordability is a significant challenge for current renters and owners as well as prospective residents.

Additionally, from 2007 to 2011 I served as a legislative director at the state's Executive Office of Housing & Economic Development. In this position I advocated for then Governor Deval Patrick's housing program before the state Legislature. Much of my work was around very low-income housing (i.e., homeless assistance, public housing) and low to moderate-income housing (i.e., state housing bond financing, expiring use restrictions, and Chapter 40B regulations). This work exposed me to the variety of housing types across cities and towns and their funding mechanisms.

Again, thank you for asking me to serve on the City of Melrose's Affordable Housing Trust Fund. If approved it would be an honor. Attached is my resume for your review.

Sincerely,

Seamus Kelley
259 West Emerson Street
Melrose, MA 02176

[1] As of August 17, 2021, the work is not complete.

From : Tim Bailey
62 Glen Street
Melrose, MA 02176

Date: 09/28/2021

Dear Denise,

Thank you very much for the opportunity to be considered for a position on the Melrose Planning Board. My interest in joining the planning board is for many reasons. The overarching reason is I love the City of Melrose and want to contribute to its continued success and excellent reputation.

That said, I have been a registered architect since 2009 (12 years) and have been working professionally in a firm in the Seaport (Margulies Perruzzi Architects) since 2005. My interest in architecture (mostly as a designer) makes me appreciate the built environment around me and gives me a great background on what existing conditions to cherish and preserve, and what conditions could be improved and evolve to create and even better environment for the myself and others that visit and live in Melrose.

I have been a Partner at Margulies Perruzzi for the last 6 years, and that position of part-owner, has made me branch out into areas of management and leading my company as a designer. My work also requires me to present on behalf of my clients to other respective planning boards, so I am already very familiar with the process of how the planning board will work. I have helped my clients to not only design buildings that feed economic and social development, but ones that are also designed in a way that are sensitive to sites they reside on, sensitive to neighboring entities, and provide positive impacts for the client and the city.

Lastly, I have some personal goals as an architect which I think can contribute to the Melrose Planning board. I appreciate good design and would look to contribute to the board with that design background. Also, sustainability is a big part of my personal and professional life. I am LEED registered professional and strive to be more sustainable not only for the projects that I design, but for the life I live in general.

In conclusion, I hope that for the reasons mentioned above (and I am sure the many reasons that will evolve in the future), I am appreciative of your consideration for this opening on the Melrose Planning Board. I am eager to contribute in a meaningful way to help not only the city of Melrose but the people that call Melrose home, and visitors alike.

Attached is my professional resume, but more information is available on LinkedIn as well.

Dear Karen

It was really nice to see and talk with you today. Thank you for telling me about the open availability regarding the Melrose Disability Commission. I am very interested in applying for a spot on this special and important committee. As you know I myself have a disability.. I was born with spastic diplegic cerebral palsy and have dealt with many issues because of it. I have a couple of friends who have a disability as well and we have talked about various issues we have encountered and came up with some good ideas about possible ways to fix them or at least make these issues more manageable to deal with. I am also a licensed Certified Occupational Therapy Assistant so I have also dealt with numerous people with varying disabilities in that capacity. At a patients discharge planning meeting i have frequently discussed issues and concerns my patients might face upon re-integrating back into their communities. I believe I would not only be able to provide valuable input about my own personal struggles but also as the struggles I have discussed with others with disabilities. I strongly believe I can also come together with others to help provide solutions or ways to make to these issues and concerns easier to deal with. I myself try really hard to deal with struggles and issues in a positive way. I am a very friendly, easy going person and I love dealing with people. I respectfully ask you to please consider me for this available opening with the Melrose Disability Commission. I truly believe that I would be a valuable asset to this committee which would also allow me to help make Melrose a better community. Thank you again for letting me know. Please feel free to call me with any questions. I look forward to hearing from you.

Sincerely,
Judy Bushee

The Honorable Paul Brodeur
Mayor of the City of Melrose
Melrose City Hall
562 Main Street
Melrose, MA 02176

RE: Appointment to the Melrose Commission on Women

Dear Mayor Paul Brodeur-

I am pleased to submit this cover letter for the appointment to the Melrose Commission on Women ("MCW"). My family has resided in the City of Melrose for the past 15 years. We have found that Melrose is a City that aims at providing opportunity for people from various walks of life. In fact, when we mention that we live in Melrose, people take notice, and have great things to say about our City.

I am interested in being appointed to the MCW because I believe that women have unique issues that need to be addressed. Moreover, women and girls need to feel confident in themselves and their abilities and be assured that their voices are heard. I have worked mentoring young women and women of various ages and believe that I will bring my experience and a listening ear to women so that they know that they are valuable members of our community.

I pride myself in my ability to work effectively with others as a team player and to speak positivity into the lives of others. Kindly accept this correspondence as a Letter of Interest in being appointed as a Commissioner on the MCW. You will see that I will make a valuable addition to the MCW. I look forward to an opportunity to serve on this Commission.

Sincerely,

Alicia A. McNeil

Order #: ORDER-2022-39

Be It Ordered, by the City Council that the ward and precinct boundaries of Melrose as enumerated herein, together with the map and the block listings be, and are hereby approved.

This is in accordance with Massachusetts General Laws, Chapter 54, Sections 1 and 2, and the actual 2020 U.S. Census data as supplied.

FINANCIAL IMPACT:<<Enter Financial Impact Here>>

RESULT:	**ASSIGNED TO COMMITTEE**

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

William Francis Galvin
Secretary of the Commonwealth - 2020 Census Liaison

United States Census 2020

Local Re-Precincting

Municipalities have the initial responsibility of establishing ward and precinct boundaries, which become the building blocks in determining legislative and local government districts.

A **precinct** is the smallest geographically bounded unit used for state election purposes. A precinct is where one polling place in a municipality is located. A **ward** is a geographically bounded unit for election purposes, which consists of one or more precincts.

Towns with representative town meetings elect their members by precinct and cities choose political party committees and sometimes city council members or other officials by ward. In some municipalities, the council members are elected by districts, which are created using precincts.

After obtaining the necessary local approval, each city and town must submit their plans, including maps, population information and a legal description of the boundaries of each ward and precinct, to the Secretary of the Commonwealth who thereafter makes this information and material available to an independent commission known as the **Local Election Districts Review Commission (LEDRC)**.

ESTABLISHMENT OF WARDS AND PRECINCTS

Each city and town, unless otherwise exempt, is required to establish ward and precinct lines every ten years, following the federal census if:

- the wards of a city do not contain approximately equal numbers of residents so that each ward's population is within 5 percent of the average;
- a ward not divided into precincts contains more than 4,000 residents;
- a town contains more than 6,200 residents; or
- a precinct contains more than 4,000 residents.

Even if a city or town does not need to re-draw their precinct lines because their existing plan remains in conformity with the law, they must still file all the necessary information based on the latest federal census figures and have the plan reapproved by the LEDRC.

STANDARDS

The law requires that voting precincts established by a city or town must meet the following requirements:

- Each new precinct must be "composed of compact and contiguous territory" without protruding fingers or long tails.
- Precincts must be bounded by the center-line of streets or other well defined boundaries such as streams or other bodies of water, railroad tracks, power lines or other clearly visible geographic figures. These features must be recognized as block boundaries by the United States Bureau of the Census and appear on their official block boundary maps. Rear lot lines or other imaginary lines are not acceptable. The use of census boundaries provides redistricting authorities with not only a definitive number of inhabitants in a fixed area, but with demographic information obtained from the federal census, which is essential to any redistricting plan.
- No precinct may contain more than 4,000 residents.
- Every precinct's population must be within five percent (5%) of the average precinct population for that ward or town. Ward populations must be within five percent (5%) of the average ward population for the city.
- Redrawn precinct and ward boundaries must not result in the dilution of minority group members' votes.

For state election purposes, precincts established during the re-precincting process may not be changed in a ward or town which is in more than one senatorial, representative or governor's council district. They may be changed for local elections only and in this case two sets of precinct lines must be maintained.

For the purposes of dividing a city or town into precincts and of apportioning representation in any elected municipal body, the figures reported by the federal census are the only numbers used.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

CITY OF MELROSE

OFFICE OF THE CITY CLERK

Kristin Foote
City Clerk

Melrose, Massachusetts 02176
Telephone – (781) 979-4116

To: Honorable City Council
City of Melrose

Date: September 30, 2021

Re: **Order No. 2022-39 Census Data of 2020, Map, Ward and Precinct Revisions**

Dear Honorable City Council,

Every ten years' federal census data is provided to the Office of the Secretary of the Commonwealth, as census liaison, for analysis and distribution to the 351 Massachusetts communities to be used as a basis for redistricting, should population variations occur. The 2020 census data reflects a 10.5% increase in Melrose population from 26,983 in 2010 to 29,817. As expected, the Ward and Precinct map of Melrose and corresponding boundary descriptions need revision based on this increase. According to the Secretary's Office the law requires that precincts as established by a city or town meet the following requirements where possible:

- Each new precinct must be "composed of compact and contiguous territory" without protruding fingers or long tails.
- Precincts must be bounded by the center-line of streets or other well defined boundaries such as streams or other bodies of water, railroad tracks, power lines or other clearly visible geographic figures. These features must be recognized as block boundaries by the United States Bureau of the Census and appear on their official block boundary maps. Rear lot lines or other imaginary lines are not acceptable. The use of census boundaries provides redistricting authorities with not only a definitive number of inhabitants in a fixed area, but with demographic information obtained from the federal census, which is essential to any redistricting plan.
- No precinct may contain more than 4,000 residents.
- Every precinct's population must be within five percent (5%) of the average precinct population for that ward or town. Ward populations must be within five percent (5%) of the average ward population for the city.
- Redrawn precinct and ward boundaries must not result in the dilution of minority group members' votes.

The SOC has taken the above factors into consideration when supplying the proposed materials. Attached hereto please find the information supplied by the Office of the Secretary for your review and approval.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Part I ADMINISTRATION OF THE GOVERNMENT

Title VIII ELECTIONS

Chapter 54 ELECTIONS

Section 1 DECENNIAL DIVISION OF CITIES INTO WARDS AND PRECINCTS

Section 1. In the year 2001, and every tenth year thereafter, no later than June fifteenth, a city, by vote of its city council may, or if the existing wards in such city do not contain, as nearly as can be ascertained, an equal number of inhabitants, shall make a new division of its territory into such number of wards as may be fixed by law. Any such vote of a city council hereunder dividing a city into wards shall, at the same time, divide each ward into such number of precincts as is required by section two. Within 7 days of the last day the city council may vote, the city clerk shall give written notice to the state secretary of the number and designation of wards and precincts provided for in this section and in section two, together with an official map and description of said wards and precincts indicating, as nearly as can be ascertained, the numbers of inhabitants residing therein. The provisions of this section and section two shall not apply to any city which has a special law to the contrary covering the procedure for the division of wards and precincts.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The state secretary shall make available to the local election districts review commission, for its scrutiny, the written notices, maps and descriptive information submitted to him by city clerks in reference to the new or unrevised wards and precincts of their respective cities under this section. If the said commission shall find that any such plan of new or unrevised wards or precincts of any city conflicts with the applicable requirements of this chapter, or is of questionable constitutionality, it shall transmit a written notice of such findings, with a clear indication of the deficiencies of such plan, to the mayor of such city, or in a city having a council-manager form of government to the city manager, not later than 35 days after the final day to give written notice to the state secretary. Said mayor or city manager shall, within 7 days following his receipt of such notice, present to the city council of such city his recommendations for a division of the city into wards and precincts free of the defects cited by the commission. If the city council shall fail to ordain such division, or a substitute division, conformable to this chapter within 7 days after said presentation by said mayor or city manager, he shall issue forthwith, not later than 14 days after the last day to receive notice from the local election district review commission, an executive order making a division of said city into wards and precincts subject to the approval of the local election districts review commission which shall take effect according to the provisions of this chapter, as though it had been ordained by the city council.

For any city that fails to act by the forty-ninth day following the final day to give notice to the state secretary, the local election districts review commission shall, within 15 days, make such division of the city into

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

wards and precincts or appoint a master who shall make such division which shall be subject to approval and amendment by the commission. The cost of redistricting by a master shall be paid by the city.

Should the state secretary determine that decennial federal census figures are available at such time as to allow this process to begin earlier, the state secretary shall designate the date on which such process shall begin.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Part I ADMINISTRATION OF THE GOVERNMENT

Title VIII ELECTIONS

Chapter 54 ELECTIONS

Section 2 DIVISION OF CITIES AND WARDS INTO VOTING PRECINCTS; CENSUS; EFFECT UPON FORMATION OF CONGRESSIONAL, REPRESENTATIVE, SENATORIAL OR COUNCILLOR DISTRICTS

Section 2. Each city shall be divided into convenient voting precincts, designated by numbers or letters and containing not more than four thousand inhabitants. Every ward shall constitute a voting precinct by itself, or shall be divided into precincts containing as nearly as may be an equal number of inhabitants, consisting of compact and contiguous territory entirely within the ward, and bounded, so far as possible, by the center line of known streets or ways or by other well defined limits that constitute block boundaries recognized by the United States bureau of the census. If a ward constituting one precinct contains more than four thousand inhabitants, the aldermen shall divide it into two or more voting precincts. They may so divide a ward or precinct containing less than four thousand inhabitants. Except as provided in section one, when new precincts are established, the new division shall take effect on the thirty-first day of December following the making thereof.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Notwithstanding any authorization or requirement of this chapter, any precinct established or remaining unchanged following the decennial federal census shall remain unchanged for the purpose of forming congressional, representative, senatorial or councillor districts based on said census until the formation thereof as aforesaid, and if such precinct is within a ward the territory of which in such formation is included in two or more congressional, representative, senatorial or councillor districts, shall remain unchanged for the purpose of electing such officers so long as such districts are required by the constitution to be used for such purpose.

GOVERNOR

KARYN E. POLITO
LIEUTENANT GOVERNOR

August 5, 2021

Dear Joan,

Congratulations! I am pleased to notify you that The City of Melrose has been awarded an Urban Agriculture grant of $9,339.00. I want to thank you for your commitment to increasing the opportunities for your community to garden, creating new food access points. Through this funding and your continued work, we hope to expand access to healthy, nutritious food for all families in the Commonwealth.

You will be receiving further instructions on next steps, and please feel free to me at any time if you have any questions.

Best regards,

Rose Arruda
Massachusetts Department of Agricultural Resources
rose.arruda@state.ma.us

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Section 2:

Summary: The main goal is to replace 23 gardening beds at 2 Greenleaf Place (Franklin Field) in Melrose, Massachusetts with longer lasting materials and an improved design for enhanced accessibility and critter control. Additionally, we'd like to invest in additional tools and infrastructure and purchase beneficial microorganisms for use in the community garden. ~~Finally, we'd like to purchase supplies for the Melrose seed library and host educational seminars on gardening topics for both children and adults~~. The total amount requested is ~~$9,607.30~~ $9340.22 JB.

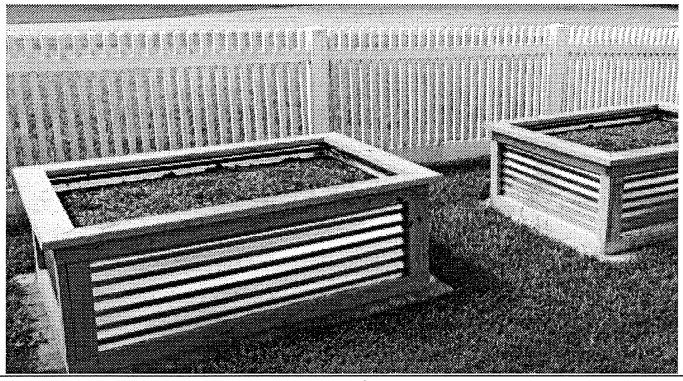
Section 3:

Part A: Detailed Project Description

1. Project Description: Describe purpose/objectives/scope of work for all tasks and a detailed timeline with milestones for all phases of the project, in monthly increments. Address all of the criteria outlined in Section G: Evaluation Criteria on Page 8-9. Also provide information regarding water and electricity availability for this project.

Background

The Melrose community garden was initially constructed in 2017 and further expanded for the start of the 2018 and 2021 growing seasons. It is located at Franklin Field in Melrose, Massachusetts. Currently, the garden has 38 garden beds; four of the beds are dedicated to the McCarthy House, a high-rise elderly housing development (667 program) in Melrose. Additionally, two of the beds are dedicated for seed saving initiatives and we hope to stock the Melrose seed library and become more self-sufficient in supplying their catalog of seeds. Interested Melrose residents are placed on a waiting list until a plot becomes available and a yearly gardening fee is assessed for each plot. The McCarthy House beds are divided among residents and are provided at no cost to these residents.



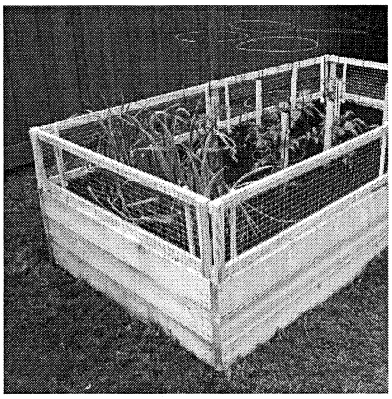
The original garden beds are starting to show extensive wear and in an effort to preserve access to the community garden we propose to use this grant to replace the 23 beds constructed in 2017 and 2018 with more robust material that has the potential to last many more years. Additionally, funds are proposed for enhancing the tools, auxiliary infrastructure of the garden, and providing access to organic gardening pest control methods. Finally, we'd like to use funds to further the Melrose seed library initiatives as well as more gardening educational initiatives in Melrose. The detailed plan is described below and the associated costs are summarized in the following tables.

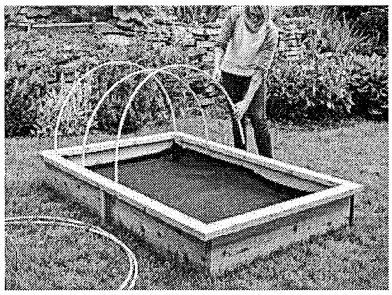
Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

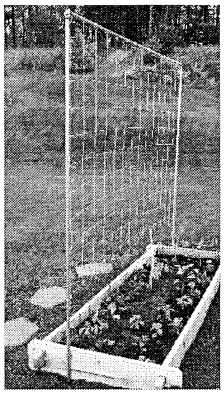
Garden Bed Construction

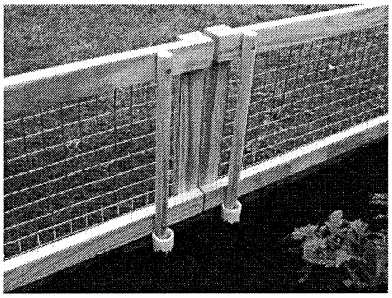
We plan to replace the 23 garden beds with a similar 4 feet wide x 12 feet long x 2 feet tall beds. This provides a similar foot print to the existing beds but with a slightly higher bed. This will provide improved ergonomics for gardening and we hope this will engage senior and less mobile gardeners. Additionally, the flat tops allow gardeners a place to sit while tending to their vegetables. We hope the enhanced height will deter animals from coming into the beds.

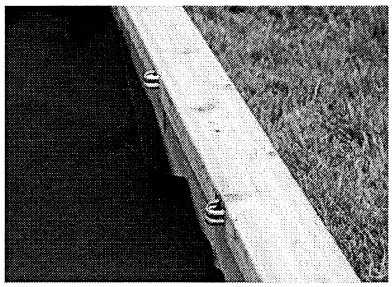
The bed design is based upon a DIY plan found on-line and will be further adapted to meet our needs. In order to save on the cost of lumber and other building supplies we anticipate using galvanized metal with an HDPE recycled plastic frame. We anticipate the choice of these materials were enable a robust bed that lasts for many years.

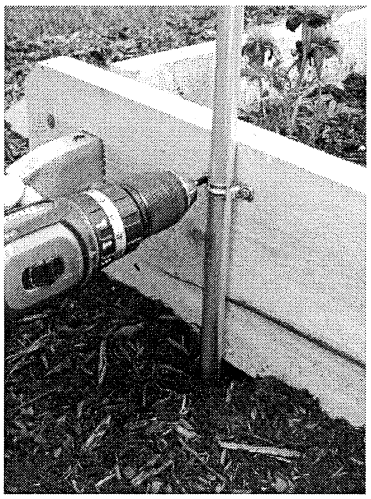












Beds will be scaled to 4'x12'x2' beds.

Reference: https://www.protoolreviews.com/how-to-make-raised-garden-bed/

We will also add piping conduit within the bed to facilitate the construction of season extension equipment, critter control fencing or a trellis. To realize this goal, two feet long EMT pipes will be installed on the inside of the bed every 3 feet for the 12 foot length of the bed and 2 installed along the 4 foot length of the bed. This provides a conduit for which smaller pipes can be easily slipped in or directly attached with pipe connection. Thus, this provides a universal connecting point for a variety of options as shown in the pictures below. The actual cost of these attachments will be covered by the garden or other entity (for the fence), or the plot's renters (hoops/trellis).

Fence	Season Extension Hoops	Trellis System

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

		
	 *Instead of sliding hoops into the metal brackets the hoops will slide into conduit pipe sleeves as shown in fence figure	 *Instead of directly attaching the trellis to the side of the bed, the piping sleeve built within the bed will allow for an attachment point for the trellis.

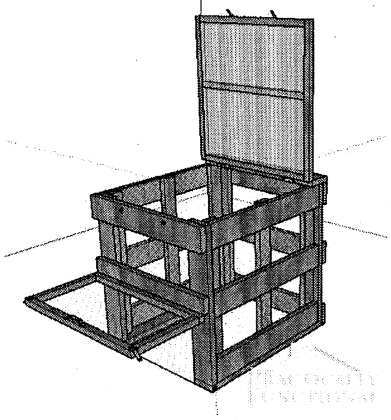
Additional Tools and Infrastructure



We'd also like to secure funding to upgrade some infrastructure and purchase additional tools for the garden space. The procurement of a wheelbarrow/garden cart that has 2 wheels rather than the traditional single wheel system will allow our older gardeners more independence with carrying out garden tasks. This two-wheel system will help folks more easily balance loads. We'd also like to add a simple outdoor vertical storage closet where we can store larger tools such as rakes and hoses. With the increased number of gardeners, we also recognize that 2 additional hand shovels are needed to accommodate more simultaneous planting. The procurement of a rake will assist in leaf

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

clean-up in the fall. Finally, we'd like to add an ADA accommodate picnic table under the tree at the garden where patrons can stop and share a meal with family and fellow garden members.

Soil Care

As we assess hurdles for adoption of gardening and seed starting within our members we know the educational seminars are only 1 portion of the tools needed to embrace gardening. One important component of starting and growing plants is finding suitable containers to grow them. To this goal, we propose the construction of 2 "take a pot, leave a pot" bins that would be distributed around Melrose. This would provide homes for Melrose community members who have excess pots from purchased seedlings to leave them to be reused by other community members looking to start seeds. This provides not only the benefit of facilitating seed starting but also keeps these valuable pots out of our recycling/landfill waste streams.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Timeline:

September 2021

Week 2-3: Construct a prototype bed to ensure that further mass production will result in the successful construction of the beds

October 2021:

Week 1: Ensure that garden clean up from the previous season has occurred and begin demolition of original garden beds.

Week 2: Cut all pieces needed for the 23 beds

Week 3-4: Install the 23 new garden beds and re-fill garden beds with soil, compost and hay in preparation for winter.

November 2021:

Week 1: Purchase materials needed for seed saving project to commence in January. (Ink, paper, baggies, markers, clips)

April-June 2022

Purchase of the Compost and Salt Marsh Hay
Purchase and installation of additional garden tools and infrastructure

2. 2. Qualifications and Experience: Describe and document relevant qualifications and experience of the applicant organization and the principals that will be involved in the grant funded activity. List relevant work, projects and those of any external partnering entity and demonstrate that the applicant has sufficient, relevant experience and success in developing and operating a large-scale enterprise. List the individuals who will work on the project and the respective roles. If applicable, past awardees must provide a short description on the gains from their award: provide total production in pounds, net profit and revenue increase, as a direct result of past grants from the MUAP.

The Melrose community garden was constructed in 2017 and has been an active gardening community with a current waiting list of over 50 people. The expansion of the garden in 2021 was made possible through a Massachusetts Urban Agriculture Grant. Therefore, we are familiar with the requirements of this grant. The garden will be managed by local volunteers from the Community Garden group. The maintenance of individual plots will be the responsibility of that year's plot owner. The Melrose seed library is currently managed by Melrose volunteers and they will provide oversight and management of the seed library needs. More advanced gardeners will tend to the garden plots with the assistance of more inexperienced gardeners willing to learn more about seed saving. Overall maintenance of the area will continue to remain under control of the Park Department of the City of Melrose. The original Melrose community garden was partially funded by a grant from the Melrose Rotary Association.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

3. 3. Permits and Approvals: Proof of all necessary permits and approvals needed and any responsible agencies. Please include documentation of your City's approval for agricultural use.

The garden plots are on City of Melrose owned land. The garden will be managed by local volunteers from the Community Garden group. The maintenance of individual plots will be the responsibility of that year's leases. Overall maintenance of the area will continue to remain under control of the City of Melrose Parks Department.

Part B: Project Budget

1. Provide Budget: Include all costs, an itemized, detailed listing; associated with the scope of work (Items not identified in the application will not be eligible for award). Please list, if applicable, what expenditures are targeted for your matching funds
2. Project funding sources: List all funding sources including matching funding commitments and copies of commitment letters.

Project Budget

Garden Bed Construction

	Description	Cost
Recycled Plastic Lumber Each bed needs (2) 2x6x8 RPL (4) 2x4x12 RPL	2x6x8 RPL= 23 beds x2= 46 2x4x12 RPL= 23 beds x 4 = 92	46x $24.18=$1,112.28 92 x $23.58 = $2,169.36 **Total $ 3,281.64g**
Corrugated Steel Each bed needs (2 feet x 12 feet panel) x 2 panels = (2 feet x 8 feet panel) x 1 panel to cut in half	12 foot panel = 23 beds X 2 panel = 46 panels 4 foot panel = 23 beds x 1 panels =23 panels	12 feet panels[a] 46 panels X $27.98 = $1,287 4 feet panels[b] 23 panels X $18.48 = $425.04 **Total = 1,712.04**
Screws	(2) boxes ss propack 385 pc	**$271.72**

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Electrical Metallic Tubing Pipe (1 inch diameter) Each bed needs 2 feet of EMT pipe x (10 anchor pipes along the length + 4 anchor pipes along the width) = 2*14 anchors = 28 feet of EMT pipe for each bed	28 feet of EMT pipe for each bed X 23 beds = 644 feet of EMT pipe/10 feet pipes = 65 pipes are needed	65 (10 feet pipes) X $14.95 **=$971.75c**
Conduit 2-Hole Straps 14 anchors with 2 straps used per anchor = 28 straps needed per bed	28 straps * 23 beds = 644 straps for all beds 1 in. EMT Conduit 2-Hole Straps (100-Pack)	7 packages of straps X $32.82 = **$229.74**[d]
Screws needed for EMT Pipe Installation 28 straps X 2 holes = 56 screws	56 screws * 23 beds = 1,288 screws #8-18 x 3/4 in. Phillips Pan Head Lath Drill Point Screw (600-Pack)	$22.98 for 600 screws x 2 = 45.96[e] + $8.58 for 200 screws[f] **$54.54**
Total		**$6,521.43**

Category	Total
Garden Bed Construction	$6,521.43
Additional tools and storage (as Itemized)	$1,862.94
Plant Protection	$26.35
Compost	$148.50
Salt Marsh Hay	$90.00
Admin Cost	$691.00
Grand Total	**$9,340.22**

Part C: Project Evaluation

1. Criteria: Define your criteria or proposed methods for evaluating and measuring project success.

   The measurement of success for this project is when the community gardeners are able to garden in their newly rebuilt beds, enjoy the use of new tools and infrastructure, attend library educational seminars/programs, and apply organic pest control methods..

2. Long Term Plan: Outline your plan for sustaining the project beyond the grant period.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The garden is currently supported by the yearly dues that Melrose residents pay for a plot (excluding McCarthy House beds). As seen in figure 3, the enclosed space at Franklin field is fully occupied. In order to continue expanding the Melrose community garden other areas within Melrose need to be identified for expansion opportunities and appropriate land-use approvals. New areas would then be presented to the city for consideration. Funding resources such as collected membership dues, follow-up grants from the Melrose Rotary or new grants would all be explored to continue the Melrose community garden in the years to come.

3. Final Report: All applicants accepted for funding will be required to complete a final report evaluating project outcomes and any lessons learned that could be applied elsewhere.

Part D: Attachments

1. Map of Project Area (if applicable);

DENISE GAFFEY
City Planner

To: Mayor Paul Brodeur
From: Denise Gaffey
Meeting Date: October 4, 2021
Subject: Public Library Renovations
Order #: ORDER-2022-29

I respectfully request that the Honorable City Council enact the following order:

BE IT ORDERED that the City appropriates $21,010,000 to pay costs of constructing an addition to and remodeling, reconstructing and improving the Melrose Public Library, including related planning, design, equipment and other costs incidental and related thereto; that to meet this appropriation, the Treasurer, with the approval of the Mayor, is authorized to borrow said amount pursuant to Chapter 44, Section 7(1) of the General Laws, or pursuant to any other enabling authority, and to issue bonds or notes of the City therefor; that the Mayor is authorized to take any other action necessary to carry out this project; and that any premium received upon the sale of any bonds or notes approved by this order, less any such premium applied to the payment of the costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this order in accordance with Chapter 44, Section 20 of the General Laws, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount; provided, however, that the amount of the borrowing authorized by this vote shall be reduced by any grants, gifts or other amounts received by the City for the library project, including, but not limited to, grant amounts from the Massachusetts Board of Library Commissioners and amounts provided by the Board of Trustees of the Melrose Public Library.

The funds borrowed pursuant to this Order will be deposited into Fund 3390.

Sincerely,

Paul Brodeur
Mayor

MEMORANDUM

TO: Melrose City Council

CC: Mayor Paul Brodeur
Patrick Dello Russo, City Auditor & CFO

FROM: Denise Gaffey, Director of Planning and Community Development

DATE: September 8, 2021

RE: Funding Authorization Order for the Melrose Public Library Project

---

As you know, the City was recently notified by the Massachusetts Board of Library Commissioners (MBLC) that the Board has approved a provisional grant award for the Melrose Public Library Construction Project in the amount of $7,993,290. This award is contingent on the City securing the local funding within six months for the project to proceed.

The MBLC Award letter is attached to this funding order along with the following documents that provide important details on the project for the Council's consideration:

- A Memo from Treasurer Kathryn Armata outlining the anticipated sources of funds for this project and providing details on the payment schedule for the bond along with an updated debt model
- The Minutes from the Melrose Board of Library Trustees meeting in July which documents the Board's vote to commit $2 Million from library trust funds to the Project
- The Cost Estimate for the construction, revised in July to reflect current costs
- The overall Project Budget, which was revised in July to reflect current construction and associated project costs and is estimated to be $21,010,000
- A portion of the Grant Application submitted in 2017, which documents many of the limitations of the existing building and the goals for the Project
- Design Plans illustrating the building addition and renovation
- A document providing answers to Councilor questions received to date

We are excited to receive this competitive grant award from the MBLC and the significant donation from the Melrose Board of Library Trustees, which together represents almost half of the cost of the Project. We look forward to presenting this information and discussing the Project in more detail at an upcoming meeting of the City Council.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

CITY OF MELROSE Office of Treasurer-Collector

Kathryn J Armata
Treasurer-Collector

City Hall, 562 Main Street
Melrose, Massachusetts 02176
Treasurer - (781) 979-4160
Collector - (781) 979-4120
Fax - (781) 665-6877

To: Mayor Paul Brodeur
Members of the City Council
From: Kathryn Armata
Meeting Date: September 13, 2021
Subject: Library renovation sources of funds

The library renovation will be funded through a variety of channels, including but not limited to grants, donations, and the issuance of a bond.

The projected sources of funds currently anticipated are:

$ 7,993,290	Massachusetts Board of Library Commissioners (MBLC) Grant
2,000,000	Donation from the Melrose Public Library Trustees
10,821,453	Bond Issuance
195,257	Green Incentive Grant from the MBLC
$21,010,000	

The project has the potential to attract additional donations and any additional monies raised would reduce the amount of debt required to fund the project. At this time, the projected amount of debt to be issued is $10,821,453.

Pursuant to Section 56-14 of the City Ordinances, attached is a projection of the principal and interest costs on the bonds proposed to be authorized by the following loan order under consideration by the City Council. The payment schedule attached assumes Bond Anticipation Notes issued for 18 months at an interest rate assumption of 3.25% followed by a bond issuance with a 28 year borrowing term, an interest rate assumption of 5% over the life of the borrowing, and a level debt service payment schedule. The debt service on these bonds will not be paid from an enterprise fund and will have no impact on any enterprise fund rates.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Board of Library Trustees
July 21, 2021 at 7:30 PM

The regular meeting of the Board of Trustees was called to order at 7:33pm. Present were: Trustees Edward W. Waystack III, Carol B. Hoffman, Paul J. Fahey, Nancy F. Kukura, Cathryn M. Mercier, Mark S. Robinson and Director Linda C.W. Gardener. Mayor Paul Brodeur also attended.

One warrant was approved, and trustee invoices were approved and paid. The minutes from the June 15, 2021 meeting were approved, as moved by Paul Fahey and seconded by Nancy Kukura.

There was no correspondence to the Trustees to report. The Director announced that notification of the MBLC grant award had been sent directly to the library to the Director's attention.

MBLC Construction Grant – Library Renovation Costs –

Linda Gardener presented the Trustees with a breakdown of expendable and un-expendable trust funds, as well as restricted vs unrestricted funds. She also discussed the Conditions of Eligibility addressed in the 605 CMR [Code of Massachusetts Regulations] 6.05, which specify that the local funds required to accept the construction grant may include, among other items, (1) municipal appropriations; (2) donations in hand or with binding commitment; and (3) trust monies allocated to the project.

Also presented by the Director was a December 2000 letter regarding the Winchester trust, which specified a desire for the funds to "be used for the maintenance or improvement of the heating, ventilating and air conditioning system…"

The Trustees discussed, with the Mayor, the importance of the library building construction project. A general discussion was held regarding the project overall and the approval process with the City Council. The Mayor left the meeting and further discussion was had regarding the commitment of Trust funds for the project, and the balance between supporting the project and also continuing to have funds to use for the benefit of the library. The Trustees discussed the desire to use trust funds appropriately for large, special projects rather than operational costs more appropriately carried by the City.

After robust conversation, Paul Fahey put forth a motion to commit $2 million of available trust funds to the library renovation project, pending acceptance of the State MBLC grant and provision of necessary funds for successful completion of the project by the City Council. The motion was seconded by Carol Hoffman, and unanimously approved.

Other business – There was no other business.

The meeting was adjourned at approximately 8:51pm.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The next meeting is scheduled for Tuesday, September 7, 2021.

Respectfully submitted,

Paul J. Fahey, Clerk

Schematic Design

This cost estimate was produced from schematic design drawings, dated September 14th, 2016 prepared by Tappe Associates and their design team.

This estimate includes all direct construction costs, General Contractors overhead and profit and design contingency. Cost escalation assumes start dates indicated.

Bidding conditions are expected to be public bidding under 149 of the Massachusetts General Laws to pre-qualified general contractors, and pre-qualified sub-contractors, open specifications for materials and manufactures. If 149a CM at Risk is selected as the procurement method costs will in all likelihood increase from this estimate

The estimate is based on prevailing wage rates for construction in this market and represents a reasonable opinion of cost. It is not a prediction of the successful bid from a contractor as bids will vary due to fluctuating market conditions, errors and omissions, proprietary specifications, lack or surplus of bidders, perception of risk, etc. Consequently the estimate is expected to fall within the range of bids from a number of competitive contractors or subcontractors, however we do not warrant that bids or negotiated prices will not vary from the final construction cost estimate.

ITEMS NOT CONSIDERED IN THIS ESTIMATE

Items not included in this estimate are:

- All professional fees and insurance
- Building Permit costs
- Land acquisition, feasibility, and financing costs
- All Furnishings, Fixtures and Equipment
- Items identified in the design as Not In Contract (NIC)
- Items identified in the design as by others
- Owner supplied and/or installed items (e.g. draperies, furniture and equipment)
- Rock excavation; special foundations (unless indicated by design engineers)
- Utility company back charges, including work required off-site
- Work to City streets and sidewalks, (except as noted in this estimate)

APPLICATION PACKAGE SUBMISSION AND FORMAT REQUIREMENTS

1. Format and submission:
    a. A complete application and a project abstract must be received at time of submission.
    b. Print on both sides (double-sided)
        i. The original and all copies must be placed in three-ring binders (3" spine max), with tabbed dividers provided by the MBLC
        ii. One original must be signed, dated and labeled "Original Copy"
        iii. Seven additional copies must be provided

Faxes, electronic submissions and late applications will not be accepted. All copies must be postmarked or delivered by 4:00 PM on Thursday, January 26, 2017 to:

The Commonwealth of Massachusetts
Board of Library Commissioners
98 North Washington Street, Suite 401
Boston, MA 02114-1933

2. Required submittals:
    a. Library building program with completion date noted on front cover
    b. Copy of title(s)/deed(s) for the proposed building site
    c. Schematic drawings (or more complete drawings as available) prepared and stamped by a Massachusetts-registered architect*
        i. One half size (15" x 22") set accompanying the Original Copy
        Include the following:
            1. Floor plan shown at 1/16" = 1' with a complete furnishing and equipment layout. Indicate number of square feet in each area/room and heights of all shelving. For an addition/renovation, provide a floor plan of the existing building with furnishings and equipment layout as well as one for proposed layout
            2. Elevations of proposed facades, including those showing public entrances
            3. Sections as needed for clarity, especially for building designs involving multiple levels and/or ceiling heights
        ii. Eight copies reduced to fit 11" x 17" paper & inserted into each binder in Appendix O. Include all items listed in (i)
    d. Site plan and topographic survey prepared by a Massachusetts registered architect with parking layout, grading, building location and description of utilities (1" = 40' or larger)
    e. Tabulation of square footages called for in the library building program and comparison to the square footages shown on the architectural plans
    f. Tabulations of the number of books, magazines and audio visual materials called for in the library building program in relation to the square footages shown on the architectural plans
    g. Tabulations of the number of seats and staff work spaces called for in the library building program in relation to the square footages shown on the architectural plans
    h. Written explanation of parking plan and a letter or other documentation showing municipal approval by the appropriate commission or board

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

i. Geotechnical survey, including soil boring and percolation tests as needed, certified by a licensed professional engineer providing a thorough subsurface soil analysis to document the appropriateness of the site for construction and existing special conditions
j. Hazardous materials survey report for proposed site and existing building, if applicable
k. Other environmental, structural, and energy related reports as required and appropriate for individual projects
l. Stamped topographic land survey, completed within 15 years prior to application, delineating boundary lines for entire site to be included in the library building project
m. Estimated project budget, prepared independently by a qualified and experienced professional cost estimator, based on the site plan and schematic design drawings
n. Map showing existing and, if different, selected future library site
o. Floor plan(s) of existing building
p. Proposed plan for funding the project
q. Project timeline, from design development through completion of construction
r. Photographs of site and building, with accompanying captions
s. Copy of the completed and submitted Massachusetts Historical Commission Project Notification Form
t. For joint public library construction projects, applications must also:
    i. address and specify the combined populations served by the communities to be used in the planning process;
    ii. include a written management plan and formal agreement by the municipalities proposing the joint public library
u. For projects including space housing another agency, organization or department as well as the library, an Application Addendum for a Shared Building Project is required. Contact Lauren Stara (lauren.stara@state.ma.us) or Rosemary Waltos (rosemary.waltos@state.ma.us) for the additional form.
v. Other additional information or documentation as required by the Massachusetts Board of Library Commissioners

* One set of 11"x17" reduced drawings must be included in each binder in Appendix O. One half-size (15" x 22") set must be folded and placed in the pocket of the Original Copy binder. All drawings and documents must be clear and readable, with labels to indicate all programmed public and staff spaces and square footages of areas directly on the drawings themselves, rather than in a separate schedule. The layout must include layout and heights of all shelving; reader seats, restrooms, elevators, staff offices, public service points, emergency exits, janitor's facilities, etc.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Preliminary Application Information/Overview

A. Abstract

Summarize your construction project in 250 words or less. Include the following:

- the date of construction for the original building and subsequent additions
- the size of the structure to be replaced or renovated/expanded
- the proposed project's gross square feet
- current and projected population figures, and
- major features/characteristics of the proposed project

The City of Melrose and Library Board of Trustees recognize the need for a renovation/expansion of the Melrose Public Library. The current building, constructed in 1904 with a substantial addition in 1963, is 24,185 gross square feet. The proposed renovation would expand it to 26,579 gross square feet.

The proposed project will dramatically improve the library's accessibility, creating a single entrance that is welcoming to all. Youth services will be improved by creating a dedicated young adult space, bringing the children's room out of the basement, and creating an adequately sized, dedicated, program room. Adult program, community and meeting spaces, currently using Children's Room space, will be created, including a Discovery Zone for computer classes and innovative technology space. The building's flow will be improved, allowing for both conversational and quiet areas. With the local history room on the main floor, professional staff will be better able to assist the many patrons interested in Melrose history. Improved lighting, use of daylight and effective HVAC building-wide are reflective of planned improvements in building efficiency. Flexibility and adaptability have been key components of thought and design throughout the planning process.

Melrose is a vibrant city of 27,690. Projected population figures for 2035 are 31,311. Many new residents make the library one of their first priorities. The community values their original Carnegie library, which is on the National Historic Register. The proposed project will create a flexible, accessible, historically respectful and safe space - friendly to the public and ready for the future.

B. Project Site Address

Melrose Public Library
69 West Emerson Street
Melrose MA 02176

C. Town Meeting / City Council Vote

An MPLCP funded project must be an Approved Public Library Project. Approval requires one of the following:

1. a majority vote of the town at Town Meeting; or
2. a majority vote of the city council, with the approval of the mayor in the case of a city; or
3. a vote of the town council in the case of a municipality with a town council form of government

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

To meet this requirement two votes are required:

- to give permission to apply, accept and expend State grant funds, and
- to approve the project's schematic design.

If votes have taken place, check the box below and attach copies of certified votes in Appendix B. If votes have not taken place, check the box below and indicate the date they are expected. Votes must be secured and a certified copy must be forwarded to the MBLC by **June 17, 2017**.

The vote to approve applying for, accepting and expending State Grant funds for Library Construction has been:

x Received on [January 19, 2017]

☐ Not received but will seek approval on [Date]

The vote to approve the project's schematic design has been:

x Received on [January 19, 2017]

☐ Not received but will seek approval on [Date]

You do not need to secure voter approval for local funding of the construction project at this time. That vote is required within six months following the library's receipt of a MPLCP provisional grant award.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

SECTION 1: PROJECT INFORMATION

1. CENSUS AND LIBRARY

1. *Population of applicant municipality:*
   - a. 2010 U.S. Census Population for population — 26983
   - b. Later official census population, if different than above — 27690
     - Cite the source(s) used to update census population. — [U.S. Census]
     - Estimated 2035 Population — [31,311]
     - Cite all source(s) used to determine the single projection for the 2035 population — [The Donahue Institute]

2. *Library Statistics [Pages 1 – 9 FY 2015 as reported on MBLC FY2016 ARIS Report]*
   - a. Population served by library — 27690
   - b. If a branch, estimated population served by this location — [ ]
   - c. Attendance — 184550
   - d. Number of registered borrowers — 20952
   - e. Total physical holdings — 117950
     - 1)Books — 95797
     - 2)Audio (Compact discs (not CD-ROMs) cassettes — 6444
     - 3)Video cassettes/discs/DVD — 4504
     - 4)Print periodicals, newspapers & other print serials — 184
   - f. Total circulation activity — 305007
   - g. Hours
     - 1)Total number of hours main library was open. — 2791
     - 2)Total number of hours all branches were open. — 0
   - h. Operating Income — 1187730

3. *Main Library Facility Information (as reported on MBLC FY2016 ARIS Report)*
   If project is for a branch library building, an additional sheet will have branch library figures
   - a. Main library GSF — 24185*
     NOTE: this number differs from the FY2016 ARIS report due to previous inaccuracy. The current number was provided by Tappe Architects as a result of their surveys.
   - b. Year main library was built — 1903
   - c. Year of most recent renovation — 1994
   - d. Number of dedicated parking spaces — 25
   - e. Main library seating capacity — 160
   - f. Number of main library meeting rooms — 4
   - g. Largest meeting room seating capacity — 70
   - h. Individual or group study rooms — 2
   - i. Number of times all meeting rooms were used — 539

4. *Automated Library System as reported by Networks*

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

a. Member network NOBLE
b. Type of membership Full
c. Stand-alone system [ ]

2. PROJECT

1. *Library type:*

x Main Library
☐ Branch Library
☐ Joint Public Library
☐ Other (please specify) _____

2. *Current facility:*

x An existing library facility will be part of construction project
☐ The existing library facility will not be part of the construction project
☐ No library facility currently exists

3. *Proposed project:*

Renovation or Renovation/Addition	New Construction
Is the existing building a library? [yes] If no, specify building type: [type]	Site size (acres): [number] Final size of proposed project: [GSF]
Date of original construction: [1904]	
Date(s) of renovations and/or addition(s): [1930/1963/1994]	
Gross square feet of existing: [24,185GSF]	
Site size (acres): [.91]	
Will portions of the building be demolished? [yes] If yes, #GSF to be demolished: [14,800GSF]	
Final size of proposed project: [26,635GSF]	

Is the proposed project a Joint Public Library Project? [no]
If yes, list the other municipality or municipalities participating: [name(s)]

Will the proposed project include space for functions other than public library functions? [no]

Note: For projects including space housing another agency, organization or department as well as the library, an Application Addendum for a Shared Building Project is required. Contact Lauren Stara (lauren.stara@state.ma.us) or Rosemary Waltos (rosemary.waltos@state.ma.us) for the additional form.

4. *Size of project*

	Gross Square Feet	Net Usable Square Feet

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

From Library Building Program	31,813	23,860
From Schematic Design Drawing(s)	26,635	19,120

5. The completed project will meet or exceed a building efficiency rating of [72]%
(Ratio of the net usable square feet to the gross square feet (nsf divided by gsf = building efficiency)
If efficiency rating is less than 65%, provide an explanation: [ ]

6. *This project will attain LEED certification and apply for the MBLC Green Library Incentive.*
Yes x No ☐ If yes, certification level planned [Certified]

7. *Does the town or the library hold fee simple title (property owned completely, without any limitations or conditions) including access to the site, or does the town or library lease it?*
Yes x No ☐ [number] Year Lease ☐, with expiration date of [Date]

8. *The existing building to be renovated is:*
x On the National Register of Historic Places
☐ On the Massachusetts Historical Commission's Inventory of Historic and Archaeological Assets
☐ In a historic district

9. *Space Summaries*
Fill out the Estimated Space Summary Chart and the Estimated Capacity Chart (click on link below). Provide a brief rationale for the proposed collection and seating numbers if they vary 10% or more from collection and seating guidelines in the Program Notice and shown below.

Guidelines:

Volumes per Capita (Print)

A general rule of thumb is that every library, regardless of the population served, should have a minimum of 8,000 volumes (in all physical formats)

Population	Volumes per Capita
Less than 2,500	10
2,500 to 4,999	7
5,000 to 9,999	6
10,000 to 24,999	4.8
25,000 to 49,999	3.4
50,000 to 99,999	3.6
100,000 and over	2.5

Source: *Wisconsin Public Library Standards*, 5th ed., 2010

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

[http://pld.dpi.wi.gov/pld_standard]

Seats per 1,000 Population

Seating should meet or exceed the number calculated using the table below. For a library whose population falls between the figures given, the recommended number of seats should be calculated proportionally.

Seats at fixed computer workstations, microform readers and other dedicated seating should not be counted in the general seating count. Also omitted from the general seating count are seats in rooms not always open to library patrons, such as auditoriums, meeting rooms and study rooms.

Population	Seats per Thousand
1,000	22.5
2,500	14.25
5,000	10.0
10,000	7.0
25,000	4.5
50,000	3.0
100,000	2.25

*Seating guide

Lounge Seats:	Includes all soft seats, including sofas, loveseats, and easy chairs
Table Seats:	Includes all upright chairs and stools normally used at a table or counter
Program Seats:	Includes all seats in public areas that are not available for open access use, such as meeting room chairs. Includes group study rooms and any rooms that are normally reserved
	Does not include quiet study rooms or areas that have open access
Notes about seating:	For rooms with movable or stacking chairs, count the number of seats available in the typical everyday setup
	Please count each chair only once
	Do not count chairs at computers or other equipment (microfilm/fiche, etc) as reader seats.

** Assigned areas are spaces with programmed functions. Typical unassigned areas include hallways, stairways, lobbies, and building support spaces like mechanical, electrical, etc.

*** Includes microfilm/fiche readers, scanners, assistive devices, etc. -- any machine that has a separate chair

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

	Current Holdings	Building Program Capacity	Schematic Design Capacity	Notes:
Print volumes- Adult	52718	54600	56768	Schematic design capacity includes space for 1,200 holds items
Print volumes-Young Adult/Teen	3092	4000	4800	Capacity allows for some middle-school titles that are currently in Children's
Print volumes-Children	28720	24500	23184	Number reflects an increase in preschool volumes, and a weeding of school-aged volumes
Print volumes-Other				
TOTAL PRINT VOLUMES	84530	83100	84752	
DVDs/Videotapes	4331	included below	5238	
Music Recordings	1710	included below	1956	
Audiobooks	1340	included below	1536	
Other A/V Materials				
TOTAL AUDIOVISUAL	7381	8500	8730	
TOTAL NO. PERIODICAL SUBSCRIPTIONS	132	132	125	
Seating-Adult	98	107	115	
Seating- Young Adult	7	20	7	Additional seating next to teen room will be available to teens in afternoon, but used by adults in the mornings to maximize space flexibility where possible.
Seating-Children	44	40	45	
Total Seating	149	167	167	**Wisconsin standard variance; this seating level is above the Wisconsin standard, however we get usage of all of our seating areas currently (also above the standard) and to comply with the standard would reduce seating.**
Fixed Computer Stations-Adult	21	13	16	Self-check laptops will be available in addition to fixed computer stations.
Fixed Computer Stations-Young Adult/Teen	0	5	5	
Fixed Computer Stations-Children	5	6	6	
TOTAL FIXED COMPUTER STATIONS	26	24	27	
Parking Spaces-Staff	0	0	0	
Dedicated Parking Spaces-Library Patrons	25	25	26	
TOTAL LIBRARY PARKING SPACES	25	25	26	
FTE Professional Staff	6.4	6.4	6.4	Staff levels will remain the same, but a seat for the teen librarian will be added.
FTE Non-professional staff	7.5	8	8	
TOTAL STAFF FTE	13.9	14.4	14.4	
Meeting Room Seats	0	150	144	
Other Conference/Meeting Room Seats	14	36	40	
Programming/Activity Seats	35	61	61	The seats listed for the Programming/Activity Seats are currently used as both programming and meeting room, at different times of day. There is no adult meeting room separate from the Children's program space. The many programs with numbers greater than this involve using a portion of the regular Children's Room school-aged area.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

10. Statement of Need & Project Proposal

Be brief and concise, using bulleted or numbered lists where possible. Use n/a as needed.

1. **Community vision and project participation**
   A. What is the community's vision of itself? [The City Planning department has been working to update the City's 2004 Master Plan. As part of the MelroseForward process, they solicited feedback via a public forum, and a public participation event at the annual Victorian Fair (September 2015.) The resulting document (included in Appendix E) identified 9 community aspirations (relevant items discussed in section B) including physical character, transportation, inclusiveness, education and community.]
   B. What is the library's vision and/or mission statement and how does it align with the community's vision of itself? [
   The mission of the Melrose Public Library is to inform, enrich, and empower all citizens by providing and promoting free access to the universe of information and ideas. The City of Melrose has seen the library as an integral part of the community since the library's inception in 1871. The library was part of the last Master Plan for the city in 2004, and the library renovation project is identified as a priority in the 2017 Master Plan that is currently being finalized. There are several elements of the Melrose Community Aspirations that tie in with the library's mission:
   i. *The physical character of Melrose reflects a balanced approach to planning and development, with the protection and enhancement of the City's historical, cultural, recreational, and natural resources*... The Melrose Public Library provides access to the City's history through our local history room; we provide access to cultural resources through our museum pass program, as well as experiencing the library itself when visiting; and our print and a/v collections, provide recreational experience through instructional materials on topics such as coaching soccer. All of these help to "inform, enrich, and empower" the Melrose community.
   ii. *It is convenient and safe to travel within Melrose as well as to access destinations outside the city. Melrose accommodates a multimodal transportation network, and the variety of transportation options, including the ability to get around by rail, bus, bicycle, walking, and driving, make it an attractive location within the Greater Boston Region.* The library is located within 400 feet (or less) of a bus station, train station, and major municipal parking lot. It also has its own parking lot, and street parking. The library is located on the edge of the downtown and a largely residential neighborhood, within walking distance from many patrons' homes. Patrons often walk and cycle to the library.
   iii. *Melrose is an inclusive and welcoming community and provides equal access and opportunities that contribute to the wellbeing of all its residents*. To be inclusive and welcoming is one of the cornerstones of modern public library service, and why our mission specifies "all citizens." Libraries are known as equalizers, which is especially important in this era of digital divide. The access to information that the library provides freely and equitably enables all residents to enhance their lives. The proposed construction project would correct the inadequate ADA access of the current building, bringing the library further into alignment with this community aspiration.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

iv. ...*Melrose supports a wide variety of business opportunities, employment options, and community services. These amenities enhance the quality of life for residents*... The Melrose Public Library enjoys being a part of the services available to the Melrose community. Many of our staff live locally, we take part in the local community service programs, and almost all of our page employees are from the local schools. Some wait years for the chance to work in their library!

v. *All students have the opportunity to achieve excellence in the Melrose Public Schools.* The library's mission to "inform, enrich and empower all citizens" includes our school-aged citizens. We are proud of our bustling youth services, which serves children in the public school system, the local parochial schools, and the nearby charter school. The Children's librarian has been partnering with the elementary schools, which do not have library staff, for years to coordinate summer reading lists and support the curriculum with our resources for homework throughout the year. Opportunities such as the LSTA "Science is Everywhere" grant enhance our STEM offerings, complementing the school's offerings. Our Children's librarian also frequently serves as a liaison with community groups and the schools' library volunteers, as well as being a member of the local "Birth to Five" committee; all of these partnerships strengthen our connection with the community, and knowledge of the community's needs.

vii. *City infrastructure and publicly-owned properties are well-supported with continued investment, maintenance, and enhancements*. The Melrose DPW takes an active role in maintaining the aging library building to the best of their ability. They have made several repairs to the roof in recent years, as well as a myriad of fixes and repairs to keep the plumbing and HVAC functional. With an online work order system, they are responsive and have worked to establish regular maintenance schedules for systems in municipal buildings. The Office of Planning and Community Development (OPCD) coordinates investments in energy efficiency measures and has arranged for improved lighting ballasts and energy-efficient motion sensors in staff areas. OPCD also provides project management support for major capital investments in City buildings ;the OPCD Director has been working with the Library Director throughout the feasibility study phase.

viii. *Melrosians enjoy a strong sense of community, thanks to their active civic participation and spirit of volunteerism*.

These aspirations reveal a City that values its history, while looking ahead to an innovative future. The library's mission to inform, enrich and empower all citizens closely aligns with the values put forth by the Melrose community. Much like the library, the City strives to create an atmosphere that is welcoming, promotes learning and culture, and enhances the lives of those living here. The City recognizes that well-maintained and appropriate municipal buildings are necessary to achieve these goals.]

C. How does the proposed project support the community vision and the library's vision/mission?
[Our original Carnegie library is beloved in the community; this project will ensure that we are able to continue fulfilling our mission for the next 20+ years in this beautiful historic building. Key improvements include:

- An accessible, ADA compliant entrance at the front of the building.
- Restoration of the historic beauty of the original building.
- Local history room relocated to a space more accessible to the public and staff.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- A walkway along the parking lot, so that patrons no longer have to walk through the middle of the lot to access their vehicles.
- A single entrance, accessible and welcoming to all.
- Fully accessible restrooms on each floor.
- A bright, appropriate space dedicated to Children's services.
- A separate, distinct space for Young Adults where they can transition from Children's to Adult services.
- Improved community spaces, allowing for community meetings, library programs, and an innovative new collaboration space.]

D. How has the library engaged the community in the project's planning and design process? [

- Strategic Plan: In 2013 Melrose Public Library staff began planning for a new strategic plan. The organizational process included surveys, focus groups, and SOAR (Strengths, Opportunities, Aspirations, Results) exercises with an outside facilitator. The goal was to develop an overall five year strategic plan, which was accomplished. A strong theme in responses was a love for the Carnegie building, which significantly impacted the decision process when considering a renovation versus an alternate location.

  --responses to questions about what residents were most/least satisfied with about the facilities: "Beautiful setting, good landscaping"... "Love the old building"..."Preservation of the historic properties of the building" / "The upstairs nonfiction stacks are very dark. Also the last rows in some areas are extremely narrow and difficult to use for browsing" ... "steps" ... "The ramp in the back of the library is inconvenient" ... "I've visited other libraries which have renovated facilities and oh boy, this is nice...BUT - the staff at this library is SUPERB!"

  Although the strategic plan was developed to guide library goals overall, each of the 5 goals that eventually came from this process involved improvement to the physical facility.
- Direct Feedback: The library staff excel at listening to feedback from patrons and residents, both in the library and out in the community. They have been diligently reporting back the everyday comments of users so that these expressed needs can be incorporated into an improved facility.
- Library Building Committee: Chosen to represent a combination of users, Friends, Trustees and municipal employees, the committee first met in October 2015 to kick off the feasibility study phase, and has reviewed and approved the schematic design. The group balanced the perspectives of users, staff and DPW in looking at the proposed plans.
- Public Announcements: In January 2016 the Mayor announced the plan to apply for a library renovation grant in his inaugural address; the following month, the library director made a presentation to the very active local Rotary club, outlining the history and current activities and needs of the library, discussed the idea of a library renovation and answered questions. The Friends of the Melrose Public Library discussed needs and

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

hopes for the potential building renovation at their public annual meetings. Following a December 2016 community meeting an article was run in the local paper, both in print and online (See Attachment 1.)

- Historical Concerns: Tappé Architects made presentations to the Melrose Historical Commission twice, once on May 2, 2016 to bring them into the loop and the other on November 14, 2016 to update the Commission on the plans thus far. In a City that values its history as much as Melrose, it is important to us to ensure that this group is as involved as possible, and has plenty of opportunity to provide feedback about changes to our Carnegie library.
- Community Q & A: A community meeting was held on December 12, 2016 that allowed Jeff Hoover of Tappé Architects to present the renovation plans to the public. Local papers were invited, and the Melrose Free Press ran the story as a front-page item that week, including images of the preliminary building plans. Comments, questions and feedback from that meeting will be carried forward as part of the ongoing conversation with the community if this project moves forward.]

E. How has the library engaged the library staff in the project's planning and design process? [

- At the time of the strategic plan development in 2013, a SOAR exercise with library staff echoed the results of the public feedback.
- Needs assessment surveys were completed by all staff to guide the development of the building program. Staff members were diligent about not only reporting their personal observations, but reflecting comments made during day-to-day conversations with patrons. Additionally, the needs assessment reflected staff observations about patron use of the building.
- Staff reviewed drafts of the building program; the approved building program was made available to staff.
- Every effort has been made to ensure regular communication, both formally and informally, with the staff regarding planning & design process via email, staff meeting discussions and one-on-one conversations.
- The architects met with members of each library department to discuss plans and get feedback.
- The architects met a second time with staff members to present proposed plans and hear additional feedback.
- Staff have been provided with a "Q&A" forum on the staff's information page online, with questions and answers that concern both staff and patrons. Staff are encouraged to submit any new questions to the director for inclusion on the page. This will ultimately be incorporated into a format available directly to the public.]

2. Current conditions and their limitations

Incorporate photographs with descriptive captions within the narrative that illustrate current conditions.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

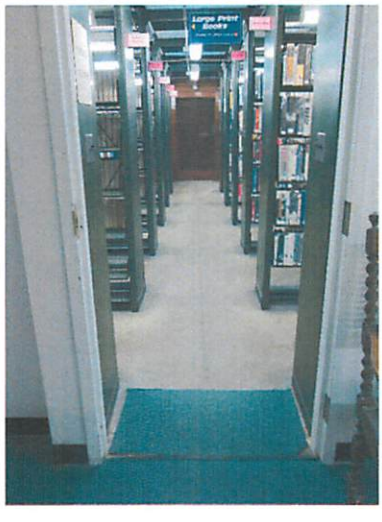
A. What are the current building layout and conditions and how do they limit the library's ability to serve the general public, adults, children and teens in terms of:

- [**Information services** - The current configuration does not allow patrons to see any service desk until they are well into the building. Within the past year, the Reference desk was moved from its previous location into the main lobby. It is now across from the Circulation desk, which is an improvement, but still not ideal. There is no separate information services area for teens/tweens. The service area for Children is very small, especially because it serves as office space for the entire department as well as the service desk. Holds pickups for the children's room patrons are also kept there.

Taken from the service desk, this shows the Head of Children's Services' "office space" on the right, the "staff workroom" on the left, and the holds bookshelf in the middle.

The Head of Children's Services and the Reference librarians do not have any office space, impeding their ability to have confidential conversations with patrons.]

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)



The main entry to the building, which is not ADA compliant, is unwelcoming, especially to newcomers - it is difficult to orient oneself in the building, and stairs are required to get anywhere.

- [**Borrowing** - The service desk in the adult library is directly to the side of the main entrance, causing a bottleneck when the library is busy. The service desk in the children's library is directly in the path of patrons attempting to travel from one side of the room to the other, frequently with strollers or other bulky accessories. There is no space to provide centralized holds pick-ups; patrons frequently must go to the adult and children's desks separately to gather their holds.]

- [**Collections** - Not all book stacks are ADA accessible. Some are in an unappealing area with concrete flooring and poor lighting. Most of the shelving is not mobile, limiting the flexibility to adjust to new formats or waning collections.

There are no opportunities for flexibility here, and the space is very unappealing, and feels gloomy.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The Children's shelving does not allow for ebb and flow of collection size from one age group to another over time, as the population shifts.

Because of the inflexible layout, the picture book area is overcrowded while the nonfiction shelves are starting to look bare.

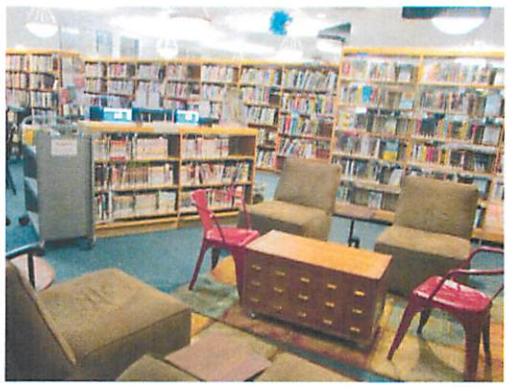
The teen fiction is in an open space that was carved out of a nonfiction area in an attempt to create their own space; it is directly next to the Reference room.
The Local History Room has aging climate control that does not meet the needs of this special collection. A grant was obtained to conduct a Preservation Assessment Study in 2014 (Attachment 2), which addressed issues of location, security and climate control.]

- [**Programming areas, meeting rooms, and quiet/group study spaces** - The room designed to be a Children's program room currently also functions as the teen program room, adult program room, community meeting room, staff training room, and group study room. The only access to this room is through the children's area, which results in a steady stream of adults who have no connection to children using this space. It is also used until 9pm, although that section of the library is not staffed after 8pm. Only the room in the children's area has an overhead projector. This room is currently far too small for the attendance at preschool and family programs, requiring furniture outside the room to be moved almost daily so that more patrons can be accommodated.

Children's Room programming frequently overflows the space, requiring intrusion into the general Children's area, and extra rearranging of furniture.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

This room has no ventilation when the doors are closed, unless the windows are opened. As a result, we often have open windows while the heat is on. Programming such as movie nights for teens and adults are limited due to the noise from movies traveling into the children's area - we generally only show G-rated movies.



A recent adult program caused the Children's Room to close early. Attendees were squeezed into every possible spot, with a camera man for the local access station backed into a corner.

There are other small meeting spaces on the third floor, but some do not have air conditioning, and one is a converted storage room, and also provides the only elevator access to the third floor. There is a lobby on this level with a conference table; it is used for meetings due to space constraints, but it is also an open area, providing access to the third floor from the stairs. Patrons using these spaces must accept that other people may be entering and leaving through the elevator or stairs at any time to access the other rooms on that level. They are not adequate for the need, and are on a level that has no staff supervision at all.

Patrons complain about the noise generated in the afternoon as a result of the teens not having a separate space. They are directly next to the Reference room, and overflow into that space. Even just doing homework and having other acceptable conversations brings the noise level up to an annoying level for the adult patrons. There is currently no good space to give them.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The teen area in the morning; the art department is in the same room to the left, and the Reference room is straight ahead. The sound travels very freely in the afternoons!

No meeting spaces in the building are on the same floor as a handicap-accessible bathroom.]

B. How do current building layout and conditions impact the library's ability to keep staff and public safe (a place that is free from harm or danger) and secure (state of being protected from harm) in terms of:

- [**Health** -

*The rear entrance of the building has no security measures, no staff sightlines, and leads to the somewhat secluded rear parking lot.

* The majority of the adult book stacks have no sightlines.

* The upper floors, containing book stacks, the local history room, the trustees room and an open meeting/study area, have no staff supervision at any time.

* Inadequate electrical outlets create hazardous situations throughout the building.

* There is a ramp with a low wall half way through the preschool area.

* The Children's Room leads directly into the Technical Services area, with only an open doorway blocked by a baby gate.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

This baby gate is the only barrier between the Children's Room and Technical Services, which leads to the custodial areas.

]

- [**Fire protection** -
  *The location of fire extinguishers and pull alarms are antiquated and not in alignment with modern safety procedures (they are placed centrally in the building rather than closer to the exits)
  *There is no sprinkler system in the building.
  *The building is confusing to navigate in an emergency; after the last (false) alarm, the local fire department came in the following day to ask for a tour, due to confusion and disorientation during the event.]
- [**Structural integrity** - n/a]
- [**Other** - Aside from a silent alarm button located at each service desk, there is no established security system in the building, either for materials or for staff and patrons. There is no surveillance system, and no anti-theft mechanisms. There used to be anti-theft gates at each entrance, however the system broke down about 10 years ago and it

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

was too antiquated for the inoperable parts to be repaired. There are several areas of the building that have no sightlines for staff, and no videos or other security measures. There is a perimeter alarm in use when the building is closed.]

C. How does the current building hinder staff workflow and productivity? [

- The Children's Room workspace for staff is a tiny area with a half wall known as "the penalty box" which includes 2 desks - one for the Head of Children's Services, and the other for all other staff to share.
- There is no actual office space for the Head of Children's Services.
- Very inadequate storage space in the program room makes it difficult to easily access programming supplies and maintain a safe environment.

Legos are piled up in bins in the staff room. Because of inadequate storage space, supplies are scattered throughout the lower level.

- No sink in the program room means that the staff break room sink must be used for all crafts and other programming needs.
- Tech Services is known as Grand Central Station; it is the walkway for access to the staff room, children's room, lower level elevator, supply room, Friends storage and all custodial areas.
- The "tech closet" with all of the phone and data lines is in an open area behind a staff member's desk, causing a continual distracting hum.
- There is no office space for the full time Reference librarians.
- To improve patron service, the Reference Desk was moved into the main lobby across from the Circulation Desk, however the area was not designed to hold a desk and has very poor ventilation.
- The two circulation librarians - Adult Services and Teen Services - share one tiny office that they take turns using.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

There is no space for even a second chair in this two-person office for the Adult and Teen Circulation librarians.

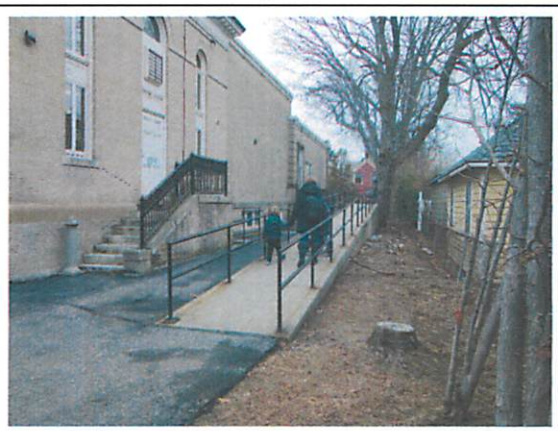
Attempting any work that is not holds-related has become impossible.

- The Circulation staff workroom has been almost completely overtaken by holds shelving. Staff retrieving holds need to squeeze by staff helping patrons at the desk.
- There is no space in Circulation to process delivery bins, so the bins take a circuitous route through the main floor, down to the lower level and are unpacked in Technical Services, then brought to either the Children's Room or back upstairs to the Circulation hold shelves. Outgoing bins are processed in a nook off the lobby that used to house the video collection.
- There is no space for a staff person to work in the teen area, making it difficult for the teen librarian to establish a rapport with the teens.
- The administrative assistant's office is a converted closet with no ventilation, with a public use area between that office and the director's.

The ceiling is open to a public area, where debris is regularly dropped down onto office work. A memorable moment included digging a pebble out of the printer below!

- Both the Administrative Assistant's office and the Director's office have poor sound control, so confidential conversations can easily be overheard.
- The Assistant Director's work space has no walls/doors. Private conversations often happen in a nearby supply closet

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)



- The local history room is in a secluded upper floor area that is not close to the reference service desk. Frequently only Reference librarian is working, making it exceedingly difficult to offer effective service to patrons.]

D. What are the major obstacles to people approaching and accessing the building? [

The main entrance has no ADA accessibility. It requires stairs, and there is no automatic door.

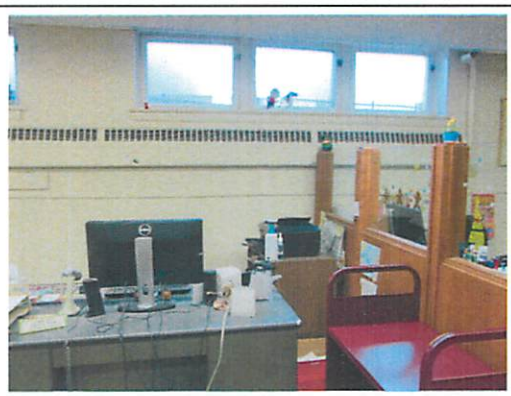
There is no grade-level entrance to the building. Patrons must either use a long, steep ramp that enters into the rear of the building (far from the elevator), or enter at the main entrance which has stairs at multiple points. Neither entrance provides obvious wayfinding clues to orient the patron who isn't already familiar with the building.

This patron takes the trek up the ramp with her toddler and infant (in stroller.) The ramp is long, the rear entrance is unwelcoming, and the deteriorating cement is tough on wheels.

]

E. What is the parking capacity (lot and convenient street parking)? [There are two parking lots; the rear lot has one handicap space and four general spaces. The main lot has one handicap space and 19 general spaces. There is street parking directly adjacent to the library, which sits on a corner site; street parking is allowed on both West Emerson Street and Lake Avenue.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)



Across the street is Myrtle Street, offering about six spaces very close to the library. Additionally, there is a municipal parking lot about 400 feet from the library, with an additional 170 spaces. There is no dedicated staff parking; library employees have parking stickers that enable them to park for extended periods of time on West Emerson Street, Lake Avenue or the nearby municipal lot.]

F. Describe the path of travel from available parking to the building entrance. [The rear parking lot provides direct access to the handicap ramp. There is also a path that travels around the side of the building to the main front entrance. The primary parking lot has a walkway from the parking lot to the main front entrance. The library is located on a corner lot, and there is street parking along both streets. There is also street parking across the street, and in a large municipal parking lot about a block away. There is a cross walk directly across from the library that is used by staff and patrons parked in the municipal lot.]

G. What portion of the parking is dedicated to library use only? [The 25 spaces in the library parking lots are library use only. The street parking directly adjacent to the library is primarily used for library parking, although not limited to this purpose.]

H. What conditions related to energy efficiency or the surrounding exterior environment have a negative impact on the operations, management and use of the building? [

- The antiquated heating system creates unhealthy drafts & stuffy areas throughout building. The pneumatic system allows for temperature heating control in spaces with local thermostats and a heat timer. Efficiencies could be achieved with an energy management system that would allow for remote scheduling, setbacks, setpoints, and alarm monitoring for efficient identification and solving of issues.

Technical services staff have very poor heating, as the radiators are above their heads, and emit a loud rattling noise throughout most of the day.

- Many areas of the building have poor ventilation - the meeting/program room rapidly becomes overheated when the doors are closed, often resulting in open windows in the middle of winter. In the summer, the air conditioning does not reach this room when the doors are closed.
- The A/C unit was installed in 1987 and updated in 1995. Not all areas are air conditioned, including the trustees room, upper lobby and a small meeting/study area. These are areas that are available to the public, but become almost unusable during the warmer months. Two vendors have recommended that no additional funds be spent on

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

the chiller barrel, which is over 20 years old and leaking; the existing conditions and recommendations report included as Exhibit K confirms that the system is at end of life.

- The climate control in local history room is over 20 years old and unreliable. Based on recommendations from a February 25, 2014 Preservation Survey [Attachment 2], solar shades were installed in 2014, but given the additional recommendation to relocate the local history room to the main level for improved security and service, the climate control has not been updated.
- The A/C fans are very noisy in some areas of the library, especially reference
- Due to noise from the chiller, the A/C must be turned off during programs on the lawn.
- Melrose is a Green Community, and conducted an energy audit resulting in some new energy-efficient lighting, but due to high cost and long payback concerns, it was not cost effective to install an integrated energy management system.
- No renewable energy methods are currently employed.
- An environmental monitoring program performed by MBLC in 2015 (Attachment 3) showed significant temperature and humidity fluctuations in the building, including the important local history collection area, that adversely affect the collections. Per the report provided, "The recommended temperature range is between 55F and 65F for these 'special/preservation collections.' According to the datalogger, the maximum temperature reading was 83.7F, the minimum reading was 62.5F, and the average reading was 71.3F." Both the fluctuations and the overal levels are inappropriate for this collection.
- The library has no passive water-saving devices such as automatic toilets and self-closing taps.]

3. **Expanded & improved facility benefits**
   A. How does the project facilitate the library's ability to serve the general public, adults, children and teens in terms of:
      - [**Information services** -
        *Staff will be able to greet patrons directly when they enter the building.
        *The creation of office space for staff will allow staff at public desks to be focused solely on direct patron service. In particular, the creation of an office for the *Head of Children's Services will allow for private conversations as needed with both staff and patrons, which is not now possible.
        *The smaller reference service desk combined with the larger primary service desk will allow for more "roving reference" practices, as well as more efficient service at the main desk.
        *The creation of a separate teen space, with space for library staff, will dramatically improve the environment and service to teens (and adults!)
        *Self-pickup of holds, in a centralized location, will free up space in staff areas while simultaneously improving service to patrons.]
      - [**Borrowing** - The reconfiguration of the service desks on both the main floor and children's areas will allow for easier ebb and flow of patrons without bottlenecking in

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

entryways. The new centralized holds pickups, along with self checkout stations, will also allow staff spend more time with patrons who need extra assistance.]

- [**Collections** -
  *All book stacks throughout the building will be ADA accessible.
  *Collections will be in well-lighted areas that are easy to find.
  *As much shelving as possible in the Children's Room will be mobile, allowing for easier reconfiguration of the room over time as the demographics, technology and needs shift.
  *The teen fiction will be in the teen's dedicated space, while the nonfiction will continue to be integrated with the adult nonfiction, transitioning students to the general collections.
  * The local history collection will be relocated to the main floor and the room will be separated into a secure area and a reading room with climate control appropriate to these specialized collections, as recommended in our 2014 Preservation Assessment.]
- [**Programming areas, meeting rooms, and quiet/group study spaces** - The proposed project will allow dramatic improvement in programming and meeting spaces, creating functionality and flexibility not possible in our current building.
  *The Children's Room program space will be dedicated to youth services, and will no longer be used for adult programs and general community meetings.
  *The large meeting space in the lower level will be available for adult programming including author talks, book groups, craft nights and other programming.
  *Large children's programs will use the lower meeting space, as well as having a "rain location" for popular lawn programs such as Basket & Blanket summer concerts.
  *Community groups will meet in the lower level meeting space without needing to go through the children's room as they currently do.
  *It will be possible for community groups to use meeting space during library off-hours if necessary.
  *All meeting and program spaces will have accessible bathroom facilities on the same floor.
  *The new teen space will lower the volume in the adult space.
  *There will be two dedicated quiet/group study rooms, as well as the conference room for quiet space.
  *The separation of the local history area into one secured side and one reading room side allows the flexibility of using the reading room as additional quiet study space]
- [Other]

B. How does the project contribute to the library's ability to keep staff and public safe (a place that is free from harm or danger) and secure (state of being protected from harm) in terms of:

- [**Health** -
  *The single entrance, directly in sight of the primary service desk, will allow staff to see all patrons as the enter and leave the building.
  *There will be a staff presence on each floor of the building.
  *The lower level, which has the smallest staff presence (technical services and custodial,) is designed to be a low-impact area where casual lingering is not encouraged. The presence of the staff break room will also increase staff foot traffic in this area.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

*The main level will integrate seating and collection areas in a way that minimizes areas of seclusion and maximizes sightlines and natural foot traffic.
*The Children's Room will be a separate space that does not lead into secluded staff areas, nor are there any adult-specific areas within the children's space
* Air conditioning throughout the building will eliminate dangerously hot areas of the building for patrons and staff in summer months.]

- [**Fire protection -**
* A remote annunciator panel will be installed in the vestibule/where required by the Fire Department.
* The building will be equipped with an appropriate sprinkler system.
* A map of the entire building will be framed and mounted adjacent to the annunciator.
*Keyed boxes will be provided outside the Fire Department entries.
*Manual pull stations will be located within five feet of each egress door and at the entrance to each stair.]
- [Structural integrity - n/a]
- [**Other** -
* Proposed HVAC systems will improve ventilation, consistency in temperature throughout the building via induction units, and meet up to date acoustical requirements. These elements will be beneficial for both patrons and staff throughout the building.
*The proposed building will include security cameras to enhance safety for staff and patrons throughout the building.
*A transition to RFID barcoding of the collection, and installation of security gates at the entrance will improve security of the collections.]

C. How will the project improve staff workflow and staff productivity?

[The current inefficiencies will be improved through a wide variety of changes:

- Off-desk work spaces will be created for Adult and Children's Services staff; items on hold will have a self-pickup space for patrons, removing these items from staff work areas.
- Office space will be created for the Head of Children's Services, Teen Services librarian, and Adult Services and Reference Services librarians.
- The Adult Services and two Reference Services librarians will share an office space, which will allow for improved communications within these departments.
- The Children's program room will include storage space and a sink.
- The administrative offices will be situated together, enabling better communication; their location next to patron space will assist with staff oversight.
- Improved ventilation and HVAC systems throughout will contribute to workplace comfort and health.
- The Circulation staff work room will accommodate the processing of delivery bins, so that on-hold items can come directly into the building, be processed in the circulation area, and be placed on the nearby holds shelf.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- The newly created Teen room will allow the Teen librarian to interact directly, easily and naturally with these patrons.
- All offices will be appropriately private, eliminating the need for staff to wander the building looking for a secluded spot to hold a confidential conversation.
- The Local History reference librarian will be able to more efficiently curate the Melrose historical collections in a local history room located close to the staff area. Librarians will be far more able to assist patrons with their local history needs, on the main floor.]

D. Is the project ADA compliant? xYes ☐No
What Architectural Access Board waivers may be sought to meet ADA compliance and why?
[ ]

E. Explain the approved parking plan and note the number of library dedicated parking spaces and their location. [
The parking plan will include two parking lots onsite, totaling 24 general parking spaces plus two handicapped spaces all dedicated to library use. The two adjoining streets, West Emerson Street and Lake Avenue, provide on street parking. The City of Melrose has a special provision in the zoning ordinances that allows the substitution of required parking spaces within a municipal lot provided the lot is located within 1,000 feet of the building it is intended to serve. After discussing the issue with the Director of Inspection Services, the library plans to utilize the municipal lot containing 170 spaces as substitution space. The lot is less than 400 feet from the library.] *If parking capacity varies from the MBLC guideline of one parking space per 400 gross square feet of building, not including staff parking, provide documentation or a letter from the appropriate local board approving an alternative parking capacity and plan in Appendix N.*

F. Describe the proposed path of travel from the proposed parking to the building entrance.
[Patrons will travel from either parking lot along pathways to the main entrance. With the single entrance, all patrons will have the same welcoming experience.]

G. What portion of the parking is dedicated to library use only?
[The library will maintain its two library use only parking lots. One will have six parking spaces, the other will have eighteen general parking spaces plus two handicapped spaces. There is additional (not dedicated) street parking along Lake Avenue and West Emerson Street, which are directly connected to the library, as well as on-street parking along Myrtle Street, and a large municipal lot one block away. Finally, there is a parking lot at the corner of West Emerson and Tremont Streets, owned by Trinity Church, which is available for use as "overflow parking" during special events.]

H. What energy-efficient and environmentally sustainable features are incorporated into the project design?

- The building site has close proximity to public transportation, as well as City Hall and the primary downtown area; a significant percentage of library traffic arrives on foot or via bicycle.
- Reduced heat island effect via shaded paved surfaces and high solar reflectance index roofing materials.
- Reduced water consumption via the use of low flow plumbing fixtures

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Optimized energy performance via highly insulated building envelope for the addition, and high efficiency mechanical equipment and whole building energy simulation [Energy Model]
- Reduction of construction waste via separation and recycling of 95% of construction waste
- Improved indoor air quality via indoor air quality monitoring during and after construction
- Use of low emitting materials for paints, carpets and composite wood products
- Control of indoor pollutants by mechanical ventilation of janitorial materials, storage spaces, copy center, etc.
- Expanded control of thermal and lighting systems with additional heating/cooling zones and multi-level lighting control.
- Enhanced day lighting with automated lighting controls adjusted to respond to available daylight, occupancy sensors in book stack aisles as well as private offices and toilets.]

If the building has been designed to attain LEED certification by the U.S. Green Building Council, submit the most current LEED Project Scorecard in Appendix M.

I. How is flexibility evident in the design should it be necessary to change or expand over the next twenty years? [

- All shelving that is less than 5 shelves high is to be mobile so that alternative future configurations can be accommodated.
- The shelving space for the media collection is anticipated to diminish over the next 20 years, making more space available for future uses.
- Internal reconfigurations in the future are enhanced by designing service points that are not inextricably integrated with the architecture, and can be repositioned.]

J. Does the architectural design vary notably from the building program? For example, are there service areas that have been eliminated in the architectural design that were included in the building program? xYes ☐No

If yes, explain why. [No service areas that were included in the building program have been eliminated. However, the original Program specified separate offices for the Circulation Librarian and the Reference Librarians. After a reconfiguration of our current layout, bringing the two service desks closer together, and significant conversation with the Reference and Circulation librarians, the decision was made to have one office that provides space for the three librarians. This allows us to conserve square footage for the public, as well as enabling all adult services librarians to collaborate more effectively.]

4. Site

Incorporate photographs with descriptive captions within the narrative that illustrate current conditions and selected site, if different.

A. Describe how and why the chosen site was selected, and any alternate sites considered. [Melrose has chosen to remain on the site of the City's original library building. During the Long Range Planning process, as well as in day-to-day community conversations, residents of Melrose consistently express appreciation for the character of our Carnegie library. Although the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

functionality of the building needs improvement, the feel and character are still beloved in this historic city. Due to the limited lot size, other sites were considered, however Melrose is a geographically small municipality, and there simply were no other locations that exceeded the overall benefits of a historic library located 1/2 block from the commuter rail, a bus stop, and a large municipal lot (behind City Hall.) The City Planner has written a letter addressing this choice (included with Appendix C.)

Despite the need for renovation and improved accessibility into and within the building, the lovely corner lot sets off the library beautifully, creates a wonderful summer programming space on the lawn, and allows easy access from multiple directions. The proposed project will bring the new addition into better alignment with the building, so that the Carnegie architecture can be seen when approaching from both directions of the street.

]

B. Summarize the site investigation findings in reports on:

i. [**Geotechnical examination:** Preliminary geo-technical investigation took place at the site on June 3, 2016, through Weston & Sampson Engineers, Inc. Five exploratory borings were advanced with a geo-technical engineer present to monitor the activity. Soil samples were taken during the borings.

Based on the borings and the soil samples an area of debris and fill was identified under the existing parking lot, most likely from an older building that was demolished. If fill is

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

located under new building areas it is possible that some removals would be required. Ground water was also identified at 18' in two borings which does not appear to pose any difficulty for construction of future additions but could lead to limited de-watering operations during the construction phase. Native and undisturbed soils encountered appear to be adequate to support the proposed building addition. Nothing found in the geo-technical investigation indicates that there would be any restriction to new construction at the site.]

ii. [**Hazardous materials survey:** A complete hazardous materials identification study was completed by Universal Environmental Consultants and issued on May 3, 2016. Ninety five physical samples were taken at the building and suspect materials were identified through laboratory testing. Major areas of ACM (asbestos containing materials) included vinyl flooring and mastic, beam coatings, piping joints, duct insulation, and window and door frame caulking.

An estimate was prepared for future abatement and that value was carried within the cost estimate. It is estimated that to abate the ACM materials identified would be a cost of approximately $327,000.00. This work would be completed as part of a renovation and addition project.]

iii. [Preservation or archeological site survey (if applicable): n/a]

iv. [**Structural evaluation (if applicable):** The structural report on the existing historic library building is based on visual observations made on a tour of the building on 5-9-16 and a review of existing drawings. No destructive testing was completed during the building review.

The existing historic library construction in 1904 is masonry with wood frame floors and roof constructed on a fieldstone foundation. The addition that is proposed to be removed was constructed in 1963 and is framed in steel and concrete. The conclusion of the structural report is that while there is some cracking in the walls and ceilings of the existing historic building, it is performing well and is stable. It is anticipated that some re-pointing should be undertaken as part of a renovation project. It is also anticipated that a major addition would be separated from the existing building with an expansion joint at the juncture between existing and proposed.]

C. What zoning waivers may be required? [
The Library Director, City Planner, and Tappe Architects have met with the Director of Inspection Services/Building Commissioner to review the preliminary plans. This proposed addition is designed within the zoning setbacks so we do not anticipate requiring any zoning waivers from the dimensional standards in the Melrose Zoning Ordinance. The project may require a waiver for parking compliance since it involves additional square footage. There is a special exception in the Melrose Zoning Ordinance which is designed for circumstances such as this; the Building Commissioner feels that this project will meet the requirements for an exception (see letter included with Appendix N.)]

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

D. Does the library have clear title to the proposed project site? xYes ☐No
Include a copy of the Title/Deed to the property in Appendix A. If the library has not yet secured final ownership of land, the following conditions must be met for the project to proceed.

- **Existing Library Building**
  - Documenting Ownership – deed showing clear title to land
  - Establishing Value to Claim Eligible Cost – n/a
  - Deadline – January 26, 2017

- **Acquired from Town or School Owned Land**
  - Documenting Ownership – can be contingent on receiving a construction grant
    - Official town meeting or vote of select board, school board or other town entity that administers the property that defines the site and authorizes transfer of land for the project
  - Establishing Value
    - Get three land appraisals from a real estate agent and use the middle appraisal
    - OR
    - Use city/town assessor's valuation
    - Claim up to $800,000 as an eligible cost
      - Value of existing structures cannot be claimed
      - Only land for the library structure and associated dedicated parking
      - Only land acquired since January 26, 2014 is eligible
  - Deadline - January 26, 2017

- **Gifted**
  - Documenting Ownership – can be contingent on receiving a construction grant
    - Agreement between the donor and town that includes
      - Confirming the Gift
      - Defining the site
      - Value of site
  - Establishing Value
    - Get three land appraisals from a real estate agent and use the middle appraisal
    - OR
    - Use city/town assessor's valuation
    - Claim value as shown on the middle appraisal or city/town valuation, up to $800,000
      - Value of existing structures cannot be claimed
      - Only land for the library structure and associated dedicated parking
      - Only land acquired since January 26, 2014 is eligible
  - Deadline - January 26, 2017 to claim as an eligible cost
    - Clear title by date of signing contract with MBLC

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- **Purchased from a Seller**

  Documenting Ownership – can be contingent on receiving a construction grant

  Purchase and sale agreement between the town and the seller

  Establishing Value – value as stated in purchase and sale agreement can be claimed as an eligible cost

  Deadline – Signed purchase and sale agreement by January 26, 2017 to claim as an eligible cost

  Only land acquired since January 26, 2014 is eligible

- **Leased Land**

  Documenting Ownership in Application – can be contingent on receiving a construction grant

  Lease agreement between the municipality and documented owner

  Duration of least 99 years

  Lease payments are not an eligible cost

  Establishing Value – n/a

  Deadline - January 26, 2017

Clear title or a lease of at least 99 years must be obtained prior to signing a grant contract with the Board of Library Commissioners. *A title search is required to confirm that property is without any claims by others and there is no history of past claims which might affect the ownership.* Include confirmation of a clear title or lease agreement and all supporting documentation in Appendix A.

5. Funding and Stewardship

A. Describe the potential level of financial support

i. Local funding has already been approved []

ii. Donor gift giving through capital campaign [Groundwork has begun for a major capital campaign. The campaign will be formally launched once the grant status is confirmed. It is hoped that the capital campaign, combined with charitable giving, may account for a third of the total project funding.]

iii. Charitable giving from businesses, foundations and other prospects [The Friends of Melrose Public Library, Inc. have been actively involved in this process and plan to aggressively pursue grant and foundation opportunities on behalf of this project.]

iv. Other [The Trustees, with approval of the Board of Aldermen, have expended $85,000 to fund the planning and design process of this project. The City plans to provide the local funds needed to complete a project through a municipal bond. The Mayor has begun discussing the need for a debt exclusion in the community; we will continue working on an awareness campaign.]

B. Describe the potential level of municipal support for library operations, including adjusted staffing levels and for adequate maintenance and repair after project completion. [The City is committed to supporting its municipal buildings through both staffing and building maintenance/repair. The need for a small increase in part time staffing to adequately cover the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

renovated building is understood by the City Auditor. Great care has been taken during the planning process to ensure staffing efficiency throughout the building. There is no level of the proposed building that does not have a combination of public and staff areas, maximizing both safety and service (this is not possible in the current configuration.) Several years ago, the City implemented a major reorganization of the Department of Public Works. Most municipal buildings, including the library, were centralized under the DPW for maintenance and repair. The transition was well-thought-out and focuses on providing excellent daily and long term service to all municipal buildings. The proposed renovation will only improve the existing service to the library, as it will allow for the inclusion of improvements such as a Building Management System for the HVAC.]

C. For **all projects**, fill out a Massachusetts Historical Commission (MHC) Notification form, send to the MHC and include a copy in Appendix G.
   i. Guide: http://www.sec.state.ma.us/mhc/mhcpdf/pnfguide.pdf
   ii. Form: http://www.sec.state.ma.us/mhc/mhcpdf/pnf.pdf

6. Special Conditions

A. If not already included in this application, describe any special conditions pertaining to this project or municipality. Special conditions might include such factors as demography, economics, or other conditions that have had a significant effect on the proposed project's scope or size. [n/a]

7. Project Timeline

Estimate the number of months needed to:

A. Finalize schematic design & complete design development: [9] months
B. Secure local funding: [3] months
C. Complete construction: [18] months

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

SECTION 2: FINANCIAL

A. ESTIMATED ELIGIBLE/ NON-ELIGIBLE PROJECT COSTS

- For a project in a single municipality or for a Joint Library Project (libraries in two or more towns planning a single building), complete the spreadsheet linked below.

- If your project includes costs for constructing space housing another agency, organization or department as well as the library, do not fill out section 2A. An Application Addendum for a Shared Building Project is required, with a slightly different spreadsheet. Contact Lauren Stara (lauren.stara@state.ma.us) or Rosemary Waltos (rosemary.waltos@state.ma.us) for the additional form.

Cost Estimate

Double-click the icon to access the spreadsheet. When complete, print out the spreadsheet and insert behind this page in the binders.

Cost Estimate

B. DETAILED COST ESTIMATE

Include the independent cost estimator's full report in Appendix L.

Estimating Firm:	[PMC LLC]
Address:	[20 Downer Ave Suite 1C, Hingham MA 02043]
Name of Estimator:	[Peter Bradley]
Phone(s):	[781-740-8007]
Email address:	[peterbradley@pmc-ma.com]

C. COST PER SQUARE FOOT

Double-click the icon to access the spreadsheet. When complete, print out the spreadsheet and insert behind this page in the binders.

Cost per Square Foot

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

A. Cost Estimate: Eligible / Non-Eligible Project Costs Summary

If the proposed project is for a shared building, contact MBLC construction specialist for financial section forms and instructions.

	Item/Activity	Eligible	Non-Eligible	Total
Construction				
1	Construction (not incl. landscaping and paving)	$10,862,530		$10,862,530
2	Landscaping & Paving		$89,537	$89,537
3	Bonds & Insurance - 2.4%	$260,701	$2,149	$262,850
4	Overhead & Profit - 5%	$556,162	$4,584	$560,746
5	Permits, if not waived by municipality			
6	Subtotal	$11,679,393	$96,270	$11,775,663
7	Contingency for Construction 10% of total	$1,167,939	$9,627	$1,177,566
8	**Construction Subtotal**	**$12,847,332**	**$105,897**	**$12,953,229**
Professional Services				
9	Library Building Consulting, if used (1)			
10	Architect/Engineering Fees: Schematic Design (1)	$85,000		$85,000
11	Architect/Engineering Fees: Design Development through Bid Documents	$883,175		$883,175
12	Architect Fees: Construction Administration	$294,392		$294,392
13	Project Management (OPM)	$400,000		$400,000
14	Clerk of the Works, if separate from OPM	$400,000		$400,000
15	Hazardous Abatement Design/Oversight (Industrial Hygienist)	$35,000		$35,000

56	**Grand Total Project Costs**	**$17,446,700**	**$1,290,437**	**$18,737,137**		
Notes:						
(1) Include only those costs incurred within three years of the date of this application. This could include surveys and materials testing, structural inspections and peer review.						
(2) a. Purchased land and/or building may be valued up to the actual purchase price.						
b. Only monies already expended for eligible costs related to acquisition of real property after January 26, 2014 date can be included as an eligible cost.						
c. Where publicly or privately owned real property is donated to a project, only so much land as is necessary to provide an adequate library site, up to a maximum of $800,000, may be considered in the calculation of eligible costs, and the value of such land must be documented.						
d. For more details on valuing land see Question 10 (4) (D)						
(3) Amounts for contingencies and annual escalations must be broken down by eligible and non-eligible costs.						

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

D. Funding Sources

Describe your plan for obtaining funds other than the MPLCP grant.

[The library is well supported by the Board of Library Trustees and the City of Melrose, as well as the Friends of Melrose Public Library, Inc. The Board of Trustees funded the $85,000 necessary for the planning and design phase leading up to the grant application, and will continue its strong history of supporting extraordinary library projects. The City plans to provide the local funds needed for the building project through a municipal bond. The Mayor has already begun speaking about the project and the funding needs in the community, to build awareness and broad-based support. The Friends of Melrose Public Library, Inc. are planning to fundraise for targeted needs that arise out of the building process. This will include direct fundraisers such as library mini-golf gala events sponsored by the Friends, and direct applications for grants, such as a grant opportunity that could cover the majority of the costs for computer equipment. Additionally, groundwork has begun for a major capital campaign to offset the ineligible costs necessary to this project. The capital campaign will be formally launched once the grant status is confirmed.]

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

SECTION 3: ASSURANCES AND CERTIFICATIONS

A. QUALIFICATIONS AND DUTIES OF PROJECT PERSONNEL - NEEDS TO BE COMPLETED

1. **Project Director**. The library director may function as the project director.

   Name: Denise Gaffey

   Position: City Planner; Director of the Office of Planning and Community Development

   Responsibilities:

   Will monitor progress in weekly construction meetings

   Will coordinate relocation of library during construction

   Will work with Library Director and designers on library functions/use

   Will communicate with stakeholders including City officials, staff, trustees and community, in coordination with Library Director

   Qualifications: [Ms. Gaffey has a Master's Degree from Tufts University in Urban Policy and has worked as a Planner and Project Manager for the City of Melrose for twenty years. Ms. Gaffey has provided oversight for dozens of major capital projects for the City, including the $52 Million Middle School and over $20 Million in investments in the High School, and has managed major renovation projects on two National Register buildings: Memorial Hall and Beebe Estate.]

2. **Architect**. Complete this form for the firm, principal and/or project architect working on the project

Architectural Firm:	[Tappe Architects, Inc.]
Address:	[6 Edgerly Place, Boston MA 02116]
Phone(s):	[617-451-0200]
Website:	[www.tappe.com]
Library project date of hire:	[January 26, 2016]
Name of Principal Architect:	[Jeffrey Hoover]
Phone(s):	[617-986-4837]
Email address:	[jhoover@tappe.com]
Mass. License #:	[7835]
Name of Project Architect (if different):	[Charles Hay]
Phone(s):	[617-451-0200]
Email address:	[chay@tappe.com]
Mass. License #:	[8628]

3. **Owner's Project Manager (OPM)**. Complete this form for the firm, the OPM and the Clerk of the Works

Project Management Firm:	[Municipal Building Consultants, Inc.]
Address:	[200 Sutton Street, North Andover, MA 01845]
Phone(s):	[978-686-5766]
Website:	[municipalbuildingconsultants.com]
Library project date of hire:	[June 23, 2015]

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Name of OPM: [Pat Saitta]
Phone(s): [978-686-5766]
Email address: [patrick.saitta@municipalbuildingconsultants.com]

Name of Clerk of the Works: [Larry Hueter]
Phone(s): [978-686-5766]
Email address: [Larry.Hueter@municipalbuildingconsultants.com]

4. **Library Director**. Complete only if the library director is not the project director.
Full name: [Linda C.W. Gardener]
Phone(s): [781-665-2313]
Email address: [lcwgardener@noblenet.org]
Major responsibilities related to the project: [
Responsible for overall administration of library
Will monitor progress in weekly construction meetings
Will communicate with stakeholders including City officials, staff, trustees and community
Will coordinate relocation of library during construction, in conjunction with City Planner
Will work with designers on library functions/use]

B. Project Awarding Authority and Fiscal Information - needs to be completed

The sole awarding legal authority for this project will be:
(Mark only one)

☐ Board of Library Trustees
☐ Local Building Committee
x Other Municipal Official

Chairperson or Municipal Official of Above
Full name: [Robert J. Dolan]
Title: [Mayor]
Address: [562 Main Street, Melrose MA 02176]
Phone(s): [781-979-4440]
Email address: [rdolan@cityofmelrose.org]

The person legally authorized to receive and safeguard Massachusetts Public Library Construction Program funds locally:
Full name: [Arthur J. Flavin, Jr.]
Title: [Treasurer/Collector]
Address: [562 Main Street, Melrose MA 02176]
Phone(s): [781-979-4120]
Email address: [aflavin@cityofmelrose.org]

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The person legally authorized to requisition and approve local expenditures of Massachusetts Public Library Construction Program funds:

Full name:	[Robert J. Dolan]
Title:	[Mayor]
Address:	[562 Main Street, Melrose MA 02176]
Phone(s):	[781-979-4440]
Email address:	[rdolan@cityofmelrose.org]

Name and address of bank or other institution where Massachusetts Public Library Construction Program funds will be deposited:

Bank or institution name:	[Eastern Bank]
Contact name:	[Natalya P. Ryzhova]
Title:	[Assistant Vice President, Government Banking]
Address:	[195 Market Street, EP 3-06, Lynn MA 01901]
Phone(s):	[781-598-7710]
Email address:	[n.ryzhova@easternbank.com]

Official accounts of receipts and disbursements for the proposed construction project will be maintained by:

Office or agency name:	[Auditing Department]
Contact name:	[Patrick Dello Russo]
Title:	[CFO/Auditor]
Address:	[562 Main Street, Melrose MA 02176]
Phone(s):	[781-979-4110]
Email address:	[pdellorusso@cityofmelrose.org]

Official documents to verify information shown in official accounts will be on file at:

Office or agency name:	[Office of Planning and Community Development]
Contact name:	[Denise Gaffey]
Title:	[Planning Director]
Address:	[562 Main Street, Melrose MA 02176]
Phone(s):	[781-979-4194]
Email address:	[dgaffey@cityofmelrose.org]

Person authorized to serve as the municipality's Massachusetts Certified Public Purchasing Official (MCPPO) is:

MCPPO-certified City/Town Hall or School District Individual:

Full name:	[Patrick Dello Russo]
Title:	[CFO/Auditor]
Address:	[562 Main Street, Melrose MA 02176]
Phone(s):	[781-979-4110]
Email address:	[pdellorusso@cityofmelrose.org]

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

C. Compliance Assurances

Applicants shall agree in writing to the 38 assurances found in 605 CMR 6.05 (2)(d) which are based on full municipal enforcement and compliance with federal, state and local laws, rules and regulations.

1. that new, remodeled or renovated library buildings will be planned for a minimum operational life of 20 years;
2. that the completed facility will continue to be used as a free public library for at least 20 years. Prior approval from the Board must be obtained if there is any change in proportional use, or if the building is sold or reused for a non-public library function. In the event that the building is not kept in continuous use as a free public library for 20 years, the city or town must return the amount of the grant award plus interest to the Board within 60 days of the date the library building falls out of compliance with 605 CMR 6.05;
3. that the Applicant will continue the library's participation and qualification in programs established by or the successors to State Aid to Public Libraries M.G.L. c. 78, §§ 19A and 19B. Should the Applicant fail to be certified by the Board to receive State Aid during the period in which the grant contract and agreement is in effect, until project completion and final payment, this will be considered a breach of the contract;
4. that when construction is complete, the Applicant will make all full and good faith efforts to ensure that sufficient funds will be available for the effective operation and maintenance of the facility, in accordance with applicable federal, state and local requirements and standards;
5. that a sign will be displayed on the construction site and a plaque will be placed in the completed building stating that State funds administered by the Massachusetts Board of Library Commissioners have been or are being used for construction and displaying the MBLC name and logo;
6. that the Applicant and contractors will not knowingly employ, compensate, or arrange to compensate any employee of the Board during the term of the project, unless such arrangement is permitted under the provisions of M.G.L. c. 268A;
7. that the Board will have the authority to review and approve plans, specifications, bid documents, contract awards, payments and all documents of obligation or expenditure for the project;
8. that if required, pre-contract and preconstruction conferences will be held with representative(s) from the Board;
9. that the Owner's Project Manager, architect and other contractors of an approved public library project will be selected using the procedures as outlined by the Designer Selection Board under the provisions of M.G.L. c. 7C, §§ 44 through 58;
10. that all design, construction, construction contracts and sub contracts will be in conformity with all applicable provisions of state and local law, rules and regulations including, but not limited to, M.G.L. c. 143, St. 1972, c. 802, St. 1984, c. 348 and 780 CMR: State Board of Building Regulations and Standards. All construction contracts must be bid under M.G.L. c. 149, § 44A or M.G.L. c. 30, § 39M;
11. that the Applicant will be in compliance with Executive Order 524: Establishing the Massachusetts Supplier Diversity Program, which includes set aside provisions for minority business enterprises and women-owned business enterprises, and in compliance with M.G.L. c. 151B. The Applicant must not discriminate in any manner because of gender, race, color, religion, national origin, ancestry, age, sex, or handicap;
12. that the Applicant will require that all construction contracts will be in conformity with applicable law and regulations related to minority hiring. Every state-assisted contract for an approved public library project, including sub contracts, will include the Commonwealth's Supplemental Equal Opportunity/Anti-Discrimination and Affirmative Action Program as part of the contract;

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

13. that the Applicant will comply with Executive Order 526: Regarding Non-discrimination, Diversity, Equal Opportunity, and Affirmative Action. The Applicant will safeguard nondiscrimination, diversity and equal opportunity in state funded workplaces, decisions, programs, activities, services and contracts;
14. that the Applicant will submit the project to local, regional or state boards or agencies for comment and/or approval as may be required by law or regulation;
15. that the Applicant will assist the Board in complying with the Massachusetts Environmental Policy Act, M.G.L. c. 30, §§ 61 through 62H;
16. that the building will be designed according to 521 CMR: Architectural Access Board;
17. that life cycle cost estimates of all technically feasible energy systems as defined in St. 1976, c. 433, will be considered in order to ensure that the energy system with the lowest life cycle cost estimate will be identified in accordance with the provisions of St. 1976, c. 433;
18. that the Applicant will closely monitor the cost effects of building program and design decisions and materials and systems selections so that the facility can be constructed and operated in a cost effective, sustainable and staff-efficient manner considering the type of project and structure;
19. that there will be an evaluation of flood hazard so that the facility to be constructed will be located to prevent potential flood hazards, as far as is practicable;
20. that the building will be designed to minimize the effects of vandalism, weather conditions and natural conditions and that materials and finishes will be selected to minimize operational costs and maintenance. This will include provision for a fire-rated enclosure for any automated or manually operated exterior book or nonprint materials return that penetrates a wall of the building;
21. that the Applicant will comply with M.G.L. c. 9, §§ 26 and 27C and 950 CMR 71.00: Protection of Properties Included in the State Register of Historical Places and any additional Massachusetts Historical Commission legal and regulatory requirements, including that which affords the Massachusetts Historical Commission the opportunity to review and comment as early as possible in the planning stages of the project;
22. that the Applicant will comply with Americans with Disabilities (ADA) federal standards and the regulations of the Massachusetts Architectural Access Board, including those requirements for making alterations to historical properties to ensure that property and building are readily accessible and usable by individuals with disabilities unless a variance has been obtained for all noncompliant features;
23. that prior approval from the Board will be obtained for significant budget, program or plan changes and revisions including deduct change orders, excluding change orders of an emergency nature;
24. that the Applicant will provide adequate supervision during the term of the project including architectural supervision, value engineering and the retention of a qualified clerk of the works and, when required, an Owners Project Manager that meets the qualifications required by M.G.L. c 7C, § 44 through 58;
25. that Board staff will be provided reasonable access to the project and site with consideration for site conditions and with appropriate notification;
26. that every good faith effort will be made to obtain sufficient funds beyond those granted under the Massachusetts Public Library Construction Program for the non matching and non eligible portion of project costs;
27. that the Board will not be held responsible for meeting any increased costs or increasing the amount of the grant award beyond the provisional award;
28. that the project will be completed as described in the application and approved by the Board. Any significant reductions in the project's program require prior approval;
29. that the Board, the Governor or his or her designee, the Secretary of Administration and Finance, and the State Auditor or his designee will have the right, at reasonable times and upon reasonable notice, to examine the books, records and other compilations of data of the Applicant which pertain to the

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

performance of the provisions and requirements of this agreement. Upon request, the Applicant will furnish to the Board copies of any such books, records and compilations. In all contracts or subcontracts entered into by the Applicant concerning the project, a provision must be included requiring similar access by the Board to the contractor's or subcontractor's books, records and other compilations of data which pertain to the project according to Executive Order 195: Vendor Contracts of April 27, 1981;

30. that the Applicant will file all required reports and the Board will be notified when the approved public library project is completed and a certified reporting of expenditures by category, financial sources and other documentation will be supplied to the Board by the Applicant within six months of project completion;

31. that all grant funds received by the Applicant from the Massachusetts Public Library Construction Program will be placed in an interest bearing account separate from other Applicant accounts. All grant funds, including interest income, will be retained in this account until they are expended for purposes specified in the construction grant application. Purposes specifically excluded include all those specified in 605 CMR 6.02: Definitions Eligible Costs;

32. that the Applicant will file a final evaluation form on the performance of contractors on the project as required by the Division of Capital Asset Management and Maintenance (DCAMM) upon completion of the project;

33. that construction will begin in the fiscal year immediately following the date of acceptance by Board staff of the final project construction documents;

34. that a copy of the as-built drawings, in paper or electronic form, will be supplied to the Board within 60 days after issuance of Certificate of Occupancy;

35. that the Applicant has clear title to the project site or a lease of at least 99 years;

36. that the project site will remain as described in the application and approved at the time of award or Waiting List placement;

37. that the construction process will comply with all current state and local building codes for libraries and all applicable standards and procedures;

38. that the completed project will meet or exceed a building efficiency rating of 65%.

D. Application Certifications - Need Signatures

We the undersigned, having official responsibility for the project herein described, do hereby attest to the facts and figures presented as true to the best of our knowledge and belief and do hereby certify our intent to carry out all the provisions and conditions agreed/delineated in this application. At least one person officially representing the town and one library trustee representing the library must sign. Name and title may be typed or legibly handwritten. Signature must be handwritten.

Name: Robert J. Dolan

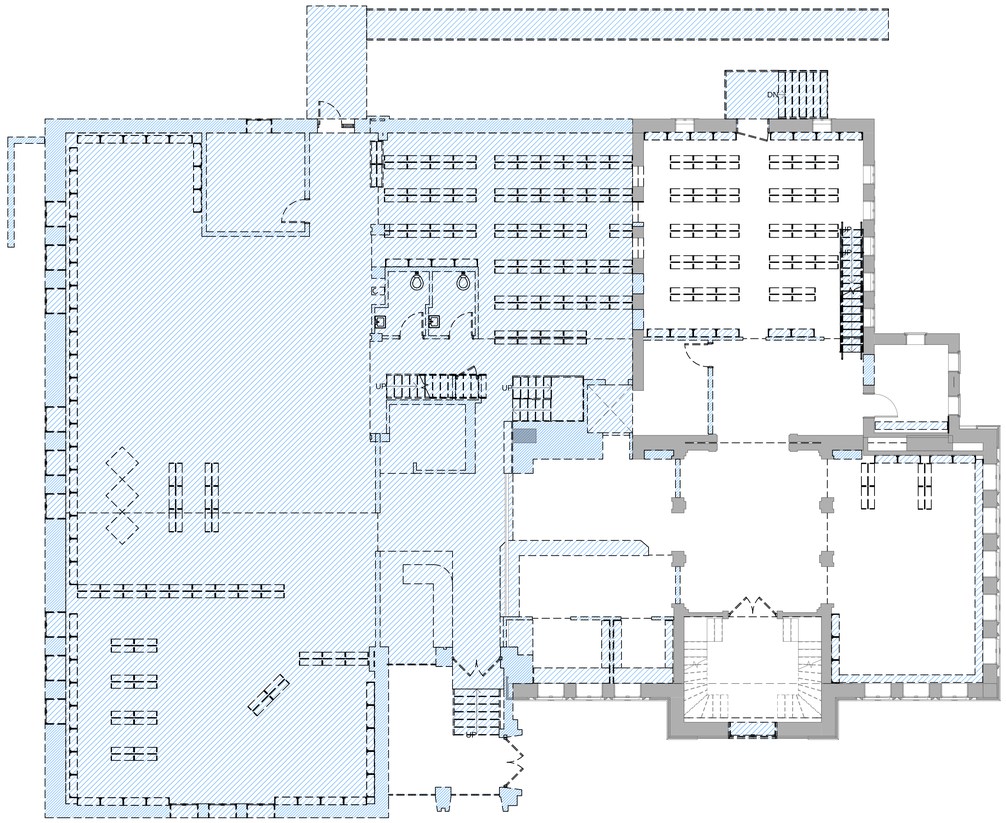
APPENDICES AND ATTACHMENTS



A. Title/Deed and Related Documentation
B. Copy of Town Meeting/City Council votes
C. City/Town map showing location of proposed site
D. Floor plans of existing library building
E. Excerpted Pages from Master Plan/Library Long Range Plan
F. Library Building Program
G. Massachusetts Historical Commission notification form
H. Geotechnical Consultant's Report
I. Hazardous Materials Survey
J. Structural Analysis
K. Engineering and Other Surveys and Reports
L. Detailed Cost Estimate
M. LEED Scorecard (if applicable)
N. Alternate Parking Plan (if applicable)
O. Schematic Design Drawings*

*Schematic drawings are adequate for the purposes of a grant application, but the latest version available should be submitted. Depending on the status of your project, that may be schematic, design development, or even construction drawings. All drawings and documents must be clear and readable, with labels to indicate location and square footages of areas directly on the drawings themselves, rather than in a separate schedule. The plans must include layout and heights of all shelving; reader seats, restrooms, elevators, staff offices, public service points, emergency exits, janitor's facilities, etc. Include one (1) half-size (15" x 22") set of schematic drawings, or most developed drawings, in their latest version available (scale: 1" = 16'). This half-size set should be folded and placed in the pocket of the Original Copy binder. In addition to the half-size set, include one set of 11"x17" drawings in each binder. Drawings must include:

- Floor plan(s) with a complete furniture, fixtures and equipment (FF&E) layout, including shelving unit heights. For an addition/renovation, provide floor plan(s) of the existing building with current FF&E layout as well as one for proposed layout. Indicate number of square feet in each area/room. Each level of the floor plan must be shown on a on a separate page.
- Elevations of proposed facades, especially those showing public entrances.
- Site plan and topographical survey prepared by a Massachusetts registered architect with parking layout, grading, building location and description of utilities (1" = 40' or larger). Include written explanation of parking plans.
- Sections as needed to illustrate levels and main ceiling heights.

Library Project – Questions from Councilors as of 8/20/2021

Is $10M the updated estimated total City portion cost of the project? Does this account for anticipated overages due to increased materials costs?
Tappé Architects has had their professional estimators update the numbers for 2021 (see below). With the MBLC grants and Trustees' contribution, the City's portion is estimated to be $10.8M, consistent with the $11M that was in the 2019 Capital Improvement Plan https://www.cityofmelrose.org/sites/g/files/vyhlif3451/f/news/cipreport_fy20-24nov8_2019_final.pdf)

Revised estimate	$21,094,508
Trustees	- $ 2,000,000
MBLC grant	- $ 7,993,290
Green incentive	- $ 279,765
City's share in 2021:	$10,821,453

What is PDR's assessment of our bonding capacity without risking our bond rating?
Patrick is happy to provide up-to-date information on our 10-year debt plan, which indicates sufficient bonding capacity, well under our 5% limit. The debt model takes into account bonds for the Library, Beebe School, new ladder truck, Memorial Hall, and roads, as well as costs associated with the Vocational-Technical HS.

Regarding the bond rating, Patrick would refer you to the Credit Opinion contained in the September 15, 2020 S&P Bond Rating report, which states: *"In our view, Melrose's debt and contingent liability profile is strong…overall net debt is low, at 0.9% of market value, and approximately 79.2% of the direct debt is scheduled to be repaid within 10 years, which are in our view positive credit factors."* Patrick notes that our bond rating agency was aware of and took into account our plans to issue debt for the bonded projects, including the library, the fire truck, Memorial Hall, and school renovations, when S&P wrote this Credit Opinion, which states *"we do not expect these issuances to materially alter our view of the city's debt profile*."

What, if any, part of this project falls under the purview of the historical commission? If they have an articulated regulatory role, where are we in that process? If approvals were already provided prior to the submission of the application in 2017, do those need to be revisited?
Pursuant to 950 CMR 71: *Protection of properties included in the State Register of Historic Places*, we submitted a Project Notification Form (PNF) to the Massachusetts Historical Commission at the time of grant application. Generally, the architect will submit an updated PNF when the design development is set. What will happen when we go forward with the project is we will supply Mass Historic with more details about what is proposed and they will issue a Memorandum of Agreement with conditions that will mitigate the adverse impact associated with the alteration of certain building elements (they will likely require documentation of historic elements before

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

demolition, for example.). This becomes a collaborative process and the local historical commission is involved. Tappé presented to the Melrose Historical Commission twice, and we have notes from the May 2, 2016 meeting indicating they were supportive of the project and appreciated our efforts to maintain as many historic details as possible.

Percentage of library with asbestos (either flooring or pipes);
According to the Hazardous Materials survey done in 2016, there is 14,000 square feet of asbestos floor tile, so that would be just under 60% of the square footage of the library. In addition, there is 3,500 square feet of coating containing asbestos on certain surfaces, some duct insulation in the boiler room that was found to be asbestos, and other, smaller amounts of asbestos containing materials, such as window caulking and mastic.

Dollar amount in terms of $ and DPW time we currently spend on maintaining the existing structure;
Back of the envelope (not exhaustive) number is just over $200,000 in the past 4 years for the following:

- FY21 Elevator repairs - $27,375
- FY20 Elevator repairs - $75,415
- FY18 Elevator repairs - $6,852
- FY19 Front desk work - $13,909 (remove wall, replace carpet & subfloor, asbestos abatement, paint, electrical)
- FY18 Chiller replacement - $43,000
- $10,000-11,000 annual preventative maintenance

This is in addition to regular custodial salaries, supplies, utilities, and energy costs.

256 work orders have been submitted to DPW via Munission CEM since July 2012 (other requests have been made by phone when urgent).

Scope of the damage to the historical collection from the roof leak last spring
Because library staff discovered the leak, damage was minimized. The preservation process is ongoing, but in terms of $, there was no permanent damage to the floor, and the ceiling has not yet been dealt with since it is still an active leak. The library had to replace the archival boxes and acid-free tissue, which took the brunt of the moisture. That was around $130.00. It remains to be seen if the photos in the historic album can be preserved, but we are hopeful they can be.

Will MPD and/or MFD be formally weighing in on the identified safety issues (egress; sight lines)?
Nothing new has been identified in terms of public safety since the 2017 grant application, in which the following health/safety issues were called out:

- Location of fire extinguishers and pull alarms are antiquated and not in alignment with modern safety procedures
- No sprinkler system

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- Building is confusing to navigate in an emergency; after a (false) alarm, the fire department came to ask for a tour, due to confusion and disorientation during the event.
- Inadequate electrical outlets create hazardous situations throughout the building.
- No surveillance system, anti-theft mechanisms, or established security systems in the building, either for materials or for staff and patrons. (When the library is closed, there is a perimeter alarm and motion detector, which are obsolete.)
- Several areas of the building that have no sightlines for staff, and no videos or other security measures.
- The rear entrance of the building has no security measures, no staff sightlines, and leads to the somewhat secluded rear parking lot.
- The majority of the adult books stacks have no sight lines.
- The upper floors, containing book stacks, the local history room, the Trustees Room, and an open meeting/study area, have no staff supervision at any time.

What is the total square footage of the library? Existing library is in the range of 24,190 sf

How old is the current HVAC system?
Engineers study reports all systems past useful life. AC system is from 1987, with a refurbished chiller installed by DPW a few years ago.

Is there an estimated/average age of the multi-level roof?
The flat roofs appear to have been re-done most recently in 1995 by Tar-Vel Roofing Co. with a twenty year membrane material warranty.

We have been unable to locate information indicating the actual age of the sloped roof. Repairs to the sloped roof were last paid for by the Trustees in 2010 and DPW has handled roof repairs since 2012.

Did the plans for the new library design from 2017 only include an option for tearing down and rebuilding the "new" wing of the library (reference area, Children's Room/multi-purpose meeting area in lower level)? Are there any plans and cost estimates to renovate the "new" wing instead of it being a tear down?
Options for renovating or adding onto the “new wing” were considered in 2017 and found to be too costly and not effective in solving the issues with the library.

There were 3 primary options in the 2017 feasibility phase:

1) Renovate existing library and addition (did not meet program requirements)
2) Add a floor to the existing addition “new wing” (technically complex and cost prohibitive)
3) Replace existing addition (maximizes available space on site, cost effective).

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Only option 3 came closest to meeting program requirements at approx. 29,000 GSF and solved the issues identified with the current library configuration relative to patron experience and services.
MBLC indicated that the existing library SF is not adequate for grant funding approval. The MBLC decision to approve the project we proposed was based in part on their assessment that the design was adequate to meet the needs of the community. In fact, we were encouraged to try to find more square footage if we could, not less.
Forgoing the grant would not result in a more cost effective project, given the need to abate the asbestos, bring the building into ADA compliance, and replace the critical building systems such as HVAC, roof, elevator that are at the end of their useful life.

Will there be more specificity around what's included in the "Estimated Soft Costs" line item for $4.37M? The description says "FFE, Tech, Fees, Costs", but was just interested in getting some more detail around that.

The term “soft costs” for construction projects typically includes all the costs that are outside of the actual construction bid and construction contingency. At this early stage in the project they are allowances. These costs to the project typically fall into two overall categories:

Professional Services – This includes fees for the Architect and Owners Project Manager as well as specialized testing such as geo-technical and hazardous materials.

FFE & Temporary Facility – “FFE” is furnishings, fixtures, and equipment and typically includes book stacks, furniture, technology, signage, book alarm etc. This category also contains an allowance for a limited fit out of a space yet to be determined for a temporary library while the permanent library renovation in is progress.

For the interior -- will there be new bookstacks throughout the whole library? And also will the interior of the Carnegie side of the building be restored? If so, is that included in the "Soft Costs" or the Construction Costs?

The proposed plans and budget include all new book stacks and furnishings throughout the renovated building and the addition. These book stacks are included in “soft costs”.

The anticipated scope of work for the Historic Carnegie Library includes restoration of the interior including wood work, as well stabilization of the exterior including new roof, restoration of cornice, and restoration of existing windows and masonry. This scope is included in the estimated construction cost.

Dear Linda,

Thank you for participating in the Massachusetts Public Library Construction Program (MPLCP) 2016-2017 Construction Grant Application Round.

At the July 8, 2021 meeting of the Massachusetts Board of Library Commissioners, the Board voted a provisional grant award to the City of Melrose for the Melrose Public Library in the amount of $7,993,290 for its public library construction project.

This award is subject to the securing of local funding, execution of a contract between the MBLC and the City of Melrose, and the compliance of your library and community with all of the assurances as found in the Code of Massachusetts Regulations (605 CMR 6.00) that governs the MPLCP. The city has six months, or until **Monday, January 10, 2022**, to obtain its local funding.

Please contact your Library Building Specialist, Lauren Stara (lauren.stara@mass.gov) to schedule a meeting to discuss the next steps in the process.

After the contract is executed, MPLCP Library Building Specialists will work closely with you during the completion of schematic design and into design development.

Congratulations on the Melrose Public Library's project receiving an MPLCP provisional construction grant award.

Sincerely,

James Lonergan

Director

Enclosure: Project Summary

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Massachusetts Board of Library Commissioners
Massachusetts Public Library Construction Program

Award – Project Summary and Recommendation
General Construction Projects Application Round 2016-2017

Municipality:	Melrose	
Library:	Melrose Public Library	
Project Type:	Addition/Renovation	
Population:	2016: 27,690	2035: 31,311
Total Square Feet:	Existing Gross: 24,183	Projected Gross: 26,635

Estimated Total Project Costs: $18,737,137

Estimated Eligible Project Costs: $17,769,632

Recommended Grant Award: $7,993,290

Abstract:
The City of Melrose and Library Board of Trustees recognize the need for a renovation/expansion of the Melrose Public Library. The current building, constructed in 1904 with a substantial addition in 1963, is 24,185 gross square feet. The proposed renovation would expand it to 26,579 gross square feet.

The proposed project will dramatically improve the library's accessibility, creating a single entrance that is welcoming to all. Youth services will be improved by moving the children's room out of the basement and creating a dedicated program room, as well as a new young adult space. Adult program, community and meeting space will include a Discovery Zone for computer classes and innovative technology space. Improved lighting, use of daylight and effective HVAC building-wide are reflective of planned improvements in building efficiency.

Recommendation:
This project has successfully met all criteria in the grant review process and is recommended for funding. MBLC staff will meet with the awardee to discuss recommended design modifications identified by the Review Team prior to the resumption of the design process.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

September 2, 2021

Ms. Stacey Minchello
Melrose Council on Aging
235 W. Foster St.
Melrose, MA 02176

Dear Ms. Minchello:

I am pleased to inform you that the Board of Directors has approved funding under Title III B of the Older Americans Act in support of the Melrose Council on Aging Program for elders in the Mystic Valley Elder Services (MVES) planning and service area of Chelsea, Everett, Malden, Medford, Melrose, North Reading, Reading, Revere, Stoneham, Wakefield, and Winthrop. The amount of the award, subject to federal funding, is $6,220 for Fiscal Year 2022 (October 1, 2021 through September 30, 2022).

The MVES Board has requested that this award amount under **Special Programs for the Aging, Title III, Part B, Grants for Supportive Services, CFDA Number 93.044, Federal Administration for Community Living** be granted upon the following conditions:

- Melrose Council on Aging will serve 216 unduplicated elders as participants through a series of Teachable Moments workshops around topics of Cultural Competency, Diversity Issues, and Inclusion and monthly participation in LGBT social programs.
- Melrose Council on Aging will provide an in-service or Zoom training for Mystic Valley Elder Services' staff in FY 22 regarding these support services.

The Title III service contract will be mailed to you by mid-September. Upon receipt of the contract, please return a) one signed copy of the contract and b) a signed copy of the Executive Order 504 Provider Certification and Data Security Addendum (Attachment D) to Mystic Valley Elder Services, Attn: Lauren Reid, Title III Planner by 4:00 p.m. on Thursday, September 23, 2021.

Please contact Lauren Reid, Title III Planner, at 781-388-2382 or at lreid@mves.org if you have any questions. The award amount and conditions will be reflected in the Title III service contracts for FY 2022.

We look forward to working with the Melrose Council on Aging again this year.

Sincerely,

Daniel J. O'Leary
Chief Executive Officer

CC: Lauren Reid

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

PROGRAM SERVICE AGREEMENT
between

MYSTIC VALLEY ELDER SERVICES
Area Agency on Aging (AAA)

and
Melrose Council on Aging
Grantee

This Agreement is entered into by and between the Area Agency on Aging (AAA), **Mystic Valley Elder Services** (hereinafter referred to as the **Corporation**), and the Grantee, **Melrose Council on Aging** (hereinafter called the **Provider**), operating in the Commonwealth of Massachusetts as a 501(c)3 organization, having its principal offices at **235 West Foster Street, Melrose, MA 02176**.

WHEREAS, the Corporation desires to purchase programs **to provide access to services for isolated, marginalized, and LGBT elders, and those who are disadvantaged by racial, cultural and/or linguistic barriers and** giving priority to those elderly individuals with the greatest social and economic needs as defined in Attachment B; and

WHEREAS, the Corporation has received authorization from the Commonwealth of Massachusetts, Executive Office of Elder Affairs (hereinafter "Elder Affairs") to fund such services as an Area Agency on Aging under Title III of the Older Americans Act of 1965, as amended in 2006 (Public Law 109-365) under the Special Programs for Aging Title III, Part B, Grants for Supportive Services, CFDA Number 93.044, Administration for Community Living, hereinafter referred to as Title III, and

WHEREAS, the Provider agrees, under Title IIIB, to conduct programs that provide access to services for socially insecure/isolated elders and elders marginalized for reasons including sexual orientation **in the Mystic Valley area, giving priority to those elder individuals with the greatest social and economic needs as defined in Attachment B; and**

NOW, THEREFORE, the Corporation and the Provider do mutually agree as follows:

1. **Engagement**

The Corporation hereby engages the Provider to provide and the Provider agrees to provide "Project Services" to individuals sixty years of age or older, giving priority to those elder individuals with the greatest social and economic need who reside within the following designated area as set forth in Attachment A of this contract. The term "Project Services" shall mean the program as described in the grantee's grant application (see Attachment E). The term "Greatest Social and Economic Need" is defined in Attachment B, which definition may be changed from time to time by the Corporation. The activities of the Provider under this agreement shall hereinafter be referred to as the "Program".

2. **Period of Performance**

This Agreement shall take effect on or about **October 1, 2021** and shall remain in effect until and through **September 30, 2022**, at which time the Agreement expires automatically, unless earlier terminated in accordance with the terms set forth herein. This renewable contract is subject to the Corporation and the Executive Office of Elder Affairs confirmation of available Title III funds, and compliance with the provisions of the regulations as set forth in this Program Service Agreement. Programmatic and fiscal activity on this grant must be demonstrated within thirty (30) days* of the issuance of the grant award or the corporation may terminate the grant.

*Days are defined as calendar days unless specified in the agreement as business days.

3. **Fiscal and Administrative Conditions**

I. Maximum Obligation

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- The Corporation shall pay to the Provider an obligation of up to **$6,220** of Title III funds for the period ending **September 30, 2022**, as contained in Section 2 of this Agreement. These funds shall be the Corporation's maximum obligation under this contract. The Provider shall provide a matching share of not less than **15%** of the total Program budget in non-Title III cash or in-kind services. **Specific administrative conditions for FY22 include:**

1. **The Melrose Council on Aging will serve 216 unduplicated individuals age 60 and older in the Mystic Valley Elder Services (MVES) planning and service area through the Teachable Moments Workshops and the LGBT Social Programs,**
2. **The Melrose Council on Aging will provide monthly documentation regarding the number of referrals made to Mystic Valley Elder Services, and**
3. **Melrose Council on Aging will provide an in-service or Zoom training for Mystic Valley Elder Services staff regarding these programs.**

II. Approved Budget

In no case shall the Provider's Program Services expenditures exceed the total approved budget or exceed the approved costs for each budget category as specified in this Agreement without the prior written approval of the Corporation. The portion of the total budget allocated to the individual line items as set forth in the budget may be amended by mutual consent of the parties at the request of either party, but in no event shall the sum of the reimbursable amounts as amended exceed the level of funding itemized in the original budget. Failure of the Provider to request written approval for budget changes from the Corporation may be a cause for disallowance of expended monies, which determination is the sole decision of the Corporation.

III. Reimbursement of Provider Expenditures

The Provider shall submit periodic expenditure and program reports as requested by the Corporation in a format as set forth in Attachment C to this Agreement. Such reports shall be for Program Services authorized by the Corporation pursuant to this Agreement and rendered to eligible participants by the Provider during the previous period, and shall include such programmatic, fiscal and administrative data as the Corporation reasonably deems necessary for the monitoring and evaluation of such services and to substantiate the Corporation's claim for reimbursement from Elder Affairs. Upon receipt and approval of properly completed expenditure and program reports, the Corporation shall, subject to receipt of funds from Elder Affairs, make its best effort to process payments to the Provider within thirty (30) days. The Corporation may, within ninety (90) days of the expiration of this Agreement and after consultation with the Provider, adjust any invoice of the Provider both before and after payments have been made; however, the failure of the Corporation to exercise this provision shall not constitute a waiver of any right of the Corporation to otherwise recover funds paid to the Provider pursuant to this Agreement.

IV. Accounts

Both federal Program grant funds and non-federal resources (cash or in-kind) which constitute matching share for the Program shall be maintained in a separate account from any other funds. Provider Program accounting records shall be itemized in sufficient detail to show the exact nature of all receipts and disbursements. The Provider shall establish and maintain appropriate procedures to safeguard and account for all contributions and project income. All financial and accounting records shall be maintained by the Provider in accordance with generally accepted accounting practice and principles.

V. Contributions

Consistent with the mandate of the Older Americans Act, 42 USC 3001 et seq. and 45 CFR 1321.67, the Area Agency on Aging shall assure that each Provider shall provide each older person with an opportunity to voluntarily contribute to the cost of the service(s). This opportunity should be publicized with project participants while effective procedures maintain both the voluntary nature and confidentiality of any donations. A service Provider that receives funds under Title III may not deny any older person a service because the older person will not or cannot contribute to the cost of the service. All contributions are to be used by the grantee to expand the services of the program being funded under this grant.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

4. **Monitoring**

The Provider shall establish and maintain such documents and financial and program records which are required by the Corporation to ensure documentation, monitoring and evaluation of financial activities and the provision of purchased services. All financial records, program records, and other books, records, documents, and property pertaining to this Agreement shall at all reasonable times be open for inspection, review or audit by the Administration on Aging, Elder Affairs, the Corporation, or their authorized representatives, who shall at all reasonable time have access to the premises wherein such books, records, documents and property are stored for seven (7) years after final payment hereunder.

The Corporation reserves the right to make a site visit at any time during the regular business hours of the program for the purpose of conducting program and fiscal audits. The Corporation shall conduct at least an annual site visit for such purpose. The provider shall develop and keep on file participant surveys as well as other evaluation measures the Provider uses to measure its program impact and improve Program operations.

The Provider shall provide the Corporation with any additional data that the Corporation may reasonably require to permit it to monitor performance of this Agreement at a level sufficient to assure fiscal administration, accountability and program quality.

5. **Confidentiality**

The Provider shall not use or release any reports, data, or other information identifying applicants or persons served, or which could reasonably lead to the identification of such applicant or person served, in accordance with the laws of the Commonwealth, including but not limited to Executive Order 504, M.G.L. c 93H, M.G.L. c. 66A § 2, Elder Affairs PI-97-55; and where applicable, Federal law, governing the use, safeguarding and access to personal data as defined in The Fair Information Practices Act. Such information as may be necessary shall be used only to assure proper administration, planning, coordination and monitoring of performance under this Agreement and to permit the transfer of records of a person served to another agency for the purpose of continuing services. The Provider shall provide the Corporation such additional data as the Corporation may require to monitor the Provider's information system and to guarantee adequate safeguarding of the human and civil rights of the applicants and persons served. The Provider shall furnish to the Corporation, within thirty (30) days following the request by the Corporation, a written description of the Provider's system for gathering, storing, and releasing personal data so the Corporation may determine compliance with Section 6 of this Agreement.

6. **Protection of Clients**

The Provider shall comply with the applicable provisions of Elder Affairs' rules governing the Elder Rights Review Committee (ERRC), set forth at EOEA-PI-03-17. Under these rules, Elder Affairs must review all research, experimentation, surveys, market testing or similar research that seeks access to clients or client information connected with programs funded by Elder Affairs.

7. **Non-Discrimination in Service Delivery**

The Provider shall not deny any services to or otherwise discriminate in the delivery of services against any person who otherwise meets the eligibility criteria for the program as determined by the Corporation on the basis of race, color, religion, sex, age, national origin, ancestry, physical or mental disability, sexual orientation or because such a person is a recipient of federal, state or local public assistance or housing subsidies. The Provider agrees that program staff shall make reasonable accommodations to allow for client participation in the program and its benefits.

The Provider shall comply with all applicable provisions of:

(a) Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq.) - prohibits discrimination on the basis of race, color or national origin, in programs receiving federal assistance;

(b) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794) and the regulations promulgated thereunder, (45 CFR part 84) - prohibits discrimination against qualified disabled individuals on the basis of the disability in any program or activity receiving or benefiting from federal financial assistance and requires programs and activities, when viewed in their entirety, to be readily accessible to disabled persons;

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

(c) M.G.L. c 151B, § 4 (10) - prohibits discrimination in furnishing services on the grounds that an individual is a recipient of federal, state or local public assistance or housing subsidies, nor should any services be denied to any person who chooses not to make a donation to the cost of the Program.

8. **Non-Discrimination in Employment**

The Provider shall not discriminate against any qualified employee or applicant for employment because of race, color, national origin, ancestry, age, sex, sexual orientation, religion, or physical or mental handicap. The Provider shall comply with all applicable provisions of:

(a) Title VII of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et. seq.) - prohibits discrimination in Employment on the basis of race, color, religion, sex, or national origin;
(b) M.G.L.,c. 151B, § 4 subsections 1, 1A and 1B - prohibits discrimination on the basis of race, color, sex, religion, creed, national origin, ancestry or age;
(c) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794) and the regulations promulgated thereunder (45 CRF part 84) - prohibits discrimination against qualified disabled individuals on the basis of the disability and requires employers to make reasonable accommodations to known physical or mental limitations of otherwise qualified disabled applicants and employees.

9. **Affirmative Action**

The Provider shall develop and adhere to a policy of affirmative action in all aspects of employment under this Agreement. In addition, if the maximum compensation paid to the Provider in the Commonwealth's fiscal year immediately prior to the beginning of this Agreement, or payable during the term of this Agreement, from agencies acting pursuant to contracts with the Executive Office of Elder Affairs, is fifty thousand dollars ($50,000) or more, the Provider shall develop and maintain an affirmative action plan in accordance with the applicable requirements of Executive Order 526 and transmit a copy to the Corporation within thirty (30) days of receiving the Notification of Grant Award.

10. **Grievance**

The Provider shall develop and adhere to a policy in writing, in a conspicuous manner at the place where services are rendered or delivered, a notice informing individuals eligible for or receiving Title III services that they may file a grievance with the Corporation, within twenty-one (21) days, when said individuals are dissatisfied with or denied Title III services by the Provider. This notice must include the name and address of the Corporation. The Corporation will provide to the complainant a written Grievance Application.

11. **Conflict of Interest**

The Provider shall not knowingly employ, compensate or arrange to compensate any employee of the Corporation during the term of the Agreement without the prior written approval of the Corporation. It shall be a breach of this Agreement for the Provider to give, or agree to give, or to solicit, demand, accept, or agree to accept, any additional gratuity, including an offer of prospective employment or favor, in connection with any action or other particular matter within the purview of scope of duties of any employee, officer or director of the Corporation.

12. **Notice**

Unless otherwise specified herein, any notice, approval, request, or demand hereunder from either party to the other shall be in writing and shall be deemed to have been given when either delivered personally, electronically by fax, or deposited in a United States mail box in a postage prepaid envelope addressed to the other.

13. **Political Activity**

No employee of the Provider may engage in partisan or non-partisan political activity during hours for which the employee is paid in whole or in part with Corporation funds. The Provider may not select or promote an employee based on his or her political affiliation. The Provider agrees that for the term of this

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Agreement, no employee paid in whole or in part, nor board member of the Provider, shall at any time use the name of the Corporation and funds received pursuant to this Agreement, either directly or indirectly, for the purpose of interfering with or affecting the results of an election or nomination for office, whether partisan or non-partisan.

14 **Lobbying**

I. The Provider agrees that for the term of this Agreement, to the best of his or her knowledge, no federal appropriated funds will be paid, by or on behalf of the provider, to any person for influencing or attempting to influence an officer or employee or any agency, a Member of Congress, an officer or employee of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, contribution, renewal, amendment, or modification of any federal contract, grant, loan or cooperative agreement.

II. If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee or any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal contract, grant, loan, or cooperative agreement, the Provider shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

III. The Provider shall require that the language of this certification be included in the award documents for all subawards at all tiers, including subcontracts, subgrants, and contracts under grants, loans and cooperative agreements, and that all subrecipients shall certify and disclose accordingly.

"This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure."

15. **Termination**

(a) If, for any reason, the Provider is unable to provide the services specified by this Agreement, it shall promptly notify the Corporation of its inability to provide services and indicate the specific reasons.

(b) The Corporation may suspend, reduce the grant in whole or in part at any time or terminate this Agreement, if the Provider has failed to comply with the provisions of this Agreement, in whole or part. However, prior to suspension, reduction of the grant in whole or part or termination of this Agreement pursuant to this subsection, the Corporation shall notify the Provider, in writing, of the specific areas of non-compliance. The Provider shall restore compliance within thirty (30) days of the date of notice. If the Provider has not restored compliance within the thirty (30) day period, the Corporation may terminate this Agreement by furnishing the Provider with written notice not less than forty-five (45) days prior to the effective date of termination.

(c) If the Corporation determines that any non-compliance with the terms of this Agreement on the part of the Provider endangers the life, health, and safety of any recipients of services under this Agreement, it shall terminate this Agreement by orally notifying the Provider of termination followed by the making of written notification, return receipt requested, setting forth the specific reasons for termination, within three (3) business days following the oral notification. Termination pursuant to this subsection shall take effect upon the furnishing of the oral notification.

(d) The Provider may terminate this Agreement prior to its expiration date if the Corporation fails to comply with a material provision of this Agreement. The Provider shall furnish the Corporation with written notice of termination not less than forty-five (45) days prior to the effective date of termination.

16. **Early Termination: Change in Law**

In the event that any statute or regulation which governs performance hereunder is changed, differently interpreted by a court or other competent authority, or newly enacted, adopted or promulgated, so as to increase the burden on either party in complying with the terms of this Agreement significantly beyond

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

those existing at the time of the execution of this Agreement, the party so burdened my terminate this Agreement upon written notice to the other party of not less than forty-five (45) calendar days.

17. **Early Termination: Elimination or Reduction in Funding**

In the event that Title III funding appropriated through the Executive Office for Elder Affairs for Title III service contracts to the Corporation is eliminated or reduced to an extent that funding of this contract is not feasible, the Corporation may terminate this Agreement by providing written notice of termination to the Provider effective not less than forty-five (45) days after date of such notice.

18. **Early Termination: De-Designation of the Area Agency on Aging**

The Corporation shall notify the Provider in writing of its receipt of notification by Elder Affairs (hereinafter in this subsection referred to as "the Department") that the Department intends to de-designate the Corporation as the Area Agency on Aging for the service area covered by this Agreement. Thereafter, the Corporation shall notify the Provider of any appeal it may take of the Department's action and the disposition of any such appeal. All notices required by this subsection shall be made in writing within ten (10) days of the event which prompts the notice requirement.

In the event that Elder Affairs finally de-designates the Corporation as the Area Agency on Aging for the service area covered by this Agreement, the Corporation may terminate this Agreement by furnishing the Provider with written notice at least sixty (60) days prior to the effective date of termination. The parties shall cooperate fully with each other and with the Department, and take all reasonable steps and utilize all reasonable means to ensure continuity of services to program clients, including the use of available Corporation funds for the continuing delivery of legal assistance under this Agreement.

19. **Obligations upon Expiration, Termination, or Suspension**

The Corporation will pay the Provider for any reimbursable cost not covered by previous payments, for services rendered, pursuant to this Agreement, prior to notice of termination, if rendered in accordance with this Agreement, provided that the Provider submits the properly completed fiscal reports to the Corporation covering services rendered not later than thirty (30) days after notice of termination, suspension, or expiration. The Provider will immediately refund to the Corporation in accordance with the Corporation's instructions any unobligated balances of cash advanced by the Corporation.

If the Grant is terminated or expires without an audit, the Corporation retains the right to disallow and recover an appropriate amount after fully considering any recommended disallowance's resulting from an audit, which may be conducted later. The termination or expiration of this Agreement does not affect the retention period for or the Corporation's right to access to program records as contained in Section 5 of this Agreement. The expiration or termination of this Agreement does not affect the Provider's responsibilities with respect to property as contained in Section 25 of this Agreement.

20. **Reproduction of Reports: Copyright**

The Provider shall not disseminate, reproduce or publish any report, information, data, or other documents produced in whole or in part pursuant to the terms of this Agreement without prior written consent of the Corporation, nor shall any such report, information, data or other document be the subject of an application for copyright by or on behalf of the Provider without the prior written consent of the Corporation.

21. **Assignment and Subcontract**

The Provider shall not assign or subcontract any interest in this Agreement without the express written permission of the Corporation and Elder Affairs; provided that claims for money due or to become due to the Provider from the Corporation under this Agreement may be assigned to a bank, trust company or other financial institution without such consent. Notice of any such assignment shall be furnished promptly to the Corporation. None of the services to be provided by the Provider pursuant to this Agreement shall be subcontracted to any other organization, association, individual, partnership or group of individuals without the prior express written approval of the Corporation and EOEA.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

22. **Insurance**

The Provider shall procure and maintain insurance. The insurance will protect itself, its subcontractors, and the Corporation adequately from fire and extended coverage losses and from claims for bodily injury, death or property damage which may arise from operations under this Agreement. The Provider will provide the Corporation with a Certificate of Insurance prior to the commencement of the Program work. This certificate will provide that the policy shall not be canceled by the insurance company without ten (10) days notice to the Corporation of intention to cancel.

The Provider agrees to hold harmless and safe the Corporation, its officers, its agents, and employees from liability of any nature or kind including costs, expenses and attorney's fees for or on account of any or all suits or damages sustained by any person(s) or property resulting in whole or in part, from the negligence, performance, omissions or intentional act of any employee, agent, or representative of the Provider.

The Provider shall procure and maintain the following insurance coverage from a company or companies authorized to do business in Massachusetts:

(a) Workers Compensation Insurance shall be secured and maintained as required by the Commonwealth of Massachusetts;
(b) Public Liability - Bodily injury and Property Damage in amounts approved by the Commonwealth of Massachusetts;
(c) Malpractice-professional Liability Coverage (as applicable) in amounts approved by the Commonwealth of Massachusetts;
(d) Provider shall also purchase and maintain fidelity bonds of no less than twenty-five thousand dollars ($25,000) per incident for all employees with direct access to or responsibility for the receipt and disbursement of funds.

23. **Waiver of Default**

Waiver by either party of any non-compliance shall not constitute a waiver of any subsequent non-compliance. A waiver or modification of any of the provisions of this Agreement shall be effective only if made in writing and executed with the same formality as this Agreement.

24. **Maintenance of Effort**

Services provided with funds under this Agreement must be in addition to any program services already provided to elderly persons in the cities and towns of Chelsea, Everett, Malden, Medford, Melrose, North Reading, Reading, Revere, Stoneham, Wakefield, and Winthrop.

25. **Equipment**

Equipment acquired or purchased by the Provider which was fully paid or reimbursed by grant funds provided by the Corporation pursuant to this Agreement shall be the property of the Corporation. No title or right in said equipment shall pass to the Provider except the right herein expressly granted. Plates or other markings will be affixed to or placed on said equipment by the Corporation indicating that the Corporation is the owner thereof and the Provider will not remove said plates or other markings. Upon expiration or termination of this Agreement, the Provider will immediately return said equipment to the Corporation in as good condition as received less normal wear, tear, and depreciation. Said equipment shall always remain and be deemed personal property even though attached to realty.

All replacements, equipment repairs, or accessories made to or placed in or upon said equipment shall become a component part thereof and title thereto shall be immediately vested in the Corporation and shall be included under the terms thereof. The Corporation may inspect the equipment at any time; and the Provider agrees to keep the equipment in first-class condition and repair it at the Provider's expense and house the equipment in a suitable shelter; and not to sell, pledge, encumber or otherwise dispose or limit the Corporation's interest in the equipment or accessories attached thereto without the written approval of the Corporation.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

The Provider assumes the entire risk of loss or damages to the equipment, whether or not covered by insurance. The Provider agrees to and does hereby indemnify and hold the Corporation harmless of, from and against all claims, costs expenses, damages, and liabilities, including reasonable attorney fees resulting from an incident to the use, operation, or storage of the equipment during the term of this Agreement and while said equipment is in possession or control of the Provider. The Provider agrees to keep the equipment insured to protect all interests of the Corporation, at the Provider's expense against all risks of loss or damage from every cause whatsoever in a manner and in an amount approved by the Corporation. Said insurance proceeds there from shall be payable to the Corporation. *Equipment means those items identified in Appendix I, attached hereto and incorporated herein in reference.*

26. **Staffing Pattern of Provider** (Refer to Grant Application)

27. **Provision and Delivery of Services** (Refer to Grant Application)

28. **Licenses**

The Provider shall procure and keep current any license, certification, permit or accreditation required by local, state, or federal statute or regulations and shall, upon the request of the Corporation, submit to the Corporation proof of such license, certification, permit or accreditation.

29. **Criminal Procedure**

The Provider shall request a Criminal Offender Record Information (hereinafter referred to as "CORI") from the Criminal History Systems Board, prior to employing an individual whose salary is to be paid with Title III funds, referring for employment or accepting such individual as a volunteer, pursuant to M.G.L.c.6,§ 172 and § 172C, and 101 CMR 15.00 et seq. This includes but is not limited to agencies which employ or accept as a volunteer or refer for employment those persons who will provide care, treatment, education, training, transportation, delivery of meals, instruction, counseling, supervision, recreation or other services in a home or in a community-based setting for any elderly and/or disabled person, or one who will have direct or indirect contact with such elderly and/or disabled person, or access to such person's files.

30. **Publications**

The Provider shall insure that the distribution of any web sites, videos, vehicles, brochures, periodicals or other publications describing any program funded, in part or whole, by Title III funds, prominently display in such report a statement to the following effect:

"This agency and its programs are funded (in whole or in part) by a grant from Mystic Valley Elder Services, the Massachusetts Executive Office of Elder Affair, and the federal Administration on Aging."

31. Compliance with Legal Services Corporation Restrictions as Set Forth In Public Law 104-134 (If Applicable)

Title III legal assistance Providers (LAP) who receive funding from the Legal Services Corporation shall comply with the restrictions on activities set forth in P.L. 104-134. The Corporation and said LAP may elect to execute the Model Title III-B Legal Assistance Agreement previously adopted by Elder Affairs in place of this Agreement.

32. **Integration**

All attachments to this Agreement are deemed to be part of this Agreement. The entire agreement of the parties is contained herein and this Agreement supersedes all oral agreement and negotiations between the parties relating to the subject matter contained herein.

This Agreement has the following attachments:

Attachment A	Corporation's Service Area
Attachment B	Definition of Greatest Social and Economic Need
Attachment C	Project Reporting (program and expenditure report formats)
Attachment D	Executive Order 504

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

If any provision of this Agreement is held to be invalid or unenforceable, all other provisions shall nevertheless continue in full force and effect.

33. **Compliance with Law and Regulations**

Provider agrees to comply with the provisions of the Older Americans Act of 1965 as amended in 2006 (Public Law 109-365) and all regulations pertaining thereto, as well as all terms of 45 CFR Part 74 (Administration of Grants) that has not been expressly and specifically modified by this Agreement.

IN WITNESS WHEREOF, the parties have caused this contract to be executed by their duly authorized officers.

RE: Lincoln School Pedestrian Safety Survey

DATE: December 7, 2020

The purpose of this letter is to share the findings of the Lincoln School Pedestrian Safety Survey that I initiated earlier this year. I am hopeful that the findings will provide a launching pad from which we can begin a conversation about improving safety on the West Wyoming corridor in the vicinity of the Lincoln School.

Since the earliest days of my service as the Ward 5 City Councilor, pedestrian safety in the Lincoln School area has been the number one concern I have heard from residents. This is also an issue of particular importance to the Lincoln School PTO. Recognizing this, I advocated that at least one set of flashing crosswalk signs (preferably two) be installed at the Lincoln School crosswalks prior to the 2019 school year. As a result, Mayor Infurna earmarked free cash for the purpose of installing a set of flashing crosswalk signs at the crosswalk closest to the school's driveway. As demonstrated by the survey, parents consider this to be an enhanced safety feature.

Although signage is no doubt helpful, it is but one step of what -- I am sure we all agree -- needs to be a robust, multipronged approach to improve safety on the corridor. Pedestrian safety at *all* of our school locations is paramount; but the Lincoln School is unique in that the safety of children and parents walking or biking to and from school is impacted by a number of variables distinct to its location. Such variables include, but are not limited to, the following:

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- **Work Traffic** -- West Wyoming is a busy thoroughfare for motorists traveling west in the morning to access the Fellsway, Route 1, and Interstate 93.

- **The Commuter Rail** -- Motorists are likely to confront a stopped train at Wyoming Station at four possible times during school travel: 7:44 a.m. outbound train; 7:50 a.m. inbound train; and two trains around the time of "Early Bird" drop off, one at 6:57 a.m. and the other at 7:10 a.m.

- **Stoppage** -- Motorists traveling west on West Wyoming from Main Street hit three crosswalks, two staffed by crossing guards, in just under two tenths of a mile (≤0.2) before reaching the first crosswalk at the Lincoln School.

The above variables alone cause impatience and frustration on the part of some motorists, leading to aggressive operation practices that pose a risk to public safety, as validated by both the quantitative and qualitative data presented in the attached report. These findings have been further validated through my conversations with the longtime crossing guard about his personal observations. Although I recognize that we cannot control the feelings and behaviors of motorists, I do believe that we can take affirmative steps to mitigate the related safety risks. To that end, I am hopeful that findings from this survey will be helpful to us in determining an aggressive plan of action.

As background, the pedestrian safety study was hosted via Google Survey. Representatives from the Lincoln School PTO and the Melrose Ped/Bike Advisory Committee, as well as the Lincoln School crossing guard, were consulted prior to the launch of the survey and given the opportunity to recommend questions and other survey-related content. The survey targeted households of Lincoln School students and was promoted through the PTO's online and social media networks, beginning in January 2020. Although the survey remained open until August, the vast majority of responses were received over the first two months. The household response rate was 31% (N=102), a favorable data collection outcome when considering that online surveys typically yield a response rate less than 30%. The survey contained six (6) demographic questions and fifteen (15) distinct safety questions. Below are some key results from the survey:

- 55% of households have had a child/children enrolled at the Lincoln School for more than four (4) years; of that number, 28.4% have had a child/children enrolled for six (6) or more years. This represents an intimate familiarity with traffic safety in the area due to years of personal experience.

- 57% of households walk to and from school every day.

- 89% of households consider traffic safety to be a problem, with 41.2% considering it a "Serious Problem."

- 44% of households are aware of one or more incident where a child was injured or almost injured.

- 62.7% of households worry about their child's safety when traveling to and from school.

- 49% of households report that vehicles occasionally or sometimes stop at crosswalks.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

- 65.7% of households say that distracted driving on the West Wyoming corridor is a problem, with 30% considering it a “Serious Problem.”

- 28.4% of households believe that the new flashing crosswalk sign has had a “Major Effect,” while 36.3% believe that it has had a “Moderate Effect.”

The attached report includes additional data points as well as personal attestations from Lincoln School parents that will be instructive to us in working collaboratively to improve safety on the West Wyoming corridor. I am thankful for everyone’s shared interest in finding a lasting solution to this problem, and I am confident that *together* we will do just that.

I look forward to hearing your thoughts and suggestions, and to working with all of you to discuss next steps. In the meantime, if you have any questions, please do not hesitate to contact me.

Qualitative Data

Observations and Experiences of Respondents…

“While we do not cross West Wyoming ourselves, it often appears parents and children are struggling to cross safely.”

“City council should take more of an interest.”

“Drivers speed and do not pay attention on W Wyoming all time, not just during school hours. Few people want to stop at either crosswalk due to trying to make lights or beat the trains. It seems drivers just ignore the school zone.”

“As a car driver, I see the the major problem as commuter related traffic backups exacerbated by the train schedule and solar glare. Any solution that is strictly pedestrian focused will not get to the root cause of the traffic problems.”

“The Everett St back entrance is often a mess of traffic and cars improperly parked. Blocking the crosswalks and driveways. Causing a gridlock at crescent/Everett cross st.“

“The male traffic/crossing guard at the Lincoln school is amazing ! Always paying attention to all kids and traffic.”

“City Council needs to act.”

“I think the only problem is that cars don’t stop even at the cross walk. They just fly through them esp when school is in session too. When I’m volunteering at the school and trying to cross no one rarely stops to let me cross. I think parking is a big issue too! There’s not enough spots for the parents to park and we’re left constantly looping around until our child gets out.“

“Everett Street/ Crescent Avenue is a problem -- too narrow for two way traffic. People stopping on crosswalk to drop kids off. Very dangerous in the mornings.”

“Everyone is is such a rush to get their morning routine done including stay at home parents, working parents, and those drivers trying to get to work that everyone lacks common courtesy and safety. Drivers get frustrated and angry which then causes them to become unsafe. I think everyone feels as if their schedule is more important than the next person's and this impacts their decision making which impacts kids. I wonder if there is a way to funnel all the kids down to the crossing guard in front of Lincoln and this might cut down on traffic being grid locked. Encouraging kids to use the main crossing guard would also help. Trenton at Wyoming is often a treacherous spot for cars and pedestrians, so are Florence and Cottage (going north bound). Perhaps adding extra traffic details would help. The police department's shift change happens at the time kids are walking to school (especially so since the new elementary time started). There used to be officers visible until the time change. Also, the police department is understaffed as is and day shift tends to be the busiest time. There are many variables at play here. Lincoln is in a tough spot, on the bus line, effected by the commuter rail, effected by commuter traffic, as well as parents driving from across the city to get to Lincoln.”

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

"I also live near the Lincoln school and it's a traffic nightmare. Cars parked in no parking zones blocking entry to my street, cars parked across my driveway...the worst was when I said something to a man parking illegally and he told me to F- off, with his young child right there. I have to call the cops routinely. Once they had to tow a car blocking my driveway. Ridiculous."

"As far as safety, I was standing at the 32 bus stop one morning and almost saw a child get hit by a car because the driver was applying make up while driving. And she has kids she was dropping off in the back seat!!! Horrifying."

"Constant parking in the staff only parking lots drop off and pick up."

"Parking in the drop off area on W. Wyoming at drop off and pick up."

"Crossing Trenton at Wyoming is not safe as cars drive fast to get across Wyoming."

"Crossing at Trenton and Russell would benefit from a crossing guard."

"Cross traffic stops only half the time to allow pedestrians to cross in the cross walk. People especially kids are difficult to see when walking from the Lincoln to Adams St. Crossing at Trenton and Russell as there is a tree right there making it difficult for cars to see pedestrians until they are right at the cross walk."

"Parking on both sides of Crescent impacts the flow of traffic and at times makes it impossible to actual get down Crescent."

"I have seen near misses with cars on the tracks when the gate has come down and there's no place to move to. Dangerous for cars and pedestrians."

"Cars are constantly rolling through stop signs and speeding. Drivers almost never stop at crosswalks. Other cities have put in speedbumps and raised crosswalks, as well as putting in protected bike lanes to narrow the road and slow traffic. We really shouldn't wait until people have died to implement safety changes."

"I am shocked that there has been so little outrage about pedestrian safety in our neighborhood, when there have been 3 fatalities in recent years. In order to really address the issue of safety for all modes of transportation, the City needs to make an investment of time and money in comprehensive engineering improvements along the West Wyoming corridor (including reduce crossing distances, raised crosswalks, signal timing). Also, while this is the "third rail" of Melrose politics, traffic would slow down if more on street parking were allowed along West Wyoming."

"One issue that I see is that the sidewalk next to the tot lot on Cottage Street is almost if never properly shoveled and sanded. This results in a very uneven slippery surface and parents and children end up walking on the street to take the corner around to West Wyoming to get to the Lincoln School. I call every year to the DPW, and every year they rectify it but yet every year it happens again. Part of the problem that I have heard is that the ownership of the sidewalk around the park belongs to the school in the city. It is never been consistent on who actually does it though. It is a large safety concern of mine in my families and other families in the neighborhood. It is a dangerous corner."

"I have watched children standing at the crosswalk adjacent to the tot lot waiting for a car to stop so they could cross and car after car after car just keeps passing them. I've had to wave my hands at drivers and point to children waiting in order to get them to stop. It's not cell phones its stupidity. They just aren't paying attention to the kids on the sidewalk. Also at night drivers can't see anyone in this area trying to cross because the lighting is poor."

"I've found the flashing lights to be helpful later in the day, when its dark. During the day, if the crossing guards aren't also there, cars often will not stop. There is no way I would let my child cross the street alone the way it is now, if a crossing guard were not present. I'm already uneasy when I cross by myself or with my child in tow. We do not use the drop off area because it would add another 10 minutes to our commute to school, as it's hard to get to from our end of Melrose. There should be a drop off location for families coming from the eastern sides."

"This year in particular I have found many parents using the back parking lot for drop off. This is dangerous as walkers don't expect anyone to be exiting the parking lot -- only teachers entering. I wrote to Shawn MacMaster and he was very responsive. A police officer came to the lot and deterred cars from going into the lot. This was helpful but will probably only last for a few days. There needs to be more signage in the back lot or the gate needs to be replaced allowing access only to teachers/staff."

"A driver turning into the Richdale market parking lot almost got my daughter and I on Friday morning because he was in a hurry and thought he could beat us, he waved, as if his tires being inches from my daughter's toes was something I allowed and he was thanking me."

"The back lot is a nightmare. Parents use it as a drop off in the morning."

"My grandchild is in 2nd grade. I think the flashing signs are helpful on Wyoming side. But can they flash until the kids are released from Ed Stations"?

"Pleasant Street needs to.be addressed. People drive like bats out of hell on Pleasant Street in AM and PM. Reluctantly slowing down for kids and parents then speeding up like they were soooo annoyed! (Flashing sign and another crosswalk on Pleasant are needed.)"

"Once I was walking in crosswalk with my grandchild and her baby brother on Wyoming in front of school. A woman nearly ran us over. She was going at least 40mph. She was on her cell phone."

"Distracted drivers on phones, rushing to work, speeding."

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

"I walk each morning and evening with my son. He attends early bird and Ed's. We walk from Lebanon St at 6:35 each morning towards Lynde to Main. This route is reversed arc 5:30-6 for coming home. We have to cross through two five way intersections (in Lynde Lindwood area) in which cars roll through stop signs making it unsafe for us to cross. Many drivers are oblivious to us walking and don't stop for our right of way. There is also a long stretch of Lynde St that has no sidewalk - only gravel. This forces us to walk in the road when there is snow. Thais streets are also not well lit."

"My other concern is the intersection of Pleasant and West Wyoming during the evenings. Those crosswalks should also have the sign that lights up."

On Crescent Ave people park on both sides of the street and facing the wrong way, makes safe travel on Crescent Ave impossible."

"If dropping off by car, it is very difficult to find a place to pull over to park."

"When it snows you have to get the children into the car in the street. The snow doesn't get cleared so you can't open the doors of the car on the sidewalk. I believe if we can do snow removal for businesses we should be able to do the same for the safety of our Lincoln School community, on such a busy street."

"Multiple times, a car has stopped for us to cross and the car behind it crossed the yellow line to aggressively go around them--very scary. Also, lots of kids participate in Ed Stations, and there is no enforcement around 5 PM when many kids are picked up, which is especially tough with rush hour traffic and low visibility. Finally, the flashing crosswalk sign is great, but it doesn't make sense for us to use it coming from the west side of the school. Crosswalks all the way down W. Wyoming should have them."

"The traffic on Pleasant Street is incredibly dangerous. There should be a crosswalk at the entrance to the baseball field. Cars speed down the road, even after stopping at the crosswalk at W Wyoming and Pleasant. Drivers are distracted. It is dangerous. I've almost been struck more than once and I've seen others have similar experiences."

"I see people looking at their cell phones while driving in front of the school on W. Wyoming frequently. The crossing guard is great"!

"Remember the kids leaving education stations later in the day with parents. No crossing guards and traffic almost never stops."

"I would like to have seen this survey include other area where children enter the school grounds. There is a major issue in the back parking lot where parents consistently dropped children off with little regard to safety. The area is not a drop off zone. Parents ignore the sign that states Authorized Personal Only, as well as the weekly reminders in emails and teachers explanations. These parents either stay in the car and let the child exit the car in the middle of the lot or illegally park in the lot and wait for the first bell. This has led to the staff being delayed entry to the lot and delaying their arrival to school."

"My children and I cross west Wyoming on the crosswalk closest to Florence street, and without my continued guidance and physically holding on to them, there would have bee[illegible] terrible consequences. On average 2-3 cars blow past the crosswalk for each one that stops. I have also experienced multiple situations where the drivers in the cars have swerved and been angry while flying past that we have been walking in the first half of the crosswalk while they speed through the 2nd part. I have never seen a police presence in the crosswalk area we typically use, and with the rate at which there is total disregard for young children attempting to cross, I plea for both a crosswalk light as well as traffic enforcement there. Especially as when after-care pickup happens in the winter after sunset, and the 2-3 car average becomes even higher. To me, this is the top safety issue in Melrose - specifically on the main thoroughfares such as West Wyoming."

"My child and I have almost been hit by cars several times over the years at the Wyoming/Pleasant Street intersection before and after school. It's worse when no crossing guards are available – i.e., post ed stations pick up it's extremely hard to cross at night especially. I don't feel comfortable letting my 10 year walk home and we live across the street"!

"I believe the traffic is handled well on West Wyoming (Main Entrance of Lincoln) - however, a majority of students/families walk down Everett, Pleasant and Crescent and these streets have little parking, no stop signs or signage and cars travel quickly and distractedly during the morning commute. West Wyoming is the LEAST of the issues - it is the side streets."

"We always cross at the crossing guard, who is wonderful. I worry about when my children are old enough to walk home by themselves after the crossing guard has left and need to cross W. Wyoming. Drivers regularly drive through the crosswalks above the speed limit."

"Speeding on w Wyoming is a problem."

"Traffic on Crescent Street in and out of the parking lot is VERY unsafe. There is a ""Authorized Vehicles Only"" sign... but parents believe they have authorized vehicles. The gate should be shut an locked except to staff."

"I have seen numerous minor accidents near Lincoln, especially at the Cottage And West Wyoming intersection. I often do not cross there (and instruct my son not to) because of safety concerns. More often than not, multiple cars do not stop at the secondary crosswalk where there is no crossing guard, and many students and parents cross there. Just yesterday, I was with another parent and six 5th graders loading food donations into a car around 2:00. We pressed the cross signal sign and watched a car blow right passed us as we all stood at the crosswalk waiting to cross. There needs to be police presence there to enforce rules and ensure safety."

"The intersection at Cottage and West Wyoming is extremely dangerous, cars speed onto Cottage."

"The crossing guard is definitely effective, however, when he/she is not there cars speed and rarely stop for people trying to cross at crosswalks. I have watched up to 10 cars pass on either side of the street without stopping while my children and I have waited on the sidewalk at the crosswalk (and have gotten absolutely soaked by drivers on rainy days)."

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

Qualitative Data

Ideas and Suggestions Offered by Respondents…

“Ban automobiles.”

"The current crossing guards are entirely focused on the children, but that means that they're not concerned with regulating the flow of traffic. Holding back traffic for too long leads to backups by the train tracks and at the intersection with Main and Wyoming. That, in turn, leads to a dangerous situations farther away from the school.”

“If we want to improve cyclist and pedestrian safety at the school, I suggest training the crossing guards in proper auto traffic management techniques as well."

“Regular police presence near the back entrance, I think I have seen them there once all year.”

“Bring back neighborhood school, school choice has caused too much vehicle congestion. Also the change in start times is terrible.”

“I think a light at the cross walk would help. And parking is tough but this over flow of drivers and the increased number of residents due to the apt complexes is ridiculous. They need to stop building! And work on fixing the problems of overflow that we currently have.”

“Police officer on site actively stopping and issuing citations for not yielding to pedestrians in cross walk, distracted driving and speeding.”

“Make Everett St a one way.”

“Bicyclists should be encouraged to use other routes during school drop off. Presumably they aren't dropping off children. The road is narrow enough in that area during that time. Maybe alternate bike route signs. People certainly watch their driving and how unsafe they are being when there's a police presence however that would require additional planning. Maybe signs that light up well before the school asking drivers to be patient for school kids and the traffic.”

"Crossing guard at Trenton and Wyoming; crossing guard at Trenton and Russell."

“Have ALL teachers and school staff park in the school lot and not on our neighborhood streets.”

“Eliminate street parking on Main St and West Wyoming to create safe bike lanes.”

“Need to have a shoveled route down Washington St while we’re at it.”

"Signage at railroad tracks explaining how to cross them safely and to wait when there are cars ahead of you."

"Parents should only use the crosswalk where the crossing guard is. They should block the other one off in the morning and at dismissal. It is confusing for the drivers to stop twice and therefore dangerous for the kids."

"Automatic speed cameras that ticket the driver."

"One idea is that the crosswalk that is closer to the Lincoln School fourth grade entry, should be taken away. The only available crosswalk should be the one where the crossing guard is. If there are too many places that cars need to stop they ignore the other crosswalk. It seems like it's more of a hazard than a help. A place where there could be another crosswalk is between Cottage St S and Cottage St N, by the Tot Lot people cross there all the time without across walk and it is always been an issue."

"Enforce the parking rules in the back of the school. improve the signage around the school--cars parked on the sides of W Wyoming impede the seeing of these signs."

"Additional signage, stoplights, and speed trackers. There isn't enough space for a bicycle lane, and street parking is essential. Families who drive should be allowed to use the parking rotary on the side of the school near the main entrance, especially on inclement weather days. We used a similar system at the ECC for two years and it was awesome."

"Police presence to enforce speed laws in the area because drivers aren't slowing to 20 mph, and a stop light."

"Monitor the back lot and Everett Street."

"More flashing lights at crosswalks, increased police enforcement."

"There is a crosswalk on Pleasant at Wyoming corner. But, there should be an additional crosswalk near the ball field side. I've seen people gun their motors once they've made the turn from Wyoming onto Pleasant. Also…when it snows why cant the sidewalks be salted? I saw a parent and a child slip and fall on ice on the Pleasant Street sidewalk - come on"!!!!

"Enforce the no texting while driving. I see it several times a day at drop off and pickup Installing another flashing crosswalk sign at the crosswalk near the playground. And periodically having police presence enforcing speed limits."

"More flashing crosswalk signs, better enforcement of crosswalk violations. Also, the flashing lights at the intersection of Trenton and W. Wyoming can be distracting, drawing attention away from pedestrians trying to cross. Bump-outs would be helpful too, as foliage sometimes blocks the line of sight there in the summer."

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

"Crosswalk on Pleasant Street near driveway to apartments/commuter rail parking lot and across from entrance to baseball field."

"Police presence on W Wyoming during pick up/drop off."

"Please put a traffic light at the crosswalk right in front of the school. Please have a police officer pull over and ticket people texting and driving--have an officer there regularly. Allow student drop off in the back parking lot or on the ballfield side. Install speed bumps and/or raised crosswalks."

"Pressure the police to do their job – enforce traffic violations"!

"Install speed cameras, widen side walk, narrow Wyoming Street to reduce speed naturally, install fence along street."

"Having an officer periodically at the crosswalk without a crossing guard might help, or maybe get rid of one crosswalk and force everyone to cross at the same one with a crossing guard."

"Stopping people from driving into the back parking lot for drop off. Moving the cross walk near Trenton St, a tree and telephone pole currently block view of pedestrians to east bound traffic (this is more for my MVMMS child and not my child at Lincoln)."

"More police presence and actual enforcement of rules, speed cameras (are they legal?!). I don't think the digital 'how fast are you going' signs make much of a difference (they don't feel like they do at least). More flagging of pedestrian crosswalks including more flashing lights, elevated crossing area to help slow people down; I'm sure there are good ideas out there already, I'm sorry to say I am just not familiar with what they are. A campaign for road safety, less driving (more walking or carpooling in our small city), sharing the roads for bikes and to keep our kids safe - what has been tried has not landed or resonated enough to impact people to change their behaviors."

"Please have traffic enforcement at crosswalks as well as more lights installed to indicate crosswalk usage. Perhaps even a raised area to encourage slowing down at the most used ones? I would love such measures at the crosswalk closest to Florence St."

"Safety is more of an issue at the rear of Lincoln School (Everett St/Crescent St) and on the side entrance by the field (Pleasant St) - there are no crossing guards at all."

"Blinking signs at the other crosswalk on W. Wyoming. Police presence."

"Signage on ALL crosswalks, not just the main crosswalk at Lincoln."

"Please block or gate all Lincoln Parking lots during school hours and clearly indicate staff only use."

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

“I honestly am not sure as there are so many intersections and side streets, combined with high traffic volume. It is a difficult situation to rectify but something should be done a continues to be dangerous. Add a traffic light? I worry that will cause congestion just like the middles school which is a nightmare.”

“The drop off area in front of the school is not enforced at all. Cars park there for a period of time, sometimes blocking traffic.”

“Do not allow cars to park and wait at the designated drop-off areas. Have police officers enforce the speed limit on West Wyoming.“

Meeting Date: October 18, 2021
Subject: SLP MassDOT Grant for Lincoln School
Order #: ORDER-2022-41

Request to approve signing of Memorandum of Understanding with MassDOT for $6000 grant to improve safety on W. Wyoming Ave. in the vicinity of the Lincoln school. MOU is attached.

West Wyoming Ave. is a busy commuter route, as well as the route to an MBTA commuter rail station. School zone signage exists on the approaches; however, many drivers fail to slow down or stop at the crosswalks. An informal survey indicated that 57% of the students in this area walk to school. In addition, the population in this area may not have a vehicle and be required to walk. These changes would improve safety for children and their parents. The project includes the addition of "SCHOOL ZONE" pavement markings on each approach to the school, "SLOW" pavement markings between the two crosswalks most used, and "Sharks' Teeth" markers at the two crosswalks where children most cross West Wyoming Ave. to access the school. These visual reminders should help with traffic calming and improve safety.

FINANCIAL IMPACT: Program is a reimbursement of up to $6,000 for safety improvements around the school. Project is expected to cost less than $6,000. Net cost to City is $0.

Re: Acceptance of Signs and Lines Grant ($6,000)

The City of Melrose was recently approved for a grant of up to $6,000 from the Massachusetts Department of Transportation as part of the Signs and Lines/Safe Routes to School Grant Program. This program reimburses communities for eligible costs associated with improvements to signage, crosswalks, and other enhancements to encourage students to walk and cycle to school. The improvements in the grant proposal are along West Wyoming Ave. in the vicinity of the Lincoln Elementary School.

West Wyoming Ave. is a busy commuter route, as well as the route to an MBTA commuter rail station. School zone signage exists on the approaches; however, many drivers fail to slow down or stop at the crosswalks. An informal survey indicated that 57% of the students in this area walk to school. In addition, the population in this area may not have a vehicle and be required to walk. These changes would improve safety for children and their parents. The project includes the addition of "SCHOOL ZONE" pavement markings on each approach to the school, "SLOW" pavement markings between the two crosswalks most used, and "Sharks' Teeth" markers at the two crosswalks where children most cross West Wyoming Ave. to access the school. These visual reminders should help with traffic calming and improve safety.

The next step is to sign a Memorandum of Understanding (MOU) with MassDOT. MassDOT will conduct a needs assessment and prepare a technical memo and a set of plans for construction. The City will oversee and manage the construction. All work is to be completed no later than June 30, 2022. Eligible expenses will be reimbursed and deposited into an account specifically designated by the Auditor's/CFO's Office. One invoice covering the cost of all of the work shall be submitted to MassDOT no later than July 15, 2022.

We formally request acceptance of this Signs and Lines Grant Program award in the amount of $6,000 from MassDOT. There is no cost, match, or encumbrance required to enter into this agreement. We appreciate the consideration and look forward to the improvements in the Lincoln School neighborhood.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

SAFE ROUTES TO SCHOOL PROGRAM - SIGNS AND LINES PROJECT

MEMORANDUM OF UNDERSTANDING

This **Memorandum of Understanding** ("**MOU**") is entered into and made effective this ____ day of _____, 2021 ("**Effective Date**") by and between the Massachusetts Department of Transportation ("**MassDOT**") and the City of Melrose ("**Municipality**"). MassDOT and the Municipality are collectively referred to herein as the "Parties."

WHEREAS, MassDOT administers the statewide Safe Routes to School Program ("**SRTS**"), which is a program that works to increase safe biking and walking for elementary and middle school students by using a collaborative, community focused approach toward health and transportation;

WHEREAS, as part of its SRTS, MassDOT created a "Signs and Lines Project" ("**SLP**") to identify infrastructure challenges for students walking and biking to and from the Lincoln Elementary School (the "**School**") in the Municipality;

WHEREAS, the goal of the SLP is to design and implement low-cost improvements, including signage and pavement markings, to improve safety and accessibility along key walking and biking routes to the School;

WHEREAS, the Parties intend to work collaboratively in the design and construction of said low-cost improvements; and

WHEREAS, the Parties wish to execute this MOU to set forth the guidelines, roles and responsibilities of the Parties with respect to the execution of said SLP goals.

NOW, THEREFORE, to set forth the expectations for participation in the SLP, the Parties mutually agree to the following.

RESPONSIBILITIES OF THE PARTIES

1. MassDOT or its contractors shall conduct a needs-based assessment to identify certain infrastructure barriers near the School. Municipality and School staff will be invited to attend the assessment. The Municipality's participation in said assessment shall be required.

2. MassDOT's contractor shall produce a technical memorandum summarizing the issues identified during the needs-based assessment referenced in paragraph 1 herein, and shall offer potential design solutions, which shall be submitted to the Municipality for review. The Municipality shall provide written comments, if any, to the technical memorandum within seven (7) days of the Municipality's receipt of the memorandum, unless the Parties mutually agree to another date.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

3. MassDOT or its contractor shall promptly review the Municipality's comments and shall develop plans which may include sign installation by location, pavement marking details, pavement marking locations, and schedules for each ("**Plan Set**"). MassDOT or its contractor shall submit the Plan Set to the Municipality for review. The Municipality shall provide written comments, if any, to MassDOT within seven (7) days of its receipt of the Plan Set, unless the Parties mutually agree on another date. If the Municipality requests any change(s) to the Plan Set, the Parties shall meet and confer in order to discuss whether the change(s) is appropriate, and shall make a good effort to reach a mutual agreement concerning the requested change(s). If the Parties are unable to reach a mutual agreement, however, the incorporation of any proposed change(s) shall be at MassDOT's sole discretion.

4. Upon the development of a mutually agreed upon Plan Set, if required, MassDOT or its contractors shall develop a bid package that includes the approved Plan Set. The Municipality agrees to issue said bid package in accordance with its procurement process and applicable Massachusetts laws, which may include G.L. c. 30, § 39M, G.L. c. 30B, and G.L. c. 149.

PROJECT ADMINISTRATION, COSTS, AND PAYMENT

5. **Project Administration**. The Municipality, at its sole expense, shall manage the timely completion of all of the improvements contained in the agreed upon Plan Set ("**Project**") and shall complete the Project prior to June 30, 2022.

6. **Project Costs and Payments**. MassDOT shall reimburse the Municipality for all eligible costs in connection with the Project up to six thousand dollars ($6,000.00) ("**Maximum Reimbursement**"), subject to the following terms:

    a. MassDOT will reimburse the Municipality for construction costs associated with the Project, subject to the invoice submission and approval procedures contained herein. Reimbursable costs ("**Eligible Construction Costs**") shall include the following as contained on the agreed upon Plan Set:
        i. Installation of new signage,
        ii. Installation of new pavement markings,
        iii. Modification of existing pavement markings, and
        iv. Other improvements, as determined by MassDOT.

    b. The Municipality shall submit a single invoice for actual expenses no later than the 15th day of the month after the completion of the Project or by July 15, 2022, whichever comes first. ("Invoice"). Any and all Invoices submitted after July 15, 2022 shall be ineligible for reimbursement by MassDOT. The Invoice shall include a copy of the invoice from the Municipality's contractor or vendor with a description of work performed and materials ordered, the date of the billing cycle, and the vendor number.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

c. Reimbursement will only be for work completed and/or items purchased. All Eligible Construction Costs associated with the Project must be distinctly identified on the contractor invoice, separate from worked performed for other projects. The Invoice must be issued and submitted directly from the Municipality to MassDOT's designated contractor for the Safe Routes to School Program, in the manner prescribed by MassDOT. The Invoice shall be sent to:
   i. Diane Hanson, MA Safe Routes to School C/O AECOM, 1 Federal St., 8th Floor, Boston, MA 02110
   ii. Or via email: Diane.Hanson@aecom.com
   iii. Invoice must contain the follow information
      1. Bill to: AECOM-Safe Routes to School Project, 1 Federal Street, 8th Floor, Boston, MA 02110
      2. AECOM Project #: 60633415.2300
      3. AECOM P.O. # and Vendor # (to be assigned)

d. MassDOT will use its best efforts to ensure that its contractor reimburses the Municipality within ninety (90) days of receipt of an Invoice, although reimbursement within ninety (90) days is not guaranteed. All reimbursement for Eligible Construction Costs will be made through MassDOT's contractor and will be made solely based on invoices properly submitted in accordance to the requirements contained herein.

e. If MassDOT objects to charges identified on the Invoice, it shall notify the Municipality of its objection in writing within forty-five (45) days of receipt of said Invoice. Within thirty (30) days thereafter, the Municipality will provide MassDOT or its contractor with additional documentation and/or explanation as required, to support the accuracy of the charges. Any decisions or determinations regarding reimbursements pursuant to this MOU are at MassDOT's sole discretion and shall be final.

f. The Municipality agrees to use any and all funds provided by MassDOT and/or its contractor for this Project only.

7. **Maximum Reimbursement.** The Parties agree that MassDOT has no obligation to increase the Maximum Reimbursement contained in Paragraph 6 herein for any reason, including but not limited to, a change in the Project's budget.

8. **Obligations of the Municipality** In addition to any other requirements of this MOU, the Municipality, by accepting any or all MassDOT funding, shall ensure compliance with any and all applicable local, state and federal rules, regulations and laws with respect to the Project.

9. **Ownership and Maintenance**. Once completed, MassDOT shall have no obligations relating to the Project including but not limited to future operations, maintenance, or replacement. All improvements made as part of the Project shall be owned and maintained solely by the Municipality.

Minutes Acceptance: Minutes of Apr 4, 2022 7:45 PM (Reading of the Minutes)

MISCELLANEOUS

10. **Notice.** Unless otherwise explicitly set forth in this MOU, all notices or other communications required or permitted to be given hereunder, shall be in writing and shall be delivered by email:

    To MassDOT:

    Diane Hanson, Program Director, Massachusetts Safe Routes to School

    Diane.Hanson@aecom.com

    To the Municipality:

    Elena Proakis Ellis, DPW Director, City of Melrose

    eproakis@CityofMelrose.org

11. **Amendments.** This MOU may be amended only by written agreement of both Parties.

12. **Term**. This MOU and all of the obligations thereunder, shall expire 1 (one) year from the Effective Date of this MOU. The Parties may, by written agreement, agree to extend this MOU for 1 additional 1 year term.

IN WITNESS WHEREOF, as of _____, 2021, the Parties hereto have caused this MOU to be duly executed as a sealed instrument as of the date first written above.
