Ms. Murphy called the meeting to order at 7:45 PM

The City Engineer, Andrew Street, is planning to do a resurface and reconstruction of the tennis courts on Tremont St. & Lynnfells Parkway and Crystal St. The projects will be within the 100 year floodplain. There was a question as to whether the projects would also be within the 100' buffer to Ell Pond. It was decided that Mr. Street is to look into whether the projects would be within the 100' buffer to wetlands. If not, the project could come in under a Request for Determination.
