Comments on the floor:

Brian Johnson of 25 Adams St spoke about the outdated condition of the Melrose public kiosk and requested permission to display a poster for the Martin Luther King Jr. Day of Service event, which was denied. He expressed concern about the city's support for MLK Day in light of recent federal changes and emphasized the importance of local institutions upholding Dr. King's legacy. Johnson suggested placing a small poster in the kiosk as a symbolic gesture of support and proposed a cost-effective solution.

**Melrose Cultural Council Accepting Grant Proposals
September 2 through October 16 for 2026 Calendar Year**

Melrose, MA: The Melrose Cultural Council (MCC) is seeking proposals for community-oriented arts, cultural, and interpretive sciences events and programming with broad public benefit and impact. The Local Cultural Council (LCC) annual grant application cycle opens Tuesday, September 2, and closes Thursday, October 16.

The MCC's goal is to provide financial support on a direct-granting basis to a variety of projects that appeal to the diverse population and cultures within our community — reaching adults of all ages, youth, children, families, and seniors. Information about the online application, eligibility guidelines, local priorities, and past grants can be found on our website: melroseculture.org/apply.

Grant Eligibility Requirements: Applicants must present their events and programming during the upcoming calendar year (January 1-December 31, 2026) at a local ADA-compliant venue. Applicants are urged to closely read and follow the LCC Program eligibility guidelines and local priorities available on the Massachusetts Cultural Council [website](#). As in our most recent grant cycle, the MCC may now fully fund approved projects, eliminating the need for applicants to seek additional sources of funding. We do not accept requests for capital expenditures, individual scholarships, or multi-year repeating programs. First-time applicants are encouraged to submit a proposal. Prospective applicants are welcome to contact the MCC to ask questions or to receive feedback on proposals before submitting. Grants are competitive, and not all requests are awarded or fully funded. In 2025, 32 grants were awarded, ranging from \$300 to \$3,000. In total, nearly \$38,000 was disbursed to 2025 grant recipients.

Priorities: Our 2026 priorities are informed by a recent community outreach survey. We are actively encouraging applications that address inclusion, diversity, and equity. Preference will be given to projects that build community through social connections and dialogue. We hope to elevate the voices and experiences of historically underrepresented groups by authentically reflecting and highlighting the current and historic diversity of Melrose residents through arts and culture. Projects that speak to the experience of Massachusetts artists and audiences who identify as BIPOC, Latinx, LGBTQIA, immigrant, or live with disabilities are encouraged to apply. Proposals for innovative ideas,

collaborations, and new initiatives that produce free public events and activities in outdoor spaces are most favorably welcomed.

About the Council: The MCC is the local affiliate of the Massachusetts Cultural Council. Part of a statewide network in cities and towns funded by the legislature, MCC is committed to supporting programs that promote excellence, education, cultural diversity, inclusion, and equity to foster a rich and vibrant cultural life in Melrose. Additional funding for the 2026 funding cycle is provided by the City of Melrose through a free cash appropriation approved by the City Council. Grants are given to Melrose organizations, individuals, and Massachusetts artists/presenters in partnership with local organizations. We encourage and support programs across all arts disciplines — visual arts, music, theater, dance, writing, projects in the humanities, history, local culture, and interpretive sciences.

FY26 Local Guidelines

Our 2026 priorities are informed by a recent community outreach survey. We are actively encouraging applications that address inclusion, diversity, and equity. Priority will be given to projects that build community through social connections and dialogue. We hope to elevate the voices and experiences of historically underrepresented groups that reflect and highlight the current and historic diversity of Melrose residents in an authentic way, through arts and culture. Projects that speak to the experience of Massachusetts artists and audiences who identify as BIPOC, Latinx, LGBTQIA, immigrant, or live with disabilities are encouraged to apply. Proposals for innovative ideas, collaborations, and new initiatives that produce free public events and activities in outdoor spaces are favorably welcomed.

GRANT AGREEMENT

This Grant Agreement (“Agreement”) is made by and between the Commonwealth of Massachusetts, acting by and through the Executive Director of the Massachusetts Office on Disability (MOD) on behalf of the Secretary of the Executive Office for Administration and Finance (EOAF), and the City of Melrose through Mayor Jennifer Grigoraitis.

PRELIMINARY STATEMENT

The Grantee desires to obtain funding from EOAF in the amount specified in paragraph 1.2, as authorized under the Commonwealth of Massachusetts Five-Year Capital Investment Plan – FY2023–FY2027 and Chapter 140 of the Acts of 2022, Section 2, Item 1100-2515 for a Municipal ADA Improvement Grant to fund capital improvements or planning (the “Project”) as described herein. EOAF agrees to make the funds (“EOAF Grant”) available to the Grantee for the Project, subject to the terms and conditions set forth in this Agreement and in compliance with all applicable state laws and regulations governing the disbursement and expenditure of state funds. The Grantee shall exercise complete management and oversight responsibility of the Project and agrees that the Commonwealth’s provision of state funding under this Agreement shall not in any way be construed as the Commonwealth assuming responsibility or liability for the completed Project.

SECTION 1. PROJECT SCOPE

1.1 The scope of the Project to be funded under the EOAF Grant will include:

Removing architectural barriers and making accessibility improvements to the Hoover, Winthrop, and Horace Mann Elementary Schools by installing accessible doors at each location. The Horace Mann school will also install an accessible lift, ramp, and railing. The Hoover School will also install accessible door handles at several locations.

1.2 The maximum EOAF Grant amount authorized to Grantee is \$171,800. Disbursement of funds to Grantee is contingent upon MOD’s receipt of detailed, itemized invoices showing incurred expenses between the date of contract execution and June 30, 2026, as described in Section 2.

SECTION 2. DISBURSEMENT OF EOAF GRANT

2.1 Disbursement of the EOAF Grant under this Agreement shall be made pursuant to the FY2023- FY2027 Capital Investment Plan; the information provided in the grant application; and any other information EOAF or MOD may require.

The grant award will be disbursed upon MOD’s receipt of Grantee’s request for reimbursement as set forth in paragraphs 2.2 through 2.6. Grantees should submit all

invoices together to request reimbursement; Grantees should not submit invoices individually throughout the grant cycle.

2.2 It is understood and agreed that the grant provided under this Agreement shall be used solely to pay for capital expenses associated with the Project. Expenses relating to project administration and management shall be assumed by the Grantee, including without limitation: **(i)** salaries and wages of Grantee staff; **(ii)** legal fees; **(iii)** travel, meal and entertainment expenses; **(iv)** overhead and supplies; **(v)** project costs incurred prior to the execution and subsequent to termination of this Agreement; and **(vi)** costs of any other service or activity not related to the Project.

2.3 The Grantee shall keep detailed records of all activities associated with the Project, including, without limitation, all disbursements made pursuant to this Agreement, any modifications of the Project, and any additional funding from sources other than the EOAF Grant. EOAF and MOD shall have the right to examine all records kept by the Grantee related to the Project.

2.4 The Grantee shall be responsible for any cost overruns that occur during implementation of the Project.

2.5 All approved expenses must be incurred by June 30, 2026. Grantee will forfeit reimbursement for any remaining award unused by June 30, 2026. The Executive Office for Administration and Finance shall give due consideration to any extenuating circumstances presented in writing by the applicant and may waive this restriction at its discretion.

2.6 The Grantee shall submit a request for reimbursement that includes a cover letter and itemized invoices of all reimbursable costs incurred for the Project no later than July 17, 2026. The cover letter should include (i) the total amount of reimbursement sought by the Grantee; (ii) an explanation of each invoiced expense; and (iii) an explanation of any funding for the Project from sources other than the EOAF Grant. The itemized invoices shall not include costs excluded from reimbursement in paragraph 2.2. The Commonwealth may reject any requests for reimbursement received after July 17, 2026 and any request to reimburse expenses outside the scope of the EOAF Grant.

SECTION 3. REPORTING

3.1 Upon completion of the Project, the Grantee shall furnish to MOD (i) photo documentation of the project in its before, during, and after phases and (ii) a statement from the Grantee describing how the project improved accessibility in their community.

3.2 Grantees should be prepared to furnish the following on MOD's request: **(i)** copies of all permits and approvals issued in connection with the Project; **(ii)** any outstanding

vendors' invoices, certified payment vouchers, cancelled checks or other documentation verifying actual expenditures in connection with the Project; **(iii)** documentation evidencing commitment of funds to the Project from sources other than EOAF, including documentation associated with the issuance of bonds or notes to finance the cost of the Project; **(iv)** a certificate of occupancy of the Project or portions of the Project as applicable by law.

SECTION 4. COMPLIANCE WITH ALL APPLICABLE LAWS/REGULATIONS

4.1 The Grantee and its consultants and contractors shall comply with any and all federal, state and local laws, rules and regulations, orders or requirements that apply to the Project, including but not limited to: **(i)** Executive Order 592 relating to nondiscrimination, diversity, equal opportunity and affirmative action in hiring and employment practices; **(ii)** the State Prevailing Wage Law (M.G.L. Ch. 22, Section 13A) and applicable regulations; **(viii)** the MBTA Communities Act (M.G.L. Ch. 40A, Section 3A); and **(ix)** legal requirements relating to municipal or state-assisted construction and design projects, including those under M.G.L. c. 30B, c. 7C, c. 7, and c. 149, as applicable. Specifically, the Grantee agrees that any work completed under the project will conform with either 521 CMR or the 2010 ADA Design Standards, whichever is more stringent.

4.2 This Agreement shall in no way relieve the Grantee from the full force and application of any laws, rules, regulations and orders or requirements.

SECTION 5. INTEREST OF MEMBERS OR EMPLOYEES OF THE GRANTEE

5.1 No officer, servant, agent, or employee of the Grantee has participated or will participate in any decision relating to the development and implementation of the Project that affects directly or indirectly their personal interest or the interest of any corporation, partnership, or proprietorship with which they are directly or indirectly affiliated. Furthermore, no officer, servant, agent, or employee of the Grantee shall have any direct or indirect interest in any contract made in connection with the Project nor shall in any way violate M.G.L. Re: **Massachusetts Office on Disability (MOD) Grant Acceptance – Melrose Schools**

The City has been awarded a grant in the amount of \$171,800 for accessibility improvements at the Melrose Public Schools. Following on the successful completion of a MOD grant last year to install automatic door openers at Melrose High School and repair openers at the Horace Mann School interior, along with braille signage at the MHS/MVMMS campus, the City applied for and was awarded a new MOD grant for implementation this year. The scope of work includes the following items:

- Automatic door openers at Hoover, Horace Mann, and Winthrop Elementary Schools, including mechanical, electrical, and security infrastructure to install pushbutton openers at the entrances to these three elementary schools. These door openers must be tied into existing security systems for fob access and access from the school offices.
- Stage lift and ramp at Horace Mann Elementary School All Purpose Room, including electrical and mechanical equipment, as well as structural reinforcement of the floor beneath the lift.
- Exterior railing on the ADA ramp at Horace Mann Elementary School, including materials and labor.
- Door handle replacement at select interior doors at the Hoover Elementary School to facilitate opening interior doors for students with specific needs.

We hereby request the City Council's acceptance of the grant from the Commonwealth of Massachusetts Office on Disability in the amount of \$171,800. The grant agreement document is attached for your reference. The funds will be expended from a dedicated project account set up by the CFO/Auditor and reimbursed by the Commonwealth as funds are expended. Thank you for your consideration of this request.

MEMORANDUM

To: Mayor Jen Grigoraitis & Melrose City Council
From: Rob Carrillo – Superintendent of Parks and Open Spaces
Date: 11/24/25
Subject: Request for Approval of State Earmark for Playing Fields

Purpose

The purpose of this memorandum is to request City Council approval to accept and expend a state earmark in the amount of \$75,000 dedicated to improving athletic field infrastructure throughout the City of Melrose.

Background

The City of Melrose maintains a network of athletic fields that support school programs, youth sports, adult recreation leagues, and community events. Over time, increased usage, aging infrastructure, and weather impacts have created a significant need for upgrades to ensure safe, reliable, and high-quality playing surfaces.

This earmark provides an opportunity to address critical maintenance and improvement needs across multiple field locations, with a primary focus on irrigation upgrades and the purchase of materials and equipment required for ongoing field upkeep.

Scope of Work

The earmark funds will be used to support improvements to the overall surface conditions, durability, safety, and playability of athletic fields across the city. Specific uses include but are not limited to:

1. Irrigation Improvements – East and West Knoll Fields

- Installation or upgrade of irrigation systems
- Site preparation, trenching, and plumbing work

- Controller and sensor upgrades
- Estimated cost: **\$75,000**

These irrigation improvements are essential for maintaining turf quality and reducing long-term maintenance costs, especially during periods of drought or heavy athletic use.

2. Citywide Field Improvements

Funds may also be used for the purchase of materials, tools, and equipment necessary to maintain and improve playing conditions at:

- Melrose High School (MHS) Athletic Complex
- Common Park
- Conant Park
- Lewis-Monk Field

Eligible expenditures include:

- Soil, seed, sod, and turf repair materials
- Infield mix and grading supplies
- Turf maintenance equipment (drag mats, aerators, line strippers, etc.)
- Drainage repair components
- Safety and accessibility enhancements
- Playing field equipment (nets, padded mats, fence repairs, etc.)

Justification and Community Impact

Improved field conditions will support a wide range of community benefits, including:

- Enhanced safety for student athletes and youth programs
- Higher-quality playing surfaces, reducing cancellations and field closures
- Extended field lifespan through proactive care and irrigation efficiency
- Improved accessibility for all residents who utilize recreational facilities
- Support for recreation programming growth, including school and city athletics

This investment aligns with the City's commitment to maintaining high-quality public facilities and expanding recreational opportunities for residents of all ages.

Action Requested

The City Council is respectfully requested to:

1. Approve acceptance and expenditure of the \$75,000 state earmark, and
2. Authorize the Department of Public Works / Parks Department to proceed with the planned improvements described above.

Thank you,

Rob Carrillo

Re: Acceptance of Field Demonstration Project Area Grant
Date: September 23rd, 2025

I am pleased to present the Honorable City Council with a request to accept funding from the Massachusetts Councils on Aging in the amount of \$9,500.

The grant is being awarded for the Council on Aging's goal of Senior Center Modernization. 100% of the funds will be disbursed to the City upon receipt of reimbursement receipts and invoices. There is no match required, and funds are required to be spent by June 30, 2026.

This funding will allow for digital wayfinding signage in the Milano Center lobby and updated fixtures in Milano Center restrooms

About Senior Center Modernization:

The Council on Aging and Milano Center have seen increased daily traffic since reopening after the COVID-19 pandemic. After reopening, daily attendance averaged 50 people. Today, the Milano Center averages 90 people per day. Issues have been reported by staff as a result of this increase in daily attendance: room locations often change for activities depending on the number of reservations and members submit complaints on a weekly basis that the 1st floor women's restroom has accessibility issues with toilets situated low to the ground.

Goal 1: Install digital signage in the Milano Center lobby that can be easily changed daily to assist with wayfinding in the building. This signage can also be used to advertise programming.

Goal 2: Increase building accessibility by replacing existing toilets in the 1st floor women's restroom with chair height models. Install grab bars. Replace worn/aging countertops in all restrooms.

I respectfully request acceptance of these funds so that this work may move forward and build better accessible space for older adults in our community. Thank you for your consideration.

Re: Acceptance of Field Demonstration Project Area Grant
Date: September 23rd, 2025

I am pleased to present the Honorable City Council with a request to accept funding from the Massachusetts Councils on Aging in the amount of \$4,860.

The grant is being awarded for the Council on Aging's goal of hosting a monthly Memory Cafe. 100% of the funds will be disbursed to the City upon receipt of reimbursement receipts and invoices. There is no match required, and funds are required to be spent by June 30, 2026.

This funding will allow the Milano Center to host a monthly Memory Café for residents living with dementia and their caregivers.

About Memory Cafés:

A Memory Cafe is a regular gathering in a social, informal setting where people with Alzheimer's disease or related dementias and their caregivers can meet others facing similar challenges to connect, engage in fun activities, and find a supportive community. These free-to-attend gatherings provide a safe, non-judgmental environment where participants can enjoy activities like music, art, and storytelling, fostering friendship and reducing isolation for both the individuals with memory loss and their care partners.

I respectfully request acceptance of these funds so that these events can support some of Melrose's most vulnerable residents. Thank you for your consideration.

Department Memorandum

To: City Council
From: Kevin Faller – Chief of Police
Date: December 3, 2025
Re: State 911 EMD Grant clarification ID#2025-769

Please take this memo to serve as a clarification regarding State 911 EMD Grant ID# 2025-769 that will be before the council on December 04, 2025.

When the item was entered into Civic Plus and put on the agenda for the first initial reading, we made a clerical error and entered the amount of \$18,0000. The actual amount is \$25,0000 and all the corresponding paperwork/contract from all parties does in fact indicate the true amount of \$25,000.

I did not notice this clerical error until December 2nd when preparing for the meeting on December 4th.

I apologize for the initial error and hope that this can be ultimately approved on December 4th with no delay.

Sincerely,

/S/ Chief Kevin M. Faller

**GRANT SCOPE OF WORK
BETWEEN THE COMMONWEALTH OF MASSACHUSETTS
DEPARTMENT OF ENVIRONMENTAL PROTECTION (“MassDEP”)
AND THE City of Melrose (“Grantee”)**

Pursuant to the Green Communities Act, relevant provisions of which are codified at M.G.L. c. 25A, Section 11F(d) and the regulations promulgated thereunder at 310 CMR 19.300 and in support of the Massachusetts Solid Waste Master Plan developed pursuant to M.G.L. c. 16, Section 21, MassDEP has awarded the Municipality a Sustainable Materials Recovery Program Grant (“Grant”) under the Recycling Dividends Program (“RDP”). The Municipality has earned a payment of \$15,600. MassDEP and Grantee shall collectively be referred to as the Parties.

The RDP provides payments to municipalities that have implemented specific programs and policies proven to maximize reuse, recycling, and waste reduction. Municipalities receive payments according to the number of points their program earns based on the [2025 Details: Recycling Dividends Program](#) and number of residential households served as described below. The RDP provides an incentive for municipalities to improve their recycling programs by implementing best practices and reward communities with model recycling and waste reduction programs.

Duration of the Grant: The term of this Scope of Work shall be in effect until the municipality has expended all RDP funds and reported to MassDEP on use of funds.

RESPONSIBILITIES OF THE MUNICIPALITY

1. **Authority:** The signatory of this Grant Scope of Work is authorized by the governing body of the Grantee to enter into this Grant Scope of Work on behalf of the Grantee and accept and utilize this Grant.
2. **Commonwealth Terms and Conditions:** The Grantee shall comply with the Commonwealth Terms and Conditions and other requirements set forth in the Grantee’s executed Master Agreement.
3. **Failure to Comply:** If, in the judgment of MassDEP, the Grantee fails to comply with any of its responsibilities as identified in the Grant Scope of Work, then, at the election of MassDEP, (a) the Grantee may be deemed ineligible to participate for what time remains of the Grant period; and/or (b) title to all Grant materials purchased with these Grant funds immediately and without any further steps shall be transferred to MassDEP; and/or (c) MassDEP may find the Grantee not eligible to seek another Sustainable Materials Recovery Program Grant for up to three years; and/or (d) the Grantee shall repay the Grant funds to MassDEP within 90 days. MassDEP may provide written notice to the Grantee of any such failure to comply. Such notice may provide a time period and manner for the Grantee to cease or remedy the failure. Such notice from MassDEP of any such failure by the Grantee is not a precondition to MassDEP’s right to select options (a), (b), (c), and/or (d) above. The Grantee shall follow the instructions of MassDEP regarding possession of the Grant materials (e.g., collection container). The Parties hereby agree to execute any and all documents necessary to accomplish said transfer. Furthermore, the Grantee shall transfer or arrange to transfer actual possession of said materials to an authorized representative of the Commonwealth of Massachusetts or its designee.
4. **Recycling in Practice:** The Grantee has established paper, bottle, and can recycling in all municipal buildings, offices and meeting spaces, including schools. The Grantee shall continue such paper, bottle and can recycling during the term of the Grant.
5. **Notification of Buy Recycled Policy:** The Grantee has established a written policy which promotes a preference for the purchase of recycled products in lieu of non-recycled products and distributes an annual notification of the Buy Recycled Policy, ordinance or by-law to all staff, department heads and employees with purchasing authority. This notice shall be sent from the Mayor, Board of Selectmen, Town Manager, Town Administrator or Chief Purchasing Officer and highlights specific opportunities to buy recycled products, the benefits of buying recycled products, and encourages the purchase of these products. The Grantee shall continue to send an annual notification during the term of the Grant.
6. **RDP Payment Calculation:** MassDEP has calculated the RDP Payment using the table below which shows payment brackets based on the number of households served by the municipal solid waste program and the point value for each bracket. See [2025 Details: Recycling Dividends Program](#) guidance document for additional information on point value.

RDP Payment Brackets:

5,000 - 7,499	\$770	\$1,100
7,500 - 9,499	\$910	\$1,300

25,000 - 31,999	\$2,800	\$4,000
32,000 - 99,999	\$4,550	\$6,500
100,000 +	\$7,000	\$10,000

1. **Program Criteria:** The Municipality, through its RDP application, certifies that all points earned are for programs that were in place between July 1, 2025 and June 30, 2026 and that these programs fully meet the performance standard set forth in the [2025 Details: Recycling Dividends Program](#) guidance document.
2. **Use of Funds:** RDP Payments shall be expended on activities and programs listed on the [Approved Spending Categories](#) for the Recycling Dividends Program and Regional Small Scale Initiative Funds, to enhance the performance of the Municipality's waste reduction programs. **Use of a dedicated account is required.** Funds may be carried over to future years and accumulated to fund a larger eligible expense or project. Planned use of funds shall be noted on the Annual RDP Spending Report. However, MassDEP may delay future RDP payments if municipality is not expending funds.
3. **Record Keeping:** The Municipality shall be responsible for keeping documentation (i.e., proof of purchase in the form of an invoice which lists the vendor name and address, item purchased, item price, number of items purchased and shipping costs if any) by calendar year, of how RDP funds were expended and the remaining balance of RDP funds. MassDEP may conduct record audits to ensure compliance with this Contract.
4. **Reporting:** The Grantee shall file an annual Recycling and Solid Waste survey and the RDP Spending Report by February 15, via ReTRAC, for the duration of this Grant. Failure to comply with these reporting requirements may jeopardize future grant awards.
5. **Environmental Compliance:** The Grantee understands receipt of a grant from MassDEP does not in any way imply that the Grantee is in compliance with applicable environmental regulations. This Grant Scope of Work shall not be construed as, nor operate as, relieving the Grantee or any other person of the necessity of complying with all applicable federal, state, and local laws, regulations and approvals. The Grantee's facility(ies) are subject to inspection at any time by MassDEP and noncompliance with applicable environmental regulations may result in formal enforcement actions, including penalties.
6. **Addendums:** Should MassDEP award additional Grant funds, an addendum to the Grant Scope of Work shall be provided to the Grantee. The same terms and conditions apply to the addendum.

Dear Mayor Grigoraitis:

Congratulations! It is my pleasure to inform you that the Massachusetts Department of Environmental Protection (MassDEP) has awarded the City of Melrose Recycling Dividends Program funds under the Sustainable Materials Recovery Program. The City of Melrose has earned 12 points and will receive \$15,600. Your municipality has also been awarded \$10,000 in funding for Food Waste Collection Carts.

The Sustainable Materials Recovery Program (SMRP) was created under 310 CMR 19.300-303 and the Green Communities Act, which directs a portion of the proceeds from the sale of Waste Energy Certificates to recycling programs approved by MassDEP. This year, we are awarding more than \$4.2 million in SMRP funding to 291 municipalities and regional groups.

Recycling programs play a vital role in limiting our dependence on landfills and incinerators, reducing greenhouse gas emissions, and supporting economic activity in the Commonwealth. Recycling Dividend Program funds foster investment in local programs including recycling equipment, organics diversion, outreach and education, pilot programs, school recycling, toxics reduction, and more. Please refer to the [RDP Approved Expenses List](#) for more information. MassDEP has invested in developing nationally recognized tools to assist municipalities with reducing recycling contamination and improving public awareness of smart recycling practices. We encourage you to utilize the [Recycling IQ Kit](#) and [Recycle Smart MA](#) website and to consult

with your MassDEP [Municipal Assistance Coordinator](#) for assistance in implementing these best practices.

To accept your grant award, please sign and return the attached RDP Contract via email to Cathy Doodnauth at Cathy.Doodnauth@mass.gov before **January 15, 2026**. After we receive your signed RDP contract, funds will be sent to your community. Also see the enclosed Checklist for instructions related to the Food Waste Collection Carts grant. The receipt of grant funds is contingent upon the grantee being able to certify that it will comply with the Massachusetts General Laws, including G.L. c. 40A, § 3A, the MBTA Communities Act. Compliance with the MBTA Communities Act is determined by the Executive Office of Housing and Livable Communities.

Should you have any questions, please email Rachel Smith at Rachel.Smith@mass.gov. Thank you for your continued commitment to recycling and waste reduction in Massachusetts.

Sincerely,

Bonnie Heiple, Commissioner

Re: Mass DEP Recycling Dividends Program Grant

As a result of our annual application to the Massachusetts Department of Environmental Protection, the City of Melrose Department of Public Works Solid Waste and Recycling team is proud to report that we have qualified for and received an award of \$15,600 plus an additional \$10,000 in grant funding, which is specifically for Food Waste Collection Carts. Due to the efforts of our Environmental Outreach Coordinator, this is an increase of \$1,300 over last year's RDP award and an \$11,300 total increase. Congratulations and thank you go to Zack Laflamme.

As part of the application process, the City of Melrose identifies all the recycling initiatives that are part of our operation and available to the residents. These practices qualify us for points that are the criteria to determine the amount of the award available to the City. The maximum available RDP award is \$28,600. Every effort is being made to achieve that goal.

The City achieved points for our efforts toward bulk item collection, recycling and reuse at our CHARM (Center for Hard to Recycle Materials), Curbside Recycling Regulations, Diversity, Equity, and Inclusion in Recycling Programs, Household Hazardous Waste Collections, Food Waste Curbside Collection, Recycling Center Access, Reuse Programs, and Waste Prevention Outreach and Education. Each point was worth \$1,300.

This award goes a long way to supplement our operating budget and is 100% dedicated to our recycling effort. The money is used to purchase needed supplies and educational materials, and to fund the services that drive recyclable materials out of the trash stream. The desired goal includes reduced costs on our curbside trash collection, less contamination in our recycling materials, and increased sustainability.

The additional \$10,000 award is for the City to purchase wheeled carts to support the implementation of curbside organics collection in partnership with Garbage to Garden, the City's preferred vendor. Over the past year, the City negotiated with Garbage to Garden to offer curbside collection of organics at a reduced rate to our residents. Those who subscribe are offered a discount in their annual trash fee.

We formally request acceptance of this grant award of \$15,600 from the Mass DEP for our Recycling Dividends Program plus the additional award of \$10,000 for wheeled carts to support organics collection. Funds will be deposited into a Solid Waste and Recycling account to be set up by the City Auditor. There is no cost or encumbrance required to enter into this agreement and there will be no effect on the Department of Public Works Operating Budget.

Re: State Earmark #1599-0026 (50K)

Please take this communication as a request to accept State Earmark #1599-0026 which states,
"provided further, that not less than \$50,000 shall be expended for a police cruiser for the city of Melrose.."

The funds from this earmark will be used towards the purchase of a new front line Ford Interceptor marked police cruiser. The average life span of a police cruiser is about 4-5 years considering the amount of engine hours for vehicles that are essentially operating 24/7. It is important to have a strategic plan to replace these vehicles for officer safety, the safety of the public, and to save on maintenance and repair costs as the vehicles get older. 3 front line marked cruisers operated daily right now are 2021 Ford Interceptors and our Traffic Unit is a 2021 Chevrolet Pickup. The lead time historically to order and outfit a new cruiser has been a minimum of 6 months and up to a year due to lack of inventory and increased demand.

There are no matching funds required. The balance of the money that will be required to purchase the cruiser are available and there should be no need to request any additional funding.

Thank you in advance,

Chief Kevin M. Faller

Good morning, Debora:

Please see attached form as requested. I am not 100 percent sure on the state vendor code I provided. This code was listed on an EOPS earmark I just completed so I used this same number. Hopefully, that would be the same number.

Regarding your additional questions contained within your email:

- I will be the contract manager for this contract: 781-979-4468, kfaller@cityofmelrose.org
- Mayor Jennifer Grigoraitis is the signatory for the city. jgrigoraitis@cityofmelrose.org
- No costs have been incurred for this fiscal year in relation to this project

Thank you in advance and please let me know if you need any additional information as I await an email with the contract forms.

Chief Faller,

My name is Debora Collins. I work in the Finance unit here at ANF. I received the attached contact sheet for the following earmarked language.

provided further, that not less than \$50,000 shall be expended for a police cruiser for the city of Melrose

In addition to completing the attached contact sheet, I have some additional questions. I need to know the name of the contract manager for this contract. I will also need that person's telephone number, and email address. I also need the name, title, and email address of the authorized signatory for the City.

Can you also tell me if you have already incurred any costs during this fiscal year (7/1/25 – today) that you will be charging to this contract? If so, please let me know the first date it was incurred, the cost incurred and a brief description of what the cost related to.

Once I have all the requested information, I will create the contract forms and send them to you electronically via Adobe Sign. When everything is signed, I will send out billing instructions for you use when you invoice us for reimbursement.

Thank you.

This information must be kept current by the Contractor to ensure that the Department can contact the Contractor and provide any required legal notices. Notice received by the Contract Manager (with confirmation of actual receipt) through the listed address, fax number(s) or email address will meet any written legal notice requirements.

Contractor Vendor Code

The Department must enter the MMARS Vendor Code assigned by the Commonwealth. If a Vendor Code has not yet been assigned, leave this space blank and the Department will complete this section when a Vendor Code has been assigned. The Department is responsible under the [Vendor File and Form W-9s Policy](#) for verifying with authorized signatories of the Contractor, as part of contract execution, that the legal name, address and Federal Tax Identification Number (TIN) in the Contract documents match the state accounting system.

Vendor Code Address ID

(e.g., "AD001") The Department must enter the MMARS Vendor Code Address ID identifying the payment remittance address for Contract payments, which MUST be set up for Electronic Funds Transfer (EFT) payments PRIOR to the first payment under the Contract in accordance with the [Bill Payments](#) and [Vendor/Customer File and Form W-9](#) Policies.

Commonwealth MMARS Alpha Department Code

Enter the three (3) letter MMARS Code assigned to this Commonwealth Department in the state accounting system.

Department Email Address/Phone/Fax

Enter the email address, phone and fax number of the Department Contract Manager. Unless otherwise specified in the Contract, legal notice sent or received by the Contract Manager (with confirmation of actual receipt) through the listed address, fax number(s) or e-mail address will meet any requirements for written notice under the Contract.

MMARS Document ID(s)

Enter the MMARS 20-character encumbrance transaction number associated with this Contract, which must remain the same for the life of the Contract. If multiple numbers exist for this Contract, identify all Document IDs.

RFR/Procurement or Other ID Number or Name

Enter the Request for Response (RFR) or other Procurement Reference number, Contract ID Number or other reference or tracking number for this Contract or Amendment which will be entered into the Board Award Field in the MMARS encumbrance transaction for this Contract.

NEW CONTRACTS (Left Side of Form)

Complete this section ONLY if this Contract is brand new, or to enter into an Interim Contract with a new Contractor when a current Contractor is unable to complete full performance under a Contract. (Complete the **CONTRACT AMENDMENT** section for any material changes to an existing or an expired Contract, to enter into an Interim Contract with a current Contractor, and for exercising options to renew or annual contracts under a multi-year procurement or grant program.)

Procurement or Exception Type

Check the appropriate type of procurement or exception for this Contract. Only one option can be selected. See the Office of the Comptroller Guidance for Vendors Policies (State Finance Law and General Requirements, Acquisition Policy and Fixed Assets) and the Operational Services Division Conducting Best Value Procurements Handbook for details.

Statewide Contract (OSD or an OSD-designated Department)

Check this option for a Statewide Contract under the Operational Services Division (OSD), or by an OSD-designated Department.

Collective Purchase approved by OSD

Check this option for Contracts approved by the Operational Services Division (OSD) for collective purchases through federal, state, or local government or other entities.

Department Procurement

Check this option for a Department contract procurement including state grants and federal sub-grants under [815 CMR 2.00](#) and State Grants and Federal Subgrants Policy, Departmental Master Agreements (MA). If this is a multi-Department user Contract, state that multi-Department use is allowable in the section labeled "Brief Description."

Emergency Contract

Check this option when the Department has determined that an unforeseen crisis or incident has arisen which requires or mandates immediate purchases to avoid substantial harm to the functioning of government, the provision of necessary or mandated services, or where the health, welfare or safety of clients or other persons or serious damage to property is threatened.

Contract Employee

Check this option when the Department requires the performance of an Individual Contractor, and when the planned Contract performance with an Individual has been classified using the Employment Status Form (prior to the Contractor's selection) as work of a Contract Employee and not that of an Independent Contractor.

Interim Contracts

Check this option for an Interim Contract with a new Contractor whenever an existing Contract has been or will be terminated or suspended for any reason or whenever a current Contractor is unable to complete full performance under a Contract. An Interim Contract may be offered to the bidder that offered the next Best Value response under the original procurement and under the same terms and prices offered in that bidder's original response. The duration of an Interim Contract shall be limited to the remaining time available under the duration stated in the original RFR, including any options to renew. If the Department is unable to negotiate a Contract with any of the original bidders who submitted responses, in their original rank order according to Best Value, and under the same terms as offered in their original response, the Department will be required to conduct a new competitive procurement.

Other Procurement Exception

Check this option when another procurement exception exists, such as legislation with specific language naming the Contractor as a recipient of a grant or contract, an existing legal obligation, a prohibition or other circumstance that exempts or prohibits a Contract from being competitively procured, or identify any other procurement exception not already listed. Legislative "earmarks" exempt the Contract solely from procurement requirements; all other Contract and state finance laws and policies apply. Supporting documentation must be attached to explain and justify the exemption.

CONTRACT AMENDMENT (Right Side of Form)

Complete this section for any Contract being renewed or amended or to enter into an Interim Contract with a current Contractor when a new procurement will not be completed prior to the expiration of the current Contract. All Contracts with available options to renew must be amended referencing the original procurement and Contract Document IDs, since all continuing contracts must be maintained in the same Contract file (even if the underlying appropriation changes each fiscal year). See "Amendments, Suspensions, and Termination Policy."

Enter Current Contract End Date

Enter the termination date of the Current Contract being amended, even if this date has already passed. (Note: Current Start Date is not requested since this date does not change and is already recorded in MMARS.)

Enter Amendment Amount

Enter the amount of the Amendment increase or decrease to a Maximum Obligation Contract. Enter "no change" for Rate Contracts or if there is no change.

Amendment Type

Identify the type of Amendment being made. Documentation supporting the updates to performance and budget must be attached.

Amendment to Date, Scope or Budget

Check this option when renewing a Contract or executing an Amendment ("material change" in Contract terms) even if the Contract has lapsed. The parties may negotiate a change in any element of Contract performance or cost identified in the RFR or the Contractor's response which results in lower costs, or a more cost-effective or better value performance than was presented in the original selected response, provided the negotiation results in a better value within the scope of the RFR than what was proposed by the Contractor in the original selected response. Any "material change" in the Contract terms must be memorialized in a formal Amendment even if a corresponding MMARS transaction is not needed to support the change.

Additional negotiated terms will take precedence over the relevant terms in the RFR and the Contractor's Response only if made using the process outlined in [801 CMR 21.07](#), incorporated herein, provided that any amended RFR or Response terms result in best value, lower costs, or a more cost effective Contract.

Interim Contracts

Check this option for an Interim Contract with a current Contractor when a new competitive procurement has been commenced, but due to an unanticipated delay, has not been completed prior to the end of the duration available under the current Contract, as specified in that Contract's original RFR. An Interim Contract may be used to extend the current Contract under the same terms and conditions only for the period necessary to complete the competitive procurement, including the execution of new Contracts.

Contract Employee

Check this option when the Department requires a renewal or other amendment to the performance of a Contract Employee.

Other Procurement Exception

Check this option when another procurement exception exists, such as legislation with specific language naming the Contractor as a recipient of a grant or contract; an existing legal obligation; a prohibition or other circumstance that exempts or prohibits a Contract from being competitively procured, or identify any other procurement exception not already listed. Legislative “earmarks” exempt the Contract solely from procurement requirements, and all other Contract and state finance laws and policies apply. Attach Supporting documentation to explain and justify the exemption and whether Contractor selection has been publicly posted.

COMMONWEALTH TERMS AND CONDITIONS

Identify which version of the Commonwealth Terms and Conditions is incorporated by reference into this Contract: the [Commonwealth Terms and Conditions](#), the [Commonwealth IT Terms and Conditions](#), or the [Commonwealth Terms and Conditions for Human and Social Services](#). The [Expenditure Classification Handbook](#) identifies the applicable Commonwealth Terms and Conditions based upon the object code for the contract.

COMPENSATION

Identify if the Contract is a **Rate Contract** (with no stated Maximum Obligation) or a **Maximum Obligation Contract** (with a stated Maximum Obligation) and identify the Maximum Obligation. If the Contract is being amended, enter the new Maximum Obligation based upon the increase or decrease to the Maximum Obligation. The Total Maximum Obligation must reflect the total funding for the dates of service under the contract, including the Amendment amount if the Contract is being amended. The Maximum Obligation must match the MMARS encumbrance. Funding and allotments must be verified as available and encumbered prior to incurring obligations. If a Contract includes both a Maximum Obligation component and Rate Contract component, check off both. Specific Maximum Obligation amounts or amended amounts and Attachments must clearly outline the Contract breakdown to match the encumbrance.

PROMPT PAY DISCOUNTS

Payments are processed within a 45-day payment cycle through Electronic Funds Transfer (EFT), in accordance with the Commonwealth [Bill Payments Policy](#) for investment and cash flow purposes. Departments may NOT negotiate accelerated payments and Payees are NOT entitled to accelerated payments UNLESS a Prompt Payment Discount (PPD) is provided to support the Commonwealth’s loss of investment earnings for this earlier payment, or unless a payment is legally mandated to be made in less than 45 days (e.g., construction contracts, Ready Payments under [M.G.L. c. 29, § 23A](#)). See [Prompt Pay Discounts Policy](#). PPD are identified as a percentage discount which will be automatically deducted when an accelerated payment is made. Reduced contracts rates may not be negotiated to replace a PPD. If PPD fields are left blank, please identify that the Contractor agrees to the standard 45 day cycle, a statutory/legal exemption such as Ready Payments ([M.G.L. c. 29, § 23A](#)), or only an initial accelerated payment for reimbursements or startup costs for a grant, with subsequent payments scheduled to support standard EFT 45 day payment cycle. Financial hardship is not a sufficient justification to accelerate cash flow for *all* payments under a Contract. Initial grant or contract payments may be accelerated for the *first* invoice or initial grant installment, but subsequent periodic installments or invoice payments should be scheduled to support the Payee cash flow needs and the standard 45-day EFT payment cycle, in accordance with the [Bill Payments Policy](#). Any accelerated payment that does not provide for a PPD must have a legal justification in the Contract file for audit purposes explaining why accelerated payments were allowable without a PPD.

BRIEF DESCRIPTION OF CONTRACT PERFORMANCE

Enter a brief description of the Contract performance, project name or other identifying information for the Contract to specifically identify the Contract performance, match the Contract with attachments, determine the appropriate expenditure code (as listed in the [Expenditure Classification Handbook](#)) or to identify or clarify important information related to the Contract such as the Fiscal Year(s) of performance (ex. “FY2025” or “FY2025-27”). Identify settlements or other exceptions and attach more detailed justification and supporting documents. Enter “Multi-Department Use” if other Departments can access the procurement. For Amendments, identify the purpose and what items are being amended. Merely stating “see attached” or referencing attachments without a narrative description of performance is insufficient.

SUPPLIER DIVERSITY PROGRAM (SDP) PLAN

Check “YES” if the contract is subject to the requirements of the Supplier Diversity Program (SDP) as described in [the Diverse and Small Business Program Policies for Goods and Services Procurements](#) (and, as applicable, the [SDP Policy for Purchase of Service \(POS\) Procurements and Contracts Policy Overview](#)). Also check “YES” if the contracting department has voluntarily included SDP terms in the procurement. Generally, goods and services contracts with an estimated annual value of \$250,000 or more, averaged over the life of the contract, executed by Executive Departments as defined by [M.G.L. c. 6A, § 2](#), are subject to these policies. Check “NO” if the contract is not subject to these policies and no SDP terms were included voluntarily. If YES, enter the Contractor’s annual SDP commitment. This commitment is a percentage of sales from the resulting contract to be spent with Certified Partner(s), which must be at least 1%. If the contract will be for the purchase of human and social services (referred to as Purchase of Service or POS) covering a variety of client health care, medical, and non-health care services, then enter the dollar amount commitment for the organization. If NO, and the Department is an Executive Department, enter the appropriate exemption from the “Procurements and Contracts Exempt from this Policy” section of the [Diverse and Small Business Program Policies for Goods and Services Procurements](#) to explain why the SDP is not applicable to this contract.

ANTICIPATED START DATE

The Department and Contractor must certify when obligations under this Contract/Amendment may be incurred. Option 1 is the default option when performance may begin as of the Effective Date (latest signature date and any required approvals). If the parties want a new Contract or renewal to begin as of the upcoming fiscal year, then list the fiscal year(s) (ex. “FY2025” or “FY2025-27”) in the Brief Description section. Performance starts and encumbrances reflect the default Effective Date (if no Fiscal Year is listed) or the later Fiscal Year start date (if a Fiscal Year is listed). Use Option 2 only when the Contract will be signed well in advance of the start date and identify a specific future start date. Do not use Option 2 for a fiscal year start unless it is certain that the Contract will be signed prior to the fiscal year. Option 3 is used in lieu of the Settlement and Release Form when the Contract/Amendment is signed late, and obligations are incurred by the Contractor prior to the Effective Date, which the Department has either requested, accepted, or deemed legally eligible for reimbursement, and the Contract includes supporting documents justifying the performance or proof of eligibility and approximate costs. Any obligations incurred outside the scope of the Effective Date under any Option listed, even if the incorrect Option is selected, shall be automatically deemed a settlement included under the terms of the Contract and upon payment to the Contractor will release the Commonwealth from further obligations for the identified performance. All settlement payments require justification and must be under the same encumbrance and object codes as the Contract payments. Performance dates are subject to [M.G.L. c. 4, § 9](#).

CONTRACT END DATE

The Department must enter the date that Contract performance will terminate. **If the Contract is being amended and the Contract End Date is not changing, this date must be entered again here.** A Contract must be signed for at least the initial duration but not longer than the period of procurement listed in the RFR, or other solicitation document (if applicable). No new performance is allowable beyond the end date without an amendment, but the Department may allow a Contractor to complete minimal close out performance obligations if substantial performance has been made prior to the termination date of the Contract and prior to the end of the fiscal year in which payments are appropriated, provided that close out performance is subject to appropriation and funding limits under state finance law, and the Office of the Comptroller may adjust encumbrances and payments in the state accounting system to enable final close out payments. Performance dates are subject to [M.G.L. c. 4, § 9](#).

CONTRACTOR AUTHORIZED SIGNATORIES FOR EXECUTION

See the Office of the Comptroller [Department Head Signature Authorization](#) and [Contractor Authorized Signatory Listing](#) Policies for guidance.

Authorizing Signature for Contractor/Date

The Authorized Contractor Signatory must sign and enter the date the Contract is signed. See section above under “Anticipated Contract Start Date.” **Rubber stamps are not acceptable.** Acceptance of payment by the Contractor shall waive any right of the Contractor to claim the Contract/Amendment is not valid and the Contractor may not void the Contract. Proof of signature authorization on a **Contractor Authorized Signatory Listing** may be required by the Department if not already on file. See [Contract and ISA Execution after the COVID-19 State of Emergency](#).

Contractor Name/Title

The Contractor Authorized Signatory's name and title must appear legibly as it appears on the **Contractor Authorized Signatory Listing**.

Authorizing Signature For Commonwealth/Date

The Authorized Department Signatory must sign and enter the date the Contract is signed. See section above under "Anticipated Start Date." **Rubber stamps are not acceptable.** The Authorized Signatory must be an employee within the Department legally responsible for the Contract. See Department Head Signature Authorization. The Department must have the legislative funding appropriated for all the costs of this Contract or funding allocated under an approved Interdepartmental Service Agreement (ISA). A Department may not contract for performance to be delivered to or by another state department without specific legislative authorization (unless this Contract is a Statewide Contract). For Contracts requiring Secretariat signoff, evidence of Secretariat signoff must be included in the Contract file.

Department Name/Title

Legibly enter Authorized Signatory's name and title.

CONTRACTOR CERTIFICATIONS AND LEGAL REFERENCES

Notwithstanding verbal or other representations by the parties, the "Effective Date" of this Contract or Amendment shall be the latest date that this Contract or Amendment has been executed by an authorized signatory of the Contractor, the Department, or a later Contract or Amendment Start Date specified, subject to any required approvals. The Contractor makes all certifications required under this Contract under the pains and penalties of perjury and agrees to provide any required documentation upon request to support compliance, and agrees that all terms governing performance of this Contract and doing business in Massachusetts are attached or incorporated by reference herein.

Commonwealth and Contractor Ownership Rights

The Contractor certifies and agrees that the Commonwealth is entitled to ownership and possession of all "deliverables" purchased or developed with Contract funds. A Department may not relinquish Commonwealth rights to deliverables nor may Contractors sell products developed with Commonwealth resources without just compensation. The Contract should detail all Commonwealth deliverables and ownership rights and any Contractor proprietary rights.

Qualifications

The Contractor certifies that it is qualified and shall at all times remain qualified to perform this Contract, and that performance shall be timely and meet or exceed industry standards for the performance required, which includes obtaining requisite licenses, registrations, permits, resources for performance, and sufficient professional, liability, and other appropriate insurance to cover the performance. If the Contractor is a business, the Contractor certifies that it is listed under the Secretary of State's website as licensed to do business in Massachusetts, as required by law.

Laws and Regulations Prohibiting Discrimination and Human Trafficking

Contractors acknowledge and certify as a condition of this Contract that they are responsible for complying fully with all state and federal laws prohibiting discrimination, human trafficking, and forced labor, including but not limited to [M.G.L. c. 265 §§ 49-57](#).

Business Ethics and Fraud, Waste and Abuse Prevention

The Contractor certifies that performance under this Contract, in addition to meeting the terms of the Contract, will be made using ethical business standards and good stewardship of taxpayer and other public funding and resources to prevent fraud, waste and abuse.

Collusion

The Contractor certifies that this Contract has been offered in good faith and without collusion, fraud, or unfair trade practices with any other person, and that any actions to avoid or frustrate fair and open competition are prohibited by law and shall be grounds for rejection or disqualification of a Response or termination of this Contract.

Public Records and Access

The Contractor shall provide full access to records related to performance and compliance to the Department and officials listed under [Executive Order 195](#) and [M.G.L. c. 11, §12](#) for six (6) years beginning on the first day after the final payment

under this Contract or such longer period as necessary for the resolution of any litigation, claim, negotiation, audit or other inquiry involving this Contract. Access to view Contractor records related to any breach or allegation of fraud, waste and/or abuse may not be denied and Contractor cannot claim confidentiality or trade secret protections solely for viewing but not retaining documents. Routine Contract performance compliance reports or documents related to any alleged breach or allegation of non-compliance, fraud, waste, abuse or collusion may be provided electronically and shall be provided at Contractor's own expense. Reasonable costs for copies of non-routine Contract related records shall not exceed the rates for public records under [950 CMR 32.00](#).

Debarment

The Contractor certifies that neither it nor any of its subcontractors are currently debarred or suspended by the federal or state government under any law or regulation including [Executive Order 147](#); [M.G.L. c. 29, § 29F](#); [M.G.L. c. 30, § 39R](#); [M.G.L. c. 149 §§ 27C, 44C](#) and [148B](#); and [M.G.L. c. 152, § 25C](#).

Applicable Laws

The Contractor shall comply with all applicable state laws and regulations including, but not limited to, the Massachusetts General Laws; the Official Code of Massachusetts Regulations; Code of Massachusetts Regulations (unofficial); [801 CMR 21.00](#) (Procurement of Commodity and Service Procurements, Including Human and Social Services); [815 CMR 2.00](#) (Grants and Subsidies); [808 CMR 1.00](#) (Compliance, Reporting and Auditing for Human And Social Services); AICPA Standards; confidentiality of Department records under [M.G.L. c. 66A](#); and the [Massachusetts Constitution Article XVIII](#), if applicable.

Invoices

The Contractor must submit invoices in accordance with the terms of the Contract and the Commonwealth [Bill Payments Policy](#). Contractors must be able to reconcile and properly attribute concurrent payments from multiple Departments. Final invoices in any fiscal year must be submitted no later than August 15 for performance made and received (goods delivered, services completed) prior to June 30, in order to make payment for that performance prior to the close of the fiscal year to prevent reversion of appropriated funds. Failure to submit timely invoices by August 15 or other date listed in the Contract shall authorize the Department to issue an estimated payment based upon the Department's determination of performance delivered and accepted. The Contractor's acceptance of an estimated payment releases the Commonwealth from further claims for these invoices. **If budgetary funds revert due to the Contractor's failure to submit timely final invoices, or for disputing an estimated payment, the Department may deduct a penalty of up to 10% from any final payment in the next fiscal year for failure to submit timely invoices.**

Payments Subject To Appropriation

Pursuant to [M.G.L. c. 29 §§ 26, 27](#) and [29](#), Departments are required to expend funds only for the purposes set forth by the Legislature and within the funding limits established through appropriation, allotment and subsidiary, including mandated allotment reductions triggered by [M.G.L. c. 29, § 9C](#). A Department cannot authorize or accept performance in excess of an existing appropriation and allotment, or sufficient non-appropriated available funds. Any oral or written representations, commitments, or assurances made by the Department or any other Commonwealth representative are not binding. The Commonwealth has no legal obligation to compensate a Contractor for performance that is not requested and is intentionally delivered by a Contractor outside the scope of a Contract. Contractors should verify funding prior to beginning performance.

Intercept

Contractors may be registered as Customers in the Vendor file if the Contractor owes a Commonwealth debt. Unresolved and undisputed debts, and overpayments of Contract payments that are not reimbursed timely shall be subject to intercept pursuant to [M.G.L. c. 7A, § 3](#) and [815 CMR 9.00](#). Contract overpayments will be subject to immediate intercept or payment offset. The Contractor may not penalize any state Department or assess late fees, cancel a Contract or other services if amounts are intercepted or offset due to recoupment of an overpayment, outstanding taxes, child support, other overdue debts or Contract overpayments.

Tax Law Compliance

The Contractor certifies under the pains and penalties of perjury: (1) tax compliance with federal tax laws; (2) tax compliance with state tax laws including, but not limited to, [M.G.L. c. 62C, § 49A](#), reporting of employees and contractors, withholding and remitting of tax withholdings and child support; and (3) Contractor is in good standing with respect to all state taxes and returns due, reporting of employees and contractors under [M.G.L. c. 62E](#), withholding and remitting child support including [M.G.L. c. 119A, § 12](#), [TIR 05-11, New Independent Contractor Provisions](#), and applicable TIRs.

Bankruptcy, Judgments, Potential Structural Changes, Pending Legal Matters and Conflicts

The Contractor certifies it has not been in bankruptcy or receivership within the last three calendar years which would negatively impact Contractor's ability to fulfill the terms of this Contract or Amendment. Contractor certifies that it will immediately notify the Department, in writing, of any filing for bankruptcy and/or receivership, any potential structural change in its organization, or if there is **any risk** to the solvency of the Contractor that may impact the Contractor's ability to timely fulfill the terms of this Contract or Amendment. The Commonwealth reserves the right to request additional information regarding the financial viability of the Contractor and its ability to perform. The Contractor certifies that at any time during the period of the Contract the Contractor is required to affirmatively disclose in writing to the Department Contract Manager the details of any judgment, criminal conviction, investigation or litigation pending against the Contractor or any of its officers, directors, employees, agents, or subcontractors, including any potential conflicts of interest of which the Contractor has knowledge, or learns of during the Contract term. Law firms or Attorneys providing legal services are required to identify any potential conflict with representation of any Department client in accordance with Massachusetts Board of Bar Overseers (BBO) rules.

Federal Anti-Lobbying and Other Federal Requirements

If receiving federal funds, the Contractor certifies compliance with federal anti-lobbying requirements including 31 USC § 1352; other federal requirements; Federal Executive Order 11246; Air Pollution Act; Federal Water Pollution Control Act and Federal Employment Laws.

Protection of Commonwealth Data, Personal Data and Information

The Contractor certifies that all steps will be taken to ensure the security and confidentiality of all Commonwealth data for which the Contractor becomes a holder, either as part of performance or inadvertently during performance, with special attention to restricting access, use and disbursement of personal data and information under [M.G.L. c. 93H](#) and [c. 66A](#) and other applicable state and federal privacy requirements. The Contractor shall comply with [M.G.L. c. 93I](#) for the proper disposal of all paper and electronic media, backups or systems containing personal data and information. The Contractor shall also ensure that any personal data or information transmitted electronically or through a portable device is properly encrypted using (at a minimum) the Commonwealth's "Cryptographic Management Standard" set forth in the Enterprise Information Security Policies and Standards published by the Executive Office for Technology, Services and Security (EOTSS), or a comparable Standard prescribed by the Department. Contractors with access to credit card or banking information of Commonwealth customers certify that the Contractor is PCI compliant in accordance with the Payment Card Industry Council Standards and shall provide confirmation of compliance during the Contract. The Contractor shall immediately notify the Department in the event of any security breach, including the unauthorized access, disbursement, use or disposal of personal data or information and, in the event of a security breach, the Contractor shall cooperate fully with the Commonwealth and provide access to any information necessary for the Commonwealth to respond to the security breach and shall be fully responsible for any damages associated with the Contractor's breach including, but not limited to, damages under [M.G.L. c. 214, § 3B](#).

For all Contracts involving the Contractor's access to personal information, as defined in [M.G.L. c. 93H](#), and personal data, as defined in [M.G.L. c. 66A](#), or access to Department systems containing such information or data, Contractor certifies under the pains and penalties of perjury that the Contractor: (1) has read [M.G.L. c. 93H](#) and [c. 66A](#) and agrees to protect any and all personal information and personal data; and (2) has reviewed all of the Enterprise Information Security Policies and Standards published by the Executive Office for Technology, Services and Security (EOTSS), or stricter standards prescribed by the Department. Notwithstanding any contractual provision to the contrary, in connection with the Contractor's performance under this Contract, for all Departments, including all offices, boards, commissions, agencies, departments, divisions, councils, bureaus, and offices, now existing and hereafter established, the Contractor shall: (1) obtain a copy, review, and comply with any pertinent security guidelines, standards, and policies; (2) comply with the Enterprise Information Security Policies and Standards published by the Executive Office for Technology Services and Security (EOTSS), or a comparable set of policies and standards ("Information Security Policy") as prescribed by the Department;

(3) communicate and enforce such security guidelines, standards, policies and the applicable Information Security Policy among all employees (whether such employees are direct or contracted) and subcontractors; (4) implement and maintain any other reasonable appropriate security procedures and practices necessary to protect personal information and data to which the Contractor is given access by the contracting Department from the unauthorized access, destruction, use, modification, disclosure or loss; (5) be responsible for the full or partial breach of any of these terms by its employees (whether such employees are direct or contracted) or subcontractors during or after the term of this Contract, and any breach of these terms

may be regarded as a material breach of this Contract; (6) in the event of any unauthorized access, destruction, use, modification, disclosure or loss of the personal information or personal data (collectively referred to as the “unauthorized use”): (a) immediately notify the contracting Department if the Contractor becomes aware of the unauthorized use;

(b) provide full cooperation and access to information necessary for the contracting Department to determine the scope of the unauthorized use; and (c) provide full cooperation and access to information necessary for the contracting Department and the Contractor to fulfill any notification requirements. Breach of these terms may be regarded as a material breach of this Contract, such that the Commonwealth may exercise any and all contractual rights and remedies, including, without limitation, indemnification, withholding of payments, Contract suspension, or termination, pursuant to the [Commonwealth's Terms and Conditions](#), the [Commonwealth IT Terms and Conditions](#), or the [Commonwealth Terms and Conditions for Human and Social Services](#). In addition, the Contractor may be subject to applicable statutory or regulatory penalties, including, and without limitation, those imposed pursuant to [M.G.L. c. 93H](#) and under [M.G.L. c. 214, § 3B](#) for violations under [M.G.L.c. 66A](#).

Corporate and Business Filings and Reports

The Contractor certifies compliance with all certification, filing, reporting and service of process requirements of the Secretary of the Commonwealth, the Office of the Attorney General or other Departments related to its conduct of business in the Commonwealth, and with relevant requirements of its incorporating state (or foreign entity).

A Contractor may be eligible to participate in the SBPP, pursuant to [Executive Order 599](#), and [M.G.L. c. 7 § 58](#) if so qualified.

Limitation of Liability

Contracts may not use the following limitation of liability language unless approved by legal staff at the Office of the Comptroller or Operational Services Division, and it may not be used if a Department is utilizing the Commonwealth IT Terms and Conditions. The term “other damages” in Section 11 of the Commonwealth Terms and Conditions, “Indemnification,” shall include, but shall not be limited to, the reasonable costs the Commonwealth incurs to repair, return, replace or seek cover (purchase comparable substitute commodities and services) under a Contract. “Other damages” shall not include damages to the Commonwealth as a result of third-party claims, provided, that this in no way limits the Commonwealth’s right of recovery for personal injury or property damages or patent and copyright infringement under Section 11 or the Commonwealth’s ability

to join the contractor as a third-party defendant. Further, the term “other damages” shall not include, and in no event shall the contractor be liable for, damages for the Commonwealth’s use of contractor provided products or services, loss of Commonwealth records, or data (or other intangible property), loss of use of equipment, lost revenue, lost savings or lost profits of the Commonwealth. In no event shall “other damages” exceed the greater of \$100,000, or two times the value of the product or service (as defined in the Contract scope of work) that is the subject of the claim. Section 11 sets forth the Contractor’s entire liability under a Contract. Nothing in this section shall limit the Commonwealth’s ability to negotiate higher limitations of liability in a particular Contract, provided that any such limitation must specifically reference Section 11 of the Commonwealth Terms and Conditions. In the event the limitation of liability conflicts with auditing standards which mandate that there can be no cap of damages, the limitation shall be considered waived for that audit engagement. The terms in this Clarification may not be modified.

Northern Ireland Certification

Pursuant to [M.G.L. c. 7, § 22C](#), for state agencies, state authorities, the state House of Representatives or the state Senate, by signing this Contract the Contractor certifies that it does not employ ten or more employees in an office or other facility in Northern Ireland or if the Contractor employs ten or more employees in an office or other facility located in Northern Ireland the Contractor certifies that it does not discriminate in employment, compensation, or the terms, conditions and privileges of employment on account of religious or political belief, and certifies that it promotes religious tolerance within the work place, and the eradication of any manifestations of religious and other illegal discrimination; and the Contractor is not engaged in the manufacture, distribution or sale of firearms, munitions, including rubber or plastic bullets, tear gas, armored vehicles or military aircraft for use or deployment in any activity in Northern Ireland.

Pandemic, Disaster or Emergency Performance

In the event of a serious emergency, pandemic or disaster outside the control of the Department, the Department may negotiate emergency performance from the Contractor to address the immediate needs of the Commonwealth even if not contemplated under the original Contract or procurement. Payments are subject to appropriation and other payment terms.

Attorneys

Attorneys or firms providing legal services or representing Commonwealth Departments may be subject to [M.G.L. c. 30, § 65](#), and if providing litigation services must be approved by the Office of the Attorney General to appear on behalf of a Department, and shall have a continuing obligation to notify the Commonwealth of any conflicts of interest arising under the Contract.

Subcontractor Performance

The Contractor certifies full responsibility for Contract performance, including subcontractors, and that comparable Contract terms will be included in subcontracts, and that the Department will not be required to directly or indirectly manage subcontractors or have any payment obligations to subcontractors.

EXECUTIVE ORDERS

For covered Executive Departments, the Contractor certifies compliance with applicable Massachusetts Executive Orders including, but not limited to, the specific orders listed below. The Contractor and any subcontractors may not engage in discriminatory employment practices. The Contractor certifies compliance with applicable federal and state laws, rules, and regulations governing fair labor and employment practices. The Contractor also commits to purchase supplies and services from certified minority, women, veteran, service-disabled veteran, LGBT or disability-owned businesses, small businesses, or businesses owned by socially or economically disadvantaged persons; and Contractor commits to comply with any Applicable Department contractual requirements pertaining to the employment of persons with disabilities pursuant to [M.G.L. c. 7 § 61\(u\)](#). Comments:	Project Location/Lat, Long: Intersection of Lebanon St & Sylvan St, Melrose, MA (42.447755, -71.058137) Project Scope of Work: The City of Melrose would use Legislative Pre-Disaster Mitigation (LPDM) funds to develop plans and designs to mitigate flooding effects from storms at the intersection of Lebanon and Sylvan Streets. The project would include records research, development of a hydraulic and hydrologic (H&H) model, and public outreach. Field work would include soils boring, test pits, and wetland delineation. Two to three (2-3) soil borings would be performed at each of the following locations with maximum depths of 20 FT: Outfall (42.443354, -71.062255), Softball Field (42.446726, -71.056933), Cemetery Field (42.445713, -71.060539), and the Dog Park Parking Lot (42.444826, -71.065196); see attached map for details. Soil boring would be conducted from truck-mounted geo-probe units or using hand augers. Staging of equipment would occur on the paved parking lot at the Dog Park location, if needed. Access to boring sites would be from existing roads. Erosion control measures, such as coir logs and plywood/wetland matting, would be used, if necessary. The proposed scope of work is for project scoping activities only and does not include any construction/implementation other than geotechnical investigations. FEMA has no further EHP review requirements unless there is a change to the scope of work. If at a later date, FEMA funding is pursued for implementation or construction of the scoped project, a full review of the construction application package will be required. NEPA Comment: This project is Categorically Excluded from the need to prepare either an Environmental Impact Statement or Environmental Assessment in accordance with the FEMA Instruction 108-1-1 and DHS Instruction 023-01-001-01. - vhanley - 12/18/2024 16:31:08 GMT

CONDITIONS

Special Conditions required on implementation of Projects:

EO11990: See condition under State Water and Soil Law for MA Wetlands Protection Act.

Source of condition: Executive Order 11990 - Wetlands

Monitoring Required: No

NHPA CONDITION #1 (human remains): Stop work if human remains are discovered. The project proponent and their contractor must immediately stop all work in the vicinity of the discovery and take reasonable measures to avoid or minimize harm to the remains, project all human remains discoveries, and restrict access to discovery sites. The project proponents and their contractor must follow all state laws associated with the discovery of human remains, including immediately notifying the proper authorities. Violation of state law will jeopardize FEMA funding for this project. The project proponent will inform the Office of the Chief Medical Examiner, the State Archaeologist, the State Emergency Management Agency, and the FEMA Regional Environmental Officer Mary Shanks, 617-901-2204. FEMA will consult with the SHPO and Tribes, if remains are of tribal origin. Source of condition: National Historic Preservation Act (NHPA)

Monitoring Required: No

National Historic Preservation Act Condition #2 (Inadvertent Effects to Structures): Stop work if any unanticipated damage, alteration, collapse, or demolition (complete or partial) occurs to any structure over 45 years of age during construction. The project proponent and their contractor shall immediately stop all work in the vicinity of the damage and take reasonable measures to avoid or minimize additional harm to the structure and make it safe and secure. For Example, structures include, but are not limited to culverts, bridges, stone walls [including those along water channels], and buildings) that are over 45 years of age within or adjacent to the project area. As soon as possible the project proponent shall report the unanticipated impact to structures to the State Emergency Management Agency and the FEMA Regional Environmental Officer Mary Shanks, 617-901-2204; FEMA will determine the next steps.

Monitoring Required: No

National Historic Preservation Act Condition #3 (staging and access): Staging of equipment and materials and temporary access routes including, but not limited to, routes between staging and work areas shall take place on existing hardened surfaces such as paved or gravel roadways or parking lots. If additional staging areas or access routes are to be established on non-hardened surfaces, the Subrecipient must notify FEMA prior to construction or use. FEMA must review the staging area(s) and/or access route(s) for compliance with all applicable federal environmental planning and historic preservation laws and executive orders. Non-compliance with this requirement may jeopardize receipt of federal funding. Documentation in the form of photographs showing the staging and temporary and permanent access areas in use and shortly after construction is complete is required at closeout.

Massachusetts Emergency Management Agency Terms and Conditions for Hazard Mitigation Assistance (HMA) Grant Programs

1. GRANT MODIFICATIONS: The Scope of Work, Budget and Work Schedule that was approved by FEMA and is included in this State Contract, is the only work that is eligible for reimbursement. Any potential modifications must be requested and approved, in advance of any changes being implemented.

a. **Period of Performance Time Extensions:** Requests for time extensions to the performance period/contract end date will be considered but will not be granted automatically. **The request must be submitted to MEMA in writing using the MEMA Grant Modification Request form a minimum of 90 days prior to the contract end date.** The request must include a written explanation of the reason(s) for the delay, an accounting of the funds spent and remaining funds available to support the extended performance period /contract end date, and a description of the performance measures necessary to complete the mitigation activity. The grant must be in compliance with all program requirements including current financial and quarterly progress reports, in order for a time extension to be considered. Please confer with mitigation staff on any request.

b. **Budget Amendments:** In order to modify the approved budget line items delineated in this State Contract, the sub-recipient shall request a Budget Amendment using the Grant Modification Request form, which will be provided by MEMA. Requests for budget amendments must include a budget reallocation form delineating the proposed budget change(s), as well as a narrative justification for the proposed change(s). The request shall be reviewed by MEMA in accordance with 2 CFR 200.308 and FEMA HMA Guidance. FEMA review and approval may be required in certain circumstances. If approved, the budget amendment will be incorporated into the State Contract by letter or contract amendment, as appropriate. Amendments to fiscal year projections must be requested no later than May 1, to ensure a revised contract is executed prior to the end of the state fiscal year.

b.1. **Contingency Cost:** A contingency cost is an allowance in the total cost estimate to cover situations that cannot be fully defined at the time the cost estimate is prepared, but that will likely result in additional eligible costs. Contingency funds, if included in the FEMA-approved budget, are not automatically available for use. Prior to their release, contingency funds must be re-budgeted to another direct cost category. Any changes to access contingency funds and re-budget to another direct cost category must be requested in writing to MEMA. If approved by MEMA, the request will be submitted to FEMA for approval. The written request should demonstrate what unforeseen condition related to the project arose that required the use of contingency funds.

c. **Scope of Work Modifications:** The Scope of Work included in this State Contract, as approved by FEMA, is the only work that is eligible. Scope of Work modifications must be approved prior to the implementation of the requested change. There is no guarantee that a scope of work modification will be approved. In order to modify the approved accomplishments delineated in the scope of work of this Agreement, the sub-recipient shall request a scope of work modification on the Grant Modification Request form, which will be provided by MEMA. Each request for a scope of work modification shall delineate the proposed change(s) in scope, and a new budget and work schedule if necessary. If the modification results in additional costs, a new Benefit Cost Analysis (BCA) is required and must be submitted to FEMA for approval along with the request to modify the scope of work. The request shall be reviewed by MEMA, and, if approved, sent to FEMA for review. If the change is approved by FEMA, it will be incorporated into this State Contract by letter or contract amendment, as appropriate. All approvals will be at FEMA's discretion, and in accordance with all regulations. Please confer with mitigation staff on any requests.

2. DESIGNATION OF PROJECT MANAGER: The name of the sub-recipient's Project Manager and the duties of the named individual under this Agreement are provided through the Designation of Project Manager Form. If the sub-recipient's Project Manager should change during the course of this Agreement, the sub-recipient shall notify MEMA within ten (10) business days by providing an updated Designation of Project Manager form to MEMA. The Project Manager does not have to be an Authorized Signatory for the sub-recipient.

Massachusetts Emergency Management Agency Terms and Conditions for Hazard Mitigation Assistance (HMA) Grant Programs

3. QUARTERLY REPORTS: All sub-recipients are required to submit a quarterly report on the form provided by MEMA, as evidence of project progress and any project issues that materialize. The report is due on October 1st, January 1st, April 1st and July 1st of each year. The information on these reports is expected to reflect the current status of the project. Quarterly reports do not substitute a grant modification request as outlined above. Data from these reports is transmitted to FEMA in accordance with FEMA program requirements. Failure to submit quarterly reports in a timely manner may jeopardize federal reimbursement.

4. REQUEST FOR FUNDS: Only the costs delineated in the Budget of this agreement as approved expenditures, and defined as allowable costs in 2 CFR Part 200, are eligible for reimbursement. Only those costs incurred during the time periods specified in the State Contract are eligible for reimbursement. Funds under this Agreement shall be released by MEMA to the sub-recipient on a reimbursement basis or in special instances, on a short-term advance basis as authorized by Federal law and negotiated with MEMA, consistent with Federal and State regulations. Funds shall be requested from MEMA on the Request for Funds form provided by MEMA. The grant represents the federal share of the project. The federal share is typically up to 75% of the total eligible project costs. FEMA will notify MEMA when the federal share is increased/decreased, and to which HMA grant programs the modified federal share will apply; MEMA will update and issue a revision of the applicable Notice of Funding Opportunity detailing the new cost share. Should project costs increase, the local share must increase as the federal share is fixed once it is awarded. Final requests for funds must be submitted no later than thirty (30) days after the contract end date, or thirty (30) days after the project completion, whichever occurs first (project completion is defined as a final site visit for construction projects; issuance of final deliverables for planning projects).

5. DOCUMENTATION REQUIRED FOR RELEASE OF FUNDS: The sub-recipient shall provide the following documentation to MEMA concurrent with each Request for Funds form:

- a. Documentation which demonstrates that the work for which funding is requested is completed in accordance with applicable Federal, State, and local codes and standards. This includes permits, inspection reports, photos, description of the work performed in sufficient detail, etc.
- b. Documentation which demonstrates that the goods and/or services for which reimbursement is requested were procured in a manner consistent with local and state policies and in accordance with Federal procurement regulations in 2 CFR Part 200. This includes bids, notifications, contracts, etc.
- c. Vendor/supplier invoices that provide detail for date(s) of service, tasks completed, and detail by line item. For construction projects, Certified Payroll is required.
- d. Documentation that demonstrates that payment was made by the sub-recipient to vendors/suppliers ("Proof of Payment"). This may include, but is not limited to, cancelled checks and General Ledger reports. Documentation which demonstrates the expenditure of the required local cost-share. Where "in-kind" services are provided by the sub-recipient, timecards, payroll reports and appropriate reports that show detail of the work completed will be required.
- e. For elevation and retrofit (i.e. utility) projects, a Homeowner Elevation Summary Sheet must be completed for each property, with all required documentation attached.

6. COST OVERRUN: Cost overruns can only be requested by sub-recipients of the Hazard Mitigation Grant Program; cost overrun funding is not available for any other HMA grant program. MEMA must be notified immediately at the time the sub-recipient is aware of the cost overrun. This could be when bids or change orders are received for the project. The sub-recipient must cover the cost overrun with local funds. When submitting their cost overrun request to MEMA, the sub-recipient must also include a new cost estimate along with an updated BCA, with all appropriate back-up documentation. Cost overruns may be considered if there are available funds remaining in the overall grant program. MEMA will review the request, and if approved, will forward to FEMA for their review and approval. If FEMA approval is obtained, a new obligation will be incurred for the federal share of total eligible overrun costs. There is no guarantee that cost overruns will be approved. Please confer with mitigation staff on any requests. (See overruns caused by scope of work modifications above). If a cost overrun is approved, a new state contract will be prepared for signature by the sub-recipient and the State, after which the funds will be reimbursed to the sub-recipient.

Massachusetts Emergency Management Agency Terms and Conditions for Hazard Mitigation Assistance (HMA) Grant Programs

7. PERMITS, BID SPECIFICATION, DESIGN DRAWINGS, PLANS:

- a. The sub-recipient shall provide electronic copies of all permits and approvals required in support of the project prior to construction. Failure to obtain all appropriate federal, state, and local environmental permits may jeopardize federal funding. Please note that any changes made in the review, consultation or permitting process must be reviewed by MEMA and may need FEMA approval before construction proceeds.
- b. The sub-recipient shall provide an electronic set of all preliminary and final bid specifications, design drawings, and/or plans for this project prior to the start of construction.

8. CLOSEOUT: The sub-recipient must notify MEMA upon completion of the project so that final site visits (if required) can be scheduled. Within thirty (30) days of project completion, the sub-recipient shall provide to MEMA the following:

- Final request for funds with all appropriate backup documentation.
- For construction projects: all signed and recorded completion certificates, including but not limited to, MA Department of Environmental Protection Order of Conditions (WPA Form 5), Certificate of Compliance (WPA Form 8B), US Army Corps of Engineers permits, and others as required.
- For construction projects: an electronic set of final "as-built" plans/drawings.
- For non-construction projects: deliverables in accordance with the Scope of Work.

Final payment will not be made until MEMA is in receipt of all final deliverables. For Acquisition and Structure Elevation projects, refer to the 2015 Hazard Mitigation Guidance Addendum Section A and Section E for additional close-out documentation requirements such as, but not limited to, recorded deed, statement of voluntary participation, FEMA Form AW-501, NFIP Repetitive Loss Update Worksheet, and final elevation certificate.

9. RECORD KEEPING AND RETENTION, INSPECTION OF RECORDS: The sub-recipient shall maintain records, books, files and other data as specified in a contract and in such detail as shall properly substantiate claims for payment under a contract, for a minimum retention period of seven (7) years beginning on the first day after the final payment under a contract, or such longer period as is necessary for the resolution of any litigation, claim, negotiation, audit, or other inquiry involving a contract. MEMA shall have access, as well as any parties identified under Executive Order 195, during the sub-recipient's regular business hours and upon reasonable prior notice, to such records, including on-site reviews and reproduction of such records at a reasonable expense.

10. PROJECT SIGN: For physical construction projects with total costs over \$500,000.00 and located within a contiguous site, the sub-recipient shall erect a sign, at a suitable location near the project site. This sign shall be at least eight (8) feet long by four (4) feet high and meet the specifications delineated by MEMA. Please confer with the mitigation staff on this requirement.

11. COPYRIGHT: FEMA and MEMA reserve a royalty free, non-exclusive, and irrevocable right to reproduce, publish, or otherwise use, and to authorize others to use the work for government purposes. Any publication resulting from work performed under this agreement shall include an acknowledgement of Massachusetts Emergency Management Agency.

Prior to acceptance of these terms and conditions, sub-recipient must evaluate its policies, procedures, and management systems for risk of non-compliance with any of the above terms and conditions, inclusive of all requirements of FEMA and 2 CFR Part 200. Any identified areas of risk must be brought to the attention of MEMA prior to the execution of this contract in order to determine and implement the appropriate remedy.

Sub-recipient should reference all other documents made part of this contract, including the FEMA HMGP Terms and Conditions (if applicable), and the Department of Homeland Security Standard Terms and Conditions. ARTICLE VII. ADDITIONAL PDM TERMS AND CONDITIONS

The specific terms and conditions of this agreement are as follows:

Performance Measures

Based on the statutory requirements of Section 203 and the HMA Program and Policy Guide (2023). FEMA has specified minimum project criteria, including that applicants must demonstrate mitigation projects are cost-effective. Benefit-Cost Analysis (BCA) is the method by which the future benefits of a hazard mitigation project are determined and compared to its costs. The result is a Benefit-Cost Ratio (BCR), which is calculated by a project's total of discounted benefits divided by its total of discounted costs. The BCR is a numerical expression of the "cost-effectiveness" of a project. A project is considered cost-effective when the BCR is 1.0 or greater, indicating the benefits of a prospective hazard mitigation project are sufficient to justify the costs. Any methods used to demonstrate cost-effectiveness must comply with all applicable requirements in the FY24 PDM NOFO. Projects that are not cost-effective will not be eligible.

PDM aims to implement projects that reduce risks posed by natural hazards and reduce future losses, by funding priority projects and activities. Priorities include risk reduction of both acute events and chronic stressors, which are either observed or expected. To achieve these goals, for FY24 PDM, the 110 identified Congressional Community Projects prioritize the following types of activities: infrastructure projects, those that mitigate risk to lifelines, and projects proposed by applicants that reduce reliance on federal disaster funding. FEMA will measure the percent of dollars invested in these priorities, which will indicate that PDM projects expect to meet the goal of reducing both risks posed by natural hazards and future losses.

Closeout Reporting Period:

Pursuant to 2 C.F.R. § 200.344(a), the recipient has 120 calendar days after the end of the period of performance to submit all final financial, performance, and other reports required by the terms and conditions of this award, including: (1) the final request for payment, if applicable; (2) the final Federal Financial Report (FFR) (SF-425); (3) the final Performance Progress Report (PPR); (4) a qualitative narrative summary of the impact of those accomplishments throughout the entire period of performance; and (5) other documents specified by program regulations. The closeout reporting deadline for this award is 1/22/2028.

Liquidation Period:

Pursuant to 2 C.F.R. § 200.344(b), the recipient has 120 calendar days after the end of the period of performance to liquidate all obligations incurred under this award. The liquidation deadline for this award is 1/22/2028.

Construction Project Requirements:

Acceptance of federal funding requires FEMA, the recipient, and any subrecipients to comply with all federal, state, and local laws and regulations prior to the start of any construction

activity. Failure to obtain all appropriate federal, state, and local environmental permits and clearances may jeopardize federal funding. Also:

- a. Any change to the approved scope of work will require re-evaluation by FEMA for recipient and subrecipient compliance with the National Environmental Policy Act (NEPA) and other laws and executive orders.
- b. If ground-disturbing activities occur during construction, the recipient and any subrecipients must ensure monitoring of ground disturbance, and if any potential archaeological resources are discovered, the subrecipient will immediately cease construction in that area and notify the recipient and FEMA.
- c. In accordance with 42 U.S.C. § 4012a(a) and FEMA policy, when financial assistance is approved for acquisition or construction purposes within a Special Flood Hazard Area (SFHA), for structures in the SFHA at the time of project completion, flood insurance shall be maintained for the life of the property regardless of transfer of ownership for any properties.

Copyright and Data Rights:

The recipient is free to copyright any original work developed during or under this Grant Agreement. The recipient acknowledges that DHS/FEMA reserves a royalty-free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use, and authorize others to use, for federal government purposes:

1. The copyright in any work developed under an award or subaward; and

The recipient acknowledges that DHS/FEMA has the right to obtain, reproduce, publish, or otherwise use the data produced under a federal award and authorize others to do so for federal government purposes in a manner consistent with 2 C.F.R. § 200.315.

Enforcement:

FEMA remedies for noncompliance will be processed as specified in 2 C.F.R. §§ 200.339-200.343, and, for acquisitions under this award for open space, FEMA enforcement remedies shall be processed as specified in 44 C.F.R. § 80.19(e), when the Grant Award Terms and Conditions of this Grant Agreement are not met.

Payment:

Recipient shall be paid using the FEMA Payment and Reporting System (PARS), provided the recipient maintains and complies with procedures for minimizing the time between the transfer of funds from the US Treasury and disbursement by the recipient and subrecipients. The recipient commits itself to 1) initiating cash drawdowns only when actually needed for its disbursement; 2) timely financial reporting per FEMA requirements, using the SF-425; and 3)

imposing the same standards of timing and amount upon any subrecipient.

Subrecipients must comply with the same payment requirement as the recipient and must comply with the requirements specified in the recipient's subaward Agreement.

HMA Duplication of Benefits:

HMA funds cannot duplicate or be duplicated by funds received by or available to applicants, subapplicants, or project or planning participants from other sources for the same cost or activity already paid for by another source of funding, such as benefits received from insurance claims, other assistance programs (including previous project or planning grants and subawards from HMA programs), legal awards, or other benefits associated with properties or damage that are or could be the subject of litigation.

Because the availability of other sources of mitigation grant or loan assistance is subject to available information and the means of each individual applicant, HMA does not require proof that other assistance (not including insurance) has been sought. However, it is the responsibility of the property owner to report other benefits received, any applications for other assistance, the availability of insurance proceeds, or the potential for other compensation, such as from pending legal claims for damages, relating to the property.

Where the property owner has an insurance policy covering any loss to the property which relates to the proposed HMA project, the means are available for receiving compensation for a loss or, in the case of increased cost of compliance (ICC), assistance toward certain mitigation projects. FEMA will generally require that the property owner file a claim prior to the receipt of HMA funds.

Additional Non-Discrimination Requirements:

Applicants and subapplicants will ensure that no discrimination occurs. Subrecipients must ensure fairness, equity and equal access when consulting and making offers of mitigation to property owners that benefit from mitigation activities.

Changes in Scope of Work:

Requests for changes to the scope of work (SOW) after award are permissible as long as they do not change the nature or total project cost of the activity, properties identified in the subapplication, the feasibility and effectiveness of the project, or the benefit cost ratio. Requests must be supported by adequate justification from the applicant in order to be processed. The justification includes a description of the proposed change, a written explanation of the reason or reasons for the change, an outline of remaining funds available to support the change, and a full description of the work necessary to complete the activity. All approvals will be at FEMA's discretion, and there is no guarantee that SOW changes will be approved. All changes to the scope of work must be reviewed and approved by EHP prior to the work being completed.

Recoupment of Funds:

FEMA will recoup mitigation planning grant funds for grants that do not meet the deliverable criteria of an adopted, FEMA-approved mitigation plan by the end of the performance period.

Recovery of Funds:

The recipient will process the recovery of assistance paid to subrecipients processed through error, misrepresentation, or fraud or if funds are spent inappropriately. Recovered funds shall be submitted to FEMA as soon as the funds are collected, but no later than 90 days from the expiration date of the appropriate grant award agreement.

Additionally, all costs charged to awards must comply with the grant program's applicable statutes, policies, and requirements, as well as with the terms and conditions of the award. If FEMA staff identify costs that are inconsistent with any of these requirements, these costs may be disallowed, and FEMA may recover funds as appropriate, consistent with applicable laws, regulations, and policies.

Reporting of Fraud:

All fraud identifications will be reported to the Department of Homeland Security Office of Inspector General (OIG). The recipient agrees to cooperate with investigation conducted by the DHS OIG.

Federal Financial Reports (SF-425):

The recipient shall submit the FFR (SF-425) within 30 days of the end of the first federal quarter following execution of this Grant Agreement. The recipient shall submit quarterly FFRs thereafter until the grant ends. Reports are due on January 30, April 30, July 30, and October 30. A report must be submitted for every quarter of the period of performance, including partial calendar quarters, as well as for periods where no grant activity occurs. Future awards and fund drawdowns may be withheld if these reports are delinquent.

ARTICLE VIII. FEMA STANDARD TERMS AND CONDITIONS**Environmental Planning and Historic Preservation (EHP) Review**

DHS/FEMA-funded activities that could have an impact on the environment are subject to the FEMA EHP review process. This review does not address all federal, state, and local requirements. Acceptance of federal funding requires the recipient to comply with all federal, state, and local laws.

DHS/FEMA is required to consider the potential impacts on natural and cultural resources of all projects funded by DHS/FEMA grant funds, through its EHP review process, as mandated by the National Environmental Policy Act; Endangered Species Act; National Historic Preservation Act of 1966, as amended; National Flood Insurance Program regulations; and any other applicable laws, regulations and executive orders. General guidance for FEMA's EHP process is available on the DHS/FEMA Website. Specific applicant guidance on how to submit information for EHP review depends on the individual grant program. Applicants should contact their grant Program Officer to be put into contact with EHP staff responsible for assisting their specific grant program. The FEMA EHP review process must be completed before funds are released to carry out the proposed project; otherwise, DHS/FEMA may not be able to fund the project due to noncompliance with EHP laws, executive orders, regulations, and policies.

If ground-disturbing activities occur during construction, the applicant will monitor ground disturbance, and if any potential archaeological resources are discovered, the applicant will immediately cease work in that area and notify the pass-through entity, if applicable, and DHS/FEMA.

Applicability of DHS Standard Terms and Conditions to Tribes

The DHS Standard Terms and Conditions are a restatement of general requirements imposed upon recipients and flow down to sub-recipients as a matter of law, regulation, or executive order. If the requirement does not apply to Indian tribes or there is a federal law or regulation exempting its application to Indian tribes, then the acceptance by Tribes of, or acquiescence to, DHS Standard Terms and Conditions does not change or alter its inapplicability to an Indian tribe. The execution of grant documents is not intended to change, alter, amend, or impose additional liability or responsibility upon the Tribe where it does not already exist.

Acceptance of Post-Award Changes

In the event that FEMA determines that an error in the award package has been made or if an administrative change must be made to the award package, recipients will be notified of the change in writing. Once the notification has been made, any subsequent requests for funds will indicate the recipient's acceptance of the changes to the award. Please call FEMA Grant Management Operations at (866) 927-5646 or via e-mail to: ASK-GMD@fema.dhs.gov if you have any questions.

Disposition of Equipment Acquired Under the Federal Award

For purposes of original or replacement equipment acquired under this award by a non-state recipient or non-state sub-recipients, when that equipment is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, you must request instructions from FEMA to make proper disposition of the equipment

pursuant to 2 C.F.R. section 200.313. State recipients and state sub-recipients must follow the disposition requirements in accordance with state laws and procedures.

Prior Approval for Modification of Approved Budget

Before making any change to the FEMA-approved budget for this award, you must request prior written approval from FEMA where required by 2 C.F.R. section 200.308.

For purposes of non-construction projects, FEMA is utilizing its discretion to impose an additional restriction under 2 C.F.R. section 200.308(f) regarding the transfer of funds among direct cost categories, programs, functions, or activities. Therefore, for awards with an approved budget where the federal share is greater than the simplified acquisition threshold (currently \$250,000), you may not transfer funds among direct cost categories, programs, functions, or activities without prior written approval from FEMA where the cumulative amount of such transfers exceeds or is expected to exceed ten percent (10%) of the total budget FEMA last approved.

For purposes of awards that support both construction and non-construction work, FEMA is utilizing its discretion under 2 C.F.R. section 200.308(h)(5) to require the recipient to obtain prior written approval from FEMA before making any fund or budget transfers between the two types of work. You must report any deviations from your FEMA approved budget in the first Federal Financial Report (SF-425) you submit following any budget deviation, regardless of whether the budget deviation requires prior written approval.

Indirect Cost Rate

2 C.F.R. section 200.211(b)(15) requires the terms of the award to include the indirect cost rate for the federal award. If applicable, the indirect cost rate for the award is stated in the budget documents or other materials approved by FEMA and included in the award file.

Build America, Buy America Act (BABAA) Required Contract Provision & Self-Certification

In addition to the DHS Standard Terms & Conditions regarding the Required Use of American Iron, Steel, Manufactured Products, and Construction Materials, recipients and subrecipients of FEMA financial assistance for programs that are subject to the Build America, Buy America Act (BABAA) must include a Buy America preference contract provision as noted in 2 C.F.R. § 184.4 and a self-certification as required by the FEMA Buy America Preference in FEMA Financial Assistance Programs for Infrastructure (FEMA Interim Policy #207-22-0001). This requirement applies to all subawards, contracts, and purchase orders for work performed or products supplied under the FEMA award subject to BABAA.

ARTICLE IX. GOVERNING PROVISIONS

The recipient and any subrecipients shall comply with all applicable laws, regulations, and policies. A non-exclusive list of laws and regulations applicable to PDM grants is attached hereto for reference only.

The recipient and any subrecipients shall also be bound by the 2023 HMA Program and Policy Guide and the FY 2024 PDM NOFO.

Re: **Lebanon and Sylvan Street Stormwater Management Sysytem – FEMA/MEMA Grant Acceptance**

The City has been awarded \$1M of Congressionally Directed Spending (CDS) federal funding to advance stormwater improvements in the vicinity of Lebanon and Sylvan Streets and Wyoming Cemetery. This is an area of chronic flooding in Melrose, and the City has been working with the Massachusetts Emergency Management Agency (MEMA) for nearly a decade to secure funding to make improvements to this area. The grant is funded by the Federal Emergency Management Agency (FEMA) and passes through MEMA to the City. The grant is to be used for design and permitting of a recommended plan, which we then intend to submit for additional FEMA funding for construction.

The City is required to provide matching funds for this project. Those funds have already been allocated using prior years' free cash in the amount of \$300,000. An additional \$33,000 of in-kind services are proposed to complete the City's match component, thus no new City funds are required to move forward with this grant.

We hereby request the City Council's acceptance of the grant from FEMA/MEMA in the amount of \$1,000,000. The grant agreement document is attached for your reference. The funds will be expended from a dedicated project account set up by the CFO/Auditor and reimbursed by FEMA/MEMA as funds are expended. Thank you for your consideration of this request.

Re: Mystic Regional Emergency Planning Committee (Mystic REPC)

Honorable Mayor Grigoraitis,

In 1996, the Mystic REPC was formed under the Emergency Planning and Community Right-to-Know Act of 1986. Melrose was one of the six original members. Often emergencies/disasters do not obey local boundaries. The committee was formed to enhance cooperative regional emergency planning and training.

The Mystic REPC conducts 5 monthly meetings and 2 training sessions annually. Member communities are encouraged to invite all identified stakeholders including police, fire emergency management, health, public works, government officials, housing authorities, and industry.

The information, training and links to State and Federal Emergency Management Agencies are paramount to protecting the life and safety of our community.

Since the original signers of the proclamation are no longer in government, the Mystic REPC officers decided that updated signatures from the heads of member communities would be required. For the local heads of government that are not familiar with the Mystic REPC, this would give them an opportunity to know about it.

Thank you for your consideration.

Respectfully submitted,

Joint Proclamation for Mystic Regional Emergency Planning Committee among
